Conditions & Limitations of General License Under § 7.7.10 of the Agency Regulations¹

- (a) The general license issued under § 7.7.10 of the Agency regulations to receive, acquire, possess, use, or transfer, in accordance with the provisions of paragraphs (b), (c), (d), and (e) of this section, depleted uranium contained in industrial products or devices for the purpose of providing a concentrated mass in a small volume of the product or device.
- (b) The general license in paragraph (a) of this section applies only to industrial products or devices which have been manufactured or initially transferred in accordance with a specific license issued pursuant to 10 CFR 40.34(a) of or in accordance with a specific license issued by an Agreement State which authorizes manufacture of the products or devices for distribution to persons generally licensed by the Agreement State.
- (c)
 - (1) Persons who receive, acquire, possess, or use depleted uranium pursuant to the general license established by paragraph (a) of this section shall file Agency Form GEN-1, "Registration Certificate - Use of Depleted Uranium Under General License," with the Agency. The form shall be submitted within 30 days after the first receipt or acquisition of such depleted uranium. The registrant shall furnish on Agency Form GEN-1 such information as may be required by that form.
 - (2) The registrant possessing or using depleted uranium under the general license established by paragraph (a) of this section shall report, in writing to the Agency any changes in information furnished by him in the Agency Form GEN-1, "Registration Certificate - Use of Depleted Uranium Under General License." The report shall be submitted within 30 days after the effective date of such change.
- (d) A person who receives, acquires, possesses, or uses depleted uranium pursuant to the general license established by paragraph (a) of this section:
 - (1) Shall not introduce such depleted uranium, in any form, into a chemical, physical, or metallurgical treatment or process, except a treatment or process for repair or restoration of any plating or other covering of the depleted uranium.
 - (2) Shall not abandon such depleted uranium.
 - (3) Shall transfer or dispose of such depleted uranium only by transfer in accordance with the provisions of 10 CFR 40.51. In the case where the transferee receives the depleted uranium pursuant to the general license established by paragraph (a) of this section, the transferor shall furnish the transferee a copy of this section and a copy of Agency Form GEN-1. In the case where the transferee receives the depleted uranium pursuant to a general license contained in an Agreement State's regulation equivalent to this section, the transferor shall furnish the transferee a copy of this section and a copy of Agency Form GEN-1 accompanied by a note explaining that use of the product or device is regulated by the Agreement State under requirements substantially the same as those in this section.
 - (4) Within 30 days of any transfer, shall report in writing to the Agency, the name and address of the person receiving the source material pursuant to such transfer.
- (e) Any person receiving, acquiring, possessing, using, or transferring depleted uranium pursuant to the general license established by paragraph (a) of this section is exempt from the requirements of Parts 1 and 2 of the Agency regulations and 10 CFR 21 with respect to the depleted uranium covered by that general license.
