INITIAL APPLICATION QUESTIONS

1. Please provide a detailed summary of the proposed conversion which shall include a discussion of the date of implementation, purchase price, source of funds, debt, and commitments for and development of new services and/or facilities that are associated with the proposed conversion.

Response:

Overview

Yale-New Haven Health Services Corporation ("YNHHSC") proposes to become the sole corporate member of Lawrence + Memorial Corporation ("L+M"), which is the sole corporate member of LMW Healthcare, Inc., d/b/a Westerly Hospital ("Westerly Hospital"), through an Affiliation Agreement dated July 17, 2015 (the "Transaction"). The parties do not anticipate that the Transaction will result in any changes to the high quality services or delivery of care currently provided at Westerly Hospital. Following the closing of the Transaction, L+M and Westerly Hospital will continue to comply with all commitments and conditions of approval set forth in the hospital conversion act application approvals dated April 16, 2013 (Rhode Island Department of Health) and April 17, 2013 (Rhode Island Attorney General) obtained by L+M in connection with the acquisition of Westerly Hospital. A brief description of each of YNHHSC and L + M and their hospital affiliates is provided below.

Applicants

YNHHSC is a Connecticut non-stock, tax-exempt corporation that was organized in 1983 to provide support services to a nonprofit network of affiliated health care providers known, collectively, as the Yale New Haven Health System (the "System"). YNHHSC directs and implements certain programs and activities that assist its members in providing high quality, cost-effective health services for the benefit of the communities they serve. In addition, YNHHSC collaborates with Yale University to provide high quality, highly specialized health care services as well as initiate, develop, and maintain educational programs for health care professionals and the public.

Set forth below is a listing of the significant YNHHSC entities and organizations:

- Yale-New Haven Hospital, Inc. ("YNHH") is a 1,541 bed acute care destination hospital that provides complex care to residents of Connecticut and beyond. It is the primary teaching hospital for Yale University's Schools of Medicine and Nursing. YNHH has two main campuses located at 20 York Street and 1540 Chapel Street in New Haven. YNHH also includes the Yale-New Haven Children's Hospital, the Yale-New Haven Psychiatric Hospital and the Smilow Cancer Hospital. YNHH offers several outpatient centers in New Haven, North Haven, and Guilford as well as dozens of radiology and blood-drawing centers throughout the state.

- Bridgeport Hospital ("BH") is a 383-bed licensed acute care hospital located in Bridgeport Connecticut. BH also offers a wide range of outpatient services for residents of the communities it serves.
- Greenwich Hospital ("GH") is a 206-bed licensed acute care hospital located in Greenwich Connecticut. GH also offers a wide range of outpatient services for residents of the communities it serves.
- Northeast Medical Group ("NEMG") is a system-wide multispecialty physician practice and medical foundation. The network consists of approximately 100 practice locations that extend from New Rochelle, New York to Gales Ferry, CT.

L+M is a Connecticut non-stock, tax-exempt corporation that is the sole member of subsidiaries that operate acute care hospitals and community based services throughout its service area in southeastern Connecticut and southern Rhode Island. L+M, through its subsidiaries, is committed to community leadership and service through community education, outreach, and disease prevention efforts.

Set forth below is a listing of the significant L+M entities and organizations:

- Lawrence + Memorial Hospital ("L+M Hospital") is a 280-bed licensed acute care community hospital located in New London, Connecticut. L+M Hospital's major clinical programs include oncology, heart and vascular care, including a primary and elective angioplasty program, maternity including a Level III Neonatal Intensive Care Unit, orthopedics, surgery, including two ambulatory surgery centers, and eight (8) outpatient facilities.
- Westerly Hospital is a 125-bed licensed community hospital located in Westerly, Rhode Island. Westerly Hospital offers major clinical programs in heart and vascular care as well as surgery.
- L&M Physician Association, Inc. ("L&MPA") is a medical foundation consisting of 71 physicians with 11 practice locations in Connecticut and Rhode Island.
- Visiting Nurse Association of Southeastern Connecticut ("VNASC") is a licensed and Medicare certified home health agency providing skilled nursing and therapy services in the home, a school health program and community wellness initiatives. During the past fiscal year, VNASC provided more than 140,000 visits to care for almost 3,400 patients living in the communities served.

Proposal

The proposed affiliation is the result of a long-standing collaborative and supportive working relationship between YNHHSC and L+M, shared values and a mutual desire to further each organization's mission in today's rapidly changing healthcare marketplace.

In early 2015, and at the urging of the L+M Board of Directors, L+M approached YNHHSC to begin discussions of a deeper, more robust affiliation. After several months of deliberate and focused discussions, YNHHSC and L+M agreed to the terms of an Affiliation Agreement which will permit YNHHSC to become the sole corporate member of

L+M. L+M will remain the parent company to Westerly Hospital and Lawrence + Memorial Hospital. This is similar to the relationship that currently exists between YNHHSC and YNHH, BH and GH. Lawrence +Memorial Hospital and Westerly Hospital will maintain separate hospital licenses and boards of directors. Organized medical staffs of both hospitals will remain in place with their own bylaws, rules, regulations, and elected officers.

The applicants believe that the proposed affiliation will provide significant benefits to Westerly Hospital's service area residents and to both organizations. L+M and YNHHSC will be better able to further their charitable missions in the changing health care marketplace. Both organizations' mission and values have a strong focus on service excellence, a commitment to serve uninsured and underinsured patients, and provide robust community benefit and uncompensated care.

L+M, specifically L+M Hospital and Westerly Hospital, as a cost-effective acute care provider, with a vibrant outpatient and primary care capacity, strong management, and a strong history as a high quality, high value, patient-centered provider will add to the strength of the System. L+M and YNHHSC seek an affiliation wherein one and one is more than two, or more specifically, wherein efficiencies are achieved, quality of care improved, collaboration encouraged, risk managed more effectively, and population health is a priority.

Date of Implementation
The Transacting Parties plan to consummate the transaction in the spring of 2016.

Purchase Price
Commencing with the closing of the proposed affiliation, YNHHSC has committed to deploy as much as $300 million in resources in the Eastern Connecticut and Western Rhode Island region over a period of five (5) years for the purpose of enhancing L+M's clinical and operational capabilities and services. Such expenditures must: (i) be consistent with YNHHSC's overall strategic plan; (ii) be consistent with the business plans of the Transacting Parties; (iii) have a positive return on investment; and (iv) be responsive to the needs of the applicable community. Essentially, should the proposal be approved, the Transacting Parties will engage in an ongoing and deliberate strategic planning process that will be focused upon enhancing the quality and breadth of clinical services that are mutually identified as needed by the L+M community serviced by Westerly Hospital and L+M Hospital.

Source of Funds and Debt

The proposed transaction does not involve the purchase and sale of assets and there is no specific purchase price to be paid at the closing. However, as explained in the "Purchase Price" section above and the Affiliation Agreement, YNHHSC will commit to deploy as much as $300 million in resources in YNHHSC's Eastern Connecticut and Western Rhode Island regions over a five (5) year period. Those funds will originate from both the operating funds and the generation of capital in the ordinary course of operations of the L+M-related entities over the five (5) year period following the closing of the proposed transaction as well as additional investments from YNHHSC. YNHHSC does not anticipate funding its commitments under the Affiliation Agreement with debt or other financing arrangements.

Commitments for and Development of New Services and/or Facilities
As set forth above, after the Closing, YNHHSC and L+M will develop and implement their strategic plans so as to maintain healthcare services facilities that support the evolving clinical service needs in the communities served by L+M and shall focus on the following:

(a) to work cooperatively to minimize travel for patients requiring healthcare services that can be appropriately provided by the L+M affiliates and to encourage the return of patients originating within the communities served by the L+M Affiliates back to the originating facility and its physicians for local and specialty care following treatment at any other Yale New Haven Health System facility;

(b) that Westerly Hospital shall continue to provide the services and commitments it is obligated to provide pursuant to section 2.11 of the Affiliation Agreement; and

(c) that the L+M Affiliates may maintain and preserve existing relationships with hospital-based physicians holding exclusive relationships with such L+M Affiliates, including, without limitation hospitalists, emergency physicians, pathologists, anesthesiologist, and radiologists.

2. Please provide each of the following applicable documents and amendments for each of the Transacting Parties and affiliated hospital(s):

(a) Charter;
(b) Certificate and Articles of Incorporation and By-laws;
(c) Certificate of Partnership and Partnership Agreement;
(d) Certificates or Articles of Organization and Operating Agreement;
(e) Other organizational documents

If any of the above documents are proposed to be revised or modified in any way as a result of the proposed conversion, include the proposed revisions or modifications.

Response: Attached hereto as Exhibit 2, please find documents responsive to this request. Note that Exhibit 2 includes the current and proposed post-closing versions of the documents set forth below for each entity. Exhibit 2 also includes redlined versions of the documents with proposed amendments resulting from the proposed transaction and a brief summary of certain of those changes.

The Confidential Exhibits provided in response to this question are considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws Section 23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, this Confidential Exhibit 3 is confidential because it is a business record that contains confidential non-public information whose disclosure could adversely affect the parties involved if disclosed to the public.

4. Provide the (a) name; (b) address; (c) phone number; and (d) occupation of the proposed members of the board of directors, trustees, executives and senior managers after the conversion of the Transacting Parties and their affiliates, identifying any additional members or removal of members.

Response: Board members and officers for each of L+M, L+M Hospital and Westerly Hospital in office at the time of the closing (See current information set forth in response to Question 3) of the transaction will remain in place post-closing for the remainder of their terms, and will be eligible for re-election in accordance with the bylaws of the respective entity. The only changes anticipated to the board of each of L + M, L+M Hospital and Westerly Hospital is the addition of a YNHHSC representative, although it is not known at this time who will serve in that capacity for YNHHSC. The parties do not anticipate any other changes as a result of the proposed transaction other than in the ordinary course pursuant to the Bylaws and expiration of terms. Additionally, following the closing, the Chair of the Board of L+ M Corporation will have a seat on the board of YNHHSC.

5. Please describe the governance structure of the new hospital after conversion, including a description of how members of any board of directors, trustees or similar type group will be chosen.

Response:

As with the other affiliate hospitals in the YNHHSC system, a Board of Trustees with broad-based local community presence will be maintained at L+M Hospital and Westerly Hospital.

The governance structure of LMW Healthcare, Inc. d/b/a Westerly Hospital following closing of the transaction is described in the bylaws attached as Exhibit 2, which will become effective as part of the closing. The governance of Westerly Hospital will remain substantially similar to its current structure. The board composition reflected in Westerly Hospital's current bylaws remains the same with the exception that a YNHHS representative will be added to the board. Additionally, the existing authority of Westerly Hospital's board will remain substantially the same with the exception that those powers that today are reserved to the L+M Corporation Board as Westerly Hospital's sole member and the powers set forth in the bylaws will also become subject to YNHHSC approval as well, all as further described in the bylaws attached as Exhibit 2. Westerly Hospital's governance will also remain subject to and in compliance with the conditions of approval regarding locally based directors set forth in the Rhode Island Attorney General's approval of L+M's hospital conversion act application dated April 17, 2013. The parties do not anticipate any other changes as a result of the proposed transaction other than in the ordinary course pursuant to the Bylaws and expiration of terms.

The governance of YNHHSC will remain the same after the conversion except that following the closing and through at least the sixth (6^{th}) anniversary, the person who serves as the Chair of the Board of L+M will be elected as a voting member of the Board of YNHHSC, and such person will have the opportunity to be a member of the YNHHSC Nominating and Governance Committee. Other members of the L+M Board will have the opportunity to serve on YNHHSC Board committees.

6. 7. Please provide all documents, reports, meeting minutes and presentations relevant to the Transacting Parties' board of directors' decision to propose the conversion.

Response: Attached hereto as Confidential Exhibit 7 are presentations and relevant meeting minutes relevant to the Transacting Parties' board of directors' decision to propose the conversion. Please also see Confidential Exhibit 7 for data constituting the "back-up reports" related to CSI opportunities. Set forth below is an explanation of the Clinical Sustainability Initiative ("CSI") program and its current status. CSI describes a comprehensive engagement that L+M has undertaken across its system focused on improving the value of care delivery to its patients. These initiatives span a wide variety of broad based categories, with each area of focus having multiple specific initiatives, and include an array of personnel categories, including participation by management, clinical, and administrative personnel. CSI is not a one-time event or specifically limited initiatives, but rather a comprehensive approach to focusing on target areas of improvement and maintaining momentum in those areas.

The CSI improvement focus has been on the following areas:

- Average Length Of Stay: Reducing the average length of stay through better coordination of care, faster patient recovery, effective discharge planning, and lower total costs for each inpatient episode.

- Clinical Variation: Improving clinical care delivery protocols and standardization to reduce clinical variation and eliminate waste.

- Human Resources: Make substantive improvements in our human resource policies to ensure a competitive workforce that is also aligned with the market.

- Portfolio Optimization: Improve efficacy, efficiency and value to the consumer in the services being provided.

- Employed Physician Services (L+MMG): Delivering physician services to our community in a more cost effective and clinically relevant manner, with a focus on growing primary care, improving productivity and access, making it easier to communicate and do business with L+MMG physicians, and better aligning physician compensation with group and system goals.

- Revenue Cycle: Reflecting the changes in the market place to improve efficacy of revenue cycle processes in insurance eligibility, financial counseling, preauthorization, denial/write-off reductions, and our point of service patient engagement.

- Supply Chain: Improve cost of supplies and drugs through greater engagement with clinicians and vendors, reduction in utilization, approving lower cost options and alternatives, renegotiating contracts, and better inventory management.

- Workforce Management: Continue to find new ways in productivity, efficiencies and structure to lower labor costs and unit cost of delivering care. This combines efforts to evaluate fixed staffing areas relative to benchmarks, and volume based staffing metrics relative to units of service (volume). These targets were developed based on competitive industry performance

adapted based on our own unique size, scope, functions and technology. In FY16 we have also added new targets to CSI, which include:

- Improving quality and value based purchasing ("VBP") to improve the value to consumers, and to better take advantage of revenue enhancement opportunities for various VBP initiatives.

- Due to many market forces in the RI market, Westerly Hospital has experienced additional pressures on reimbursement, especially on inpatient business and further transition to outpatient services in the first half of FY16. These changes have increased the financial pressures on Westerly Hospital, as well as the higher relative fixed cost infrastructure relative to lower volumes. Improving this dynamic remains a key focus in FY16 and FY17.

L+M has made exceptional gains with CSI targets being exceeded in FY15, and year-to-date performance in FY16 being on track with expectations as outlined in the attached slide. However, despite substantial and noteworthy improvements, additional market forces and especially the very damaging hospital tax escalation in Connecticut have made CSI increasingly critical, but not sufficient to overcome these mounting headwinds. Incremental improvement targets and further actions are necessary, which in large part drove L+M to more clearly evaluate an affiliation arrangement. L+M has sought these additional solutions as part of a more comprehensive strategy through the affiliation with YNHHSC to achieve the incremental growth, investment and further expense, quality and coordination of care synergies outlined previously in our application.

The Confidential Exhibits provided in response to this question are considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws Section 23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, this Confidential Exhibit 7 is confidential because it is comprised of business records that contain proprietary information memoranda or other writings detailing confidential and proprietary information related to the parties' business strategies the public disclosure of which could adversely affect the parties involved.

9. Please provide copies of audited income statements, balance sheets, and other financial statements for the past 3 years for the Transacting Parties and their affiliated hospitals where appropriate and to the extent they have been made public, audited interim financial statements and income statements together with detailed descriptions of the financing structure of the proposed conversion including equity contribution, debt restructuring, stock issuance and partnership interests; and interim up-to-date unaudited income statements and balance sheets (where audited financial statements are unavailable).

Response: Attached hereto as Exhibit 9, are audited consolidated financial statements and supplemental information for Yale – New Haven Health Services Corporation and Subsidiaries from Fiscal Years 2015, 2014, 2013 and 2012. Exhibit 9 also contains consolidated financial statements for Lawrence + Memorial Corporation and Subsidiaries from Fiscal Years 2015, 2014, 2013, and 2012.

Note that the Yale – New Haven Health Services Corporation and Subsidiaries' financials contain references to system support fees. For YNHHS affiliates the system support fee is derived based on a percentage of total operating expenses for that delivery network. A ratio of 1.25% is applied and that number is paid as a System Support Fee. The calculation excludes the expense of the fee itself.

Additionally, please see Confidential Exhibit 9 for management letters related to the audited financials. For years in which management letters were issued (note that management letters were not provided for all years), the management letters are attached in Confidential Exhibit 9. For YNHHSC, no management letters were issued for the applicable fiscal years.

The Confidential Exhibits provided in response to this question are considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws Section 23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, this Confidential Exhibit 9 is confidential because it is comprised of business and financial records that contain proprietary information or other writings detailing confidential and proprietary information related to the parties, the public disclosure of which could adversely affect the parties involved.

10. Please provide copies of reports analyzing the proposed conversion by any of the Transacting Parties during the past 3 years, including but not limited to, reports by appraisers, accountants, investment bankers, actuaries, other experts.

Response:

Attached hereto as Confidential Exhibit 10 are all other copies of reports analyzing the proposed conversion by any of the Transacting Parties during the past 3 years, including but not limited to reports by appraisers, accountants, investment bankers, actuaries, and other experts.

The Confidential Exhibits provided in response to this question are considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws Section 23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, this Confidential Exhibit 10 is confidential because it consists of business records that contain commercial and financial information about the transacting parties that were obtained from a confidential source. The public disclosure of this information could adversely affect the parties involved if disclosed to the public.

Additionally, as requested, a copy of a Standard & Poor's statement regarding L+M's credit rating is included in Exhibit 10.

In November 2012, YNHHS communicated to S&P and Moody's that a selection process for internal and external audit firms was being scheduled; however, as two of the existing "big four" accounting firms, Deloitte & Touche, LLP and PwC, were not considered independent, the process was not carried out until FY2015. Ernst & Young had been the external auditor for YNHHS for 40+ years, and although YNHHS had complied with its Audit Committee Charter requirements of rotating the lead independent audit partner at least every six years and the review partner at least every four years, YNHHS had not carried out a process to evaluate quality and cost of service in several years. YNHHS undertook such a process in 2015, and as a result of the assessment, KPMG was selected for external audit services. The assessment was not performed as a result of any disagreements or disputes between Ernst & Young and YNHHS, and in fact Ernst & Young remains a valued business partner, as they were selected to carry out internal audit responsibilities.

Also note, the recent policies of the State of Connecticut regarding Medicaid reimbursements and taxes applicable to hospital systems have impacted the transacting parties' analysis of this transaction. Over the past few years Connecticut hospitals have seen both a decline in Medicaid reimbursement while at the same time a sharp rise in the state hospital tax. During the process of creating financial projections for the transacting parties the best available information is always

used, and is the genesis of the financial commitment from Yale New Haven Health System, and the cost savings figures set forth in the transaction documents, as well as in this application. The parties continue to monitor and respond to Connecticut Medicaid and tax policies in order to implement the most effective plan to be able to continue providing high quality care in the transacting parties' service areas, with the understanding that the State's policies impact the financial positions of the transacting parties and the goals set forth in the transaction documents. The uncertainty regarding future state Medicaid and tax policies and the impact of the current policies and taxes on the transacting parties makes the proposed affiliation between YNHHSC and L+M even more important for the continued positive community impact, growth and success of the two health systems and the communities that each system serves.

11. Please provide copies of all documents related to:
    (a) Identification of all charitable assets;
    (b) Accounting of all charitable assets for the past 3 years; and
    (c) Distribution of the charitable assets including, but not limited to, endowments, restricted, unrestricted and specific purpose funds as each relates to the proposed transaction.

Response: Attached hereto please find Confidential Exhibit 11 identifying all of Westerly Hospital's charitable assets, accounting for all charitable assets for the past 3 years, and distribution of the charitable assets including, but not limited to, endowments, restricted, unrestricted, and specific purpose funds, as each relates to the proposed transaction.

The Confidential Exhibits provided in response to this question are considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws Section 23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, this Confidential Exhibit 11 is confidential because disclosure of the exhibit would constitute an unwarranted invasion of personal privacy for contributors and would disclose the identity of contributors who have requested anonymity with respect to the contribution.

12. Please provide descriptions of the plan(s) as to how the affiliated hospitals will provide consolidated healthcare services and administrative services during the first 3 years following the conversion.

Response: During the first 3 years following the conversion, there are no planned consolidations, closures or reductions in any of the healthcare services offered by the affiliated hospitals. In fact, the affiliated hospitals are anticipating service enhancements and expansions to minimize the need for area residents to have to travel outside of the service area for many specialty services. Detailed planning to identify specific areas of focus will commence upon Closing through an ongoing and deliberate strategic planning process involving the Transacting Parties. To note, in this future planning, YNHHSC will uphold the commitments of the transaction documents, applicable court orders, and regulatory approvals in connection with the acquisition of the assets of Westerly Hospital by L+M and LMW Healthcare, Inc. in 2013.

Efficiencies will come from economies of scale as they relate to information technology, finance, insurance, equipment and supplies and other administrative services. The Transacting Parties will perform a detailed review of non-clinical shared services and implement efficient cost savings measures in areas identified during the review that will not negatively impact clinical and administrative operations. Sustained success will result from the coordination and implementation of clinical programs that are designed to improve the quality, cost-effectiveness and accessibility to health care services to the communities served by L+M.

In response to RIDOH's letter to the Transacting Parties dated February 18, 2016, please note the following:

No planned consolidations. YNHHSC is not planning on any consolidations or reductions that will affect the Westerly Hospital service area, and in fact YNHHSC intends to offer service enhancements in the region. However, Westerly Hospital management is aware of recent changes in Westerly Hospital's inpatient volume and a related reduction in revenue. Reviewing the first five (5) months of data for FY 2016, inpatient volume is 20% less than experienced during the same timeframe in FY 2015. Thus while the original HCA filing included a budgeted FY 2016 inpatient volume figure of 3,000, Westerly Hospital is projected to only achieve about 2,400 discharges in FY 2016, or 80% of budget. While inpatient utilization is generally declining both nationally and statewide, Westerly Hospital management continues to study this large decline in volume to determine whether it constitutes a trend that will require a response by Westerly Hospital and if such a response is required both the RIDOH and the RIAG will be notified. To assist in this process, Westerly Hospital management recently engaged a consultant to review both inpatient and outpatient internal and external market statistics, and make recommendations on the complement of services appropriate for Westerly Hospital given the recent volume trend and the community needs. Results of this assessment are not expected to be available for several months. The engagement of the consultant does not impact the transacting parties' plans to affiliate. The recent reductions to Westerly Hospital's volumes and revenues highlight the need for expedited approval of the proposed transaction, so that the parties can enhance clinical investments, achieve synergies, and reduce costs.

Impact of merger of medical groups. The merger of L+MMG into NEMG will have minimal impact on the Westerly Hospital service area. Currently, L+MMG maintains six (6) physician practice locations within the service area, three (3) of which are in Rhode Island. Thirty-one (31) physicians practice either full-time or part-time at these six (6) locations (please refer to Exhibit 12 for inventory of physicians, by location and by specialty). Upon consummation of the merger, all L+MMG physicians will become employees of NEMG. There are no planned changes to the six (6) locations nor any planned reductions to the physician complement at each location as a result of the merger. In fact, it is anticipated that after the merger, NEMG will be successful in recruiting additional physicians to the Westerly Hospital service area including much needed primary care physicians. Recruitment of primary care physicians to the service area has been identified as a top priority.

The merger of L+MMG into NEMG will have no impact on physician admitting privileges at Westerly Hospital. L+MMG physicians currently on the medical staff of Westerly Hospital will remain so, subject of course to any physician's continuing satisfaction of Westerly Hospital's privileging criteria. In addition, the merger of L+MMG into NEMG will not impact the hours of operation at each service area location, insurances taken, or the organization's commitment to provide charity care. In fact, upon detailed review of charity care policies for L+MMG and NEMG, NEMG's policies are slightly more generous for patients, and will take effect upon completion of the merger.

Challenges of prior integration of Westerly Hospital into L+M. Challenges facing the operation of Westerly Hospital since becoming a member of the L+M system in June, 2013 have resulted more from addressing needs that faced the hospital prior to its acquisition as well as new developments relating to the pace of health care reform and market forces than they have resulted from integration itself. For example, the lack of capital investment in Westerly Hospital's facilities for some time prior to its acquisition has left the facility in need of significant structural investment, much of which was identified prior to closing. Since closing however there have been several instances of unanticipated need for facility repair that have redirected capital investment in the facility to address an emergency repair. Similarly, Westerly Hospital's historically low inpatient volume has recently eroded further against market trends occurring both regionally and nationally that are showing decreasing inpatient volume overall. This fact, coupled with continued reimbursement pressures from both government and commercial payers and competitive pressures in Westerly Hospital's market have continued to put financial pressure on the hospital's operation despite L+M's successful implementation of its turnaround plan for Westerly Hospital that resulted in the hospital returning to profitability for the first 2 ½ years post-closing. Management is currently in the process of evaluating these trends and potential responses.

It should be noted that when Westerly Hospital became a member of the L+M system it came in as a separate corporate entity, LMW Healthcare, Inc., that was affiliated with the L+M system. This structure therefore did not require merging of medical staffs or staffs generally, integration of contractual commitments or immediate operational change as would be the case for instance when there is a merger and another entity is the surviving entity. The structure of the transaction itself was such that system integration could be approached in a staged way that minimized disruption. While not necessarily considered to be particular "challenges", some of the integration needs that have been addressed since closing include education and orientation of

new board members, converting to a common accrediting body, streamlining certain operational policies, and managing the return of donor confidence and fundraising coordination. Additionally, since closing Westerly Hospital has continued to operate on different electronic medical record, billing and general financial systems than L+M Hospital and L+M Medical Group. The L+M system is currently involved in an EMR and billing conversion project that will result in a common solution being implemented at both hospitals and the medical group, which project is targeted to be completed on October 1, 2016. The successful completion of this project will further enhance the availability of clinical information across the system and operational efficiencies.

Note that the parties do not have a written work plan for the integration of L+M into the YNHHSC system.

13. Please provide copies of plans relative to staffing levels of all categories of employees during the first 3 years at the new hospital(s) following the implementation of the proposed conversion. Please, further, complete Appendix A 1.

Response: Staffing levels at Westerly Hospital are anticipated to be maintained commensurate with current levels (as adjusted for volumes).

14. Please complete Appendix D regarding plans for all hospital departments or services that will be eliminated, or significantly reduced at the new hospital during the first 3 years at the new hospital(s) following the implementation of the proposed conversion.

Response: There are no plans to eliminate or significantly reduce any departments or services at Westerly Hospital within the first 3 years following the conversion.

In response to RIDOH's letter to the Transacting Parties dated February 18, 2016, please note the following:

No planned consolidations. YNHHSC is not planning on any consolidations or reductions that will affect the Westerly Hospital service area, and in fact YNHHSC intends to offer service enhancements in the region. However, Westerly Hospital management is aware of recent changes in Westerly Hospital's inpatient volume and a related reduction in revenue. Results of this assessment are not expected to be available for several months. The engagement of the consultant does not impact the transacting parties' plans to affiliate. The recent reductions to Westerly Hospital's volumes and revenues highlight the need for expedited approval of the proposed transaction, so that the parties can enhance clinical investments, achieve synergies, and reduce costs.

15. Please provide the binding transaction documents, such as an asset purchase/transfer agreement, affiliation agreement and/or memorandum of understanding and all exhibits and schedules (including any updates or supplements).

Response: Attached hereto as Exhibit 15 and Confidential Exhibit 15 is a copy of the Affiliation Agreement, and related documents including the schedules and exhibits dated July 17, 2015 by and among the Sellers (as defined therein) and the Buyer (as defined therein).

The Confidential Exhibits provided in response to this question are considered confidential and shall be subject to the confidentiality protections contained in R.I. General Laws Section 23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, this Confidential Exhibit 15 is confidential because it contains proprietary business information the disclosure of which to the public could adversely affect the parties involved.

In response to RIDOH's letter to the Transacting Parties dated February 18, 2016, note that the reason it was determined that L+M would not become part of the YNHHS Obligated Group ("OG") as of the closing of the transaction is that the cost of restructuring L+M's existing bond debt exceeded any benefit to bringing the debt within the obligated group. A debt restructure would have required L+M to refund, or call, its existing bonds, and then put out a new debt issuance on terms less favorable than it had secured in the existing issuance. Based on market conditions that existed in June 2015 when the assessment was completed, the parties concluded that the benefits to L+M of entry into the OG would be overshadowed by the financial impact associated with doing so. This impact included the addition of approximately $5.0 million to $8.0 million of indebtedness and a present value loss on pro forma debt service in excess of $1 million. Should market interest rates change such that L+M's entry into the OG becomes financially beneficial, then L+M will join the OG. Additionally, because the parties do not anticipate needing to incur any debt for purposes of the transaction, there is no current need to bring L+M into the OG for this purpose. L+M did commit, however, under the Affiliation Agreement, to become part of the OG when there was a determination by YNHHS that is was reasonable to do so.

16. Please discuss whether this proposal will require the review by any relevant federal authority and, if so, please identify such review(s) and provide its current status.

Response: Under the Hart-Scott-Rodino Antitrust Improvement Act of 1976 ("HSR"), entities involved in mergers and acquisitions that meet certain criteria must file premerger notification with the FTC. A merger subject to HSR filing requirement may not close until the waiting period expires, or the government grants early termination of the waiting period. The proposed transaction contemplated by this application meets the HSR filing requirements. As such, on August 7, 2015, Lawrence + Memorial Corporation and Yale-New Haven Health Services Corporation filed Notification and Report Forms for Certain Mergers and Acquisitions with the Federal Trade Commission ("FTC") and Department of Justice. By correspondence dated August 10, 2015, the FTC confirmed receipt of the completed Notification and Report Forms and stated that the waiting period would expire on September 8, 2015. A copy of the FTC correspondence dated August 10, 2015, and the FTC's own description of the "Premerger Notification and the Merger Review Process" is attached as Exhibit 16. On September 8, 2015, the FTC let the waiting period outlined by the Hart-Scott-Rodino Antitrust Improvements Act expire without further investigating the transaction.

17. Please identify any state or federal licensure or certification citations and/or enforcement actions taken against the Transacting Parties and their affiliates within the past 3 years and the status or disposition of each.

Response: Please see attached Confidential Exhibit 17.

The Confidential Exhibit provided in response to this question is considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws §23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, the Transacting Parties' documents in Confidential Exhibit 17 are confidential because they pertain to investigatory records for possible violations of statutes, rules or regulations and are therefore confidential and public disclosure could adversely affect the parties involved.

18. Please provide a list of pending or adjudicated citations, violations or charges against the Transacting Parties and their affiliates brought by any governmental agency or accrediting agency within the past 3 years and the status or disposition of each.

Response: Please see attached Confidential Exhibit 18.

The Confidential Exhibit provided in response to this question is considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws §23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, the Transacting Parties' documents in Confidential Exhibit 18 are confidential because they pertain to investigatory records for possible violations of statutes, rules or regulations and are therefore confidential and public disclosure could adversely affect the parties involved.

19. Please provide a list of any investigations by federal, state or municipal agencies against the Transacting Parties and their affiliates within the past 3 years and the status or disposition of each.

Response: Please see attached Confidential Exhibit 19.

The Confidential Exhibit provided in response to this question is considered confidential and/or proprietary and shall be subject to the confidentiality protections contained in R.I. General Laws §23-17.14-32. R.I. General Laws Section 38-2-2 specifically defines the following as "non-public" records: "trade secrets and commercial or financial information which is a of a privileged or confidential nature;" "all tax returns;" "preliminary drafts, notes, impressions, memoranda, working papers, and work products;" and, "any records which would not be available by law or rule of court to an opposing party in litigation." Specifically, the Transacting Parties' documents in Confidential Exhibit 19 are confidential because they pertain to investigatory records for possible violations of statutes, rules or regulations and are therefore confidential and public disclosure could adversely affect the parties involved. Furthermore, Confidential Exhibit 19 is being provided pursuant to agreement by L+M and AFT (union) to allow production subject to confidentiality provisions cited above. Confidentiality is requested per that agreement and to avoid possible exposure for the breach of said agreement.

20. Please describe in detail any plans for cross-privileging of medical staff affiliated with either of the Transacting Parties and their affiliates before and after the proposed conversion.

Response: Presently there are no plans for cross-privileging for Westerly Hospital, Lawrence + Memorial Hospital, and Yale-New Haven Health Services Corporation hospitals' medical staffs, and as such, no documents exist related to cross-privileging of medical staff. Medical staff members, at their choosing, will be allowed to apply for privileges on other YNHHSC medical staffs as they are currently permitted to do, but will be subject to such medical staff's application and credentialing requirements.

21. Please provide a description of the plan as to how the Transacting Parties and their affiliates will provide community benefits during the first 3 years of operation after the proposed transaction is completed.

Response:

Each one of the YNHHSC and L+M hospitals has a long history of providing community benefits to the populations they serve. After the proposed transaction, evaluation of community needs and prioritization of focus areas will continue to be made on a local level. Thus the Transacting Parties, including Westerly Hospital, will maintain autonomy in decisions regarding the provision of community benefits in each facility's community. Westerly Hospital will continue to dedicate and commit resources to fund and to support community benefit programs and to make reinvestments in the communities that Westerly Hospital serves.

As the sole community hospital in southwestern Rhode Island, Westerly Hospital provides community benefits to advance its mission of improving the health of the communities it serves. In FY 2014, Westerly Hospital's community benefits totaled over $3.7 million in free programs and services, with $3.3 million helping to ensure access to care for 15,150 people, $124,000 helping to educate 62 future health care providers, and $283,000 promoting a healthy community for 2,500 people. In advancement of its not-for-profit mission, Westerly Hospital's method to identify local health needs takes place both formally through the triennial community health needs assessment (CHNA) process and informally through a periodic internal review of disease incidence and prevalence rates. These analyses inform Westerly Hospital of the health status of its community and are used to focus program and service development on areas of greatest concern.

Westerly Hospital completed its most recent CHNA in 2013, with top "need areas" identified as mental health and substance abuse, diabetes, and heart disease. Since the 2013 CHNA, implementation action items completed or in-process include:

- Establishment of multidisciplinary behavioral health task force and placement of dedicated behavioral health practitioner in Westerly Hospital emergency department
- Diabetes outreach and education including support groups
- Establishment of Heart Healthy Westerly multidisciplinary team to develop strategies to improve cardiovascular health (e.g., smoking cessation, worksite wellness)

Work is underway between Westerly Hospital, the Hospital Association of Rhode Island (HARI), and Baker-Tilly (consultant) to revise the CHNA with completion anticipated in calendar year 2016.

Due to resource constraints, some of the identified community needs cannot be addressed as an initial priority for Westerly Hospital. In these cases, Westerly Hospital partners with local organizations and resources to ensure needs are being met. Westerly Hospital's community benefits philosophy is to build upon existing community resources, programs, and services, and not to duplicate them. Accordingly, Westerly Hospital evaluates existing community assets and prioritizes its efforts around identified gaps in services.

Similar to Westerly Hospital, L+M Hospital is committed to the delivery of high-quality, cost effective health care to its local community. In FY 2014, over $22 million in free programs and services were provided by L+MH. This was accomplished by ensuring access to care for more than 34,000 people with a benefit value of $19 million, educating almost 4,000 future health care providers with a benefit value of $1.1 million, and serving almost 10,000 people through health promotion programs with a benefit value of almost $2.3 million.

L+M Hospital implements community health improvement programs and health care support services including cardiac rehabilitation, pediatric weight management, support for cancer patients in the form of transportation and nutrition assessment and planning, intervention on pediatric asthma, and transportation for indigent patients. Programs to promote a healthy community go beyond the walls of the hospital. L+M Hospital hosts several grant-funded programs which include HIV outreach, Nurturing Families Network, Healthy Start, and the Connecticut Early Detection and Prevention Program for malignant and benign breast disease.

Note that the local initiatives at Westerly Hospital and L+M Hospital will benefit from the proposed transaction due to the System's lengthy and successful track record of developing and implementing community benefit initiatives. Important aspects of the System's community benefit track record are set forth below.

In Fiscal Year 2014, Yale New Haven Health System hospitals provided over $569.2 million (at cost) in community benefit and community-building activities. As part of the System-wide commitment to serve as strong community partners, each hospital provided numerous health screenings, community education sessions, community-building events, community leadership activities and grants and assistance to improve and enhance the health of its local community. In addition, the area of community benefits also includes costs associated with health professions-related education, uncompensated and under-compensated care. Based on the results of 2013 Community Health Needs Assessments, each Yale New Haven Health System hospital implemented community health improvement plans with partners in their local communities that addressed their top three public health issues.

Yale-New Haven Hospital provided $466.8 million in total community benefits and community building, including $132.2 million in uncompensated care and $221.7 in under reimbursed Medicaid (at cost). YNHH also provided numerous community benefit programs in Fiscal Year 2014. Some examples include: the Me & My Baby program provided 208 newly enrolled mothers access to prenatal and pediatric care, health education, care coordination and prescription drug coverage. This program is the only one of its kind in the New Haven area to offer free pregnancy testing and counseling by a registered nurse. In partnership with the Cornell Scott-Hill Health Center, YNHH's digital mammography van provided 913 screening mammography exams at 69 locations throughout southern Connecticut, enhancing accessibility to mammography services. YNHH offers support groups free of charge to patients and families in over 25 areas; these groups are staffed by social workers and help patients and their families cope with their illnesses and related issues. In Fiscal Year 2014, nearly 3,600 people attended and participated in support groups.

The community building activities included support for economic development, environmental improvements, workforce development, advocacy, coalition building and physical improvements and housing. Yale-New Haven Hospital has invested a significant amount of time and resources in the development and implementation of public health projects to improve health and increase access. Specific examples include providing easily accessible legal services to 275 children and families through the Medical Legal Partnership with the Children's Advocacy Center in the Pediatric Primary Care Center on the York Street Campus. YNHH continued to implement its Community Health Improvement Plan in collaboration with local partners to address key issues identified in the Community Needs Assessments.

Bridgeport Hospital maintains a longstanding commitment to ensuring access to healthcare services and advocating for the underserved. BH provided $66.5 million in community benefit and community building activities. This included $24.5 million in uncompensated care and $28.9 million in under reimbursed Medicaid (at cost). BH also had over 27,000 visits at the adult Primary Care Center, with 77.3% visits being Medicaid and uninsured patients. Through BH's Community Patient Assistance Program, many patients received financial assistance to cover the cost of their prescriptions, at a total cost savings to them of over $380,000.

Bridgeport Hospital continued its tradition of being active in the community by participating in numerous community outreach and support initiatives. The Primary Care Action Group ("PCAG") led the work of four Community Health Improvement Teams: the Cardiac and Diabetes Team's Know Your Numbers community health program screened over 350 people at food pantries, connected them with care as needed and helped local food pantries source healthier foods. Get Healthy CT continued its ongoing community education programs about healthy eating and physical activity, and began work in day care centers to combat childhood obesity. The Mental Health and Substance Abuse Team held awareness events in May and November, and implemented a weekly Community Care Team that conducts coordinated community case management on Emergency Department patients with behavioral health issues. The Access to Care Team developed and distributed a brochure on the importance of having a medical home, and increased access to primary care and specialty clinic appointments throughout Bridgeport. PCAG also oversaw the growth of the Dispensary of Hope ("Hope"), a free pharmacy that provides prescription medications at no cost to uninsured and low-income residents of Greater Bridgeport. Hope helped over 2,600 patients and provided $1.1 million in medications, a 28% increase from last year. Hope has a medication adherence rate of 63% versus a 50% adherence rate nationally for uninsured patients.

Bridgeport Hospital's Cancer Institute assisted nearly 100 patients to obtain transportation and referred 27 patients to Reach to Recovery and Look Good Feel Better programs. Free medical, screening and diagnostic breast services were provided to over 1,000 uninsured and under-insured women through the Norma F. Pfriem Breast Care Center's Underserved Program, which also provided outreach services to over 3,100 women. In addition, Norma F. Pfriem Cancer Institute provided grant-funded genetic counseling to 49 patients.

Greenwich Hospital sustained access to health care services and advocated for the underserved in its community. Greenwich Hospital provided $36.0 million in total community benefit and

community building activities. This included $18.4 million in uncompensated care and $8.9 million in under reimbursed Medicaid (at cost).

To address the four community health improvement issues of Mental and Behavioral Health, Healthy Lifestyles, Access to Care, and Cancer, Greenwich Hospital, in collaboration with its Community Health Improvement Partnerships in CT and NY, held a variety of community programs such as Mental Health First Aid training and programs on Alcohol Awareness, Anxiety Disorders and Sensory Modulations. To address collegiate binge drinking and alcohol hazing, the coalition held several public viewings and discussion sessions of the documentary "HAZE". Greenwich Hospital supported Healthy Lifestyles by continuing its Diabetes Self-Management Program through which it trained 20 people, as well as Family Night Out at the Carver Center in Port Chester, N.Y., and the Kids Cooking in the Kitchen Program at Carver Center and the Boys and Girls Club of Greenwich. This program provided children ages 9 – 12 with the opportunity to participate in three weekly hands-on after school sessions focused on nutrition with Greenwich Hospital registered dieticians, nurses, and chefs in collaboration with the Boys & Girls Club through a grant provided by PepsiCo.

Greenwich Hospital also initiated new programs including the Congestive Heart Failure Support Group, Oral History Senior Project with the Port Chester and Rye Brook Seniors and School Wellness Fairs, and participated in an Access to Health Care Fair at the Hispanic Resource Center in Mamaroneck, N.Y. To address cancer, GH provided free screenings to 64 uninsured women through its partnership with the Breast Cancer Alliance and free prostate screenings to 64 men through the Ed Randall Fans for the Cure. Over the year, over 17,000 people attended Greenwich Hospital-sponsored community health programs including health education lectures, health fairs, free screenings, health risk assessments and support groups, which were held a variety of community locations such as parks, schools, senior centers, housing developments, houses of worship and senior centers to ensure community access.

The Greenwich Hospital Community Advisory Committee continues to monitor the progress of the Community Health Implementation Plan and meets quarterly to oversee the efforts of the Hospital to meet the needs of the communities it serves.

22. Please identify whether or not the JCAHO accreditation is currently in good standing for each of the Transacting Parties and each of their affiliate hospital(s). If not, then please discuss in detail the reasons and provide copy of the JCAHO survey.

Response: Westerly Hospital is Joint Commission accredited and such accreditation is current and in good standing. Please find a copy of correspondence from Joint Commission attached as Exhibit 22. The current status of Westerly Hospital's accreditation can be viewed in the "Quality Check" section of the Joint Commission's website, available at: www.qualitycheck.org.

L+M Hospital is Joint Commission accredited and such accreditation is current and in good standing. Please find copies of documentation from the Joint Commission with respect to L+M's Hospital and Behavioral Health Care accreditation attached hereto as Exhibit 22. In addition, through the Joint Commission, L+M Hospital maintains advanced certification in stroke care and certification for its joint replacement hip and knee programs. The current status of L+M's accreditation and disease-specific certifications can be viewed in the "Quality Check" section of the Joint Commission's website, available at: www.qualitycheck.org.

Each of the hospitals currently affiliated with Yale New Haven Health System (Bridgeport Hospital, Greenwich Hospital, and Yale-New Haven Hospital) are Joint Commission accredited, and such accreditations are in good standing.

23. Please provide detailed information and documentation sufficient to demonstrate the following:

a) that the character, commitment, competence, and standing in the community, or any other communities served by the proposed Transacting Parties are satisfactory;

Response: The best indicator of character, competence and standing in the community is the track record of the Transacting Parties. L+M has operated L+M Hospital in New London, Connecticut for over 100 years and is proud of its record with respect to high quality health care services, community education and outreach, disease prevention, and financial performance. Since its acquisition in 2013, Westerly Hospital, under the corporate umbrella of L+M, has seen a significant turnaround in its financial performance, moving from a negative to positive margin through the end of fiscal year 2015[1]. This financial stability has enabled Westerly Hospital to continue to provide much needed health care services to the communities it serves, and has resulted in restored community confidence in the institution. As outlined in the first and second Annual Reports provided by L+M to the Rhode Island Department of Health, L+M and Westerly Hospital met each of the commitments outlined in the Order approving the sale of Westerly Hospital to L+M. Please refer to Exhibit 23(a) for copies of the Annual Reports. Upon consummation of the proposed transaction, L+M and Westerly Hospital will become part of the System. The System's operations continually demonstrate its exemplary character, commitment, competence, and standing in each of its communities, as set forth below.

YNHHSC was formed in 1983 but Yale-New Haven Hospital and its predecessors have been in operation and affiliated with the Yale School of Medicine since 1826. The affiliation with the Yale School of Medicine was formally documented for the first time in 1913. Yale-New Haven Hospital is well known for its high quality care, and commitment to medical and healthcare education and to research. YNHHSC has a track record of successfully integrating community hospitals into its system, having affiliated with Greenwich Hospital in 1997 and Bridgeport Hospital in 1996.

The System has been a leader in the communities it serves through action and visibility. The System's mission calls for it to enable the health of the people it serves and we take that mission to heart. It also recognizes that there are a multitude of factors impacting the health of the community so the System has supported strong initiatives related to housing and education, as well as healthcare.

Yale-New Haven Hospital, for example, is a longstanding supporter of the New Haven Promise program which provides a pathway to college for students that graduate from New Haven high schools. It has supported local schools through literacy programs and mock trials and we have

---

[1] please note, however, the recent developments regarding decreases in Westerly Hospital's inpatient volumes described in response to Questions 12 and 14 of this application and that such developments may adversely impact Westerly Hospital's financial position

coordinated school supply drives and hosted health career fairs so that high school students can learn about careers in healthcare.

Yale-New Haven Hospital also has a strong partnership with Habitat for Humanity, constructing homes for local residents in need and provided more than $500,000 in contributions to more than 200 organizations.

Additionally, it holds health fairs, screenings and informational sessions for community organizations throughout our region, from schools to churches, to advance the collective health of the communities it serve. Yale-New Haven Hospital also launched a community needs assessments that led to expansive programs to prevent obesity in cities like Bridgeport and supported farm stands and fresh food initiatives in New Haven.

The System has supported local job growth and creation, partnering with CONNCAT and New Haven Works to develop training programs for local residents so that they may become eligible for jobs within the System. It also sponsors school at work programs to promote educational opportunities within the System's organizations.

These are just a few of the many ways in which the System demonstrates its character, commitment, competence, and standing within the community. It is core to the System's mission, vision and values and will continue to define its approach for the future. Its standing in the community is a critical component of what defines the YNHHSC organization.

b) that sufficient safeguards are included in the proposed conversion to assure the affected community continued access to affordable care;

Response: Attached hereto as Exhibit 23(b), please find documentation describing YNHHSC's Financial Assistance policies (the "FAP"), including the application, eligibility requirements, and information provided to patients. YNHHSC is currently in the process of updating the FAP to ensure continued compliance with I.R.C. 501(r) in accordance with the Affordable Care Act. Following the conversion, Westerly Hospital-specific provisions will be added to the FAP to note Westerly Hospital's obligation to comply with the *Statewide Standard for the Provision of Charity Care* set forth in Section 11.3 of the Rhode Island Department of Health Rules and Regulations Pertaining to Hospital Conversions (the "RI Regulations") and the *Statewide Standard for the Provision of Uncompensated Care* set forth in Section 11.4 of the RI Regulations. Note that the FAP eligibility thresholds are more inclusive than the minimum requirements in the RI Regulations. Accordingly, Westerly Hospital's post-closing charity care policy, along with its status as an enrolled Medicare and Medicaid provider will assure continued access to affordable care in its community.

c) that the new hospital will provide health care and appropriate access with respect to traditionally underserved populations, including racial and ethnic minority populations, in the affected community;

Response: Westerly Hospital is proud of its two (2) year track record, under L+M, of providing healthcare services and access to traditionally underserved populations.

Since its acquisition in 2013, Westerly Hospital has implemented several strategies, consistent with those used in other L+M affiliated entities, to ensure access to care for uninsured and underinsured individuals. First, Westerly Hospital initiated a financial counseling service for patients which is dedicated to helping patients and their families navigate the complex State requirements for Medicaid enrollment as well as guiding them through the hospital's internal charity care process. Also, Westerly Hospital maintains a Charity Care Policy and free bed fund that promotes provision of medically necessary care to all patients regardless of ability to pay. A copy of Westerly Hospital's charity care policy is attached as Exhibit 23(c).

Lastly, as outlined in the response to Question 21 of this application, Westerly Hospital continues to commit substantial resources to provide community benefits commensurate with needs outlined in the CHNA and internal data review processes. Westerly Hospital has and will continually work to assess community needs and respond accordingly with programs and services designed to improve access for all community members including the traditionally underserved.

d) that there will be procedures or safeguards in place to ensure that ownership interests in the new hospital will not be used as incentives for hospital employees or physicians to refer patients to the hospital;

Response: The new hospital will continue to be a non-profit corporation and its sole member will continue to be L+M. Therefore ownership interests in Westerly Hospital will not be available to any third party, including hospital employees or physicians.

e) that the Transacting Parties have made a commitment to ensure the continuation of collective bargaining rights, if applicable, and retention of the workforce;

Response: Section 2.4(c) of the Affiliation Agreement specifically provides that "all current collective bargaining agreements to which the L+M Affiliates are parties as of the Closing Date will remain in full force and effect in accordance with their terms." Accordingly, the Transacting Parties have pledged to continue collective bargaining agreements. Additionally, as mentioned in Question 13 above, staffing levels at Westerly Hospital are anticipated to be maintained commensurate with current levels (as adjusted for volumes).

f) that the Transacting Parties have appropriately accounted for employment needs at the facility and addressed workforce retraining needed as a consequence of any proposed restructuring;

Response: The Transacting Parties do not anticipate any restructuring and therefore work force retraining should be not necessary.

g) that the public interest will be served considering the essential medical services needed to provide safe and adequate treatment, appropriate access and balanced health care delivery to the residents of the state;

Response: The proposed transaction will only enhance Westerly Hospital's ability to provide safe, adequate, and essential medical services to the communities it serves. Community hospitals such as Westerly Hospital and L+M Hospital are finding it increasingly difficult to remain

independent and thus are integrating with larger, financially stable, integrated delivery systems to gain the resources and expertise needed to meet the challenges of health care reform and succeed long into the future. The proposed affiliation will benefit Westerly Hospital and the community by improving access to primary care and advanced specialty services, strengthening Westerly Hospital's ability to retain and recruit the best talent available, increasing access to needed capital to invest in facilities and technologies, improving access to population health expertise and infrastructure, and enhancing Westerly Hospital's financial stability by virtue of being part of a larger health system. Thus, the proposed transaction contributes to a balanced health care delivery system in the state by maintaining Westerly Hospital as vibrant health care provider and resource for Westerly area residents.

h) that issues of market share especially as they affect quality, access, and affordability of services in the proposed conversion are satisfactory.

Response: Residents of Westerly Hospital service area enjoy many options for hospital services including Westerly Hospital, L+M Hospital, William W. Backus Hospital, South County Hospital and the hospitals located in Providence. As a result of the conversion, it is expected that Westerly Hospital will be able to maintain and possibly increase its market share and therefore continue to provide access to Westerly area residents. We believe the conversion should improve quality as the hospital draws upon L+M's now-increased resources through the System. Finally we believe affordability will be maintained as Westerly Hospital continues to provide community hospital services.

24. Please provide copies of the IRS Form 990 H for each of the Transacting Parties and their affiliated hospital (s) for each of the past three years.

Response: Attached hereto as Exhibit 24 are the IRS Form 990H for each of Yale-New Haven Health Services Corporation, Bridgeport Hospital, Greenwich Hospital, Lawrence + Memorial Corporation, Lawrence + Memorial Hospital, and LMW Healthcare, Inc. d/b/a Westerly Hospital.

25. Please provide a list of all agreement of the existing hospital(s) and/or their affiliated medical providers with third party payors.

Response: Attached hereto as Exhibit 25 is a list of contracts that Westerly Hospital and its medical groups and YNHHSC entities have with third party payors.

26. Please confirm that the new hospital will continue to participate in the Rhode Island Cancer Registry and the Rhode Island Health Information Exchange (currentcare) after the implementation of the proposed conversion and, if not, please explain why not.

Response: After the closing, Westerly Hospital will continue to participate in the Rhode Island Cancer Registry and the Rhode Island Health Information Exchange.

27. Please provide a list of all professional memberships/associations and community collaborations that the existing hospital is currently a member or participant and, of those, please identify any that will not be maintained after the implementation of the proposed conversion.

Response: Attached is a list of all professional memberships/associations and community collaborations that Westerly Hospital is currently a member of or a participant in. Westerly Hospital intends to continue all of these memberships and participations after the implementation of the proposed conversion.

APPENDIX A

1. Please identify the total number of FTEs (full time equivalents) and the associated payroll expense (with fringe benefits) at the existing hospital for the last full FY year, for the current budget year and as projected at the new hospital in the first three years after the implementation of the proposal.

Please note: The net patient revenue increases shown between FY 2016 and FY 2017 are due to the combination of volume growth, and independently negotiated and routine CPI-based increases in payer rates. Between FY 2016 and FY 2017, Westerly Hospital's projected growth in outpatient volume was 2.6%, while inpatient volume was expected to grow by 2.1%. Also included in the forecast is increased reimbursement from Medicare which is anticipated to contribute positively to the Hospital's revenue stream for FY 2017. The combination of these factors translated into the net patient revenue growth reflected on chart A-2.

Please note however, as indicated in the response to Questions 12 and 14 of this application, there has been a recent reduction in inpatient volume experienced at Westerly Hospital. As this development is still under evaluation, no recommendations or conclusions have been factored into the projections reflected on chart A-2.

Exhibit 2

Brief Summary of Amendments to Bylaws and Certificates/Articles of Incorporation by Entity

1. **Yale-New Haven Health Services Corporation**

   A. Certificate of Incorporation. The proposed Amended and Restated Certificate of Incorporation contain revisions to add references to Lawrence + Memorial Corporation.

   B. Bylaws. The proposed Amended and Restated Bylaws contain revisions to update the formatting and use of defined terms.

2. **Lawrence + Memorial Corporation**

   A. Certificate of Incorporation. The proposed Amended and Restated Certificate of Incorporation contains revisions that name YNHHSC as the sole member of Lawrence + Memorial Corporation, reference Lawrence + Memorial Corporation's participation in the Yale New Haven Health System, and change the use of certain defined terms to avoid confusion with similar terms already used within the YNHHSC network.

   B. Bylaws. The proposed Amended and Restated Bylaws contain revisions that name YNHHSC as the sole member of Lawrence + Memorial Corporation and remove the provisions regarding a member's term and removal. The revisions also change the governance from a board of directors of seven (7) to sixteen (16) directors to a board of trustees of eight (8) to seventeen (17) trustees. The amendments also grant YNHHSC certain authority and approval rights, which are set forth in Exhibit A and Exhibit B to the Bylaws. The board of trustees will consist of elected members comprised of up to the following:

      (1) Physician representative from Northeast Medical Group, Inc.
      (1) Health care provider representative from L+M Hospital, Inc.
      (1) Health care provider representative from Westerly Hospital
      (6) Community trustees from the L+M Hospital service area
      (3) Community trustees from Westerly Hospital service area

      Additionally, the board of trustees will consist of ex-officio members comprised of the following:

      YNHHSC President/CEO
      L+M Corporation President/CEO
      L+M Hospital Board Chair
      Westerly Hospital Board Chair
      Visiting Nurse Association of Southeastern Connecticut, Inc. Board Chair

This board representation is consistent with L+M Corporation's pre-affiliation board structure except for the addition of a YNHHSC representative to the board and change in description of the L&M Physician Association representative (since LMPA will be merged into Northeast Medical Group as part of the closing transactions).

3. **LMW Healthcare, Inc. d/b/a Westerly Hospital**

A. Articles of Incorporation. The proposed amendment to the Articles of Incorporation of LMW Healthcare, Inc. makes it clear that LMW Healthcare, Inc. is a member of the Yale New Haven Health System.

B. Bylaws. The proposed Amended and Restated Bylaws contain revisions that grant YNHHSC and Lawrence + Memorial Corporation certain authority and approval rights, which are set forth in Exhibit A and Exhibit B to the Bylaws. The board of trustees remains responsible for the appointment, organization, and activities of the Westerly Hospital Medical Staff. Like the changes to the Lawrence + Memorial Corporation Bylaws, the governing body is changed from a board of directors of three (3) to eleven (11) members to a board of trustees of six (6) to twelve (12) members. The board of trustees will consist of certain elected members that "represent a cross section of major segments of the community served by [Westerly Hospital]..." The board of trustees shall also consist of certain ex-officio trustees as follows:

YNHHSC President/CEO
Lawrence + Memorial Corporation, Inc. President
President of Westerly Hospital
President of Westerly Hospital Medical Staff
Vice President of Westerly Hospital Medical Staff

This board representation is consistent with LMW Healthcare's pre-affiliation board structure with the addition of a YNHHSC representative to the board.

4. **Lawrence + Memorial Hospital, Inc.**

A. Articles of Incorporation. The proposed amendment to the Articles of Incorporation of Lawrence + Memorial Hospital, Inc. makes it clear that Lawrence + Memorial Hospital, Inc. is a member of the Yale New Haven Health System.

B. Bylaws. The proposed Amended and Restated Bylaws contain revisions that grant YNHHSC and Lawrence + Memorial Corporation certain authority and approval rights, which are set forth in Exhibit A and Exhibit B to the Bylaws. The board of trustees remains responsible for the appointment, organization, and activities of the L+M Hospital Medical Staff. Also, the governing body is changed from a board of directors of five (5) to eleven (11) members to a board of trustees of six (6) to twelve (12) members.

YALE-NEW HAVEN HEALTH SERVICES CORPORATION
AMENDED AND RESTATED BYLAWS

~~ARTICLE I.~~
ARTICLE I. NAME AND GENERAL PURPOSES

~~Section 1.1~~ **Section 1.1 Name**. The name of the corporation is **Yale-New Haven Health Services Corporation** (the "Corporation").

~~Section 1.2~~ **Section 1.2 General Purposes**. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

~~ARTICLE II.~~ ARTICLE II. MEMBERSHIP

The Corporation shall have no members and shall be governed by a self-perpetuating Board of Trustees (the "Board") as set forth herein.

~~ARTICLE III.~~ ARTICLE III. BOARD OF TRUSTEES

~~Section 3.1~~ **Section 3.1 Powers and Duties**. The Board shall have charge, control and management of the affairs, property and funds of the Corporation. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances, and in a manner he or she reasonably believes to be in the best interests of the Corporation.

~~Section 3.2~~ **Section 3.2 Composition**. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

~~(a)~~ (a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Board for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the ~~community~~communities and geographies served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

~~(b)~~ (b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

~~(i)~~ (i) the President/Chief Executive Officer of the Corporation;

~~(ii)~~ (ii) the President of Yale University;

~~(iii)~~ (iii) the Chair of the Board of Trustees of Yale-New Haven Hospital, Inc.;

~~(iv)~~ (iv) the Chair of the Board of Trustees of Bridgeport Hospital;

~~(v)~~ (v) the Chair of the Board of Trustees of Greenwich Hospital.

~~Section 3.3~~ Section 3.3 Number. The Board shall consist of up to twenty-one (21) Trustees, inclusive of Ex Officio Trustees.

~~Section 3.4~~ Section 3.4 Election of Trustees. At the annual meeting of the Board, the Board shall elect successors to the Elected Trustees whose terms are then expiring. The Board shall elect such successors consistent with the following:

~~(a)~~ (a) Nine (9) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the Chair of the Board of Trustees of Yale-New Haven Hospital, Inc.

~~(b)~~ (b) Three (3) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the President of Yale University; provided that (x) no more than two (2) Trustees nominated and elected in accordance with this clause shall be employees of Yale University; and (y) if any Trustee nominated in accordance with this clause is an employee of Yale University, then such Trustee shall hold an officer position at Yale University throughout the term of such individual's service as a Trustee.

~~(c)~~ (c) All other Elected Trustees shall be elected from among the nominees presented by the Nominating and Governance Committee.

In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

~~Section 3.5~~ Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Board at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Board at which they were elected or at such later date as may be established by the Board and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

~~(a)~~ (a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if:

~~(i)~~ (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or

~~(ii)~~ (ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

~~(b)~~ (b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided, however, that a Trustee may be re-elected for one or more additional consecutive terms if:

~~(i)~~ (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or

~~(ii)~~ (ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

~~Section 3.6~~ **Section 3.6 Resignation**. Any Elected ~~trustee~~Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

~~Section 3.7~~ **Section 3.7 Removal**. One or more Elected Trustees may be removed from the Board with cause by action of the Board. Action to remove an Elected Trustee may be taken at any meeting of the Board, provided that the notice of the meeting at which such action will be voted on shall state that the purpose or one of the purposes, of the meeting is removal of the Trustee.

~~Section 3.8~~ **Section 3.8 Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled by the Board in accordance with Section 3.4 of these Bylaws. If the vacancy results from the death, resignation or removal of a Trustee elected on nomination of Yale-New Haven Hospital, Inc., Bridgeport Hospital, Greenwich Hospital or Yale University, the institution that nominated the Trustee who died, resigned or was removed shall submit a name of a replacement Trustee consistent with Section 3.4. In the event that the remaining Trustees on the Board do not constitute a quorum, a vacancy may be filled by the concurring vote of a majority of such remaining Trustees. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

~~Section 3.9~~ **Section 3.9 Meetings**.

~~(a)~~ **(a) Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair or the President/Chief Executive Officer shall designate.

~~(b)~~ **(b) Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair or the President/Chief Executive Officer shall designate.

~~(c)~~ **(c) Special Meetings**. Special meetings of the Board may be called at any time by the Chair or the President/Chief Executive Officer and shall be called upon the written request of any three (3) Trustees.

~~Section 3.10~~ **Section 3.10 Notice of Meetings**. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice.

~~Section 3.11~~ **Section 3.11 Waiver of Notice**. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

~~Section 3.12~~ **Section 3.12 Action by Unanimous Written Consent**. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

~~Section 3.13~~ **Section 3.13 Participation by Conference Call**. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

~~Section 3.14~~ **Section 3.14 Quorum and Voting**. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees are present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of

the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board consistent with Article VII.

~~ARTICLE IV.~~ ARTICLE IV. OFFICERS

~~Section 4.1~~ **Section 4.1 Officers**. The officers of the Corporation shall consist of a President/Chief Executive Officer, a Chair, ~~one or more Vice Chairs,~~ a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair~~:~~ and any Vice Chair ~~and the Secretary~~ shall be members of the Board.

~~Section 4.2~~ **Section 4.2 Election and Term of Office**. Employees of the Corporation who are designated as officers shall be appointed by the Board and shall hold office at the pleasure of the Board. Officers who are not paid employees of the Corporation shall be nominated by the Nominating and Governance Committee and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and ~~till~~fill such other offices as it deems necessary consistent with Section 4.6.

~~Section 4.3~~ **Section 4.3 Powers**. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

~~(a)~~ (a) **President/Chief Executive Officer**. The President/Chief Executive Officer shall be the chief executive officer of the Corporation.

The President/Chief Executive Officer shall be a person who in the judgment of the Board has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, employees and the community.

The President/Chief Executive Officer shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President/Chief Executive Officer shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President/Chief Executive Officer shall be defined in a written statement adopted by the Board.

The President/Chief Executive Officer shall be a voting member of all standing committees except as otherwise specified in these Bylaws. In the absence of the Chair and the Vice Chair, or if there be no Chair or Vice Chair, the President/Chief Executive Officer shall preside at all meetings of the Board.

The President/Chief Executive Officer shall serve, as long as he or she is appointed by the Board of Yale-New Haven Hospital, Inc., as the chief executive officer of Yale-New Haven Hospital, Inc.

~~(b)~~ (b) **Chair**. The Chair of the Board shall preside at meetings of the Board and shall perform such other duties as the Board may from time to time prescribe.

~~(c)~~ (c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

~~(d)~~ (d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office, shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

~~(e)~~ (e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

~~Section 4.4~~ **Section 4.4 Resignation and Removal**.

~~(a)~~ (a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

~~(b)~~ (b) The Board may remove from office any officer with or without cause. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

~~Section 4.5~~ **Section 4.5 Vacancies**. In the case of the death, resignation or removal of any officer, the vacancy may be filled by the Board for the unexpired term.

~~Section 4.6~~ **Section 4.6 Other Officers**. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

~~ARTICLE V.~~ ARTICLE V. COMMITTEES

~~Section 5.1~~ **Section 5.1 Classification**. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

~~Section 5.2~~ **Section 5.2 Appointment of Committee Members**. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board on nomination of the Nominating and Governance Committee. All such committee

members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. All committees shall have the power to choose their own secretaries. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees. Each committee shall be chaired by a member of the Board.

~~Section 5.3~~ **Section 5.3 Committee Governance**.

~~(a)~~ **(a) Quorum and Voting**. A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

~~(b)~~ **(b) Meetings**. Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

~~Section 5.4~~ **Section 5.4 Standing Committees**.

~~(a)~~ **(a) Finance Committee**. The Finance Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee and shall include at least one (1) representative from each of the founding hospital members of the obligated group led by the Corporation. Notwithstanding anything herein to the contrary, (i) at least one member of the Finance Committee shall have financial expertise, as determined by the Board; and (ii) a majority of the members of the Finance Committee shall be Trustees. The Finance Committee shall have such duties as are established by the Board and set forth in the Finance Committee charter. These duties shall include, but not be limited to, fact-finding for the Board on matters relating to the financial administration of the Corporation and its affiliates, examination and analysis of financial reports of the Corporation and its affiliates, and preparation of annual operating and capital budgets for presentation to the Board that take into account the financial plans for the Corporation and its affiliates.

~~(b)~~ **(b) Audit Committee**. The Audit Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee. Notwithstanding anything herein to the contrary, (i) at least one member of the Audit Committee shall have financial expertise, as determined by the Board; (ii) a majority of the members of the Audit Committee shall be Trustees; and (iii) no member of the Audit Committee shall have any material business relationship (including but not limited to an employment relationship) with the Corporation or any of its affiliates. The Audit Committee shall have such duties as are established by the Board and set forth in the Audit Committee charter. These duties shall include, but not be limited to, monitoring the integrity of the financial statements of the Corporation and its affiliates; recommending to the Board an independent auditor for the Corporation and its affiliates; reviewing the outside auditor's independence, qualifications and

performance; meeting with the independent auditor from time to time to review financial results and controls of the Corporation and its affiliates; overseeing the effectiveness of internal controls of the Corporation and its affiliates.

~~(c)~~ (c) **Nominating and Governance Committee**. The Nominating and Governance Committee shall consist of not fewer than five (5) nor more than eight (8) members of whom the following shall be Ex Officio members: (i) the Chair of the Board of Yale-New Haven Hospital; (ii) the President of Yale University; (iii) the President/Chief Executive Officer of the Corporation; (iv) the Chair of the Board of Bridgeport Hospital; and (v) the Chair of the Board of Greenwich Hospital. Ex Officio members shall be counted in determining a quorum and shall have full voting rights. All other members shall be elected by the Board subject to the consent of the Chair of the Board of Yale-New Haven Hospital and at least one of such additional members shall be a member of the Board of Trustees of Yale-New Haven Hospital, Inc. The Nominating and Governance Committee shall nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all other standing committees. The Nominating and Governance Committee shall also review Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process.

~~(d)~~ (d) **System Investment Committee**. The System Investment Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee and shall include one (1) representative from each of the founding hospital members of the obligated group led by the Corporation. At all times, a majority of the members of the System Investment Committee shall be Trustees. The System Investment Committee shall have such duties as are delegated to it by the Board. These duties include oversight of investment activities of the Corporation.

~~Section 5.5~~ **Section 5.6 Other Committees**. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

~~Section 5.6~~ **Section 5.7 Powers of Committees**. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws.

~~ARTICLE VI.~~ ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

~~ARTICLE VII.~~

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Connecticut Revised Nonstick Corporation Act, as such act may be amended from time to time (the "Nonstock Act") related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

~~ARTICLE VIII.~~

ARTICLE VIII. MISCELLANEOUS PROVISIONS

~~Section 8.1~~ **Section 8.1 Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

~~Section 8.2~~ **Section 8.2 Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President/Chief Executive Officer or such other officers or officers as may be specified by the Board or authorized by the President/Chief Executive Officer.

~~Section 8.3~~ **Section 8.3 Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President/Chief Executive Officer or such officer or officers of the Corporation as the Board may specify from time to time.

~~Section 8.4~~ **Section 8.4 Related Corporations**. The Corporation is nonprofit and shall not engage directly in activities for profit. It may, however, from time to time organize and control, through stock ownership or otherwise, one or more corporations organized and operated for profit. In considering the appropriateness of organizing or controlling corporations organized and operated for profit, the Corporation shall give principal consideration to corporations engaged in activities which relate to health care or which directly or indirectly support, advance or contribute to the purposes and objectives of the Corporation and its affiliates that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time. The Board shall establish guidelines, consistent with the provisions of this Section, for consideration of

activities which might suitably be developed through for profit corporations controlled by the Corporation.

~~ARTICLE IX.~~ ARTICLE IX. AMENDMENTS

These Bylaws may be amended, altered, or repealed at any meeting of the Board by a two-thirds vote of the Trustees present and voting, a quorum being present, provided that the general nature and purpose of such proposed amendment(s) shall be set forth in the notice of the meeting, and the actual language of the proposed amendments need not be included in the notice.

Notwithstanding anything herein to the contrary:

~~(i)~~ (i) any amendment to reduce or alter the number, conditions of office, or terms of Trustees who either (x) are required to be trustees of Yale-New Haven Hospital, Inc. or (y) are nominated for election by the Chair of the Board of Yale-New Haven Hospital, Inc., shall be subject to approval by at least a majority of the following Trustees: the Chair of the Board of Yale-New Haven Hospital, Inc. and all Trustees nominated by the Chair of the Board of Yale-New Haven Hospital, Inc.

~~(ii)~~ (ii) any amendment to reduce or alter (x) the number, conditions of office, or terms of Trustees who serve Ex Officio by virtue of his or her position with Bridgeport Hospital or Greenwich Hospital or (y) the rights of Bridgeport Hospital or Greenwich Hospital to have a representative on certain enumerated committees of the Board, shall be subject to approval by a two-thirds vote of the Trustees present and voting, a quorum being present, and to approval by the Ex Officio Trustee representing the affected hospital(s).

~~(iii)~~ (iii) any amendment, alteration or repeal of these Bylaws shall be consistent with the Affiliation Agreement between the Corporation and Yale University dated June 25, 1999 and any amendments thereto.

AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION

YALE-NEW HAVEN HEALTH SERVICES CORPORATION

1. The name of the corporation is YALE-NEW HAVEN HEALTH SERVICES CORPORATION.

2. The nature of the activities to be conducted, or the purposes to be promoted or carried out by the corporation shall be exclusively charitable, scientific and educational within the meaning of Section 501(c)(3) of the Code (as defined in paragraph 8 hereof) and shall include the following:

A. To benefit and carry out the purposes of, to perform the functions of, and uphold, promote and further the welfare, programs and activities of an integrated health care delivery system known as the Yale New Haven Health System (the "System") and its affiliates, including Bridgeport Hospital ~~("BH")~~, Greenwich Hospital ~~("GH")~~, Yale-New Haven Hospital ~~of New Haven, Connecticut ("YNHH")~~, Lawrence + Memorial Corporation, Northeast Medical Group, Inc. ~~("NEMG")~~ and such other organizations as may become affiliates of the System from time to time (collectively, the "YNHHS Members");

B. To engage directly in, and collaborate with, ~~BH, GH and YNHH and with NEMG~~the YNHHS Members and Yale University and other hospitals and health care institutions and other organizations in, the initiation, development and maintenance of programs directed toward improving the efficiency and reducing the cost of health care services while maintaining a high quality of such care;

C. To collaborate with Yale University and with other colleges and schools in the initiation, development and maintenance of educational programs for health professionals and for the public, including programs of medical and nursing education, continuing education, graduate medical education and community health education;

D. to collaborate with ~~BH, GH and YNHH~~the YNHHS Members, with Yale University and with other hospitals, health care institutions, colleges and schools in the initiation, development and maintenance of programs of scientific research related to the care of the sick and injured;

E. To initiate, develop, operate and maintain, directly and in collaboration with ~~BH, GH and YNHH~~the YNHHS Members, and with other hospitals and health care institutions and organizations, programs for the delivery of health care services through one or more separate corporations;

F. To acquire, improve, hold and lease any real or personal property useful to the accomplishment of the purposes of this corporation;

G. To own and operate facilities, directly and in collaboration with ~~BH, GH and YNHH~~the YNHHS Members, and with other hospitals and health care institutions and organizations, to achieve the purposes of the corporation;

H. To receive and accept public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of this corporation; and generally to do and perform such other acts and to exercise such other powers as may be authorized or permitted under the laws of the State of Connecticut to promote and attain the purposes set forth herein; and

I. To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Act in furtherance of the foregoing.

3. The corporation is nonprofit and shall not have or issue shares of stock or pay dividends.

4. The corporation shall have no Members, and the corporation shall be operated under the management of a Board of Trustees.

5. The Board of Trustees shall be composed of two designations of trusteeships, Elected Trustees and Ex Officio Trustees, with the trustees to be elected as provided in the Bylaws. Ex Officio Trustees may be counted in determining a quorum and have the right to vote as shall be provided in the Bylaws. As may be further provided in the Bylaws, the terms of Elected Trustees may be staggered by dividing the Elected Trustees into groups so that approximately an equal number of such Trustees have terms that expire each year.

6. No part of the net earnings of the corporation shall inure to the benefit of or be distributable to the corporation's trustees, officers or other private persons, except that the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Paragraph 2 hereof. No substantial part of the activities of the corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from Federal Income Tax under Section 501(c)(3) of the Code or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

7. Upon any dissolution or termination of the existence of the corporation, all of its property and assets shall, after payment of the lawful debts of the corporation and the expenses of its dissolution or termination, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to Bridgeport Hospital, Greenwich Hospital ~~and~~, Yale-New Haven Hospital, Lawrence + Memorial Corporation, and Northeast Medical Group, Inc., provided they

shall then qualify as exempt organizations under Section 501(c)(3) of the Code, in such proportions as the Board of Trustees may deem appropriate consistent with the relative financial and other contributions of each to the corporation, and to such other charitable, scientific or educational organizations qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Trustees may determine.

8. References to sections of the Code shall be deemed references to the Internal Revenue Code of 1986, as the same may be amended from time to time, and to the corresponding provisions of any future United States Internal Revenue Law.

9. In addition to, and not in derogation of, any other rights conferred by law, a Trustee shall not be personally liable for monetary damages for breach of duty as a Trustee in an amount greater than the compensation received by the Trustee for serving the corporation during the year of the violation if such breach did not (1) involve a knowing and culpable violation of law by the Trustee, (2) enable the Trustee or an associate as defined in Section 33-840 of the Connecticut General Statutes, to receive an improper personal economic gain, (3) show a lack of good faith and conscious disregard for the duty of the Trustee to the corporation under circumstances in which the Trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the corporation, or (4) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of the Trustee's duty to the corporation. Any lawful repeal or modification of this Section 9 or the adoption of any provision inconsistent herewith by the Board of Trustees of the corporation shall not, with respect to a person who is or was a Trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a Trustee provided for in this Section 9 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

Section 10. The corporation shall provide its Trustees with the full amount of indemnification that the corporation is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to Trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the corporation shall indemnify its Trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (1) involved a knowing and culpable violation of law by the Trustee, (2) enabled the Trustee or an associate to receive an improper personal economic gain, (3) showed a lack of good faith and a conscious disregard for the duty of the Trustee to the corporation under circumstances in which the Trustee was aware that his or her conduct or omission created an unjustifiable risk of serious injury to the corporation, or (4) constituted a sustained and unexcused pattern of inattention that amounted to an abdication of the Trustee's duty to the corporation.

The corporation may indemnify and advance expenses to each officer, employee or agent of the corporation who is not a Trustee, or who is a Trustee but is made a party to a proceeding in his or her capacity solely as an officer, employee or agent, to the same extent as the

corporation is permitted to provide the same to a Trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

Notwithstanding any provision hereof to the contrary, the Corporation shall not indemnify any trustee, officer, employee or agent against any penalty excise taxes assessed against such person under Section 4958 of the Internal Revenue Code.

MEMBERS

Section 2.01. Classes of Members. The Corporation shall have only one class of members (the "Members"), consisting of not more than two hundred twenty-five (225) individuals elected to membership in accordance with these Bylaws (the "Elected Members"), and, in addition, the following ex officio Members: the President and CEO; the President of the L+M Hospital Medical Staff; the President of the Westerly Hospital Medical Staff; the Vice President of the Medical Staff of each of the Hospitals; a representative at large of the Medical Staff of each of the Hospitals (who ordinarily shall be the immediate past President or a former President of each medical staff); the Mayor of the City of New London; the Mayors of each of the Towns of Groton and Ledyard; the First Selectman of each of the Towns of East Lyme, Lyme, Montville, North Stonington, Old Lyme, Salem, Stonington and Waterford; the Superintendent of the United States Coast Guard Academy in New London; the Commanding Officer of the Naval Hospital in Groton, and the Town Manager of the Town of Westerly, Rhode Island (the "Ex-Officio Members"). Elected Members shall be individuals who reside or work in or around the areas served by the Hospitals, who have an interest in furthering the purposes of the Corporation and the System and who are willing and continue to meet the requirements of

~~Members, which includes but is not limited to attendance at meetings. An Elected Member shall be less than seventy-five years of age at the time of his or her election.~~

~~Section 2.02. Election. Elected Members shall be elected at any annual or special meeting of the Members from a slate of nominees prepared by the Nominating and Governance Committee.~~

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), without the prior approval of the Member. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the Member, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the approval rights reserved to the Member set forth in Exhibit A, the Member expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval of the Board of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees,

the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees.** Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees.** In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of the Member (or his or her designee);

(ii) the President of the Corporation;

(iii) the Chair of the Board of Lawrence + Memorial Hospital, Inc. ("L+M Hospital");

(iv) the Chair of the Board of LMW Healthcare, Inc., doing business as Westerly Hospital ("Westerly Hospital"); and

(v) the Chair of the Board of Visiting Nurse Association of Southeastern Connecticut, Inc. ("VNASC").

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

Section 3.3 Number. The Board shall consist of no fewer than eight (8) nor more than seventeen (17) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include:

(a) up to three (3) health care providers on the Medical Staffs of L+M Hospital and Westerly Hospital who shall be selected from a group of five (5) candidates

proposed to the Nominating and Governance Committee by each of the respective Medical Staffs, provided that at least one (1) such Elected Trustee shall be on the Medical Staff of L+M Hospital and at least one (1) such Elected Trustee shall be on the Medical Staff of Westerly Hospital;

(b) Up to six (6) community members from the L+M Hospital service area; and

(c) Up to three (3) community members from the Westerly Hospital service area.

Section ~~2.03. Term; Tenure. The term of each Member other than persons serving in an ex-officio capacity shall be until resignation, removal, death, or the fifth annual meeting following such Member's election, whichever first occurs.~~**3.5 Term and Term Limits.** There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

~~Section 2.04. Termination of Membership.~~

~~a. Removal. Elected Members may be removed from membership by the affirmative vote of two thirds (2/3) of the Members present and voting at a meeting of the Members called for the purpose of removing the Elected Member. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Elected Member. Failure to attend three (3) consecutive annual meetings, or permanent removal from the service area of a Hospital, shall constitute grounds for removal.~~

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one

year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of Yale-New Haven Health Services Corporation at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of Yale-New Haven Health Services Corporation.

~~b.~~ **Section 3.6 Resignation**. Any Elected ~~Members~~Trustee may resign ~~from membership~~ at any time by ~~delivering~~giving written notice of such resignation to the Secretary of ~~the~~this Corporation. ~~The~~Such resignation shall be effective ~~when the notice is delivered unless the notice specifies a later effective date.~~at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

~~c. Ex-Officio Members. An Ex-Officio Member's membership shall terminate immediately when the Ex-Officio Member ceases to hold the qualifying position or office.~~

~~d. Effect of Termination. All rights and privileges of a Member in the Corporation cease immediately upon termination of membership.~~

~~Section 2.05 Voting Rights. All Members shall be entitled to vote for the election of Members and the Board of Directors in accordance with these Bylaws, but shall not be entitled to vote on any other matter.~~

Section 3.7 Removal. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member and may be filled at any time in accordance with the process set forth in Section 3.4 of these Bylaws. An individual

elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section ~~2.06.~~ 3.9 Meetings.

(a) **Annual ~~Meeting~~Meetings**. The annual meeting of ~~Members~~the Board shall be held ~~each year in the month of December or a date to be fixed by the Board of Directors from year to year, at such time and place as shall be determined by the President and CEO.~~on such date and time as the Chair of the Board shall designate.

~~Section 2.07. Special Meetings. Special meetings of the Members~~

(b) **Regular Meetings.** Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings.** Special meetings of the Board may be called at any time by the Chair or ~~by the~~ President and ~~CEO, and~~ shall be called ~~within fourteen (14) days after receipt of~~upon the written request of any ~~twenty~~three (~~20~~3) ~~Members. The notice of such special meeting shall state the general purpose or purposes for which the special meeting is called and no other business shall be transacted at the meeting.~~Trustees.

Section ~~2.08. Notice of Meetings.~~ ~~Notice of the date, time, and place of any meeting of the Members shall be given to each Member by mail, electronic mail, telecommunications, telephone, facsimile or in person at least ten (10) days before the meeting date.~~ **3.10 Notice of Meetings.** Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President/Chief Executive Officer of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President/Chief Executive Officer of the Member has consented to receive notice.

Section ~~2.09. Quorum; Vote Required for Action.~~ ~~The Members who are present in person at a meeting shall constitute a quorum for action at that meeting. The affirmative vote of at least a majority of Members present at a meeting of the Members at which time a vote is taken shall be the act of the Members, unless the vote of a greater number is required by law, the Certificate of Incorporation or these Bylaws.~~

~~ARTICLE III~~

~~BOARD OF DIRECTORS~~

~~Section 3.01. Composition. The management of the Corporation and its affairs and property shall be entrusted to the Board of Directors (sometimes referred to as the "Board"), which shall consist of not less than seven (7) nor more than sixteen (16) Directors who shall be individuals serving as Members of the Corporation. At all times, five (5) of these Directors shall serve ex officio: the President and CEO; the Chair of the board of directors of L+M Hospital; the Chair of the board of directors of Westerly Hospital; the Chair of the board of directors of VNASC and the Chair of the combined boards of the L+M Physicians entities (the "Ex-Officio Directors"). The remaining Directors (the "Elected Directors") shall include: (a) up to one (1) health care provider on the medical staff from each of the Hospitals selected from a group of five (5) candidates proposed to the Governance Committee by the respective medical staffs, (b) up to six (6) community members from the L+M Hospital service area, and (c) up to three (3) community members from the Westerly Hospital service area. The Elected Directors shall be elected by the Members in accordance with these Bylaws. The Elected Directors shall be divided into three (3) groups, comprised of as equal a number of Elected Directors per group as possible, so that approximately one-third (1/3) of the Elected Directors shall have terms that expire annually.~~

~~Section 3.02. Election and Terms. Elected Directors shall be elected by the Members at the annual meeting of the Members from a slate of nominees prepared by the Governance Committee in accordance with these Bylaws. No nominations from the floor shall be permitted. Except as otherwise provided in these Bylaws, Elected Directors shall serve a term of three (3) years or until their resignation, removal or death. The Members may elect Directors to serve one-year or two-year terms in order to achieve the groupings required by Section 3.01 of these Bylaws.~~

~~Section 3.03. Tenure. An Elected Director shall be eligible for election to three (3) consecutive three-year terms. For the purposes of determining eligibility for re-election, an Elected Director who has served more than one and one-half (1½) years of a three-year term shall be deemed to have served a full term. An Elected Director may be re-elected for a fourth consecutive term if the Director is also elected as an officer at the beginning of such fourth term. After serving the maximum time permitted under this Section 3.03, an Elected Director may be~~

re-elected to the Board only after the Director has been off the Board for a period of at least one (1) year.

Section 3.04. Resignation. An Elected Director may resign at any time by delivering written notice to the Secretary of the Corporation. The resignation shall be effective when the notice is delivered, unless the notice specifies a later effective date. If an Ex-Officio Director resigns or is removed from the position from which his or her ex-officio status derives, the Ex-Officio Director will immediately and automatically cease to be a Director without further action by the Board.

Section 3.05. Removal. An Elected Director may be removed with or without cause by the affirmative vote of two-thirds (2/3) of the Directors present and voting at a meeting at which a quorum is present. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Director.

Section 3.06. Vacancies. A vacancy of an Elected Director may be filled by the Board at any regular or special meeting. The individual elected to fill the vacancy shall be a Member of the Corporation and shall serve until the next annual meeting of the Members at which Directors are elected.

Section 3.07. Duties and Responsibilities. Subject to the rights, powers and privileges accorded to the Members in the Certificate of Incorporation, these Bylaws, or by law, the Board shall manage and direct the business, property, and affairs of the Corporation. The Board shall exercise all of the powers of the Corporation in accordance with these Bylaws. Without limiting the foregoing, the Board of Directors shall have the power to:

(a) Approve an overall philosophy, statement of vision and mission for the System;

(b) Approve the philosophy, mission and values of each Subsidiary and any change thereto;

(c) Adopt strategic plans for the Corporation and each Subsidiary;

(d) Approve annual operating and financial targets, major clinical and/or financial initiatives, and financial plans for the Corporation and each of the Subsidiaries (including capital and operating budgets);

(e) Approve the formation or acquisition of new direct or indirect Subsidiaries, joint ventures or affiliations;

(f) Approve the Certificate of Incorporation, Bylaws and other governance documents of the Corporation and each Subsidiary, and any amendments thereto or restatements thereof;

(g) Approve all core competencies and qualifications required for selection of the Corporation's Directors and the directors of each Subsidiary;

(h) Appoint and remove all Board officers of the Corporation, the President and CEO, and the chief executive officer of each Subsidiary;

(i) Appoint all directors of each Subsidiary, and remove, with or without cause, all directors or board officers of each Subsidiary;

(j) Establish and oversee the System's compliance program;

(k) Select outside executive compensation counsel, approve an executive compensation policy and program, and evaluate executive and physician compensation arrangements to assure compliance with the fair market principles and tests for commercial reasonableness established by the Internal Revenue Service ("IRS");

(l) Approve any change in the Corporation's accounting periods or methods, or those established for the System;

(m) Select and approve any auditor of the annual audited financial statements for the Corporation and its Subsidiaries;

(n) Approve any accounting or debt management programs established for the System, establish any debt limits under such programs, and approve any variances from such programs or limits for the Corporation and the Subsidiaries;

(o) Approve the incurrence of debt or financing by the Corporation or any Subsidiary, other than credit purchases of goods or services in the ordinary course of business, except as included in approved capital or operating budgets or pursuant to other guidelines established by the Corporation;

(p) Oversee each Subsidiary's use, management and investment of its permanent and temporarily restricted endowment funds;

(q) Approve any voluntary change to the federal income tax exemption granted by the IRS to the Corporation or any Subsidiary under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code");

(r) Initiate or consent to any form of insolvency proceeding of any entity in the System;

(s) Approve all projects, agreements or transactions undertaken by the Corporation or a Subsidiary involving the expenditure of funds or divestiture of assets in excess of $250,000 and not otherwise included in an approved budget;

(t) Approve the services offered by the Subsidiaries, new service lines or termination of existing service lines not otherwise included in an approved budget or a strategic or financial plan;

(u) Approve any sale, lease, transfer, or substantial change in the use of all or substantially all of the assets of the Corporation or any Subsidiary;

(v) Approve any merger, consolidation, restructuring, change in corporate ownership, dissolution, or liquidation of the Corporation or any Subsidiary;

(w) Approve the acquisition of any real estate or any significant lease arrangement by any Subsidiary, except as otherwise included in a strategic or financial plan or approved budget;

(x) Approve any management contract or outsourcing arrangement for any Subsidiary which would substantially impact or alter its operations;

(y) Approve any change in the primary business name or logo of the Corporation or any entity in the System;

(z) Delegate to the President and CEO any of its powers of review or approval of actions or matters relating to any Subsidiary to the extent permitted by law, the Certificate of Incorporation and these Bylaws; and

(aa) Take such other actions and steps as may be necessary to maintain the long-range financial strength and viability of the System and the Subsidiaries.

Section 3.08. Compensation. The Directors shall serve without compensation for their services as Directors but may be reimbursed by the Corporation for their reasonable expenses and disbursements in that capacity on behalf of the Corporation.

ARTICLE IV

MEETINGS OF THE BOARD OF DIRECTORS

Section 4.01. Annual and Regular Meetings. The annual meeting of the Board shall be held in the month of December on a date to be fixed by the Chair from year to year, immediately following the adjournment of the annual meeting of the Members, unless the Chair shall designate a different date for the annual meeting of Directors. At the annual meeting, the Board shall appoint the officers of the Corporation and the committee members, and shall transact such other business as shall properly come before the meeting. The Board of Directors shall hold at least four (4) meetings in each year, at least one of which shall be the annual meeting. The Board may hold its meetings, annual, regular or special, at such place or places within or without the

~~State of Connecticut as the Board may from time to time by resolution determine or as shall be specified or fixed in the notice or waiver of notice thereof.~~

~~Section 4.02. Notices of Annual and Regular Meetings.~~ ~~The Secretary shall give notice of the date, time and place of the annual meeting and each regular meeting of the Board by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person to each Director at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule approved by the Board.~~

~~Section 4.03. Special Meetings.~~ ~~Special meetings of the Board may be called at any time by the Chair, and shall be called by the Chair within seven (7) days of receipt of the written request of any three (3) Directors. Notice of the date, time, place and purpose of a special meeting shall be given to each Director by mail, electronic mail, telecommunications, telephone, facsimile, delivery or in person at least two (2) days before the scheduled time of the meeting, and no business shall be transacted at such meeting other than that specifically stated in the notice.~~

~~Section 4.04. Quorum; Vote Required for Action.~~ ~~A majority of all Directors then in office shall constitute a quorum at all meetings of the Board of Directors. The affirmative vote of a majority of the Directors present at a meeting at which a quorum is present and at which time a vote is taken shall be the act of the Board of Directors, unless the vote of a greater number of Directors is required by the Certificate of Incorporation, these Bylaws or by law. Ex-Officio Directors shall be counted in determining a quorum and shall be entitled to vote.~~ **3.11**

Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section ~~4.05. Action Without Meeting.~~ ~~If all Directors consent in writing to any action taken or to be taken, the action shall be the same as if authorized at a meeting of the Board. All written consents shall be included in the corporate minutes or filed with the corporate records.~~ **3.12** **Action by Unanimous Written Consent.** Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section ~~4.06. Remote~~ **3.13 Participation** ~~at a Meeting. Any Director~~**by Conference Call.** The members of the Board may participate in a meeting of the Board by means of ~~a~~ conference telephone or similar communications equipment ena~~bling all Directors~~(including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in a~~t~~he meeting by means of such equipment shall constitute presence in person at such meeting.

Section ~~4.07. Agenda and Records of Meetings. There shall be a written agenda for each meeting of the Board of Directors, and minutes of each meeting shall be prepared by the Secretary or a delegate and submitted to the Board for approval. Minutes shall reflect attendance at the meeting and shall be dated, signed and maintained in the corporate records following approval.~~**3.14 Quorum and Voting.** A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

~~Section 4.08. Executive Session. The Board of Directors may meet in executive session at least once during each fiscal year and may meet in executive session at such other times as the Chair may designate. An executive session may be held during any regular or special meeting of the Board and shall be attended only by Directors and other persons invited by the Chair for all or any portion of the executive session, provided that Directors who are employees of the Corporation or any Subsidiary may at the discretion of the Chair be excluded from all or any portion of an executive session.~~

ARTICLE ~~V~~IV. OFFICERS

Section ~~5.01. Officers and Election. The officers shall be a Chair, the President and CEO, a Secretary, a Treasurer.~~**4.1 Officers.** The officers of the Corporation shall consist of a President, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time ~~be designated by the Board. The Chair, the Secretary and the Treasurer shall each be chosen from the members of the Board and the Chair must qualify as an independent member of the Board under applicable IRS and Corporation guidelines. The offices of Chair, the President and CEO,~~consistent with Section 4.6. The Chair and any Vice Chair shall be selected from among members of the Board of Trustees. The offices of the President, the Chair and the Treasurer shall be held by different individuals.

~~Section 5.02. Term of Office. Except for the President and CEO, the officers shall be chosen by the Board at its annual meeting, and shall hold office until the next annual meeting or until their earlier resignation, removal or death.~~

~~Section 5.03. Vacancies. Any vacancy occurring in any office shall be filled promptly by the Board of Directors at any meeting of the Board.~~

~~Section 5.04. Removal. Any officer may be removed with or without cause at any meeting of the Board by the vote of two-thirds (2/3) of the Directors present and voting at a meeting of the Board, provided that a quorum has been established at such meeting and that the notice of the meeting specifically states that the purpose or one of the purposes of the meeting is the removal of the officer.~~

~~Section 4.05. Duties and Powers. The duties of the officers shall be as follows:~~

Section 4.2 Election and Term of Office. The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 Powers. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President.** The President of the Corporation shall be appointed by the Member, following consultation with the Board. The appointed President shall serve at the pleasure of the Member.

The President shall be a person who in the judgment of the Member has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staffs of L+M Hospital and Westerly Hospital, Corporation personnel and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President/Chief Executive Officer of the Member (or his or her designee) as well as to the Board.

~~a.~~(b) **Chair~~:~~.** The Chair~~, or any Director designated by~~ of the ~~Chair~~Board shall preside at ~~all~~ meetings of the Board and shall be a voting member of all committees except the Nominating and Governance Committee. The Chair shall perform such other duties ~~incident to the office or delegated by~~as the Board ~~or these Bylaws~~may from time to time prescribe. ~~The Chair shall be an ex officio~~ member ~~of all committees.~~

~~b. Treasurer. The Treasurer shall supervise the receipt and custody of the Corporation's funds and investments, the maintenance of the financial books and records, including full and accurate accounts of receipts and disbursements, and shall perform such other duties incident to the office or as from time to time may be assigned by the Board or these Bylaws.~~(c) **Vice Chair.** The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

~~c. Secretary: The Secretary shall maintain the minutes of such meetings of the Members, the Board of Directors and of all committees in the corporate records; give, or cause to be given, all notices required by these Bylaws or by law; serve as custodian of and be responsible for authenticating the corporate records; make such records available to the Members and the Board upon request; and, in general, perform all other duties incident to the office of Secretary and such other duties as from time to time may be delegated by the Board or these Bylaws.~~

~~d. Other Officers: The Board may from time to time appoint an Assistant Treasurer, Assistant Secretary or such other officers as the Board may deem necessary or advisable for the efficient operation of the Corporation's affairs, each of whom shall hold office for such period, have such authority and perform such duties as the Board of Directors may from time to time determine.~~

~~ARTICLE VI~~

~~PRESIDENT AND CEO~~

~~Section 6.01. President and CEO. The Board of Directors shall appoint the President and CEO, who shall serve as the chief executive~~

(d) **Secretary.** The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board,

and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer.** The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation. ~~The Board shall establish the objectives, evaluate the performance, and determine the compensation of the President and CEO. The removal of the President and CEO shall be at the discretion of the Board. The President and CEO shall have the responsibilities set forth in Section 6.03, and shall be responsible to the Board of Directors, or to the Chair when the Board is not in session, for the full executive administration of the Corporation, subject to such policies as may be adopted and such orders as may be issued by the Board of Directors.~~

~~Section 6.02. Qualifications for the President and CEO. The Board of Directors shall establish a criteria based process for selecting a qualified and competent individual to serve as the President and CEO. The President and CEO shall have the knowledge and skills necessary to perform the duties required of the Corporation's senior leader. Among other criteria, education and relevant experience are important qualifications.~~

~~Section 6.03. Responsibilities of the President and CEO. Subject to the powers expressly reserved to the Board, the President and CEO shall, in general, supervise and control all business and affairs of the Corporation. He or she shall have the power to sign, acknowledge and deliver on behalf of the Corporation all deeds, agreements and other formal instruments. The President and CEO shall be delegated the responsibility for overall management of the Corporation, and shall be given the authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board of Directors. The President and CEO shall see that all orders and resolutions of the Board are carried into effect. In general, he or she shall perform all duties incident to the office of President and CEO and such other duties as may from time to time be delegated by the Board of Directors or these Bylaws.~~

~~Section 6.04. Attendance at Meetings. The President and CEO shall attend all meetings of the Board and the Executive Committee, unless excused by the Chair. The President and CEO shall be an ex officio member of all committees except the Audit and Compliance Committee and the Executive Compensation Committee.~~

~~ARTICLE VII~~ may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3(a).

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

~~COMMITTEES~~ARTICLE V. COMMITTEES

~~Section 7.01. Generally. The Board shall have the Standing Committees created in Sections 7.02 of these Bylaws and such Additional Committees created by resolution of the Board pursuant to Section 7.03 of these Bylaws.~~

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board on nomination of the Nominating and Governance Committee. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees. Every committee of the Board shall include among its members a representative of the Member, who shall be appointed by the President/Chief Executive Officer of the Member and who shall have a vote and be included for purposes of

determining a quorum.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings.** Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section ~~7.02.~~ 5.4 Standing Committees. ~~Except as otherwise provided in these Bylaws, Standing Committees may exercise the power of the Board on those matters delegated to them by these Bylaws or by the Board. These committees, which shall be composed exclusively of Directors, shall be the following:~~

(a) **Executive Committee.** ~~There shall be an~~The Executive Committee ~~consisting of the Chair.~~shall consist of the President ~~and CEO~~, the Chair, the Secretary, ~~and~~ the Treasurer, a member of the Board selected by the Member, and any other member of the Board that the Board may choose to appoint. The Chair shall serve as the chair of the Executive Committee. ~~Acts of the~~The Executive Committee shall ~~be ratified by the Board of Directors at its next regular meeting. Except as otherwise provided by law or these Bylaws, the Executive Committee shall have the same authority as the Board of Directors~~possess and may exercise in the intervals between meetings of the Board ~~for time sensitive matters that the Executive Committee determines must or should be addressed prior to the next Board meeting. In addition, the Executive Committee shall perform such other duties as the Board of Directors may delegate to it. The Chair may designate one or more Directors as alternate members of the Executive Committee who may replace any absent or disqualified member. In addition, if any officer is temporarily absent and has not designated another Board member to fulfill the officer's duties during such an absence, the Executive Committee may make such a designation.~~ all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) ~~Nominating and Governance Committee. There shall be a Nominating and Governance Committee consisting of not fewer than three (3) Directors who shall be appointed by the Board. The Committee shall review the recommendations it receives pursuant to Section 3.01. Subject to any qualifications and core competencies which it shall develop on behalf of the Board from time to time, the Committee shall identify qualified individuals to serve as Directors of the Corporation and as members of the board of directors of Subsidiaries, or as the President and CEO or as the chief executive officer of any Subsidiary. The Committee shall present a slate of nominees for election at each annual meeting or any meeting at which such Directors will be elected or at which the Board shall elect directors of a Subsidiary. The~~

~~Committee shall be responsible for the development, education and evaluation activities of the Board of Directors and of the board of directors of any Subsidiaries, shall review the corporate governance documents and policies established for the Corporation and its Subsidiaries, shall oversee and enforce the Corporation's and the Subsidiaries' Conflict of Interest Policy, and shall perform such other duties as the Board of Directors may delegate to it from time to time. The Committee shall have the specific responsibilities and shall follow the procedures set forth in the Nominating and Governance Committee Charter as adopted by the Board and reviewed annually.~~ **Finance Committee.** The Finance Committee shall consist of at least three (3) Trustees, including the Treasurer, a member of the Board selected by the Member, and such other members as are necessary to properly perform the functions of the Finance Committee. The Finance Committee shall have such duties as are established by the Member and set forth in the Finance Committee charter. These duties shall include, but not be limited to, approval of local operating and capital budgets and examination and monitoring of other operating and capital budgets involving the Corporation.

(c) ~~Audit and Compliance Committee. There shall be an Audit and Compliance Committee consisting of not fewer than three (3) Directors appointed by the Board. The chair of the Committee shall be appointed by the Chair of the Board. Members of the Committee shall be independent of the management of the Corporation and its affiliates, and free of any relationship that would interfere with their exercise of independent judgment. No person who is then serving as chair of the Finance Committee or equivalent committee of the Corporation, either of the Hospitals or any other Subsidiary shall be eligible to serve on the Audit and Compliance Committee. The Committee shall assist the Board in fulfilling its oversight responsibility relating to (i) the quality and integrity of the Corporation's and each Subsidiary's financial statements, (ii) the effectiveness of the Corporation's and the Subsidiaries' internal control over financial reporting, (iii) the qualification, independence and performance of, and the Corporation's and the Subsidiaries' relationship with its independent auditors, (iv) the performance of the Corporation's and the Subsidiaries' internal audit functions, (v) the review of risk management policies and procedures, (vi) the Corporation's and the Subsidiaries' compliance with applicable legal and regulatory requirements, and (vii) the effectiveness of its compliance programs. The Audit Committee shall have the specific responsibilities and shall follow the procedures set forth in the Audit Committee Charter as adopted by the Board and reviewed annually.~~ **Nominating and Governance Committee.** The Nominating and Governance Committee shall develop recommended criteria for membership on the Board and on committees of the Board. The Nominating and Governance Committee shall, after consultation with the President, nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all standing committees.

The Nominating and Governance Committee shall also periodically review of Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process. The composition of the Nominating and Governance Committee shall be as set forth in its Charter and shall include a member of the Board selected by the Member.

(d) **Executive Compensation Committee.** The Executive Compensation Committee shall ~~be comprised of the Chair of the Board and at least three additional (3) Directors who are selected and are determined to be independent by the Board, one of whom shall serve on the Finance Committee. This Committee will be responsible for (i) developing an executive compensation policy, and (ii) reviewing all aspects of the performance of, and for establishing the compensation of, each senior executive or key employee of the System who may be a "disqualified person" potentially subject to intermediate sanctions under Section 4958 of the Code, all of which shall be subject to Board approval. The Executive Compensation Committee shall have the specific responsibilities and shall follow the procedures set forth in the Executive Compensation Committee Charter as adopted by the Board. (e) Finance Committee. The Finance Committee shall consist of at least three (3) Directors appointed by the Board and such other members as are necessary to properly perform the functions of the Finance Committee. The Treasurer shall be an ex-officio member of the Finance Committee. The Finance Committee may not exercise the authority of the Board, and any acts taken by the Committee shall be solely advisory in nature. The Committee shall be responsible for reviewing the operating and capital budgets of the Corporation and each Subsidiary and make recommendations for the approval such budgets to the Board of Directors. The Committee shall also oversee the management and investment of the endowment and pension funds of the Corporation and each Subsidiary. The Committee shall have the specific responsibilities and shall follow the procedures set forth in the Finance Committee Charter as adopted by~~ the Board. set compensation for executives of the Corporation (other than the President and any other officer whose compensation is set by the Member) who are in a position to exercise substantial influence over the affairs of the Corporation as determined by the Executive Compensation Committee. The Executive Compensation Committee shall obtain and rely upon appropriate comparability data, including from the Member, in making its compensation decisions, and shall ensure that such compensation decisions are in compliance with the laws relating to organizations described in Section 501(c)(3) of the Internal Revenue Code. The composition of the Executive Compensation Committee shall be as set forth in its Charter and shall include a member of the Board selected by the Member.

Section 5.6 Other Committees. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

~~(f) Standing Committees—Miscellaneous Provisions.~~

~~(i) Prohibited Activities. Standing~~**Section 5.7 Powers of Committees.** No committee established by the Board shall ~~not~~ have power to: ~~(i)~~ fill vacancies ~~in~~on the Board ~~of Directors or any Board Committee; (ii) adopt, amend or appeal~~or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws~~; (iii)~~, to approve a plan of merger, ~~or the~~to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation, other than in the usual and regular course of affairs of the Corporation~~; (iv)~~, to approve a proposal to dissolve ~~the Corporation;~~ or ~~(v)~~to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

~~(ii) Quorum and Voting Requirements. A majority of all members of a Standing Committee shall constitute a quorum at its meetings. The affirmative vote of a majority of the committee members present at the time the vote is taken shall be the act of such committee, unless the vote of a greater number is required by the Certificate of Incorporation, these Bylaws, or by law.~~

~~(iii) Notice Requirements. Notice of the date, time and location of a Standing Committee meeting shall be given to each member of such committee by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty-four (24) hours before the scheduled time of the meeting. Minutes shall be recorded of each meeting of the committee and submitted at the next regular meeting of the Board of Directors. The committee chair or the chair's designee shall make a full report of each meeting of the committee at the next meeting of the Board of Directors.~~

~~Section 7.03. Additional Committees. In addition to the Standing Committees established by Section 7.02 of these Bylaws, the Board may from time to time establish other committees ("Additional Committees") for the purposes and with the powers and responsibilities conferred by the Board. Such committees shall exist solely at the pleasure of the Board. Any Additional Committee that is authorized to act on behalf of the Board shall be composed exclusively of Directors, all of whom shall be appointed by the Chair, and shall be subject to the requirements of Section 7.02(f) of these Bylaws. Any Additional Committee that is advisory~~

~~only and does not have the authority to act on behalf of the Board shall consist of at least one (1) Director and two (2) other individuals who may or may not be Directors, all of whom shall be appointed by the Chair.~~

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

~~ARTICLE VIII~~

~~CONFLICT OF INTEREST; CONFIDENTIALITY~~
ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Nonstock Act related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by either (i) the Member or (i) a majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

~~Section 8.01. "Conflict of Interest" Defined; Conflict of Interest and Confidentiality Policies. The Board of Directors expects Directors to exercise good judgment and follow high ethical standards. Individuals serving the Corporation should never permit private interests to conflict in any way with their obligations to the Corporation and to any entities affiliated with the Corporation. In addition, all members of the Board of Directors must honor the confidential nature of Corporation information and strive to maintain its confidentiality. To this end, from time to time the Board of Directors shall adopt a Conflict of Interest Policy and a Confidentiality Policy; such policies shall be as effective as if they were part of these Bylaws. These policies shall be consistent with requirements of state law, the law of tax-exempt organizations, and the requirements of the Joint Commission on the Accreditation of Healthcare Organizations, and shall address, among other things: the definition of "confidential materials" and "related persons;" disclosure by members of the Board of Directors; the purchase of goods and services; compensation decisions; and procedures to implement and enforce these policies.~~

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 Fiscal Year. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 Execution of Deeds and Contracts. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 Execution of Negotiable Instruments. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

ARTICLE IX. AMENDMENTS

Subject to approval by the Member, these Bylaws may be amended, altered, or repealed at any meeting of the Board by a majority vote of the Trustees present and voting, a quorum being present. The general nature and purpose of such proposed amendment(s) shall be set forth in the notice of the meeting, and the actual language of the proposed amendments need not be included in the notice. No amendment, alteration or repeal shall take effect until it shall have been approved by the Member.

EXHIBIT A

Actions Requiring Approval of Both the Board and the Member

Notwithstanding anything in these Bylaws to the contrary and except as otherwise provided in Exhibit B relating to the direct authority retained by the Member, the following actions may only be taken with both the prior approval of the Board and the Member:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate or the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by the Member by a specified dollar amount to be determined from time to time by the Member;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by the Member, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. The Member shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate, which will comport with the strategic planning processes and strategic plans established by the Member; and

K. Adoption of safety and quality assurance policies not in conformity with policies established by the Member.

~~Section 9.01. Amendment. Except as otherwise provided by the Certificate of Incorporation, these Bylaws, or by law, the Board of Directors may adopt, amend, or repeal these Bylaws at any meeting of the Board of Directors by the affirmative vote of a majority of the Directors, provided that notice of the general nature of the proposed action has been given in the notice of the meeting.~~

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member pursuant to these Bylaws.

~~ARTICLE X~~

~~MISCELLANEOUS~~

EXHIBIT B

Direct Authority Retained by the Member

~~Section 10.01. Principal Office. The principal office of the Corporation shall be located in New London, Connecticut. The Corporation may have other offices within or without the State~~

Notwithstanding anything in these Bylaws to the contrary, the Member retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of ~~Connecticut as~~ the Board of ~~Directors may from time to time determine.~~ this Corporation:

~~Section 10.02. Waivers of Notice. Whenever any notice of time, place, purpose or any other matter, including any special notice or form of notice, is required or permitted to be given to any person by law or under the provisions of the Certificate of Incorporation or these Bylaws, or of a resolution of Members or Directors, a written waiver of notice signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. The Secretary of the Corporation shall cause any such waiver to be filed with or entered upon the records of the Corporation or, in the case of a waiver of notice of a meeting, the records of the meeting. The attendance of any person at or participation in a meeting waives any required notice to that person of the meeting unless at the beginning of the meeting, or promptly upon such person's arrival, the person objects to the holding of the meeting or the transacting of business at the meeting and does not thereafter vote for or assent to action taken at the meeting.~~

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by the Member in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to the Member or as otherwise directed by the Member;

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate; and

G. Appointment of the President consistent with Section 4.3(a), which requires prior consultation with the Board.

~~**Adopted at Board of Directors Meeting – July 29, 2013**~~

Other Major Activities Requiring the Approval of the Member

A. In addition, the Member shall have the authority, except as otherwise provided by the Member and after consultation with the Board of this Corporation, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that the Member determines to be "major activities."

B. "Major activities" shall be those which the Member by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to this Corporation, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of the Member, and shall refer to this Bylaw provision granting such approval rights to the Member. Notices received pursuant to this section shall be recorded in the minutes of this Corporation and shall be filed with the minutes of this Corporation.

Amended and Restated

Certificate of Incorporation

of

Lawrence + Memorial Corporation

~~Sec.~~ Section 1. The name of the corporation is Lawrence + Memorial Corporation (the "Corporation").

~~Sec.~~ Section 2. The Corporation is organized and shall be operated exclusively for charitable, scientific and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Code"). The Corporation shall serve as the parent corporation of ~~an integrated healthcare system (the "System~~ a network of health care affiliates in southeastern Connecticut and Rhode Island (the "L+M Network"), and the nature of the activities to be conducted, or the purposes to be promoted or carried out by the Corporation are as follows:

(a) ~~(a)~~ To benefit, perform the functions of, carry out the purposes of, and uphold, promote, develop and further the welfare, programs and activities of the entities affiliated with the ~~System~~L+M Network (the "~~Subsidiaries~~L+M Entities"), including the following:

(i) ~~(i)~~ initiating, developing, recommending and carrying out for the ~~Subsidiaries~~L+M Entities goals and priorities for new or expanded programs for the benefit of the ~~System~~L+M Network and the communities served by the ~~System~~L+M Network;

(ii) ~~(ii)~~ continuously reevaluating, maintaining and revising a master plan for the programs and facilities of the ~~System~~L+M Network;

(iii) ~~(iii)~~ considering and recommending the acquisition of properties or the construction of facilities by or for the use of the ~~Subsidiaires~~L+M Entities;

(iv) ~~(iv)~~ planning for the acquisition and placement of new facilities and equipment by or for the use of the ~~Subsidiaries~~L+M Entities; and

(v) ~~(v)~~ performing public relations work on behalf of the ~~System~~L+M Network, and soliciting and receiving subscriptions and gifts for the exclusively charitable purposes of the ~~Subsidiaries~~L+M Entities.

(b) ~~(b)~~ To initiate, develop, operate and maintain, for the ~~System~~L+M Network and for other hospitals and ~~healthcare~~health care facilities which are not part of the ~~System~~L+M Network, programs directed toward improving the efficiency of utilization of ~~healthcare~~health care facilities and services in the States of Connecticut and Rhode Island, and in New London County and surrounding areas in particular, and reducing the cost of ~~healthcare~~health care to the public while maintaining a high quality of such care;

(c) ~~(c)~~ To initiate, develop, operate and maintain educational programs for health professionals and for the public, including programs of nursing education, continuing medical education, residency training and community health education;

(d) ~~(d)~~ To initiate, develop and maintain, in cooperation with the ~~Subsidiaries~~L+M Entities and with other hospitals and ~~healthcare~~health care facilities, and ~~to~~ operate directly or through one or more separate corporations, programs for the delivery of ~~healthcare~~health care services to persons other than hospital patients;

(e) ~~(e)~~ To acquire, improve, hold and lease to the ~~Subsidiaries~~L+M Entities and to other hospitals and ~~healthcare~~health care facilities any real or personal property useful to the accomplishment of the purposes of this Corporation, the ~~Subsidiaries~~L+M Entities or such other hospitals or ~~healthcare~~health care facilities;

(f) To receive and accept public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of the Corporation;

(g) ~~(f) To receive and accept public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of the Corporation; and generally~~Generally to do and perform such other acts and to exercise such other powers as may be authorized or permitted under the laws of the State of Connecticut to promote and attain the purposes set forth herein; and

(h) ~~(g) In furtherance of the foregoing, to~~To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act ~~(the "Act")~~, as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

~~Sec. 3. The Corporation is nonprofit and shall not have or issue shares of stock or pay dividends.~~In furtherance of the foregoing, the Corporation shall (i) participate as an integral part of the integrated health care delivery system known as the Yale New Haven Health System (the

"System"), which System provides, through its affiliates, comprehensive, cost effective, advanced patient care characterized by safety and clinical and service quality; and (ii) fund and promote activities and programs of the System, including activities and programs of its affiliates, consistent with and in furtherance of the Corporation's charitable purposes and the charitable purposes of all System affiliates.

Section 3. The Corporation is nonprofit and shall not have or issue shares of stock or pay dividends.

~~Sec. 4. The classes, rights, privileges, qualifications, obligations, and the manner of election or appointment of members are as follows: There shall be only one class of members, consisting of those individuals who shall from time to time be elected or appointed to membership in accordance with the Bylaws. The members shall have the right to vote for the election of members and to vote for the election of the Board of Directors in accordance with the Bylaws, but shall not be entitled to vote on any other matter. The Bylaws may provide that certain persons occupying certain positions within or without the Corporation shall be *ex officio* members who may be counted in determining a quorum and may have the right to vote for the election of members and the directors.~~

Section 4. The Corporation shall have but one member, Yale-New Haven Health Services Corporation, which shall have the rights, powers and privileges provided in the Bylaws and by the State of Connecticut, including certain expressly reserved powers and retained rights described in the Bylaws.

~~Sec. 5. The business, property and affairs of~~ Section 5. Subject to the rights, powers and privileges accorded to Yale-New Haven Health Services Corporation under the Bylaws and by the State of Connecticut, the Corporation shall be ~~directed and managed~~governed by ~~a Board of Directors in accordance with the Bylaws~~its Board of Trustees. The Bylaws may provide that persons occupying certain positions within or without the Corporation shall be ex-officio trustees who may vote and be counted in determining a quorum. As may be further provided in the Bylaws of the Corporation, the terms of ~~directors~~ elected ~~by the members shall~~trustees may be staggered by dividing the ~~total number of these directors~~trustees into ~~three (3)~~ groups, so that approximately an equal number of such ~~directors~~trustees have terms that expire each year. ~~The Bylaws may provide that certain persons occupying certain positions within or without the Corporation shall be *ex officio* directors, who may be counted in determining a quorum and may have the right to vote.~~

~~Sec.~~ Section 6. No part of the net earnings of the Corporation shall inure to the benefit of or be distributable to the Corporation's ~~directors~~trustees, officers or other private persons, except that the Corporation, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing

or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the Corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

~~Sec.~~ Section 7. Upon any dissolution of the Corporation, all of its property and assets shall, after payment of the lawful debts of the Corporation and the expenses of its dissolution, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to Yale-New Haven Health Services Corporation, as long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or, if at the time of the dissolution or termination of existence of the Corporation, Yale-New Haven Health Services Corporation is not in existence or does not qualify as an exempt organization under Section 501(c)(3) of the Code, to one or more charitable, scientific or ~~educational~~education organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of ~~Directors~~Trustees may determine.

~~Sec.~~ Section 8. In addition to, and not in derogation of, any other rights conferred by law, a ~~director of the Corporation~~trustee shall not be personally liable for monetary damages for breach of duty as a ~~director of the Corporation~~trustee in an amount greater than the compensation received by ~~the director~~such trustee for serving the Corporation during the year of ~~the violation~~such breach if ~~the~~such breach ~~did~~does not (~~1~~A) involve ~~any~~a knowing and culpable violation of law by ~~the director~~ (~~2~~such trustee, (B) enable ~~the director~~.such trustee or an associate ~~of such director~~ (as defined ~~by~~in Section 33-840 of the Connecticut General Statutes), to receive an improper personal economic gain, (~~3~~C) show a lack of good faith and conscious disregard for the duty of ~~the director~~such trustee to the Corporation under circumstances in which ~~the director~~such trustee was aware that his ~~or her~~ conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (~~4~~D) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of ~~the director~~such trustee's duty to the Corporation. Any lawful repeal or modification of this Section 8 or the adoption of any provision inconsistent herewith by the Board of Trustees or member of the Corporation shall not, with respect to a person who is or was a trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a trustee provided for in this Section 8 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

~~Sec. 9 Indemnification~~

~~(a) The Corporation shall provide identification to any person made a party to a civil, criminal, administrative or investigative proceeding because he or she is or was a director or~~

~~officer of the Corporation against liability and reasonable expenses incurred in the proceeding; provided however, that the Corporation may not indemnify a director or officer of the Corporation unless a determination has been made, on a case by case basis, that such indemnification is permissible under the circumstances, because the director or officer, as the case may be, has met the applicable standard of conduct set forth in Section 33-1117(a) of the Act, as such subsection may be amended from time to time. Such determination shall not be made by the court or other tribunal conducting the proceeding, or by any other court of competent jurisdiction, but shall instead be made in accordance with Section 33-1121 of the Act, as such section may be amended from time to time.~~

~~(b) The Corporation may not indemnify a director or officer of the Corporation in connection with a proceeding by or in the right of the Corporation, in which the director or officer, as the case may be, was adjudged liable to the Corporation, or in connection with any other proceeding charging improper benefit to him or her, whether or not involving official capacity, in which he or she was adjudged liable on the basis that personal benefit was received.~~

~~(c) Employees or agents of the Corporation who are not directors or officers of the Corporation may be indemnities against liability and reasonable expenses in the same manner as set forth in subsections (a) and (b) above, except that the determination, required by subsection (a) may in addition be made by the general counsel of the Corporation, or such additional officer or officers as the Board of Directors may specify. In the case of employees or agents of the Corporation who are not directors or officers, however, the extent of indemnification may be less than the indemnification of directors and officers, even if the standard in subsection (a) is met, depending upon the extent to which the directors, committee, legal counsel, or officers making the determination conclude that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances.~~

Section 9. The Corporation shall provide its trustees with the full amount of indemnification that the Corporation is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the Corporation shall indemnify its trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (A) involves a knowing and culpable violation of law by such trustee, (B) enables such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes), to receive an improper personal economic gain, (C) shows a lack of good faith and conscious disregard for the duty of such trustee to the Corporation under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (D) constitutes a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Corporation.

The Corporation may indemnify and advance expenses to each officer, employee or agent of the Corporation who is not a trustee, or who is a trustee but is made a party to a proceeding in

his or her capacity solely as an officer, employee or agent, to the same extent as the Corporation is permitted to provide the same to a trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

Notwithstanding any provision hereof to the contrary, the Corporation shall not indemnify any trustee, officer, employee or agent against any penalty excise taxes assessed against such person under Section 4958 of the Internal Revenue Code.

Section 10. The Bylaws of the Corporation may be amended or repealed, and new Bylaws may be adopted, only with the approval of the Board of Trustees and the member.

~~d. To engage in any lawful act or activity for which a corporation may be organized under the Rhode Island Revised Nonprofit Corporation Act (the "Act"), as now in effect and as the same may be amended from time to time.~~

~~Section 1.02 Member; Lawrence + Memorial Corporation. The Hospital shall have but one (1) member, Lawrence + Memorial Corporation (the " Member"), which shall elect the Board of Directors of the Hospital (also referred to in these Bylaws as the Board or Board of Directors), adopt, amend and repeal these Bylaws, and have all of the other~~

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Articles of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Articles of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 Member. The Corporation shall have a single member, Lawrence + Memorial Corporation (the "Member").

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the ~~members of a nonprofit federally tax exempt corporation and not conferred by the Certificate of Incorporation or these Bylaws on the Board of Directors of the Hospital. In addition to any other rights, powers and privileges as it may have by law or under the Certificate of Incorporation, the Member shall have the right and power to:~~

~~(a) Approve the philosophy, mission and values of the Hospital and any change thereto;~~

~~(b) Adopt strategic plans for the Hospital;~~

~~(c) Approve the Hospital's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);~~

~~(d) Approve the formation or acquisition by the Hospital of any new direct or indirect subsidiaries, joint ventures or affiliations;~~

~~(e) Approve the Certificate of Incorporation, Bylaws and other governance documents of the Hospital, and any amendments thereto or restatements thereof;~~

~~(f) Approve all core competencies and qualifications required for selection of the Hospital's Directors;~~

(g) In consultation with and upon recommendation of the Board, appoint all Directors of the Hospital, and remove, with or without cause all Directors or board officers of the Hospital;

(h) In consultation with and upon recommendation of the Board, appoint and remove, determine the compensation for, and conduct the evaluation of, the President and Chief Executive Officer of the Hospital (the "President and CEO");

(i) Select and approve any auditor of the annual audited financial statements for the Hospital;

(j) Approve any accounting or debt management programs, establish any debt limits under such programs, approve any variances from such programs or limits for the Hospital, and incur or assume any debt on behalf of the Hospital;

(k) Approve the incurrence of debt or financing by the Hospital, other than credit purchases of goods or services in the ordinary course of business, except as included in approved capital or operating budgets;

(l) Oversee the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds;

(m) Approve any voluntary change to the federal income tax exemption granted by the IRS to the Hospital under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code");

(n) Initiate or consent to any form of insolvency proceeding undertaken by the Hospital or any direct or indirect subsidiary of the Hospital;

(o) Approve all projects, agreements or transactions undertaken by the Hospital involving the expenditure of funds or divestiture of assets in excess of $250,000 and not otherwise included in an approved budget;

(p) Approve the services offered by the Hospital, new service lines or termination of existing service lines not otherwise included in an approved budget or a strategic or financial plan;

(q) Approve any sale, lease, transfer, or substantial change in the use of all or substantially all of the assets of the Hospital or any direct or indirect subsidiary of the Hospital;

(r) Approve any merger, consolidation, restructuring, change in corporate ownership, dissolution, or liquidation of the Hospital or any direct or indirect subsidiary of the Hospital;

(s) Approve the acquisition of any real estate or any significant lease arrangement by the Hospital, except as otherwise included in a strategic or financial plan or approved budget;

(t) Approve any management contract or outsourcing arrangement for the Hospital which would substantially impact or alter its operations; and

(u) Approve any change in the primary business name or logo of the Hospital.

Section 1.03 Manner of Action by Member. Any action permitted or required of the Member by law, the Certificate of Incorporation or these Bylaws may be taken by vote of its board of directors, or by or through any person or persons designated by either its bylaws or its board of directors to act on its behalf. Except as provided in Section 2.05 of these Bylaws, any such action may also be taken without a meeting by written communication of a duly authorized representative of the Member acting within the limits of his/her authority. Any such action by the Member or its duly authorized representative shall be filed with the Secretary of the Hospital. Whenever approval by the Member is required by law, the Certificate of Incorporation or these Bylaws, the Member shall attempt to act on a request for approval within the timeframe set forth in any schedule that may be developed from time to time, or if no such schedule exists, in a timely manner. member of a Rhode Island nonprofit corporation under the Rhode Island Nonprofit Corporation Act as may be amended from time to time (the "Act") and not conferred thereby or by the Articles of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws. If and to the extent that actions by the Member cannot be taken without the approval of the sole member of the Member, Yale-New Haven Health Services Corporation ("YNHHSC"), or actions have been reserved to YNHHSC, the Member may take such actions only as directed by YNHHSC.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A or Exhibit 13 of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), except that, with respect to the actions on Exhibit A, the Board's recommendation may be requested by the Member and YNHHSC consistent with Section 3.1(a) below. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the YNHHSC, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall

mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the rights reserved to the Member and YNHHSC to take the actions set forth in Exhibit A on behalf of and in the name of the Corporation, directly and without

the approval or the recommendation of the Board. YNHHSC (or the Member, acting on the direction of YNHHSC) expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board or the Member of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member and YNHHSC any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 23 **Liability and Reimbursement of Expenses.** Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE ~~II~~III. BOARD OF TRUSTEES
~~Board of Directors~~

Section ~~2.01. Composition.~~ ~~Following the first annual meeting (as set forth in Section 3.01 below) or at such earlier time as determined in the discretion of the initial Board of Directors, the Board of Directors shall consist of not less than three (3) nor more than eleven (11) Directors, such number within the variable range to be determined by the Member at its annual meeting. At all times, up to five (5) of these Directors shall serve ex officio: the President and CEO, the President and Chief Executive Officer of the Member (if such individual is not also concurrently serving as the Hospital's President and CEO), the President of the Medical Staff; the Vice President of the Medical Staff; and a representative at large of the Medical Staff who ordinarily shall be the immediate past President or a former President of the Medical Staff (the "Ex-Officio Directors"). The remainder of the Directors, the "Elected Directors," shall be members of the Member and elected by the Member in accordance with these Bylaws. The Elected Directors shall be divided into three (3) groups, so that approximately one third (1/3) of the Directors shall have terms that expire annually. The Elected Directors and the Ex-Officio Directors are together referred to in these Bylaws as the "Directors."~~**3.1 Powers and Duties.** Subject to the powers retained by, conferred upon, or reserved to the Member or YNHHSC by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith, with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

~~Section 2.02. Election and Terms. Elected Directors shall be elected by the Member at its annual meeting from a slate of nominees prepared by its Governance Committee. No other nominations shall be permitted. Except as provided otherwise in these Bylaws, Elected Directors shall serve a term of three (3) years, or until their resignation, removal or death. The Member may elect Directors to serve one year or~~

two-year terms in order to achieve the groupings required by Section 2.01 of these Bylaws.

Section 2.03 Tenure. An Elected Director shall be eligible for election to three (3) consecutive three-year terms. For the purposes of determining eligibility for re-election, an Elected Director who has served more than one and one-half (1 ½) years of a three-year term shall be deemed to have served a full term. An Elected Director may be re-elected for a fourth consecutive term if the Director is also elected as an officer at the beginning of such fourth term. After serving the maximum time permitted under this Section, an Elected Director may be re-elected to the Board only after the Director has been off the Board for a period of at least one (1) year.

Section 2.04 Resignation. An Elected Director may resign at any time by delivering written notice to the Secretary of the Hospital. The resignation shall be effective when the notice is delivered, unless the notice specifies a later effective date. If an Ex-Officio Director resigns or is removed from the position from which his or her ex-officio status derives, the Ex-Officio Director will immediately and automatically cease to be a Director without further action by the Board or the Member.

Section 2.05 Removal. An Elected Director may be removed by the affirmative vote of the Member at a meeting of the Member's board of directors. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Elected Director.

Section 2.06 Vacancies. A vacancy of an Elected Director may be filled by the Member or the Board at any regular or special meeting. If filled by the Board, the individual elected to fill the vacancy shall serve until the next meeting of the Member at which Directors are elected.

Section 2.07 Duties and Responsibilities. Subject to the rights, powers and privileges accorded to the Member in the Certificate of Incorporation, these Bylaws,

~~or by law, the Board shall manage and direct the business, property, and affairs of the Hospital. The Board of Directors shall exercise all of the powers of the Hospital in accordance with these Bylaws. Without limiting the foregoing, the Board shall have the power to~~

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. Without limiting the generality of the foregoing, the Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff"), shall hold the Medical Staff responsible for recommendations concerning medical matters, and shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges (directly or as delegated by the Board to the Patient Safety and Clinical Quality Committee in accordance with Section 5.4(b) of these Bylaws).

Further without limiting the generality of the foregoing, and subject to Section 2.2 and Exhibit A and Exhibit B of these Bylaws, the Board may:

(a) Make the following recommendations to the Member and YNHHSC:

(i) ~~(a) Develop and recommend~~Recommend to the Member and YNHHSC the philosophy, mission and values of the ~~Hospital~~Corporation and any changes thereto;

(ii) ~~(b) Develop and recommend~~Recommend to the Member and YNHHSC the ~~Hospital's~~Corporation's strategic plans;

(iii) ~~(c) Develop and recommend~~Recommend to the Member and YNHHSC the ~~Hospital's~~Corporation's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(iv) ~~(d) Annually assess the Hospital's performance against approved budgets, initiatives and strategic plans adopted by the Member;~~

(iv) (e) Recommend to the Member and YNHHSC the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the ~~Hospital~~Corporation or any ~~direct or indirect subsidiary of the Hospital~~Affiliate;

(v) ~~(f)~~ Recommend to the Member and YNHHSC the formation or acquisition by the ~~Hospital~~Corporation of any Affiliates or any other new direct or indirect subsidiaries, joint ventures or affiliations;

(vi) ~~(g)~~ Recommend to the Member and YNHHSC the introduction or termination of any services to be offered by the ~~Hospital~~Corporation not otherwise included in an approved budget or a strategic or financial plan; and

(vii) Recommend to the Member and YNHHSC changes to the Corporation's Certificate of Incorporation and Bylaws.

(b) Make the following recommendations to the Member:

(i) ~~(h)~~ ~~Approve~~Recommend to the Member approval of any consent decree or settlements from state and federal authorities~~, following consultation with the Member~~;

(ii) ~~(i) Recommend to the Member changes to the Hospital's Certificate of Incorporation and Bylaws;~~

(iii) ~~(j)~~ Recommend to the Member nominations for and removal of ~~Directors~~Trustees of the ~~Hospital~~Corporation; and

~~(k) Elect officers of the Board, and recommend to the Member the removal of any officer of the Board;~~

(iv) Recommend to the Member the appointment and evaluation of the President of the Corporation.

(c) Take the following actions:

(i) Annually assess the Corporation's performance against approved budgets, initiatives and strategic plans adopted by the Member and YNHHSC;

(ii) ~~(l) Recommend to the Member the selection, evaluation and compensation of the President and CEO;~~Except for the President of the Corporation, elect officers of the Board (following consultation with the Member's Nominating and Governance Committee in accordance with Section 4.2 of these Bylaws) and remove from office any officer (except for the President of the Corporation) with or without cause (in accordance with Section 4.4(b) of these Bylaws);

(iii) ~~(m) Approve business transactions or material contracts, subject to the rights of the Member set forth in Section 1.02, not otherwise included in an approved budget or a strategic or financial plan;~~

(iv) ~~(n) Approve any incurrence or assumption of debt by the Hospital in accordance with the guidelines for accounting and debt management programs established by the Member:~~Approve any business transaction or contract that is not otherwise included in an approved budget or a strategic or financial plan, except for long-term or material agreements that require the approval of the Member and YNHHSC in accordance with Exhibit A;

(v) ~~(o)~~ Periodically assess the ~~Hospital's~~Corporation's Quality Initiatives, including tracking and reporting on the ~~Hospital's~~Corporation's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(vi) ~~(p) Periodically assess the Hospital's policies and programs to assure corporate and regulatory compliance, including all required state and federal license and generally recommended accreditations and certifications;~~

(vii) ~~(q) Periodically assess the Hospital's policies and programs relating to human relations and labor relations;~~

(v) Periodically assess the Corporation's Development Plans and its

(r) Periodically assess the Hospital's Development Plans and its Planned Giving Plans;

(vi) (s) Periodically assess the Hospital's Corporation's Community Relations Initiatives and Community Outreach Programs;

(vii) (t) Plan and implement policies and programs relating to the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds, annual appeal funds, and net proceeds from special fundraising events;

(viii) (u) Approve actions with respect to the privileges and credentials of members of the Hospital's Corporation's medical staff in accordance with state and federal law, applicable accreditation standards, the Hospital's Corporation's Medical Staff Bylaws and any System guidelines established by the Member; subject to the Board's delegation of authority to the Board Patient Safety and Clinical Quality Committee; and

(ix) (v)

(x) Evaluate the Board's performance; and

(xi) (w) Recommend to the Member the appointment and removal of the President and CEO.

(xii)

Section 2.08 Compensation. The Directors shall serve without compensation for their services as Directors but may be reimbursed by the Hospital for their reasonable expenses and disbursements in that capacity on behalf of the Hospital.

Section 2.09 Directors Emeriti. In its discretion, the Member may appoint Directors Emeriti. To be eligible for appointment, an individual shall have contributed lengthy and exemplary service to the Hospital as a Director. From time to time, Directors Emeriti may be invited to attend Board meetings, but shall not vote or be counted towards a quorum. Individuals appointed as Directors Emeriti shall retain such appointments for life.

ARTICLE III

Meetings of the Board of Directors's performance.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees.** Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees.** In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of YNHHSC (or his or her designee);

(ii) the President of the Member (if such person is not also concurrently serving as the President of the Corporation);

(iii) the President of the Corporation (if such person is not also concurrently serving as the President of the Member);

(iv) the President of the Medical Staff; and

(v) the Vice President of the Medical Staff.

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

(c) **Other Board Participants.** Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election by the Board as a Trustee Emeritus. A Trustee Emeritus shall have the privilege of attending meetings of the Board and shall have the privilege of the floor, but shall have no vote at meetings

of the Board and shall not be counted in determined a quorum thereof.

Section ~~3.01 Annual and Regular Meetings. The annual meeting of the Board shall be held in the month of December on a date to be fixed by the Chair from year to year, unless the Chair shall designate a different date for the annual meeting of the Board. The transaction of business at the annual meeting shall be unlimited except as otherwise specified in these Bylaws. There shall be up to twelve (12) regular meetings of the Board per fiscal year, with a schedule of such meetings to be adopted by resolution of the Board.~~3.3 Number. The Board shall consist of no fewer than six (6) nor more than twelve (12) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III and who are satisfactory to YNHHSC.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include one (1) physician on the Medical Staff who has previously held the position of President of the Medical Staff.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the

beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such

Section 3.02. ~~Notice of Annual and Regular Meetings. The Secretary shall give notice of the date, time and place of the annual meeting and each regular meeting of the Board by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person to each Director at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule approved by the Board.~~

determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of YNHHSC at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of YNHHSC.

Section 3.6 Resignation. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 Removal. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board. The Member shall remove an Elected Trustee at the direction of YNHHSC.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings.** The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings.** Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) ~~- Section 3.03 Special Meetings. Special meetings may be called at any time by the Chair, and shall be called by the Chair within seven (7) days of receipt of the written request of any three (3) Directors. Notice of the date, time, place and purpose of a special meeting shall be given to each Director by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty four (24) hours before the scheduled time of the meeting and no business shall be transacted at such meeting other than that specifically set forth in the notice.~~**Special Meetings.** Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

(d)

~~(e) Section 3.04 Quorum; Vote Required for Action. A majority of all Directors shall constitute a quorum at all meetings of the Board. The affirmative vote of a majority of the Directors present at a meeting at which time a vote is taken shall be the act of the Board, unless the vote of a greater number is required by the Certificate of Incorporation, these Bylaws, or by law. Ex officio Directors shall be counted in determining a quorum and shall be entitled to vote.~~

~~(f)~~

~~(g) Section 3.05 Action Without Meeting. If all members of the Board consent in writing to any action taken or to be taken, the action shall be the same as if authorized at a meeting of the Board; all written consent(s) shall be included in the corporate minutes or filed with the corporate records.~~

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing.

Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section ~~3.06~~ 3.13 Participation by Conference ~~Telephone~~. ~~Any member~~**Call.** The members of the Board may participate in a meeting of the Board by means of ~~a~~ conference telephone or similar communications equipment ~~enabling all members of the Board~~ including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

~~Section 3.07 Agenda and Records of Meetings. There shall be a written agenda for each meeting of the Board, and minutes of each meeting shall be prepared and submitted to the Board for approval by the Secretary or a delegate. Minutes shall reflect attendance at the meeting, and shall be dated, signed and maintained in the corporate records following approval.~~

~~Section 3.08 Executive Session. The Board of Directors shall meet in executive session at least once during each fiscal year and may meet in executive session at such other times as the Chair may designate. An executive session may be held during any regular or special meeting of the Board and shall be attended only by Directors and other persons invited by the Chair for all or any portion of the executive session, provided that Directors who are employees of the Hospital may at the discretion of the Chair be excluded from all or any portion of an executive session.~~

Section 3.14 **Quorum and Voting.** A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the

Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS
~~Officers~~

Section ~~4.01 Officers. The officers shall be a Chair, the President and CEO, a Secretary, a Treasurer, and such other officers as may from time to time be designated by the Board. The Chair, Secretary and Treasurer shall be chosen from the members of the Board and the Chair must qualify as an independent member of the Board under applicable IRS and Corporation guidelines. The offices of Chair, President and CEO and Secretary shall be held by different individuals.~~ **4.1 Officers.** The officers of the Corporation shall consist of a President, a

Section 4.2 **Election and Term of Office**. The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee of the Member and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 **Powers**. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) President. The President of the Corporation shall be appointed by the Member, following consultation with the Board and with the approval of YNHHSC. The appointed President shall serve at the pleasure of the Member and YNHHSC.

The President shall be a person who in the judgment of the Member and YNHHSC has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, Corporation personnel, YNHHSC and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board and with the approval of YNHHSC.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President of the Member (or his or her designee) as well as to the Board.

(b) ~~a.~~ Chair. ~~The Chair or in the Chair's absence a Director who is the Chair's delegate or who is appointed by the Board shall preside at all meetings of the Board and shall perform other duties incident to the office or delegated by the Board or these Bylaws. The Chair shall be an ex officio member of all committees.~~ The Chair of the Board shall preside at meetings of the Board and shall be a voting member of all committees except the Governance Committee. The Chair shall perform such other duties as the Board may from time to time prescribe.

~~b. President and CEO. The President and CEO shall be the chief executive officer of the Hospital and shall perform such other duties incident to that office or delegated by the Member, the Board or these Bylaws. The Hospital's President and CEO shall be an ex officio member of all committees established by the Board. The Member shall appoint the President and CEO, who shall serve until his or her death, resignation, disability, or removal in accordance with these Bylaws.~~

~~c. Secretary. The Secretary shall maintain the~~

(c) Vice Chair. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) Secretary. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board ~~in the corporate records; give or cause to be given all notices required by these Bylaws or by law; serve as custodian of the Board's records; make such records available to the Board upon its request; and perform all other duties incident to the office or delegated by the Board or these Bylaws.~~

(c) ~~d.~~ ~~Treasurer. The Treasurer shall supervise the receipt and custody of the Hospital's funds and investments; render a full account and statement of the condition of the Hospital's finances at each annual meeting of the Board and at such other times as requested by the Board; and perform other duties incident to the office or as may be delegated by the Board or these Bylaws.~~ and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) Treasurer. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member at the direction of YNHHSC following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3 (a).

~~e.~~ **Section 4.6 Other Officers:** ~~The Board may from time to time appoint an Assistant Treasurer, Assistant Secretary or any~~ The Corporation may have such other officer or officers, including assistant officers, as the Board ~~may deem necessary or advisable for the efficient operation of the Corporation's affairs, each of whom shall hold office for such period, have such authority and perform such duties as the Board of Directors~~ may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

~~President and CEO~~

~~Section 5.01 Appointment. The Member shall appoint a President and CEO in accordance with these Bylaws. Other executive management staff shall be appointed by the President and CEO with the approval of the Board. The removal of the President and CEO shall be at the discretion of the Member.~~

~~Section 5.02 Qualifications for the President and CEO. The Board shall develop and recommend to the member a criteria-based process for selecting a President and CEO. Among other criteria, education and relevant experience are important qualifications. The Board shall also develop and recommend to the Member any performance objectives, evaluations and compensation programs for the President and CEO. The President and CEO shall have the knowledge and skills necessary to perform the duties required of the Hospital's senior leader.~~

~~Section 5.03 Responsibilities of the President. The President and CEO shall be the chief executive officer of the Hospital. Subject to the powers expressly reserved to the Board or the Member, the President and CEO shall, in general, supervise and control all the business and affairs of the Hospital and shall have the power to sign, acknowledge and deliver on behalf of the Hospital all deeds, agreements and other formal instruments. If no Chair or Vice Chair has been appointed or in the absence of the Chair or Vice Chair, the President and CEO shall, in general, supervise and control all of the business and affairs of the Hospital, all deeds, agreements and other formal instruments. The President and CEO shall see that all orders and resolutions of the Board and of the committees of the Board are carried into effect. In general, he or she shall perform all duties incident to the office of President and CEO and such other duties as may from time to time be assigned to the President and CEO by these Bylaws, by the Board, or by the Member.~~

~~Section 5.04 Attendance at Meetings. The President shall attend all meetings of the Board unless excused by the Chair.~~

~~ARTICLE VI~~

~~Committees~~

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings.** Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Executive Committee.** The Executive Committee shall consist of the President, the Chair, the Secretary, the Treasurer, the President of the Member (if such person is not also concurrently serving as the President of the Corporation), a member of the Board selected by YNHHSC, and any other member of the Board that the Board may choose to appoint The Chair shall serve as the chair of the Executive Committee. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Patient Safety and Clinical Quality Committee.** The Patient Safety and Clinical Quality Committee shall have such duties as are delegated to it by the Board. These duties include authority to render decisions in cases of uncontested medical staff appointments, reappointments, and renewals or modifications of clinical privileges. The Patient Safety and Clinical Quality Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of high quality, effective care. Other delegated duties may be set forth in the Medical Staff Bylaws. The Patient Safety and Clinical Quality Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration. To the extent that such committee engages in peer review activity, such committee shall function as a "peer review board" for the purposes set forth in R.I. Gen. Laws § 23-17-25(a), as amended from time to time.

Section ~~6.01 Generally.~~ 5.5 Other Committees. The Board may establish and appoint ad -hoc committees from time to time as the Board may deem necessary to carry out special ~~find~~fund raising events or other initiatives of the Board. ~~Committees~~Such committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and ~~chair~~chairs of each such committee shall be appointed by the Board, and each such committee shall consist of at least one (1) ~~Director~~Trustee and two (2) other individuals who may or may not be ~~Directors~~Trustees. Each such committee ~~established by the Board~~ shall be chaired by a ~~Director~~Trustee of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

Section ~~6.02. Committee Procedures.~~ ~~Notice of the date, time and location of a committee meeting shall be given to each member of such committee by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty four (24) hours before the scheduled time of the meeting. Minutes shall be recorded of each meeting of the committee and submitted at the next regular meeting of the Board. The committee chair or the chair's designee shall make a full report of each meeting of the committee at the next meeting of the Board.~~ **5.6 Powers of Committees.** No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

Section 6.03 Committees – Miscellaneous Provisions. The Chair may designate one or more officers of the Hospital to serve as ex officio members of a committee. Each such committee shall adopt and follow rules and procedures for its organization and operation.

Section 6.04 "Medical Review Committees". Any committee or subcommittee referred to in or otherwise established in accordance with the provisions of these Bylaws, as well as the Board itself, when engaged in any peer review activity, is intended to be a "peer review board" within the meaning of that term as set forth in Rhode Island General Laws § 5-37-1, as may be amended from time to time.

ARTICLE VII
Medical Staff

Section 7.01 The Appointment and Governance of the Medical Staff. The Board shall appoint all members of the Hospital's Medical Staff, approve each member's delineated clinical privileges, and be responsible for the organization and activities of the Medical Staff. The Board shall adopt and from time to time review the bylaws and rules and regulations of the Medical Staff. The Board shall assure that the Medical Staff complies with such bylaws, rules and regulations, and shall have and regularly consult with a liaison of the Medical Staff.

Section 7.02 Recommendations of The Medical Staff Executive Committee. The Board shall accept and review, for possible adoption by the Board, specific recommendations from the Medical Staff executive committee, made in accordance with the provisions of the Medical Staff bylaws, and relating to:

a. The structure of the Medical Staff;

~~b. The process designed for reviewing credentials and delineating individual clinical privileges;~~

~~c. Recommendations for Medical Staff membership;~~

~~d. The organization of the Medical Staff's performance improvement activities, as well as the process designed for conducting, evaluating and revising such activities;~~

~~e. The process by which Medical Staff membership may be terminated; and~~

~~f. The fair hearing process.~~

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees to the full extent permitted by law.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Act related to disclosure and approval of transactions that present a conflict of interest.

~~ARTICLE VIII~~ARTICLE VIII. MISCELLANEOUS PROVISIONS
~~Conflict of Interest; Confidentiality~~

~~Section 8.01 "Conflict of Interest" Defined; Conflict of Interest and Confidentiality Policies. The Board expects the Directors to exercise good judgment and follow high ethical standards. Individuals serving the Hospital should never permit private interests to conflict in any way with their obligations to the Hospital and to any entities affiliated with the Hospital. In addition, all Directors must honor the confidential nature of Hospital information and strive to maintain its confidentiality. To this end, from time to time the Board shall adopt a Conflict of Interest Policy and a Confidentiality Policy; such policies shall be as effective as if they were part of these Bylaws. These policies shall be consistent with requirements of state law, the law of tax-exempt organizations, and the requirements of the Joint Commission on the Accreditation of Healthcare Organizations, and shall address, among other things: the definition of "confidential materials" and "related persons"; disclosure by Board members; the purchase of goods and services; compensation decisions; and procedures to implement and enforce these policies.~~

Section 8.1 Fiscal Year. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 Execution of Deeds and Contracts. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 Execution of Negotiable Instruments. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 Auxiliary. There may be an auxiliary organized to further the purposes and interests of the Corporation (the "Auxiliary"). The Auxiliary shall have the authority, subject to the review and approval of the Board, to adopt and amend bylaws for its operations which shall state its purpose, duties and organization.

Section 8.5 Department Chairs. The Corporation shall consult with YNHHSC regarding the recruitment and selection of all Department Chairs or other comparable positions at the Corporation and/or any of its Affiliates.

ARTICLE IX, AMENDMENTS
~~Amendments~~

Except as otherwise provided by the Articles of Incorporation or by law, and subject to approval by YNHHSC, these Bylaws may be amended, altered, or repealed by the Member.

EXHIBIT A

Actions Requiring Approval of the Member and YNHHSC

Notwithstanding anything in these Bylaws to the contrary, the following actions may only be taken upon the approval of the Member and YNHHSC, without the approval of the Board of this Corporation:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate or the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by YNHHSC by a specified dollar amount to be determined from time to time by YNHHSC;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by YNHHSC, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. YNHHSC shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate;

K. Adoption of safety and quality assurance policies not in conformity with policies established by YNHHSC;

L. Oversee the Corporation's management and investment of its permanent and temporarily restricted funds;

M. Approve any voluntary change to the federal income tax exemption granted by the IRS to the Corporation under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended;

N. Initiate or consent to any form of insolvency proceeding undertaken by the Corporation or any direct or indirect subsidiary of the Corporation;

O. Approve any change in the name of the Corporation, and establish advertising, marketing and promotional policies applicable to the Corporation; and

P. Appointment of the President of this Corporation consistent with Section 4.3(a).

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member or WHMSC pursuant to these Bylaws and the Bylaws of the Member and of YNHHSC.

EXIBBIT B

Direct Authority Retained by YNHHSC

Notwithstanding anything in these Bylaws to the contrary, YNHHSC (or, where required by law, the Member acting at the direction of YNHHSC) retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by YNHHSC in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to YNHHSC or as otherwise directed by YNHHSC; and

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate.

Other Major Activities

A. ~~Section 9.01. Amendments. Except as otherwise provided by the Certificate of Incorporation, or by law, the Member may adopt, amend or repeal these Bylaws.~~ In addition, YNHHSC shall have the authority, except as otherwise provided by YNHHSC and after consultation with the Member, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that YNHHSC determines to be "major activities."

~~ARTICLE X~~

~~Miscellaneous~~

~~Section 10.01. Principal Office. The principal office of the Hospital shall be located in Westerly, Rhode Island.~~

~~Section 10.02. Waivers of Notice. Whenever any notice of time, place, purpose or any other matter, including any special notice or form of notice, is required or permitted to be given to any person by law or under the provisions of the~~

~~Certificate of Incorporation or these Bylaws, or of a resolution of the Member or the Board, a written waiver of notice signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. The Secretary of the Hospital shall cause any such waiver to be filed with or entered upon the records of the Hospital or, in the case of a waiver of notice of a meeting, the records of the meeting. The attendance of any person at or participation in a meeting waives any required notice to that person of the meeting unless at the beginning of the meeting, or promptly upon the person's arrival, the person objects to the holding of the meeting or the transacting of business at the meeting and does not thereafter vote for or assent to action taken at the meeting.~~

~~**Adopted by the Board of Directors of Lawrence + Memorial Corporation as of November 26, 2012.**~~

B. "Major activities" shall be those which YNHHSC by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to the Member, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of YNHHSC, and shall refer to this Bylaw provision granting such approval rights to YNHHSC. Notices received pursuant to this section shall be recorded in the minutes of the Member and of this Corporation, and shall be filed with the minutes of the Member and of this Corporation.

~~a. To establish, maintain and carry on an institution within the health care delivery system (the "System") administered by Lawrence + Memorial Corporation, with permanent facilities for inpatients and ambulatory patients, with medical services to provide diagnosis and treatment, to carry on all associated services, and to assure that there is no unlawful discrimination under any program or in any facility of the Hospital;~~**Section 2.1 Member.** The Corporation shall have a single member, Lawrence + Memorial Corporation (the "Member").

~~b. To participate, so far as circumstances may warrant, in any activity designed and carried on to promote the general health needs of the community;~~

~~c. To conduct and participate in educational and scientific research activities related to providing care to the sick and injured, to the promotion of health, or to the development of personnel in the health professions or occupations, which, in the opinion of the Board of Directors may be justified and supported by the facilities, personnel, funds or other requirements that are or can be made available; and~~

~~d. To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act (the "Act"), as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.~~

~~Section 1.02. Member; Lawrence & Memorial Corporation. The Hospital shall have but one (1) member, Lawrence + Memorial Corporation (the "Member"), which shall elect the Board of Directors of the Hospital (also referred to in these Bylaws as the "Board" or "Board of Directors"), adopt, amend and repeal these Bylaws, and have all of the other~~

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the ~~members of a nonstock federally tax exempt corporation and not conferred by the Certificate of Incorporation or these Bylaws on the Board of Directors of the Hospital. In addition to any other~~member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws. If and to the extent that actions by the Member cannot be taken without the approval of the sole member of the Member, Yale-New Haven Health Services Corporation ("YNHHSC"), or actions have been reserved to YNHHSC, the Member may take such actions only as directed by YNHHSC.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A or Exhibit B of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), except that, with respect to the actions on Exhibit A, the Board's recommendation may be requested by the Member and YNHHSC consistent with Section 3.1(a) below. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the YNHHSC, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the rights reserved to the Member and YNHHSC to take the actions set forth in Exhibit A on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board, YNHHSC (or the Member, acting on the direction of YNHHSC) expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board or the Member of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member and YNHHSC any rights, powers and privileges ~~as it may have by law or under the Certificate of Incorporation, the Member shall have the right and power to:~~

~~(a) Approve the philosophy, mission and values of the Hospital and any change thereto;~~

(b) Adopt ~~strategic plans for the Hospital;~~

(e) Approve the Hospital's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(d) Approve the formation or acquisition by the Hospital of any new direct or indirect subsidiaries, joint ventures or affiliations;

(e) Approve the Certificate of Incorporation, Bylaws and other governance documents of the Hospital, and any amendments thereto or restatements thereof;

(f) Approve all core competencies and qualifications required for selection of the Hospital's Directors;

(g) In consultation with and upon recommendation of the Board, appoint all Directors of the Hospital, and remove, with or without cause, all Directors or board officers of the Hospital;

(h) In consultation with and upon recommendation of the Board, appoint and remove, determine the compensation for, and conduct the evaluation of, the President and Chief Executive Officer of the Hospital (the "President and CEO");

(i) Select and approve any auditor of the annual audited financial statements for the Hospital;

(j) Approve any accounting or debt management programs, establish any debt limits under such programs, approve any variances from such programs or limits for the Hospital, and incur or assume any debt on behalf of the Hospital;

(k) Approve the incurrence of debt or financing by the Hospital, other than credit purchases of goods or services in the ordinary course of business, except as included in approved capital or operating budgets;

(l) Oversee the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds;

(m) Approve any voluntary change to the federal income tax exemption granted by the IRS to the Hospital under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code");

(n) Initiate or consent to any form of insolvency proceeding undertaken by the Hospital or any direct or indirect subsidiary of the Hospital;

(o) Approve all projects, agreements or transactions undertaken by the Hospital involving the expenditure of funds or divestiture of assets in excess of $250,000 and not otherwise included in an approved budget;

(p) Approve the services offered by the Hospital, new service lines or termination of existing service lines not otherwise included in an approved budget or a strategic or financial plan;

(q) Approve any sale, lease, transfer, or substantial change in the use of all or substantially all of the assets of the Hospital or any direct or indirect subsidiary of the Hospital;

(r) Approve any merger, consolidation, restructuring, change in corporate ownership, dissolution, or liquidation of the Hospital or any direct or indirect subsidiary or the Hospital;

(s) Approve the acquisition of any real estate or any significant lease arrangement by the Hospital, except as otherwise included in a strategic or financial plan or approved budget;

(t) Approve any management contract or outsourcing arrangement for the Hospital which would substantially impact or alter its operations; and

(u) Approve any change in the primary business name or logo of the Hospital.

Section 1.03. Manner of Action by Member. Any action permitted or required of the Member by law, the Certificate of Incorporation or these Bylaws may be taken by vote of its board of directors, or by or through any person or persons designated by either its bylaws or its board of directors to act on its behalf. Except as provided in Section 2.05 of these Bylaws, any such action may also be taken without a meeting by written communication of a duly authorized representative of the Member acting within the limits of his/her authority. Any such action by the Member or its duly authorized representative shall be filed with the Secretary of the Hospital. Whenever approval by the Member is required by law, the Certificate of Incorporation or these Bylaws, the Member shall attempt to act on a request for approval within the timeframe set forth in any schedule that may be developed from time to time, or if no such schedule exists, in a timely manner.

ARTICLE II

Board of Directors

Section 2.01. Composition. The Board of Directors shall consist of not less than five (5) nor more than eleven (11) Directors, such number within the variable range to be determined by the Member at its annual meeting. At all times, up to five (5) of these Directors shall serve ex officio: the President and CEO; the President and Chief Executive Officer of the Member (if such individual is not also concurrently serving as the Hospital's President and CEO), the President of the Medical Staff; the Vice President of the Medical Staff; and a representative at large of the Medical Staff who ordinarily shall be the immediate past President or a former President of the Medical Staff (the "Ex-Officio Directors"). The remainder of the Directors, the "Elected Directors," shall be members of the Member and elected by the Member in accordance with these Bylaws. The Elected Directors shall be divided into three (3) groups, so

~~that approximately one-third (1/3) of the Directors shall have terms that expire annually. The Elected Directors and the Ex-Officio Directors are together referred to in these Bylaws as the "Directors."~~

~~Section 2.02. Election and Terms. Elected Directors shall be elected by the Member at its annual meeting from a slate of nominees prepared by its Governance Committee. No other nominations shall be permitted. Except as provided otherwise in these Bylaws, Elected Directors shall serve a term of three (3) years, or until their resignation, removal or death. The Member may elect Directors to serve one-year or two-year terms in order to achieve the groupings required by Section 2.01 of these Bylaws.~~

~~Section 2.03. Tenure. An Elected Director shall be eligible for election to three (3) consecutive three-year terms. For the purposes of determining eligibility for re-election, an Elected Director who has served more than one and one-half (1½) years of a three-year term shall be deemed to have served a full term. An Elected Director may be re-elected for a fourth consecutive term if the Director is also elected as an officer at the beginning of such fourth term. After serving the maximum time permitted under this Section, an Elected Director may be re-elected to the Board only after the Director has been off the Board for a period of at least one (1) year.~~

~~Section 2.04. Resignation. An Elected Director may resign at any time by delivering written notice to the Secretary of the Hospital. The resignation shall be effective when the notice is delivered, unless the notice specifies a later effective date. If an Ex-Officio Director resigns or is removed from the position from which his or her ex-officio status derives, the Ex-Officio Director will immediately and automatically cease to be a Director without further action by the Board or the Member.~~

~~Section 2.05. Removal. An Elected Director may be removed by the affirmative vote of the Member at a meeting of the Member's board of directors. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Elected Director.~~

~~Section 2.06. Vacancies. A vacancy of an Elected Director may be filled by the Member or the Board at any regular or special meeting. If filled by the Board, the individual elected to fill the vacancy shall serve until the next meeting of the Member at which Directors are elected.~~ that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations

of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section ~~2.07. Duties and Responsibilities.~~ ~~Subject to the rights, powers and privileges accorded to the Member in the Certificate of Incorporation, these Bylaws, or by law, the Board shall manage and direct the business, property, and affairs of the Hospital. The Board shall exercise all of the powers of the Hospital in accordance with these Bylaws. Without limiting the foregoing, the Board shall have the power to:~~**3.1 Powers and Duties.** Subject to the powers retained by, conferred upon, or reserved to the Member or YNHHSC by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. Without limiting the generality of the foregoing, the Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff"), shall hold the Medical Staff responsible for recommendations concerning medical matters, and shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges (directly or as delegated by the Board to the Patient Safety and Clinical Quality Committee in accordance with Section 5.4(b) of these Bylaws).

Further without limiting the generality of the foregoing, and subject to Section 2.2 and Exhibit A and Exhibit B of these Bylaws, the Board may:

(a) Make the following recommendations to the Member and YNHHSC:

(n) Approve any incurrence or assumption of debt by the Hospital in accordance with the guidelines for accounting and debt management programs established by the Member; except for long-term or material agreements that require the approval of the Member and YNHHSC in accordance with Exhibit A;

(oiv) Periodically assess the HospitalCorporation's Quality Initiatives, including tracking and reporting on the Hospital's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(p)v) Periodically assess the Hospital's policies and programs to assure corporate and regulatory compliance, including all required state and federal license and generally recommended accreditations and certifications;

(q) Periodically assess the Hospital's policies and programs relating to human relations and labor relations;(r) Periodically assess the HospitalCorporation's Development Plans and its Planned Giving Plans;

(svi) Periodically assess the HospitalCorporation's Community Relations Initiatives and Community Outreach Programs;

(t) Plan and implement policies and programs relating to the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds, annual appeal funds, and net proceeds from special fundraising events;(uvii) Approve actions with respect to the privileges and credentials of members of the

~~Hospital~~Corporation's medical staff in accordance with state and federal law, applicable accreditation standards, the ~~Hospital~~Corporation's Medical Staff Bylaws and any System guidelines established by the Member~~:~~, subject to the Board's delegation of authority to the Board Patient Safety and Clinical Quality Committee; and

(~~v~~viii) Evaluate the Board's performance; ~~and~~.

~~(w) Recommend to the Member the appointment and removal of the President and CEO.~~

~~Section 2.08. Compensation. The Directors shall serve without compensation for their services as Directors but may be reimbursed by the Hospital for their reasonable expenses and disbursements in that capacity on behalf of the Hospital.~~

~~Section 2.09. Directors Emeriti. In its discretion, the Member may appoint Directors Emeriti. To be eligible for appointment, an individual shall have contributed lengthy and exemplary service to the Hospital as a Director. From time to time, Directors Emeriti may be invited to attend Board meetings, but shall not vote or be counted towards a quorum. Individuals appointed as Directors Emeriti shall retain such appointments for life.~~

~~ARTICLE III~~

~~Meetings of the Board of Directors~~

~~Section 3.01. Annual and Regular Meetings. The annual meeting of the Board shall be held in the month of December on a date to be fixed by the Chair from year to year, unless the Chair shall designate a different date for the annual meeting of the Board. The transaction of business at the annual meeting shall be unlimited except as otherwise specified in these Bylaws. There shall be up to twelve (12) regular meetings of the Board per fiscal year, with a schedule of such meetings to be adopted by resolution of the Board.~~

~~Section 3.02. Notice of Annual and Regular Meetings. The Secretary shall give notice of the date, time and place of the annual meeting and each regular meeting of the Board by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person to each Director at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule approved by the Board.~~

Section 3.2 **Composition.** The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees.** Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees.** In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of YNHHSC (or his or her designee);

(ii) the President of the Member (if such person is not also concurrently serving as the President of the Corporation);

(iii) the President of the Corporation (if such person is not also concurrently serving as the President of the Member);

(iv) the President of the Medical Staff; and

(v) the Vice President of the Medical Staff.

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

(c) **Other Board Participants.** Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election by the Board as a Trustee Emeritus. A Trustee Emeritus shall have the privilege of attending meetings of the Board and shall have the privilege of the floor, but shall have no vote at meetings of the Board and shall not be counted in determined a quorum thereof.

Section 3.3 **Number.** The Board shall consist of no fewer than six (6) nor more than twelve (12) Trustees, such number to be determined from time to time by the Member.

Section 3.4 **Election of Trustees.** At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III and who are satisfactory to

YNHHSC.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include one (1) physician on the Medical Staff who has previously held the position of President of the Medical Staff.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of YNHHSC at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of YNHHSC.

Section 3.6 Resignation. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be

effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 Removal. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board. The Member shall remove an Elected Trustee at the direction of YNHHSC.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings.** The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings.** Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

~~Section 3.03. Special Meetings. Special meetings may be called at any time by the Chair, and shall be called by the Chair within seven (7) days of receipt of the written request of any three (3) Directors. Notice of the date, time, place and purpose of a special meeting shall be given to each Director by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty four (24) hours before the scheduled time of the meeting and no business shall be transacted at such meeting other than that specifically set forth in the notice.~~(c) **Special Meetings.** Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

~~Section 3.04. Quorum; Vote Required for Action. A majority of all Directors shall constitute a quorum at all meetings of the Board. The affirmative vote of a majority of the Directors present at a meeting at which time a vote is taken shall be the act of the Board, unless the vote of a greater number is required by the Certificate of Incorporation, these Bylaws, or by law. Ex-officio Directors shall be counted in determining a quorum and shall be entitled to vote.~~

~~Section 3.05. Action Without Meeting. If all members of the Board consent in writing to any action taken or to be taken, the action shall be the same as if authorized at a meeting of the~~

~~Board; all written consent(s) shall be included in the corporate minutes or filed with the corporate records.~~

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section ~~3.06.~~ 3.13 Participation by Conference ~~Telephone.~~ ~~Any member~~**Call.** The members of the Board may participate in a meeting of the Board by means of ~~a~~ conference telephone or similar communications equipment ~~enabling all members of the Board~~(including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

~~Section 3.07. Agenda and Records of Meetings. There shall be a written agenda for each meeting of the Board, and minutes of each meeting shall be prepared and submitted to the Board for approval by the Secretary or a delegate. Minutes shall reflect attendance at the meeting, and shall be dated, signed and maintained in the corporate records following approval.~~

~~Section 3.08. Executive Session. The Board of Directors shall meet in executive session at least once during each fiscal year and may meet in executive session at such other times as the~~

~~Chair may designate. An executive session may be held during any regular or special meeting of the Board and shall be attended only by Directors and other persons invited by the Chair for all or any portion of the executive session, provided that Directors who are employees of the Hospital may at the discretion of the Chair be excluded from all or any portion of an executive session.~~

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

~~**Officers**~~

Section ~~4.01.~~ 4.1 Officers. The officers ~~shall be a Chair, the President and CEO, a Secretary, a Treasurer,~~of the Corporation shall consist of a President, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time ~~be designated by the Board.~~consistent with Section 4.6. The offices of ~~Chair,~~the President ~~and CEO, and~~, the Chair and the Treasurer shall be held by different individuals.

Section ~~4.02. Election.~~ ~~The officers, except for the President and CEO, shall be chosen by the Board at its annual meeting, and shall hold office until the next annual meeting.~~

~~Section 4.03. Vacancies. Any vacancy occurring in any office shall be filled promptly by the Board at any Board meeting.~~

~~Section 4.04. Removal. Any officer may be removed with or without cause by the Member at any meeting of the board of directors of the Member, provided that the notice of the meeting specifically states that the purpose or one of the purposes of the meeting is removal of the officer.~~

~~Section 4.05. Duties. The duties of the officers shall be as follows:~~**4.2 Election and Term of Office.** The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee of the Member and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 Powers. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President.** The President of the Corporation shall be appointed by the Member, following consultation with the Board and with the approval of YNHHSC. The appointed President shall serve at the pleasure of the Member and YNHHSC.

The President shall be a person who in the judgment of the Member and YNHHSC has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, Corporation personnel, YNHHSC and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board and with the approval of YNHHSC.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President of the Member (or his or her designee) as well as to the Board.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member at the direction of YNHHSC following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3(a).

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

~~**President and CEO**~~

~~**Section 5.01. Appointment.** The Member shall appoint a President and CEO in accordance with these Bylaws. Other executive management staff shall be appointed by the President and CEO with the approval of the Board. The removal of the President and CEO shall be at the discretion of the Member.~~

~~Section 5.02. Qualifications for the President and CEO. The Board shall develop and recommend to the Member a criteria-based process for selecting a President and CEO. Among other criteria, education and relevant experience are important qualifications. The Board shall also develop and recommend to the Member any performance objectives, evaluations and compensation programs for the President and CEO. The President and CEO shall have the knowledge and skills necessary to perform the duties required of the Hospital's senior leader.~~

~~Section 5.03. Responsibilities of the President. The President and CEO shall be the chief executive officer of the Hospital. Subject to the powers expressly reserved to the Board or the Member, the President and CEO shall, in general, supervise and control all the business and affairs of the Hospital and shall have the power to sign, acknowledge and deliver on behalf of the Hospital all deeds, agreements and other formal instruments. If no Chair or Vice Chair has been appointed or in the absence of the Chair or Vice Chair, the President and CEO shall, in general, supervise and control all of the business and affairs of the Hospital and shall have the power to sign, acknowledge and deliver on behalf of the Hospital all deeds, agreements and other formal instruments. The President and CEO shall see that all orders and resolutions of the Board and of the committees of the Board are carried into effect. In general, he or she shall perform all duties incident to the office of President and CEO and such other duties as may from time to time be assigned to the President and CEO by these Bylaws, by the Board, or by the Member.~~

~~Section 5.04. Attendance at Meetings. The President shall attend all meetings of the Board unless excused by the Chair.~~

~~ARTICLE VI~~**5.1Classification.** There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings.** Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Executive Committee.** The Executive Committee shall consist of the President, the Chair, the Secretary, the Treasurer, the President of the Member (if such person is not also concurrently serving as the President of the Corporation), a member of the Board selected by YNHHSC, and any other member of the Board that the Board may choose to appoint. The Chair shall serve as the chair of the Executive Committee. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Patient Safety and Clinical Quality Committee.** The Patient Safety and Clinical Quality Committee shall have such duties as are delegated to it by the Board.

These duties include authority to render decisions in cases of uncontested medical staff appointments, reappointments, and renewals or modifications of clinical privileges. The Patient Safety and Clinical Quality Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of high quality, effective care. Other delegated duties may be set forth in the Medical Staff Bylaws. The Patient Safety and Clinical Quality Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration. To the extent that such committee engages in peer review activity, such committee shall function as a "peer review committee" within the meaning of that term as set forth in Chapter 368a of the Connecticut General Statutes, as amended from time to time.

Section 5.5 Other Committees ~~Section 6.01. Generally~~. The Board may establish and appoint ad -hoc committees from time to time as the Board may deem necessary to carry out special fund raising events or other initiatives of the Board. ~~Committees~~Such committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and chairs of each such committee shall be appointed by the Board, and each such committee shall consist of at least one (1) ~~Director~~Trustee and two (2) other individuals who may or may not be ~~Directors~~Trustees. Each such committee ~~established by the Board~~ shall be chaired by a ~~Director~~Trustee of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

~~Section 6.02. Committee Procedures. Notice of the date, time and location of a committee meeting shall be given to each member of such committee by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty four (24) hours before the scheduled time of the meeting. Minutes shall be recorded of each meeting of the committee and submitted at the next regular meeting of the Board. The committee chair or the chair's designee shall make a full report of each meeting of the committee at the next meeting of the Board.~~

~~Section 6.03. Committees - Miscellaneous Provisions. The Chair may designate one or more officers of the Hospital to serve as ex officio members of a committee. Each such committee shall adopt and follow rules and procedures for its organization and operation.~~

~~Section 6.04. "Medical Review Committees". Any committee or subcommittee referred to in or otherwise established in accordance with the provisions of these Bylaws, as well as the Board itself, when engaged in any peer review activity, is intended to be a "medical review committee" within the meaning of that term as set forth in Chapter 368a of the Connecticut General Statutes, as amended from time to time.~~

~~ARTICLE VII~~

~~Medical Staff~~

~~Section 7.01. The Appointment and Governance of the Medical Staff. The Board shall appoint all members of the Hospital's Medical Staff, approve each member's delineated clinical privileges, and be responsible for the organization and activities of the Medical Staff. The Board shall adopt and from time to time review the bylaws and rules and regulations of the Medical Staff. The Board shall assure that the Medical Staff complies with such bylaws, rules and regulations, and shall have and regularly consult with a liaison of the Medical Staff.~~

~~Section 7.02. Recommendations of The Medical Staff Executive Committee. The Board shall accept and review, for possible adoption by the Board, specific recommendations from the Medical Staff executive committee, made in accordance with the provisions of the Medical Staff bylaws, and relating to:~~

~~a. The structure of the Medical Staff;~~

~~b. The process designed for reviewing credentials and delineating individual clinical~~ privileges;

~~c. Recommendations for Medical Staff membership;~~

~~d. The organization of the Medical Staff's performance improvement activities, as well as the process designed for conducting, evaluating and revising such activities;~~

Section 5.6 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

~~e. The process by which Medical Staff membership may be terminated; and~~

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

~~f. The fair hearing process.~~

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Nonstock Act related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by either (i) the Member or (i) a majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 Fiscal Year. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 Execution of Deeds and Contracts. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 Execution of Negotiable Instruments. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 Auxiliary. There may be an auxiliary organized to further the purposes and interests of the Corporation (the "Auxiliary"). The Auxiliary shall have the authority, subject to the review and approval of the Board, to adopt and amend bylaws for its operations which shall state its purpose, duties and organization.

Section 8.5 Department Chairs. The Corporation shall consult with YNHHSC regarding the recruitment and selection of all Department Chairs or other comparable positions at the Corporation and/or any of its Affiliates.

ARTICLE IX. AMENDMENTS

Except as otherwise provided by the Certificate of Incorporation or by law, and subject to approval by YNHHSC, these Bylaws may be amended, altered, or repealed by the Member.

EXHIBIT A

Actions Requiring Approval of the Member and YNHHSC

Notwithstanding anything in these Bylaws to the contrary, the following actions may only be taken upon the approval of the Member and YNHHSC, without the approval of the Board of this Corporation:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate or the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by YNHHSC by a specified dollar amount to be determined from time to time by YNHHSC;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by YNHHSC, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. YNHHSC shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate;

K. Adoption of safety and quality assurance policies not in conformity with policies established by YNHHSC;

L. Oversee the Corporation's management and investment of its permanent and temporarily restricted funds;

M. Approve any voluntary change to the federal income tax exemption granted by the IRS to the Corporation under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended;

N. Initiate or consent to any form of insolvency proceeding undertaken by the Corporation or any direct or indirect subsidiary of the Corporation;

O. Approve any change in the name of the Corporation, and establish advertising, marketing and promotional policies applicable to the Corporation; and

P. Appointment of the President of this Corporation consistent with Section 4.3(a).

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member or YNHHSC pursuant to these Bylaws and the Bylaws of the Member and of YNHHSC.

EXHIBIT B

Direct Authority Retained by YNHHSC

~~Conflict of Interest; Confidentiality~~

Notwithstanding anything in these Bylaws to the contrary, YNHHSC (or, where required by law, the Member acting at the direction of YNHHSC) retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

~~Section 8.01. "Conflict of Interest" Defined; Conflict of Interest and Confidentiality Policies. The Board expects the Directors to exercise good judgment and follow high ethical standards. Individuals serving the Hospital should never permit private interests to conflict in any way with their obligations to the Hospital and to any entities affiliated with the Hospital. In addition, all Directors must honor the confidential nature of Hospital information and strive to maintain its confidentiality. To this end, from time to time the Board shall adopt a Conflict of Interest Policy and a Confidentiality Policy; such policies shall be as effective as if they were part of these Bylaws. These policies shall be consistent with requirements of state law, the law of tax-exempt organizations, and the requirements of the Joint Commission on the Accreditation of Healthcare Organizations, and shall address, among other things: the definition of "confidential materials" and "related persons"; disclosure by Board members; the purchase of goods and services; compensation decisions; and procedures to implement and enforce these policies.~~

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

~~ARTICLE IX~~

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by YNHHSC in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to YNHHSC or as otherwise directed by YNHHSC; and

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate.

~~Amendments~~

Other Major Activities

A. ~~Section 9.01. Amendments.~~ ~~Except as otherwise provided by the Certificate of Incorporation, or by law, the Member may adopt, amend or repeal these Bylaws.~~ In addition, YNHHSC shall have the authority, except as otherwise provided by YNHHSC and after consultation with the Member, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that YNHHSC determines to be "major activities."

~~ARTICLE X~~

~~Auxiliary~~

~~Section 10.01. Auxiliary. There may be an auxiliary known as "The Auxiliary of Lawrence & Memorial Hospital." It shall be a unit of the Hospital and shall be governed and operated under bylaws approved by the Board with the approval of the members of the Auxiliary. All funds of the Auxiliary shall be subject to the direction and control of the Board, consistent with the approved bylaws of the Auxiliary.~~

~~ARTICLE XI~~

~~Miscellaneous~~

~~Section 11.01. Principal Office. The principal office of the Hospital shall be located in New London, Connecticut.~~

~~Section 11.02. Waivers of Notice. Whenever any notice of time, place, purpose or any other matter, including any special notice or form of notice, is required or permitted to be given to any person by law or under the provisions of the Certificate of Incorporation or these Bylaws, or of a resolution of the Member or the Board, a written waiver of notice signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. The Secretary of the Hospital shall cause any such waiver to be filed with or entered upon the records of the Hospital or, in the case of a waiver of notice of a meeting, the records of the meeting. The attendance of any person at or participation in a meeting waives any required notice to that person of the meeting unless at the beginning of the meeting, or promptly upon the person's arrival, the person objects to the holding of the meeting or the~~

~~transacting of business at the meeting and does not thereafter vote for or assent to action taken at the meeting.~~

~~**Adopted by the Board of Directors of Lawrence & Memorial Corporation on November 26, 2012 for Effective Date of December 12, 2012**~~

B. "Major activities" shall be those which YNHHSC by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to the Member, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of YNHHSC, and shall refer to this Bylaw provision granting such approval rights to YNHHSC. Notices received pursuant to this section shall be recorded in the minutes of the Member and of this Corporation, and shall be filed with the minutes of the Member and of this Corporation.

Amended and Restated

Certificate of Incorporation

of

Lawrence + Memorial Hospital, Inc.

Sec. 1. The name of the corporation is Lawrence + Memorial Hospital, Inc. (the ~~"~~"Hospital"~~"~~).

Sec. 2. The nature of the activities to be conducted, ~~or~~and the purposes to be promoted or carried out by the Hospital, shall be exclusively charitable, scientific and educational within the meaning of Section 501(c)(3) of the Internal Revenue Code of ~~1954~~,1986, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Code") and shall include the following:

(a) To establish, maintain and carry on an institution ~~within the healthcare delivery system administered by Lawrence + Memorial Corporation,~~ with permanent facilities for inpatients and ambulatory patients, with medical services to provide diagnosis and treatment, to carry on all associated services, and to assure that there is no unlawful discrimination under any program or in any facility of the Hospital;

(b) To participate, so far as circumstances may warrant, in any activity designed and carried on to promote the general health needs of the community;

(c) To conduct and participate in educational and scientific research activities related to providing care to the sick and injured, to the promotion of health, or to the development of personnel in the health professions or occupations, which, in the opinion of the Board of ~~Directors~~Trustees may be justified and supported by the facilities, personnel, funds or other requirements that are or can be made available; and

(d) ~~In furtherance of the foregoing, to~~To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act ~~(the "Act")~~, as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

In furtherance of the foregoing, the Hospital shall (i) participate as an integral part of the integrated health care delivery system known as the Yale New Haven Health System (the "System"), which System provides, through its affiliates, comprehensive, cost effective, advanced patient care characterized by safety and clinical and service quality; and (ii) fund and promote activities and programs of the System, including activities and programs of its affiliates, consistent with and in furtherance of the Hospital's charitable purposes and the charitable purposes of all System affiliates.

Sec. 3. The Hospital is nonprofit and shall not have or issue shares of stock or pay dividends.

Sec. 4. The Hospital shall have but one member, Lawrence + Memorial Corporation (the "Sole Member"), which shall ~~elect the Board of Directors of the Hospital in accordance with the Bylaws, shall have all of~~have the ~~other~~ rights, powers and privileges ~~usually or by law accorded to the members of a nonstock federally tax exempt corporation and not conferred thereby or by the Certificate of Incorporation or Bylaws upon the Board of Directors of the Hospital, and shall have such additional rights, privileges and obligations as may be accorded to the Sole Member in the Certificate of Incorporation or Bylaws from time to time.Sec. 5.The business, property and affairs of the Hospital shall be~~provided in the Bylaws and by the State of Connecticut, including the right to exercise, on behalf of and as directed ~~and managed by a Board of Directors. The corporate powers of the Board of Directors, and any applicable limitations thereon, shall be as set forth in the Bylaws as in effect from time to time. The Bylaws shall prescribe the number, qualifications and manner of election of directors~~by its sole member, Yale-New Haven Health Services Corporation ("YNHHSC"), certain expressly reserved powers and retained rights described in the Bylaws.

Sec. 5. Subject to the rights, powers and privileges accorded to the Sole Member and to YNHHSC under the Bylaws and by the State of Connecticut, the Hospital shall be governed by its Board of Trustees. The Bylaws may provide that persons occupying certain positions within or without the Hospital shall be ex-officio trustees who may vote and be counted in determining a quorum. As may be further provided in the Bylaws of the Hospital, the terms of ~~directors~~ elected ~~by the Member shall~~trustees may be staggered by dividing the ~~total number of these directors~~trustees into ~~three (3)~~ groups~~,~~ so that approximately an equal number of such ~~directors~~trustees have terms that expire each year. ~~The Bylaws may provide that certain persons occupying certain positions within or without the Hospital shall be *ex officio* directors, who may be counted in determining a quorum and may have the right to vote.~~

Sec. 6. ~~The Member shall have the sole power, in accordance with the Bylaws, to adopt, amend or repeal the Hospital's Bylaws and Certificate of Incorporation.Sec. 7.~~ No part of the net earnings of the Hospital shall inure to the benefit of or be distributable to the Hospital's ~~directors~~trustees, officers or other private persons, except that the Hospital, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Hospital shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Hospital shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the Hospital shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

Sec. ~~8.~~7. Upon any dissolution of the Hospital, all of its property and assets shall, after payment of the lawful debts of the Hospital and the expenses of its dissolution, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant,

conveyance, agreement, memorandum, writing or other governing document) to ~~the Member~~Lawrence + Memorial Corporation, so long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or, if at the time of the dissolution ~~or termination of existence~~ of the Hospital, ~~the Member~~Lawrence + Memorial Corporation is not in existence or does not so qualify, to one or more charitable, scientific or educational organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of ~~Directors~~Trustees may determine.

Sec. ~~9.~~ 8. In addition to, and not in derogation of, any other rights conferred by law, a ~~director~~trustee of the Hospital shall not be personally liable for monetary damages for breach of duty as a ~~director~~trustee in an amount greater than the compensation received by the ~~director~~trustee for serving the Hospital during the year of ~~the violation~~such breach if ~~the~~such breach ~~did~~does not (~~1~~A) involve ~~any~~a knowing and culpable violation of law by ~~the director~~such trustee, (~~2~~B) enable ~~the director~~such trustee or an associate~~,~~ (as defined ~~by~~in Section 33-840 of the Connecticut General Statutes~~.~~) to receive an improper personal economic gain, (~~3~~C) show a lack of good faith and conscious disregard for the duty of ~~the director~~such trustee to the Hospital under circumstances in which ~~the director~~such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Hospital, or (4D) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of ~~the director's duty to the Hospital.~~such trustee's duty to the Hospital. Any lawful repeal or modification of this Section 8 or the adoption of any provision inconsistent herewith by the Board of Trustees or the Sole Member of the Hospital shall not, with respect to a person who is or was a trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a trustee provided for in this Section 8 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

~~Sec. 10. Indemnification.~~

~~(a)~~

Sec. 9. The Hospital shall provide ~~indemnification to any person made a party to a civil, criminal, administrative or investigative proceeding because he or she is or was a director or officer of the Hospital against liability and reasonable expenses incurred in the proceeding; provided however, that the Hospital may not indemnify a director or officer of the Hospital unless a determination has been made, on a case by case basis, that such indemnification is permissible under the circumstances, because the director or the officer, as the case may be, has met the applicable standard of conduct set forth in Section 33-1117(a) of the Act, as such subsection may be amended from time to time. Such determination shall not be made by the court or other tribunal conducting the proceeding, or by any other court of competent jurisdiction, but shall instead be made in accordance with Section 33-1121 of the Act, as such section may be amended from time to time.~~

~~(b) The Hospital may not indemnify a director or officer of the Hospital in connection with a proceeding by or in the right of the Hospital, in which the director or the~~

~~officer, as the case may be, was adjudged liable to the Hospital, or in connection with any other proceeding charging improper benefit to him or her, whether or not involving official capacity, in which he or she was adjudged liable on the basis that personal benefit was received.~~

~~(c) Employees or agents of the Hospital and Hospital medical staff members acting in official medical staff capacity who are not directors or officers of the Hospital may be indemnified against liability and reasonable expenses in the same manner as set forth in subsections (a) and (b) above, except that the determination required by subsection (a) may in addition be made by the general counsel of the Hospital, or such additional officer or officers as the Board of Directors may specify. In the case of employees, agents and medical staff members of the Hospital who are not directors or officers, however, the extent of indemnification may be less than the indemnification of directors and officers, even if the standard in subsection (a) is met, depending upon the extent to which the directors, committee, legal counsel, Member or officers making the determination conclude that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances. In no event shall Hospital medical staff members be entitled to indemnification for any malpractice suit, claim (whether or not filed in court), settlement, judgment, verdict or decree arising out of or in connection with medical services rendered (or the failure to render such services).~~ its trustees with the full amount of indemnification that the Hospital is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the Hospital shall indemnify its trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (A) involves a knowing and culpable violation of law by such trustee, (B) enables such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes) to receive an improper personal economic gain, (C) shows a lack of good faith and conscious disregard for the duty of such trustee to the Hospital under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Hospital, or (D) constitutes a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Hospital.

The Hospital may indemnify and advance expenses to each officer, employee or agent of the Hospital who is not a trustee, or who is a trustee but is made a party to a proceeding in his or her capacity solely as an officer, employee or agent, to the same extent as the Hospital is permitted to provide the same to a trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

Notwithstanding any provision hereof to the contrary, the Hospital shall not indemnify any trustee, officer, employee or agent against any penalty excise taxes assessed against such person under Section 4958 of the Internal Revenue Code.

Sec. 10. This Certificate of Incorporation and the Bylaws of the Hospital may be amended or repealed, and new Bylaws may be adopted, only with the approval of the Sole Member and YNHHSC.

H. To receive and accept public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of this corporation; and generally to do and perform such other acts and to exercise such other powers as may be authorized or permitted under the laws of the State of Connecticut to promote and attain the purposes set forth herein; and

I. To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Act in furtherance of the foregoing.

3. The corporation is nonprofit and shall not have or issue shares of stock or pay dividends.

4. The corporation shall have no Members, and the corporation shall be operated under the management of a Board of Trustees.

5. The Board of Trustees shall be composed of two designations of trusteeships, Elected Trustees and Ex Officio Trustees, with the trustees to be elected as provided in the Bylaws. Ex Officio Trustees may be counted in determining a quorum and have the right to vote as shall be provided in the Bylaws. As may be further provided in the Bylaws, the terms of Elected Trustees may be staggered by dividing the Elected Trustees into groups so that approximately an equal number of such Trustees have terms that expire each year.

6. No part of the net earnings of the corporation shall inure to the benefit of or be distributable to the corporation's trustees, officers or other private persons, except that the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Paragraph 2 hereof. No substantial part of the activities of the corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from Federal Income Tax under Section 501(c)(3) of the Code or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

7. Upon any dissolution or termination of the existence of the corporation, all of its property and assets shall, after payment of the lawful debts of the corporation and the expenses of its dissolution or termination, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to Bridgeport Hospital, Greenwich Hospital and Yale-New Haven Hospital, Inc., provided they shall then qualify as exempt organizations under Section 501(c)(3) of the Code, in such proportions as the Board of Trustees may deem appropriate consistent with the relative financial and other contributions of each to the corporation, and to such other charitable, scientific or educational organizations qualified as exempt organizations under

Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Trustees may determine.

8. References to sections of the Code shall be deemed references to the Internal Revenue Code of 1986, as the same may be amended from time to time, and to the corresponding provisions of any future United States Internal Revenue Law.

9. In addition to, and not in derogation of, any other rights conferred by law, a Trustee shall not be personally liable for monetary damages for breach of duty as a Trustee in an amount greater than the compensation received by the Trustee for serving the corporation during the year of the violation if such breach did not (1) involve a knowing and culpable violation of law by the Trustee, (2) enable the Trustee or an associate as defined in Section 33-840 of the Connecticut General Statutes, to receive an improper personal economic gain, (3) show a lack of good faith and conscious disregard for the duty of the Trustee to the corporation under circumstances in which the Trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the corporation, or (4) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of the Trustee's duty to the corporation. Any lawful repeal or modification of this Section 9 or the adoption of any provision inconsistent herewith by the Board of Trustees of the corporation shall not, with respect to a person who is or was a Trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a Trustee provided for in this Section 9 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

Section 10. The corporation shall provide its Trustees with the full amount of indemnification that the corporation is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to Trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the corporation shall indemnify its Trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (1) involved a knowing and culpable violation of law by the Trustee, (2) enabled the Trustee or an associate to receive an improper personal economic gain, (3) showed a lack of good faith and a conscious disregard for the duty of the Trustee to the corporation under circumstances in which the Trustee was aware that his or her conduct or omission created an unjustifiable risk of serious injury to the corporation, or (4) constituted a sustained and unexcused pattern of inattention that amounted to an abdication of the Trustee's duty to the corporation.

The corporation may indemnify and advance expenses to each officer, employee or agent of the corporation who is not a Trustee, or who is a Trustee but is made a party to a proceeding in his or her capacity solely as an officer, employee or agent, to the same extent as the corporation is permitted to provide the same to a Trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

YALE-NEW HAVEN HEALTH SERVICES CORPORATION
AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 Name. The name of the corporation is **Yale-New Haven Health Services Corporation** (the "Corporation").

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

The Corporation shall have no members and shall be governed by a self-perpetuating Board of Trustees (the "Board") as set forth herein.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. The Board shall have charge, control and management of the affairs, property and funds of the Corporation. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances, and in a manner he or she reasonably believes to be in the best interests of the Corporation.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees.** Elected Trustees shall be the persons elected by the Board for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the communities and geographies served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees.** In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of the Corporation;

(ii) the President of Yale University;

(iii) the Chair of the Board of Trustees of Yale-New Haven Hospital,

Inc.;

(iv) the Chair of the Board of Trustees of Bridgeport Hospital;

(v) the Chair of the Board of Trustees of Greenwich Hospital.

Section 3.3 Number. The Board shall consist of up to twenty-one (21) Trustees, inclusive of Ex Officio Trustees.

Section 3.4 Election of Trustees. At the annual meeting of the Board, the Board shall elect successors to the Elected Trustees whose terms are then expiring. The Board shall elect such successors consistent with the following:

(a) Nine (9) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the Chair of the Board of Trustees of Yale-New Haven Hospital, Inc.

(b) Three (3) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the President of Yale University; provided that (x) no more than two (2) Trustees nominated and elected in accordance with this clause shall be employees of Yale University; and (y) if any Trustee nominated in accordance with this clause is an employee of Yale University, then such Trustee shall hold an officer position at Yale University throughout the term of such individual's service as a Trustee.

(c) All other Elected Trustees shall be elected from among the nominees presented by the Nominating and Governance Committee.

In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Board at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Board at which they were elected or at such later date as may be established by the Board and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or

(ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided, however, that a Trustee may be re-elected for one or more additional consecutive terms if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or

(ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board with cause by action of the Board. Action to remove an Elected Trustee may be taken at any meeting of the Board, provided that the notice of the meeting at which such action will be voted on shall state that the purpose or one of the purposes, of the meeting is removal of the Trustee.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled by the Board in accordance with Section 3.4 of these Bylaws. If the vacancy results from the death, resignation or removal of a Trustee elected on nomination of Yale-New Haven Hospital, Inc., Bridgeport Hospital, Greenwich Hospital or Yale University, the institution that nominated the Trustee who died, resigned or was removed shall submit a name of a replacement Trustee consistent with Section 3.4. In the event that the remaining Trustees on the Board do not constitute a quorum, a vacancy may be filled by the concurring vote of a majority of such remaining Trustees. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair or the President/Chief Executive Officer shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair or the President/Chief Executive Officer shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or the President/Chief Executive Officer and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees are present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the

Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 Officers. The officers of the Corporation shall consist of a President/Chief Executive Officer, a Chair, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be members of the Board.

Section 4.2 Election and Term of Office. Employees of the Corporation who are designated as officers shall be appointed by the Board and shall hold office at the pleasure of the Board. Officers who are not paid employees of the Corporation shall be nominated by the Nominating and Governance Committee and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 Powers. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President/Chief Executive Officer.** The President/Chief Executive Officer shall be the chief executive officer of the Corporation.

The President/Chief Executive Officer shall be a person who in the judgment of the Board has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, employees and the community.

The President/Chief Executive Officer shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President/Chief Executive Officer shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President/Chief Executive Officer shall be defined in a written statement adopted by the Board.

The President/Chief Executive Officer shall be a voting member of all standing committees except as otherwise specified in these Bylaws. In the absence of the Chair and the Vice Chair, or if there be no Chair or Vice Chair, the President/Chief Executive Officer shall preside at all meetings of the Board.

The President/Chief Executive Officer shall serve, as long as he or she is appointed by the Board of Yale-New Haven Hospital, Inc., as the chief executive officer of Yale-New Haven Hospital, Inc.

(b) **Chair**. The Chair of the Board shall preside at meetings of the Board and shall perform such other duties as the Board may from time to time prescribe.

(c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office, shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, the vacancy may be filled by the Board for the unexpired term.

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board on nomination of the Nominating and Governance Committee. All such committee members

and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. All committees shall have the power to choose their own secretaries. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees. Each committee shall be chaired by a member of the Board.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings.** Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Finance Committee.** The Finance Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee and shall include at least one (1) representative from each of the founding hospital members of the obligated group led by the Corporation. Notwithstanding anything herein to the contrary, (i) at least one member of the Finance Committee shall have financial expertise, as determined by the Board; and (ii) a majority of the members of the Finance Committee shall be Trustees. The Finance Committee shall have such duties as are established by the Board and set forth in the Finance Committee charter. These duties shall include, but not be limited to, fact-finding for the Board on matters relating to the financial administration of the Corporation and its affiliates, examination and analysis of financial reports of the Corporation and its affiliates, and preparation of annual operating and capital budgets for presentation to the Board that take into account the financial plans for the Corporation and its affiliates.

(b) **Audit Committee.** The Audit Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee. Notwithstanding anything herein to the contrary, (i) at least one member of the Audit Committee shall have financial expertise, as determined by the Board; (ii) a majority of the members of the Audit Committee shall be Trustees; and (iii) no member of the Audit Committee shall have any material business relationship (including but not limited to an employment relationship) with the Corporation or any of its affiliates. The Audit Committee shall have such duties as are established by the Board and set forth in the Audit Committee charter. These duties shall include, but not be limited to, monitoring the integrity of the financial statements of the Corporation and its affiliates; recommending to the Board an independent auditor for the Corporation and its affiliates; reviewing the outside auditor's independence, qualifications and

performance; meeting with the independent auditor from time to time to review financial results and controls of the Corporation and its affiliates; overseeing the effectiveness of internal controls of the Corporation and its affiliates.

(c) **Nominating and Governance Committee**. The Nominating and Governance Committee shall consist of not fewer than five (5) nor more than eight (8) members of whom the following shall be Ex Officio members: (i) the Chair of the Board of Yale-New Haven Hospital; (ii) the President of Yale University; (iii) the President/Chief Executive Officer of the Corporation; (iv) the Chair of the Board of Bridgeport Hospital; and (v) the Chair of the Board of Greenwich Hospital. Ex Officio members shall be counted in determining a quorum and shall have full voting rights. All other members shall be elected by the Board subject to the consent of the Chair of the Board of Yale-New Haven Hospital and at least one of such additional members shall be a member of the Board of Trustees of Yale-New Haven Hospital, Inc. The Nominating and Governance Committee shall nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all other standing committees. The Nominating and Governance Committee shall also review Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process.

(d) **System Investment Committee**. The System Investment Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee and shall include one (1) representative from each of the founding hospital members of the obligated group led by the Corporation. At all times, a majority of the members of the System Investment Committee shall be Trustees. The System Investment Committee shall have such duties as are delegated to it by the Board. These duties include oversight of investment activities of the Corporation.

Section 5.6 Other Committees. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

Section 5.7 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Connecticut Revised Nonstick Corporation Act, as such act may be amended from time to time (the "Nonstock Act") related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President/Chief Executive Officer or such other officers or officers as may be specified by the Board or authorized by the President/Chief Executive Officer.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President/Chief Executive Officer or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Related Corporations**. The Corporation is nonprofit and shall not engage directly in activities for profit. It may, however, from time to time organize and control, through stock ownership or otherwise, one or more corporations organized and operated for profit. In considering the appropriateness of organizing or controlling corporations organized and operated for profit, the Corporation shall give principal consideration to corporations engaged in activities which relate to health care or which directly or indirectly support, advance or contribute to the purposes and objectives of the Corporation and its affiliates that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time. The Board shall establish guidelines, consistent with the provisions of this Section, for consideration of activities which might suitably be developed through for profit corporations controlled by the Corporation.

ARTICLE IX. AMENDMENTS

These Bylaws may be amended, altered, or repealed at any meeting of the Board by a two-thirds vote of the Trustees present and voting, a quorum being present, provided that the general nature and

purpose of such proposed amendment(s) shall be set forth in the notice of the meeting, and the actual language of the proposed amendments need not be included in the notice.

Notwithstanding anything herein to the contrary:

(i) any amendment to reduce or alter the number, conditions of office, or terms of Trustees who either (x) are required to be trustees of Yale-New Haven Hospital, Inc. or (y) are nominated for election by the Chair of the Board of Yale-New Haven Hospital, Inc., shall be subject to approval by at least a majority of the following Trustees: the Chair of the Board of Yale-New Haven Hospital, Inc. and all Trustees nominated by the Chair of the Board of Yale-New Haven Hospital, Inc.

(ii) any amendment to reduce or alter (x) the number, conditions of office, or terms of Trustees who serve Ex Officio by virtue of his or her position with Bridgeport Hospital or Greenwich Hospital or (y) the rights of Bridgeport Hospital or Greenwich Hospital to have a representative on certain enumerated committees of the Board, shall be subject to approval by a two-thirds vote of the Trustees present and voting, a quorum being present, and to approval by the Ex Officio Trustee representing the affected hospital(s).

(iii) any amendment, alteration or repeal of these Bylaws shall be consistent with the Affiliation Agreement between the Corporation and Yale University dated June 25, 1999 and any amendments thereto.

YALE-NEW HAVEN HEALTH SERVICES CORPORATION
AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 **Name**. The name of the corporation is **Yale-New Haven Health Services Corporation** (the "Corporation").

Section 1.2 **General Purposes**. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

The Corporation shall have no members and shall be governed by a self-perpetuating Board of Trustees (the "Board") as set forth herein.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 **Powers and Duties**. The Board shall have charge, control and management of the affairs, property and funds of the Corporation. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances, and in a manner he or she reasonably believes to be in the best interests of the Corporation.

Section 3.2 **Composition**. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Board for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of the Corporation;

(ii) the President of Yale University;

(iii) the Chair of the Board of Trustees of Yale-New Haven Hospital, Inc.;

(iv) the Chair of the Board of Trustees of Bridgeport Hospital;

(v) the Chair of the Board of Trustees of Greenwich Hospital.

Section 3.3 Number. The Board shall consist of up to twenty-one (21) Trustees, inclusive of Ex Officio Trustees.

Section 3.4 Election of Trustees. At the annual meeting of the Board, the Board shall elect successors to the Elected Trustees whose terms are then expiring. The Board shall elect such successors consistent with the following:

(a) Nine (9) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the Chair of the Board of Trustees of Yale-New Haven Hospital, Inc.

(b) Three (3) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the President of Yale University; provided that (x) no more than two (2) Trustees nominated and elected in accordance with this clause shall be employees of Yale University; and (y) if any Trustee nominated in accordance with this clause is an employee of Yale University, then such Trustee shall hold an officer position at Yale University throughout the term of such individual's service as a Trustee.

(c) All other Elected Trustees shall be elected from among the nominees presented by the Nominating and Governance Committee.

In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Board at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Board at which they were elected or at such later date as may be established by the Board and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or

(ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided, however, that a Trustee may be re-elected for one or more additional consecutive terms if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or

(ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board with cause by action of the Board. Action to remove an Elected Trustee may be taken at any meeting of the Board, provided that the notice of the meeting at which such action will be voted on shall state that the purpose or one of the purposes, of the meeting is removal of the Trustee.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled by the Board in accordance with Section 3.4 of these Bylaws. If the vacancy results from the death, resignation or removal of a Trustee elected on nomination of Yale-New Haven Hospital, Inc., Bridgeport Hospital, Greenwich Hospital or Yale University, the institution that nominated the Trustee who died, resigned or was removed shall submit a name of a replacement Trustee consistent with Section 3.4. In the event that the remaining Trustees on the Board do not constitute a quorum, a vacancy may be filled by the concurring vote of a majority of such remaining Trustees. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section 3.9 **Meetings**.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such

date and time as the Chair or the President/Chief Executive Officer shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair or the President/Chief Executive Officer shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or the President/Chief Executive Officer and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees are present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board consistent with Article

VII.

ARTICLE IV. OFFICERS

Section 4.1 **Officers**. The officers of the Corporation shall consist of a President/Chief Executive Officer, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair, any Vice Chair and the Secretary shall be members of the Board.

Section 4.2 **Election and Term of Office**. Employees of the Corporation who are designated as officers shall be appointed by the Board and shall hold office at the pleasure of the Board. Officers who are not paid employees of the Corporation shall be nominated by the Nominating and Governance Committee and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 **Powers**. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President/Chief Executive Officer**. The President/Chief Executive Officer shall be the chief executive officer of the Corporation.

The President/Chief Executive Officer shall be a person who in the judgment of the Board has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, employees and the community.

The President/Chief Executive Officer shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President/Chief Executive Officer shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President/Chief Executive Officer shall be defined in a written statement adopted by the Board.

The President/Chief Executive Officer shall be a voting member of all standing committees except as otherwise specified in these Bylaws. In the absence of the Chair and the Vice Chair, or if there be no Chair or Vice Chair, the President/Chief Executive Officer shall preside at all meetings of the Board.

The President/Chief Executive Officer shall serve, as long as he or she is appointed by the Board of Yale-New Haven Hospital, Inc., as the chief executive officer of Yale-New Haven Hospital, Inc.

(b) **Chair**. The Chair of the Board shall preside at meetings of the Board and shall perform such other duties as the Board may from time to time prescribe.

(c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall

exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office, shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, the vacancy may be filled by the Board for the unexpired term.

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board on nomination of the Nominating and Governance Committee. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. All committees shall have the power to choose their own secretaries. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of

determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees. Each committee shall be chaired by a member of the Board.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings.** Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and [illegible] of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Finance Committee.** The Finance Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee and shall include at least one (1) representative from each of the founding hospital [illegible] of the obligated group led by the Corporation. Notwithstanding anything herein to the cont[illegible] one member of the Finance Committee shall have financial expertise, as determined by the Board; and (ii) a majority of the members of the Finance Committee shall be Trustees. The Finance Committee shall have such duties as are established by the Board and set forth in the Finance Committee charter. These duties shall include, but not be limited to, fact-finding for the Board on matters relating to the financial administration of the Corporation and its affiliates, examination and analysis of financial reports of the Corporation and its affiliates, and preparation of annual operating and capital budgets for presentation to the Board that take into account the financial plans for the Corporation and its affiliates.

(b) **Audit Committee.** The Audit Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee. Notwithstanding anything herein to the contrary, (i) at least one member of the Audit Committee shall have financial expertise, as determined by the Board; (ii) a majority of the members of the Audit Committee shall be Trustees; and (iii) no member of the Audit Committee shall have any material business relationship (including but not limited to an employment relationship) with the Corporation or any of its affiliates. The Audit Committee shall have such duties as are established by the Board and set forth in the Audit Committee charter. These duties shall include, but not be limited to, monitoring the integrity of the financial statements of the Corporation and its affiliates; recommending to the Board an independent auditor for the Corporation and its affiliates; reviewing the outside auditor's independence, qualifications and performance; meeting with the independent auditor from time to time to review financial results and controls of the Corporation and its affiliates; overseeing the effectiveness of internal controls of the Corporation and its affiliates.

(c) **Nominating and Governance Committee**. The Nominating and Governance Committee shall consist of not fewer than five (5) nor more than eight (8) members of whom the following shall be Ex Officio members: (i) the Chair of the Board of Yale-New Haven Hospital; (ii) the President of Yale University; (iii) the President/Chief Executive Officer of the Corporation; (iv) the Chair of the Board of Bridgeport Hospital; and (v) the Chair of the Board of Greenwich Hospital. Ex Officio members shall be counted in determining a quorum and shall have full voting rights. All other members shall be elected by the Board subject to the consent of the Chair of the Board of Yale-New Haven Hospital and at least one of such additional members shall be a member of the Board of Trustees of Yale-New Haven Hospital, Inc. The Nominating and Governance Committee shall nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all other standing committees. The Nominating and Governance Committee shall also review Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process.

(d) **System Investment Committee**. The System Investment Committee shall consist of such members as may be appointed by the Board on nomination of the Nominating and Governance Committee and shall include one (1) representative from each of the founding hospital members of the obligated group led by the Corporation. At all times, a majority of the members of the System Investment Committee shall be Trustees. The System Investment Committee shall have such duties as are delegated to it by the Board. These duties include oversight of investment activities of the Corporation.

Section 5.5 Other Committees. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

Section 5.6 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Connecticut Revised Nonstick Corporation Act, as such act may be amended from time to time (the "Nonstock Act") related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with

the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President/Chief Executive Officer or such other officers or officers as may be specified by the Board or authorized by the President/Chief Executive Officer.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President/Chief Executive Officer or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Related Corporations**. The Corporation is nonprofit and shall not engage directly in activities for profit. It may, however, from time to time organize and control, through stock ownership or otherwise, one or more corporations organized and operated for profit. In considering the appropriateness of organizing or controlling corporations organized and operated for profit, the Corporation shall give principal consideration to corporations engaged in activities which relate to health care or which directly or indirectly support, advance or contribute to the purposes and objectives of the Corporation and its affiliates that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time. The Board shall establish guidelines, consistent with the provisions of this Section, for consideration of activities which might suitably be developed through for profit corporations controlled by the Corporation.

ARTICLE IX. AMENDMENTS

These Bylaws may be amended, altered, or repealed at any meeting of the Board by a two-thirds vote of the Trustees present and voting, a quorum being present, provided that the general nature and purpose of such proposed amendment(s) shall be set forth in the notice of the meeting, and the actual language of the proposed amendments need not be included in the notice.

Notwithstanding anything herein to the contrary:

(i) any amendment to reduce or alter the number, conditions of office, or terms of Trustees who either (x) are required to be trustees of Yale-New Haven Hospital, Inc. or (y) are

nominated for election by the Chair of the Board of Yale-New Haven Hospital, Inc., shall be subject to approval by at least a majority of the following Trustees: the Chair of the Board of Yale-New Haven Hospital, Inc. and all Trustees nominated by the Chair of the Board of Yale-New Haven Hospital, Inc.

(ii) any amendment to reduce or alter (x) the number, conditions of office, or terms of Trustees who serve Ex Officio by virtue of his or her position with Bridgeport Hospital or Greenwich Hospital or (y) the rights of Bridgeport Hospital or Greenwich Hospital to have a representative on certain enumerated committees of the Board, shall be subject to approval by a two-thirds vote of the Trustees present and voting, a quorum being present, and to approval by the Ex Officio Trustee representing the affected hospital(s).

(iii) any amendment, alteration or repeal of these Bylaws shall be consistent with the Affiliation Agreement between the Corporation and Yale University dated June 25, 1999 and any amendments thereto.

Amended and Restated

Certificate of Incorporation

of

Lawrence + Memorial Corporation

Sec. 1. The name of the corporation is Lawrence + Memorial Corporation (the "Corporation").

Sec. 2. The Corporation is organized and shall be operated exclusively for charitable, scientific and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Code"). The Corporation shall serve as the parent corporation of an integrated healthcare system (the "System"), and the nature of the activities to be conducted, or the purposes to be promoted or carried out by the Corporation are as follows:

(a) To benefit, perform the functions of, carry out the purposes of, and uphold, promote, develop and further the welfare, programs and activities of the entities affiliated with the System (the "Subsidiaries"), including the following:

(i) initiating, developing, recommending and carrying out for the Subsidiaries goals and priorities for new or expanded programs for the benefit of the System and the communities served by the System;

(ii) continuously reevaluating, maintaining and revising a master plan for the programs and facilities of the System;

(iii) considering and recommending the acquisition of properties or the construction of facilities by or for the use of the Subsidiaires;

(iv) planning for the acquisition and placement of new facilities and equipment by or for the use of the Subsidiaries; and

(v) performing public relations work on behalf of the System, and soliciting and receiving subscriptions and gifts for the exclusively charitable purposes of the Subsidiaries.

(b) To initiate, develop, operate and maintain, for the System and for other hospitals and healthcare facilities which are not part of the System, programs directed toward improving the efficiency of utilization of healthcare facilities and services in the States of Connecticut and Rhode Island, and in New London County and surrounding areas in particular, and reducing the cost of healthcare to the public while maintaining a high quality of such care;

(c) To initiate, develop, operate and maintain educational programs for health professionals and for the public, including programs of nursing education, continuing medical education, residency training and community health education;

(d) To initiate, develop and maintain, in cooperation with the Subsidiaries and with other hospitals and healthcare facilities, and to operate directly or through one or more separate corporations, programs for the delivery of healthcare services to persons other than hospital patients;

(e) To acquire, improve, hold and lease to the Subsidiaries and to other hospitals and healthcare facilities any real or personal property useful to the accomplishment of the purposes of this Corporation, the Subsidiaries or such other hospitals or healthcare facilities;

(f) To receive and accept public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of the Corporation; and generally to do and perform such other acts and to exercise such other powers as may be authorized or permitted under the laws of the State of Connecticut to promote and attain the purposes set forth herein; and

(g) In furtherance of the foregoing, to engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act (the "Act"), as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

Sec. 3. The Corporation is nonprofit and shall not have or issue shares of stock or pay dividends.

Sec. 4. The classes, rights, privileges, qualifications, obligations, and the manner of election or appointment of members are as follows: There shall be only one class of members, consisting of those individuals who shall from time to time be elected or appointed to membership in accordance with the Bylaws. The members shall have the right to vote for the election of members and to vote for the election of the Board of Directors in accordance with the Bylaws, but shall not be entitled to vote on any other matter. The Bylaws may provide that certain persons occupying certain positions within or without the Corporation shall be *ex officio* members who may be counted in determining a quorum and may have the right to vote for the election of members and the directors.

Sec. 5. The business, property and affairs of the Corporation shall be directed and managed by a Board of Directors in accordance with the Bylaws. As may be further provided in the Bylaws, the terms of directors elected by the members shall be staggered by dividing the total number of these directors into three (3) groups, so that approximately an equal number of such directors have terms that expire each year. The Bylaws may provide that certain persons occupying certain positions within or without the Corporation shall be *ex officio* directors, who may be counted in determining a quorum and may have the right to vote.

Sec. 6. No part of the net earnings of the Corporation shall inure to the benefit of or be distributable to the Corporation's directors, officers or other private persons, except that the Corporation, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the Corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

Sec. 7. Upon any dissolution of the Corporation, all of its property and assets shall, after payment of the lawful debts of the Corporation and the expenses of its dissolution, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to one or more charitable, scientific or educational organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Directors may determine.

Sec. 8. In addition to, and not in derogation of any other rights conferred by law, a director of the Corporation shall not be personally liable for monetary damages for breach of duty as a director of the Corporation in an amount greater than the compensation received by the director for serving the Corporation during the year of the violation if the breach did not (1) involve any knowing and culpable violation of law by the director (2) enable the director, or an associate of such director as defined by Section 33-840 of the Connecticut General Statutes, to receive an improper personal gain, (3) show a lack of good faith and conscious disregard for the duty of the director to the Corporation under circumstances in which the director was aware that his or her conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (4) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of the director's duty to the Corporation.

Sec. 9 Indemnification

(a) The Corporation shall provide identification to any person made a party to a civil, criminal, administrative or investigative proceeding because he or she is or was a director or officer of the Corporation against liability and reasonable expenses incurred in the proceeding; provided however, that the Corporation may not indemnify a director or officer of the Corporation unless a determination has been made, on a case-by-case basis, that such indemnification is permissible under the circumstances, because the director or officer, as the case may be, has met the applicable standard of conduct set forth in Section 33-1117(a) of the Act, as such subsection may be amended from time to time. Such determination shall not be made by the court or other tribunal conducting the proceeding, or by any other court of

competent jurisdiction, but shall instead be made in accordance with Section 33-1121 of the Act, as such section may be amended from time to time.

(b) The Corporation may not indemnify a director or officer of the Corporation in connection with a proceeding by or in the right of the Corporation, in which the director or officer, as the case may be, was adjudged liable to the Corporation, or in connection with any other proceeding charging improper benefit to him or her, whether or not involving official capacity, in which he or she was adjudged liable on the basis that personal benefit was received.

(c) Employees or agents of the Corporation who are not directors or officers of the Corporation may be indemnities against liability and reasonable expenses in the same manner as set forth in subsections (a) and (b) above, except that the determination, required by subsection (a) may in addition be made by the general counsel of the Corporation, or such additional officer or officers as the Board of Directors may specify. In the case of employees or agents of the Corporation who are not directors or officers, however, the extent of indemnification may be less than the indemnification of directors and officers, even if the standard in subsection (a) is met, depending upon the extent to which the directors, committee, legal counsel, or officers making the determination conclude that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances.

SECRETARY OF THE STATE

AMENDED AND RESTATED BYLAWS

OF

LAWRENCE + MEMORIAL CORPORATION

****

ARTICLE 1

NAME; PURPOSE; DEFINITIONS

Section 1.01. Name. The name of the corporation is **Lawrence + Memorial Corporation** (the "Corporation").

Section 1.02. Purpose. The Corporation is organized and shall be operated for the purposes set forth in the Certificate of Incorporation.

Section 1.03. Definitions. The following terms used in these Bylaws shall have the following meanings:

(a) "Act" shall mean the Connecticut Revised Nonstock Corporation Act, as amended from time to time.

(b) "Certificate of Incorporation" shall mean the Corporation's certificate of incorporation filed with the Connecticut Secretary of the State, as the same may be amended from time to time.

(c) "Hospitals" shall mean L+M Hospital and Westerly Hospital.

(d) "L+M Hospital" shall mean Lawrence + Memorial Hospital, Inc.

(e) "President and CEO" shall mean the President and Chief Executive Officer of the Corporation;

(f) "Subsidiary" or "Subsidiaries" shall mean any entity directly or indirectly controlled by the Corporation. "Control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of an entity, whether through the ability to exercise voting power by contract or otherwise. "Controlled" or "Controlling" have correlative meanings. Without limiting the foregoing, each of the following entities shall be considered a Subsidiary: L+M Hospital; Westerly Hospital; L+M Physician Association, Inc.; and Visiting Nurse Association of Southeastern Connecticut, Inc. ("VNASC").

(g) "System" shall mean the comprehensive and integrated health care delivery system operated by the Corporation and its Subsidiaries.

(h) "Westerly Hospital" shall mean LMW Healthcare, Inc., doing business as The Westerly Hospital.

ARTICLE II

MEMBERS

Section 2.01. Classes of Members. The Corporation shall have only one class of members (the "Members"), consisting of not more than two hundred twenty-five (225) individuals elected to membership in accordance with these Bylaws (the "Elected Members"), and, in addition, the following ex-officio Members: the President and CEO; the President of the L+M Hospital Medical Staff; the President of the Westerly Hospital Medical Staff; the Vice President of the Medical Staff of each of the Hospitals; a representative-at-large of the Medical Staff of each of the Hospitals (who ordinarily shall be the immediate past President or a former President of each medical staff); the Mayor of the City of New London; the Mayors of each of the Towns of Groton and Ledyard; the First Selectman of each of the Towns of East Lyme, Lyme, Montville, North Stonington, Old Lyme, Salem, Stonington and Waterford; the Superintendent of the United States Coast Guard Academy in New London; the Commanding Officer of the Naval Hospital in Groton, and the Town Manager of the Town of Westerly, Rhode Island (the "Ex-Officio Members"). Elected Members shall be individuals who reside or work in or around the areas served by the Hospitals, who have an interest in furthering the purposes of the Corporation and the System and who are willing and continue to meet the requirements of Members, which includes but is not limited to attendance at meetings. An Elected Member shall be less than seventy-five years of age at the time of his or her election.

Section 2.02. Election. Elected Members shall be elected at any annual or special meeting of the Members from a slate of nominees prepared by the Nominating and Governance Committee.

Section 2.03. Term; Tenure. The term of each Member other than persons serving in an ex-officio capacity shall be until resignation, removal, death, or the fifth annual meeting following such Member's election, whichever first occurs.

Section 2.04. Termination of Membership.

a. Removal. Elected Members may be removed from membership by the affirmative vote of two-thirds (2/3) of the Members present and voting at a meeting of the Members called

for the purpose of removing the Elected Member. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Elected Member. Failure to attend three (3) consecutive annual meetings, or permanent removal from the service area of a Hospital, shall constitute grounds for removal.

b. Resignation. Elected Members may resign from membership at any time by delivering written notice to the Secretary of the Corporation. The resignation shall be effective when the notice is delivered unless the notice specifies a later effective date.

c. Ex-Officio Members. An Ex-Officio Member's membership shall terminate immediately when the Ex-Officio Member ceases to hold the qualifying position or office.

d. Effect of Termination. All rights and privileges of a Member in the Corporation cease immediately upon termination of membership.

Section 2.05 Voting Rights. All Members shall be entitled to vote for the election of Members and the Board of Directors in accordance with these Bylaws, but shall not be entitled to vote on any other matter.

Section 2.06. Annual Meeting. The annual meeting of Members shall be held each year in the month of December or a date to be fixed by the Board of Directors from year to year, at such time and place as shall be determined by the President and CEO.

Section 2.07. Special Meetings. Special meetings of the Members may be called by the Chair or by the President and CEO, and shall be called within fourteen (14) days after receipt of the written request of any twenty (20) Members. The notice of such special meeting shall state the general purpose or purposes for which the special meeting is called and no other business shall be transacted at the meeting.

Section 2.08. Notice of Meetings. Notice of the date, time, and place of any meeting of the Members shall be given to each Member by mail, electronic mail, telecommunications, telephone, facsimile or in person at least ten (10) days before the meeting date.

Section 2.09. Quorum; Vote Required for Action. The Members who are present in person at a meeting shall constitute a quorum for action at that meeting. The affirmative vote of at least a majority of Members present at a meeting of the Members at which time a vote is taken

shall be the act of the Members, unless the vote of a greater number is required by law, the Certificate of Incorporation or these Bylaws.

ARTICLE III

BOARD OF DIRECTORS

Section 3.01. Composition. The management of the Corporation and its affairs and property shall be entrusted to the Board of Directors (sometimes referred to as the "Board"), which shall consist of not less than seven (7) nor more than sixteen (16) Directors who shall be individuals serving as Members of the Corporation. At all times, five (5) of these Directors shall serve ex-officio: the President and CEO; the Chair of the board of directors of L+M Hospital; the Chair of the board of directors of Westerly Hospital; the Chair of the board of directors of VNASC and the Chair of the combined boards of the L+M Physicians entities (the "Ex-Officio Directors"). The remaining Directors (the "Elected Directors") shall include: (a) up to one (1) health care provider on the medical staff from each of the Hospitals selected from a group of five (5) candidates proposed to the Governance Committee by the respective medical staffs, (b) up to six (6) community members from the L+M Hospital service area, and (c) up to three (3) community members from the Westerly Hospital service area. The Elected Directors shall be elected by the Members in accordance with these Bylaws. The Elected Directors shall be divided into three (3) groups, comprised of as equal a number of Elected Directors per group as possible, so that approximately one-third (1/3) of the Elected Directors shall have terms that expire annually.

Section 3.02. Election and Terms. Elected Directors shall be elected by the Members at the annual meeting of the Members from a slate of nominees prepared by the Governance Committee in accordance with these Bylaws. No nominations from the floor shall be permitted. Except as otherwise provided in these Bylaws, Elected Directors shall serve a term of three (3) years or until their resignation, removal or death. The Members may elect Directors to serve one-year or two-year terms in order to achieve the groupings required by Section 3.01 of these Bylaws.

Section 3.03. Tenure. An Elected Director shall be eligible for election to three (3) consecutive three-year terms. For the purposes of determining eligibility for re-election, an Elected Director who has served more than one and one-half (1½) years of a three-year term shall be deemed to have served a full term. An Elected Director may be re-elected for a fourth consecutive term if the Director is also elected as an officer at the beginning of such fourth term.

After serving the maximum time permitted under this Section 3.03, an Elected Director may be re-elected to the Board only after the Director has been off the Board for a period of at least one (1) year.

Section 3.04. Resignation. An Elected Director may resign at any time by delivering written notice to the Secretary of the Corporation. The resignation shall be effective when the notice is delivered, unless the notice specifies a later effective date. If an Ex-Officio Director resigns or is removed from the position from which his or her ex-officio status derives, the Ex-Officio Director will immediately and automatically cease to be a Director without further action by the Board.

Section 3.05. Removal. An Elected Director may be removed with or without cause by the affirmative vote of two-thirds (2/3) of the Directors present and voting at a meeting at which a quorum is present. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Director.

Section 3.06. Vacancies. A vacancy of an Elected Director may be filled by the Board at any regular or special meeting. The individual elected to fill the vacancy shall be a Member of the Corporation and shall serve until the next annual meeting of the Members at which Directors are elected.

Section 3.07. Duties and Responsibilities. Subject to the rights, powers and privileges accorded to the Members in the Certificate of Incorporation, these Bylaws, or by law, the Board shall manage and direct the business, property, and affairs of the Corporation. The Board shall exercise all of the powers of the Corporation in accordance with these Bylaws. Without limiting the foregoing, the Board of Directors shall have the power to:

(a) Approve an overall philosophy, statement of vision and mission for the System;

(b) Approve the philosophy, mission and values of each Subsidiary and any change thereto;

(c) Adopt strategic plans for the Corporation and each Subsidiary;

(d) Approve annual operating and financial targets, major clinical and/or financial initiatives, and financial plans for the Corporation and each of the Subsidiaries (including capital and operating budgets);

(e) Approve the formation or acquisition of new direct or indirect Subsidiaries, joint ventures or affiliations;

(f) Approve the Certificate of Incorporation, Bylaws and other governance documents of the Corporation and each Subsidiary, and any amendments thereto or restatements thereof;

(g) Approve all core competencies and qualifications required for selection of the Corporation's Directors and the directors of each Subsidiary;

(h) Appoint and remove all Board officers of the Corporation, the President and CEO, and the chief executive officer of each Subsidiary:

(i) Appoint all directors of each Subsidiary, and remove, with or without cause, all directors or board officers of each Subsidiary;

(j) Establish and oversee the System's compliance program;

(k) Select outside executive compensation counsel, approve an executive compensation policy and program, and evaluate executive and physician compensation arrangements to assure compliance with the fair market principles and tests for commercial reasonableness established by the Internal Revenue Service ("IRS");

(l) Approve any change in the Corporation's accounting periods or methods, or those established for the System;

(m) Select and approve any auditor of the annual audited financial statements for the Corporation and its Subsidiaries;

(n) Approve any accounting or debt management programs established for the System, establish any debt limits under such programs, and approve any variances from such programs or limits for the Corporation and the Subsidiaries;

(o) Approve the incurrence of debt or financing by the Corporation or any Subsidiary, other than credit purchases of goods or services in the ordinary course of business, except as included in approved capital or operating budgets or pursuant to other guidelines established by the Corporation;

(p) Oversee each Subsidiary's use, management and investment of its permanent and temporarily restricted endowment funds;

(q) Approve any voluntary change to the federal income tax exemption granted by the IRS to the Corporation or any Subsidiary under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code");

(r) Initiate or consent to any form of insolvency proceeding of any entity in the System;

(s) Approve all projects, agreements or transactions undertaken by the Corporation or a Subsidiary involving the expenditure of funds or divestiture of assets in excess of $250,000 and not otherwise included in an approved budget;

(t) Approve the services offered by the Subsidiaries, new service lines or termination of existing service lines not otherwise included in an approved budget or a strategic or financial plan;

(u) Approve any sale, lease, transfer, or substantial change in the use of all or substantially all of the assets of the Corporation or any Subsidiary;

(v) Approve any merger, consolidation, restructuring, change in corporate ownership, dissolution, or liquidation of the Corporation or any Subsidiary;

(w) Approve the acquisition of any real estate or any significant lease arrangement by any Subsidiary, except as otherwise included in a strategic or financial plan or approved budget;

(x) Approve any management contract or outsourcing arrangement for any Subsidiary which would substantially impact or alter its operations;

(y) Approve any change in the primary business name or logo of the Corporation or any entity in the System;

(z) Delegate to the President and CEO any of its powers of review or approval of actions or matters relating to any Subsidiary to the extent permitted by law, the Certificate of Incorporation and these Bylaws; and

(aa) Take such other actions and steps as may be necessary to maintain the long-range financial strength and viability of the System and the Subsidiaries.

Section 3.08. Compensation. The Directors shall serve without compensation for their services as Directors but may be reimbursed by the Corporation for their reasonable expenses and disbursements in that capacity on behalf of the Corporation.

ARTICLE IV

MEETINGS OF THE BOARD OF DIRECTORS

Section 4.01. Annual and Regular Meetings. The annual meeting of the Board shall be held in the month of December on a date to be fixed by the Chair from year to year, immediately following the adjournment of the annual meeting of the Members, unless the Chair shall designate a different date for the annual meeting of Directors. At the annual meeting, the Board shall appoint the officers of the Corporation and the committee members, and shall transact such other business as shall properly come before the meeting. The Board of Directors shall hold at least four (4) meetings in each year, at least one of which shall be the annual meeting. The Board may hold its meetings, annual, regular or special, at such place or places within or without

the State of Connecticut as the Board may from time to time by resolution determine or as shall be specified or fixed in the notice or waiver of notice thereof.

Section 4.02. Notices of Annual and Regular Meetings. The Secretary shall give notice of the date, time and place of the annual meeting and each regular meeting of the Board by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person to each Director at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule approved by the Board.

Section 4.03. Special Meetings. Special meetings of the Board may be called at any time by the Chair, and shall be called by the Chair within seven (7) days of receipt of the written request of any three (3) Directors. Notice of the date, time, place and purpose of a special meeting shall be given to each Director by mail, electronic mail, telecommunications, telephone, facsimile, delivery or in person at least two (2) days before the scheduled time of the meeting, and no business shall be transacted at such meeting other than that specifically stated in the notice.

Section 4.04. Quorum; Vote Required for Action. A majority of all Directors then in office shall constitute a quorum at all meetings of the Board of Directors. The affirmative vote of a majority of the Directors present at a meeting at which a quorum is present and at which time a vote is taken shall be the act of the Board of Directors, unless the vote of a greater number of Directors is required by the Certificate of Incorporation, these Bylaws or by law. Ex-Officio Directors shall be counted in determining a quorum and shall be entitled to vote.

Section 4.05. Action Without Meeting. If all Directors consent in writing to any action taken or to be taken, the action shall be the same as if authorized at a meeting of the Board. All written consents shall be included in the corporate minutes or filed with the corporate records.

Section 4.06. Remote Participation at a Meeting. Any Director may participate in a meeting by means of a conference telephone or similar communications equipment enabling all Directors participating in the meeting to hear one another, and such participation in a meeting shall constitute presence in person at such meeting.

Section 4.07. Agenda and Records of Meetings. There shall be a written agenda for each meeting of the Board of Directors, and minutes of each meeting shall be prepared by the Secretary or a delegate and submitted to the Board for approval. Minutes shall reflect attendance

at the meeting and shall be dated, signed and maintained in the corporate records following approval.

Section 4.08. Executive Session. The Board of Directors may meet in executive session at least once during each fiscal year and may meet in executive session at such other times as the Chair may designate. An executive session may be held during any regular or special meeting of the Board and shall be attended only by Directors and other persons invited by the Chair for all or any portion of the executive session, provided that Directors who are employees of the Corporation or any Subsidiary may at the discretion of the Chair be excluded from all or any portion of an executive session.

ARTICLE V

OFFICERS

Section 5.01. Officers and Election. The officers shall be a Chair, the President and CEO, a Secretary, a Treasurer, and such other officers as may from time to time be designated by the Board. The Chair, the Secretary and the Treasurer shall each be chosen from the members of the Board and the Chair must qualify as an independent member of the Board under applicable IRS and Corporation guidelines. The offices of Chair, the President and CEO, and the Treasurer shall be held by different individuals.

Section 5.02. Term of Office. Except for the President and CEO, the officers shall be chosen by the Board at its annual meeting, and shall hold office until the next annual meeting or until their earlier resignation, removal or death.

Section 5.03. Vacancies. Any vacancy occurring in any office shall be filled promptly by the Board of Directors at any meeting of the Board.

Section 5.04. Removal. Any officer may be removed with or without cause at any meeting of the Board by the vote of two-thirds (2/3) of the Directors present and voting at a meeting of the Board, provided that a quorum has been established at such meeting and that the notice of the meeting specifically states that the purpose or one of the purposes of the meeting is the removal of the officer.

Section 4.05. Duties and Powers. The duties of the officers shall be as follows:

a. Chair: The Chair, or any Director designated by the Chair, shall preside at all meetings of the Board. The Chair shall perform other duties incident to the office or delegated by the Board or these Bylaws from time to time. The Chair shall be an ex-officio member of all committees.

b. Treasurer. The Treasurer shall supervise the receipt and custody of the Corporation's funds and investments, the maintenance of the financial books and records, including full and accurate accounts of receipts and disbursements, and shall perform such other duties incident to the office or as from time to time may be assigned by the Board or these Bylaws.

c. Secretary: The Secretary shall maintain the minutes of such meetings of the Members, the Board of Directors and of all committees in the corporate records; give, or cause to be given, all notices required by these Bylaws or by law; serve as custodian of and be responsible for authenticating the corporate records; make such records available to the Members and the Board upon request; and, in general, perform all other duties incident to the office of Secretary and such other duties as from time to time may be delegated by the Board or these Bylaws.

d. Other Officers: The Board may from time to time appoint an Assistant Treasurer, Assistant Secretary or such other officers as the Board may deem necessary or advisable for the efficient operation of the Corporation's affairs, each of whom shall hold office for such period, have such authority and perform such duties as the Board of Directors may from time to time determine.

ARTICLE VI

PRESIDENT AND CEO

Section 6.01. President and CEO. The Board of Directors shall appoint the President and CEO, who shall serve as the chief executive officer of the Corporation. The Board shall establish the objectives, evaluate the performance, and determine the compensation of the President and CEO. The removal of the President and CEO shall be at the discretion of the Board. The President and CEO shall have the responsibilities set forth in Section 6.03, and shall be responsible to the Board of Directors, or to the Chair when the Board is not in session, for the

full executive administration of the Corporation, subject to such policies as may be adopted and such orders as may be issued by the Board of Directors.

Section 6.02. Qualifications for the President and CEO. The Board of Directors shall establish a criteria-based process for selecting a qualified and competent individual to serve as the President and CEO. The President and CEO shall have the knowledge and skills necessary to perform the duties required of the Corporation's senior leader. Among other criteria, education and relevant experience are important qualifications.

Section 6.03. Responsibilities of the President and CEO. Subject to the powers expressly reserved to the Board, the President and CEO shall, in general, supervise and control all business and affairs of the Corporation. He or she shall have the power to sign, acknowledge and deliver on behalf of the Corporation all deeds, agreements and other formal instruments. The President and CEO shall be delegated the responsibility for overall management of the Corporation, and shall be given the authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board of Directors. The President and CEO shall see that all orders and resolutions of the Board are carried into effect. In general, he or she shall perform all duties incident to the office of President and CEO and such other duties as may from time to time be delegated by the Board of Directors or these Bylaws.

Section 6.04. Attendance at Meetings. The President and CEO shall attend all meetings of the Board and the Executive Committee, unless excused by the Chair. The President and CEO shall be an ex-officio member of all committees except the Audit and Compliance Committee and the Executive Compensation Committee.

ARTICLE VII

COMMITTEES

Section 7.01. Generally. The Board shall have the Standing Committees created in Sections 7.02 of these Bylaws and such Additional Committees created by resolution of the Board pursuant to Section 7.03 of these Bylaws.

Section 7.02. Standing Committees. Except as otherwise provided in these Bylaws, Standing Committees may exercise the power of the Board on those matters delegated to them by these Bylaws or by the Board. These committees, which shall be composed exclusively of Directors, shall be the following:

(a) Executive Committee. There shall be an Executive Committee consisting of the Chair, the President and CEO, the Secretary, and the Treasurer. The Chair shall serve as the chair of the Executive Committee. Acts of the Executive Committee shall be ratified by the Board of Directors at its next regular meeting. Except as otherwise provided by law or these Bylaws, the Executive Committee shall have the same authority as the Board of Directors in the intervals between meetings of the Board for time-sensitive matters that the Executive Committee determines must or should be addressed prior to the next Board meeting. In addition, the Executive Committee shall perform such other duties as the Board of Directors may delegate to it. The Chair may designate one or more Directors as alternate members of the Executive Committee who may replace any absent or disqualified member. In addition, if any officer is temporarily absent and has not designated another Board member to fulfill the officer's duties during such an absence, the Executive Committee may make such a designation.

(b) Nominating and Governance Committee. There shall be a Nominating and Governance Committee consisting of not fewer than three (3) Directors who shall be appointed by the Board. The Committee shall review the recommendations it receives pursuant to Section 3.01. Subject to any qualifications and core competencies which it shall develop on behalf of the Board from time to time, the Committee shall identify qualified individuals to serve as Directors of the Corporation and as members of the board of directors of Subsidiaries, or as the President and CEO or as the chief executive officer of any Subsidiary. The Committee shall present a slate of nominees for election at each annual meeting or any meeting at which such Directors will be elected or at which the Board shall elect directors of a Subsidiary. The Committee shall be responsible for the development, education and evaluation activities of the Board of Directors and of the board of directors of any Subsidiaries, shall review the corporate governance documents and policies established for the Corporation and its Subsidiaries, shall oversee and enforce the Corporation's and the Subsidiaries' Conflict of Interest Policy, and shall perform such other duties as the Board of Directors may delegate to it from time to time. The Committee shall have the specific responsibilities and shall follow the procedures set forth in the Nominating and Governance Committee Charter as adopted by the Board and reviewed annually.

(c) Audit and Compliance Committee. There shall be an Audit and Compliance Committee consisting of not fewer than three (3) Directors appointed by the Board. The chair of the Committee shall be appointed by the Chair of the Board. Members of the Committee shall be independent of the management of the Corporation and its affiliates, and free of any relationship that would interfere with their exercise of independent judgment. No person who is then serving

as chair of the Finance Committee or equivalent committee of the Corporation, either of the Hospitals or any other Subsidiary shall be eligible to serve on the Audit and Compliance Committee. The Committee shall assist the Board in fulfilling its oversight responsibility relating to (i) the quality and integrity of the Corporation's and each Subsidiary's financial statements, (ii) the effectiveness of the Corporation's and the Subsidiaries' internal control over financial reporting, (iii) the qualification, independence and performance of, and the Corporation's and the Subsidiaries' relationship with its independent auditors, (iv) the performance of the Corporation's and the Subsidiaries' internal audit functions, (v) the review of risk management policies and procedures, (vi) the Corporation's and the Subsidiaries' compliance with applicable legal and regulatory requirements, and (vii) the effectiveness of its compliance programs. The Audit Committee shall have the specific responsibilities and shall follow the procedures set forth in the Audit Committee Charter as adopted by the Board and reviewed annually.

(d) Executive Compensation Committee. The Executive Compensation Committee shall be comprised of the Chair of the Board and at least three additional (3) Directors who are selected and are determined to be independent by the Board, one of whom shall serve on the Finance Committee. This Committee will be responsible for (i) developing an executive compensation policy, and (ii) reviewing all aspects of the performance of, and for establishing the compensation of, each senior executive or key employee of the System who may be a "disqualified person" potentially subject to intermediate sanctions under Section 4958 of the Code, all of which shall be subject to Board approval. The Executive Compensation Committee shall have the specific responsibilities and shall follow the procedures set forth in the Executive Compensation Committee Charter as adopted by the Board.

(e) Finance Committee. The Finance Committee shall consist of at least three (3) Directors appointed by the Board and such other members as are necessary to properly perform the functions of the Finance Committee. The Treasurer shall be an ex-officio member of the Finance Committee. The Finance Committee may not exercise the authority of the Board, and any acts taken by the Committee shall be solely advisory in nature. The Committee shall be responsible for reviewing the operating and capital budgets of the Corporation and each Subsidiary and make recommendations for the approval such budgets to the Board of Directors. The Committee shall also oversee the management and investment of the endowment and pension funds of the Corporation and each Subsidiary. The Committee shall have the specific responsibilities and shall follow the procedures set forth in the Finance Committee Charter as adopted by the Board.

(f) Standing Committees - Miscellaneous Provisions.

(i) Prohibited Activities. Standing Committees shall not have power to: (i) fill vacancies in the Board of Directors or any Board Committee; (ii) adopt, amend or appeal the Certificate of Incorporation of the Corporation or these Bylaws; (iii) approve a plan of merger, or the sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation, other than in the usual and regular course of affairs of the Corporation; (iv) approve a proposal to dissolve the Corporation; or (v) authorize any action inconsistent with the Certificate of Incorporation or these Bylaws.

(ii) Quorum and Voting Requirements. A majority of all members of a Standing Committee shall constitute a quorum at its meetings. The affirmative vote of a majority of the committee members present at the time the vote is taken shall be the act of such committee, unless the vote of a greater number is required by the Certificate of Incorporation, these Bylaws, or by law.

(iii) Notice Requirements. Notice of the date, time and location of a Standing Committee meeting shall be given to each member of such committee by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty-four (24) hours before the scheduled time of the meeting. Minutes shall be recorded of each meeting of the committee and submitted at the next regular meeting of the Board of Directors. The committee chair or the chair's designee shall make a full report of each meeting of the committee at the next meeting of the Board of Directors.

Section 7.03. Additional Committees. In addition to the Standing Committees established by Section 7.02 of these Bylaws, the Board may from time to time establish other committees ("Additional Committees") for the purposes and with the powers and responsibilities conferred by the Board. Such committees shall exist solely at the pleasure of the Board. Any Additional Committee that is authorized to act on behalf of the Board shall be composed exclusively of Directors, all of whom shall be appointed by the Chair, and shall be subject to the requirements of Section 7.02(f) of these Bylaws. Any Additional Committee that is advisory only and does not have the authority to act on behalf of the Board shall consist of at least one (1) Director and two (2) other individuals who may or may not be Directors, all of whom shall be appointed by the Chair.

ARTICLE VIII

CONFLICT OF INTEREST; CONFIDENTIALITY

Section 8.01. "Conflict of Interest" Defined; Conflict of Interest and Confidentiality Policies. The Board of Directors expects Directors to exercise good judgment and follow high ethical standards. Individuals serving the Corporation should never permit private interests to conflict in any way with their obligations to the Corporation and to any entities affiliated with the Corporation. In addition, all members of the Board of Directors must honor the confidential nature of Corporation information and strive to maintain its confidentiality. To this end, from time to time the Board of Directors shall adopt a Conflict of Interest Policy and a Confidentiality Policy; such policies shall be as effective as if they were part of these Bylaws. These policies shall be consistent with requirements of state law, the law of tax-exempt organizations, and the requirements of the Joint Commission on the Accreditation of Healthcare Organizations, and shall address, among other things: the definition of "confidential materials" and "related persons;" disclosure by members of the Board of Directors; the purchase of goods and services; compensation decisions; and procedures to implement and enforce these policies.

ARTICLE IX

AMENDMENTS

Section 9.01. Amendment. Except as otherwise provided by the Certificate of Incorporation, these Bylaws, or by law, the Board of Directors may adopt, amend, or repeal these Bylaws at any meeting of the Board of Directors by the affirmative vote of a majority of the Directors, provided that notice of the general nature of the proposed action has been given in the notice of the meeting.

ARTICLE X

MISCELLANEOUS

Section 10.01. Principal Office. The principal office of the Corporation shall be located in New London, Connecticut. The Corporation may have other offices within or without the State of Connecticut as the Board of Directors may from time to time determine.

Section 10.02. Waivers of Notice. Whenever any notice of time, place, purpose or any other matter, including any special notice or form of notice, is required or permitted to be given to any person by law or under the provisions of the Certificate of Incorporation or these Bylaws,

or of a resolution of Members or Directors, a written waiver of notice signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. The Secretary of the Corporation shall cause any such waiver to be filed with or entered upon the records of the Corporation or, in the case of a waiver of notice of a meeting, the records of the meeting. The attendance of any person at or participation in a meeting waives any required notice to that person of the meeting unless at the beginning of the meeting, or promptly upon such person's arrival, the person objects to the holding of the meeting or the transacting of business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

Adopted at Board of Directors Meeting – November 26, 2012 for Effective date of December 12, 2012

Amended and Restated

Certificate of Incorporation

of

Lawrence + Memorial Corporation

Section 1. The name of the corporation is Lawrence + Memorial Corporation (the "Corporation").

Section 2. The Corporation is organized and shall be operated exclusively for charitable, scientific and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Code"). The Corporation shall serve as the parent corporation of a network of health care affiliates in southeastern Connecticut and Rhode Island (the "L+M Network"), and the nature of the activities to be conducted, or the purposes to be promoted or carried out by the Corporation are as follows:

(a) To benefit, perform the functions of, carry out the purposes of, and uphold, promote, develop and further the welfare, programs and activities of the entities affiliated with the L+M Network (the "L+M Entities"), including the following:

(i) initiating, developing, recommending and carrying out for the L+M Entities goals and priorities for new or expanded programs for the benefit of the L+M Network and the communities served by the L+M Network;

(ii) continuously reevaluating, maintaining and revising a master plan for the programs and facilities of the L+M Network;

(iii) considering and recommending the acquisition of properties or the construction of facilities by or for the use of the L+M Entities;

(iv) planning for the acquisition and placement of new facilities and equipment by or for the use of the L+M Entities; and

(v) performing public relations work on behalf of the L+M Network, and soliciting and receiving subscriptions and gifts for the exclusively charitable purposes of the L+M Entities.

(b) To initiate, develop, operate and maintain, for the L+M Network and for other hospitals and health care facilities which are not part of the L+M Network, programs directed toward improving the efficiency of utilization of health care facilities and services in the States of Connecticut and Rhode Island, and in New

London County and surrounding areas in particular, and reducing the cost of health care to the public while maintaining a high quality of such care;

(c) To initiate, develop, operate and maintain educational programs for health professionals and for the public, including programs of nursing education, continuing medical education, residency training and community health education;

(d) To initiate, develop and maintain, in cooperation with the L+M Entities and with other hospitals and health care facilities, and operate directly or through one or more separate corporations, programs for the delivery of health care services to persons other than hospital patients;

(e) To acquire, improve, hold and lease to the L+M Entities and to other hospitals and health care facilities any real or personal property useful to the accomplishment of the purposes of this Corporation, the L+M Entities or such other hospitals or health care facilities;

(f) To receive and accept public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of the Corporation;

(g) Generally to do and perform such other acts and to exercise such other powers as may be authorized or permitted under the laws of the State of Connecticut to promote and attain the purposes set forth herein; and

(h) To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act, as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

In furtherance of the foregoing, the Corporation shall (i) participate as an integral part of the integrated health care delivery system known as the Yale New Haven Health System (the "System"), which System provides, through its affiliates, comprehensive, cost effective, advanced patient care characterized by safety and clinical and service quality; and (ii) fund and promote activities and programs of the System, including activities and programs of its affiliates, consistent with and in furtherance of the Corporation's charitable purposes and the charitable purposes of all System affiliates.

Section 3. The Corporation is nonprofit and shall not have or issue shares of stock or pay dividends.

Section 4. The Corporation shall have but one member, Yale-New Haven Health Services Corporation, which shall have the rights, powers and privileges provided in the Bylaws

and by the State of Connecticut, including certain expressly reserved powers and retained rights described in the Bylaws.

Section 5. Subject to the rights, powers and privileges accorded to Yale-New Haven Health Services Corporation under the Bylaws and by the State of Connecticut, the Corporation shall be governed by its Board of Trustees. The Bylaws may provide that persons occupying certain positions within or without the Corporation shall be ex-officio trustees who may vote and be counted in determining a quorum. As may be further provided in the Bylaws of the Corporation, the terms of elected trustees may be staggered by dividing the trustees into groups so that approximately an equal number of such trustees have terms that expire each year.

Section 6. No part of the net earnings of the Corporation shall inure to the benefit of or be distributable to the Corporation's trustees, officers or other private persons, except that the Corporation, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the Corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

Section 7. Upon any dissolution of the Corporation, all of its property and assets shall, after payment of the lawful debts of the Corporation and the expenses of its dissolution, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to Yale-New Haven Health Services Corporation, as long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or, if at the time of the dissolution or termination of existence of the Corporation, Yale-New Haven Health Services Corporation is not in existence or does not qualify as an exempt organization under Section 501(c)(3) of the Code, to one or more charitable, scientific or education organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Trustees may determine.

Section 8. In addition to, and not in derogation of, any other rights conferred by law, a trustee shall not be personally liable for monetary damages for breach of duty as a trustee in an amount greater than the compensation received by such trustee for serving the Corporation during the year of such breach if such breach does not (A) involve a knowing and culpable violation of law by such trustee, (B) enable such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes), to receive an improper personal economic gain, (C) show a lack of good faith and conscious disregard for the duty of such trustee to the Corporation

under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (D) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Corporation. Any lawful repeal or modification of this Section 8 or the adoption of any provision inconsistent herewith by the Board of Trustees or member of the Corporation shall not, with respect to a person who is or was a trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a trustee provided for in this Section 8 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

Section 9. The Corporation shall provide its trustees with the full amount of indemnification that the Corporation is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the Corporation shall indemnify its trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (A) involves a knowing and culpable violation of law by such trustee, (B) enables such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes), to receive an improper personal economic gain, (C) shows a lack of good faith and conscious disregard for the duty of such trustee to the Corporation under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (D) constitutes a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Corporation.

The Corporation may indemnify and advance expenses to each officer, employee or agent of the Corporation who is not a trustee, or who is a trustee but is made a party to a proceeding in his or her capacity solely as an officer, employee or agent, to the same extent as the Corporation is permitted to provide the same to a trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

Notwithstanding any provision hereof to the contrary, the Corporation shall not indemnify any trustee, officer, employee or agent against any penalty excise taxes assessed against such person under Section 4958 of the Internal Revenue Code.

Section 10. The Bylaws of the Corporation may be amended or repealed, and new Bylaws may be adopted, only with the approval of the Board of Trustees and the member.

LAWRENCE + MEMORIAL CORPORATION
AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 Name. The name of the corporation is **Lawrence + Memorial Corporation** (the "Corporation").

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 Member. The Corporation shall have a single member, Yale-New Haven Health Services Corporation (the "Member").

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), without the prior approval of the Member. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the Member, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the approval rights reserved to the Member set forth in Exhibit A, the Member expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval of the Board of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees.** Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees.** In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of the Member (or his or her designee);

(ii) the President of the Corporation;

(iii) the Chair of the Board of Lawrence + Memorial Hospital, Inc. ("L+M Hospital");

(iv) the Chair of the Board of LMW Healthcare, Inc., doing business as Westerly Hospital ("Westerly Hospital"); and

(v) the Chair of the Board of Visiting Nurse Association of Southeastern Connecticut, Inc. ("VNASC").

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

Section 3.3 Number. The Board shall consist of no fewer than eight (8) nor more than seventeen (17) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include:

(a) up to three (3) health care providers on the Medical Staffs of L+M Hospital and Westerly Hospital who shall be selected from a group of five (5) candidates proposed to the Nominating and Governance Committee by each of the respective Medical Staffs, provided that at least one (1) such Elected Trustee shall be on the Medical Staff of L+M Hospital and at least one (1) such Elected Trustee shall be on the Medical Staff of Westerly Hospital;

(b) Up to six (6) community members from the L+M Hospital service area; and

(c) Up to three (3) community members from the Westerly Hospital service area.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an

additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of Yale-New Haven Health Services Corporation at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of Yale-New Haven Health Services Corporation.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member and may be filled at any time in accordance with the process set forth in Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section 3.9 **Meetings**.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings.** Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings.** Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President/Chief Executive Officer of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President/Chief Executive Officer of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the

Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 **Officers**. The officers of the Corporation shall consist of a President, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be selected from among members of the Board of Trustees. The offices of the President, the Chair and the Treasurer shall be held by different individuals.

Section 4.2 **Election and Term of Office**. The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 **Powers**. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President**. The President of the Corporation shall be appointed by the Member, following consultation with the Board. The appointed President shall serve at the pleasure of the Member.

The President shall be a person who in the judgment of the Member has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staffs of L+M Hospital and Westerly Hospital, Corporation personnel and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President/Chief Executive Officer of the Member (or his or her designee) as well as to the Board.

(b) **Chair**. The Chair of the Board shall preside at meetings of the Board and shall be a voting member of all committees except the Nominating and Governance Committee.

The Chair shall perform such other duties as the Board may from time to time prescribe.

(c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3(a).

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 **Appointment of Committee Members**. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board on nomination of the Nominating and Governance Committee. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees. Every committee of the Board shall include among its members a representative of the Member, who shall be appointed by the President/Chief Executive Officer of the Member and who shall have a vote and be included for purposes of determining a quorum.

Section 5.3 **Committee Governance**.

(a) **Quorum and Voting**. A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings**. Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 **Standing Committees**.

(a) **Executive Committee**. The Executive Committee shall consist of the President, the Chair, the Secretary, the Treasurer, a member of the Board selected by the Member, and any other member of the Board that the Board may choose to appoint. The Chair shall serve as the chair of the Executive Committee. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Finance Committee**. The Finance Committee shall consist of at least three (3) Trustees, including the Treasurer, a member of the Board selected by the Member, and such other members as are necessary to properly perform the functions of the Finance Committee. The Finance Committee shall have such duties as are established by the Member and set forth in the Finance Committee charter. These duties shall include, but not be limited to, approval of local operating and capital budgets and examination and monitoring of other operating and capital budgets involving the Corporation.

(c) **Nominating and Governance Committee**. The Nominating and Governance Committee shall develop recommended criteria for membership on the Board and on committees of the Board. The Nominating and Governance Committee shall, after

consultation with the President, nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all standing committees. The Nominating and Governance Committee shall also periodically review of Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process. The composition of the Nominating and Governance Committee shall be as set forth in its Charter and shall include a member of the Board selected by the Member.

(d) **Executive Compensation Committee.** The Executive Compensation Committee shall set compensation for executives of the Corporation (other than the President and any other officer whose compensation is set by the Member) who are in a position to exercise substantial influence over the affairs of the Corporation as determined by the Executive Compensation Committee. The Executive Compensation Committee shall obtain and rely upon appropriate comparability data, including from the Member, in making its compensation decisions, and shall ensure that such compensation decisions are in compliance with the laws relating to organizations described in Section 501(c)(3) of the Internal Revenue Code. The composition of the Executive Compensation Committee shall be as set forth in its Charter and shall include a member of the Board selected by the Member.

Section 5.6 Other Committees. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

Section 5.7 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Nonstock Act related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with

the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by either (i) the Member or (i) a majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year.** The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts.** Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 **Execution of Negotiable Instruments.** All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

ARTICLE IX. AMENDMENTS

Subject to approval by the Member, these Bylaws may be amended, altered, or repealed at any meeting of the Board by a majority vote of the Trustees present and voting, a quorum being present. The general nature and purpose of such proposed amendment(s) shall be set forth in the notice of the meeting, and the actual language of the proposed amendments need not be included in the notice. No amendment, alteration or repeal shall take effect until it shall have been approved by the Member.

EXHIBIT A

Actions Requiring Approval of Both the Board and the Member

Notwithstanding anything in these Bylaws to the contrary and except as otherwise provided in Exhibit B relating to the direct authority retained by the Member, the following actions may only be taken with both the prior approval of the Board and the Member:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate or the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by the Member by a specified dollar amount to be determined from time to time by the Member;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by the Member, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. The Member shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate, which will comport with the strategic planning processes and strategic plans established by the Member; and

K. Adoption of safety and quality assurance policies not in conformity with policies established by the Member.

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member pursuant to these Bylaws.

EXHIBIT B

Direct Authority Retained by the Member

Notwithstanding anything in these Bylaws to the contrary, the Member retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by the Member in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to the Member or as otherwise directed by the Member;

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate; and

G. Appointment of the President consistent with Section 4.3(a), which requires prior consultation with the Board.

Other Major Activities Requiring the Approval of the Member

A. In addition, the Member shall have the authority, except as otherwise provided by the Member and after consultation with the Board of this Corporation, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that the Member determines to be "major activities."

B. "Major activities" shall be those which the Member by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to this Corporation, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of the Member, and shall refer to this Bylaw provision granting such approval rights to the Member. Notices received pursuant to this

section shall be recorded in the minutes of this Corporation and shall be filed with the minutes of this Corporation.

YALE-NEW HAVEN HOSPITAL, INC.
AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 **Name**. The name of the corporation is **Yale-New Haven Hospital, Inc.** (the "Corporation").

Section 1.2 **General Purposes**. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 **Member**. The Corporation shall have a single member, Yale-New Haven Health Services Corporation (the "Member").

Section 2.2 **Rights, Powers and Privileges**. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), without the prior approval of the Member. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the Member, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the approval rights reserved to the Member set forth in Exhibit A, the Member expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval of the Board of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

Section 2.4 Honorary Members. All surviving incorporators of the Corporation, all living persons who have been directors or trustees of the Corporation, and any additional persons as the Board may elect at any time shall be considered honorary members. Honorary members shall not be entitled to vote and shall not be entitled to receive notice of or attend meetings of the Board or of the Member. Honorary members shall not have any rights as a "member" under the Nonstock Act or as the "Member" hereunder.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon or reserved to the Member by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. The Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff") and shall hold the Medical Staff responsible for recommendations concerning medical matters. The Board, acting on recommendation of the Patient Safety and Clinical Quality Committee, shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Except as provided in Section 3.4 as it relates to nominations made in accordance with the Affiliation Agreement with Yale University, Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be

the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of the Member who shall also be the Chief Executive Officer of the Corporation;

(ii) the Chief of the Medical Staff of the Corporation; and

(ii) if so determined by the Member, the Chief Operating Officer.

Section 3.3 Number. The Board shall consist of no fewer than twelve (12) nor more than twenty-seven (27) Trustees, inclusive of Ex Officio Trustees; provided, however, that if the Member determines that the Chief Operating Officer shall serve as an Ex Officio Trustee, the maximum number of Trustees shall be twenty-eight (28). The number of Trustees within the range set forth in the preceding sentence shall be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors consistent with the following:

(a) At all times, not less than one-fourth nor more than one-third of the total number of Trustees on the Board (Elected Trustees and Ex Officio Trustees) shall be individuals nominated by Yale University, which nominees shall be elected by the Member. The exact number within such limited to be nominated by Yale University shall be determined from time to time by the Board in consultation with Yale University. If such one-fourth is an integer and a fraction, the minimum number of Trustees to be elected on nomination of Yale University shall be such integer plus one. If such one-third is an integer and a fraction, the maximum number of Trustees to be elected on nomination of Yale University shall be such integer and the fraction shall be disregarded.

(b) All other Elected Trustees shall be elected from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Each class of Elected Trustees shall include at least one (1) Trustee elected on nomination of Yale University. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or

(ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided, however, that a Trustee may be re-elected for one or more additional consecutive terms if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or

(ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of Yale-New Haven Health Services Corporation at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of Yale-New Haven Health Services Corporation.

(d) The provisions of paragraphs (a) and (b) of this Section shall not apply to any Trustee elected on nomination of Yale University who is a member of the Yale Corporation or is an officer of Yale University, or both. Any such individual may be renominated by Yale University and elected for more than three (3) successive terms.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any

Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 Removal. One or more Elected Trustees may be removed from the Board with cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. If the vacancy results from the death, resignation or removal of a Trustee elected on nomination of Yale University, the successor shall be elected by the Member on nomination of Yale University. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or the Chief Executive Officer and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President/Chief Executive Officer of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President/Chief Executive Officer of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the

minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees are present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 Officers. The officers of the Corporation shall consist of a Chief Executive Officer, a Chief Operating Officer, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair, any Vice Chair and the Secretary shall be members of the Board.

Section 4.2 Election and Term of Office. The Chief Executive Officer and the Chief Operating Officer shall be appointed in accordance with Section 4.3(a) and 4.3(b), respectively, of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated by the Nominating and Governance Committee and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 Powers. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **Chief Executive Officer**. The Chief Executive Officer of the Member shall automatically and without further action of the Board or the Member be the Chief Executive Officer of the Corporation.

The Chief Executive Officer shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The Chief Executive Officer shall act as the

duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the Chief Executive Officer shall be defined in a written statement adopted by the Member in consultation with the Board.

The Chief Executive Officer shall be a voting member of all standing committees except as otherwise specified in these Bylaws.

(b) **Chief Operating Officer**. The Chief Operating Officer of the Corporation shall be appointed by the Member, following consultation with the Board and shall serve at the pleasure of the Member. If so determined by the Member, the Chief Operating Officer may also have the title of President. The Chief Operating Officer of the Corporation shall have such duties for management as may be determined by the Board and the Chief Executive Officer.

The Chief Operating Officer shall be a person who in the judgment of the Member has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, hospital personnel and the community.

(c) **Chair**. The Chair of the Board shall preside at meetings of the Board. The Chair shall be a voting member of all committees except the Nominating and Governance Committee. The Chair shall perform such other duties as the Board may from time to time prescribe.

(d) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office, shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(f) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that each of the Chief Executive Officer and the Chief Operating Officer may be removed from office by the Member following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 **Vacancies**. In the case of the death, resignation or removal of any officer, except the Chief Executive Officer or Chief Operating Officer, the vacancy may be filled by the Board for the unexpired term. A vacancy in the office of Chief Executive Officer or Chief Operating Officer shall be filled in accordance with Section 4.3(a) or 4.3(b), as applicable.

Section 4.6 **Other Officers**. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 **Classification**. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 **Appointment of Committee Members**. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board on nomination of the Nominating and Governance Committee. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. All committees shall have the power to choose their own secretaries. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees. Each committee shall be chaired by a member of the Board.

Section 5.3 **Committee Governance**.

(a) **Quorum and Voting**. A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings**. Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 **Standing Committees**.

(a) **Executive Committee**. The Executive Committee shall consist of the Chair, the Vice Chair(s), the Chief Executive Officer, the Secretary, the Treasurer (if an

individual and a member of the Board), and any other member of the Board of Trustees that the Board may choose to appoint. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as my otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Compensation Committee.** The Compensation Committee shall set compensation for executives of the Corporation (other than the Chief Executive Officer, the Chief Operating Officer, and any other officer whose compensation is set by the Member) who are in a position to exercise substantial influence over the affairs of the Corporation as determined by the Committee. The Committee shall obtain and rely upon appropriate comparability data, including from the Member, in making its compensation decisions, and shall ensure that such compensation decisions are in compliance with the laws relating to organizations described in Section 501(c)(3) of the Internal Revenue Code.

(c) **Patient Safety and Clinical Quality Committee**. The Patient Safety and Clinical Quality Committee shall have such duties as are delegated to it by the Board. These duties include authority to render decisions in cases of uncontested medical staff appointments, reappointments, and renewals or modifications of clinical privileges. The Patient Safety and Clinical Quality Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of high quality, effective care. Other delegated duties may be set forth in the Medical Staff Bylaws. The Patient Safety and Clinical Quality Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration.

(d) **Finance Committee**. The Finance Committee shall have such duties as are established by the Member and set forth in the Finance Committee charter. These duties shall include, but not be limited to, approval of local operating and capital budgets and examination and monitoring of other operating and capital budgets involving the Corporation, all subject to the rights of the Member set forth in Exhibit A and Exhibit B.

(e) **Nominating and Governance Committee**. The Nominating and Governance Committee shall consist of Trustees elected by the Board on nomination of the Chair in consultation with the Executive Committee. The Nominating and Governance Committee shall, after consultation with the Chief Executive Officer, nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all standing committees except as otherwise provided in these Bylaws. The Nominating and Governance Committee shall also review Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process.

(f) **Development Committee**. The Development Committee shall have such duties as are delegated to it by the Board. These duties include oversight of fundraising activities of the Corporation, community relations and advocacy, consistent with the activities of the Yale New Haven Health System.

Section 5.6 **Other Committees**. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

Section 5.7 **Powers of Committees**. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Member, Trustees, officers and employees as set forth in the Certificate of Incorporation.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Nonstock Act related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by either (i) the Member or (i) a majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the Chief Executive Officer or Chief Operating Officer or such other officers or officers as may be specified by the Board or authorized by the Chief Executive Officer.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the Chief Executive Officer or Chief Operating Officer or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Auxiliary**. There shall be, as an integral part of the Corporation, an auxiliary to be known as the Yale-New Haven Hospital Auxiliary (the "Auxiliary"). The Auxiliary shall be organized and governed according to rules approved by the Board and subject to the authority of the Board. The Auxiliary shall provide volunteer support services for the benefit of Yale-New Haven Hospital and its patients and shall promote the health and welfare of the community. The services of the Auxiliary shall be consistent with such policies as may be fixed from time to time by the Board. The Auxiliary shall adopt bylaws for the conduct of its activities, subject to the review and approval by the Board.

Section 8.5 **Department Chiefs**. The Corporation shall consult with the Member regarding the recruitment and selection of all Department Chiefs or other comparable positions at the Corporation and/or any of its Affiliates. Notwithstanding anything herein to the contrary, all appointments of Department Chiefs shall be made in accordance with the Affiliation Agreement between the Corporation and Yale University dated March 22, 1965 and any amendments thereto.

ARTICLE IX. AMENDMENTS

Subject to approval by the Member, these Bylaws may be amended, altered, or repealed at any meeting of the Board by a majority vote of the Trustees present and voting, a quorum being present. The general nature and purpose of such proposed amendment(s) shall be set forth in the notice of the meeting, and the actual language of the proposed amendments need not be included in the notice. No amendment, alteration or repeal shall take effect until it shall have been approved by the Member. Any amendment, alteration or repeal of these Bylaws shall be consistent with the Affiliation Agreement between the Corporation and Yale University dated March 22, 1965 and any amendments thereto.

EXHIBIT A

Actions Requiring Approval of the Member

Notwithstanding anything in these Bylaws to the contrary, neither the Board nor any officer or employee of the Corporation may take any of the following actions, or approve an Affiliate taking any of the following actions, without the prior approval of the Member:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate and the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by the Member by a specified dollar amount to be determined from time to time by the Member;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by the Member, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. The Member shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate; and

K. Adoption of safety and quality assurance policies not in conformity with policies established by the Member.

Other Major Activities

A. In addition, the Member shall have the authority, except as otherwise provided by the Member and after consultation with this Corporation, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that the Member determines to be "major activities."

B. "Major activities" shall be those which the Member by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to this Corporation, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of the Member, and shall refer to this Bylaw provision granting such approval rights to the Member. Notices received pursuant to this section shall be recorded in the minutes of this Corporation and shall be filed with the minutes of this Corporation.

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member pursuant to these Bylaws and the Bylaws of the Member.

EXHIBIT B

Direct Authority Retained by the Member

Notwithstanding anything in these Bylaws to the contrary, the Member retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by the Member in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to the Member or as otherwise directed by the Member;

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate; and

G. Appointment of the Chief Operating Officer consistent with Sections 4.3(b).

Amended and Restated Certificate of Incorporation of Bridgeport Hospital

1. Incorporation. P.T. Barnum, Samuel W. Baldwin, Sidney Bishop, George L. Porter, F.B. Hall, Goodwin Stoddard, R.W. Bunnell, B.F. Bishop, R.J. White, S.B. Beardsley, H.B. Drew, A.S. Treat, E.L. Gaylord, William B. Hinks, C.B. Hotchkiss, Hanford Lyon, Jarratt Morford, and S.C. Trubee, and all such persons as are from time to time associated with them, for the purpose of establishing and maintaining a hospital in or near the City of Bridgeport, and their successors, are hereby incorporated for said purpose, and make a body corporate and politic by the name of Bridgeport Hospital, and by that name shall be capable of suing and being sued, pleading and being impleaded, and may purchase, take, receive, hold, sell, mortgage and convey estate, real and personal, to such an amount as may be necessary or useful for the purpose of said Hospital.

2. Purposes. The nature of the activities to be conducted and the purposes to be promoted or carried out by the Hospital, in addition to those stated in Section 1 herein, shall be exclusively charitable, scientific and educational within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time (the "Code"), and for such purposes the Hospital may engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act (the "Act"). In furtherance of the foregoing, the Hospital shall (i) participate as an integral part of the integrated health care delivery system known as the Yale New Haven Health System (the "System"), which System provides, through the Hospital and its affiliates, comprehensive, cost effective, advanced patient care characterized by safety and clinical and service quality; and (ii) fund and promote activities and programs of the System, including activities and programs of its affiliates, consistent with and in furtherance of the Hospital's charitable purposes and the charitable purposes of all System affiliates.

3. Membership. The Hospital shall have but one member, Yale-New Haven Health Services Corporation, which shall have the rights, powers and privileges provided in the Bylaws and by the State of Connecticut, including certain expressly reserved powers and retained rights described in the Bylaws.

4. Type of Organization. The Hospital is non-profit and shall not have or issue shares of stock or pay dividends.

5. Duration of Hospital. The duration of the Hospital is unlimited.

6. Restrictions on Activities. No part of the net earnings of the Hospital shall inure to the benefit of, or be distributable to, the Hospital's member, trustees, officers or other private persons, except that the Hospital shall be authorized and empowered to pay reasonable

compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Sections 1 and 2 hereof. No substantial part of the activities of the Hospital shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Hospital shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office. Notwithstanding any other provision herein, the Hospital shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

7. Dissolution. Upon any dissolution or termination of the existence of the Hospital, all of its property and assets shall, after payment of the lawful debts of the Hospital and the expenses of its dissolution or termination, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to Yale-New Haven Health Services Corporation, as long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or, if at the time of the dissolution or termination of existence of the Hospital, Yale-New Haven Health Services Corporation is not in existence or does not qualify as an exempt organization under Section 501(c)(3) of the Code, to one or more charitable, scientific or educational organizations located in the service area of Bridgeport Hospital and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Trustees may determine.

8. Board of Trustees. Subject to the rights, powers and privileges accorded to Yale-New Haven Health Services Corporation under the Bylaws and by the State of Connecticut, the Hospital shall be governed by its Board of Trustees. The Bylaws may provide that persons occupying certain positions within or without the Hospital shall be ex-officio Trustees who may vote and be counted in determining a quorum. As may be further provided in the Bylaws of the Hospital, the terms of elected Trustees may be staggered by dividing the Trustees into groups so that approximately an equal number of such Trustees have terms that expire each year. Trustees may be removed by Yale-New Haven Health Services Corporation for cause as set forth in the Bylaws.

9. Limited Liability of Trustees. In addition to, and not in derogation of, any other rights conferred by law, a Trustee shall not be personally liable for monetary damages for breach of duty as a Trustee in an amount greater than the compensation received by such Trustee for serving the Hospital during the year of such breach if such breach does not (A) involve a knowing and culpable violation of law by such Trustee, (B) enable such Trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes), to receive an improper personal economic gain, (C) show a lack of good faith and conscious disregard for the duty of such Trustee to the Hospital under circumstances in which such Trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Hospital, or (D) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of such Trustee's duty to the Hospital. BRIDGEPORT HOSPITAL
AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 Name. The name of the corporation is **Bridgeport Hospital** (the "Corporation").

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 Member. The Corporation shall have a single member, Yale-New Haven Health Services Corporation (the "Member").

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), without the prior approval of the Member. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the Member, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the approval rights reserved to the Member set forth in Exhibit A, the Member expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval of the Board of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. The Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff") and shall hold the Medical Staff responsible for recommendations concerning medical matters. The Board, acting on recommendation of the Professional and Quality Review Committee, shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office. The President/CEO of the Member (or his or her designee), the President/CEO of the Corporation, and the President of the Medical Staff shall be Ex Officio Trustees. Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

(c) **Other Board Participants**. The Member shall elect four (4) physicians to serve as "non-voting physician trustees." Non-voting physician trustees shall not be counted in

determining the presence of a quorum and shall not have the right to vote on any matters that come before the Board. Non-voting physician trustees shall not be considered in calculating the number of trusteeships under Section 3.3 and shall not be considered "Trustees" for any purpose hereunder, except that they shall receive notice of, and have the right to attend and speak at, meetings of the Board and serve on committees.

Section 3.3 Number. The Board shall consist of no fewer than ten (10) nor more than nineteen (19) Trustees, such number to be determined from time to time by the Member. Non-physician trustees elected in accordance with Section 3.2(c) shall not be considered in calculating the number of trusteeships hereunder.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Notwithstanding anything herein to the contrary:

(a) The number of voting Trustees on the Board (including Ex Officio Trustees) shall include no more than that number of physicians as equals one (1) fewer than twenty percent (20%) of the total number of voting Trustees on the Board (as determined by the Member in accordance with Section 3.3), consistent with legal requirements; and

(b) Physicians elected to the Board (whether as voting Trustees or as non-voting physician trustees) shall be selected from among physicians nominated by the Medical Executive Committee of the Medical Staff, which shall nominate no fewer than two (2) physicians for each position being considered.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique

expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of Yale-New Haven Health Services Corporation at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of Yale-New Haven Health Services Corporation.

Non-voting physician trustees shall be elected for three (3) year terms, subject to the restrictions outlined above.

Section 3.6 Resignation. Any Elected Trustee or non-voting physician trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 Removal. One or more Elected Trustees or non-voting physician trustees may be removed from the Board with cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee or non-voting physician trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any five (5) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees are present at said meeting, a majority of the Trustees

present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 **Officers**. The officers of the Corporation shall consist of a President/CEO, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be selected from among members of the Board of Trustees.

Section 4.2 **Election and Term of Office**. The President/CEO shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Director Affairs Committee and elected annually by the Board for a term of one year and until their successors are duly elected and qualified; provided, however, that no individual will serve in the office of Chair or Vice Chair for more than four (4) consecutive one year terms. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 **Powers**. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President/CEO**. The President/CEO of the Corporation shall be appointed by the Member, following consultation with the Board. The appointed President/CEO shall be the Chief Executive Officer of the Corporation and shall serve at the pleasure of the Member.

The President/CEO shall be a person who in the judgment of the Member has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, Corporation personnel and the community.

The President/CEO shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President/CEO shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President/CEO shall be defined in a written statement adopted by the Member in consultation with the Board.

The President/CEO shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President/CEO shall be employed by the Member and shall report to the Chief Executive Officer of the Member as well as to the Board.

(b) **Chair**. The Chair of the Board shall preside at meetings of the Board and shall be a voting member of all committees except the Director Affairs Committee. The Chair

shall perform such other duties as the Board may from time to time prescribe.

(c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President/CEO of the Corporation may be removed from office by the Member following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President/CEO, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President/CEO shall be filled in accordance with Section 4.3(a).

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board on nomination of the Director Affairs Committee. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law. With respect to the Professional and Quality Review Committee, a majority of the committee members who are also Trustees shall constitute a quorum at meetings of such committee and the act of a majority of such committee members shall be required for action by such committee.

(b) **Meetings.** Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Management Affairs Committee.** The Management Affairs Committee shall consist of the President/CEO, the Chair, the immediate past Chair (provided that such individual is a member of the Board), a member of the Board selected by the Member, and any other member of the Board that the Board may choose to appoint. The Management Affairs Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Professional and Quality Review Committee.** The Professional and Quality Review Committee shall consist of no fewer than two (2) Trustees and such other individuals as may be determined by the Board. The Professional and Quality Review Committee shall have such duties as are delegated to it by the Board. These duties include the review of recommendations of the Medical Staff concerning appointments, reappointments, and renewals or modifications of clinical privileges. Following such review, the Professional and Quality Review Committee shall make recommendations thereon to the Board. In order to expedite appointment and reappointment to the Medical Staff and renewal or modification of clinical privileges, the Professional and Quality Review Committee shall have the power to render decisions on such matters following a positive recommendation from the Medical Staff Executive Committee, subject to ratification at the next meeting of the Board. Other delegated

duties are set forth in the Medical Staff Bylaws. The Professional and Quality Review Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of the highest quality and most effective patient care. The Professional and Quality Review Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration.

(c) **Finance Committee**. The Finance Committee shall have such duties as are established by the Member and set forth in the Finance Committee charter. These duties shall include, but not be limited to, approval of local operating and capital budgets and examination and monitoring of other operating and capital budgets involving the Corporation.

(d) **Director Affairs Committee**. The Director Affairs Committee shall develop recommended criteria for membership on the Board and on committees of the Board. The Director Affairs Committee shall, after consultation with the President/CEO, nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all standing committees. The Director Affairs Committee shall also periodically review of Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process.

(e) **Joint Conference Committee**. The Joint Conference Committee shall consist of the Chair, who shall act as chair of the Committee, the President/CEO, two (2) additional Trustees, and three (3) members of the Medical Staff Executive Committee (who shall be recommended by the Chair of the Medical Staff Executive Committee). The Joint Conference Committee shall be convened at the request of the Chair to facilitate resolution of conflicts among the Medical Staff, the Board and administration, or such other matters deemed important by the Chair. In resolving conflicts, the Joint Conference Committee shall follow a conflict management process and philosophy consistent with applicable Joint Commission standards.

Section 5.6 **Other Committees**. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

Section 5.7 **Powers of Committees**. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Management Affairs Committee and the Professional and Quality Review Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Nonstock Act related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by either (i) the Member or (i) a majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President/CEO or such other officers or officers as may be specified by the Board or authorized by the President/CEO.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President/CEO or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Auxiliary**. There may be an auxiliary organized to further the purposes and interests of the Corporation (the "Auxiliary"). The Auxiliary shall have the authority, subject to the review and approval of the Board, to adopt and amend bylaws for its operations which shall state its purpose, duties and organization.

Section 8.5 **Department Chairs**. The Corporation shall consult with the Member regarding the recruitment and selection of all Department Chairs or other comparable positions at the Corporation and/or any of its Affiliates.

ARTICLE IX. AMENDMENTS

Subject to approval by the Member, these Bylaws may be amended, altered, or repealed at any meeting of the Board by a majority vote of the Trustees present and voting, a quorum being present. The general nature and purpose of such proposed amendment(s) shall be set forth in the notice of the meeting, and the actual language of the proposed amendments need not be included in the notice. No amendment, alteration or repeal shall take effect until it shall have been approved by the Member.

EXHIBIT A

Actions Requiring Approval of the Member

Notwithstanding anything in these Bylaws to the contrary, neither the Board nor any officer or employee of the Corporation may take any of the following actions, or approve an Affiliate taking any of the following actions, without the prior approval of the Member:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate or the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by the Member to adopt such budgets within parameters established by the Member);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by the Member by a specified dollar amount to be determined from time to time by the Member;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by the Member, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. The Member shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate; and

K. Adoption of safety and quality assurance policies not in conformity with policies established by the Member.

Other Major Activities

A. In addition, the Member shall have the authority, except as otherwise provided by the Member and after consultation with this Corporation, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that the Member determines to be "major activities."

B. "Major activities" shall be those which the Member by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to this Corporation, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of the Member, and shall refer to this Bylaw provision granting such approval rights to the Member. Notices received pursuant to this section shall be recorded in the minutes of this Corporation and shall be filed with the minutes of this Corporation.

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member pursuant to these Bylaws and the Bylaws of the Member.

EXHIBIT B

Direct Authority Retained by the Member

Notwithstanding anything in these Bylaws to the contrary, the Member retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by the Member in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to the Member or as otherwise directed by the Member;

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate; and

G. Appointment of the President/Chief Executive Officer consistent with Section 4.3(a).

CERTIFICATE OF INCORPORATION

OF

THE GREENWICH HOSPITAL ASSOCIATION

1. The name of the corporation is The Greenwich Hospital Association (the "Hospital").

2. The nature of the activities to be conducted and the purposes to be promoted or carried out by the Hospital shall be exclusively charitable, scientific and educational within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time, or the corresponding provision of any future United States Internal Revenue law (the "Code"), and shall include, but not be limited to, the following:

A. to maintain and operate a hospital and related facilities that will be the focus of the medical care in the Town of Greenwich, Connecticut and its defined service area; to serve as leader, working cooperatively with other resources, in education in the areas of health, wellness and disease prevention; and to carry on such other activities related to the care of the sick or injured or related to meeting the health needs of, and promoting health education and health care activities in, its service area which in the opinion of the Board of Trustees may be justified or desireable

B. To initiate, develop, operate and maintain, for the Hospital and for other hospitals and health care facilities, programs directed toward improving the efficiency of utilization of health care facilities and services in the State of Connecticut, and in the Town of Greenwich and surrounding areas in particular.

C. To initiate, develop, operate and maintain educational programs for health professionals and for the public, including programs of nursing education, continuing medical education, residency training and community health education.

D. To initiate, develop, operate and maintain, for the Hospital and in cooperation with other hospitals and health care facilities, programs for the delivery of health care services to persons other than hospital patients; and to further this objective, to operate, directly or through one or more separate corporations, one or more neighborhood health centers, retirement centers, nursing homes, home care agencies,

rehabilitation centers, industrial health facilities, health maintenance organizations, surgicenters and similar programs and facilities.

E. To acquire, improve, hold and lease any real or personal property useful to the accomplishment of the purposes of the Hospital, Greenwich Health Care Services, Inc. or any other hospitals or health care facilities.

F. To solicit, receive, accept, maintain and administer public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of the Hospital, including without limitation funds from The Greenwich Hospital Foundation, Inc.

G. To the extent a corporation organized under the Connecticut Revised Nonstock Corporation Act (the "Act") may now or hereafter lawfully do so, to carry on any other activity in connection with the foregoing, to do everything necessary, suitable, convenient or proper for, in connection with, or incident to the accomplishment of any of the purposes or the attainment of any one or more of the objectives herein enumerated or designed directly or indirectly to promote the interests of the Hospital, and to engage in any lawful act or activity for which a corporation may be organized under the Act so long as such act or activity is charitable, scientific, literary and/or educational within the meaning of Section 501(c)(3) of the Code.

3. The Hospital is nonprofit and shall not have or issue shares of stock or make distributions.

4. The Hospital shall have a single class of members, consisting of one (1) member. The sole member of the Hospital shall be Greenwich Health Care Services, Inc. The sole member shall not be entitled to vote for directors or on amendments to or the repeal of the Hospital's bylaws or this Certificate of Incorporation or, subject to the rights, powers and privileges conferred by the bylaws upon the sole member, on any other matter. The sole member shall have only those rights, powers and privileges required by law to be accorded to members of a nonstock, nonprofit corporation and those rights, powers and privileges conferred hereby or by the bylaws upon the sole member.

5. The street address of the Hospital's initial registered office is c/o The Greenwich Hospital Association, 5 Perryridge Road, Greenwich, Connecticut 06830 and the name of its initial registered agent at that office is Andrew E. Schultz, Esq.

6. Subject to the rights, powers and privileges conferred by the bylaws upon the sole member, the management of the activities, properties and affairs of the Hospital shall be vested in the Board of Trustees. The Board of Trustees shall consist of elected Trustees plus *ex officio* Trustees (which *ex officio* Trusteesmay be persons occupying

certain positions within or without the Hospital), with the Trustees to be selected as provided in the bylaws. Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election by the Hospital's Board of Trustees as a Trustee Emeritus.

The Board of Trustees shall be self-perpetuating as contemplated in Sections 33-1055 and 33-1083(c) of the Act as in effect and interpreted as of the date hereof and shall be elected as set forth in the bylaws. As may be further provided in the bylaws, the elected Trustees shall have staggered terms such that the terms of office of approximately one-third of all elected Trustees shall expire at each annual meeting.

7. No part of the funds raised by the Hospital or any net earnings, gains, or assets of the Hospital shall inure to the benefit of or be distributable to the Hospital's Trustees, officers or other private persons or entities, except that the Hospital shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Paragraph 2 hereof.

8. No substantial part of the activities of the Hospital shall be the carrying on of propaganda or otherwise attempting to influence legislation, and the Hospital shall not directly or indirectly participate or intervene in (including the publishing or distribution of statements) any political campaign on behalf of or in opposition to any candidate for public office.

9. Notwithstanding any other provision of this Certificate of Incorporation to the contrary, including Section 10, the Hospital shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income taxation under Section 501(a) of the Code as an organization described in Section 501(c)(3) of the Code or (b) by a corporation, contributions to which are deductible under Sections 170(c)(2), 2055(a)(2) or 2522(a)(2) of the Code.

10. In the event of the liquidation or dissolution of the Hospital, whether voluntary or involuntary, no Trustee, private individual or corporation shall be entitled to any distribution or division of the Hospital's remaining assets or proceeds, except as provided by law. Upon the winding up and dissolution of the Hospital, after paying or adequately providing for the debts and obligations of the Hospital, the remaining assets shall be distributed to one or more non-profit funds, foundations or corporations which is or are organized and operated exclusively for charitable, scientific and/or educational purposes having similar aims and objects as the Hospital located within the State of Connecticut and which has or have established its or their tax-exempt status under Section 501(c)(3) of the Code, or shall be distributed to the Federal Government, or to a state or local government, for a public purpose. Any such assets not so disposed of shall be disposed of by the Superior Court of the State of Connecticut for the judicial district in which the principal office of the Hospital is then located, exclusively for such purposes or

to such organization or organizations as said Court shall determine, which are organized and operated exclusively for such purposes.

11. Notwithstanding any other provision of this Certificate of Incorporation to the contrary, the Trustees and officers of the Hospital who are not compensated on either a salary or pro rated equivalent basis for services in such capacities shall be immune from civil liability for any act or omission resulting in damage or injury to the full extent provided under Section 52-557m of the Connecticut General Statutes, including any amendments to or substitutions for such Section 52-557m which may be made from time to time.

12. The Hospital shall indemnify any person, or the legal representatives thereof, made a party to any proceeding by reason of the fact that such person is or was a Trustee, officer, employee or agent of the Hospital to the full extent required or permitted by Sections 33-1116 to 33-1124 of the Act, including any amendments to or substitutions for such Sections 33-1116 to 33-1124 of the Act which may be made from time to time. The Hospital shall indemnify any person, or the legal representative thereof, made a party to any proceeding by reason of the fact that such person is or was serving at the request of the Hospital as a Trustee, officer, partner, trustee, employee or agent of another enterprise, against all judgments, fines, penalties, amounts paid in settlement, and reasonable expenses actually incurred by such person in connection with such proceeding to the same extent as if such person had been made a party to such proceeding by reason of the fact that such person is or was a Trustee, officer, employee or agent of the Hospital. The right to indemnification conferred in this Section shall include the right to be paid or reimbursed by the Hospital the reasonable expenses incurred in defending any such proceeding in advance of final disposition of the proceeding to the full extent required or permitted by Section 33-1119 of the Act, including any amendments to or substitutions for such Section 33-1119 of the Act which may be made from time to time, if (i) such Trustee, officer, employee or agent furnishes the Hospital a written affirmation of his good faith belief that he has met the standard of conduct described in Section 33-1117 of the Act, (ii) such Trustee, officer, employee or agent furnishes the Hospital a written undertaking, executed personally or on his behalf, to repay the advance if it is ultimately determined that he did not meet the standard of conduct, and (iii) a determination is made that the facts then known to those making the determination would not preclude indemnification under Sections 33-1116 to 33-1124 of the Act, including any amendments to or substitutions for such Sections 33-1116 to 33-1124 of the Act which may be made from time to time. Notwithstanding any other provision hereof, the intent of this Certificate of Incorporation is to provide, and it shall be interpreted as providing, the fullest possible indemnification of, and advance of expenses to, Trustees, officers, employees or agents of the Hospital permitted by law, as the relevant law may change or be amended from time to time; provided, however, that such indemnity will not constitute a violation of any provision of Section 33-281b of the Connecticut General Statutes, if applicable.

13. A Trustee shall have no personal liability to the Hospital or its members for monetary damages for breach of duty as a Trustee if such breach did not (a) involve a knowing and culpable violation of law by the Trustee, (b) enable the Trustee or an associate as defined in Section 33-840, to receive an improper personal economic gain, (c) show a lack of good faith and a conscious disregard for the duty of the Trustee to the Hospital under circumstances in which the Trustee was aware that his or her conduct or omission created an unjustifiable risk of serious injury to the Hospital, or (d) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of the Trustee's duty to the Hospital. No amendment or repeal of this Paragraph 13 or the adoption of any provision inconsistent herewith shall eliminate or reduce the effect of this Paragraph 13 in respect of any matter occurring or any cause of action, suit or claim accruing or arising, prior to such amendment, repeal or adoption of a provision inconsistent with this Paragraph 13.

March 27, 2012
Amended and Restated

By-laws of Greenwich Hospital

Article 1.

PURPOSES

The purposes of Greenwich Hospital, a Connecticut corporation (the "Hospital"), shall be to maintain and operate a hospital and related facilities that will be the focus of medical care in the Town of Greenwich and its defined service area; to serve as a leader, working cooperatively with other resources, in education in the areas of health, wellness and disease prevention; and to carry on such other activities related to the care of the sick or injured or related to meeting the health needs of, and promoting health education and health care activities in, its service area which in the opinion of the Board of Trustees may be justified or desirable, all as more fully set forth in the Certificate of Incorporation of the Hospital.

Patients shall have the privilege of receiving religious instruction and consolation from clergymen of their choice.

Article 2.

MEMBERS

2.1 **Sole Member**. The Hospital shall have but one member, Greenwich Health Care Services, Inc. ("GHCSI"). The sole member shall not be entitled to vote for Trustees or on amendments to or the repeal of these Bylaws or the Hospital's Certificate of Incorporation or, subject to the rights, powers and privileges conferred hereby upon the sole member, on any other matter. The sole member shall have only those rights, powers and privileges required by law to be accorded to members of a nonstock, nonprofit corporation and those rights, powers and privileges conferred hereby or by the Certificate of Incorporation upon the members.

2.2 **Rights, Powers and Privileges of Yale New Haven Health Services Corporation.** Yale New Haven Health Services Corporation ("YNHHS"), the sole member of GHCSI (the Hospital's sole member), shall have, in addition to the rights, powers and privileges conferred elsewhere herein, the following rights, powers and privileges:

(a) to designate one representative of YNHHS (who shall be the same representative designated by YNHHS to serve on the GHCSI Board of Directors) to serve as a Trustee of the Hospital at the pleasure of YNHHS, and the Hospital's Board of Trustees shall promptly elect and remove such designee as from time to time instructed by YNHHS, which designee shall be a voting member of the Executive/Compensation or any similar committee of the Hospital;

(b) to approve the nominees to the Board of Trustees of the Hospital in accordance with the provisions of Section 3.3 of these Bylaws and Section 4.2 of that certain System Affiliation Agreement dated July 24, 1997 (the "Affiliation Agreement") among YNHHS, GHCSI and the Hospital;

(c) to direct the Board of Trustees of the Hospital to remove any Trustee in accordance with the provisions of Section 3.5 of these Bylaws and Section 4.3 of the Affiliation Agreement;

(d) to approve the Hospital's annual operating and capital budgets and strategic plans; and

(e) to consent to (i) the sale of all or substantially all of the Hospital's assets, (ii) any merger or consolidation involving the Hospital, (iii) any contract to manage or administer the Hospital or any substantial part of the business of the Hospital, (iv) any liquidation or dissolution of the Hospital or filing for bankruptcy or similar protection, or (v) any change in the name of the Hospital.

2.3 **Action by GHCSI or YNHHS**. Any action by GHCSI as the Hospital's sole member may be accomplished by a written direction from the Chairman of the Board of Directors of GHCSI to the Hospital, which action shall be as valid as though it had been authorized at a meeting of members designated as such. Any action by YNHHS may be accomplished by a written direction from the Chief Executive Officer of YNHHS to the Hospital.

Article 3

BOARD OF TRUSTEES

3.1 **General**. The management of the activities, properties and affairs of the Hospital shall be vested in the Board of Trustees. The powers of the Board of Trustees shall include without limitation the power generally to adopt such measures as they may deem that the purposes of the Hospital may require.

3.2 **Qualification; Expectations**. In selecting candidates for Trustees, consideration should be given to each candidate's willingness to accept responsibility for governance of the Hospital, his areas of interest and expertise and his experience in organizational or community activities, his attendance record at Board and Board Committee meetings, and such other qualifications as the Nominating/Governance

Committee and the Board may deem appropriate. Except for the President of the Auxiliary and the Trustees Emeritus, no person may be a Trustee of the Hospital unless such person also serves as a Director of GHCSI.

Contemporaneous with the adoption of these Amended and Restated Bylaws and at each Annual Meeting thereafter, the Board shall adopt a resolution setting forth the minimum expectations of Trustees. All Trustees shall strive to fulfill such expectations.

3.3 **Number, Term and Election.** The Board of Trustees shall consist of that number of elected Trustees which shall be not less than fifteen Trustees and not more than thirty three Trustees (one of whom shall be the Trustee designated by YNHHS pursuant to Section 2(a) herein), plus *ex officio* Trustees. The number of elected Trustees shall be that number most recently prescribed by action of the Board of Trustees; provided that no decrease in the number of Trustees shall have the effect of shortening the term of any incumbent Trustee.

YNHHS shall have the right to approve all nominees to the Board of Trustees of the Hospital in accordance with the provisions of Section 4.2 of the Affiliation Agreement. In the event YNHHS fails to approve any such nominee within thirty days of receipt in writing of such proposed nomination, the provisions of Section 4.2 of the Affiliation Agreement shall be followed.

At each regular annual meeting of the Board of Trustees, Trustees shall be elected by the Board of Trustees (subject to the rights of YNHHS to designate a Trustee set forth in Section 2(a) herein) to succeed the Trustees whose terms are then expiring and to serve for terms of three years, and until such Trustees' successors shall have been duly elected and qualified, or until their earlier death, resignation or removal. A vacancy on the Board of Trustees for any reason may be filled by the Board of Trustees, or, if the Trustees remaining in office constitute fewer than a quorum of the Board, they may fill the vacancy by the affirmative vote of a majority of all of the remaining Trustees in office (subject to the rights of YNHHS to designate a Trustee set forth in Section 2(a) herein). Trustees elected to fill vacancies shall hold office until the next meeting at which Trustees are elected and until their respective successors shall have been duly elected and qualified.

In addition to the persons elected as Trustees, the President of the Hospital, the Chief of the Medical Staff of the Hospital, the Assistant Chief of the Medical Staff of the Hospital, the Chair of the Credentials Committee of the Hospital's Medical Staff, the Chair of the Medical Executive Committee of the Hospital's Medical Staff, and the President of the Auxiliary shall be *ex officio* members of the Board of the Hospital; provided that none of the foregoing persons other than the President shall be an *ex officio* member of the Board if such person is an employee of the Hospital or of GHCSI or of YNHHS. *Ex officio* members of the Board of Trustees shall be counted in determining a quorum of the Board and shall have full voting power. In addition, the immediate-past Chief of the Medical Staff of the Hospital shall be an *ex officio* invitee to Board meetings,

but shall not be counted in determining a quorum of the Board and shall not have voting power. In the event the Chief of Staff, Assistant Chief of Staff, Chair of the Credentials Committee or Chair of the Medical Executive Committee is precluded from *ex officio* service on the Board due to the existence of a conflict of interest as per the Hospital's Conflict of Interest Policy, the Secretary of the Medical Staff of the Hospital shall be appointed *ex officio* in the place of the conflicted Medical Staff representative; and if a second Medical Staff representative is likewise precluded from Board service due to such a conflict of interest, then the Treasurer of the Medical Staff of the Hospital shall be appointed *ex officio* in the place of the second conflicted Medical Staff representative; provided that at such time as the primary *ex officio* Medical Staff representative(s) identified above regain eligibility to serve on the Board (e.g., due to the removal or resolution of the identified conflict, or the election or appointment of a non-conflicted individual to the *ex officio* Medical Staff position at issue), the Secretary and/or Treasurer of the Medical Staff of the Hospital, as applicable, shall cease to serve on the Board.

After serving two consecutive three-year terms, an elected Trustee may not thereafter be eligible for reelection for a period of one year; provided that the foregoing limitation shall not apply to (i) the Trustee designated by YNHHS pursuant to Section 2(a) herein; (ii) an elected Trustee if at the time of the annual meeting of the Board such elected Trustee is (a) a candidate designated by the Chairman for election or reelection as an officer of the Hospital, or (b) a candidate for appointment or reappointment as a chairman of a Board committee; or (iii) a Trustee whom the Board has determined is eligible for re-election for an additional three-year term due to his/her unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after completion of two or more consecutive three-year terms.

3.4 **Trustees Emeritus**. Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election as a Trustee Emeritus by the Hospital's Board of Trustees at its annual meeting or at any regular or special meeting of the Board as deemed appropriate by the Board of Trustees. A Trustee Emeritus shall have the privilege of attending all meetings of the Board and shall have the privilege of the floor but shall have no vote at meetings of the Board of Trustees and shall not be counted in determining a quorum thereof.

3.5 **Resignation of Trustees; Removal of Trustees**. The written resignation of a Trustee shall be effective immediately upon receipt of notice of resignation by the Hospital.

The Board of Trustees may remove one or more Trustees with or without cause; provided that the Board of Trustees may remove the Trustee designated by YNHHS pursuant to Section 2(a) only with the prior consent of YNHHS. YNHHS shall have the right to direct the Board of Trustees of the Corporation to remove any Trustee in accordance with the provisions of Section 4.3 of the Affiliation Agreement. In the event

YNHHS directs the Board of Trustees to remove a Trustee, the provisions of Section 4.3 of the Affiliation Agreement shall be followed.

3.6 **Meetings.** The annual meeting of the Board of Trustees of the Hospital, which shall also constitute a regular meeting of the Board, shall be held on the third Wednesday in October in each year at 5:00 p.m. in the Noble Auditorium at the Hospital or at such other time and place as the Board of Trustees may determine. At such annual meeting the Board of Trustees shall elect Trustees of the Hospital to succeed the Trustees of the class whose terms have just expired, shall elect Trustees Emeritus, if any, and shall elect the officers of the Hospital for the following year; the Chairman of the Hospital shall nominate for appointment, and the Board of Trustees shall appoint, the members of all Board committees and the chairmen thereof for the following year; and the Board shall transact such other business as the Board of Trustees deems wise.

Other regular meetings of the Board of Trustees shall be held at 5:00 p.m. in the Hyde-Brownell Room at the Hospital, or at such other place as the Board of Trustees may determine, on such dates as the Board of Trustees shall determine.

A special meeting of the Board of Trustees may be called at any time by the Chairman or by five elected Trustees upon notice, and such notice shall specify the purpose of such meeting.

Whenever practicable, committee recommendations for Board action and any other pertinent materials for Board of Trustees meetings shall be distributed to Trustees in advance of such meetings.

3.7 **Notice of Meetings.** The Secretary shall give or cause to be given at least five days notice of the time and place of any meeting of the Board of Trustees, and in the case of special meetings, notice of the business to be conducted thereat. The notice of the annual meeting of the Board of Trustees shall attach the report of the Nominating/Governance Committee as provided in Section 6.8 of these By-laws. Notice of any meeting given via posting on an electronic portal shall be accompanied by an email communication sent to each Trustee indicating that new information has been posted to the portal.

3.8 **Quorum and Voting.** A majority of the aggregate of (i) the prescribed number of elected Trustees, plus (ii) the number of *ex officio* Trustees, shall constitute a quorum for the transaction of business at any meeting of the Board of Trustees. Except as otherwise provided by law or these By-laws, the vote of a majority of the Trustees present at any meeting at which a quorum is present shall be conclusive.

3.9 **Action without a Meeting.** If all of the elected Trustees with voting power and all of the *ex officio* Trustees with voting power, or all of the voting members of a committee of the Board of Trustees, as the case may be, severally or collectively consent unanimously in writing to any action taken or to be taken by the Hospital or by such

committee, respectively, the action shall be as valid as though it had been authorized at a meeting of the Board of Trustees or the committee, as the case may be, and such unanimous written consent or consents shall be filed in the minute book of the Hospital. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Hospital from an email address provided by the Trustee to the Hospital or a communication from the Trustee to the Hospital via an electronic portal hosted by the Hospital and accessed by the Trustee using a password generated by the Trustee.

3.10 **Participation by Conference Telephone.** A Trustee or a member of a committee of the Board of Trustees may participate in a meeting of the Board, or of such committee, as the case may be, by means of a conference telephone or similar communications equipment enabling all individuals participating in the meeting to hear one another, and such participation in a meeting shall constitute presence in person at such meeting. Notwithstanding the foregoing, Trustees are expected to participate in Board and committee meetings in person whenever practicable, with participation via conference telephone or similar means on an occasional basis only.

Article 4

OFFICERS OF THE HOSPITAL

4.1 **General.** The officers of the Hospital shall consist of those Trustees specified in Section 4.2 and other officers as provided in Section 4.3.

4.2 **Trustee Officers; Election and Term.** The Chairman, one or two Vice Chairmen, the Secretary and the Treasurer shall be elected from persons who are, at the time of their respective elections to office, elected Trustees. The President shall be appointed by the president and chief executive officer of YNHHS (the "YNHHS CEO") in consultation with and with the consent of the Board of Trustees in accordance with Section 8.1.2 of the Affiliation Agreement. The President need not be, at the time of his appointment to office, an elected Trustee. The President shall be *ex officio* a Trustee, shall be counted in determining a quorum of the Board and shall have full voting power. Each such officer shall be qualified, in the judgment of the Board of Trustees, by education and experience to properly carry out the responsibilities of his office.

Each of the Chairman, one or two Vice Chairmen, the Secretary and the Treasurer shall be elected at the annual meeting of the Board of Trustees of the Hospital, and shall hold office until the next annual meeting of the Board and until his successor shall have been elected or until his earlier death, resignation or removal.

A vacancy in any office under this Section 4.2 (other than President) because of death, resignation or removal shall be filled by the Board of Trustees for the unexpired term of such office. A vacancy in the office of President because of death, resignation or removal shall be filled by the YNHHS CEO in consultation with and with

the consent of the Board of Trustees in accordance with Section 8.1.2 of the Affiliation Agreement.

4.3 **Other Officers.** The Board of Trustees shall create, from time to time, such administrative offices as may be recommended by the President and deemed necessary by the Board of Trustees, and persons appointed to such offices need not be members of the Board of Trustees.

All administrative, non-Trustee, officers shall be appointed by the President. Appointments of all non-Trustee Vice Presidents shall be approved by the Board of Trustees. Each administrative officer appointed under this Section 4.3 shall hold office until his death, resignation or removal.

4.4 **Resignation and Removal.** An officer of the Hospital may resign at any time. Any Trustee officer (other than the President) and any Vice President may be removed with or without cause by the Board of Trustees. The YNHHS CEO shall have the right, if the YNHHS CEO deems it appropriate, to remove the President, provided the YNHHS CEO shall consult with the Chairman of the Board prior to taking any such action. Any non-Trustee officer other than a Vice President may be removed with or without cause by the President.

Article 5

DUTIES OF OFFICERS

5.1 **Chairman of the Board.** The Chairman of the Board shall preside at the annual meeting of the members, at all meetings of the Board of Trustees and of the Executive/Compensation and Joint Conference Committees.

The Chairman shall, except as otherwise provided in these By-laws, nominate for appointment by the Board the members of all committees and the chairmen thereof. The Chairman shall be *ex officio* a member and chairman of the Executive/Compensation Committee and of the Joint Conference Committee, shall be counted in determining a quorum of such committees and shall have full voting power thereon, and shall perform such other duties as are usual to this office.

5.2 **Vice Chairmen.** If there be two Vice Chairmen elected, the Chairman shall designate one as the Senior Vice Chairman. In the absence of the Chairman or the inability of the Chairman to act, the Vice Chairman or the Senior Vice Chairman, as the case may be, shall perform the duties and exercise the powers of the Chairman. The Vice Chairman, or the two Vice Chairmen if two are elected, shall be *ex officio* members of the Executive/Compensation Committee (and shall be counted in determining a quorum of such committee and shall have full voting power). Each Vice Chairman shall perform such duties as the Board of Trustees or the Chairman may from time to time prescribe.

5.3 **President.** The President shall be the Hospital's chief executive officer. The President shall have the authority and responsibility necessary to operate the Hospital in all its activities and departments, subject only to such policies as may be adopted and such orders as may be issued by the Board of Trustees or by any of its committees to which the Board of Trustees has delegated power for such action. The President shall act as the duly authorized representative of the Hospital in all matters in which the Board of Trustees has not formally designated some other person to act.

The President will be employed by YNHHS. The President shall report to the YNHHS CEO, to the Chairman of the Board between Board of Trustees meetings and to the Board of Trustees and its Executive/Compensation Committee at each meeting. The YNHHS CEO shall periodically evaluate the President and, in connection therewith, shall determine the terms and conditions of the President's employment and compensation, provided the YNHHS CEO shall consult with the Chairman of the Board.

The President shall sign, with the Secretary or any other properly authorized officer when appropriate, any contract or other instrument that the Board of Trustees has authority to execute, except in cases where execution shall have been expressly delegated by the Board of Trustees, these By-laws or statute to some other officer or agent of the Hospital.

The President shall be *ex officio* a member of the Board of Trustees and all standing and special committees of the Board of Trustees (and shall be counted in determining a quorum of the Board and such committees and shall have full voting power), unless otherwise provided in these By-laws or by the Board of Trustees.

5.4 **Secretary.** The Secretary shall be responsible for overseeing the maintenance of the corporate files and records of the Hospital except the financial records; causing all notices of meetings of the Board of Trustees to be sent, and records of such meetings to be made and kept; attesting to the seal of the Hospital when necessary; and performing such other duties as may be prescribed by the Board of Trustees or the Chairman.

5.5 **Treasurer.** The Treasurer shall be *ex officio* a member of the Executive/Compensation Committee and, subject to the requirements of Section 6.4 of these By-laws, shall be a member of the Finance and Audit Committee. Subject to such general policies as shall be adopted by the Board of Trustees and the Finance and Audit Committee, the Treasurer shall be responsible for overseeing the maintenance of the books of account of the Hospital, and the investment of securities owned by the Hospital. In this connection, he may register such securities in the name of a custodian or its nominee.

5.6 **Vice Presidents.** All Vice Presidents of the Hospital shall have such duties as shall be delegated to them by the President and shall report as directed by the President.

Article 6

COMMITTEES

6.1 **General.** The Chairman shall nominate for appointment, and the Board of Trustees shall appoint, subject to the requirements set forth in these By-laws, the members of all committees of the Board of Trustees (except for those Trustees who under these By-laws are members *ex officio*) and the chairmen thereof, unless otherwise provided in these By-laws. In selecting nominees for committees, consideration should be given to each nominee's attendance record at Board and Board committee meetings. In selecting committee chairmen, the Board of Trustees shall make its selection from among the members of each committee who are Trustees (and may not select as committee chairman a committee member who is not a Trustee), and the Board shall not select any individual who has a material business relationship (including but not limited to an employment relationship) with the Hospital or any of its affiliates. *Ex officio* members of each committee are in addition to the number of Trustees specified in this Article 6 for each committee, and the number of Trustees so specified shall be elected Trustees.

The Chairman shall make such nominations, and the Board shall make such appointments, at the annual meeting of the Board, except for nominations and appointments made to fill vacancies arising from time to time. At the first committee meeting following the annual meeting of the Board, each committee shall appoint from among its members a vice chairman. The Board may appoint to committees except the Executive/Compensation Committee and the Nominating/Governance Committee individuals who are not Trustees, and each such person so appointed shall have a vote and be included for the purpose of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the full Board, any such action must be approved by a majority of the committee members who are Trustees.

Each committee shall have a charter reflecting the primary responsibilities of the committee and shall periodically review such charter and revise it as necessary. The full Board shall approve each committee charter and any amendments thereto. Each committee shall determine its own rules of procedure, the time and place of its meetings, and the notice to be given thereof. A report of the proceedings of a meeting of a committee shall be submitted to the next meeting of the Board. Unless otherwise specified in these By-laws, a majority of the members of a committee shall constitute a quorum. If a quorum is present when a vote is taken, the affirmative vote of a majority of those members present shall be the act of such committee, unless the affirmative vote of a greater number is required by these By-laws or by law.

Standing committees shall be those named in subsequent sections of this Article 6. A special or *ad hoc* committee may be created by the Board of Trustees, with such powers and authority as the Board may approve, if in the opinion of the Chairman the best interests of the Hospital warrant the creation of such a special or *ad hoc* committee.

6.2 **Term.** Each member of a committee shall be appointed for one year and shall continue in office until the next annual meeting of the Board and until his successor is appointed, unless the committee of which he is a member shall be sooner terminated by the Board of Trustees or until his earlier death, resignation or removal.

6.3 **Executive/Compensation Committee.** The Executive/Compensation Committee of the Board of Trustees of the Hospital shall consist of the following members, all *ex officio* with vote and counted for a quorum: the Chairman of the Board, who shall act as chairman of the Committee, the Vice Chairman or the two Vice Chairmen if two are elected, the President, the Treasurer, the Chief of the Medical Staff of the Hospital, all chairmen of committees of the Board of Trustees, and the Trustee designated by YNHHS pursuant to Section 2(a) herein (provided that none of the foregoing persons, other than the President and the YNHHS designee, shall be a member of the Executive/Compensation Committee if he is an employee of the Hospital, GHCSI or YNHHS).

The Executive/Compensation Committee shall possess and exercise all the powers of the Board of Trustees during the intervals between Board meetings. All actions by the Executive/Compensation Committee shall be reported to the Board of Trustees at its meeting next succeeding such action, and shall be subject to revision by the Board; provided that no rights of third parties shall be affected by any such revision.

In addition, the Executive/Compensation Committee shall set compensation for the Hospital's executives employed by the Hospital who are in a position to exercise substantial influence over the affairs of the Hospital as determined by the Committee. The Committee shall obtain and rely upon appropriate comparability data in making its compensation decisions, and shall ensure that such compensation decisions are in compliance with the laws relating to organizations described in Section 501(c)(3) of the Internal Revenue Code. On an annual basis the Committee shall receive a report from the YNHHS Executive Compensation Committee regarding the compensation of Hospital executives employed by YNHHS who are in a position to exercise substantial influence over the affairs of the Hospital, and in connection therewith YNHHS will present the Committee with the comparability data obtained and relied upon by YNHHS in making its compensation decisions, and the Committee shall provide such input as requested by YNHHS regarding the compensation of the Hospital's President and Chief Executive Officer.

6.4 **Finance and Audit Committee.** The Finance and Audit Committee shall include at least three Trustees and shall also include *ex officio* the President, who shall not be counted for a quorum nor have a vote, and the Treasurer, who shall be counted for a quorum and have a vote. The Board may also appoint to the committee one or more individuals who is not a Trustee and who shall have the right to vote and shall be counted in determining a quorum. A majority of the members of the Finance and Audit Committee shall be Trustees, and no member of the Finance and Audit Committee (other than non-voting *ex officio* members) shall have any material business relationship (including but not

limited to an employment relationship) with the Hospital or any of its affiliates. At least one member of the Finance and Audit Committee shall have financial expertise, as determined by the Board of Directors. *Ex officio* members of the Finance and Audit Committee who have a material business relationship (including but not limited to an employment relationship) with the Hospital or any of its affiliates shall not be counted in determining a quorum and shall not have a vote.

This Committee shall be responsible for working closely with the other Board Committees in the performance of its duties and in developing and presenting the annual capital and operating budgets of the Hospital to the Board of Trustees for approval, monitoring the Hospital's adherence to budget goals, and overseeing the fund-raising activities of GHCSI and the Hospital. This Committee shall also be responsible for causing the books of account of the Hospital's operations and the consolidated books of account of the operations of the Hospital and its subsidiaries to be audited by independent auditors at least annually, and reporting to the Board of Trustees on these annual outside audits. This Committee shall recommend to the Board of Trustees retention of independent auditors. This Committee shall also check periodically on the adequacy of the Hospital's internal audit procedures. When requested by the Board, this Committee shall also be responsible for reviewing and providing comment regarding the strategic plan and business plan for the Hospital and its subsidiaries including review and comment as to (i) the addition of new services to those offered by GHCSI, the Hospital or any other subsidiary of the Hospital; (ii) the deletion or expansion of existing services offered by GHCSI, the Hospital or any other subsidiary of the Hospital; and (iii) on any matter relating to future operations of the Hospital.

6.5 **Investment Oversight Committee.** The Investment Oversight Committee shall include at least three Trustees, and shall also include *ex officio* the President, who shall not be counted for a quorum nor have a vote, and the Treasurer, who shall be counted for a quorum and have a vote. The Board may also appoint to the Committee one or more individuals who is not a Trustee and who shall have the right to vote and shall be counted in determining a quorum.

The members of the Investment Oversight Committee shall also serve as Trustees of The Greenwich Hospital Endowment Fund, Inc.

This Committee shall be responsible for overseeing the investment of the Corporation's and the Hospital's financial assets and, to the extent delegated by the Board of Directors of the Greenwich Hospital Endowment Fund, Inc. and/or by the Boards of Directors or Trustees of any other affiliate of the Corporation, and accepted by the Corporation, the financial assets of such affiliate.

6.6 **Nominating/Governance Committee.** The Nominating/Governance Committee shall consist of at least three Trustees, and shall also include *ex officio* with vote and counted for a quorum the Chairman of the Board, the Vice Chairman (or Vice Chairmen if there be two) of the Board, the President, and the Trustee designated by YNHHS.

The Nominating/Governance Committee shall solicit recommendations for candidates well qualified to serve as Trustees of the Hospital. At the regular meeting of the Board of Trustees immediately preceding the annual meeting of the Board of Trustees, the Nominating/Governance Committee shall submit to the Board its proposed report recommending that (i) at the annual meeting of the Board of Trustees of the Hospital, they elect as Trustees the persons designated in the report (which persons shall have been nominated in compliance with Section 2.2), (ii) at the annual meeting of the Board of Trustees, the Board elect as officers (other than as President) those elected Trustees designated in the report and that the Chairman nominate, and (iii) at the annual meeting of the Board of Trustees, the Board appoint to the Executive/Compensation Committee those elected Trustees designated in the report. Such report as approved by the Board of Trustees or as amended by the Board at such meeting shall be attached to the notices of annual meetings of the Board of Trustees of the Hospital. The recommendations of the Nominating/Governance Committee made in such report shall be presented by the Secretary at such annual meeting.

The Nominating/Governance Committee may convene at any time to consider candidates to fill vacancies on the Board of Trustees. The Nominating/Governance Committee may recommend that the Board elect any such candidate at any regular or special meeting of the Board (which persons shall be nominated in compliance with Section 3.3).

The Nominating/Governance Committee shall also be responsible for overseeing the performance of and setting direction for the Board, as set forth in more detail in the Committee's charter.

6.7 **Quality/Safety Committee.** The Quality/Safety Committee shall consist of at least four Trustees, two members of the Medical Staff selected by the Chief of Staff in consultation with the President, and the following *ex officio* members with vote and counted for a quorum: the Chief of the Medical Staff, the Assistant Chief of the Medical Staff, the chairmen of the Medical Staff's Medical Executive Committee and Credentials Committee, and the Vice President of Medical Services of the Hospital. In addition, the Board may appoint to the committee one or more individuals who is not a Trustee and who shall have the right to vote and shall be counted in determining a quorum.

The Committee shall assure the development of a comprehensive Quality Assessment and Performance Improvement Plan that outlines the relationship of the Committee and its activities to the Board of Trustees, Hospital Administration and the

Medical staff, and review the effectiveness of the Quality Assessment and Performance Improvement Plan annually.

The Quality/Safety Committee has the responsibility to oversee and ensure the quality of clinical care and safety throughout the Hospital and at Hospital off-campus locations, as set forth in more detail in the Committee's charter.

The Quality/Safety Committee, acting on behalf of the full Board, shall review and take action on applications for Medical Staff appointment, reappointment, and clinical privileges, subject to ratification by the Board of Trustees and any applicable limitations contained in the Medical Staff Bylaws or Rules and Regulations of the Medical Staff.

The Quality/Safety Committee shall report at least quarterly to the Board of Trustees both on the findings and status of performance improvement activities, and Greenwich Hospital's compliance with federal, state and The Joint Commission requirements and standards.

6.8 Strategic Planning Committee. The Strategic Planning Committee shall consist of at least three Trustees and at least two members of the Medical Staff selected by the Chief of Staff in consultation with the President The Hospital's Vice President of Medical Services shall serve as an *ex officio* member of this Committee with a vote and counted for a quorum. The Board may also appoint to the committee one or more individuals who is not a Trustee and who shall have the right to vote and shall be counted in determining a quorum.

The Strategic Planning Committee, working closely with the Finance and Audit Committee, shall be responsible for preparing and submitting to the Board of Trustees for approval a strategic plan for the Hospital and its affiliates, and for updating and resubmitting such plan at least once each year. In this connection, the Committee shall consider and make recommendations to the Board of Trustees regarding: (i) the addition of new services to those offered by the Hospital and its affiliates; (ii) the deletion or expansion of existing services offered by the Hospital and its affiliates; and (iii) any matter relating to future operations and direction of the Hospital and its affiliates.

In addition, the Strategic Planning Committee shall be responsible for the assessment of community need and management of Board education, as set forth in more detail in the Committee's charter.

6.9 Joint Conference Committee. The Joint Conference Committee shall consist of the Chairman of the Board, who shall act as chairman of the Committee, two additional Trustees, and one member of the Medical Staff selected by the Chief of Staff in consultation with the President. The Chief of the Medical Staff, the Assistant Chief of the Medical Staff, and the President of the Hospital shall be *ex officio* members of

the Committee with vote and counted for a quorum. In addition, the Board may appoint to the Committee one or more individuals who is not a Trustee and who shall have the right to vote and shall be counted in determining a quorum.

The Committee shall be convened at the request of the chairman to facilitate resolution of conflicts among the Medical Staff, the Board and the Hospital Administration, or such other matters deemed important by the chairman. In resolving conflicts, the Committee shall follow a conflict management process and philosophy consistent with applicable Joint Commission Standards.

6.10 Development Committee. The Development Committee shall consist of at least three Trustees. The Hospital's President and Director of Development shall serve as *ex officio* members of this Committee with vote and counted for a quorum. In addition, the Board may appoint to the Committee one or more individuals who is not a Trustee and who shall have the right to vote and shall be counted in determining a quorum.

The Development Committee will be broadly responsible for planning for the procurement of endowment and operational funds as appropriate and necessary to advance the Hospital's charitable mission. The Committee shall coordinate its efforts with the activities of the Greenwich Hospital Foundation.

The Committee shall be responsible for preparing and submitting to the Board of Trustees for approval annual and long-range development plans for the Hospital, including proposals for campaigns or drives to raise large amounts of money for both general and mission-related purposes.

Article 7

MEDICAL STAFF

7.1 **Medical Staff Membership and Clinical Privileges.** As provided in these Bylaws and in the Bylaws, Rules and Regulations of the Medical Staff, the Board of Trustees or a committee thereof shall appoint and reappoint practitioners to the Medical Staff, and shall grant, continue, modify or terminate clinical privileges after receiving the recommendations of the Medical Staff's Medical Executive Committee with respect thereto. Each person appointed to the Medical Staff and granted clinical privileges shall be appointed for a maximum term of two (2) years following action by the Board of Trustees or Board committee, as applicable.

All persons employed by the Hospital, either full-time or part-time, whose duties are medico-administrative in nature and include clinical responsibilities or functions with members of the Medical Staff involving their professional capability as physicians must themselves be members of the Medical Staff.

7.2 **By-laws and Rules and Regulations of the Medical Staff.** The Medical Staff shall have the power to adopt and amend, subject to the approval of the Board of Trustees, its own By-laws. The Medical Executive Committee of the Hospital's Medical Staff shall have the power to adopt and amend, subject to approval of the Board of Trustees, Rules and Regulations for the practice of medicine in the Hospital. When approved by the Board of Trustees, all professional activities of all members of the Medical Staff within the Hospital shall be governed thereby.

Such By-laws shall include provisions for surveillance of the quality of medical care and for regular reports thereof to the Board of Trustees; the categories of the Medical Staff; procedures for actions involving clinical competence and behavior and for summary suspension of clinical privileges; hearings and appeals from recommendations of the Executive Committee of the Medical Staff and of the Credentials Committee which might adversely affect the appointment of an applicant or the clinical privileges of a member of the Medical Staff. In the event of a conflict between provisions of (i) the Medical Staff's By-laws and Rules and Regulations for the practice of medicine in the Hospital and (ii) the By-laws of the Hospital's sole member, GHCSI, or of these Hospital By-laws, then the provisions of GHCSI's By-laws or of these By-laws, as the case may be, shall be controlling. The Medical Staff Bylaws may not be unilaterally amended by either the Hospital or the Medical Staff.

Article 8

AUXILIARY

The Auxiliary of Greenwich Hospital (hereinafter called the Auxiliary) is an unincorporated association that forms an integral part of the Hospital, provides volunteer support services for the benefit of the Hospital and its patients and promotes the health and welfare of the community. The services of the Auxiliary shall be consistent with such policies as may be fixed from time to time by the Board of Trustees.

The Auxiliary shall adopt By-laws for the conduct of its activities. Such By-laws and all amendments thereto shall be effective upon approval thereof by the Board.

The president of the Auxiliary shall be an *ex officio* member of the Board of Trustees, with vote and counted for a quorum.

Article 9

GENERAL

9.1 **Fiscal Year.** The fiscal year of the Hospital shall begin on October 1 of each year and terminate on September 30 of the following year.

9.2 **Seal.** The seal of the Hospital shall read "Greenwich Hospital, Incorporated 1903."

9.3 **Books and Records.** The books, papers and records of the Hospital, including case records, shall be the exclusive property of the Hospital, shall be treated as confidential and shall be under the control of the Board, to the extent permitted by law.

9.4 **Waivers of Notice.** Whenever any notice of time, place, purpose or any other matter, including any special notice or form of notice, is required or permitted to be given to any person by law or under the provisions of the certificate of incorporation or By-laws of the Hospital, or of a resolution of the members or the Trustees, a written waiver of notice signed by the person or person entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. The Secretary shall cause any such waiver to be filed with or entered upon the records of the Hospital or, in the case of a waiver of notice of a meeting, the records of the meeting. The attendance of any person at a meeting without protesting, prior to or at the commencement of the meeting, the lack of proper notice shall be deemed to be a waiver by such person of notice of such meeting.

Article 10

BY-LAWS

10.1 **Amendment; Meeting and Notice.** These By-laws may be amended at any meeting of the Board of Trustees of the Hospital at which the proposed amendments are made available to the Board of Trustees. The proposal that the By-laws are to be amended shall be, and the proposed By-Law amendments may be (but are not required to be) sent out with the notice of the meeting which will act upon the proposed amendments. Notwithstanding anything to the contrary contained herein, these By-laws and the certificate of incorporation of the Hospital may not be amended or repealed without the written consent of YNHHS and GHCSI.

10.2 **Vote.** If the By-laws are to be amended at a meeting of the Board of Trustees, the vote of at least two-thirds of the Trustees present shall be required for adoption.

10.3 **Construction of By-laws.** The decision of the Board of Trustees shall be conclusive on all questions of construction of these By-laws.

Article 11

PEER REVIEW ACTIVITIES

The Board functions in some of its activities as a Medical Review Committee conducting peer review as defined in Chapter 368a of the Connecticut General

Statutes, as amended from time to time. When acting as a Medical Review Committee, the Board reviews staff and participates in the evaluation of the quality and efficiency of health care services ordered and performed, including but not limited to review of the credentials, qualifications and activities of medical staff members or applicants; evaluating and improving the quality of health care services rendered; analyzing clinical practices within the hospital; reviewing studies of utilization and medical audits; reviewing studies of morbidity and mortality; and reviewing analyses of sentinel events or potential claims. When the Board, or its officers, committees or subcommittees on its behalf, participate in these or similar studies, reviews, discussions and actions, the Board is a Medical Review Committee conducting peer review. Proceedings of such peer review activities conducted by the Board, including data and information gathering and analyses and reporting by authorized individuals for the primary purpose of these peer review activities, as well as minutes and other documents from meetings or portions of meetings addressing peer review, shall be kept strictly confidential.

Amended and Restated

Certificate of Incorporation

Lawrence + Memorial Hospital, Inc.

Sec. 1. The name of the corporation is **Lawrence + Memorial Hospital, Inc.** (the "Hospital").

Sec. 2. The nature of the activities to be conducted, or the purposes to be promoted or carried out by the Hospital shall be exclusively charitable, scientific and educational within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1954, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Code") and shall include the following:

(a) To establish, maintain and carry on an institution within the healthcare delivery system administered by Lawrence + Memorial Corporation, with permanent facilities for inpatients and ambulatory patients, with medical services to provide diagnosis and treatment, to carry on all associated services, and to assure that there is no unlawful discrimination under any program or in any facility of the Hospital;

(b) To participate, so far as circumstances may warrant, in any activity designed and carried on to promote the general health needs of the community;

(c) To conduct and participate in educational and scientific research activities related to providing care to the sick and injured, to the promotion of health, or to the development of personnel in the health professions or occupations, which, in the opinion of the Board of Directors may be justified and supported by the facilities, personnel, funds or other requirements that are or can be made available; and

(d) In furtherance of the foregoing, to engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act (the "Act"), as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

Sec. 3. The Hospital is nonprofit and shall not have or issue shares of stock or pay dividends.

Sec. 4. The Hospital shall have but one member, Lawrence + Memorial Corporation (the "Member"), which shall elect the Board of Directors of the Hospital in accordance with the Bylaws, shall have all of the other rights, powers and privileges usually or by law accorded to the members of a nonstock federally tax-exempt corporation and not conferred thereby or by the Certificate of Incorporation or Bylaws upon the Board of Directors of the Hospital, and shall have such additional rights, privileges and obligations as may be accorded to the Sole Member in the Certificate of Incorporation or Bylaws from time to time.

Sec. 5. The business, property and affairs of the Hospital shall be directed and managed by a Board of Directors. The corporate powers of the Board of Directors, and any applicable limitations thereon, shall be as set forth in the Bylaws as in effect from time to time. The Bylaws shall prescribe the number, qualifications and manner of election of directors. As may be further provided in the Bylaws, the terms of directors elected by the Member shall be staggered by dividing the total number of these directors into three (3) groups, so that approximately an equal number of such directors have terms that expire each year. The Bylaws may provide that certain persons occupying certain positions within or without the Hospital shall be *ex officio* directors, who may be counted in determining a quorum and may have the right to vote.

Sec. 6. The Member shall have the sole power, in accordance with the Bylaws, to adopt, amend or repeal the Hospital's Bylaws and Certificate of Incorporation.

Sec. 7. No part of the net earnings of the Hospital shall inure to the benefit of or be distributable to the Hospital's directors, officers or other private persons, except that the Hospital, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Hospital shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Hospital shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the Hospital shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

Sec. 8. Upon any dissolution of the Hospital, all of its property and assets shall, after payment of the lawful debts of the Hospital and the expenses of its dissolution, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to the Member, so long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or, if at the time of the dissolution or termination of existence of the Hospital, the Member is not in existence or does not so qualify, to one or more charitable, scientific or educational organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Directors may determine.

Sec. 9. In addition to, and not in derogation of, any other rights conferred by law, a director of the Hospital shall not be personally liable for monetary damages for breach of duty as a director in an amount greater than the compensation received by the director for serving the Hospital during the year of the violation if the breach did not (1) involve any knowing and culpable violation of law by the director, (2) enable the director or an associate, as defined by Section 33-840 of the Connecticut General Statutes, to

receive an improper personal gain, (3) show a lack of good faith and conscious disregard for the duty of the director to the Hospital under circumstances in which the director was aware that his conduct or omission created an unjustifiable risk of serious injury to the Hospital, or (4) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of the director's duty to the Hospital.

Sec. 10. Indemnification.

(a) The Hospital shall provide indemnification to any person made a party to a civil, criminal, administrative or investigative proceeding because he or she is or was a director or officer of the Hospital against liability and reasonable expenses incurred in the proceeding; provided however, that the Hospital may not indemnify a director or officer of the Hospital unless a determination has been made, on a case-by-case basis, that such indemnification is permissible under the circumstances, because the director or the officer, as the case may be, has met the applicable standard of conduct set forth in Section 33-1117(a) of the Act, as such subsection may be amended from time to time. Such determination shall not be made by the court or other tribunal conducting the proceeding, or by any other court of competent jurisdiction, but shall instead be made in accordance with Section 33-1121 of the Act, as such section may be amended from time to time.

(b) The Hospital may not indemnify a director or officer of the Hospital in connection with a proceeding by or in the right of the Hospital, in which the director or the officer, as the case may be, was adjudged liable to the Hospital, or in connection with any other proceeding charging improper benefit to him or her, whether or not involving official capacity, in which he or she was adjudged liable on the basis that personal benefit was received.

(c) Employees or agents of the Hospital and Hospital medical staff members acting in official medical staff capacity who are not directors or officers of the Hospital may be indemnified against liability and reasonable expenses in the same manner as set forth in subsections (a) and (b) above, except that the determination required by subsection (a) may in addition be made by the general counsel of the Hospital, or such additional officer or officers as the Board of Directors may specify. In the case of employees, agents and medical staff members of the Hospital who are not directors or officers, however, the extent of indemnification may be less than the indemnification of directors and officers, even if the standard in subsection (a) is met, depending upon the extent to which the directors, committee, legal counsel, Member or officers making the determination conclude that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances. In no event shall Hospital medical staff members be entitled to indemnification for any malpractice suit, claim (whether or not filed in court), settlement, judgment, verdict or decree arising out of or in connection with medical services rendered (or the failure to render such services).

STATE OF CONNECTICUT
OFFICE OF THE SECRETARY OF THE STATE } SS. HARTFORD

ARTICLE I

Role and Purpose of the Hospital; Member

Section 1.01. Role and Purpose of the Hospital. The role and purpose of Lawrence + Memorial Hospital, Inc. (the "Hospital") shall be as follows:

a. To establish, maintain and carry on an institution within the health care delivery system (the "System") administered by Lawrence + Memorial Corporation, with permanent facilities for inpatients and ambulatory patients, with medical services to provide diagnosis and treatment, to carry on all associated services, and to assure that there is no unlawful discrimination under any program or in any facility of the Hospital;

b. To participate, so far as circumstances may warrant, in any activity designed and carried on to promote the general health needs of the community;

c. To conduct and participate in educational and scientific research activities related to providing care to the sick and injured, to the promotion of health, or to the development of personnel in the health professions or occupations, which, in the opinion of the Board of Directors may be justified and supported by the facilities, personnel, funds or other requirements that are or can be made available; and

d. To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act (the "Act"), as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

Section 1.02. Member; Lawrence & Memorial Corporation. The Hospital shall have but one (1) member, Lawrence + Memorial Corporation (the "Member"), which shall elect the Board of Directors of the Hospital (also referred to in these Bylaws as the "Board" or "Board of Directors"), adopt, amend and repeal these Bylaws, and have all of the other

rights, powers and privileges usually or by law accorded to the members of a nonstock federally tax-exempt corporation and not conferred by the Certificate of Incorporation or these Bylaws on the Board of Directors of the Hospital. In addition to any other rights, powers and privileges as it may have by law or under the Certificate of Incorporation, the Member shall have the right and power to:

(a) Approve the philosophy, mission and values of the Hospital and any change thereto;

(b) Adopt strategic plans for the Hospital;

(c) Approve the Hospital's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(d) Approve the formation or acquisition by the Hospital of any new direct or indirect subsidiaries, joint ventures or affiliations;

(e) Approve the Certificate of Incorporation, Bylaws and other governance documents of the Hospital, and any amendments thereto or restatements thereof;

(f) Approve all core competencies and qualifications required for selection of the Hospital's Directors;

(g) In consultation with and upon recommendation of the Board, appoint all Directors of the Hospital, and remove, with or without cause, all Directors or board officers of the Hospital;

(h) In consultation with and upon recommendation of the Board, appoint and remove, determine the compensation for, and conduct the evaluation of, the President and Chief Executive Officer of the Hospital (the "President and CEO");

(i) Select and approve any auditor of the annual audited financial statements for the Hospital;

(j) Approve any accounting or debt management programs, establish any debt limits under such programs, approve any variances from such programs or limits for the Hospital, and incur or assume any debt on behalf of the Hospital;

(k) Approve the incurrence of debt or financing by the Hospital, other than credit purchases of goods or services in the ordinary course of business, except as included in approved capital or operating budgets;

(l) Oversee the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds;

(m) Approve any voluntary change to the federal income tax exemption granted by the IRS to the Hospital under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code");

(n) Initiate or consent to any form of insolvency proceeding undertaken by the Hospital or any direct or indirect subsidiary of the Hospital;

(o) Approve all projects, agreements or transactions undertaken by the Hospital involving the expenditure of funds or divestiture of assets in excess of $250,000 and not otherwise included in an approved budget;

(p) Approve the services offered by the Hospital, new service lines or termination of existing service lines not otherwise included in an approved budget or a strategic or financial plan;

(q) Approve any sale, lease, transfer, or substantial change in the use of all or substantially all of the assets of the Hospital or any direct or indirect subsidiary of the Hospital;

(r) Approve any merger, consolidation, restructuring, change in corporate ownership, dissolution, or liquidation of the Hospital or any direct or indirect subsidiary or the Hospital;

(s) Approve the acquisition of any real estate or any significant lease arrangement by the Hospital, except as otherwise included in a strategic or financial plan or approved budget;

(t) Approve any management contract or outsourcing arrangement for the Hospital which would substantially impact or alter its operations; and

(u) Approve any change in the primary business name or logo of the Hospital.

Section 1.03. Manner of Action by Member. Any action permitted or required of the Member by law, the Certificate of Incorporation or these Bylaws may be taken by vote of its board of directors, or by or through any person or persons designated by either its bylaws or its board of directors to act on its behalf. Except as provided in Section 2.05 of these Bylaws, any such action may also be taken without a meeting by written communication of a duly authorized representative of the Member acting within the limits of his/her authority. Any such action by the Member or its duly authorized representative shall be filed with the Secretary of the Hospital. Whenever approval by the Member is required by law, the Certificate of Incorporation or these Bylaws, the Member shall attempt to act on a request for approval within the timeframe set forth in any schedule that may be developed from time to time, or if no such schedule exists, in a timely manner.

ARTICLE II

Board of Directors

Section 2.01. Composition. The Board of Directors shall consist of not less than five (5) nor more than eleven (11) Directors, such number within the variable range to be determined by the Member at its annual meeting. At all times, up to five (5) of these Directors shall serve ex-officio: the President and CEO; the President and Chief Executive Officer of the Member (if such individual is not also concurrently serving as the Hospital's President and CEO), the President of the Medical Staff; the Vice President of the Medical Staff; and a representative-at-large of the Medical Staff who ordinarily shall be the immediate past President or a former President of the Medical Staff (the "Ex-Officio Directors"). The remainder of the Directors, the "Elected Directors," shall be members of the Member and elected by the Member in accordance with these Bylaws. The Elected Directors shall be divided into three (3) groups, so that approximately one-third (1/3) of the Directors shall have terms that expire annually. The Elected Directors and the Ex-Officio Directors are together referred to in these Bylaws as the "Directors."

Section 2.02. Election and Terms. Elected Directors shall be elected by the Member at its annual meeting from a slate of nominees prepared by its Governance Committee. No other nominations shall be permitted. Except as provided otherwise in these Bylaws, Elected Directors shall serve a term of three (3) years, or until their resignation, removal or death. The Member may elect Directors to serve one-year or two-year terms in order to achieve the groupings required by Section 2.01 of these Bylaws.

Section 2.03. Tenure. An Elected Director shall be eligible for election to three (3) consecutive three-year terms. For the purposes of determining eligibility for re-election, an Elected Director who has served more than one and one-half (1½) years of a three-year term shall be deemed to have served a full term. An Elected Director may be re-elected for a fourth consecutive term if the Director is also elected as an officer at the beginning of such fourth term. After serving the maximum time permitted under this Section, an Elected Director may be re-elected to the Board only after the Director has been off the Board for a period of at least one (1) year.

Section 2.04. Resignation. An Elected Director may resign at any time by delivering written notice to the Secretary of the Hospital. The resignation shall be effective when the notice is delivered, unless the notice specifies a later effective date. If an Ex-Officio

Director resigns or is removed from the position from which his or her ex-officio status derives, the Ex-Officio Director will immediately and automatically cease to be a Director without further action by the Board or the Member.

Section 2.05. Removal. An Elected Director may be removed by the affirmative vote of the Member at a meeting of the Member's board of directors. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Elected Director.

Section 2.06. Vacancies. A vacancy of an Elected Director may be filled by the Member or the Board at any regular or special meeting. If filled by the Board, the individual elected to fill the vacancy shall serve until the next meeting of the Member at which Directors are elected.

Section 2.07. Duties and Responsibilities. Subject to the rights, powers and privileges accorded to the Member in the Certificate of Incorporation, these Bylaws, or by law, the Board shall manage and direct the business, property, and affairs of the Hospital. The Board shall exercise all of the powers of the Hospital in accordance with these Bylaws. Without limiting the foregoing, the Board shall have the power to:

(a) Develop and recommend to the Member the philosophy, mission and values of the Hospital and any changes thereto;

(b) Develop and recommend to the Member the Hospital's strategic plans;

(c) Develop and recommend to the Member the Hospital's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(d) Annually assess the Hospital's performance against approved budgets, initiatives and strategic plans adopted by the Member;

(e) Recommend to the Member the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the Hospital or any direct or indirect subsidiary of the Hospital;

(f) Recommend to the Member the formation or acquisition by the Hospital of any new direct or indirect subsidiaries, joint ventures or affiliations;

(g) Recommend to the Member the introduction or termination of any services to be offered by the Hospital not otherwise included in an approved budget or a strategic or financial plan;

(h) Approve any consent decree or settlements from state and federal authorities, following consultation with the Member;

(i) Recommend to the Member changes to the Hospital's Certificate of Incorporation and Bylaws;

(j) Recommend to the Member nominations for and removal of Directors of the Hospital;

(k) Elect officers of the Board, and recommend to the Member the removal of any officer of the Board;

(l) Recommend to the Member the selection, evaluation and compensation of the President and CEO;

(m) Approve business transactions or material contracts, subject to the rights of the Member set forth in Section 1.02, not otherwise included in an approved budget or a strategic or financial plan;

(n) Approve any incurrence or assumption of debt by the Hospital in accordance with the guidelines for accounting and debt management programs established by the Member;

(o) Periodically assess the Hospital's Quality Initiatives, including tracking and reporting on the Hospital's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(p) Periodically assess the Hospital's policies and programs to assure corporate and regulatory compliance, including all required state and federal license and generally recommended accreditations and certifications;

(q) Periodically assess the Hospital's policies and programs relating to human relations and labor relations;

(r) Periodically assess the Hospital's Development Plans and its Planned Giving Plans;

(s) Periodically assess the Hospital's Community Relations Initiatives and Community Outreach Programs;

(t) Plan and implement policies and programs relating to the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds, annual appeal funds, and net proceeds from special fundraising events;

(u) Approve actions with respect to the privileges and credentials of members of the Hospital's medical staff in accordance with state and federal law, applicable accreditation standards, the Hospital's Medical Staff Bylaws and any System guidelines established by the Member;

(v) Evaluate the Board's performance; and

(w) Recommend to the Member the appointment and removal of the President and CEO.

Section 2.08. Compensation. The Directors shall serve without compensation for their services as Directors but may be reimbursed by the Hospital for their reasonable expenses and disbursements in that capacity on behalf of the Hospital.

Section 2.09. Directors Emeriti. In its discretion, the Member may appoint Directors Emeriti. To be eligible for appointment, an individual shall have contributed lengthy and exemplary service to the Hospital as a Director. From time to time, Directors Emeriti may be invited to attend Board meetings, but shall not vote or be counted towards a quorum. Individuals appointed as Directors Emeriti shall retain such appointments for life.

ARTICLE III

Meetings of the Board of Directors

Section 3.01. Annual and Regular Meetings. The annual meeting of the Board shall be held in the month of December on a date to be fixed by the Chair from year to year, unless the Chair shall designate a different date for the annual meeting of the Board. The transaction of business at the annual meeting shall be unlimited except as otherwise specified in these Bylaws. There shall be up to twelve (12) regular meetings of the Board per fiscal year, with a schedule of such meetings to be adopted by resolution of the Board.

Section 3.02. Notice of Annual and Regular Meetings. The Secretary shall give notice of the date, time and place of the annual meeting and each regular meeting of the Board by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person to each Director at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule approved by the Board.

Section 3.03. Special Meetings. Special meetings may be called at any time by the Chair, and shall be called by the Chair within seven (7) days of receipt of the written request of any three (3) Directors. Notice of the date, time, place and purpose of a special meeting shall be given to each Director by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty-four (24) hours before the scheduled

time of the meeting and no business shall be transacted at such meeting other than that specifically set forth in the notice.

Section 3.04. Quorum; Vote Required for Action. A majority of all Directors shall constitute a quorum at all meetings of the Board. The affirmative vote of a majority of the Directors present at a meeting at which time a vote is taken shall be the act of the Board, unless the vote of a greater number is required by the Certificate of Incorporation, these Bylaws, or by law. Ex-officio Directors shall be counted in determining a quorum and shall be entitled to vote.

Section 3.05. Action Without Meeting. If all members of the Board consent in writing to any action taken or to be taken, the action shall be the same as if authorized at a meeting of the Board; all written consent(s) shall be included in the corporate minutes or filed with the corporate records.

Section 3.06. Participation by Conference Telephone. Any member of the Board may participate in a meeting by means of a conference telephone or similar communications equipment enabling all members of the Board participating in the meeting to hear one another, and such participation shall constitute presence in person at such meeting.

Section 3.07. Agenda and Records of Meetings. There shall be a written agenda for each meeting of the Board, and minutes of each meeting shall be prepared and submitted to the Board for approval by the Secretary or a delegate. Minutes shall reflect attendance at the meeting, and shall be dated, signed and maintained in the corporate records following approval.

Section 3.08. Executive Session. The Board of Directors shall meet in executive session at least once during each fiscal year and may meet in executive session at such other times as the Chair may designate. An executive session may be held during any regular or special meeting of the Board and shall be attended only by Directors and other persons invited by the Chair for all or any portion of the executive session, provided that Directors who are employees of the Hospital may at the discretion of the Chair be excluded from all or any portion of an executive session.

ARTICLE IV

Officers

Section 4.01. Officers. The officers shall be a Chair, the President and CEO, a Secretary, a Treasurer, and such other officers as may from time to time be designated by the Board. The Chair, Secretary and Treasurer shall be chosen from the members of the Board and the Chair must qualify as an independent member of the Board under applicable IRS and Corporation guidelines. The offices of Chair, President and CEO, and Treasurer shall be held by different individuals.

Section 4.02. Election. The officers, except for the President and CEO, shall be chosen by the Board at its annual meeting, and shall hold office until the next annual meeting.

Section 4.03. Vacancies. Any vacancy occurring in any office shall be filled promptly by the Board at any Board meeting.

Section 4.04. Removal. Any officer may be removed with or without cause by the Member at any meeting of the board of directors of the Member, provided that the notice of the meeting specifically states that the purpose or one of the purposes of the meeting is removal of the officer.

Section 4.05. Duties. The duties of the officers shall be as follows:

a. Chair. The Chair or in the Chair's absence a Director who is the Chair's delegate or who is appointed by the Board shall preside at all meetings of the Board and shall perform other duties incident to the office or delegated by the Board or these Bylaws. The Chair shall be an ex-officio member of all committees.

b. President and CEO. The President and CEO shall be the chief executive officer of the Hospital and shall perform such other duties incident to that office or delegated by the Member, the Board or these Bylaws. The Hospital's President and CEO shall be an ex-officio member of all committees established by the Board. The Member shall appoint the President and CEO, who shall serve until his or her death, resignation, disability, or removal in accordance with these Bylaws.

c. Secretary. The Secretary shall maintain the minutes of the meetings of the Board in the corporate records; give or cause to be given all notices required by these Bylaws or by law; serve as custodian of the Board's records; make such records available to the Board upon its request; and perform all other duties incident to the office or delegated by the Board or these Bylaws.

d. Treasurer. The Treasurer shall supervise the receipt and custody of the Hospital's funds and investments; render a full account and statement of the condition of the Hospital's finances at each annual meeting of the Board and at such other times as requested by the Board; and perform other duties incident to the office or as may be delegated by the Board or these Bylaws.

e. Other Officers: The Board may from time to time appoint an Assistant Treasurer, Assistant Secretary or such other officers as the Board may deem necessary or advisable for the efficient operation of the Corporation's affairs, each of whom shall hold office for such period, have such authority and perform such duties as the Board of Directors may from time to time determine.

ARTICLE V

President and CEO

Section 5.01. Appointment. The Member shall appoint a President and CEO in accordance with these Bylaws. Other executive management staff shall be appointed by the President and CEO with the approval of the Board. The removal of the President and CEO shall be at the discretion of the Member.

Section 5.02. Qualifications for the President and CEO. The Board shall develop and recommend to the Member a criteria-based process for selecting a President and CEO. Among other criteria, education and relevant experience are important qualifications. The Board shall also develop and recommend to the Member any performance objectives, evaluations and compensation programs for the President and CEO. The President and CEO shall have the knowledge and skills necessary to perform the duties required of the Hospital's senior leader.

Section 5.03. Responsibilities of the President. The President and CEO shall be the chief executive officer of the Hospital. Subject to the powers expressly reserved to the

Board or the Member, the President and CEO shall, in general, supervise and control all the business and affairs of the Hospital and shall have the power to sign, acknowledge and deliver on behalf of the Hospital all deeds, agreements and other formal instruments. If no Chair or Vice Chair has been appointed or in the absence of the Chair or Vice Chair, the President and CEO shall, in general, supervise and control all of the business and affairs of the Hospital and shall have the power to sign, acknowledge and deliver on behalf of the Hospital all deeds, agreements and other formal instruments. The President and CEO shall see that all orders and resolutions of the Board and of the committees of the Board are carried into effect. In general, he or she shall perform all duties incident to the office of President and CEO and such other duties as may from time to time be assigned to the President and CEO by these Bylaws, by the Board, or by the Member.

Section 5.04. Attendance at Meetings. The President shall attend all meetings of the Board unless excused by the Chair.

ARTICLE VI

Committees

Section 6.01. Generally. The Board may establish ad hoc committees from time to time as the Board may deem necessary to carry out special fund raising events or other initiatives of the Board. Committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and chairs of each committee shall be appointed by the Board, and each such committee shall consist of at least one (1) Director and two (2) other individuals who may or may not be Directors. Each committee established by the Board shall be chaired by a Director of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

Section 6.02. Committee Procedures. Notice of the date, time and location of a committee meeting shall be given to each member of such committee by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty-four (24) hours before the scheduled time of the meeting. Minutes shall be recorded of each meeting of the committee and submitted at the next regular meeting of the Board. The committee chair or the chair's designee shall make a full report of each meeting of the committee at the next meeting of the Board.

Section 6.03. Committees - Miscellaneous Provisions. The Chair may designate one or more officers of the Hospital to serve as ex-officio members of a committee. Each such committee shall adopt and follow rules and procedures for its organization and operation.

Section 6.04 "Medical Review Committees". Any committee or subcommittee referred to in or otherwise established in accordance with the provisions of these Bylaws, as well as the Board itself, when engaged in any peer review activity, is intended to be a "medical review committee" within the meaning of that term as set forth in Chapter 368a of the Connecticut General Statutes, as amended from time to time.

ARTICLE VII

Medical Staff

Section 7.01. The Appointment and Governance of the Medical Staff. The Board shall appoint all members of the Hospital's Medical Staff, approve each member's delineated clinical privileges, and be responsible for the organization and activities of the Medical Staff. The Board shall adopt and from time to time review the bylaws and rules and regulations of the Medical Staff. The Board shall assure that the Medical Staff complies with such bylaws, rules and regulations, and shall have and regularly consult with a liaison of the Medical Staff.

Section 7.02. Recommendations of The Medical Staff Executive Committee. The Board shall accept and review, for possible adoption by the Board, specific recommendations from the Medical Staff executive committee, made in accordance with the provisions of the Medical Staff bylaws, and relating to:

a. The structure of the Medical Staff;

b. The process designed for reviewing credentials and delineating individual clinical privileges;

c. Recommendations for Medical Staff membership;

d. The organization of the Medical Staff's performance-improvement activities, as well as the process designed for conducting, evaluating and revising such activities;

e. The process by which Medical Staff membership may be terminated; and

f. The fair-hearing process.

ARTICLE VIII

Conflict of Interest; Confidentiality

Section 8.01. "Conflict of Interest" Defined; Conflict of Interest and Confidentiality Policies. The Board expects the Directors to exercise good judgment and follow high ethical standards. Individuals serving the Hospital should never permit private interests to conflict in any way with their obligations to the Hospital and to any entities affiliated with the Hospital. In addition, all Directors must honor the confidential nature of Hospital information and strive to maintain its confidentiality. To this end, from time to time the Board shall adopt a Conflict of Interest Policy and a Confidentiality Policy; such policies shall be as effective as if they were part of these Bylaws. These policies shall be consistent with requirements of state law, the law of tax-exempt organizations, and the requirements of the Joint Commission on the Accreditation of Healthcare Organizations, and shall address, among other things: the definition of "confidential materials" and "related persons"; disclosure by Board members; the purchase of goods and services; compensation decisions; and procedures to implement and enforce these policies.

ARTICLE IX

Amendments

Section 9.01. Amendments. Except as otherwise provided by the Certificate of Incorporation, or by law, the Member may adopt, amend or repeal these Bylaws.

ARTICLE X

Auxiliary

Section 10.01. Auxiliary. There may be an auxiliary known as "The Auxiliary of Lawrence & Memorial Hospital." It shall be a unit of the Hospital and shall be governed and operated under bylaws approved by the Board with the approval of the members of the Auxiliary. All funds of the Auxiliary shall be subject to the direction and control of the Board, consistent with the approved bylaws of the Auxiliary.

ARTICLE XI

Miscellaneous

Section 11.01. Principal Office. The principal office of the Hospital shall be located in New London, Connecticut.

Section 11.02. Waivers of Notice. Whenever any notice of time, place, purpose or any other matter, including any special notice or form of notice, is required or permitted to be given to any person by law or under the provisions of the Certificate of Incorporation or these Bylaws, or of a resolution of the Member or the Board, a written waiver of notice signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. The Secretary of the Hospital shall cause any such waiver to be filed with or entered upon the records of the Hospital or, in the case of a waiver of notice of a meeting, the records of the meeting. The attendance of any person at or participation in a meeting waives any required notice to that person of the meeting unless at the beginning of the meeting, or promptly upon the person's arrival, the person objects to the holding of the meeting or the transacting of business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

Adopted by the Board of Directors of
Lawrence & Memorial Corporation on November 26, 2012 for
Effective Date of December 12, 2012

Amended and Restated

Certificate of Incorporation

of

Lawrence + Memorial Hospital, Inc.

Sec. 1. The name of the corporation is Lawrence + Memorial Hospital, Inc. (the "Hospital").

Sec. 2. The nature of the activities to be conducted, and the purposes to be promoted or carried out by the Hospital, shall be exclusively charitable, scientific and educational within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Code") and shall include the following:

(a) To establish, maintain and carry on an institution with permanent facilities for inpatients and ambulatory patients, with medical services to provide diagnosis and treatment, to carry on all associated services, and to assure that there is no unlawful discrimination under any program or in any facility of the Hospital;

(b) To participate, so far as circumstances may warrant, in any activity designed and carried on to promote the general health needs of the community;

(c) To conduct and participate in educational and scientific research activities related to providing care to the sick and injured, to the promotion of health, or to the development of personnel in the health professions or occupations, which, in the opinion of the Board of Trustees may be justified and supported by the facilities, personnel, funds or other requirements that are or can be made available; and

(d) To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act, as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

In furtherance of the foregoing, the Hospital shall (i) participate as an integral part of the integrated health care delivery system known as the Yale New Haven Health System (the "System"), which System provides, through its affiliates, comprehensive, cost effective, advanced patient care characterized by safety and clinical and service quality; and (ii) fund and promote activities and programs of the System, including activities and programs of its affiliates, consistent with and in furtherance of the Hospital's charitable purposes and the charitable purposes of all System affiliates.

Sec. 3. The Hospital is nonprofit and shall not have or issue shares of stock or pay dividends.

Sec. 4. The Hospital shall have but one member, Lawrence + Memorial Corporation (the "Sole Member"), which shall have the rights, powers and privileges provided in the Bylaws and by the State of Connecticut, including the right to exercise, on behalf of and as directed by its sole member, Yale-New Haven Health Services Corporation ("YNHHSC"), certain expressly reserved powers and retained rights described in the Bylaws.

Sec. 5. Subject to the rights, powers and privileges accorded to the Sole Member and to YNHHSC under the Bylaws and by the State of Connecticut, the Hospital shall be governed by its Board of Trustees. The Bylaws may provide that persons occupying certain positions within or without the Hospital shall be ex-officio trustees who may vote and be counted in determining a quorum. As may be further provided in the Bylaws of the Hospital, the terms of elected trustees may be staggered by dividing the trustees into groups so that approximately an equal number of such trustees have terms that expire each year.

Sec. 6. No part of the net earnings of the Hospital shall inure to the benefit of or be distributable to the Hospital's trustees, officers or other private persons, except that the Hospital, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Hospital shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Hospital shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the Hospital shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

Sec. 7. Upon any dissolution of the Hospital, all of its property and assets shall, after payment of the lawful debts of the Hospital and the expenses of its dissolution, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to Lawrence + Memorial Corporation, so long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or, if at the time of the dissolution of the Hospital, Lawrence + Memorial Corporation is not in existence or does not so qualify, to one or more charitable, scientific or educational organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Trustees may determine.

Sec. 8. In addition to, and not in derogation of, any other rights conferred by law, a trustee of the Hospital shall not be personally liable for monetary damages for breach of duty as a trustee in an amount greater than the compensation received by the trustee for serving the Hospital during the year of such breach if such breach does not (A) involve a knowing and culpable violation of law by such trustee, (B) enable such trustee or an associate (as defined in

Section 33-840 of the Connecticut General Statutes) to receive an improper personal economic gain, (C) show a lack of good faith and conscious disregard for the duty of such trustee to the Hospital under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Hospital, or (D) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Hospital. Any lawful repeal or modification of this Section 8 or the adoption of any provision inconsistent herewith by the Board of Trustees or the Sole Member of the Hospital shall not, with respect to a person who is or was a trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a trustee provided for in this Section 8 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

Sec. 9. The Hospital shall provide its trustees with the full amount of indemnification that the Hospital is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the Hospital shall indemnify its trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (A) involves a knowing and culpable violation of law by such trustee, (B) enables such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes) to receive an improper personal economic gain, (C) shows a lack of good faith and conscious disregard for the duty of such trustee to the Hospital under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Hospital, or (D) constitutes a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Hospital.

The Hospital may indemnify and advance expenses to each officer, employee or agent of the Hospital who is not a trustee, or who is a trustee but is made a party to a proceeding in his or her capacity solely as an officer, employee or agent, to the same extent as the Hospital is permitted to provide the same to a trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

Notwithstanding any provision hereof to the contrary, the Hospital shall not indemnify any trustee, officer, employee or agent against any penalty excise taxes assessed against such person under Section 4958 of the Internal Revenue Code.

Sec. 10. This Certificate of Incorporation and the Bylaws of the Hospital may be amended or repealed, and new Bylaws may be adopted, only with the approval of the Sole Member and YNHHSC.

LAWRENCE + MEMORIAL HOSPITAL, INC.
AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 Name. The name of the corporation is **Lawrence + Memorial Hospital, Inc.** (the "Corporation").

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 Member. The Corporation shall have a single member, Lawrence + Memorial Corporation (the "Member").

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws. If and to the extent that actions by the Member cannot be taken without the approval of the sole member of the Member, Yale-New Haven Health Services Corporation ("YNHHSC"), or actions have been reserved to YNHHSC, the Member may take such actions only as directed by YNHHSC.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A or Exhibit B of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), except that, with respect to the actions on Exhibit A, the Board's recommendation may be requested by the Member and YNHHSC consistent with Section 3.1(a) below. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the YNHHSC, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the rights reserved to the Member and YNHHSC to take the actions set forth in Exhibit A on behalf of and in the name of the Corporation, directly and without

the approval or the recommendation of the Board, YNHHSC (or the Member, acting on the direction of YNHHSC) expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board or the Member of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member and YNHHSC any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member or YNHHSC by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. Without limiting the generality of the foregoing, the Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff"), shall hold the Medical Staff responsible for recommendations concerning medical matters, and shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges (directly or as delegated by the Board to the Patient Safety and Clinical Quality Committee in accordance with Section 5.4(b) of these Bylaws).

Further without limiting the generality of the foregoing, and subject to Section 2.2 and Exhibit A and Exhibit B of these Bylaws, the Board may:

(a) Make the following recommendations to the Member and YNHHSC:

(i) Recommend to the Member and YNHHSC the philosophy, mission and values of the Hospital and any changes thereto;

(ii) Recommend to the Member and YNHHSC the Corporation's strategic plans;

(iii) Recommend to the Member and YNHHSC the Corporation's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(iv) Recommend to the Member and YNHHSC the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the Corporation or any Affiliate;

(v) Recommend to the Member and YNHHSC the formation or acquisition by the Corporation of any Affiliates or any other new direct or indirect subsidiaries, joint ventures or affiliations;

(vi) Recommend to the Member and YNHHSC the introduction or termination of any services to be offered by the Corporation not otherwise included in an approved budget or a strategic or financial plan; and

(vii) Recommend to the Member and YNHHSC changes to the Corporation's Certificate of Incorporation and Bylaws.

(b) Make the following recommendations to the Member:

(i) Recommend to the Member approval of any consent decree or settlements from state and federal authorities;

(ii) Recommend to the Member nominations for and removal of Trustees of the Corporation; and

(iii) Recommend to the Member the appointment and evaluation of the President of the Corporation.

(c) Take the following actions:

(i) Annually assess the Corporation's performance against approved budgets, initiatives and strategic plans adopted by the Member and YNHHSC;

(ii) Except for the President of the Corporation, elect officers of the Board (following consultation with the Member's Nominating and Governance Committee in accordance with Section 4.2 of these Bylaws) and remove from office any officer (except for the President of the Corporation) with or without cause (in accordance with Section 4.4(b) of these Bylaws);

(iii) Approve any business transaction or contract that is not otherwise included in an approved budget or a strategic or financial plan, except for long-term or material agreements that require the approval of the Member and YNHHSC in accordance with Exhibit A;

(iv) Periodically assess the Corporation's Quality Initiatives, including tracking and reporting on the Hospital's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(v) Periodically assess the Corporation's Development Plans and its Planned Giving Plans;

(vi) Periodically assess the Corporation's Community Relations Initiatives and Community Outreach Programs;

(vii) Approve actions with respect to the privileges and credentials of members of the Corporation's medical staff in accordance with state and federal law, applicable accreditation standards, the Corporation's Medical Staff Bylaws and any System guidelines established by the Member, subject to the Board's delegation of authority to the Board Patient Safety and Clinical Quality Committee; and

(viii) Evaluate the Board's performance.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of

demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of YNHHSC (or his or her designee);

(ii) the President of the Member (if such person is not also concurrently serving as the President of the Corporation);

(iii) the President of the Corporation (if such person is not also concurrently serving as the President of the Member);

(iv) the President of the Medical Staff; and

(v) the Vice President of the Medical Staff.

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

(c) **Other Board Participants**. Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election by the Board as a Trustee Emeritus. A Trustee Emeritus shall have the privilege of attending meetings of the Board and shall have the privilege of the floor, but shall have no vote at meetings of the Board and shall not be counted in determined a quorum thereof.

Section 3.3 Number. The Board shall consist of no fewer than six (6) nor more than twelve (12) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III and who are satisfactory to YNHHSC.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include one (1) physician on the Medical Staff who has previously held the position of President of the Medical Staff.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected

Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of YNHHSC at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of YNHHSC.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board

with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board. The Member shall remove an Elected Trustee at the direction of YNHHSC.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the trustee replaced.

Section 3.9 **Meetings**.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

Section 3.10 **Notice of Meetings**. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 **Waiver of Notice**. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 **Action by Unanimous Written Consent**. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 Officers. The officers of the Corporation shall consist of a President, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be selected from among members of the Board of Trustees. The offices of the President, the Chair and the Treasurer shall be held by different individuals.

Section 4.2 Election and Term of Office. The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee of the Member and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 Powers. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President.** The President of the Corporation shall be appointed by the Member, following consultation with the Board and with the approval of YNHHSC. The appointed President shall serve at the pleasure of the Member and YNHHSC.

The President shall be a person who in the judgment of the Member and YNHHSC has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, Corporation personnel, YNHHSC and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to

such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board and with the approval of YNHHSC.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President of the Member (or his or her designee) as well as to the Board.

(b) **Chair**. The Chair of the Board shall preside at meetings of the Board and shall be a voting member of all committees except the Governance Committee. The Chair shall perform such other duties as the Board may from time to time prescribe.

(c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member at the direction of YNHHSC following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3(a).

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings.** Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Executive Committee.** The Executive Committee shall consist of the President, the Chair, the Secretary, the Treasurer, the President of the Member (if such person is not also concurrently serving as the President of the Corporation), a member of the Board selected by YNHHSC, and any other member of the Board that the Board may choose to appoint. The Chair shall serve as the chair of the Executive Committee. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Patient Safety and Clinical Quality Committee**. The Patient Safety and Clinical Quality Committee shall have such duties as are delegated to it by the Board. These duties include authority to render decisions in cases of uncontested medical staff appointments, reappointments, and renewals or modifications of clinical privileges. The Patient Safety and Clinical Quality Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of high quality, effective care. Other delegated duties may be set forth in the Medical Staff Bylaws. The Patient Safety and Clinical Quality Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration. To the extent that such committee engages in peer review activity, such committee shall function as a "peer review committee" within the meaning of that term as set forth in Chapter 368a of the Connecticut General Statutes, as amended from time to time.

Section 5.5 Other Committees. The Board may establish and appoint ad-hoc committees from time to time as the Board may deem necessary to carry out special fund raising events or other initiatives of the Board. Such committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and chairs of each such committee shall be appointed by the Board, and each such committee shall consist of at least one (1) Trustee and two (2) other individuals who may or may not be Trustees. Each such committee shall be chaired by a Trustee of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

Section 5.6 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Nonstock Act related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by either (i) the Member or (i) a majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer

than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Auxiliary**. There may be an auxiliary organized to further the purposes and interests of the Corporation (the "Auxiliary"). The Auxiliary shall have the authority, subject to the review and approval of the Board, to adopt and amend bylaws for its operations which shall state its purpose, duties and organization.

Section 8.5 **Department Chairs**. The Corporation shall consult with YNHHSC regarding the recruitment and selection of all Department Chairs or other comparable positions at the Corporation and/or any of its Affiliates.

ARTICLE IX. AMENDMENTS

Except as otherwise provided by the Certificate of Incorporation or by law, and subject to approval by YNHHSC, these Bylaws may be amended, altered, or repealed by the Member.

EXHIBIT A

Actions Requiring Approval of the Member and YNHHSC

Notwithstanding anything in these Bylaws to the contrary, the following actions may only be taken upon the approval of the Member and YNHHSC, without the approval of the Board of this Corporation:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate or the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by YNHHSC by a specified dollar amount to be determined from time to time by YNHHSC;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by YNHHSC, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. YNHHSC shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate;

K. Adoption of safety and quality assurance policies not in conformity with policies established by YNHHSC;

L. Oversee the Corporation's management and investment of its permanent and temporarily restricted funds;

M. Approve any voluntary change to the federal income tax exemption granted by the IRS to the Corporation under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended;

N. Initiate or consent to any form of insolvency proceeding undertaken by the Corporation or any direct or indirect subsidiary of the Corporation;

O. Approve any change in the name of the Corporation, and establish advertising, marketing and promotional policies applicable to the Corporation; and

P. Appointment of the President of this Corporation consistent with Section 4.3(a).

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member or YNHHSC pursuant to these Bylaws and the Bylaws of the Member and of YNHHSC.

EXHIBIT B

Direct Authority Retained by YNHHSC

Notwithstanding anything in these Bylaws to the contrary, YNHHSC (or, where required by law, the Member acting at the direction of YNHHSC) retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by YNHHSC in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to YNHHSC or as otherwise directed by YNHHSC; and

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate,

Other Major Activities

A. In addition, YNHHSC shall have the authority, except as otherwise provided by YNHHSC and after consultation with the Member, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that YNHHSC determines to be "major activities."

B. "Major activities" shall be those which YNHHSC by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to the Member, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of YNHHSC, and shall refer to this Bylaw provision granting such approval rights to YNHHSC. Notices received pursuant to this section shall be recorded in the minutes of the Member and of this Corporation, and shall be filed with the minutes of the Member and of this Corporation.

AMENDED AND RESTATED BYLAWS
OF
LMW HEALTHCARE, INC.
d/b/a The Westerly Hospital

ARTICLE I

Role and Purpose of the Hospital; Member

Section 1.01 Role and Purpose of the Hospital. LMW Healthcare, Inc. (the "Hospital") shall be organized and operated exclusively for charitable purposes within the meaning of the Internal Revenue Code of 1986, as now in effect or as may hereafter be amended (the "Code"). The Corporation shall not conduct or carry on any activities not permitted to be conducted or carried on by an organization exempt under Section 501(c)(3) of the Code. The role and purpose of the Corporation shall include the following:

a. To establish, maintain and carry on an institution within the health care delivery system (the "System") administered by Lawrence + Memorial Corporation, with permanent facilities for inpatients and ambulatory patients, with medical services to provide diagnosis and treatment, to carry on all associated services, and to assure that there is no unlawful discrimination under any program or in any facility of the Hospital;

b. To participate, so far as circumstances may warrant, in any activity designed and carried on to promote the general health needs of the community;

c. To conduct and participate in educational and scientific research activities related to providing care to the sick and injured, to the promotion of health, or to the development of personnel in the health professions or occupations, which, in the opinion of the Board of Directors may be justified and supported by the facilities, personnel, funds or other requirements that are or can be made available; and

d. To engage in any lawful act or activity for which a corporation may be organized under the Rhode Island Revised Nonprofit Corporation Act (the "Act"), as now in effect and as the same may be amended from time to time.

Section 1.02 Member; Lawrence + Memorial Corporation. The Hospital shall have but one (1) member, Lawrence + Memorial Corporation (the " Member"), which shall elect the Board of Directors of the Hospital (also referred to in these Bylaws as the Board or Board of Directors), adopt, amend and repeal these Bylaws, and have all of the other rights, powers and privileges usually or by law accorded to the members of a nonprofit federally tax-exempt corporation and not conferred by the Certificate of Incorporation or these Bylaws on the Board of Directors of the Hospital. In addition to any other rights, powers and privileges as it may have by law or under the Certificate of Incorporation, the Member shall have the right and power to:

(a) Approve the philosophy, mission and values of the Hospital and any change thereto;

(b) Adopt strategic plans for the Hospital;

(c) Approve the Hospital's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(d) Approve the formation or acquisition by the Hospital of any new direct or indirect subsidiaries, joint ventures or affiliations;

(e) Approve the Certificate of Incorporation, Bylaws and other governance documents of the Hospital, and any amendments thereto or restatements thereof;

(f) Approve all core competencies and qualifications required for selection of the Hospital's Directors;

(g) In consultation with and upon recommendation of the Board, appoint all Directors of the Hospital, and remove, with or without cause all Directors or board officers of the Hospital;

(h) In consultation with and upon recommendation of the Board, appoint and remove, determine the compensation for, and conduct the evaluation of, the President and Chief Executive Officer of the Hospital (the "President and CEO");

(i) Select and approve any auditor of the annual audited financial statements for the Hospital;

(j) Approve any accounting or debt management programs, establish any debt limits under such programs, approve any variances from such programs or limits for the Hospital, and incur or assume any debt on behalf of the Hospital;

(k) Approve the incurrence of debt or financing by the Hospital, other than credit purchases of goods or services in the ordinary course of business, except as included in approved capital or operating budgets;

(l) Oversee the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds;

(m) Approve any voluntary change to the federal income tax exemption granted by the IRS to the Hospital under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code");

(n) Initiate or consent to any form of insolvency proceeding undertaken by the Hospital or any direct or indirect subsidiary of the Hospital;

(o) Approve all projects, agreements or transactions undertaken by the Hospital involving the expenditure of funds or divestiture of assets in excess of $250,000 and not otherwise included in an approved budget;

(p) Approve the services offered by the Hospital, new service lines or termination of existing service lines not otherwise included in an approved budget or a strategic or financial plan;

(q) Approve any sale, lease, transfer, or substantial change in the use of all or substantially all of the assets of the Hospital or any direct or indirect subsidiary of the Hospital;

(r) Approve any merger, consolidation, restructuring, change in corporate ownership, dissolution, or liquidation of the Hospital or any direct or indirect subsidiary of the Hospital;

(s) Approve the acquisition of any real estate or any significant lease arrangement by the Hospital, except as otherwise included in a strategic or financial plan or approved budget;

(t) Approve any management contract or outsourcing arrangement for the Hospital which would substantially impact or alter its operations; and

(u) Approve any change in the primary business name or logo of the Hospital.

Section 1.03 Manner of Action by Member. Any action permitted or required of the Member by law, the Certificate of Incorporation or these Bylaws may be taken by vote of its

board of directors, or by or through any person or persons designated by either its bylaws or its board of directors to act on its behalf. Except as provided in Section 2.05 of these Bylaws, any such action may also be taken without a meeting by written communication of a duly authorized representative of the Member acting within the limits of his/her authority. Any such action by the Member or its duly authorized representative shall be filed with the Secretary of the Hospital. Whenever approval by the Member is required by law, the Certificate of Incorporation or these Bylaws, the Member shall attempt to act on a request for approval within the timeframe set forth in any schedule that may be developed from time to time, or if no such schedule exists, in a timely manner.

ARTICLE II

Board of Directors

Section 2.01 Composition. Following the first annual meeting (as set forth in Section 3.01 below) or at such earlier time as determined in the discretion of the initial Board of Directors, the Board of Directors shall consist of not less than three (3) nor more than eleven (11) Directors, such number within the variable range to be determined by the Member at its annual meeting. At all times, up to five (5) of these Directors shall serve ex-officio: the President and CEO, the President and Chief Executive Officer of the Member (if such individual is not also concurrently serving as the Hospital's President and CEO), the President of the Medical Staff; the Vice President of the Medical Staff; and a representative-at-large of the Medical Staff who ordinarily shall be the immediate past President or a former President of the Medical Staff (the "Ex-Officio Directors"). The remainder of the Directors, the "Elected Directors," shall be members of the Member and elected by the Member in accordance with these Bylaws. The Elected Directors shall be divided into three (3) groups, so that approximately one-third (1/3) of the Directors shall have terms that expire annually. The Elected Directors and the Ex-Officio Directors are together referred to in these Bylaws as the "Directors."

Section 2.02 Election and Terms. Elected Directors shall be elected by the Member at its annual meeting from a slate of nominees prepared by its Governance Committee. No other nominations shall be permitted. Except as provided otherwise in these Bylaws, Elected

Directors shall serve a term of three (3) years, or until their resignation, removal or death. The Member may elect Directors to serve one-year or two-year terms in order to achieve the groupings required by Section 2.01 of these Bylaws.

Section 2.03 Tenure. An Elected Director shall be eligible for election to three (3) consecutive three-year terms. For the purposes of determining eligibility for re-election, an Elected Director who has served more than one and one-half (1 ½) years of a three-year term shall be deemed to have served a full term. An Elected Director may be re-elected for a fourth consecutive term if the Director is also elected as an officer at the beginning of such fourth term. After serving the maximum time permitted under this Section, an Elected Director may be re-elected to the Board only after the Director has been off the Board for a period of at least one (1) year.

Section 2.04 Resignation. An Elected Director may resign at any time by delivering written notice to the Secretary of the Hospital. The resignation shall be effective when the notice is delivered, unless the notice specifies a later effective date. If an Ex-Officio Director resigns or is removed from the position from which his or her ex-officio status derives, the Ex-Officio Director will immediately and automatically cease to be a Director without further action by the Board or the Member.

Section 2.05 Removal. An Elected Director may be removed by the affirmative vote of the Member at a meeting of the Member's board of directors. The notice of such meeting shall state that the purpose or one of the purposes of the meeting is removal of the Elected Director.

Section 2.06 Vacancies. A vacancy of an Elected Director may be filled by the Member or the Board at any regular or special meeting. If filled by the Board, the individual elected to fill the vacancy shall serve until the next meeting of the Member at which Directors are elected.

Section 2.07 Duties and Responsibilities. Subject to the rights, powers and privileges accorded to the Member in the Certificate of Incorporation, these Bylaws, or by law, the Board shall manage and direct the business, property, and affairs of the Hospital. The Board of Directors shall exercise all of the powers of the Hospital in accordance with these Bylaws. Without limiting the foregoing, the Board shall have the power to:

(a) Develop and recommend to the Member the philosophy, mission and values of the Hospital and any changes thereto;

(b) Develop and recommend to the Member the Hospital's strategic plans;

(c) Develop and recommend to the Member the Hospital's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(d) Annually assess the Hospital's performance against approved budgets, initiatives and strategic plans adopted by the Member;

(e) Recommend to the Member the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the Hospital or any direct or indirect subsidiary of the Hospital;

(f) Recommend to the Member the formation or acquisition by the Hospital of any new direct or indirect subsidiaries, joint ventures or affiliations;

(g) Recommend to the Member the introduction or termination of any services to be offered by the Hospital not otherwise included in an approved budget or a strategic or financial plan;

(h) Approve any consent decree or settlements from state and federal authorities, following consultation with the Member;

(i) Recommend to the Member changes to the Hospital's Certificate of Incorporation and Bylaws;

(j) Recommend to the Member nominations for and removal of Directors of the Hospital;

(k) Elect officers of the Board, and recommend to the Member the removal of any officer of the Board;

(l) Recommend to the Member the selection, evaluation and compensation of the President and CEO;

(m) Approve business transactions or material contracts, subject to the rights of the Member set forth in Section 1.02, not otherwise included in an approved budget or a strategic or financial plan;

(n) Approve any incurrence or assumption of debt by the Hospital in accordance with the guidelines for accounting and debt management programs established by the Member;

(o) Periodically assess the Hospital's Quality Initiatives, including tracking and reporting on the Hospital's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(p) Periodically assess the Hospital's policies and programs to assure corporate and regulatory compliance, including all required state and federal license and generally recommended accreditations and certifications;

(q) Periodically assess the Hospital's policies and programs relating to human relations and labor relations;

(r) Periodically assess the Hospital's Development Plans and its Planned Giving Plans;

(s) Periodically assess the Hospital's Community Relations Initiatives and Community Outreach Programs;

(t) Plan and implement policies and programs relating to the Hospital's use, management and investment of its permanent and temporarily restricted endowment funds, annual appeal funds, and net proceeds from special fundraising events;

(u) Approve actions with respect to the privileges and credentials of members of the Hospital's medical staff in accordance with state and federal law, applicable accreditation standards, the Hospital's Medical Staff Bylaws and any System guidelines established by the Member;

(v) Evaluate the Board's performance; and

(w) Recommend to the Member the appointment and removal of the President and CEO.

Section 2.08 Compensation. The Directors shall serve without compensation for their services as Directors but may be reimbursed by the Hospital for their reasonable expenses and disbursements in that capacity on behalf of the Hospital.

Section 2.09 Directors Emeriti. In its discretion, the Member may appoint Directors Emeriti. To be eligible for appointment, an individual shall have contributed lengthy and exemplary service to the Hospital as a Director. From time to time, Directors Emeriti may be invited to attend Board meetings, but shall not vote or be counted towards a quorum. Individuals appointed as Directors Emeriti shall retain such appointments for life.

ARTICLE III
Meetings of the Board of Directors

Section 3.01 Annual and Regular Meetings. The annual meeting of the Board shall be held in the month of December on a date to be fixed by the Chair from year to year, unless the Chair shall designate a different date for the annual meeting of the Board. The transaction of business at the annual meeting shall be unlimited except as otherwise specified in these Bylaws. There shall be up to twelve (12) regular meetings of the Board per fiscal year, with a schedule of such meetings to be adopted by resolution of the Board.

Section 3.02 Notice of Annual and Regular Meetings. The Secretary shall give notice of the date, time and place of the annual meeting and each regular meeting of the Board by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person to each Director at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule approved by the Board.

Section 3.03 Special Meetings. Special meetings may be called at any time by the Chair, and shall be called by the Chair within seven (7) days of receipt of the written request of any three (3) Directors. Notice of the date, time, place and purpose of a special meeting shall be given to each Director by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty-four (24) hours before the scheduled

time of the meeting and no business shall be transacted at such meeting other than that specifically set forth in the notice.

Section 3.04 Quorum; Vote Required for Action. A majority of all Directors shall constitute a quorum at all meetings of the Board. The affirmative vote of a majority of the Directors present at a meeting at which time a vote is taken shall be the act of the Board, unless the vote of a greater number is required by the Certificate of Incorporation, these Bylaws, or by law. Ex-officio Directors shall be counted in determining a quorum and shall be entitled to vote.

Section 3.05 Action Without Meeting. If all members of the Board consent in writing to any action taken or to be taken, the action shall be the same as if authorized at a meeting of the Board; all written consent(s) shall be included in the corporate minutes or filed with the corporate records.

Section 3.06 Participation by Conference Telephone. Any member of the Board may participate in a meeting by means of a conference telephone or similar communications equipment enabling all members of the Board participating in the meeting to hear one another, and such participation shall constitute presence in person at such meeting.

Section 3.07 Agenda and Records of Meetings. There shall be a written agenda for each meeting of the Board, and minutes of each meeting shall be prepared and submitted to the Board for approval by the Secretary or a delegate. Minutes shall reflect attendance at the meeting, and shall be dated, signed and maintained in the corporate records following approval.

Section 3.08 Executive Session. The Board of Directors shall meet in executive session at least once during each fiscal year and may meet in executive session at such other times as the Chair may designate. An executive session may be held during any regular or special meeting of the Board and shall be attended only by Directors and other persons invited by the Chair for all or any portion of the executive session, provided that Directors

who are employees of the Hospital may at the discretion of the Chair be excluded from all or any portion of an executive session.

ARTICLE IV
Officers

Section 4.01 Officers. The officers shall be a Chair, the President and CEO, a Secretary, a Treasurer, and such other officers as may from time to time be designated by the Board. The Chair, Secretary and Treasurer shall be chosen from the members of the Board and the Chair must qualify as an independent member of the Board under applicable IRS and Corporation guidelines. The offices of Chair, President and CEO and Secretary shall be held by different individuals.

Section 4.02 Election. The officers except for the President and CEO shall be chosen by the Board at its annual meeting, and shall hold office until the next annual meeting.

Section 4.03 Vacancies. Any vacancy occurring in any office shall be filled promptly by the Board at any Board meeting.

Section 4.04 Removal. Any officer may be removed with or without cause by the Member at any meeting of the board of directors of the Member, provided that the notice of the meeting specifically states that the purpose or one of the purposes of the meeting is removal of the officer.

Section 4.05 Duties. The duties of the officers shall be as follows:

a. Chair. The Chair or in the Chair's absence a Director who is the Chair's delegate or who is appointed by the Board shall preside at all meetings of the Board and shall perform other duties incident to the office or delegated by the Board or these Bylaws. The Chair shall be an ex-officio member of all committees.

b. President and CEO. The President and CEO shall be the chief executive officer of the Hospital and shall perform such other duties incident to that office or delegated by the Member, the Board or these Bylaws. The Hospital's President and CEO shall be an ex-officio member of all committees established by the Board. The Member shall appoint the President and CEO, who shall serve until his or her death, resignation, disability, or removal in accordance with these Bylaws.

c. Secretary. The Secretary shall maintain the minutes of the meetings of the Board in the corporate records; give or cause to be given all notices required by these Bylaws or by law; serve as custodian of the Board's records; make such records available to the Board upon its request; and perform all other duties incident to the office or delegated by the Board or these Bylaws.

d. Treasurer. The Treasurer shall supervise the receipt and custody of the Hospital's funds and investments; render a full account and statement of the condition of the Hospital's finances at each annual meeting of the Board and at such other times as requested by the Board; and perform other duties incident to the office or as may be delegated by the Board or these Bylaws.

e. Other Officers: The Board may from time to time appoint an Assistant Treasurer, Assistant Secretary or any such other officers as the Board may deem necessary or advisable for the efficient operation of the Corporation's affairs, each of whom shall hold office for such period, have such authority and perform such duties as the Board of Directors may from time to time determine.

ARTICLE V
President and CEO

Section 5.01 Appointment. The Member shall appoint a President and CEO in accordance with these Bylaws. Other executive management staff shall be appointed by the President and CEO with the approval of the Board. The removal of the President and CEO shall be at the discretion of the Member.

Section 5.02 Qualifications for the President and CEO. The Board shall develop and recommend to the member a criteria-based process for selecting a President and CEO. Among other criteria, education and relevant experience are important qualifications. The Board shall also develop and recommend to the Member any performance objectives, evaluations and compensation programs for the President and CEO. The President and CEO shall have the knowledge and skills necessary to perform the duties required of the Hospital's senior leader.

Section 5.03 Responsibilities of the President. The President and CEO shall be the chief executive officer of the Hospital. Subject to the powers expressly reserved to the Board or the Member, the President and CEO shall, in general, supervise and control all the business and affairs of the Hospital and shall have the power to sign, acknowledge and deliver on behalf of the Hospital all deeds, agreements and other formal instruments. If no Chair or Vice Chair has been appointed or in the absence of the Chair or Vice Chair, the President and CEO shall, in general, supervise and control all of the business and affairs of the Hospital, all deeds, agreements and other formal instruments. The President and CEO shall see that all orders and resolutions of the Board and of the committees of the Board are carried into effect. In general, he or she shall perform all duties incident to the office of President and CEO and such other duties as may from time to time be assigned to the President and CEO by these Bylaws, by the Board, or by the Member.

Section 5.04 Attendance at Meetings. The President shall attend all meetings of the Board unless excused by the Chair.

ARTICLE VI
Committees

Section 6.01 Generally. The Board may establish ad hoc committees from time to time as the Board may deem necessary to carry out special find raising events or other initiatives of the Board. Committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and chair of each committee shall be appointed by the Board, and each such committee shall consist of at least one (1) Director and two (2) other individuals who may or may not be Directors. Each committee established by the Board shall be chaired by a Director of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

Section 6.02. Committee Procedures. Notice of the date, time and location of a committee meeting shall be given to each member of such committee by mail, electronic mail, telecommunications, telephone, facsimile, delivery service or in person at least twenty-four (24) hours before the scheduled time of the meeting. Minutes shall be recorded of each meeting of the committee and submitted at the next regular meeting of the Board. The committee chair or the chair's designee shall make a full report of each meeting of the committee at the next meeting of the Board.

Section 6.03 Committees - Miscellaneous Provisions. The Chair may designate one or more officers of the Hospital to serve as ex-officio members of a committee. Each such committee shall adopt and follow rules and procedures for its organization and operation.

Section 6.04 "Medical Review Committees". Any committee or subcommittee referred to in or otherwise established in accordance with the provisions of these Bylaws, as well as the Board itself, when engaged in any peer review activity, is intended to be a "peer review board" within the meaning of that term as set forth in Rhode Island General Laws § 5-37-1, as may be amended from time to time.

ARTICLE VII
Medical Staff

Section 7.01 The Appointment and Governance of the Medical Staff. The Board shall appoint all members of the Hospital's Medical Staff, approve each member's delineated clinical privileges, and be responsible for the organization and activities of the Medical Staff. The Board shall adopt and from time to time review the bylaws and rules and regulations of the Medical Staff. The Board shall assure that the Medical Staff complies with such bylaws, rules and regulations, and shall have and regularly consult with a liaison of the Medical Staff.

Section 7.02 Recommendations of The Medical Staff Executive Committee. The Board shall accept and review, for possible adoption by the Board, specific recommendations from the Medical Staff executive committee, made in accordance with the provisions of the Medical Staff bylaws, and relating to:

a. The structure of the Medical Staff;

b. The process designed for reviewing credentials and delineating individual clinical privileges;

c. Recommendations for Medical Staff membership;

d. The organization of the Medical Staff's performance-improvement activities, as well as the process designed for conducting, evaluating and revising such activities;

e. The process by which Medical Staff membership may be terminated; and

f. The fair-hearing process.

ARTICLE VIII

Conflict of Interest; Confidentiality

Section 8.01 "Conflict of Interest" Defined; Conflict of Interest and Confidentiality Policies. The Board expects the Directors to exercise good judgment and follow high ethical standards. Individuals serving the Hospital should never permit private interests to conflict in any way with their obligations to the Hospital and to any entities affiliated with the Hospital. In addition, all Directors must honor the confidential nature of Hospital information and strive to maintain its confidentiality. To this end, from time to time the Board shall adopt a Conflict of Interest Policy and a Confidentiality Policy; such policies

shall be as effective as if they were part of these Bylaws. These policies shall be consistent with requirements of state law, the law of tax-exempt organizations, and the requirements of the Joint Commission on the Accreditation of Healthcare Organizations, and shall address, among other things: the definition of "confidential materials" and "related persons"; disclosure by Board members; the purchase of goods and services; compensation decisions; and procedures to implement and enforce these policies.

ARTICLE IX

Amendments

Section 9.01 Amendments. Except as otherwise provided by the Certificate of Incorporation, or by law, the Member may adopt, amend or repeal these Bylaws.

ARTICLE X

Miscellaneous

Section 10.01. Principal Office. The principal office of the Hospital shall be located in Westerly, Rhode Island.

Section 10.02. Waivers of Notice. Whenever any notice of time, place, purpose or any other matter, including any special notice or form of notice, is required or permitted to be given to any person by law or under the provisions of the Certificate of Incorporation or these Bylaws, or of a resolution of the Member or the Board, a written waiver of notice signed by the person or persons entitled to such notice, whether before or after the time stated therein, shall be equivalent to the giving of such notice. The Secretary of the Hospital shall cause any such waiver to be filed with or entered upon the records of the Hospital or, in the case of a waiver of notice of a meeting, the records of the meeting. The attendance of any person at or participation in a meeting waives any required notice to that person of the meeting unless at the beginning of the meeting, or promptly upon the person's arrival, the person objects to the holding of the meeting or the transacting of business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

Adopted by the Board of Directors of

Lawrence + Memorial Corporation as of November 26, 2012.

LMW HEALTHCARE, INC. D/B/A WESTERLY HOSPITAL
AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 **Name**. The name of the corporation is **LMW Healthcare, Inc.** (the "Corporation"). The Corporation shall conduct business under the name "Westerly Hospital."

Section 1.2 **General Purposes**. The purposes of the Corporation shall be as set forth in the Corporation's Articles of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Articles of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 **Member**. The Corporation shall have a single member, Lawrence + Memorial Corporation (the "Member").

Section 2.2 **Rights, Powers and Privileges**. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Rhode Island nonprofit corporation under the Rhode Island Nonprofit Corporation Act as may be amended from time to time (the "Act") and not conferred thereby or by the Articles of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws. If and to the extent that actions by the Member cannot be taken without the approval of the sole member of the Member, Yale-New Haven Health Services Corporation ("YNHHSC"), or actions have been reserved to YNHHSC, the Member may take such actions only as directed by YNHHSC.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A or Exhibit B of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), except that, with respect to the actions on Exhibit A, the Board's recommendation may be requested by the Member and YNHHSC consistent with Section 3.1(a) below. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the YNHHSC, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the rights reserved to the Member and YNHHSC to take the actions set forth in Exhibit A on behalf of and in the name of the Corporation, directly and without

the approval or the recommendation of the Board, YNHHSC (or the Member, acting on the direction of YNHHSC) expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board or the Member of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member and YNHHSC any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member or YNHHSC by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. Without limiting the generality of the foregoing, the Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff"), shall hold the Medical Staff responsible for recommendations concerning medical matters, and shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges (directly or as delegated by the Board to the Patient Safety and Clinical Quality Committee in accordance with Section 5.4(b) of these Bylaws).

Further without limiting the generality of the foregoing, and subject to Section 2.2 and Exhibit A and Exhibit B of these Bylaws, the Board may:

(a) Make the following recommendations to the Member and YNHHSC:

(i) Recommend to the Member and YNHHSC the philosophy, mission and values of the Corporation and any changes thereto;

(ii) Recommend to the Member and YNHHSC the Corporation's strategic plans;

(iii) Recommend to the Member and YNHHSC the Corporation's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(iv) Recommend to the Member and YNHHSC the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the Corporation or any Affiliate;

(v) Recommend to the Member and YNHHSC the formation or acquisition by the Corporation of any Affiliates or any other new direct or indirect subsidiaries, joint ventures or affiliations;

(vi) Recommend to the Member and YNHHSC the introduction or termination of any services to be offered by the Corporation not otherwise included in an approved budget or a strategic or financial plan; and

(vii) Recommend to the Member and YNHHSC changes to the Corporation's Certificate of Incorporation and Bylaws.

(b) Make the following recommendations to the Member:

(i) Recommend to the Member approval of any consent decree or settlements from state and federal authorities;

(ii) Recommend to the Member nominations for and removal of Trustees of the Corporation; and

(iii) Recommend to the Member the appointment and evaluation of the President of the Corporation.

(c) Take the following actions:

(i) Annually assess the Corporation's performance against approved budgets, initiatives and strategic plans adopted by the Member and YNHHSC;

(ii) Except for the President of the Corporation, elect officers of the Board (following consultation with the Member's Nominating and Governance Committee in accordance with Section 4.2 of these Bylaws) and remove from office any officer (except for the President of the Corporation) with or without cause (in accordance with Section 4.4(b) of these Bylaws);

(iii) Approve any business transaction or contract that is not otherwise included in an approved budget or a strategic or financial plan, except for long-term or material agreements that require the approval of the Member and YNHHSC in accordance with Exhibit A;

(iv) Periodically assess the Corporation's Quality Initiatives, including tracking and reporting on the Corporation's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(v) Periodically assess the Corporation's Development Plans and its Planned Giving Plans;

(vi) Periodically assess the Corporation's Community Relations Initiatives and Community Outreach Programs;

(vii) Approve actions with respect to the privileges and credentials of members of the Corporation's medical staff in accordance with state and federal law, applicable accreditation standards, the Corporation's Medical Staff Bylaws and any System guidelines established by the Member, subject to the Board's delegation of authority to the Board Patient Safety and Clinical Quality Committee; and

(viii) Evaluate the Board's performance.

Section 3.2 **Composition**. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of YNHHSC (or his or her designee);

(ii) the President of the Member (if such person is not also concurrently serving as the President of the Corporation);

(iii) the President of the Corporation (if such person is not also concurrently serving as the President of the Member);

(iv) the President of the Medical Staff; and

(v) the Vice President of the Medical Staff.

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

(c) **Other Board Participants**. Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election by the Board as a Trustee Emeritus. A Trustee Emeritus shall have the privilege of attending meetings of the Board and shall have the privilege of the floor, but shall have no vote at meetings

of the Board and shall not be counted in determined a quorum thereof.

Section 3.3 Number. The Board shall consist of no fewer than six (6) nor more than twelve (12) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III and who are satisfactory to YNHHSC.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include one (1) physician on the Medical Staff who has previously held the position of President of the Medical Staff.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such

determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of YNHHSC at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of YNHHSC.

Section 3.6 Resignation. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 Removal. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board. The Member shall remove an Elected Trustee at the direction of YNHHSC.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing.

Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 **Waiver of Notice**. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 **Action by Unanimous Written Consent**. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 **Participation by Conference Call**. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 **Quorum and Voting**. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 **Officers**. The officers of the Corporation shall consist of a President, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be selected from among members of the Board of Trustees. The offices of the President, the Chair and the Treasurer shall be held by different individuals.

Section 4.2 **Election and Term of Office**. The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee of the Member and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 **Powers**. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President**. The President of the Corporation shall be appointed by the Member, following consultation with the Board and with the approval of YNHHSC. The appointed President shall serve at the pleasure of the Member and YNHHSC.

The President shall be a person who in the judgment of the Member and YNHHSC has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, Corporation personnel, YNHHSC and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board and with the approval of YNHHSC.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President of the Member (or his or her designee) as well as to the Board.

(b) **Chair**. The Chair of the Board shall preside at meetings of the Board and shall be a voting member of all committees except the Governance Committee. The Chair shall perform such other duties as the Board may from time to time prescribe.

(c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member at the direction of YNHHSC following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3(a).

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings**. Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Executive Committee**. The Executive Committee shall consist of the President, the Chair, the Secretary, the Treasurer, the President of the Member (if such person is not also concurrently serving as the President of the Corporation), a member of the Board selected by YNHHSC, and any other member of the Board that the Board may choose to appoint. The Chair shall serve as the chair of the Executive Committee. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Patient Safety and Clinical Quality Committee**. The Patient Safety and Clinical Quality Committee shall have such duties as are delegated to it by the Board. These duties include authority to render decisions in cases of uncontested medical staff appointments, reappointments, and renewals or modifications of clinical privileges. The Patient Safety and Clinical Quality Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of high quality, effective care. Other delegated duties may be set forth in the Medical Staff Bylaws. The Patient Safety and Clinical Quality Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration. To the extent that such committee engages in peer review activity, such committee shall function as a "peer review board" for the purposes set forth in R.I. Gen. Laws § 23-17-25(a), as amended from time to time.

Section 5.5 Other Committees. The Board may establish and appoint ad-hoc committees from time to time as the Board may deem necessary to carry out special fund raising events or other initiatives of the Board. Such committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and chairs of each such committee shall be appointed by the Board, and each such committee shall consist of at least one (1) Trustee and two (2) other individuals who may or may not be Trustees. Each such committee shall be chaired by a Trustee of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

Section 5.6 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees to the full extent permitted by law.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Act related to disclosure and approval of transactions that present a conflict of interest.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Auxiliary**. There may be an auxiliary organized to further the purposes and interests of the Corporation (the "Auxiliary"). The Auxiliary shall have the authority, subject to the review and approval of the Board, to adopt and amend bylaws for its operations which shall state its purpose, duties and organization.

Section 8.5 **Department Chairs**. The Corporation shall consult with YNHHSC regarding the recruitment and selection of all Department Chairs or other comparable positions at the Corporation and/or any of its Affiliates.

ARTICLE IX. AMENDMENTS

Except as otherwise provided by the Articles of Incorporation or by law, and subject to approval by YNHHSC, these Bylaws may be amended, altered, or repealed by the Member.

EXHIBIT A

Actions Requiring Approval of the Member and YNHHSC

Notwithstanding anything in these Bylaws to the contrary, the following actions may only be taken upon the approval of the Member and YNHHSC, without the approval of the Board of this Corporation:

A. Merger, consolidation, reorganization or dissolution of this Corporation or any Affiliate or the creation or acquisition of an interest in any corporate entity, including joint ventures;

B. Amendment or restatement of the Mission, Certificate of Incorporation or the Bylaws of this Corporation or any Affiliate, or any new or revised "doing business as" name;

C. Adoption of operating and cash flow budgets of the Corporation or any Affiliate, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

D. Adoption of capital budgets and capital allocations of this Corporation or any Affiliate (pursuant to the authority delegated to this Corporation by YNHHSC to adopt such budgets within parameters established by YNHHSC);

E. Incurring aggregate operating or capital expenditures on an annual basis that exceed operating or capital budgets of the Corporation adopted by YNHHSC by a specified dollar amount to be determined from time to time by YNHHSC;

F. Long-term or material agreements including, but not limited to, equity financings, capitalized leases, operating leases and installment contracts; and purchase, sale, lease, disposition, hypothecation, exchange, gift, pledge or encumbrance of any asset, real or personal, with a fair market value in excess of a dollar amount to be determined from time to time by YNHHSC, which shall not be less than 10% of the total annual capital budget of this Corporation;

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

I. Approval of major new programs and clinical services of this Corporation or any Affiliate or discontinuation or consolidation of any such program. YNHHSC shall from time to time define the term "major" in this context;

J. Approval of strategic plans of this Corporation or any Affiliate;

K. Adoption of safety and quality assurance policies not in conformity with policies established by YNHHSC;

L. Oversee the Corporation's management and investment of its permanent and temporarily restricted funds;

M. Approve any voluntary change to the federal income tax exemption granted by the IRS to the Corporation under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended;

N. Initiate or consent to any form of insolvency proceeding undertaken by the Corporation or any direct or indirect subsidiary of the Corporation;

O. Approve any change in the name of the Corporation, and establish advertising, marketing and promotional policies applicable to the Corporation; and

P. Appointment of the President of this Corporation consistent with Section 4.3(a).

Nothing in these Bylaws shall be construed in a manner that is inconsistent with the authorities with respect to the Corporation that are reserved or retained by the Member or YNHHSC pursuant to these Bylaws and the Bylaws of the Member and of YNHHSC.

EXHIBIT B

Direct Authority Retained by YNHHSC

Notwithstanding anything in these Bylaws to the contrary, YNHHSC (or, where required by law, the Member acting at the direction of YNHHSC) retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

A. Adoption of targets for the annual operating and cash flow budgets of this Corporation and its Affiliates, including consolidated or combined budgets of this Corporation and all subsidiary organizations of the Corporation;

B. Adoption of targets for the annual capital budgets and capital allocations of this Corporation and any Affiliate;

C. Adoption of annual operating, cash flow and annual capital budgets for the Corporation and any Affiliate within the targets established by YNHHSC in the event of any failure of the Corporation to do so;

D. Issuance and incurrence of indebtedness on behalf of this Corporation;

E. Management and control of the liquid assets of this Corporation, including the authority to cause such assets to be funded to YNHHSC or as otherwise directed by YNHHSC; and

F. Appointment of the independent auditor for this Corporation and each Affiliate and the management of the audit process and compliance process and procedures for this Corporation and each Affiliate.

Other Major Activities

A. In addition, YNHHSC shall have the authority, except as otherwise provided by YNHHSC and after consultation with the Member, to require the prior review and approval of those activities of this Corporation or any subsidiary or affiliate entity that YNHHSC determines to be "major activities."

B. "Major activities" shall be those which YNHHSC by a vote of not less than two-thirds (2/3) of its Board of Trustees has declared major, by written notice to the Member, delivered personally or transmitted by registered or certified mail return receipt requested. Such notice shall specifically identify the matter or matters requiring approval of YNHHSC, and shall refer to this Bylaw provision granting such approval rights to YNHHSC. Notices received pursuant to this section shall be recorded in the minutes of the Member and of this Corporation, and shall be filed with the minutes of the Member and of this Corporation.

PURPOSE

The purpose of this Policy is to ensure that the business activities are conducted free from the influence of conflicts of interest (COI). A conflict of interest may exist when a "Covered Individual" (as defined below) is in a position to influence the business or other decisions of the Hospital in ways that could lead or appear to lead to the personal gain or advantage of such person, his or her "Family" (as defined below) or "Outside Affiliates" (as defined below).

APPLICABILITY

This policy shall apply to the Yale New Haven Health System (YNHHS), its parent and subsidiary corporations, its Delivery Network hospitals and each of their respective parent and subsidiary corporations, and each affiliated entity owned by or under common ownership and control with any of the foregoing ('The Hospital').

DEFINITIONS

Conflict of Interest (COI): A potential Conflict of Interest arises as a result of situations or circumstances whenever an individual's interests, such as professional obligations or judgment owed to the YNHHS and its constituencies are compromised by, or could be perceived as being compromised by, his or her leadership roles, secondary commitments or financial interests.

Board Representatives: A Board Representative refers to any Trustee/Director or Board Committee Member, as defined below within the definition of "Covered Individual."

Covered Individual: A Covered Individual refers to any of the following individuals (each of which is further defined below): Trustee/Director, Board Committee Member, Officer, Key Executive, Medical Staff Members, and Designated Employees. If an individual is a Covered

Individual with respect to any Hospital Entity, he/she is deemed a Covered Individual with respect to the Hospital as a whole. On an annual basis each Hospital shall identify those individuals who shall be designated as Covered Individuals.

- "Trustees/Directors" are voting members of the Hospital's Board of Trustees/Directors.
- "Board Committee Members" are voting members, of any Committee, of the Hospital's Board of Trustees or Board of Directors.
- "Officers" are elected or appointed officers of the Hospital.
- "Medical Staff Members" are all physicians and other licensed independent practitioners who have been appointed to the Hospital's Medical Staff through the Hospital's usual credentialing process.
- "Key Executives" are persons designated by the Chief Executive Officer of the Hospital, or his/her delegates, to have significant roles in the management or administration of the business of the Hospital.
- "Designated Employees" are those employees who are in a position to influence or make decisions of the Hospital and who have been designated as such by the Vice President of the Office of Privacy & Corporate Compliance. Designated Employees may include, but shall not be limited to, Managers, certain Physicians, staff in the departments of Procurement, Office of Privacy & Corporate Compliance (OPCC), Legal & Risk Services Department (LRSD), Center for Emergency Preparedness and Healthcare Solutions (CEPHS), Supply Chain, as well as other selected individuals system-wide.

  "Physicians" who are Covered Individuals in the category of Designated Employees may include those who (i) serve as clinical department directors, medical directors, chiefs, associate chiefs and/or (ii) serve on a clinical evaluation, pharmacy and therapeutics, or selection committee in support of the Hospital's supply chain management function.

Family: Family refers to a Covered Individual's spouse, parents, children, siblings, mothers- and fathers-in-law, close relatives, and any other person that resides in the same household.

Financial Interest: A financial interest does not include any; income, salary or remuneration in cash or in kind, benefits, gifts, honoraria, travel expense, goods or services received in the aggregate during a calendar year that does not exceed $359 (2011, plus adjustments for current years; or not to exceed Stark Law non-monetary compensation rate for the current year). Aggregate investments include whether in the form of debt, stock or other equity ownership, options or warrants to purchase stock, securities or similar with a value exceeding $10,000 or representing a five (5%) percent or greater interest in any entity, enterprise or trust; royalties on any patent or other intellectual property interests with a value exceeding $10,000, unless paid by YNHHS Financial Interest (excludes mutual funds or other equity funds in which the day-to-day control of investments is held by a person not subject to the YNHHS COI policy).

Outside Affiliate *(entity you are affiliated with)*: An Outside Affiliate refers to any person, corporation, partnership, or other organization with respect to which the Covered Individual or any member of his/her Family (1) is a director, trustee, officer, employee, member, or partner; or (2) has a significant financial or other interest.

Primary Commitment: The time, energy and loyalty that Covered Individuals are required to dedicate to the YNHHS.

Secondary Commitment: Activities that are not part of the Primary Commitment, which include but are not limited to employment, consulting or participation in outside businesses or organizations. The time, energy and loyalty Covered Individuals dedicate to outside Leadership Roles and other compensated or non-compensated extramural activities. Secondary Commitments do not include personal activities conducted on holidays, vacations and weekends.

Vendor: Any individual, business, partnership, corporation or other entity that sells or conveys goods/services to the YNHHS, or for the purchase/sale of goods/ services to, for, by YNHHS.

POLICY

Covered Individuals are required to ensure compliance with this policy and requirements for prior approval or prohibited activities included in a written contract between YNHHS, or affiliated entity, with the Covered Individual. It is a mandatory component of annual performance reviews to complete the COI process for covered individuals. Covered individuals must also update their COI disclosure form at the time any changes occur.

It is YNHHS policy that we will not conduct business with physician owned distributorships.

PROCEDURE

Disclosures of Trustees/Directors, Board Committee Members and Officers:

Upon appointment and on an annual basis thereafter the President/CEO for YNHHS, or their designee and for each Delivery Network will distribute a Disclosure Survey to Officers, Directors and members of Board-level Committees. The Disclosure Survey that is completed by Officers, Directors and members of Board-level Committees is designed to gather the information required by federal tax law for the preparation of the Internal Revenue Service Form 990, Return of Organization Exempt From Income Tax, disclosures of COI, and the information required by the Centers for Medicare and Medicaid Services for provider enrollment.

Disclosure Survey responses (upon appointment and annual) will be returned to the Legal and Risk Services Department (LRSD) and Office of Privacy and Corporate Compliance (OPCC) for initial analysis. The LRSD will then segregate Survey responses by System Entity, and will forward the responses to the President/CEO of the System Entity for which the individual serves as an officer or on whose Board or Board Committee the individual sits.

Interim Disclosure Statements will be returned directly to the President of the System Entity for which the individual serves as an officer or on whose Board or Board Committee the disclosing individual sits. The President/CEO will provide a summary of reported potential conflicts for review by the board of the relevant System Entity. The President will inform the Vice President of the OPCC of actions taken to manage or resolve a potential for COI. The President/CEO, or their designee, will permanently retain all documents related to the submitted Disclosure Survey in accordance with the YNHHS Document Retention and Disposition Policy.

Note: An employee who is also an Officer, Board Member or Board-level Committee member of YNHHS or a Delivery Network will follow the process for Board Member Disclosures and will not be required to complete a second Conflicts of Interest Disclosure Statement within Employee Self Service (ESS) unless directed otherwise. The Office of President will instruct Officers, Board Members and Board Committee members who are also employees to complete the Disclosure Survey in their capacity as both an employee and Officer or Board/Board Committee Member for YNHHS and its Delivery Networks.

Disclosures of Medical Staff Members:

Medical Staff Members who do not fall into another category of Covered Individuals pursuant to this Policy (and thus who are not subject to the Procedures described above or below) are obligated to complete the YNHHS Conflicts of Interest Disclosure Statement (located on the YNHHS intranet and available by request in the Medical Staff Office at such time as he/she becomes aware of an actual or potential Conflict of Interest as defined in this Policy. Completed Disclosure Statements must be promptly returned by the Medical Staff Member to the Medical Staff Office, which will review all disclosures and, together with the Chief Medical Officer and the Legal & Risk Services Department, will determine whether an action plan is appropriate consistent with the Procedures described in Procedure #3 below.

In addition, all Medical Staff Members are required to disclose Conflicts of Interest when requesting the purchase of any new product or drug to be purchased by YNHHS or any YNHHS affiliated Hospital on the *New Product Request Form* or the *Request for Admission of Drug to Hospital Formulary Form*.

Without limiting the foregoing, individuals who are Medical Staff Members of Yale-New Haven Hospital shall be required to respond to a series of Conflict of Interest questions as part of each individual's application for appointment and re-appointment to the Yale-New Haven Hospital Medical Staff. All such disclosures shall be reviewed by a representative from the Yale-New Haven Hospital Department of Physician Services, Legal & Risk Services and Office of the Chief Medical Officer. Potential conflicts are communicated to appropriate representatives from the Pharmacy & Therapeutics Committee and Operating Room Formulary Committee.

Disclosures of Key Executives and Designated Employees:

On an annual basis, the OPCC will distribute information and instructions to YNHHS Covered Individuals of their obligation to complete the annual Conflicts of Interest Disclosure Statement.

Managers will be notified of employee COIs, approve or request assistance with an action plan.

OPCC will review disclosures and share a summary with the COI Review Committee and any specific disclosers which require action plans. The Committee is composed of at least three (3) members and will be responsible for reviewing disclosures made by Covered Individuals (Non-Officers and Non-Board Members). Committee members collectively should have knowledge in financial investments, legal issues, ethics, and human subject research. The COI Committee is generally comprised of the VP of the OPCC, DN Compliance & Privacy Officer, a representative of the LRSD, as needed, the VP of Supply Chain Management (SCM) of the YNHHS, or their designee; or SVP Medical Affairs for the Delivery Network (as appropriate).

The COI Committee may ask that the Covered Individual provide additional information or discuss the matter with the COI Committee in person. The COI Committee will examine disclosed conflicts to assess the degree of risk, and the Covered Individual's ability to manage, reduce or eliminate any identified conflicts. The primary methods of controlling or managing, reducing or eliminating conflicts shall include:

a) Modifying the YNHHS employment responsibilities of the conflicted member(s);
b) Reducing or eliminating the conflict by removing, reducing or altering the Leadership Role, Secondary Commitment or Financial Interest (e.g., partial or full divestiture or sequestration of one or more Financial Interests, reduction of time spent in furtherance of one or more Leadership Roles or Secondary Commitment).
c) A written and agreed upon action plan to minimize the risk and ensure that all appropriate parties are informed.

In the event a Covered Individual disagrees with the COI Committee's decision related to the primary methods of controlling or managing, reducing or eliminating the conflict; the Covered Individual may request a meeting with the YNHHS EVP Strategy & System Development and the YNHHS SVP Human Resources to review the COI Committees decision. The YNHHS EVP Strategy & System Development and the YNHHS SVP Human Resources decisions are final.

Disclosures reviewed by the COI Committee that were determined to require either management or elimination of Conflicts of Commitment or Interest will be compiled and the conflict management actions taken in response will be reported to the YNHHS Corporate Compliance Committee, or the Compliance Committee of the affected Delivery Network.

The OPCC will retain documents related to the COI Disclosure Statement submitted by Covered Individuals in accordance with the YNHHS Document Retention and Disposition Policy.

Sample Relationships and Transactions which Require Disclosures:

Service as Board Member, Officer or Employee of a Competing Healthcare Institution: Covered Individuals shall not accept any position as a trustee, officer, or employee of, or paid consultant to, any healthcare system or institution that is in substantial competition with the Delivery Network without the approval of the Chief Executive Officer of the Delivery Network with which such Covered Individual is associated or such Delivery Network Compliance Committee.

Gifts and Entertainment: No Covered Individual shall accept gifts or entertainment from persons or entities that conduct business with the Delivery Network if the gifts or entertainment is for the purpose or perceived to influence business transactions with the Delivery Network. Gifts of cash or cash equivalents are never permissible. This policy is not intended to prohibit the exchange of social amenities or business courtesies that are consistent with good taste and reasonable judgment. Any acceptance of gifts or entertainment must be in accordance with the YNHHS Gifts and Gratuities Policy, and the YNHHS Gifts and Business Courtesies from vendors guidelines. Question as to whether a particular gift or entertainment would be appropriate may be directed to the VP of the Office of Privacy & Corporate Compliance.

Confidential and Inside Information: All Covered Individuals shall refrain from transmitting any knowledge, consideration, decision, or any other information that might be prejudicial to the interests of the Delivery Network to any person other than in connection with the Covered Individual's discharge of his/her responsibilities on behalf of the Delivery Network. The governing principle is that no material confidential information pertaining to the Delivery Network or its patients may be used for a Covered Individual's own or his/her Family's benefit nor shall a Covered Individual disclose such information to others for his/her/their personal use.

Use of Delivery Network Assets: Delivery Network credit purchasing power shall not be used to purchase goods and/or services for personal benefit or non-Delivery Network activities. Delivery Network facilities may be used only for Delivery Network related purposes, which may include community benefit activities, and educational functions.

Conflict of Commitment: Covered Individuals employed by the Delivery Network are expected to devote their primary professional loyalty, time, and energy to, as applicable, teaching, research, patient care, and service on behalf of or to the Delivery Network. Outside activities must be arranged so as not to interfere with the primacy of these commitments, and require notification to the appropriate manager and disclosed on the COI Disclosure form.

Paid Honoraria and Consultancy: Covered Individuals who are employees of the YNHHS are expected to obtain the prior approval of their manager in advance of receiving paid honoraria or consultancy and must disclose any such arrangements on the Annual Conflicts Disclosure form. When considering requests for approval of paid honoraria and consultancy for employed Covered Individuals, managers shall consider the risk of interference with the primacy of an employee's commitments to the Delivery Network, any potential for conflicts of interest, as well as any potential conflict with the Delivery Network Mission or Code of Conduct.

Disclosure of Individual Interest Prior to Approval of Transaction: A Covered Individual must promptly disclose his/her interest in, or connection with, a proposed transaction or other matter being presented for consideration or approval to the Delivery Network if the transaction or matter is of the type that would require disclosure on the Annual Disclosure form. The Covered Individual's disclosure and non-participation shall be recorded.

Audit: The OPCC may perform audits as needed.

Violations of the Conflict of Interest Policy: Appropriate and equitable corrective action will be taken concerning any activities considered to involve an inappropriate conflict of interest.

Questions: Any questions about this Policy or the completion of Annual Disclosure Statements may be directed to the Office of Privacy & Corporate Compliance at 203-688-8416.

ARTICLE I
GENERAL

1.1 Purpose. To facilitate the proper identification and management of conflicts of interest in order to protect L+M's interest and engender confidence in the ethical conduct and decision-making process at L+M.

1.2 Background. This Policy defines the principles governing the identification and resolution of conflicts of interest that involve L+M's Directors or Senior Management Employees. The principles of good corporate governance as well as state and federal law require that L+M's Directors and Senior Management Employees discharge their respective duties to L+M in good faith, consistent with their duties of loyalty and care to L+M, and guided solely by the best interests of L+M and its operations, programs, purposes and patients. The duties of loyalty and care require that their allegiance be uncompromised by outside interests.

Consequently, Directors and Senior Management Employees may not use their position with L+M for personal profit, gain or other personal advantage, participate in any decision that might affect any personal interest of the individual, or have any personal interest the promotion of which is fundamentally inconsistent with the best interests of L+M.

1.3 Applicable Laws. This Policy supplements but does not replace federal and state laws governing conflicts of interest that apply to L+M. It is L+M's responsibility to retain counsel/advisors to inform it of these laws and regulations and of any changes. Directors and Senior Management Employees are expected to fulfill their responsibilities and conduct their activities on L+M's behalf within the letter, spirit, and intent of applicable laws and regulations.

ARTICLE II
UNDERLYING DEFINITIONS

2.1 L+M. "L+M" means Lawrence + Memorial Corporation (d/b/a L+M Healthcare, hereinafter referred to as L+M Healthcare) and all Affiliates.

2.2 Affiliates. "Affiliates" means any tax-exempt entity that is controlled by, under common control with and/or affiliated with L+M Healthcare including, without limitation: Lawrence + Memorial Hospital, Westerly Hospital, L+M Medical Group, Associated Specialists of Southeastern Connecticut and Visiting Nurse Association of Southeastern Connecticut.

2.3 Board. "Board" means the Board of Directors (and any committee thereof which is acting in lieu of the Board) of L+M Healthcare or any Affiliate, as applicable and relevant to the respective Director and/or Senior Management Employee.

2.4 Chair. "Chair" means the chairperson of the relevant and applicable Board.

2.4 Director. "Director" means a Director on the relevant and applicable Board. "Director" expressly includes ex-officio directors who serve on a Board.

2.5 Senior Management Employee. "Senior Management Employee" means:

- Any principal officers which include, the president and chief executive officer ("CEO"), chief operating officer, chief financial officer, vice presidents, and employees serving as an officer of any Affiliate. Any member of a committee with Board delegated powers;
- Any employee of L+M Healthcare or an Affiliate meeting the definition of Key Employees as defined for purposes of reporting on any Form 990 filed by L+M; or
- Other management personnel so designated from time-to-time by the CEO of L+M Healthcare or an Affiliate.

2.6 Key Person. "Key Person" means each Director or Senior Management Employee.

2.7 Financial Interest. A Key Person has a Financial Interest if the person has, directly or indirectly, through business, investment or Related Person:

- An ownership or investment interest in any entity with which L+M has a transaction or arrangement;
- An ownership or investment interest in any entity that competes with L+M or that may be affected in a non-incidental manner by L+M's strategic or business decision-making;
- A compensation arrangement with L+M or with any entity or individual with which L+M has a transaction or arrangement; or
- A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which L+M currently has or is negotiating a transaction or arrangement.

Compensation includes direct and indirect payments or benefits and also includes gifts, entertainment, or favors except those that are of de minimis value or insubstantial in nature. Gifts or entertainment from the same source with a combined value of more than $50 annually are not de minimis or insubstantial but constitute compensation for purposes of this Policy. Attending one or more conferences the expenses of which L+M pays in accordance with L+M's applicable policy does not constitute the receipt of compensation for purposes of this Policy.

Any ownership or investment interest in a privately-held business or entity without regard to its size or value is an ownership or investment interest for purposes of this Policy. An ownership or investment interest in a publicly-traded corporation of greater than 1% of the corporation's market capitalization is considered an ownership or investment interest for purposes of this Policy.

A Key Person who has a Financial Interest with respect to any entity in the L+M healthcare system, has a Financial Interest with respect to all entities in the healthcare system.

2.8 Nonfinancial Interest. A Key Person has a Nonfinancial Interest if the person, directly or indirectly, personally or through a Related Person:

- is an uncompensated director, officer, manager or member of, or participant in, any other entity, organization, or business that does or seeks to do business with or competes with L+M.
- is an uncompensated director, officer, manager, or member of, or participant in, any other entity or business that takes action, or advocates for a position, adverse to the interests of L+M.

A Key Person who has a Nonfinancial Interest with respect to any entity in the L+M healthcare system, has a Nonfinancial Interest with respect to all entities in the healthcare system.

2.9 Related Person. Related Person means, as to any Key Person, any of the following:

- a member of the Key Person's immediate family, including spouse or domestic partner, parent, natural or adopted child, grandchild, great grandchild and brother or sister (whether whole or half-blood);
- the spouse or domestic partner of a member of the Key Person's immediate family;
- an individual who shares the Key Person's home;
- an estate or trust in which the Key Person or any Related Person is a beneficiary; or
- an individual or entity for which the Key Person or a Related Person serves as a fiduciary or is financially responsible.

2.10 Confidential Information. Confidential information is information concerning:

- the business and affairs of L+M (which includes historical financial statements, financial projections and budgets, and capital spending budgets and plans);

- past, present or specifically identified prospective sources of financial support for L+M;
- past, present or specifically identified prospective recipients of financial support from L+M; or
- pending or threatened litigation involving L+M.

ARTICLE III
DEFINITION OF DUTY OF CARE, DUTY OF LOYALTY AND CONFLICT OF INTEREST GENERALLY

3.1 Duty of Care. Key Persons owe a duty of care to L+M and shall conduct the affairs of L+M in good faith, acting honestly and lawfully. Key Persons shall be diligent in their duties to L+M and shall act reasonably, remain informed, and exercise independent judgment. At all times, Key Persons shall act in the best interests of L+M.

3.2 Duty of Loyalty. Key Persons owe a duty of loyalty to L+M and shall not use their position with L+M for personal gain. The Key Person's duty of loyalty applies equally whether the Key Person is engaged in L+M's activities or outside activities. The Key Person's duty of loyalty includes, but is not limited to, the Key Person's obligation to protect the confidences of L+M and to refrain from engaging in transactions that would create a conflict of interest or the appearance of a conflict of interest.

3.2.1 Confidentiality. In the course of carrying out their duties and responsibilities, Key Persons will be privy to information that was created, discovered, acquired or developed by or disclosed to L+M and, as such, is considered to be confidential and proprietary in nature. This information includes, but is not limited to, research and development data, business plans, acquisition plans or proposals, strategic plans, personnel data, financial statements, lists and information about gifts, donors and accounts. Key Persons shall recognize that they have a legal and ethical duty not to disclose this information, shall hold all such information in strictest confidence and shall agree not to release confidential and proprietary information to anyone outside of L+M except for authorized purposes or unless required by law.

3.2.2 Conflict of Interests. A conflict of interest generally arises when a Key Person has a Financial or Nonfinancial Interest, and (1) the promotion of that interest is, or might in the foreseeable future be, inconsistent with L+M's best interests, or (2) the Key Person's Financial or Nonfinancial Interest will, or might in the foreseeable future, benefit from action or inaction by L+M. Whether a conflict of interest exists in a given situation depends on the particular facts and circumstances presented. The determination whether a conflict exists in a particular situation will be made pursuant to Article V of this Policy.

ARTICLE IV
DISCLOSURE

4.1 Duty to Disclose. Each Key Person shall disclose the existence and nature of any personal or outside interest that may affect or be affected by L+M's operations or by decisions that the Key Person makes on L+M's behalf. More specifically, each Key Person shall disclose each Financial and Nonfinancial Interest. The interests disclosed need not be actual or even potential conflicts of interest but nevertheless should be disclosed in the event these interests become actual or potential conflicts of interest and/or have or may have a material impact on L+M's plans and operations.

4.2 Annual Disclosure. By January 1 of each year, or such other time annually as may be established by the Board, every Key Person shall complete the required Questionnaire attached hereto as Exhibit A and submit it to the applicable CEO. By signing the Questionnaire each Key Person shall indicate that he or she:

- has received a copy of this Policy;
- has read and understands this Policy,
- agrees to comply with this Policy, and
- understands that L+M is a charitable organization and that in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax exempt purposes.

4.2.1 The Questionnaire of each Director will be reviewed by the Chair or the Chair's delegate of the applicable Board, by the Treasurer or the Treasurer's delegate of the applicable Board, and by the applicable CEO or the CEO's applicable delegate.

4.2.2. A CEO's Questionnaire will be reviewed by the applicable Chair and the Treasurer of the Board.

4.2.3 The Questionnaire of each other Senior Management Employee will be reviewed by the applicable CEO or the CEO's applicable delegate.

4.4 Disclosure Upon Initial Appointment/Election as Director or Initial Employment. Upon initial appointment, election, or employment, as the case may be, each Key Person shall complete the Questionnaire and submit it to the applicable CEO.

4.5 Continuing Duty. If, prior to the next annual disclosure, any Financial or Nonfinancial Interest on the part of any Key Person develops that has not previously been disclosed, the Key Person shall promptly disclose the Financial or Nonfinancial interest to the CEO and make it a matter of record.

4.6 Safe Procedure. In the event a Key Person has reason to believe that another Director or Senior Management Employee has failed to promptly and fully disclose a Financial or Nonfinancial Interest, it is incumbent upon the Key Person to inform the applicable Chair and the applicable CEO of the non-disclosure. If the non-disclosure involves a Chair and/or a CEO, the Key Person shall instead notify the applicable Chair of the Audit Committee and the Chair of the Governance Committee or other comparable committee. The Board and/or the CEO shall thereafter proceed as provided in Section 6.5.

ARTICLE V
PROCEDURES TO DETERMINE WHETHER ACTUAL CONFLICT EXISTS

5.1 Ongoing Compliance Procedures. A Chair and CEO will review in advance the agenda of each annual, regular and special meeting of the Board and identify, to the extent possible, potential conflicts of interest. If a potential conflict of interest is identified, the Chair or the CEO will notify and advise the individual with the potential conflict prior to the Board meeting, and the full Board will be advised of the potential conflict at the meeting. In addition, each Key Person attending a meeting who believes there is or may be a potential or actual conflict of interest either for him/herself or for any other Key Person shall identify the issue for consideration by the Board if the Chair or the CEO have not done so.

5.2 Determining whether a Conflict Exists. If a Key Person may have a conflict of interest, the Key Person shall leave the meeting after providing all material information relevant to the existence of a conflict. The individuals remaining in the meeting shall decide if a conflict of interest exists. If so, as provided in Article 6, the Key Person shall not thereafter vote on the substantive matter or be present during deliberations. If it is determined that there is no conflict, the Key Person may fully participate in the meeting.

5.3 Conflicting Duties. In certain circumstances, a Key Person may be faced with conflicting duties such that the disclosure of the actual or potential conflict of interest would breach the duty of confidentiality to another organization. In such cases, the Key Person should state that an actual or potential conflict of interest exists and that his or her duties to another organization preclude full disclosure of the nature or extent of the interest. The Key Person should then leave the meeting and remain out of the meeting during discussion and the vote as provided in Article VI.

5.4 Senior Management Employees. A Senior Management Employee (1) who has a potential conflict of interest related to a matter for which the employee has supervisory or management responsibility or (2) who has the ability to influence decision-making or the outcome on such a matter shall promptly notify the CEO, who shall determine whether the Senior Management Employee has a conflict of interest and, if so, shall take appropriate action to remove the Senior Management Employee from responsibility for or participation with respect to that matter. The Senior Management Employee shall not thereafter attempt to influence the outcome or decision about the matter in any way. If the CEO has a potential conflict, the CEO shall notify the Chair.

ARTICLE VI
PROCEDURES WHEN A CONFLICT OF INTEREST IS FOUND TO EXIST

6.1 Voting. No Key Person who has a conflict of interest on any matter shall participate in substantive deliberations or vote on that matter or be counted in determining the quorum for the meeting at which the vote is taken, even when permitted by law. No Key Person who has a conflict of interest on any matter shall use his or her personal influence on the matter.

6.2 Participation by Key Person with Conflict. These requirements do not prevent an individual from briefly stating his or her position on any matter, where appropriate, or from answering pertinent questions asked by others, since his or her knowledge may provide assistance to others. The Key Person with a conflict of interest must leave the meeting after providing any information requested by others; no Key Person shall be present during substantive discussions, deliberations, or voting on the matter on which that Key Person has a conflict.

6.3 Transactions or Arrangements. If a Director has a conflict of interest with respect to a proposed transaction or financial arrangement in an amount exceeding $25,000 in any year, the Chair shall advise the Board and may appoint, if appropriate, a disinterested Director or a committee of disinterested Directors to investigate the proposed transaction or arrangement and to report to the Board. The Board may also, or in the alternative, obtain outside independent advice on the financial fairness of the transaction or arrangement. After exercising due diligence, the Board shall determine, if appropriate, whether L+M can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest. If a more advantageous transaction or arrangement is not reasonably possible or appropriate under the circumstances, the Board shall thereafter determine by a majority vote of the disinterested Directors whether the proposed transaction or arrangement is in L+M's best interests and is fair and reasonable to L+M.

Any proposed transaction or arrangement that presents a conflict of interest for a Director but has a value of $25,000 or less in any year may be awarded by L+M in the normal course of business, provided that the decision to enter into the transaction or arrangement must be based on L+M's standard considerations of the best combination of cost, quality, service, or availability and must be made by disinterested persons.

L+M shall not enter into any transaction or arrangement with a Key Person unless it (i) determines that the transaction will not be considered an Excess Benefit Transaction, as defined in Section 4958 of the Internal Revenue Code of 1986, as amended and (ii) approves the transaction or arrangement by vote of wholly disinterested persons in compliance with this Policy. For purposes of this provision, a disinterested Director or person is one who has no Financial or Nonfinancial Interest in the proposed transaction or arrangement.

6.4 Need for Resignation, Decision Not to Nominate or Elect, or Exclusion from Meeting. A Director may have actual or potential conflicts of interest or loyalties to other organizations that are so pervasive or significant that the effectiveness of such Director on behalf of L+M is significantly impaired, and the Director should not, or may not be able to, serve as a Director. In addition, a Director may repeatedly fail to disclose one or more conflicts of interest, intentionally fail to disclose a significant conflict of interest, or otherwise act in a manner the Board believes is adverse or harmful to L+M.

In such cases, the Board may take such action as may be necessary to resolve the conflicts, unacceptable conduct, tension, or duality of interests. Such action may include (1) requesting that the Director resign from the Board, including, in the case of an ex-officio Director, from the office providing the basis for the Director's ex-officio status, (2) deciding not to nominate or elect the Director to an additional term on the Board, or (3) as discussed below, excluding the Director from meetings.
Consistent with the Director's duty of loyalty to L+M, the Director in question should also consider resigning.

The following provides certain specific guidelines imposed by this Policy:

6.4.1 An individual who is an ex-officio Director has the same obligations and responsibilities to the Board and to L+M as any other Director; any such ex-officio Director is required to act solely in the best interests of L+M, provided that an ex-officio Director may as appropriate communicate the views and concerns of the group or organization that elected or appointed the Director to the position from which the Director's ex-officio status derives as those views or concerns relate to promotion of L+M's interests and mission.

6.4.2 A Director, whether elected or ex-officio, who consistently evidences an inability or unwillingness to focus on L+M's best interests may be excluded from meetings, except, in the case of an ex-officio Director, for those portions of meetings for which the Chair determines it is appropriate for the Director to articulate the interests of the group or organization from which the Director's ex-officio status derives.

6.4.3 No Director shall serve as a member of the governing board, partner, investor or senior executive of any health care or other organization that materially competes with one or more of L+M's principal service/business lines. Routine in-office services provided by a physician's office, such as laboratory services, shall not be disqualifying.

6.4.4 No Director shall serve as a principal, partner, owner, employee, member of the governing board, or investor of any organization receiving a substantial amount of revenue from L+M, which we define as the greater of $200,000 or 2% of the annual revenues of that organization or company in the preceding or current year.

6.4.5 In addition, no Director may serve as a principal, partner, employee, counsel, or shareholder in a law firm that takes any position directly adverse to L+M. A position is considered directly adverse to L+M if it would constitute a conflict under Rule 1.7 of the Connecticut Rules of Professional Conduct.

The existence of this Section 6.4 does not purport to modify or limit in any way relevant provisions of L+M's bylaws or applicable law governing conflicting interest transactions or the removal of a Director with or without cause or the authority of the Board to impose additional guidelines, obligations or restrictions.

6.5 Failure to Disclose. If the Board (or the CEO in the case of a Senior Management Employee) has reasonable cause to believe that a Key Person has failed to disclose a Financial or Nonfinancial Interest that could present or give rise to a conflict of interest, it shall inform the Key Person of the basis for that belief and give the Key Person an opportunity to explain the alleged failure to disclose. If, after hearing the response of the Key Person and making such further investigation as may be warranted in the circumstances, the Board or CEO determines that the Key Person has in fact failed to disclose such an interest, the Board or CEO, as the case may be, shall take appropriate action.

ARTICLE VII
RECORDS OF THE MEETINGS

7.1 The minutes of each meeting shall contain the name(s) of Key Persons who disclosed or otherwise were thought to have a personal or outside interest in connection with any matter before the Board, the nature of the interest, a description of any action taken or data relied upon to determine whether a conflict of interest was present and the Board's decision as to whether a conflict of interest in fact existed.

7.2 The minutes shall also contain the names of the persons who were present for discussions and votes relating to the matter, names of individuals abstaining from discussions and votes, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken. The minutes shall document when the Key Person with a conflict was present or absent from the meeting.

ARTICLE VIII
SPECIAL PROVISIONS RELATED TO COMPENSATION DECISIONS

8.1 A Key Person who receives any compensation, directly or indirectly, from L+M for services is precluded from discussing and voting on matters pertaining to that Key Person's compensation.

8.2 A physician who is a Director and who receives compensation, directly or indirectly, from L+M for services is precluded from discussing and voting on matters pertaining to that and other physicians' compensation. No physician or physician Director, either individually or collectively, is prohibited from providing information to the Board regarding physician compensation.

8.3 A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from L+M for services is precluded from voting on matters pertaining to that member's compensation.

8.4 Physicians who receive compensation, directly or indirectly, from L+M whether as employees or independent contractors, are precluded from membership on any Board committee whose jurisdiction includes compensation matters. No physician, either

individually or collectively, is, however, prohibited from providing information to any committee regarding physician compensation.

ARTICLE IX
STATE LAW

In any case in which the definitions and procedures concerning Director's Conflicting Interest Transactions set forth in sections 33-1127 through 33-1130 of the Connecticut General Statutes, or R.I. Gen. Laws Ann. § 7-6-26.1, as they may be amended from time to time, are more restrictive than this Policy, then the statutes shall govern with respect to any contract, transaction or arrangement that constitutes a Director's conflicting interest transaction within the meaning of the statutes.

ARTICLE X
DIRECTOR INDEPENDENCE

10.1 Applicability. The provisions of this Article X apply to (1) hospitals and (2) other tax-exempt entities where L+M Healthcare deems it necessary and consistent with the entity's tax-exempt charitable purpose.

10.2 Generally. Whether a Director is "independent" and free of any relationship that might interfere with or affect the Director's ability to exercise independent judgment is relevant to the composition of the Board and certain committees. The Affiliates that are licensed as hospitals are required, for purposes of federal tax exemption, to have at least a majority of the Board be comprised of persons who are independent of L+M. In addition, the Audit Committee and the Compensation Committee that acts on behalf of the hospitals must be comprised of Directors who are independent.

10.3 Independent Director. A Director is "independent" if, at any time and during the immediately preceding two fiscal years, all of the following is true:

(a) The Director did not receive compensation as an officer or other employee of L+M;

(b) The Director did not receive compensation or payments from L+M in a single tax year as an independent contractor in excess of $10,000 (other than expense reimbursement);

(c) Neither the Director nor, where applicable, any Related Person was involved in a Reportable Transaction, as defined in Section 10.4, with either L+M or a tax-exempt or taxable related organization that has been identified by L+M following reasonable efforts to obtain the necessary information;

(d) The Director is not, and does not have a partner, employee or Related Person who is a physician or other licensed health care professional with privileges at an Affiliate who is licensed as a hospital and actively practicing in the community; and

(e) The Director does not otherwise have a Financial Interest or Nonfinancial Interest that is determined by the Board to be so significant that a reasonably prudent person would perceive the interest to exert an influence on the Director's judgment.

A director does not lack independence by being a donor to the organization, regardless of amount of contribution, or by receiving benefits from the organization solely in the capacity of being a member of the charitable or other classes served by L+M in exercise of its exempt functions.

10.4 Reportable Transaction. A "Reportable Transaction" means a transaction defined as reportable on Schedule L to the IRS Form 990, which includes the following transactions, applied in a manner consistent with the IRS instructions to the Form 990:

(a) A Loan to a Director from L+M or a Loan from a Director to L+M.

(b) Grants or other assistance (including free goods, services or use of facilities), regardless of amount, provided by L+M to a Director, a Related Person or a 35% Controlled Entity.

(c) Any business transaction between L+M and a Director, Related Person, a 35% Controlled Entity, or a Reportable Entity for which payments
  (i) for all transactions in a single fiscal year exceed $100,000;
  (ii) for a single transaction exceed $10,000; or
  (iii) involve compensation to a Related Person in excess of $10,000.

(d) For purposes of Section 10.4 (b) and (c) above, a 35% Controlled Entity is any entity that is more than 35% owned, either directly or indirectly, individually by or collectively with one or more current or former officers, directors, key employees and/or their Related Persons.

(e) For purposes of Section 10.4(c) above, a Reportable Entity is any entity in which a Director, at the time of the business transaction, was serving as an officer, director, trustee, key employee or greater than 5% owner in a professional corporation or an entity treated as a partnership.

10.5 Regardless of whether a Director is independent within the meaning of this Article X, every Director is required to comply with the provisions of this Policy.

Independent Auditors' Report

The Board of Trustees

Yale-New Haven Health Services Corporation
d/b/a Yale New Haven Health System and Subsidiaries:

We have audited the accompanying consolidated financial statements of Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries, which comprise the consolidated balance sheet as of September 30, 2015, and the related consolidated statements of operations and changes in net assets, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the 2015 consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Yale-New Haven Health Services Corporation as of September 30, 2015, and the consolidated results of their operations and their cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

KPMG LLP is a Delaware limited liability partnership, the U.S. member firm of KPMG International Cooperative ("KPMG International"), a Swiss entity.

Other Matters

The accompanying consolidated financial statements of Yale-New Haven Health Services Corporation as of September 30, 2014 and for the year then ended were audited by other auditors whose report thereon dated December 23, 2014, expressed an unmodified opinion on those consolidated financial statements.

Our audit was performed for the purpose of forming an opinion on the 2015 consolidated financial statements as a whole. The accompanying consolidating balance sheet and consolidating statement of operations and changes in net assets are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statement as a whole.

(1) Organization and Significant Accounting Policies

Yale-New Haven Health Services Corporation (Y-NHHSC), formed in 1983, was incorporated under the Connecticut Nonstock Corporation Act to coordinate the activities of the members of the Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries (collectively, the System), and is an integrated regional health care delivery system. The System currently includes the following entities:

Y-NHHSC is the parent company of Yale-New Haven Hospital and Subsidiaries (Y-NHH), Bridgeport Hospital and Subsidiaries (BH), Greenwich Health Care Service, Inc. (GHCS), Northeast Medical Group, Inc. (NEMG), and Y-NHH-MSO, Inc. (MSO).

Y-NHHSC is the sole member of Yale-New Haven Hospital, Inc. Y-NHH and its subsidiaries operate autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets and board appointments of Y-NHH. Y-NHH is the parent of:

Yale-New Haven Care Continuum Corporation (YNHCCC), a Connecticut nonstock corporation, is a wholly owned subsidiary of Y-NHH. YNHCCC provides long-term care for those unable to live independently and short-term rehabilitation for patients who have experienced elective surgery, an injury or a traumatic major illness. Its services include respite care for family members and caregivers, recovery for victims of strokes, orthopedic recovery services, medications and diagnostic services (such as radiological services).

Yale-New Haven Ambulatory Services Corporation and Subsidiaries (ASC), a Connecticut nonstock, taxable corporation, is a wholly owned subsidiary of Y-NHH, and is 51% owner of Shoreline Surgery Center, LLC (SSC) and SSC II, LLC.

York Enterprises, Inc. and Subsidiaries (York) is a Connecticut corporation formed for the purpose of initiating or acquiring business entities. Currently, York has two subsidiaries: Medical Center Pharmacy and Home Care, Inc. (MCP) and Medical Center Realty, Inc. (MCR). MCP is a Connecticut stock, for-profit company, which operated a retail pharmacy with multiple locations until February 2011. MCR is a Connecticut stock, for-profit company, which owns or holds leases on the System's affiliated commercial space. York is the sole shareholder of MCP and MCR.

Caritas Insurance Company, Ltd. (Caritas) is a Vermont-domiciled, captive insurance company licensed under Chapter 141 of Title 8 of the Vermont Statutes Annotated. Caritas is a tax-exempt supporting organization having Y-NHH as its sole shareholder. Caritas provides excess professional liability coverage and general liability coverage. Prior to the 2012 acquisition of the stock of Caritas by Y-NHH from the Hospital of Saint Raphael (HSR), Caritas was a wholly owned subsidiary of HSR. Caritas was dissolved on December 15, 2014 and the insurance liabilities were transferred to Medical Centre Insurance Company, Ltd (see note 10).

(Continued)

Lukan Indemnity Company, Ltd. (Lukan) is a Bermuda-domiciled captive insurance company that provides primary professional liability coverage. Prior to the 2012 acquisition of the stock of Lukan by Y-NHH from HSR, Lukan was a wholly owned subsidiary of HSR. Lukan was dissolved on March 31, 2015 and the insurance liabilities were transferred to Medical Centre Insurance Company, Ltd (see note 10).

Y-NHHSC is the sole member of Bridgeport Hospital. BH and its subsidiaries operate autonomously with a separate board management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets and board appointments of BH. BH is the sole member of the following not-for-profit, nonstock corporations:

Bridgeport Hospital Foundation, Inc. (the Foundation) solicits contributions for the benefit of BH and all other tax-exempt health care organizations associated with BH.

Southern Connecticut Health System Properties, Inc. (Properties) is a real estate holding company, which sold primarily all of its assets to BH during 1998.

NEMG is a tax-exempt medical foundation that provides physician-related services to Bridgeport, Greenwich, and Yale-New Haven Hospitals and their surrounding communities. NEMG operates autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, and board appointments of NEMG.

Concurrent with the issuance of the Connecticut Health and Educational Facilities Authority (CHEFA) Revenue Bonds, Yale-New Haven Health Obligated Group Issue, Series A, B, C, D and E dated May 20, 2014, six members of the System were combined to form an Obligated Group. The Obligated Group comprises of Y-NHHSC, Y-NHH, YNHCCC, BH, the Foundation and NEMG. The members of the Obligated Group have adopted certain governance provisions in their certificates of incorporation and by-laws pursuant to which Y-NHHSC retains the authority to directly take certain actions on behalf of each Obligated Group member without the approval of the board of trustees of the applicable Obligated Group member, including the incurrence of indebtedness on behalf of each Obligated Group member, the management and control of the liquid assets of each, and the appointment of the president and chief executive officer of each Obligated Group member. GHCS and its subsidiaries are part of the System, but they are not members of the Obligated Group.

GHCS is the parent corporation of a group of wholly owned subsidiaries, including Greenwich Hospital, The Perryridge Corporation Greenwich Health Care Services, Inc. (GHSI), the Greenwich Hospital Endowment Fund, Inc., and Greenwich Ambulatory Surgery Center, LLC (GASC). GHCS and its subsidiaries are Section 501(c)(3) not-for-profit organizations, and are exempt from federal income taxes under Section 501(a) of the Code. Greenwich Hospital, a nonstock Connecticut corporation, is a wholly owned subsidiary of GHCS (the sole member), providing health care services to the lower Fairfield County and Westchester County, New York communities. GHCS and its subsidiaries have continued to operate autonomously with a separate board, management and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets and board appointments of GHCS. GHCS dissolved its wholly owned subsidiary, Greenwich Health Services, Inc., a Connecticut business corporation during fiscal 2015. The activity and eliminations

(Continued)

for Greenwich Pathology Associates, LLC, Greenwich Clinical Pathology Associates, LLC, Greenwich Fertility and IVF center, P.C., Occupational Health of New Jersey and Occupational Health of New York are now reported as part of Greenwich Hospital.

Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, any transfer of assets, and Board of Director appointments of GHCS and its subsidiaries.

MSO, a for-profit stock corporation, was formed to manage physician practices and provide third-party administration services on certain managed care contracts. The capital stock of MSO consists of 20,000 shares of common stock, par value of one one-hundredth of a dollar per share. The Board of Directors of MSO is appointed by Y-NHHSC, the sole shareholder, who controls MSO's operations.

(a) Acquisition

On June 1, 2014, NEMG and Y-NHHSC acquired certain assets of PriMed, LLC (PriMed), a physician practice for approximately $54.2 million. YNHHSC contributed the entire purchase price. PriMed is a multi-specialty group of approximately 120 providers in 36 locations across Fairfield County and New Haven County, Connecticut. PriMed also is the sole member of a gastroenterology surgery center, the Fairfield County Endoscopy Center, and offers a number of ancillary services, such as a sleep laboratory, cardiac diagnostic testing, physical therapy and nutritional counseling. Under the terms of the transaction, NEMG and Y-NHHSC acquired substantially all the assets of PriMed and a 40% interest in the gastroenterology surgery center. Y-NHHSC deposited $5.5 million into escrow to fund the purchase of the remaining 60% membership interest in the gastroenterology surgery center. This purchase was completed in May 2015. Also at acquisition, Y-NHHSC recorded a liability of $5 million for the amounts to be paid to PriMed physicians contingent on their continued service in the three years following the acquisition closing date as per the agreement.

(b) Principles of Consolidation

The accompanying consolidated financial statements present the accounts and transactions of the System and its subsidiaries. All significant intercompany revenue and expenses and inter-company balance sheet accounts have been eliminated in consolidation.

(c) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, including estimated collectibles for accounts receivable for services to patients, and liabilities, including estimated net settlements with third-party payors and professional liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the amounts of revenue and expenses reported during the reporting period. Actual results could differ from those estimates.

During the years ended September 30, 2015 and 2014 the System recorded a favorable change in estimate of approximately $29.8 million and $11.9 million, respectively. Included in the change are amounts related to third-party payor settlements.

(Continued)

(d) Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the System has been limited by donors to a specific time period or purpose, and appreciation on permanently restricted net assets. Permanently restricted net assets have been restricted by donors to be maintained by the System in perpetuity. The System is a partial beneficiary to various perpetual trust agreements. Assets recorded under these agreements are recognized at fair value. The investment income generated from the trusts is unrestricted, and the assets are classified as permanently restricted by the donor.

Certain restricted funds investments are pooled with certain unrestricted investments to facilitate their management. Investment income is allocated to both restricted and unrestricted funds participating in the investment pool on pro rata basis based on the market value of the fund. The Board of Trustees approves spending for certain pooled funds based on the spending policy. Realized gains and losses from the sale of securities are computed using the average cost method and the first-in, first-out method.

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions receivable to be received after one year are discounted at a discount rate commensurate with the risks involved. Amortization of the discount is recognized as revenue, and is classified as either unrestricted or temporarily restricted in accordance with donor-imposed restrictions, if any, on the contributions.

(e) Capital Campaign and Pledges Receivable

Contributions and pledges receivable, included in other current assets and other assets in the accompanying consolidated balance sheets at September 30, 2015 and 2014, are expected to be received as follows (in thousands):

	September 30	
	2015	2014
Less than one year	$ 4,379	5,164
One to five years	3,415	4,298
Thereafter	60	—
	7,854	9,462
Less unamortized discount on contributions receivable (0.01% to 4.2%)	(232)	(208)
	7,622	9,254
Allowance for uncollectible contributions	(229)	(277)
Contributions receivable, net	$ 7,393	8,977

(Continued)

Excluded from contributions receivable are certain items, primarily letters of intent, which are not legally binding and gifts conditional on events that have not yet occurred.

(f) Donor Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. All gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets.

(g) Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid financial instruments with original maturities of three months or less when purchased, which are not classified as assets limited as to use, and which are not maintained in the short-term or long-term investment portfolios.

Cash and cash equivalents are maintained with domestic financial institutions with deposits which exceed federally insured limits. It is the System's policy to monitor the financial strength of these institutions.

(h) Accounts Receivable

Patient accounts receivable result from the health care services provided by the System. Additions to the allowance for uncollectible accounts result from the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance for uncollectible accounts.

The amount of the allowance for uncollectible accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in Medicare and Medicaid health care coverage, and other collection indicators. Management periodically assesses the adequacy of this allowance based upon historical collection and write-off experience by payor category. The results of these reviews are used to modify, as necessary, the provision for bad debts and to establish appropriate allowances for uncollectible patient accounts receivable. After satisfaction of amounts due from insurance, The System follows established guidelines for placing certain patient balances with collection agencies, subject to certain restrictions on collection efforts as determined by the System policy. See note 2 for additional information relative to third-party payor programs.

Net patient accounts receivable has been adjusted to the estimated amounts expected to be collected. These estimated amounts are subject to further adjustments upon review by third-party payors. Such receivables do not bear interest.

(i) Loan Receivable

On September 2014, Y-NHH entered into a term loan agreement as part of a transaction with a health care provider more fully described in note 11. The term loan agreement has a term that coincides with an agreement for Y-NHH to lease an Inpatient Rehabilitation Unit (IRU). The term of

the IRU Lease Agreement is five years and provides Y-NHH with two five-year renewal options at the end of each term.

The term loan bears interest of 6.5% annually that is payable monthly. The loan is collateralized by certain property owned by a subsidiary of the health care provider.

(j) Investments

The System has designated its investment portfolio as trading. Investment income or loss (including realized gains and losses on investments, interest, and dividends) and the change in net unrealized gains and losses are included in the excess of revenue over expenses unless the income or loss is restricted by donor or law.

Investments in equity securities with readily determinable fair values and investments in debt securities are measured at fair value (quoted market prices) in the accompanying consolidated balance sheets.

Certain alternative investments (nontraditional, not-readily-marketable assets) are structured such that the System holds limited partnership interests or pooled units and are accounted for utilizing net asset value per unit for measurement of the units' fair value. Individual investment holdings within the alternative investments may, in turn, include investments in both nonmarketable and market-traded securities. Fund of funds investments are primarily based on financial data supplied by the underlying investee funds. Values may be based on historical cost, appraisals, or other estimates that require varying degrees of judgment. The investments may indirectly expose the System to securities lending, short sales of securities, and trading in futures and forwards contracts, options, swap contracts and other derivative products. While these financial instruments may contain varying degrees of risk, the System's risk with respect to such transactions is limited to its capital balance in each investment. The financial statements of the investees are audited annually by independent auditors. Future funding commitments for alternative investments aggregated approximately $6.4 million at September 30, 2015.

The System maintains the Yale New Haven Health System Investment Trust (the Trust), a unitized Delaware Investment Trust created to pool assets for investment by the Health System nonprofit entities. The Trust is comprised of two pools: the Long-Term Investment Pool (L-TIP) and the Intermediate-Term Investment Pool (I-TIP). Governance of the Trust is performed by the Yale New Haven Health System Investment Committee.

Under the terms of the investment management agreement with the Trust, withdrawals of investments in the L-TIP can be made annually by each Hospital on July 1. Amounts withdrawn are subject to a schedule that allows larger withdrawals with longer notice periods. As of September 30, 2015, each Hospital can withdrawal 100% of its investment in the L-TIP on July 1, 2016. Withdrawals of investments in the I-TIP in any amount can be made quarterly with 30 days advance notice.

The Trust has entered into an agreement with Yale University (the University). The University's investment office (the Investment Management Agreement) which allows the University to manage a

portion of the Trust's investments as part of the University's Endowment Pool (the Pool). The Trust transferred approximately $50.0 million and $100.0 million to the University in exchange for units in the Pool for years ended September 30, 2015 and 2014, respectively. The Trust's interest in the Pool is reported at fair value based on the net asset value per units held. The Pool invests in domestic equity, foreign equity, absolute return, private equity, real assets, fixed income, and cash.

Under the terms of the investment management agreement with the University, withdrawals of the Trust's investment in the Pool can be made annually by the Trust on July 1. For withdrawals of amounts less than $150.0 million, or 75% of the Trust's investment in the Pool, $100.0 million, or 50% of the Trust's investment in the Pool, and $50.0 million, or 25% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 180 days, 90 days, and 30 days, respectively, prior to the University's fiscal year ending June 30. For withdrawals greater than $150.0 million or more than 75% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 270 days prior to the University's fiscal year end of June 30.

In March 2006, Y-NHH entered into an arrangement with the University, whereby the University will manage certain Board-designated assets of Y-NHH. These Board-designated assets are commingled in the University's endowment pool. As of September 30, 2015 and 2014, the carrying value of assets managed by the University under this agreement was approximately $10.6 million and $10.4 million, respectively. Because of the limitations on their use, the assets are separately classified from assets invested under the Investment Management Agreement.

In 2011, the investment management agreement between the Trust and the University was modified to allow the Trust to obtain a cash advance, up to a maximum of $75 million, on a monthly basis. For these advances, interest of U.S. Prime rate, plus 2% will be paid by the Trust. Repayments on the advances are made by the Trust by way of redemptions of a sufficient number of Trust's units in the Endowment using the June 30th unit valuation. No advances have been requested or taken by the Trust.

Short-term investments represent those securities that are available for the System's operations, and can be converted to cash within one year.

(k) Inventories

Inventories (included in other current assets) are stated at the lower of cost or market. The System values its inventories using the first-in, first-out method, with the exception of Y-NHH's pharmacy inventories, which are valued at average cost.

(l) Assets Limited as to Use

Assets so classified represent assets held by trustees under indenture agreements, beneficial interest in perpetual trusts. Amounts required to meet current liabilities are reported as current assets. These funds consist primarily of U.S. government securities, equities, debt securities, mutual funds and money market funds.

(m) Perpetual Trusts

The System is the beneficiary of certain perpetual trusts held and administered by others. The present values of the estimated future cash receipts, which are measured based on the fair value of the assets held by the trust, are recognized as assets and contribution revenue at the dates the trusts are established. Beneficial interest in perpetual trusts is recorded as permanently restricted net assets and is adjusted for any changes in the fair value of the trusts. Income distributions received from the trusts are recorded as temporarily restricted contributions when received.

(n) Interest Rate Swap Agreements

The System utilizes interest rate swap agreements to reduce risks associated with changes in interest rates. Interest rate swap agreements are reported at fair value. The System is exposed to credit loss in the event of nonperformance by the counterparties to its interest rate swap agreements. The System is also exposed to the risk that the swap receipts may not offset its variable rate debt service. To the extent these variable rate payments do not equal variable interest payments on the bonds, there will be a net loss or net benefit to the System.

(o) Benefits and Insurance

The System is effectively self-insured for medical, dental, hospitalization, and prescription drug benefits provided to employees and has a stop loss arrangement to limit exposure for these self-insured benefits. Y-NHH and Y-NHHSC make annual contributions to the Y-NHHSC Voluntary Employee Beneficiary Association (VEBA) plan to fund medical, dental, hospitalization, group term life insurance and prescription drug benefits. Annually, premiums are set to reflect the estimated cost of benefits. During the years ended September 30, 2015 and 2014, Y-NHH and Y-NHHSC made actuarially determined contributions, net of premium adjustments, to the VEBA plan of approximately $179.7 million and $172.6 million, respectively.

(p) Professional Liability Insurance

The System is effectively self-insured for workers' compensation claims. The System has a stop loss arrangement to limit exposure for workers' compensation claims. Estimated amounts are accrued for claims, including claims incurred but not reported (IBNR). At September 30, 2015 and 2014, the estimated discounted liabilities for self-insured workers' compensation claims and IBNR aggregated approximately $31.4 million and $29.4 million, respectively, discounted at 2.0% and 2.5%, respectively, and are included in other long-term liabilities in the accompanying consolidated balance sheets.

The System records the actuarially determined liabilities for IBNR professional and general liabilities (see note 10).

(q) Property, Plant and Equipment

Property, plant and equipment purchased are carried at cost, and those acquired by gifts and bequests are carried at fair value established at the date of contribution. The carrying amounts of assets and the related accumulated depreciation are removed from the accounts when such assets are disposed

(Continued)

of, and any resulting gain or loss is included in income from operations. Depreciation of property, plant and equipment is computed by the straight-line method in amounts sufficient to depreciate the cost of the assets over their estimated useful lives, ranging from 3 to 50 years. The cost of additions and improvements are capitalized, and expenditures for repairs and maintenance, including the cost of replacing minor items not considered substantial enhancements, are expensed as incurred.

Leases are classified as capital leases or operating leases in accordance with the terms of the underlying lease agreements. Lease payments under operating leases are charged directly to rental expense, and are included in supplies and other expenses in the accompanying consolidated statements of operations.

(r) Goodwill

Goodwill is not amortized but instead tested at least annually for impairment or more frequently when events or changes in circumstances indicate that the assets might be impaired. This impairment test is performed at the reporting unit level. The System evaluates goodwill at the entity level as management has determined that the System's operation comprise a single reporting entity. Goodwill is considered to be impaired if the carrying value of the reporting unit, including goodwill, exceeds the reporting unit's fair value. Reporting unit fair value is estimated using both income (discounted cash flows) and market approaches.

The discounted cash flow approach requires the use of assumptions and judgments, including estimates of future cash flows and the selection of discount rates. The market approach relies on comparisons to publicly traded stocks or to sales of similar companies. The System has determined that no goodwill impairment exists at September 30, 2015 or 2014.

(s) Deferred Revenue

Deferred revenue includes amounts which have been received that relate to future years. Amounts will be reduced as revenue is earned.

(t) Derivative Contracts

In the normal course of business, the System procures fuel and has entered into forward delivery agreements and commodity contracts. Substantially all of the System's contracts to procure fuel are designated as, and qualify as, normal purchases; accordingly, such contracts are not accounted for as derivative contracts.

(u) Excess of Revenue Over Expenses

In the accompanying consolidated statements of operations and changes in net assets, excess of revenue over expenses is the performance indicator. Peripheral or incidental transactions are included in excess of revenue over expenses. Those gains and losses deemed by management to be closely related to ongoing operations are included in other revenue; other gains and losses are classified as nonoperating.

Contributions of, or restricted to, property, plant and equipment, and pension and other postretirement related changes other than net periodic benefit cost are excluded from the performance indicator, but are included in the change in net assets.

(v) Income Taxes

Most entities within the System are not-for-profit corporations as described in Section 501(c)(3) of the Code, and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Provisions for income taxes and deferred taxes, which are not material to the consolidated financial statements, have been made for the taxable entities listed above under the description of the System.

There are certain transactions that could be deemed "Unrelated Business Income" and would result in a tax liability. Management reviews transactions to estimate potential tax liabilities using a threshold of more likely than not that the position will be sustainable based on the merits of the position. It is management's estimation that there are no material tax liabilities that need to be recorded.

(w) Operating Expenses

Y-NHH records amounts received from the University, area hospitals, and other local health care providers for costs incurred on behalf of those organizations as reductions to expenses. These costs consist mainly of salaries and benefits. For the years ended September 30, 2015 and 2014, Y-NHH recorded approximately $55.0 million and $60.5 million, respectively, as reductions to expenses.

(x) Deferred Financing Costs

The System capitalizes costs incurred in connection with the issuance of long-term debt, and amortizes these costs over the life of the respective obligations using the effective interest method (note 8). The accumulated amortization of deferred financing costs was approximately $1.1 million and $0.6 million for September 30, 2015 and 2014, respectively. See note 8 for additional information relative to debt-related matters.

(y) Impairment of Assets

The System reviews property, plant, and equipment, and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. If such impairment indicators are present, the System recognizes a loss on the basis of whether these amounts are fully recoverable. There was no impairment recognized in 2015 and 2014.

(z) Reclassifications

Certain reclassifications have been made to the year ended September 30, 2014, balances previously reported in the consolidated financial statements in order to conform with the year ended September 30, 2015, presentation.

(aa) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Reporting entities will be required to disclose the amount of investments measured at net asset value (or its equivalent) using the practical expedient to reconcile total investments in the fair value hierarchy to total investments measured at fair value. ASU 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. The effective date for all other entities is fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted. Management has adopted and applied ASU 2015-07 retrospectively to all periods presented.

In April, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-03, *Interest – Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*. ASU No. 2015-03 is intended to simplify the presentation of debt issuance costs, requiring them to be presented as a direct reduction from the carrying value of the related debt liability. This guidance is effective for fiscal years beginning after December 15, 2015 and management is currently evaluating the effect of this guidance on its consolidated financial statements.

(2) Accounts Receivable for Services to Patients and Net Patient Service Revenue

The System has agreements with third-party payors that provide for payments to the System at amounts different from its established rates. The difference is accounted for as allowances. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, fee-for-service, discounted charges, and per diem payments. Net patient service revenue is affected by the State of Connecticut Disproportionate Share program and is reported at the estimated net realizable amounts due from patients, third-party payors, and others for services rendered, and includes estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known, or as years are no longer subject to such audits, reviews, and investigation.

Third-party payor receivables included in other receivables were $5.0 million and $8.0 million at September 30, 2015 and 2014, respectively. Third-party payor liabilities included in other current liabilities were $76.2 million and $47.4 million at September 30, 2015 and 2014, respectively. Third-party payor liabilities include in other long-term liabilities were $70.5 million and $76.9 million at September 30, 2015 and 2014, respectively.

The System has established estimates, based on information presently available, of amounts due to or from Medicare, Medicaid, and third-party payors for adjustments to current and prior year payment rates, based

on System-specific data. Such amounts are included in the accompanying consolidated balance sheets. Additionally, certain payors' payment rates for various years have been appealed by the System. If the appeals are successful, additional income applicable to those years might be realized.

Revenue from Medicare and Medicaid programs accounted for approximately 29% and 11%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2015, and approximately 32% and 11%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2014. Inpatient discharges relating to Medicare and Medicaid programs accounted for approximately 36% and 27%, respectively for the year ended September 30, 2015 and 37% and 27%, respectively, for the year ended September 30, 2014. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and are subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by material amounts in the near term.

The System believes that it is in compliance with all applicable laws and regulations, and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing, except as disclosed in note 11. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action, including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and the reduction of funding levels could have an adverse impact on the System. Cost reports for the System's hospitals, which serve as the basis for final settlement with government payors have been settled by final settlement for various years ranging through 2012 for Medicare and through 2013 for Medicaid. Other years remain open for settlement.

The significant concentrations of accounts receivable for services to patients include 36% from Medicare, 16% from Medicaid, and 48% from nongovernmental payors at September 30, 2015 and 37% from Medicare, 13% from Medicaid, and 50% from nongovernmental payors at September 30, 2014.

Patient service revenue for the years ended September 30, 2015 and 2014, net of contractual allowances and discounts (but before the provision for bad debts), recognized from these major payor sources based on primary insurance designation, is as follows:

		2015	2014
		(In thousands)	
Third-party	$	3,465,982	3,276,256
Self-pay		108,231	135,179
Total all payors	$	3,574,213	3,411,435

Deductibles and copayments under third-party payment programs within the third-party payor amount above are the patient's responsibility and the System considers these amounts in its determination of the provision for bad debts based on collection experience. Accounts receivable are also reduced by an allowance for doubtful accounts. In evaluating the collectibility of accounts receivable, the System analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for uncollectible accounts and provision for bad debts. Management regularly

(Continued)

reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for uncollectible accounts.

The System's allowance for doubtful accounts totaled approximately $313.9 million and $272.7 million at September 30, 2015 and 2014, respectively. The allowance for doubtful accounts for self-pay patients was approximately 66.0% and 81.8% of self-pay accounts receivable as of September 30, 2015 and 2014, respectively. Substantially all write-offs are related to self-pay patients.

(3) Uncompensated Care and Community Benefit Expense

The System's commitment to community service is evidenced by services provided to the poor and benefits provided to the broader community. Services provided to the poor include services provided to persons who cannot afford health care because of inadequate resources, and/or who are uninsured or underinsured.

The System makes available free care programs for qualifying patients. In accordance with the established policies of the System, during the registration, billing, and collection process, a patient's eligibility for free care funds is determined. For patients who were determined by the System to have the ability to pay but did not, the uncollected amounts are the provision for bad debts. For patients who do not avail themselves of any free care program, and whose ability to pay cannot be determined by the System, care given but not paid for is classified as charity care. During the year ended September 30, 2014, the System amended it Charity Care policy. Based upon the policy change, the System experienced increased charity care write offs during the years ended September 30, 2015 and 2014.

Together, charity care and provision for bad debts represent uncompensated care. The estimated cost of total uncompensated care is approximately $154.7 million and $184.9 million for the years ended September 30, 2015 and 2014, respectively. The estimated cost of uncompensated care is based on the ratio of cost to charges, as determined by claims activity.

The estimated cost of charity care provided was $108.4 million and $115.8 million for the years ended September 30, 2015 and 2014, respectively. The estimated cost of charity care is based on the ratio of cost to charges. The allocation between bad debt and charity care is determined based on management's analysis on the previous 12 months of hospital data. This analysis calculates the actual percentage of accounts written off or designated as bad debt versus charity care while taking into account the total costs incurred by the System for each account analyzed.

For the years ended September 30, 2015 and 2014, provision for bad debts, at charges, was $81.5 million and $123.7 million, respectively. For the years ended September 30, 2015 and 2014, provision for bad debt at cost was approximately $46.3 million and $69.1 million, respectively. The provision for bad debts is multiplied by the ratio of cost to charges for purposes of inclusion in the total uncompensated care amount identified above.

The Connecticut Disproportionate Share Hospital Program (CDSHP) was established to provide funds to hospitals for the provision of uncompensated care and is funded, in part, by an assessment on hospital net patient service revenue. During the years ended September 30, 2015 and 2014, the System received $14.6 million and $42.2 million, respectively, in CDSHP distributions, of which approximately

(Continued)

$10.4 million and $27.8 million was related to charity care. The System made payments into the CDSHP of $122.4 million and $102.5 million for the years ended September 30, 2015 and 2014, respectively, for the assessment.

The State of Connecticut implemented changes to the hospital funding levels for the CDSHP in their fiscal 2016 biennium budget. As a result of these budget changes, the funding for this program was reduced effective July 1, 2015. The reduction in funding was approximately $13.2 million for the period July 1, 2015 to September 30, 2015 and the funding has been eliminated for the state fiscal year 2016 in the amount of $52.8 million.

Additionally, the System provides benefits for the broader community which includes services provided to other needy populations that may not qualify as poor but need special services and support. Benefits include the cost of health promotion and education of the general community, interns and residents, health screenings and medical research. The benefits are provided through the community health centers, some of which service non-English speaking residents, disabled children and various community support groups. The System voluntarily assists with the direct funding of several City of New Haven programs, including an economic development program and a youth initiative program.

In addition to the quantifiable services defined above, the System provides additional benefits to the community through its advocacy of community service by employees. The System's employees serve numerous organizations through board representation, membership in associations and other related activities. The System also solicits the assistance of other health care professionals to provide their services at no charge through participation in various community seminars and training programs.

(e) Investments with external direct real estate managers and fund of funds managers. Investment vehicles include both closed end Real Estate Investment Trusts (REITs) and limited partnerships.

(f) Yale University Endowment Pool maintains a diversified investment portfolio, through the use of external investment managers operating in a variety of investment vehicles, including separate accounts, limited partnerships, and commingled funds. The pool combines an orientation to equity investments with an allocation to nontraditional asset classes such as an absolute return, private equity, and real assets.

(g) Investments consist of several domestic and international equity and fixed income mutual funds, REITs, commodities and money market funds. There is also an investment in a hedge fund of funds.

(5) Property, Plant and Equipment

Property, plant and equipment is as follows (in thousands):

	September 30	
	2015	2014
Land, buildings and improvements	$ 1,617,826	1,562,723

	$ 1,545,848	1,521,617

(6) Endowment

The System's endowment includes donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor- imposed restrictions.

The System has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act (CUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the System classifies as permanently restricted net assets: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment related to the System's beneficial interest in perpetual trusts made in accordance with the direction of the applicable donor gift instrument at the time of the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund

(Continued)

that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the System in a manner consistent with the standard of prudence prescribed by CUPMIFA. In accordance with CUPMIFA, the System considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund; (2) the purposes of the System and the donor-restricted endowment fund; (3) general economic conditions; (4) the possible effect of inflation and deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the System; and (7) the investment and spending policies of the System.

Changes in endowment net assets for the year ended September 30, 2015, are as follows (in thousands):

(a) Return Objectives and Risk Parameters

The System has adopted investment and spending policies for endowed assets that attempt to provide a predictable stream of funding to programs supported by its endowment. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity. Under these policies, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that over time provide a rate of return that meets the spending policy objectives adjusted for inflation. Actual returns in any given year may vary from this amount.

(b) Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the System relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and

(Continued)

current yield (interest and dividends) The System targets a diversified asset allocation that place greater emphasis on equity-based investments to achieve its long-term rate of return objectives within prudent risk constraints.

(c) Spending Policy and How the Investment Objectives Relate to Spending Policy

BH and Y-NHH have a policy of appropriating for distribution each year based on a combination of the weighted average of the prior year spending adjusted for inflation and the amount that would have been spent using a predetermined percentage (5.25% for Y-NHH and 5.0% for BH) of the current market value of the endowment fund. In establishing this policy, BH and Y-NHH have considered the long-term expected return on its endowment.

GHCS has a policy of appropriating funds for distribution each year based on the greater of $800,000 or 5% of the average market value of its investments for the prior 12 quarters. In establishing this policy, GHCS considered the long-term expected return on its endowment.

From time to time, the fair value of assets associated with permanently restricted endowment funds may fall below the level determined under Connecticut UPMIFA.

(7) Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes (in thousands):

	September 30	
	2015	2014
Specific hospital operations, teaching, research, indigent and free care, and training	$ 125,467	123,058
Plant improvement and expansion	22,101	18,654
	$ 147,568	141,712

Permanently restricted net assets of approximately $93.4 million and $80.9 million at September 30, 2015 and 2014, respectively, consist of donor restricted endowment principal and beneficial interests in perpetual trusts. The income generated from permanently restricted funds is expendable for purposes designated by donors, including research, free care, health care, and other services.

a) On May 6, 2008, CHEFA issued $53.6 million of its Revenue Bonds on behalf of GH, Series C, consisting of variable rate demand bonds. The proceeds were utilized for the refunding of outstanding revenue bonds. Principal amounts related to the Series C revenue bonds mature annually

(Continued)

each July 1 through fiscal 2026. The Series C bonds are required to be supported by a letter of credit, which has been executed with Bank of America. The letter of credit is scheduled to expire in May 2018.

b) In May 2012, the BH Series D tax-exempt revenue bonds were issued through CHEFA under a Master Trust Indenture for approximately $36.4 million, with coupons ranging from 2.0% to 5.0%, and a final maturity of July 2025. The proceeds, including a premium of approximately $4.1 million, were held in an escrow account and used for the retirement of the outstanding tax-exempt revenue bonds and to pay for certain bond issuance costs of approximately $0.8 million. The bond premium is being amortized using the effective interest method and is included in interest expense in the accompanying consolidated statement of operations and changes in net assets.

c) In June 2014, the Obligated Group issued Series E revenue bonds totaling approximately $80.9 million. The Series E revenue bonds were issued as fixed rate bonds with an effective interest rate of 3.47%. The proceeds included a premium of approximately $10.1 million. The proceeds were used to finance costs for the installation of machinery and equipment and various renovations and improvements to the infrastructures at BH and Y-NHH. The premium is being amortized and included in capitalized interest. Upon completion of these projects, the bond premium will be amortized as interest expense in the accompanying consolidated statement of operations and changes in net assets.

d) In January 2013, Y-NHH issued Series N and Series O revenue bonds totaling approximately $100.0 million. The Series N revenue bonds were issued as fixed rate bonds with an effective interest rate of 4.27%. The Series O revenue bonds were issued as VRDBs with an effective interest rate of 2.84% at September 30, 2013. The proceeds, including a premium of approximately $5.2 million for the Series N revenue bonds, were used to refinance a line of credit. The bond premium is being amortized as interest expense in the accompanying consolidated statements of operations and changes in net assets.

e) In June 2014, the Obligated Group issued Series A revenue bonds totaling approximately $102.3 million and Series B revenue bonds totaling approximately $168.3 million. The Series A revenue bonds were issued as fixed rate bonds with an effective interest rate of 3.77%. The Series B revenue bonds were issued as floating rate notes with an effective interest rate of 2.30%. The proceeds from the Series A revenue bonds, including a premium of approximately $14.8 million, and the proceeds from the Series B revenue bonds, were used to defease certain Y-NHH revenue bonds. The bond premium is being amortized as interest expense using the effective interest method in the consolidated statements of operations and changes in net assets.

f) In June 2014, the Obligated Group issued Series C revenue bonds totaling approximately $83.6 million and Series D revenue bonds totaling approximately $108.3 million. The Series C revenue bonds were issued as VRDBs with an effective interest rate of 3.11%. The proceeds from the Series C issuance were used to refund certain Y-NHH revenue bonds. The Series D revenue bonds were issued as VRDBs with an effective interest rate of 3.68%. The proceeds from the Series D issuance were used to refund certain Y-NHH revenue bonds.

(Continued)

As a result of the above transactions, Y-NHH incurred a loss on extinguishment of debt totaling approximately $32.6 million during the fiscal year ended September 30, 2014.

g) In January 2013, Y-NHH issued Series 2013 taxable bonds totaling approximately $132.0 million. The Series 2013 taxable bonds were issued as fixed rate bonds with an effective interest rate of 4.13%. The proceeds were used to finance and refinance the costs of certain projects and activities in furtherance of Y-NHH's tax exempt purpose, including the refinancing of certain existing indebtedness.

h) In June 2014, the Obligated Group issued Series 2014 taxable bonds totaling approximately $50.7 million. The Series 2014 taxable bonds were issued as fixed rate bonds with an effective interest rate of 4.37%. The proceeds were used to finance the costs of certain projects and activities in furtherance of the System's tax-exempt purpose.

i) In connection with the May 2015 purchase of a parcel of real estate, Y-NHH assumed a note payable with an effective interest rate of 5.46%. The note payable has a term of three years and matures in May 2017.

j) In November 2010, BH obtained a $6.6 million term loan from the CHEFA. The proceeds of the loan are to be used for the purchase and installation of energy savings equipment and various renovations and improvements to the infrastructure of BH. The loan is to be paid in monthly installments over ten years at a fixed interest rate of 3.22%.

k) In June 2012, BH obtained a $5.5 million term loan from CHEFA. The loan is to be paid in monthly installments over five years at a fixed rate of 1.66% with the proceeds to be used for medical and cafeteria equipment. The loan is secured by the equipment purchased with the proceeds of the loan.

l) In December 2012, in connection with the purchase of a radiology practice, BH entered into a note payable with the seller in the amount of $15.1 million. The note is to be repaid in monthly installments over five years.

m) Y-NHH entered into a contract to lease space in a building adjacent to Y-NHH. Y-NHH's rental obligation commenced in December 2009. This capital lease has a term of 20 years from the commencement date with the option to extend the lease for four successive terms of ten years. Rental payments increase by 5% every five years. Y-NHH is also subject to additional rent for its share of expenses, as defined in the contract. Y-NHH has the option to purchase the property at the end of the fifth, tenth, or twentieth year or at the end of each of the first three ten-year extension periods.

n) BH entered into an arrangement with a developer to construct a 120,000 square foot medical office building and adjacent garage in Fairfield County, CT. The arrangement contains provisions for BH to begin leasing the property for a 25-year period beginning in April 2016. Management has evaluated the terms of the arrangement and will be recording the project as a capital lease. Upon completion, the total estimated capital lease obligation will approximate $102.0 million. At September 30, 2015 and 2014, construction costs totaled approximately $60.8 million and $20.2 million, respectively, and are included in construction in process in the accompanying consolidated balance sheet.

Required monthly payments on the revenue bonds by the System to a trustee are in amounts sufficient to provide for the payments of principal, interest, and sinking fund installments, as well as required payments to certain reserve funds held by the trustee, in accordance with the terms of the agreements, and certain other annual costs of CHEFA.

Arbitrage rules apply to tax-exempt debt issued after August 31, 1986. The rules require that, in specified circumstances, earnings from the investment of tax-exempt bond proceeds which exceed the yield on the bonds must be remitted to the Federal government.

The GH Series C, Y-NHH Series C, Y-NHH Series D and Y-NHH Series O VRDBs are required to be supported by letter of credit facilities (LOCs) which have been executed with three financial institutions. These LOCs are scheduled to expire on May 7, 2018, December 31, 2017, June 23, 2017, and February 14, 2018, respectively.

The Hospitals maintain the bank letters of credit to ensure the availability of funds to purchase any bonds tendered by bondholders that the remarketing agents are unable to remarket to new bondholders. Draws related to such tenders under the letters of credit will become Bank Bonds. As Bank Bonds, they can still be remarketed by the remarketing agents. If not remarketed successfully as Bank Bonds, the Hospitals will have the opportunity to refinance them, depending upon which bond series, during a period of from 90 to 367 days from initial draw date. If the Bank Bonds are not refunded and remain outstanding exceeding such period from initial draw date, GH will be required to make monthly payments over three years and Y-NHH will be required to make quarterly payments over five years. There were no draws under the letters of credit as of September 30, 2015.

The terms of the various financing arrangements between CHEFA and the System, the financial institutions providing the LOCs and the System, and the bank and the System provide for financial covenants regarding the System's debt service coverage ratio, liquidity ratio, and debt to capitalization ratio, among others.

Assets recorded under the capital lease obligations totaled approximately $118.1 million and $90.4 million as of September 30, 2015 and 2014, respectively. Accumulated depreciation for the capital lease obligations totaled approximately $10.1 million and $19.3 million at September 30, 2015 and 2014, respectively.

Capitalized interest at September 30, 2015 and 2014 totaled approximately $30.9 million and $29.9 million, respectively.

For the years ended September 30, 2015 and 2014, the System paid approximately $23.4 million and $25.5 million, respectively, for interest related to long-term debt and capital lease obligations.

Scheduled principal payments on all long-term debt, including capital lease obligations, are as follows (in thousands):

	Debt	Capital lease obligations
Year ending September 30:		
2016	$ 16,472	8,633
2017	25,897	13,052
2018	15,829	13,052
2019	17,601	13,053
2020	18,290	13,235
Thereafter	799,193	177,133
	$ 893,282	238,158
Less interest		(128,949)
		$ 109,209

The following table summarizes the System's interest rate swap agreements (in thousands):

Swap type	Expiration date	System receives	System pays	Notional amount at September 30 2015	Notional amount at September 30 2014
Series O – fixed to floating	July 1, 2053	67% of LIBOR	2.84%	$ 50,000	50,000
Series B – fixed to floating	July 1, 2049	67% of LIBOR	2.31%	100,965	100,965
Series B – fixed to floating	July 1, 2049	LIBOR	2.29%	67,310	67,310
Series C – fixed to floating (Y-NHH)	July 1, 2025	LIBOR	3.11%	51,592	55,861
Series D – fixed to floating	July 1, 2036	LIBOR	3.68%	44,505	44,505
Series C – fixed to floating (Greenwich Hospital)	July 1, 2026	LIBOR	3.10%	24,000	25,700
				$ 338,372	344,341

The swap agreements fix the interest rate at a level viewed as desirable by the System. Such agreements expose the System to credit risk in the event of nonperformance by the counterparties, some of which is collateralized. At September 30, 2015 and 2014, the fair value of the swap agreements based on current interest rates was approximately $54.7 million and $36.1 million, respectively, representing a payable to the counterparties (recorded in other long-term liabilities).

For the Y-NHH Series O swap, there was an unfavorable change in fair value of $0.7 million and $0.6 million for the years ended September 30, 2015 and 2014, respectively, which was recorded in excess of revenue over expenses. No collateral was required under the Series O swap agreement for the years ended September 30, 2015 and 2014.

(Continued)

In June 2014, Y-NHHSC, on behalf of the Obligated Group, entered into LIBOR swap rate locks with two counter parties (the Series B swaps). For the Series B swaps, there was an unfavorable change in fair value of approximately $13.2 million and $7.1 for the years ended September 30, 2015 and 2014, respectively, which was recorded in excess of revenue over expenses. No collateral was required under the Series B swap agreements for the years ended September 30, 2015 and 2014.

For the Y-NHH Series C swap, there was a favorable change in fair value of approximately $0.5 million and $1.0 million, respectively, for the years ended September 30, 2015 and 2014 which was recorded in excess of revenue over expenses. No collateral was required under the Y- NHH Series C swap agreement for the years ended September 30, 2015 and 2014.

For the Y-NHH Series D swap, there was an unfavorable change in fair value of approximately $4.2 million and $2.2 million for the years ended September 30, 2015 and 2014, respectively, which was recorded in excess of revenue over expenses. No collateral was required under the Series D swap agreement for the years ended September 30, 2015 and 2014.

In connection with its Series C revenue bonds, GH entered into an interest rate swap agreement (the GH swap) with a financial institution. Under the terms of the GH swap, GH will receive variable interest payments and pay fixed interest payments on a notional value of approximately $24.0 million.

For the GH swap, there was a favorable change in fair value of approximately $0.3 million for the years ended September 30, 2015 and 2014 which was recorded in excess of revenue over expenses. The terms of the swap agreement have not required GH to collateralize funds to be held by the financial institution as of September 30, 2015 and 2014.

(9) Pensions and Postretirement Benefits

The System has qualified and nonqualified defined benefit pension plans covering substantially all employees and executives. The benefits provided are based on age, years of service, and compensation. The System's policy is to fund the pension benefits with at least the minimum amounts required by the Employee Retirement Income Security Act of 1974.

The System also sponsors contributory 403(b) plans and 401(k) plans covering substantially all employees. Employer contributions for certain 403(b), made to a matching 401(a) plan, and 401(k) plans are determined based on employee contributions and years of service. The System contributed approximately $62.0 million and $51.3 million for the years ended September 30, 2015 and 2014, respectively. Amounts due to the defined contribution plans amounted to $28.7 million and $21.7 million at September 30, 2015 and 2014, respectively, and is included in accrued expenses in the accompanying balance sheets.

Y-NHH maintains a Section 457 Nonqualified deferred compensation plan. Contributions are made on a pre-tax basis. The balances recorded at September 30, 2015 and 2014 in other assets and other long-term liabilities were approximately $34.4 million and $32.5 million, respectively.

On June 30, 2006, BH froze its defined benefit plan. On October 1, 2006, BH instituted a defined contribution plan.

(Continued)

Effective as of December 31, 2006, GH amended its defined benefit pension plan to freeze benefits for employees who were under age 50 with less than five years of service. Effective January 1, 2007, GH began providing a matching contribution and a length of service contribution, in addition to its incentive contribution, for its defined contribution plan for all employees no longer accruing benefits under the defined benefit plan. Employees who were age 50 or older with five years of service continue to accumulate benefits under the defined benefit plan, and do not participate in the defined contribution plan.

Effective September 30, 2013, the Y-NHH qualified defined benefit pension plan and the 401(a) plan were amended to reduce the percentage of compensation contributed by Y-NHH to the qualified defined benefit pension plan and to increase the percentage of compensation contributed by Y-NHH to the 401(a) plan for the plan years commencing after December 1, 2013.

Y-NHH and GH also provide certain health care and life insurance benefits upon retirement to substantially all their employees. Y-NHH's and GH's policy is to fund these annual costs as they are incurred from the general assets of Y-NHH and GH. The estimated cost of these postretirement benefits is actuarially determined and accrued over the employees' service periods.

Included in unrestricted net assets at September 30, 2015 and 2014 are the following amounts that have not yet been recognized in net periodic pension cost: unrecognized prior service credit of approximately $20.4 million and $22.4 million, respectively, and unrecognized actuarial losses of approximately $350.1 million and $308.0 million, respectively. The prior service credit and actuarial loss included in unrestricted net assets and expected to be recognized in net periodic pension cost during the year ending September 30, 2016 are approximately $2.0 million and $17.5 million, respectively.

Projected benefit obligation	$ (922,289)	(908,910)
Accumulated benefit obligation	(919,111)	(829,877)
Fair value of plans' assets	649,835	663,472

As of September 30, 2015 and 2014, the underfunded status of the qualified defined benefit pension plans was approximately $222.2 million and $197.6 million, respectively, and that of the nonqualified defined benefit pension plan was approximately $50.2 million and $47.9 million, respectively. Additionally, there are assets limited as to use of approximately $78.8 million and $77.9 million, which are available to satisfy the obligations of the nonqualified defined benefit pension plan at September 30, 2015 and 2014, respectively.

The net periodic benefit cost for the years ended September 30, 2015 and 2014 is as follows (in thousands):

	Defined benefit pension plans		Postretirement benefits plan	
	2015	2014	2015	2014
Service cost	$ 23,106	24,830	3,789	3,617

Weighted average assumptions used to determine benefit obligations at September 30, 2015 and 2014 are as follows:

	Defined benefit pension plans		Postretirement benefits plan	
	2015	2014	2015	2014
Discount rate for determining benefit obligations at year-end, qualified plan	4.3–4.4%	4.2–4.3%	4.5%	4.4%
Discount rate for determining benefit obligations at year-end, nonqualified plan	4.3%	4.4%	—	—
Rate of compensation increase	2.5–4.0%	2.5–5.0%	—	—

Weighted average assumptions used to determine net periodic benefit cost for the years ended September 30, 2015 and 2014 are as follows:

	Defined benefit pension plans		Postretirement benefits plan	
	2015	2014	2015	2014
Discount rate for determining net periodic benefit cost at year-end, qualified plan	4.2–4.3%	4.8–4.9%	4.4%	4.9%

Expected rate of return on plan assets	6.75–7.75	6.75–7.75	—	—
Rate of compensation increase	2.5–5.0%	3.5–5.0%	—	—

For measurement purposes relating to the postretirement benefits plan, a 4.0% and 5.0% annual rate of increase in the per capita cost of covered health care benefits was assumed for fiscal 2015 and fiscal 2014, respectively. Rates are assumed to decline to 4.5% through fiscal 2016.

(Continued)

Assumed health care cost trend rate assumptions have a significant effect on the amounts reported. A 1% change in the assumed health care cost trend rate would have the following effects (in thousands):

	1% increase	1% decrease
Effect on total of service and interest cost components	$ 50	(59)
Effect on postretirement benefit obligations	335	(381)

The asset allocation of the System's pension plans at September 30, 2015 and 2014, on a combined basis, was as follows:

Asset category	Target allocation 2016	Percentage of assets 2015	2014
Equity securities	42–46	46%	44%
Debt securities	17–21	22	22

There are no pension investments that are measured at fair value based on Level 2 and Level 3 inputs at September 30, 2015 or 2014.

The System's investment strategy for its pension assets balances the liquidity needs of the pension plans with the long-term return goals necessary to satisfy future pension obligations. The target asset allocation seeks to capture the equity premium granted by the capital markets over the long-term while ensuring security of principal to meet near term expenses and obligations through the fixed income allocation. The allocation of the investment pool to various sectors of the markets is designed to reduce volatility in the portfolio.

The System's pension portfolios return assumption of 7.75% is based on the targeted weighted- average return of comparative market indices for the asset classes represented in the portfolio and discounted for pension expenses.

The future cash flows of the System relative to retirement benefits are expected to be as follows (in thousands):

	Defined benefit pension plans	Postretirement benefit plan
Estimated benefit payments related to years ending September 30:		
2016	$ 43,852	2,131
2017	46,301	2,399
2018	49,597	2,606
2019	52,417	2,835
2020	56,199	3,073
2021 to 2025	319,889	20,305

The System expects to make contributions of approximately $51.7 million for pension benefits and approximately $2.1 million for postretirement benefits in fiscal 2016.

(10) Professional Liability Insurance

In 1978, Y-NHH and a number of other academic medical centers formed The Medical Centre Insurance Company Ltd. (the Captive) to insure for professional and comprehensive general liability risks. In 1997, the Captive formed MCIC Vermont, Inc. (MCIC) to write direct insurance for the professional and general liability risks of the shareholders. Since 1997, the Captive has acted as a reinsurer for varying levels of per claim limit exposure. MCIC has reinsurance coverage from outside reinsurers for amounts above the per claim limits. Premiums are based on claims made coverage, and are actuarially determined based on actual experience of the System, the Captive, and MCIC.

Y-NHH controls less than 20% of the Class A stock of MCIC; however, for accounting purposes the investment in the insurance companies is recorded on the equity method because of contractual agreements.

The System entities participate in the Y-NHH insurance program as additional insureds. All System entities initially pay premiums to Y-NHHSC. Y-NHHSC generally assumes the responsibility for ensuring that all the System members pay all premiums owed by them to MCIC. Y-NHHSC manages MCIC's operations for all other System members.

MCIC's policy is to establish retrospective-related premiums for its shareholders equivalent to estimated losses and general and administrative expenses, less estimated investment income, so that its results of operations are breakeven each year. The System accrues premiums as incurred.

The estimate for claims-made professional liabilities and the estimate for incidents that have been incurred but not reported aggregated approximately $180.4 million and $179.4 million at September 30, 2015 and 2014, respectively for the System. The undiscounted estimate for incidents that have been incurred but not reported aggregated approximately $69.1 million and $64.0 million for the System at September 30, 2015

(Continued)

and 2014, respectively, and is included in professional insurance liabilities in the accompanying consolidated balance sheets at the actuarially determined present value of approximately $63.0 million and $57.6 million, respectively, based on a discount rate of 2.0% and 2.50% for the years ended September 30, 2015 and 2014, respectively.

The System has recorded related insurance recoveries receivable of approximately $117.6 million and $121.9 million at September 30, 2015 and 2014, respectively, in consideration of the expected insurance recoveries for the total discounted claims-made insurance. The current portion of professional liabilities and the related insurance receivable represents an estimate of expected settlements and insurance recoveries over the next 12 months.

Lukan, the Y-NHH sponsored professional liability program, continues to manage all incidents and claims reported to Lukan prior to the acquisition of HSR, as well as extending professional liability coverage for post-acquisition risks to certain affiliated community clinicians.

Prior to the 2012 acquisition of HSR, Caritas provided excess professional liability and general liability insurance to HSR and their employed clinicians. Caritas continued to manage all incidents and claims reported prior to the acquisition of HSR and are included in the amounts above.

Caritas and Lukan have recorded the undiscounted estimate for claims-made professional liabilities, and the estimate for incidents that have been incurred but not reported aggregated approximately $29.6 million at September 30, 2014, respectively, and are included in professional liabilities in the accompanying consolidated statements of financial position.

In October 2014, Y-NHH disposed of its interest in Caritas and Lukan (the Captives) through a novation agreement with Medical Centre Insurance Company, Ltd (MCIC) for a total price of approximately $40.2 million. The novation agreement assigns and transfers all of the Captives' past, present and future rights, risks, liabilities and obligations, and transfers substantially all of the assets of the Captives to MCIC. Y-NHH dissolved the Captives in the fiscal year ended September 30, 2015.

The System's estimates for professional insurance liabilities are based upon complex actuarial calculations which utilize factors such as historical claims experience for the System and related industry factors, trending models, estimates for the payment patterns of future claims and present value discount factors. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Revisions to estimated amounts resulting from actual experience differing from projected expectations are recorded in the period the information becomes known or when changes are anticipated.

(11) Commitments and Contingencies

(a) Leases

The System leases various equipment and properties under several noncancelable operating leases that range in terms. The System is responsible for operating expenses, as defined, during the lease terms. Future minimum lease payments under these leases are as follows (in thousands):

2016	$	43,537
2017		37,894
2018		32,653
2019		30,510
2020		14,611
Thereafter		137,229
	$	296,434

The System incurred rent expense under these leases of approximately $51.3 million and $33.0 million for the years ended September 30, 2015 and 2014, respectively.

(b) Cancer Hospital

Y-NHH has a shared facilities and services agreement with the University in connection with the Cancer Hospital which is recorded as deferred revenue. Deferred revenue, from this agreement, at September 30, 2015 and 2014 was approximately $42.7 million and $44.0 million, respectively.

(c) Inpatient Rehabilitation Unit Agreement

During September 2014, Y-NHH entered into an agreement with another health care provider to provide a framework for implementing programs in a manner that is consistent with the charitable mission of each organization and the communities they serve. Under the terms of the agreement, Y-NHH will utilize beds at the health care provider's location under a lease arrangement to provide inpatient rehabilitation services to its patients. In addition, Y-NHH will furnish an $8.0 million term loan to the health care provider.

(d) Litigation

Various lawsuits and claims arising in the normal course of operations are pending, or are in progress against the System. Such lawsuits and claims are either specifically covered by insurance as explained in note 10, or are deemed immaterial. While the outcomes of the lawsuits and claims cannot be determined at this time, management believes that any loss which may arise from these actions will not have a material adverse effect on the consolidated financial position or changes in net assets of the System.

The System has received requests for information from certain governmental agencies relating to, among other things, patient billings. These requests cover several prior years relating to compliance with certain laws and regulations. Management is cooperating with those governmental agencies in their information requests and ongoing investigations. The ultimate results of those investigations, including the impact on the System, cannot be determined at this time.

(e) Affiliation Agreement

In July 2015, YNHHS entered into an affiliation agreement with Lawrence + Memorial Corporation and Subsidiaries (L+M) and its medical foundation. Under the affiliation agreement, L+M and Westerly Hospital would each continue to operate as separate Hospitals under YNHHS with YNHHS committing to make investments for various clinical specialties, primary care, and other strategic investments. During the regulatory approval process, the Connecticut Office of Health Care Access (OHCA), and the Office of the Attorney General, along with the State of Rhode Island and the Federal Trade Commission will review the proposed transaction. Upon completion of the regulatory review process, and upon receipt of the required regulatory approvals, the proposed transaction will be completed.

(12) Functional Expenses

The System provides general acute health care services to residents within its geographic areas. Net expenses related to providing these services are as follows (in thousands):

	Year ended September 30	
	2015	2014
Health care services	$ 2,589,819	2,374,449
General and administrative	852,805	850,125
	$ 3,442,624	3,224,574

(13) Other Revenue

Other revenue consisted of the following (in thousands):

	Year ended September 30

(Continued)

The American Recovery and Reinvestment Act of 2009 included provisions for implementing health information technology under the Health Information Technology for Economic and Clinical Health Act (HITECH). The provisions were designed to increase the use of electronic health record (EHR) technology and establish the requirements for a Medicare and Medicaid incentive payment program beginning in 2012 for eligible providers that adopt and meaningfully use certified EHR technology. Eligibility for annual Medicare incentive payments is dependent on providers demonstrating meaningful use of EHR technology in each period over a four-year period. Initial Medicaid incentive payments are available to providers that adopt, implement, or upgrade certified EHR technology. In subsequent years, providers must demonstrate meaningful use of such technology to qualify for additional Medicaid incentive payments. Hospitals that do not successfully demonstrate meaningful use of EHR technology are subject to payment penalties or downward adjustments to their Medicare payments beginning in federal fiscal year 2015.

The System uses a grant accounting model to recognize revenue for the Medicare and Medicaid EHR incentive payments. Under this accounting policy, EHR incentive payment revenue is recognized when the System is reasonably assured that the EHR meaningful use criteria for the required period of time were met and that the grant revenue will be received. Medicare EHR incentive payment revenue was approximately $4.0 million and $7.4 million for the years ended September 30, 2015 and 2014, respectively, and Medicaid EHR incentive payment revenue was approximately $1.8 million for the year ended September 30, 2014. EHR incentive payment revenue is included in other revenue in the accompanying consolidated statements of operations and changes in net assets. Income from incentive payments is subject to retrospective adjustment upon final settlement of the applicable cost report from which payments were calculated. Additionally, the System's attestation of compliance with the meaningful use criteria is subject to audit by the federal government.

(14) Non-operating Gains and Losses, Net

Nonoperating gains and losses consisted of the following (in thousands):

	Year ended September 30	
	2015	2014
Income from investments, donations and other, net	$ 5,099	3,103
Income attributable to noncontrolling interest	(5,522)	(5,992)

Contributions received consisted of the following (in thousands):

	2015	2014
Unrestricted contributions	$ 4,360	3,966
Temporarily restricted contributions	28,157	24,185
Permanently restricted contributions	15,176	5,372
Total contributions	47,693	33,523
Less fundraising costs	(9,402)	(9,473)
	$ 38,291	24,050

During 2015, the Attorney General approved the transfer of certain philanthropic funds to Y-NHH from the Hospital of Saint Raphael and its Foundation related to Y-NHH's acquisition of the Hospital of Saint Raphael in FY 2012. The funds approved for transfer are included as contributions to temporarily restricted net assets and permanently restricted net assets totaling $8.8 million and $11.5 million, respectively, for the year ended September 30, 2015.

(15) Fair Values of Financial Instruments

In determining fair value, the System utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The System also considers nonperformance risk in the overall assessment of fair value

ASC No. 820-10 establishes a three-tier valuation hierarchy for fair value disclosure purposes. This hierarchy is based on the transparency of the inputs utilized for the valuation. The three levels are defined as follows:

Level 1: Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities. This established hierarchy assigns the highest priority to Level 1 assets.

Level 2: Observable inputs that are based on data not quoted in active markets, but corroborated by market data.

Level 3: Unobservable inputs that are used when little or no market data is available. The inputs are assigned the lowest priority.

Report of Independent Auditors

The Board of Directors
Yale-New Haven Health Services Corporation
d/b/a Yale New Haven Health System and Subsidiaries

We have audited the accompanying consolidated financial statements of Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries, which comprise the consolidated balance sheets as of September 30, 2014 and 2013, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Consolidated Financial Statements

September 30, 2014

1. Organization and Significant Accounting Policies

Yale-New Haven Health Services Corporation (Y-NHHSC), formed in 1983, was incorporated under the Connecticut Nonstock Corporation Act to coordinate the activities of the members of the Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries (collectively, the System), and is an integrated regional health care delivery system. The System currently includes the following entities:

Y-NHHSC was the parent company of YNH Network Corporation (YNHNC) as well as the sole member of Bridgeport Hospital & Healthcare Services, Inc. (BHHS) and remains the parent company of Greenwich Health Care Services, Inc. (GHCS), Northeast Medical Group, Inc (NEMG), and Y-NHH-MSO, Inc. (MSO).

YNHNC was a Connecticut not-for-profit, non-stock corporation established to promote and carry out charitable, scientific and educational activities. YNHNC was the sole member of Yale-New Haven Hospital, Inc., Yale-New Haven Care Continuum Corporation (YNHCCC), and the parent organization of Yale-New Haven Ambulatory Services Corporation and Subsidiaries (ASC) and York Enterprises, Inc. and Subsidiaries (York). YNHNC controlled, through contractual agreements, Quinnipiac Medical P.C. (QMPC) and Community Healthcare Physicians (CHCP). YNHNC had an affiliation agreement with Y-NHHSC in which Y-NHHSC was the sole member of YNHNC. In fiscal year 2014, Yale-New Haven Hospital and its parent company, YNHNC, were merged in connection with the formation of an Obligated Group and are now referred to as Yale-New Haven Hospital and Subsidiaries (Y-NHH). As a result, Y-NHH's financial statement reporting entity changed to include YNHCCC, ASC and York previously reported in the consolidated financial statements of YNHNC, retrospective to October 1, 2012.

Y-NHHSC is the sole member of Y-NHH. Y-NHH and its subsidiaries have continued to operate autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets and board appointments of Y-NHH. Y-NHH is the parent of:

YNHCCC, a Connecticut non-stock corporation, is a wholly owned subsidiary of Y-NHH. YNHCCC provides long-term care for those unable to live independently and short-term rehabilitation for patients who have experienced elective surgery, an injury or a traumatic major illness. Its services include respite care for family members and caregivers, recovery for victims of strokes, orthopedic recovery services, medications and diagnostic services (such as radiological services).

1. Organization and Significant Accounting Policies (continued)

ASC, a Connecticut non-stock, taxable corporation, is a wholly owned subsidiary of Y-NHH, and is 51% owner of Shoreline Surgery Center, LLC (SSC) and SSC II, LLC.

York is a Connecticut corporation formed for the purpose of initiating or acquiring business entities. Currently, York has two subsidiaries: Medical Center Pharmacy and Home Care, Inc. (MCP) and Medical Center Realty, Inc. (MCR). MCP is a Connecticut stock, for-profit company, which operated a retail pharmacy with multiple locations until February 2011. MCR is a Connecticut stock, for-profit company, which owns or holds leases on the System's affiliated commercial space. York is the sole shareholder of MCP and MCR.

QMPC and CHCP are Connecticut stock, for-profit, professional corporations formed in 1994 and 1996, respectively, to employ New Haven area primary care physicians. All of the stock of QMPC and CHCP is owned by the Chief of Staff of Y-NHH, who has assigned his rights in QMPC and CHCP to Y-NHH. QMPC and CHCP were both dissolved effective September 27, 2013.

Caritas Insurance Company, Ltd. (Caritas) is a Vermont-domiciled, captive insurance company licensed under Chapter 141 of Title 8 of the Vermont Statutes Annotated. Caritas is a tax-exempt supporting organization having the Hospital as its sole shareholder. Caritas provides excess professional liability coverage and general liability coverage. Prior to the 2012 acquisition of the stock of Caritas by Y-NHH from the Hospital of Saint Raphael (HSR), Caritas was a wholly-owned subsidiary of HSR.

Lukan Indemnity Company, Ltd. (Lukan) is a Bermuda-domiciled captive insurance company that provides primary professional liability coverage. Prior to the 2012 acquisition of the stock of Lukan by Y-NHH from HSR, Lukan was a wholly-owned subsidiary of HSR.

BHHS was a Connecticut not-for-profit, nonstock corporation established to promote and carry out charitable, scientific, and educational activities. BHHS was the sole member of the following not-for- profit, nonstock corporations: Bridgeport Hospital, Bridgeport Hospital

1. Organization and Significant Accounting Policies (continued)

Foundation, Inc. (the Foundation), Southern Connecticut Health System Properties, Inc. (Properties), and the BHHS. BHHS had an affiliation agreement with Y-NHHSC in which Y-NHHSC was the sole member of BHHS. In fiscal year 2014, Bridgeport Hospital and BHHS were merged in connection with the formation of an Obligated Group and are now referred to as Bridgeport Hospital and Subsidiaries (BH). As a result, Bridgeport Hospital's financial statement reporting entity changed to include the Foundation and Properties, which were previously reported in the consolidated financial statements of BHHS. The change in reporting entity was retrospectively applied to the consolidated financial statements for BH for all periods presented.

Y-NHHSC is the sole member of BH. BH and its subsidiaries have continued to operate autonomously with a separate board management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets and board appointments of BH. BH is the sole member of the following not-for-profit, non-stock corporations:

The Foundation solicits contributions for the benefit of BH and all other tax-exempt health care organizations associated with BH.

Properties is a real estate holding company, which sold primarily all of its assets to BH during 1998.

NEMG is a tax-exempt medical foundation that provides physician-related services to Bridgeport, Greenwich, and Yale-New Haven Hospitals and their surrounding communities. NEMG operates autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, and board appointments of NEMG.

Concurrent with the issuance of the Connecticut Health and Educational Facilities Authority (CHEFA) Revenue Bonds, Yale-New Haven Health Obligated Group Issue, Series A, B, C, D and E dated May 20, 2014, six members of the System were combined to form an Obligated Group. The Obligated Group comprises of Y-NHHSC, Y-NHH, YNHCCC, BH, BHF and NEMG. The members of the Obligated Group have adopted certain governance provisions in their certificates of incorporation and by-laws pursuant to which Y-NHHSC retains the authority to directly take certain actions on behalf of each Obligated Group member without the approval of the board of trustees of the applicable Obligated Group

member, including the incurrence of indebtedness on behalf of each Obligated Group member, the management and control of the liquid assets of each, and the appointment of the president and chief executive officer of each Obligated Group member. GHCS and its subsidiaries are part of the System, but they are not members of the Obligated Group.

GHCS is the parent corporation of a group of wholly owned subsidiaries, including Greenwich Hospital, The Perryridge Corporation, Greenwich Health Care Services, Inc. (GHSI), the Greenwich Hospital Endowment Fund, Inc., and Greenwich Ambulatory Surgery Center, LLC (GASC). GHCS and its subsidiaries, with the exception of GHSI, are Section 501(c)(3) not-for-profit organizations, and are exempt from federal income taxes under Section 501(a) of the Code. Greenwich Hospital, a non-stock Connecticut corporation, is a wholly owned subsidiary of GHCS (the sole member), providing health care services to the lower Fairfield County and Westchester County, New York communities. GHCS and its subsidiaries have continued to operate autonomously with a separate board, management and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, any transfer of assets, and Board of Director appointments of GHCS and its subsidiaries.

On October 21, 2010, GASC entered into an agreement to operate Orthopedic & Neurosurgery Center of Greenwich, LLC (the JV), for the purpose of providing outpatient surgical services in the greater Fairfield County and Westchester County communities. GASC holds governance control of the JV and a 35% equity interest as of September 30, 2011. Accordingly, the accounts of the JV have been included in the balance sheets of GASC. The non-controlling interest in the JV is reported in the consolidated financial statements.

MSO, a for-profit stock corporation, was formed to manage physician practices and provide third-party administration services on certain managed care contracts. The capital stock of MSO consists of 20,000 shares of common stock, par value of one one-hundredth of a dollar per share. The Board of Directors of MSO is appointed by Y-NHHSC, the sole shareholder, who controls MSO's operations.

1. Organization and Significant Accounting Policies (continued)

Acquisitions

On June 1, 2014, NEMG and Y-NHHSC acquired certain assets of PriMed, LLC (PriMed), a physician practice for approximately $54.2 million. Y-NHHSC contributed the entire purchase price. PriMed is a multi-specialty group of approximately 120 providers in 36 locations across Fairfield County and New Haven County, Connecticut. PriMed also is the sole member of a gastroenterology surgery center, the Fairfield County Endoscopy Center, and offers a number of ancillary services, such as a sleep laboratory, cardiac diagnostic testing, physical therapy and nutritional counseling. Under the terms of the transaction, NEMG and Y-NHHSC acquired substantially all the assets of PriMed and a 40% interest in the gastroenterology surgery center. Y-NHHSC deposited $5.5 million into escrow to fund the purchase of the remaining 60% membership interest in the gastroenterology surgery center. Also at acquisition, Y-NHHSC recorded a liability of $5 million for the amounts to be paid to PriMed physicians contingent on their continued service in the three years following the acquisition closing date as per the agreement.

On October 11, 2013, Y-NHH purchased 100% controlling interest of Saint Raphael Magnetic Resonance Center (SRMP) for approximately $7.4 million. Prior to the purchase of this practice by Y-NHH, the controlling interest in SRMP was owned through a 50/50 joint venture between ASC and Medical Imaging Associates, P.C. ASC has transferred its 50% ownership to Y-NHH. In connection with this transaction, Y-NHH recorded goodwill in the amount of $5.6 million.

During 2013, BH acquired substantially all of the business, assets, and operations of Robert D. Russo and Associates Radiology P.C. (Russo Radiology). The acquisition includes installment payments totaling $15 million, including interest, ranging from approximately $1.5 million to $3.9 million due from May 2013 through June 2017. At September 30, 2014 and 2013, BH has a liability of approximately $6.3 million and $9.5 million, respectively, remaining. BH has accounted for the business combination by applying the acquisition method of accounting in accordance with Accounting Standards Codification (ASC) Topic 805, *Business Combinations*. As a result of the transaction, goodwill in the amount of approximately $13.5 million was recorded.

Principles of Consolidation

The accompanying consolidated financial statements present the accounts and transactions of the System and its subsidiaries. All significant intercompany revenue and expenses and inter-company balance sheet accounts have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, including estimated uncollectibles for accounts receivable for services to patients, and liabilities, including estimated net settlements with third-party payors and professional liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the amounts of revenue and expenses reported during the period. There is at least a reasonable possibility that certain estimates will change by material amounts in the near term. Actual results could differ from those estimates.

During the years ended September 30, 2014 and 2013, the System recorded a change in estimate of approximately $11.9 and $9.4 million, respectively. Included in the change are amounts related to unfavorable third-party payor settlements.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the System has been limited by donors to a specific time period or purpose, and appreciation on permanently restricted net assets. Permanently restricted net assets have been restricted by donors to be maintained by the System in perpetuity. The System is a partial beneficiary to various perpetual trust agreements. Assets recorded under these agreements are recognized at fair value. The investment income generated from the trusts is unrestricted, and the assets are classified as permanently restricted.

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions receivable to be received after one year are discounted at a discount rate commensurate with the risks involved. Amortization of the discount

1. Organization and Significant Accounting Policies (continued)

is recognized as revenue, and is classified as either unrestricted or temporarily restricted in accordance with donor-imposed restrictions, if any, on the contributions.

Capital Campaign and Pledges Receivable

Contributions and pledges receivable, included in other current assets and other assets in the accompanying consolidated balance sheets at September 30, 2014 and 2013, are expected to be received as follows (in thousands):

	September 30	
	2014	2013
Less than one year	$ 5,164	$ 9,482
One to five years	4,298	1,772
	9,462	11,254
Less unamortized discount on contributions receivable (0.1% to 3.7%)	(208)	(65)
	9,254	11,189
Allowance for uncollectible contributions	(277)	(336)
Contributions receivable, net	$ 8,977	$ 10,853

Excluded from contributions receivable are certain items, primarily letters of intent, which are not legally binding and gifts conditional on events that have not yet occurred.

Donor Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. All gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets.

1. Organization and Significant Accounting Policies (continued)

Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid financial instruments with original maturities of three months or less when purchased, which are not classified as assets limited as to use, and which are not maintained in the short-term or long-term investment portfolios.

Cash and cash equivalents are maintained with domestic financial institutions with deposits which exceed federally insured limits. It is the System's policy to monitor the financial strength of these institutions.

Accounts Receivable

Patient accounts receivable result from the health care services provided by the System. Additions to the allowance for doubtful accounts result from the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance for doubtful accounts.

The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in Medicare and Medicaid health care coverage, and other collection indicators. See Note 2 for additional information relative to third-party payor programs.

Loan Receivable

On September 2014, Y-NHH entered into a term loan agreement as part of a transaction with a health care provider more fully described in Note 11. The term loan agreement has a term that coincides with an agreement for Y-NHH to lease an Inpatient Rehabilitation Unit (IRU). The term of the IRU Lease Agreement is five years and provides Y-NHH with two five-year renewal options at the end of each term.

The term loan bears interest of 6.5% annually that is payable monthly. The loan is collateralized by certain property owned by a subsidiary of the health care provider.

Investments

The System has designated its investment portfolio as trading. Investment income or loss (including realized gains and losses on investments, interest, and dividends) and the change in net unrealized gains and losses are included in the excess of revenue over expenses unless the income or loss is restricted by donor or law.

Investments in equity securities with readily determinable fair values and investments in debt securities are measured at fair value (quoted market prices) in the accompanying consolidated balance sheets.

Certain alternative investments (non-traditional, not-readily-marketable assets) are structured such that the System holds limited partnership interests or pooled units and are accounted for under the equity method and utilizing Yale University's (the University) reported net asset value per unit for measurement of the units' fair value for the Yale University investment. Individual investment holdings within the alternative investments may, in turn, include investments in both non-marketable and market-traded securities. Valuations of those investments and, therefore, the System's holdings may be determined by the investment manager or general partner. Fund of funds investments are primarily based on financial data supplied by the underlying investee funds. Values may be based on historical cost, appraisals, or other estimates that require varying degrees of judgment. The equity method reflects net contributions to the investee and an ownership share of realized and unrealized investment income and expenses. The investments may indirectly expose the System to securities lending, short sales of securities, and trading in futures and forwards contracts, options, swap contracts and other derivative products. While these financial instruments may contain varying degrees of risk, the System's risk with respect to such transactions is limited to its capital balance in each investment. The financial statements of the investees are audited annually by independent auditors. Future funding commitments for alternative investments aggregated approximately $4.9 million at September 30, 2014.

The System participates in the Yale New Haven Health System Investment Trust (the Trust), a unitized Delaware Investment Trust created to pool assets for investment by the Health System non-profit entities. The Trust is comprised of two pools: the Long-Term Investment Pool (L-TIP) and the Intermediate-Term Investment Pool (I-TIP). Governance of the Trust is performed by the Yale New Haven Health System Investment Committee.

1. Organization and Significant Accounting Policies (continued)

Under the terms of the investment management agreement with the Trust, withdrawals of investments in the L-TIP can be made annually by each Hospital on July 1. Amounts withdrawn are subject to a schedule that allows larger withdrawals with longer notice periods. As of September 30, 2014, each Hospital can withdrawal 100% of its investment in the L-TIP on July 1, 2015. Withdrawals of investments in the I-TIP in any amount can be made quarterly with 30 days advance notice.

The Trust has entered into an agreement with The University's investment office (the Investment Management Agreement) which allows the University to manage a portion of the Trust's investments as part of the University's Endowment Pool (the Pool). For each of the years ended September 30, 2014 and 2013, the Trust transferred $100 million to the University in exchange for units in the Pool. The Trust's interest in the Pool is reported at fair value based on the net asset value per units held. The Pool invests in domestic equity, foreign equity, absolute return, private equity, real assets, fixed income, and cash.

Under the terms of the investment management agreement with the University, withdrawals of the Trust's investment in the Pool can be made annually by the Trust on July 1. For withdrawals of amounts less than $150.0 million, or 75% of the Trust's investment in the Pool, $100.0 million, or 50% of the Trust's investment in the Pool, and $50.0 million, or 25% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 180 days, 90 days, and 30 days, respectively, prior to the University's fiscal year ending June 30. For withdrawals greater than $150.0 million or more than 75% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 270 days prior to the University's fiscal year end of June 30.

In March 2006, Y-NHH entered into an arrangement with the University, whereby the University will manage certain Board-designated assets of Y-NHH. These Board-designated assets are commingled in the University's endowment pool. As of September 30, 2014 and 2013, the carrying value of assets managed by the University under this agreement was approximately $10.4 million and $9.1 million, respectively. Because of the limitations on their use, the assets are separately classified from assets invested under the Investment Management Agreement.

1. Organization and Significant Accounting Policies (continued)

In 2011, the investment management agreement between the Trust and the University was modified to allow the Trust to obtain a cash advance, up to a maximum of $75 million, on a monthly basis. For these advances, interest of U.S. Prime rate, plus 2% will be paid by the Trust. Repayments on the advances are made by the Trust by way of redemptions of a sufficient number of Trust's units in the Endowment using the June 30th unit valuation. No advances have been requested or taken by the Trust.

Short-term investments represent those securities that are available for the System's operations, and can be converted to cash within one year.

Inventories

Inventories are stated at the lower of cost or market. The System values its inventories using the first-in, first-out method, with the exception of Y-NHH's pharmacy inventories, which are valued at average cost.

Assets Limited as to Use

Assets so classified represent assets held by trustees under indenture agreements, beneficial interest in perpetual trusts, and designated assets set aside by the Board of Trustees for future capital improvements, and other Board-approved uses. The Board of Trustees retains control and, at its discretion, may use for other purposes assets limited as to use for plant improvements and expansion. Amounts required to meet current liabilities are reported as current assets. These funds consist primarily of U.S. government securities, equities, debt securities, mutual funds and money market funds.

Perpetual Trusts

The System is the beneficiary of certain perpetual trusts held and administered by others. The present values of the estimated future cash receipts, which are measured based on the fair value of the assets held by the trust, are recognized as assets and contribution revenue at the dates the trusts are established. Distributions from the trusts related to earnings and investment income are recorded as contributions, and the carrying value of the assets is adjusted for changes in the fair value.

1. Organization and Significant Accounting Policies (continued)

Interest Rate Swap Agreements

The System utilizes interest rate swap agreements to reduce risks associated with changes in interest rates. Interest rate swap agreements are reported at fair value. The System is exposed to credit loss in the event of non-performance by the counterparties to its interest rate swap agreements. The System is also exposed to the risk that the swap receipts may not offset its variable rate debt service. To the extent these variable rate payments do not equal variable interest payments on the bonds, there will be a net loss or net benefit to the System.

Benefits and Insurance

The System is effectively self-insured for medical, dental, hospitalization, and prescription drug benefits provided to employees. Y-NHH and Y-NHHSC make annual contributions to the Y-NHHSC Voluntary Employee Beneficiary Association (VEBA) plan to fund medical, dental, hospitalization, group term life insurance and prescription drug benefits. Annually, premiums are set to reflect the estimated cost of benefits. During the years ended September 30, 2014 and 2013, Y-NHH and Y-NHHSC made actuarially determined contributions, net of premium adjustments, to the VEBA plan of approximately $172.6 million and $169.2 million, respectively.

Professional Liability Insurance

The System is self-insured for workers' compensation claims. Estimated amounts are accrued for claims, including claims incurred but not reported (IBNR), and are based on System-specific experience. At September 30, 2014 and 2013, the estimated discounted liabilities for self-insured workers' compensation claims and IBNR aggregated approximately $29.4 million and $29.0 million, respectively, discounted at 2.5%, and are included in other long-term liabilities in the accompanying consolidated balance sheets.

The System records the actuarially determined liabilities for IBNR professional and general liabilities (see Note 10).

1. Organization and Significant Accounting Policies (continued)

Property, Plant and Equipment

Property, plant and equipment purchased are carried at cost, and those acquired by gifts and bequests are carried at fair value established at the date of contribution. The carrying amounts of assets and the related accumulated depreciation are removed from the accounts when such assets are disposed of, and any resulting gain or loss is included in income from operations. Depreciation of property, plant and equipment is computed by the straight-line method in amounts sufficient to depreciate the cost of the assets over their estimated useful lives, ranging from 3 to 50 years. The cost of additions and improvements are capitalized, and expenditures for repairs and maintenance, including the cost of replacing minor items not considered substantial enhancements, are expensed as incurred.

Y-NHH and the Housing Authority of New Haven (HANH) entered into an agreement to swap parcels of land on the Legion/Howard/Sylvan/Ward block located in New Haven, Connecticut. As part of the key terms of the agreement, HANH pledged an account to Y-NHH in the amount of $5.7 million. The pledged account was established at the time Y-NHH conveyed the land to HANH in July 2010. If HANH failed to meet certain requirements of the agreement, including conveying its land parcel to Y-NHH, Y-NHH had the right to withdraw from the pledged account in the amount of $5.2 million. On November 21, 2013, all criteria was met and HANH conveyed its land parcel to Y-NHH in the amount of $5.2 million.

Goodwill

Goodwill is not amortized but instead tested at least annually for impairment or more frequently when events or changes in circumstances indicate that the assets might be impaired. This impairment test is performed annually at the reporting unit level. The System evaluates goodwill at the entity level as management has determined that the System's operation comprise a single reporting entity. Goodwill is considered to impaired if the carrying value of the reporting unit, including goodwill, exceeds the reporting unit's fair value. Reporting unit fair value is estimated using both income (discounted cash flows) and market approaches.

The discounted cash flow approach requires the use of assumptions and judgments, including estimates of future cash flows and the selection of discount rates. The market approach relies on comparisons to publicly traded stocks or to sales of similar companies. The System has determined that no goodwill impairment exists at September 30, 2014.

1. Organization and Significant Accounting Policies (continued)

Deferred Revenue

Deferred revenue includes amounts which have been received that relate to future years. Amounts will be reduced as revenue is earned.

Excess of Revenue Over Expenses

In the accompanying consolidated statements of operations and changes in net assets, excess of revenue over expenses is the performance indicator. Peripheral or incidental transactions are included in excess of revenue over expenses. Those gains and losses deemed by management to be closely related to ongoing operations are included in other revenue; other gains and losses are classified as non-operating.

Contributions of, or restricted to, property, plant and equipment, and pension and other postretirement liability adjustments are excluded from the performance indicator, but are included in the change in net assets.

Income Taxes

Most entities within the System are not-for-profit corporations as described in Section 501(c)(3) of the Code, and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Provisions for income taxes and deferred taxes, which are not material to the consolidated financial statements, have been made for the taxable entities listed above under the description of the System.

Operating Expenses

Y-NHH records amounts received from the University, area hospitals, and other local health care providers for costs incurred on behalf of those organizations as reductions to expenses. For the years ended September 30, 2014 and 2013, Y-NHH recorded approximately $60.5 million and $67.3 million, respectively, as reductions to expenses.

1. Organization and Significant Accounting Policies (continued)

Deferred Financing Costs

The System capitalizes costs incurred in connection with the issuance of long-term debt, and amortizes these costs over the life of the respective obligations using the effective interest method (Note 8). The accumulated amortization of deferred financing costs was approximately $0.6 million and $1.8 million for September 30, 2014 and 2013, respectively. See Note 8 for additional information relative to debt-related matters.

Impairment of Assets

The System reviews property, equipment, and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. If such impairment indicators are present, the System recognizes a loss on the basis of whether these amounts are fully recoverable.

Reclassifications

Certain reclassifications have been made to the year ended September 30, 2013, balances previously reported in the financial statements in order to conform with the year ended September 30, 2014 presentation. Approximately $52.4 million reported as a reduction to gross accounts receivable are now classified as allowances for uncollectible accounts, charity care and free care on the accompanying balance sheet to conform with current year presentation. See Note 3 for additional information relative to the amendment of the System's Charity Care policy.

New Accounting Pronouncement

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (Topic 606), which requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The adoption of ASU 2014-09 is required on October 1, 2017, and management is currently evaluating the effect of this guidance on its financial statements.

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue

The System has agreements with third-party payors that provide for payments to the System at amounts different from its established rates. The difference is accounted for as allowances. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, fee-for-service, discounted charges, and per diem payments. Net patient service revenue is affected by the State of Connecticut Disproportionate Share program, includes premium revenue, and is reported at the estimated net realizable amounts due from patients, third-party payors, and others for services rendered, and includes estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known, or as years are no longer subject to such audits, reviews, and investigations.

Third-party payor receivables included in other receivables were $8.0 million and $10.7 million at September 30, 2014 and 2013, respectively. Third-party payor receivables included in other long-term assets were $11.3 million at September 30, 2013. Third-party payor liabilities included in other current liabilities were $47.4 million and $24.1 million at September 30, 2014 and 2013, respectively. Third-party payor liabilities included in other long-term liabilities were $76.9 million and $65.6 million at September 30, 2014 and 2013, respectively.

The System has established estimates, based on information presently available, of amounts due to or from Medicare, Medicaid, and third-party payors for adjustments to current and prior year payment rates, based on industry-wide and System-specific data. Such amounts are included in the accompanying consolidated balance sheets. Additionally, certain payors' payment rates for various years have been appealed by the System. If the appeals are successful, additional income applicable to those years might be realized. In April 2014, Y-NHHS began participation in the Centers for Medicare & Medicaid Services Bundled Payments for Care Improvement initiative. Under the Bundled Payments for Care Improvement initiative, Y-NHHS has entered into payment arrangements that include financial and performance accountability for episodes of care.

Revenue from Medicare and Medicaid programs accounted for approximately 32% and 11%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2014, and approximately 32% and 14%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2013. Inpatient discharges relating to Medicare and Medicaid programs accounted for approximately 37% and 27%, respectively for the year ended September 30, 2014 and 37%, and 26%, respectively, for

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue (continued)

the year ended September 30, 2013. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and are subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by material amounts in the near term.

The System believes that it is in compliance with all applicable laws and regulations, and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing, except as disclosed in Note 11. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action, including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and the reduction of funding levels could have an adverse impact on the System. Cost reports for the System's hospitals, which serve as the basis for final settlement with government payors have been settled by final settlement for various years ranging through 2010 for Medicare and through 1995 for Medicaid. Other years remain open for settlement.

The significant concentrations of accounts receivable for services to patients include 37% from Medicare, 13% from Medicaid, and 50% from non-governmental payors at September 30, 2014 and 31% from Medicare, 13% from Medicaid, and 56% from non-governmental payors at September 30, 2013.

Patient service revenue for the years ended September 30, 2014 and 2013, net of contractual allowances and discounts (but before the provision for bad debts), recognized from these major payor sources based on primary insurance designation, is as follows:

	2014	2013
	(In thousands)	
Third-party	$ 3,276,256	$ 3,147,921
Self-pay	135,179	145,640
Total all payors	$ 3,411,435	$ 3,293,561

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue (continued)

Deductibles and copayments under third-party payment programs within the third-party payor amount above are the patient's responsibility and the System considers these amounts in its determination of the provision for bad debts based on collection experience. Accounts receivable are also reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, the System analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts.

The System's allowance for doubtful accounts totaled approximately $272.7 million and $258.3 million at September 30, 2014 and 2013, respectively. The allowance for doubtful accounts for self-pay patients was approximately 81.8% and 82.3% of self-pay accounts receivable as of September 30, 2014 and 2013, respectively.

3. Uncompensated Care and Community Benefit Expense

The System's commitment to community service is evidenced by services provided to the poor and benefits provided to the broader community. Services provided to the poor include services provided to persons who cannot afford health care because of inadequate resources, and/or who are uninsured or underinsured.

The System makes available free care programs for qualifying patients. In accordance with the established policies of the System, during the registration, billing, and collection process, a patient's eligibility for free care funds is determined. For patients who were determined by the System to have the ability to pay but did not, the uncollected amounts are bad debt expense. For patients who do not avail themselves of any free care program, and whose ability to pay cannot be determined by the System, care given but not paid for is classified as charity care. During the year ended September 30, 2014, the System amended it Charity Care policy. Based upon the policy change, the System experienced increased charity care write offs during the year.

Together, charity care and bad debt expense represent uncompensated care. The estimated cost of total uncompensated care is approximately $184.9 million and $158.2 million for the years ended September 30, 2014 and 2013, respectively. The estimated cost of uncompensated care is based on the ratio of cost to charges, as determined by claims activity.

3. Uncompensated Care and Community Benefit Expense (continued)

The estimated cost of charity care provided was $115.8 million and $77.7 million for the years ended September 30, 2014 and 2013, respectively. The estimated cost of charity care is based on the ratio of cost to charges. The allocation between bad debt and charity care is determined based on management's analysis on the previous 12 months of hospital data. This analysis calculates the actual percentage of accounts written off or designated as bad debt versus charity care while taking into account the total costs incurred by the System for each account analyzed.

For the years ended September 30, 2014 and 2013, bad debt expense, at charges, was $123.7 million and $131.8 million, respectively. For the years ended September 30, 2014 and 2013 bad debt expense at cost was approximately $69.1 million and $80.5 million, respectively. The bad debt expense is multiplied by the ratio of cost to charges for purposes of inclusion in the total uncompensated care amount identified above.

The Connecticut Disproportionate Share Hospital Program (CDSHP) was established to provide funds to hospitals for the provision of uncompensated care and is funded, in part, by an assessment on hospital net patient service revenue. During the years ended September 30, 2014 and 2013, the System received $42.2 million and $78.5 million, respectively, in CDSHP distributions, of which approximately $27.8 million and $47.3 million was related to charity care. The System made payments into the CDSHP of $102.5 million for the years ended September 30, 2014 and 2013, for the assessment.

Additionally, the System provides benefits for the broader community which includes services provided to other needy populations that may not qualify as poor but need special services and support. Benefits include the cost of health promotion and education of the general community, interns and residents, health screenings and medical research. The benefits are provided through the community health centers, some of which service non-English speaking residents, disabled children and various community support groups. The System voluntarily assists with the direct funding of several City of New Haven programs, including an economic development program and a youth initiative program.

In addition to the quantifiable services defined above, the System provides additional benefits to the community through its advocacy of community service by employees. The System's employees serve numerous organizations through board representation, membership in associations and other related activities. The System also solicits the assistance of other health care professionals to provide their services at no charge through participation in various community seminars and training programs.

4. Investments and Assets Limited as to Use

The composition of investments, including investments held by the Trust, amounts on deposit with trustee in debt service fund, and assets limited as to use is set forth in the following table (in thousands):

(a) Investments with external international equity and bond managers that are domiciled in the United States. Investment managers may invest in American or Global Depository Receipts (ADR, GDR) or in direct foreign securities.

(b) Investments with external commodities futures manager.

(c) Investment with external multi-strategy fund of funds manager investing in publicly traded equity and credit holdings which may be long or short positions

(d) Investment with an external long-short equity fund of funds manager with underlying portfolio investments consisting of publicly traded equity positions.

(e) Investments with external direct real estate managers and fund of funds managers. Investment vehicles include both closed end Real Estate Investment Trusts (REITs) and limited partnerships.

(f) Yale University Endowment Pool maintains a diversified investment portfolio, through the use of external investment managers operating in a variety of investment vehicles, including separate accounts, limited partnerships, and commingled funds. The pool combines an orientation to equity investments with an allocation to non-traditional asset classes such as an absolute return, private equity, and real assets.

(g) Investments consist of several domestic and international equity and fixed income mutual funds, REITs, commodities and money market funds. There is also an investment in a hedge fund of funds.

6. Endowment

The System's endowment includes donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The System has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act (CUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the System classifies as permanently restricted net assets: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment related to the System's beneficial interest in perpetual trusts made in accordance with the direction of the applicable donor gift instrument at the time of the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the System in a manner consistent with the standard of prudence

6. Endowment (continued)

prescribed by CUPMIFA. In accordance with CUPMIFA, the System considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund; (2) the purposes of the System and the donor-restricted endowment fund; (3) general economic conditions; (4) the possible effect of inflation and deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the System; and (7) the investment and spending policies of the System.

Return Objectives and Risk Parameters

The System has adopted investment and spending policies for endowed assets that attempt to provide a predictable stream of funding to programs supported by its endowment. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity. Under these policies, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that over time provide a rate of return that meets the spending policy objectives adjusted for inflation. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the System relies on a total return strategies in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The System targets a diversified asset allocation that place greater emphasis on equity-based investments to achieve its long-term rate of return objectives within prudent risk constraints.

7. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes (in thousands):

	September 30 2014	2013
Specific hospital operations, teaching, research, indigent and free care, and training	$ 123,058	$ 118,358
Plant improvement and expansion	18,654	10,200
	$ 141,712	$ 128,558

Permanently restricted net assets of approximately $80.9 million and $70.2 million at September 30, 2014 and 2013, respectively, consist of donor restricted endowment principal and beneficial interests in perpetual trusts. The income generated from permanently restricted funds is expendable for purposes designated by donors, including research, free care, health care, and other services.

8. Debt (continued)

In September 2006, Y-NHH issued Series J revenue bonds totaling approximately $280.9 million. The proceeds, including a premium of approximately $10.1 million, were used to finance a portion of the construction costs of the Cancer Hospital. The bond premium was being amortized and was included in capitalized interest through March 2010. As of the opening of the Cancer Hospital, the bond premium was amortized in the statement of operations and changes in net assets. The Series J revenue bonds were issued in three sub-series as follows: (1) Series J-1, approximately $174.4 million, consisting of approximately $83.7 million of serial bonds and approximately $90.7 million in term bonds bearing interest at 5% per annum; (2) Series J-2, approximately $40.0 million of revenue bonds bearing interest at 3.65% at September 30, 2007; (3) Series J-3, approximately $66.5 million of revenue bonds bearing interest 3.70% at September 30, 2007. Series J-2 and J-3 revenue bonds were refunded during the year ended September 30, 2008 by the issuance of Series L revenue bonds.

In May 2008, Y-NHH issued Series K and Series L revenue bonds totaling approximately $216.6 million. The Series K revenue bonds were issued as Variable Rate Demand Bonds (VRDBs) in two sub-series, Series K-1 and K-2, approximately $54.6 million each, with an effective rate of 3.11%. The proceeds from the Series K issuance were used to refund the Series I revenue bonds. The Series L revenue bonds were issued as VRDBs in two sub-series, Series L-1 and L-2, approximately $53.7 million each, with an effective rate of 3.68%. The proceeds from the Series L issuance were used to refund the Series J-2 and J-3 revenue bonds.

On May 6, 2008, CHEFA issued $53.6 million of its Revenue Bonds on behalf of GH, Series C, consisting of variable rate demand bonds. The proceeds were utilized for the refunding of the outstanding Series B revenue bonds. Principal amounts related to the Series C revenue bonds mature annually each July 1 through fiscal 2026. The effective interest rate of 3.22% is the result of the variable rate paid to bondholders, disclosed as interest expense of approximately $0.1 million, and net counterparty payments of approximately $1.3 million in connection with the interest rate swap included in non-operating gains and losses.

In November 2010, BH obtained a $6.6 million term loan from the CHEFA. The proceeds of the loan are to be used for the purchase and installation of energy savings equipment and various renovations and improvements to the infrastructure of BH. The loan is to be paid in monthly installments over ten years at a fixed interest rate of 3.22%.

8. Debt (continued)

In December 2010, Y-NHH issued Series M revenue bonds totaling approximately $104.4 million. The proceeds, including a premium of approximately $1.0 million, were used to finance costs for the expansion and renovations to the Adult Emergency Department, the purchase and installation of machinery and equipment, various renovations and improvements to the Hospital's infrastructure. The premium was being amortized and included in capitalized interest through December 2012. As of the completion of these projects, the bond premium was amortized in the statement of operations. The Series M revenue bonds were issued as one series consisting of approximately $33.9 million of serial bonds bearing interest at 4.69%, and approximately $17.6 million, $17.8 million, and $35.1 million in term bonds bearing interest at 5.25%, 5.75%, and 5.50%, respectively, per annum.

On August 30, 2011, Y-NHH entered into a loan agreement with a bank for $40.0 million. Y-NHH agreed to repay the aggregate principal amount in five equal annual payments of $8.0 million, beginning on October 1, 2012. The loan bore interest at a rate equal to London Interbank Offered Rate (LIBOR) plus 0.50% per annum with an option to convert to a fixed rate loan upon formal notification to the bank, which may include a portion of or the total outstanding loan balance at the time notification is made. The loan was fully repaid by the issuance of the Series N, Series O, and Series 2013 bonds.

In May 2012, the BH Series D tax-exempt revenue bonds were issued through CHEFA under a Master Trust Indenture for approximately $36.4 million, with coupons ranging from 2.0% to 5.0%, and a final maturity of July 2025. The proceeds, including a premium of approximately $4.1 million, were held in an escrow account and used for the retirement of the outstanding Series A and C tax-exempt revenue bonds and to pay for certain bond issuance costs of approximately $0.8 million. The bond premium is being amortized using the effective interest method and is included in interest expense in the accompanying consolidated statement of operations and changes in net assets.

In June 2012, BH obtained a $5.5 million term loan from CHEFA. The loan is to be paid in monthly installments over five years at a fixed rate of 1.66% with the proceeds to be used for medical and cafeteria equipment. The loan is secured by the equipment purchased with the proceeds of the loan.

8. Debt (continued)

In July 2012, Y-NHH entered into a line of credit with a bank in the amount of $27.0 million which was subsequently increased to $187.0 million. In July 2012, Y-NHH drew the unconditional loan of $27.0 million to outfit a new facility. In September 2012, Y-NHH drew the remaining $160.0 million. The line of credit required Y-NHH to repay the bank in 24 equal monthly installments commencing on August 1, 2013. The full amount of the remaining balance was due on July 12, 2015. This obligation bore interest at a rate equal to LIBOR plus 0.45% per annum. The line of credit was fully repaid and cancelled by the issuance of the Series N, Series O, and Series 2013 bonds.

In September 2012, Y-NHH drew on its $50.0 million line of credit with a bank, established in January 2012, in the amount of $25.0 million. This line of credit required repayment of the aggregate principal amount on the 364th day subsequent to the advance. This obligation bore interest at a rate equal to LIBOR plus 0.50% per annum. The line of credit was repaid in December 2012.

In December 2012, in connection with the purchase of a radiology practice, BH entered into a note payable with the seller in the amount of $15.1 million. The note is to be repaid in monthly installments over five years.

In January 2013, Y-NHH issued Series N and Series O revenue bonds totaling approximately $100.0 million. The Series N revenue bonds were issued as fixed rate bonds with an effective interest rate of 4.27%. The Series O revenue bonds were issued as VRDBs with an effective interest rate of 2.84% at September 30, 2013. The proceeds, including a premium of approximately $5.2 million for the Series N revenue bonds, were used to refinance a line of credit. The bond premium is being amortized as interest expense in the accompanying consolidated statements of operations and changes in net assets.

In January 2013, Y-NHH issued Series 2013 taxable bonds totaling approximately $132.0 million. The Series 2013 taxable bonds were issued as fixed rate bonds with an effective interest rate of 4.13%. The proceeds were used to finance and refinance the costs of certain projects and activities in furtherance of Y-NHH's tax exempt purpose, including the refinancing of certain existing indebtedness.

8. Debt (continued)

In September 2013, BH entered into and drew in full its $25.0 million line of credit with a bank. The bank line of credit requires payment of the outstanding principal amount 12 months subsequent to the initial advance. The obligation bears interest at a rate equal to one month LIBOR plus 1.50% per annum. The bank line of credit was paid in full and closed in September 2014.

In June 2014, the Obligated Group issued Series A revenue bonds totaling approximately $102.3 million and Series B revenue bonds totaling approximately $168.3 million. The Series A revenue bonds were issued as fixed rate bonds with an effective interest rate of 3.77%. The Series B revenue bonds were issued as floating rate notes with an effective interest rate of 2.30%. The proceeds from the Series A revenue bonds, including a premium of approximately $14.8 million, and the proceeds from the Series B revenue bonds, were used to defease Y-NHH's Series J-1 and M revenue bonds. The bond premium is being amortized as interest expense using the effective interest method in the consolidated statements of operations and changes in net assets.

In June 2014, the Obligated Group issued Series C revenue bonds totaling approximately $83.6 million and Series D revenue bonds totaling approximately $108.3 million. The Series C revenue bonds were issued as VRDBs with an effective interest rate of 3.11%. The proceeds from the Series C issuance were used to refund Y-NHH's Series K revenue bonds. The Series D revenue bonds were issued as VRDBs with an effective interest rate of 3.68%. The proceeds from the Series D issuance were used to refund Y-NHH's Series L revenue bonds.

As a result of the above transactions, Y-NHH incurred a loss on extinguishment of debt totaling approximately $32.6 million during the fiscal year ended September 30, 2014.

The Series C, Series D and Series O VRDBs are required to be supported by letter of credit facilities (LOCs) which have been executed with three financial institutions. These LOCs are scheduled to expire on May 2, 2016, June 23, 2017, and February 14, 2018, respectively.

In June 2014, the Obligated Group issued Series E revenue bonds totaling approximately $80.9 million. The Series E revenue bonds were issued as fixed rate bonds with an effective interest rate of 3.47%. The proceeds included a premium of approximately $10.1 million. The proceeds were used to finance costs for the installation of machinery and equipment and various

8. Debt (continued)

renovations and improvements to the infrastructures at BH and Y-NHH. The premium is being amortized and included in capitalized interest. Upon completion of these projects, the bond premium will be amortized as interest expense in the accompanying consolidated statement of operations and changes in net assets.

In June 2014, the Obligated Group issued Series 2014 taxable bonds totaling approximately $50.7 million. The Series 2014 taxable bonds were issued as fixed rate bonds with an effective interest rate of 4.37%. The proceeds were used to finance the costs of certain projects and activities in furtherance of the System's tax-exempt purpose.

Required monthly payments on the revenue bonds by the System to a trustee are in amounts sufficient to provide for the payments of principal, interest, and sinking fund installments, as well as required payments to certain reserve funds held by the trustee, in accordance with the terms of the agreements, and certain other annual costs of CHEFA.

Arbitrage rules apply to tax-exempt debt issued after August 31, 1986. The rules require that, in specified circumstances, earnings from the investment of tax-exempt bond proceeds which exceed the yield on the bonds must be remitted to the Federal government.

In November 2013, Bridgeport Hospital entered into an arrangement with a developer to construct a 120,000 square foot medical office building and adjacent garage in Fairfield County, CT. The arrangement contains provisions for Bridgeport Hospital to begin leasing the property for a 25-year period beginning in April 2016. Management has evaluated the terms of the arrangement and will be recording the project as a capital lease. Upon completion, the total estimated capital lease obligation will approximate $102.0 million. At September 30, 2014, construction costs totaled approximately $20.2 million and are included in construction in process in the accompanying consolidated balance sheet.

The terms of the various financing arrangements between CHEFA and the System, the financial institutions providing the LOCs and the System, and the Bank and the System provide for financial covenants regarding the System's debt service coverage ratio, liquidity ratio, and debt to capitalization ratio, among others. As of September 30, 2014 and 2013, the System was in compliance with such covenants.

8. Debt (continued)

Scheduled principal payments on all long-term debt, including capital lease obligations, are as follows (in thousands):

	Debt	Capital Lease Obligations
Year ending September 30:		
2015	$ 19,493	$ 6,150
2016	16,318	9,897
2017	17,741	13,536

Thereafter	817,483	54,051
	$ 904,465	102,037
Less interest		(28,076)
		$ 73,961

Capitalized interest at September 30, 2014 and 2013 totaled approximately $29.9 million and $27.0 million, respectively.

The swap agreements fix the interest rate at a level viewed as desirable by the System. Such agreements expose the System to credit risk in the event of non-performance by the counterparties, some of which is collateralized. At September 30, 2014 and 2013, the fair value of the swap agreements based on current interest rates was approximately $36.1 million and $26.5 million, respectively, representing a payable to the counterparties (recorded in other long-term liabilities).

8. Debt (continued)

The following table summarizes the System's interest rate swap agreements (in thousands):

Swap Type	Expiration Date	System Receives	System Pays	Notional Amount at September 30 2014	2013
Series K – fixed to floating	July 1, 2025	LIBOR	3.11%	$ –	$ 59,987
Series L – fixed to floating	July 1, 2036	LIBOR	3.68%	–	44,505
Series O – fixed to floating	July 1, 2053	67% of LIBOR	2.84%	50,000	50,000

Series D – fixed to floating	July 1, 2036	LIBOR	3.68%	44,505	–
Series C – fixed to floating (Greenwich Hospital)	July 1, 2026	LIBOR	3.10%	25,700	27,400
				$ 344,341	$ 181,892

On September 20, 2012, Y-NHH entered into a Forward Starting Interest Rate swap (the Series O swap), a LIBOR Swap Rate Lock and a SIFMA Rate Lock swap with two different counterparties. The agreements require Y-NHH to pay a fixed rate and receive a floating rate based on LIBOR or SIFMA. The change in market value, as well as the net interest paid or received under the swap agreement, for the Series L swap has been capitalized as part of the interest costs related to construction of the Cancer Hospital until construction was complete. Once the Cancer Hospital became operational, these amounts were recorded in the accompanying consolidated statements of operations and changes in net assets.

In connection with its Series C revenue bonds, GH entered into an interest rate swap agreement (the GH swap) with a financial institution. Under the terms of the GH swap, GH will receive variable interest payments and pay fixed interest payments on a notional value of approximately $25.7 million.

8. Debt (continued)

In June 2014, Y-NHHSC, on behalf of the Obligated Group, entered into LIBOR swap rate locks with two counter parties (the Series B swaps). For the Series B swaps, there was an unfavorable change in fair value of approximately $7.1 million for the year ended September 30, 2014, which was recorded in excess of revenue over expenses. No collateral was required under the Series B swap agreements for the year ended September 30, 2014.

For the Y-NHH Series K/C swap, there was a favorable change in fair value of approximately $1.0 million and $4.5 million, respectively, for the years ended September 30, 2014 and 2013 which was recorded in excess of revenue over expenses. No collateral was required under the Y-NHH Series K/C swap agreement for the years ended September 30, 2014 and 2013.

For the Y-NHH Series L/D swap, there was an unfavorable change in fair value of approximately $2.2 million for the year ended September 30, 2014, and a favorable change in fair value of approximately $7.5 million for the year ended September 30, 2013, which was recorded in excess of revenue over expenses. No collateral was required under the Series L/D swap agreement for the years ended September 30, 2014 and 2013.

For the Y-NHH Series O swap, there was an unfavorable change in fair value of approximately $0.6 million for the year ended September 30, 2014, which was recorded in excess of revenue over expenses. For the Series O swap and the LIBOR Swap Rate Lock swap, there was a favorable change in fair value of approximately $2.5 million and $1.0 million, respectively, for the year ended September 30, 2013, which was recorded in excess of revenue over expenses. No collateral was required under the Series O swap agreement for the years ended September 30, 2014 and 2013.

For the GH swap, there was a favorable change in fair value of approximately $0.3 million and $2.3 million for the years ended September 30, 2014 and 2013, respectively, which was recorded in excess of revenue over expenses. The terms of the swap agreement have not required GH to collateralize funds to be held by the financial institution as of September 30, 2014 and 2013.

For the years ended September 30, 2014 and 2013, the System paid approximately $25.5 million and $25.0 million, respectively, for interest related to long-term debt and capital lease obligations.

8. Debt (continued)

Y-NHH entered into a contract to lease space in a building adjacent to Y-NHH. Y-NHH's rental obligation commenced in December 2009. This capital lease has a term of 20 years from the commencement date with the option to extend the lease for four successive terms of ten years. Rental payments increase by 5% every five years. Y-NHH is also subject to additional rent for its share of expenses, as defined in the contract. Y-NHH has the option to purchase the property at the end of the fifth, tenth, or twentieth year or at the end of each of the first three 10-year extension periods.

In January 2013, Y-NHH entered into a transaction in connection with a building at 2 Howe Street, New Haven, Connecticut, which was previously accounted for by Y-NHH as a capital lease. Under the terms of the capital lease, Y-NHH was obligated to purchase the building after an initial lease term of three years. In satisfaction of that obligation, Y-NHH purchased the building and immediately sold the building to a third-party investor. Y-NHH currently leases the building from the investor under a long-term operating lease. Y-NHH owns the land on which the building is located and has entered into a prepaid long-term ground lease with the investor.

Assets recorded under the capital lease obligations totaled approximately $90.4 million and $57.6 million as of September 30, 2014 and 2013, respectively. Accumulated depreciation for the capital lease obligations totaled approximately $19.3 million and $16.8 million at September 30, 2014 and 2013, respectively.

9. Pensions and Postretirement Benefits

The System has qualified and non-qualified defined benefit pension plans covering substantially all employees and executives. The benefits provided are based on age, years of service, and compensation. The System's policy is to fund the pension benefits with at least the minimum amounts required by the Employee Retirement Income Security Act of 1974.

The System also sponsors contributory 403(b) plans and 401(k) plans covering substantially all employees. Employer contributions for certain 403(b), made to a matching 401(a) plan, and 401(k) plans are determined based on employee contributions and years of service. The System contributed approximately $51.3 million and $34.5 million for the years ended September 30, 2014 and 2013, respectively.

9. Pensions and Postretirement Benefits (continued)

YNHNC maintains a Section 457 non-qualified deferred compensation plan. Contributions are made on a pre-tax basis. The balances recorded at September 30, 2014 and 2013 in other assets and other long-term liabilities were approximately $32.5 million and $27.3 million, respectively.

On June 30, 2006, BH froze its defined benefit plan. On October 1, 2006, BH instituted a defined contribution plan.

Effective as of December 31, 2006, GH amended its defined benefit pension plan to freeze benefits for employees who were under age 50 with less than five years of service. Effective January 1, 2007, GH began providing a matching contribution and a length of service contribution, in addition to its incentive contribution, for its defined contribution plan for all employees no longer accruing benefits under the defined benefit plan. Employees who were age 50 or older with five years of service continue to accumulate benefits under the defined benefit plan, and do not participate in the defined contribution plan.

Effective September 30, 2013, the Y-NHH qualified defined benefit pension plan and the 401(a) plan were amended to reduce the percentage of compensation contributed by Y-NHH to the qualified defined benefit pension plan and to increase the percentage of compensation contributed by Y-NHH to the 401(a) plan for the plan years commencing after December 1, 2013. The amendment to the qualified defined benefit pension plan resulted in a decrease to the projected benefit obligation at September 30, 2013 of approximately $23.9 million.

Y-NHH and GH also provide certain health care and life insurance benefits upon retirement to substantially all their employees. Y-NHH's and GH's policy is to fund these annual costs as they are incurred from the general assets of Y-NHH and GH. The estimated cost of these postretirement benefits is actuarially determined and accrued over the employees' service periods.

Included in unrestricted net assets at September 30, 2014 and 2013 are the following amounts that have not yet been recognized in net periodic pension cost: unrecognized prior service credit of approximately $22.4 million and $23.8 million, respectively, and unrecognized actuarial losses of approximately $308.0 million and $234.1 million, respectively. The prior service credit and actuarial loss included in unrestricted net assets and expected to be recognized in net periodic pension cost during the year ending September 30, 2015 are approximately $2.0 million and $17.6 million, respectively.

9. Pensions and Postretirement Benefits (continued)

The following table sets forth the change in benefit obligations, change in the plans' assets, and the reconciliation of underfunded status of the System's defined benefit plans as of September 30, 2014 and 2013 (in thousands):

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2014	2013	2014	2013
Change in benefit obligation:				
Benefit obligation at prior measurement date	$ 804,718	$ 868,077	$ 67,904	$ 79,630
Service cost	24,830	39,116	3,617	5,080
Interest cost	38,108	32,096	3,270	3,135
Plan amendments	–	(23,836)	(577)	–
Actuarial loss (gain)	79,636	(77,027)	5,413	(18,428)
Benefits paid	(38,382)	(33,708)	(1,491)	(1,513)
Benefit obligation at current measurement date	908,910	804,718	78,136	67,904
Change in plans' assets:				
Fair value of assets at prior measurement date	605,715	543,351	–	–
Actual return on plans' assets	45,364	46,013	–	–
Employer contributions	50,775	50,059	1,491	1,513
Benefits paid	(38,382)	(33,708)	(1,491)	(1,513)
Fair value of plans' assets at current measurement date	663,472	605,715	–	–
Accrued benefit cost	$ (245,438)	$ (199,003)	$ (78,136)	$ (67,904)

The actuarial loss in 2014 primarily relates to changes in the discount rate and mortality table used to measure the benefit obligation, and the actuarial gain in 2013 primarily relates to changes in the discount rate.

9. Pensions and Postretirement Benefits (continued)

The accrued benefit cost included in the consolidated balance sheets includes the following (in thousands):

	Accrued Pension and Postretirement Obligations		Fair Value of Plans' Assets	
	2014	2013	2014	2013
YNHNC and Subsidiaries – accrued pension and postretirement obligations	$ (233,609)	$ (200,082)	$ 347,238	$ 313,730
Bridgeport Hospital – accrued pension and postretirement obligations	(58,281)	(42,945)	145,156	136,660
Greenwich Hospital – accrued pension and postretirement obligations	(31,684)	(23,880)	171,078	155,325
	$ (323,574)	$ (266,907)	$ 663,472	$ 605,715

Benefit Obligation and Assumptions

The projected benefit obligation, accumulated benefit obligation, and fair value of the plans' assets were as follows (in thousands):

	September 30	
	2014	2013
Projected benefit obligation	$ (908,910)	$ (804,718)
Accumulated benefit obligation	(829,877)	(732,493)
Fair value of plans' assets	663,472	605,715

As of September 30, 2014 and 2013, the underfunded status of the qualified defined benefit pension plans was approximately $197.6 million and $154.7 million, respectively, and that of the non-qualified defined benefit pension plan was approximately $47.9 million and $44.3 million, respectively. Additionally, there are assets limited as to use of approximately $77.9 million and $69.4 million, which are available to satisfy the obligations of the non-qualified defined benefit pension plan at September 30, 2014 and 2013, respectively.

9. Pensions and Postretirement Benefits (continued)

The net periodic benefit cost for the years ended September 30, 2014 and 2013 is as follows (in thousands):

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2014	2013	2014	2013
Service cost	$ 24,830	$ 39,116	$ 3,617	$ 5,080
Interest cost	38,108	32,096	3,270	3,135
Expected return on plan assets	(46,357)	(42,349)	–	–
Amortization of prior service cost	(2,029)	(287)	86	85
Recognized net actuarial loss	12,147	20,333	–	703
Net periodic benefit cost	$ 26,699	$ 48,909	$ 6,973	$ 9,003

Weighted-average assumptions used to determine benefit obligations at September 30, 2014 and 2013 are as follows:

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2014	2013	2014	2013
Discount rate for determining benefit obligations at year-end, qualified plan	4.2–4.3%	4.8–4.9%	4.4%	4.9%
Discount rate for determining benefit obligations at year-end, non-qualified plan	4.4%	4.9%	–	–
Rate of compensation increase	2.5–5.0%	3.5–5.0%	–	–

9. Pensions and Postretirement Benefits (continued)

Weighted-average assumptions used to determine net periodic benefit cost for the years ended September 30, 2014 and 2013 are as follows:

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2014	2013	2014	2013
Discount rate for determining net periodic benefit cost at year-end, qualified plan	4.8–4.9%	3.6–4.0%	4.9%	4.0%
Discount rate for determining net periodic benefit cost at year-end, non-qualified plan	4.9%	4.0%	–	–
Expected rate of return on plan assets	6.75–7.75	6.75–7.75	–	–
Rate of compensation increase	3.5–5.0%	3.5–5.0%	–	–

For measurement purposes relating to the postretirement benefits plan, a 5.0% and 6.0% annual rate of increase in the per capita cost of covered health care benefits was assumed for fiscal 2014 and fiscal 2013, respectively. Rates are assumed to decline to 4.9% through fiscal 2015.

Assumed health care cost trend rate assumptions have a significant effect on the amounts reported. A 1% change in the assumed health care cost trend rate would have the following effects (in thousands):

	1% Increase	1% Decrease
Effect on total of service and interest cost components	$ 14	$ (17)
Effect on postretirement benefit obligations	325	368

9. Pensions and Postretirement Benefits (continued)

The asset allocation of the System's pension plans at September 30, 2014 and 2013, on a combined basis, was as follows:

Asset Category	Target Allocation 2015	Percentage of Assets 2014	2013
Equity securities	35%–90%	44%	44%
Debt securities	10%–40%	22	26
Real assets	0%–26%	15	18
All other assets	0%–22%	19	12

9. Pensions and Postretirement Benefits (continued)

The following is a rollforward of the pension assets classified as Level 3 of the valuation hierarchy as described in Note 15 (in thousands):

	Commodities	Private Equity	Real Estate	Hedge Funds	Total
Fair value at September 30, 2012	$ 10,707	$ 8,828	$ 16,784	$ 19,268	$ 55,587

2014 sales	**(884)**	**(2,143)**	**(3,012)**	**(3,284)**	**(9,323)**
Fair value at September 30, 2014	**$ 15,326**	**$ 15,267**	**$ 19,444**	**$ 67,828**	**$ 117,865**

The System's investment strategy for its pension assets balances the liquidity needs of the pension plans with the long-term return goals necessary to satisfy future pension obligations. The target asset allocation seeks to capture the equity premium granted by the capital markets over the long-term while ensuring security of principal to meet near term expenses and obligations through the fixed income allocation. The allocation of the investment pool to various sectors of the markets is designed to reduce volatility in the portfolio.

The System's pension portfolios return assumption of 7.75% is based on the targeted weighted-average return of comparative market indices for the asset classes represented in the portfolio and discounted for pension expenses.

9. Pensions and Postretirement Benefits (continued)

The future cash flows of the System relative to retirement benefits are expected to be as follows (in thousands):

	Defined Benefit Pension Plans	Postretirement Benefit Plan
Estimated benefit payments related to years ending September 30:		
2015	$ 42,845	$ 2,088
2016	43,514	2,400
2017	46,555	2,640
2018	50,925	2,914
2019	53,211	3,231
2020 to 2024	312,218	22,055

The System expects to make contributions of approximately $57.7 million for pension benefits and approximately $2.1 million for postretirement benefits in fiscal 2015.

10. Professional Liability Insurance

In 1978, Y-NHH and a number of other academic medical centers formed The Medical Centre Insurance Company Ltd. (the Captive) to insure for professional and comprehensive general liability risks. In 1997, the Captive formed MCIC Vermont, Inc. (MCIC) to write direct insurance for the professional and general liability risks of the shareholders. Since 1997, the Captive has acted as a reinsurer for varying levels of per claim limit exposure. MCIC has reinsurance coverage from outside reinsurers for amounts above the per claim limits. Premiums are based on modified claims made coverage, and are actuarially determined based on actual experience of the System, the Captive, and MCIC.

Y-NHH controls less than 20% of the Class A stock of MCIC; however, for accounting purposes the investment in the insurance companies is recorded on the equity method because of contractual agreements.

10. Professional Liability Insurance

The System entities participate in the Y-NHH insurance program as additional insureds. All System entities initially pay premiums to Y-NHHSC. Y-NHHSC generally assumes the responsibility for ensuring that all the System members pay all premiums owed by them to MCIC. Y-NHHSC manages MCIC's operations for all other System members.

MCIC's policy is to establish retrospective-related premiums for its shareholders equivalent to estimated losses and general and administrative expenses, less estimated investment income, so that its results of operations are breakeven each year. The System accrues premiums as incurred.

The estimate for modified claims-made professional liabilities and the estimate for incidents that have been incurred but not reported aggregated approximately $179.4 million and $182.3 million at September 30, 2014 and 2013, respectively for the System. The undiscounted estimate for incidents that have been incurred but not reported aggregated approximately $64.0 million and $53.4 million for the System at September 30, 2014 and 2013, respectively, and is included in professional insurance liabilities in the accompanying consolidated balance sheets at the actuarially determined present value of approximately $57.6 million and $47.8 million, respectively, based on a discount rate of 2.5% for the years ended September 30, 2014 and 2013, respectively.

The System has recorded related insurance recoveries receivable of approximately $121.9 million and $134.5 million at September 30, 2014 and 2013, respectively, in consideration of the expected insurance recoveries for the total discounted modified claims-made insurance. The current portion of professional liabilities and the related insurance receivable represents an estimate of expected settlements and insurance recoveries over the next 12 months.

Lukan, the Y-NHH sponsored professional liability program, continues to manage all incidents and claims reported to Lukan prior to the acquisition of HSR, as well as extending professional liability coverage for post-acquisition risks to certain affiliated community clinicians.

Prior to the 2012 acquisition of HSR, Caritas provided excess professional liability and general liability insurance to HSR and their employed clinicians. Caritas continues to manage all incidents and claims reported prior to the acquisition of HSR.

10. Professional Liability Insurance (continued)

Caritas and Lukan have recorded the undiscounted estimate for claims-made professional liabilities, and the estimate for incidents that have been incurred but not reported aggregated approximately $29.6 million and $38.7 million at September 30, 2014 and 2013, respectively, and are included in professional liabilities in the accompanying consolidated statements of financial position.

The System's estimates for professional insurance liabilities are based upon complex actuarial calculations which utilize factors such as historical claims experience for the System and related industry factors, trending models, estimates for the payment patterns of future claims and present value discount factors. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Revisions to estimated amounts resulting from actual experience differing from projected expectations are recorded in the period the information becomes known or when changes are anticipated.

11. Commitments and Contingencies

Leases

The System leases various equipment and properties under several non-cancelable operating leases that range in terms. The System is responsible for operating expenses, as defined, during the lease terms. Future minimum lease payments under these leases are as follows (in thousands):

2015	$ 37,794
2016	33,931
2017	29,555
2018	25,608
2019	22,398
Thereafter	116,661
	$ 265,947

The System incurred rent expense under these leases of approximately $33.0 million and $30.2 million for the years ended September 30, 2014 and 2013, respectively.

11. Commitments and Contingencies (continued)

Cancer Hospital

Y-NHH has a shared facilities and services agreement with in connection with the Cancer Hospital which is recorded as deferred revenue. Deferred revenue, from this agreement, at September 30, 2014 and 2013 was approximately $44.0 million and $45.2 million, respectively.

Inpatient Rehabilitation Unit Agreement

During September 2014, Y-NHH entered into an agreement with another health care provider to provide a framework for implementing programs in a manner that is consistent with the charitable mission of each organization and the communities they serve. Under the terms of the agreement, Y-NHH will utilize beds at the health care provider's location under a lease arrangement to provide inpatient rehabilitation services to its patients and will furnish an $8.0 million term loan.

Litigation

Various lawsuits and claims arising in the normal course of operations are pending, or are in progress against the System. Such lawsuits and claims are either specifically covered by insurance as explained in Note 10, or are deemed immaterial. While the outcomes of the lawsuits and claims cannot be determined at this time, management believes that any loss which may arise from these actions will not have a material adverse effect on the consolidated financial position or changes in net assets of the System.

The System has received requests for information from certain governmental agencies relating to, among other things, patient billings. These requests cover several prior years relating to compliance with certain laws and regulations. Management is cooperating with those governmental agencies in their information requests and ongoing investigations. The ultimate results of those investigations, including the impact on the System, cannot be determined at this time.

12. Functional Expenses

The System provides general acute health care services to residents within its geographic areas. Net expenses related to providing these services are as follows (in thousands):

	Year Ended September 30	
	2014	2013
Health care services	$ 2,374,449	$ 2,483,922
General and administrative	850,125	660,250
	$ 3,224,574	$ 3,144,172

13. Other Revenue

Other revenue consisted of the following (in thousands):

	Year Ended September 30	
	2014	2013
Cafeteria and vending	$ 13,676	$ 13,758
Contributions	5,495	3,924
Parking income	7,902	7,954

Net assets released from restrictions for free care	613	779
Net assets released from restrictions for medical research and clinical programs	5,269	9,498
Grants	19,533	19,346
Rental income	3,896	3,694
Electronic health records incentive payment	9,231	10,659
Investment income	70	311
Foundation distributed income	2,532	2,400
Other	25,599	33,460
	$ 106,994	$ 118,572

13. Other Revenue (continued)

The American Recovery and Reinvestment Act of 2009 included provisions for implementing health information technology under the Health Information Technology for Economic and Clinical Health Act (HITECH). The provisions were designed to increase the use of electronic health record (EHR) technology and establish the requirements for a Medicare and Medicaid incentive payment program beginning in 2012 for eligible providers that adopt and meaningfully use certified EHR technology. Eligibility for annual Medicare incentive payments is dependent on providers demonstrating meaningful use of EHR technology in each period over a four-year period. Initial Medicaid incentive payments are available to providers that adopt, implement, or upgrade certified EHR technology. In subsequent years, providers must demonstrate meaningful use of such technology to qualify for additional Medicaid incentive payments. Hospitals that do not successfully demonstrate meaningful use of EHR technology are subject to payment penalties or downward adjustments to their Medicare payments beginning in federal fiscal year 2015.

The System uses a grant accounting model to recognize revenue for the Medicare and Medicaid EHR incentive payments. Under this accounting policy, EHR incentive payment revenue is recognized when the System is reasonably assured that the EHR meaningful use criteria for the required period of time were met and that the grant revenue will be received. Medicare EHR incentive payment revenue was approximately $7.4 million and $8.0 million for the years ended September 30, 2014 and 2013, respectively, and Medicaid EHR incentive payment revenue was approximately $1.8 million $2.7 million, respectively, for the years ended September 30, 2014 and 2013. EHR incentive payment revenue is included in other revenue in the accompanying consolidated statements of operations and changes in net assets. Income from incentive payments is subject to retrospective adjustment upon final settlement of the applicable cost report from which payments were calculated. Additionally, the System's attestation of compliance with the meaningful use criteria is subject to audit by the federal government.

14. Non-Operating Gains and Losses, Net

Non-operating gains and losses consisted of the following (in thousands):

	Year Ended September 30	
	2014	2013
Income from investments, donations and other, net	$ 3,103	$ 1,545
Discontinued operations	–	(1,844)

Change in unrealized gains and losses on investments	86,913	58,607
Change in fair value of swap, including counterparty payments	(17,204)	17,597
Loss on refunding of long-term debt	(32,631)	–
	$ 34,189	$ 70,835

Contributions received consisted of the following (in thousands):

	2014	2013
Unrestricted contributions	$ 3,966	$ 4,820
Temporarily restricted contributions	24,185	29,896
Permanently restricted contributions	5,372	1,041
Total contributions	33,523	35,757
Less: Fundraising costs	(9,473)	(9,484)
	$ 24,050	$ 26,273

15. Fair Values of Financial Instruments

In determining fair value, the System utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The System also considers non-performance risk in the overall assessment of fair value.

ASC No. 820-10 establishes a three-tier valuation hierarchy for fair value disclosure purposes. This hierarchy is based on the transparency of the inputs utilized for the valuation. The three levels are defined as follows:

Level 1: Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities. This established hierarchy assigns the highest priority to Level 1 assets.

Level 2: Observable inputs that are based on data not quoted in active markets, but corroborated by market data.

Level 3: Unobservable inputs that are used when little or no market data is available. The Level 3 inputs are assigned the lowest priority.

15. Fair Values of Financial Instruments (continued)

Financial assets carried at fair value as of September 30, 2014 are classified in the following table by level within the fair value hierarchy as described above (in thousands):

	September 30, 2014			
	Level 1	Level 2	Level 3	Total

The fair value of long-term debt was approximately $934.3 million and $770.1 million at September 30, 2014 and 2013, respectively. The fair value of the capital leases was approximately $74.7 million and $55.5 million at September 30, 2014 and 2013, respectively.

16. Subsequent Events

In October 2014, Y-NHH disposed of its interest in Lukan and Caritas (the Captives) through a novation agreement with MCIC for a total price of approximately $40.2 million. The novation agreement assigns and transfers all of the Captives' past, present and future rights, risks, liabilities and obligations, and transfers substantially all of the assets of the Captives to MCIC. Y-NHH will dissolve the Captives during fiscal year 2015.

In fiscal year 2015, GHCS anticipates dissolving its wholly owned subsidiary, Greenwich Health Services, Inc. a Connecticut business corporation.

Management has evaluated subsequent events through December 23, 2014, which is the date the consolidated financial statements were available to be issued. No other events have occurred that require disclosure or adjustment to the consolidated financial statements.

Report of Independent Auditors

Board of Directors
Yale-New Haven Health Services Corporation
d/b/a Yale New Haven Health System and Subsidiaries

We have audited the accompanying consolidated balance sheets of Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries (the "System") as of September 30, 2012 and 2011, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of the System's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States and the standard applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the System's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Yale-New Haven Health Services Corporation d/b/a Yale New Haven Health System and Subsidiaries as of September 30, 2012 and 2011, and the consolidated results of their operations and changes in their net assets and their cash flows for the years then ended, in conformity with generally accepted accounting principles in the U.S.

As discussed in Notes 1 and 9 to the accompanying consolidated financial statements, in 2012 the System changed its method of accounting for estimated insurance claims receivable and insurance claims liabilities with the adoption of Accounting Standards Update 2010-24, *Presentation of Insurance Claims and Related Insurance Recoveries.*

Notes to Consolidated Financial Statements

September 30, 2012

1. Organization and Significant Accounting Policies

Yale-New Haven Health Services Corporation ("Y-NHHSC"), formed in 1983, was incorporated under the Not-for-Profit Corporation Law to coordinate the activities of the members of the Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries (collectively, the "System"), and is an integrated regional health care delivery system. The System currently includes the following entities:

Y-NHHSC is the parent company of YNH Network Corporation ("YNHNC") and Y-NHH-MSO, Inc. ("MSO"), as well as the sole member of Bridgeport Hospital & Healthcare Services, Inc. ("BHHS"), Greenwich Health Care Services, Inc. ("GHCS") and Northeast Medical Group, Inc ("NEMG").

YNHNC was incorporated as of April 1, 1998, and is exempt from federal income tax under Section 501(a) of the Internal Revenue Code (the "Code") as an organization described in Section 501(c)(3). Under the terms of an assignment and assumption agreement executed on May 10, 2001, YNHNC became the sole member of Yale-New Haven Hospital, Inc. and the parent organization of Yale-New Haven Ambulatory Services Corporation and York Enterprises, Inc. and Subsidiaries. YNHNC is the parent of:

- Yale-New Haven Hospital, Inc. ("Y-NHH"), a voluntary association incorporated under the General Statutes of the State of Connecticut. The Board of Trustees of Y-NHH, appointed by YNHNC, controls the operations of Y-NHH.

- YNHCCC, a Connecticut non stock corporation, is a wholly-owned subsidiary of Yale-New Haven Network Corporation ("YNHNC"). YNHCCC provides long-term care for those unable to live independently and short-term rehabilitation for patients who have experienced elective surgery, an injury, or a traumatic major illness. Its services include respite care for family members and caregivers, stroke recovery for victims of strokes, orthopedic recovery services, medications and diagnostic services (such as radiological services).

- Yale-New Haven Ambulatory Services Corporation ("ASC"), a Connecticut non-stock, taxable corporation, operates a recovery care centers, and is 51% owner of Shoreline Surgery Center, LLC ("SSC") and SSC II, LLC.

1. Organization and Significant Accounting Policies (continued)

- York Enterprises, Inc. and Subsidiaries ("York"), a Connecticut corporation formed for the purpose of initiating or acquiring business entities. Currently, York has two subsidiaries: Medical Center Pharmacy and Home Care, Inc. ("MCP") and Medical Center Realty, Inc. ("MCR"). MCP is a Connecticut stock, for-profit company, which operated a retail pharmacy with multiple locations until February 2011. MCR is a Connecticut stock, for-profit company, which owns or holds leases on the System's affiliated commercial space. York is the sole shareholder of MCP and MCR.

- Quinnipiac Medical Center P.C. ("QMPC") and Community Health Care Physicians ("CHCP") are Connecticut stock, for-profit, professional corporations formed in 1994 and 1996, respectively, to employ New Haven area primary care physicians. All of the stock of QMPC and CHCP is owned by the Chief of Staff of Y-NHH, who has assigned his rights in QMPC and CHCP to YNHNC.

BHHS is a Connecticut not-for-profit, non-stock corporation established to promote and carry out charitable, scientific, and educational activities. Y-NHHSC is the sole member of BHHS. BHHS and its subsidiaries have continued to operate autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, and board appointments of BHHS. BHHS is the sole member of the following not-for-profit, non-stock corporations:

- Bridgeport Hospital, a voluntary association incorporated under the General Statutes of the State of Connecticut, provides health care services to the Fairfield County community.

- Bridgeport Hospital Foundation solicits contributions for the benefit of BHHS, Bridgeport Hospital, and all other tax-exempt health care organizations associated with BHHS.

- Southern Connecticut Health System Properties, Inc. is a real estate holding company, which sold primarily all of its assets to Bridgeport Hospital during 1998.

NEMG is a tax-exempt medical foundation that provides physician-related services to Bridgeport, Greenwich, and Yale-New Haven Hospitals and their surrounding communities. NEMG commenced on April 1, 2010 using the existing legal infrastructure of its predecessor, Mill Hill. NEMG operates autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, and board appointments of NEMG.

1. Organization and Significant Accounting Policies (continued)

GHCS is the parent corporation of a group of wholly owned subsidiaries, including Greenwich Hospital, The Perryridge Corporation, Greenwich Health Care Services, Inc. ("GHSI"), the Greenwich Hospital Endowment Fund, Inc., and Greenwich Ambulatory Surgery Center, LLC ("GASC"). GHCS and its subsidiaries, with the exception of GHSI, are Section 501(c)(3) not-for-profit organizations, and are exempt from federal income taxes under Section 501(a) of the Code. Greenwich Hospital, a non-stock Connecticut corporation, is a wholly owned subsidiary of GHCS (the sole member), providing health care services to the lower Fairfield County and Westchester County, New York communities. GHCS and its subsidiaries have continued to operate autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, any transfer of assets, and Board of Director appointments of GHCS and its subsidiaries.

On October 21, 2010, GASC entered into an agreement to operate Orthopedic & Neurosurgery Center of Greenwich, LLC (the JV), for the purpose of providing outpatient surgical services in the greater Fairfield County and Westchester County communities. GASC holds governance control of the JV and a 35% equity interest as of September 30, 2011. Accordingly, the accounts of the JV have been included in the balance sheets of GASC. The non-controlling interest in the JV is reported in the consolidated financial statements.

MSO, a for-profit stock corporation, was formed to manage physician practices and provide third-party administration services on certain managed care contracts. The capital stock of MSO consists of 20,000 shares of common stock, par value of one one-hundredth of a dollar per share. The Board of Directors of MSO is appointed by Y-NHHSC, the sole shareholder, who controls MSO's operations.

1. Organization and Significant Accounting Policies (continued)

Acquisition

On September 12, 2012, the Hospital, ASC, YNHCCC, and York, acquired substantially all of the business, assets, and operations and assumed certain liabilities of the Saint Raphael Healthcare System, Inc. ("SRHS"), including substantially all of the assets of its wholly-owned subsidiary, the Hospital of Saint Raphael ("HSR"), a 511-bed acute care hospital located in New Haven, CT. Other affiliates of SRHS whose assets were acquired in connection with the transaction include the following:

- Saint Regis Health Center, Inc. d/b/a Sister Anne Virginie Grimes Health Center ("Grimes"), a tax-exempt, skilled nursing facility that operated with 120 licensed beds which was a wholly-owned subsidiary of SRHS. In connection with the transaction, YNHCCC acquired substantially all of the land, buildings, equipment and bed licenses associated with Grimes.

- Caritas Insurance Company, Ltd. ("Caritas"), a Vermont-domiciled, captive insurance company licensed under Chapter 141 of Title 8 of the Vermont Statutes Annotated. Caritas is a tax-exempt supporting organization having the Hospital as its sole shareholder. Caritas provides excess professional liability coverage and general liability coverage. Caritas was a wholly-owned subsidiary of HSR. In connection with the transaction the Hospital acquired 100% of the stock of Caritas.

- Lukan Indemnity Company, Ltd. ("Lukan"), a Bermuda-domiciled captive insurance company that provides primary professional liability coverage. Lukan was a wholly-owned subsidiary of HSR. In connection with the transaction, the Hospital acquired 100% of the stock of Lukan.

- DePaul Health Services Corporation ("DePaul"), a Connecticut nonstock corporation which held interests in investments and other assets on behalf of HSR. In connection with the transaction, ASC acquired certain interests in investments from DePaul.

- Saint Raphael Foundation, Inc. (the "Foundation"), a tax-exempt fundraising foundation of HSR which was a subsidiary of SRHS. In connection with the transaction, certain assets of the Foundation were acquired by the Hospital.

1. Organization and Significant Accounting Policies (continued)

The total consideration transferred by the Hospital, ASC, YNHCCC and York was approximately $237.9 million, including $160.0 million in cash and an installment payable plus the assumption of liabilities totaling $77.9 million, as follows (in thousands).

Cash consideration	$ 150,000
Installment payments	10,000
Assumption of liabilities	77,927
Total consideration transferred	$ 237,927

The acquisition of HSR included installment payments in the amount of $10 million payable in two equal installments in October 2012 and March 2013. The first installment payment of $5 million was made on October 12, 2012.

The Hospital and its affiliates have accounted for the business combination applying the acquisition method of accounting in accordance with Accounting Standards Codification Topic 805, *Business Combinations*.

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the acquisition date. Determining the fair value of the assets acquired and liabilities assumed requires judgment and involves the use of significant accounting estimates and assumptions, including assumptions with respect to future cash inflows and outflows and discount rates, among others.

1. Organization and Significant Accounting Policies (continued)

The Hospital recorded goodwill in the amount of $35.7 million. In determining the amount of goodwill, all assets acquired and liabilities assumed were measured at fair value as of the acquisition date. Factors contributing to goodwill that resulted from the acquisition include, but are not limited to, the efficiencies that will result from the combination of the campuses and their proximity.

As part of the acquisition ASC acquired a non-controlling interest in the following investments previously owned by HSR:

- YNHASC acquired a 49% equity interest in Saint Raphael Dialysis Center ("SDC"). SDC is an outpatient dialysis center with 4 locations to treat people with chronic kidney failure.
- YNHASC acquired a 50% equity interest in Saint Raphael Magnetic Resonance Partnership ("SRMP") SRMP provides radiology services using a magnetic resonance imaging machine.
- YNHASC acquired a 49% equity interest in Connecticut CK Leasing LLC ("CCK"). CCK provides radiation to treat malignant and benign tumors.

Total assets and liabilities of SDC, SRMP and CCK were approximately $16.4 million and $2.7 million respectively, at September 30, 2012.

YNHCCC, ASC and York each respectively paid amounts equal to the fair values for assets acquired, net of liabilities assumed, with cash provided by the Hospital.

The results of HSR for the period September 12, 2012 through September 30, 2012 have been combined with the Hospital and included in the consolidated financial statements.

1. Organization and Significant Accounting Policies (continued)

The following table summarizes amounts attributed to SRHS since the acquisition date that are included in the accompanying consolidated financial statements (in thousands):

	Period From September 12, 2012 to September 30, 2012
Total operating revenue	$ 23,554
Total operating expense	24,850
Loss from operations	(1,296)

1. Organization and Significant Accounting Policies (continued)

Disposal

In 2011 MCP sold all of the fixed assets at all of its five locations and the business operations to Walgreens for approximately $5.0 million. The gain on sale, resulting from the transaction was approximately $4.9 million, which is included in non-operating gains and losses in the accompanying consolidated statements of operations and changes in net assets. The following table summarizes the disposal group:

	September 30, 2011
Carrying value of disposed assets	$ 150,334
Carrying value of disposed liabilities	–
Revenue	8,472,388
Pre-tax profit/(loss) of disposal group	(564,358)

The other current assets and property, plant, and equipment acquired by York as part of the SRHS transaction relate to a retail pharmacy acquired that began operations as of the acquisition date.

Principles of Consolidation

The accompanying consolidated financial statements present the accounts and transactions of the System and its subsidiaries. All significant intercompany revenue and expenses and inter-company balance sheet accounts have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, including estimated uncollectibles for accounts receivable for services to patients, and liabilities, including estimated net settlements with third-party payors and professional liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the amounts of revenue and expenses reported during the period. There is at least a reasonable possibility that certain estimates will change by material amounts in the near term. Actual results could differ from those estimates.

1. Organization and Significant Accounting Policies (continued)

During fiscal 2012 and 2011, the System recorded a change in estimate of approximately $16.8 and $16.4 million, respectively. Included in the change are amounts related to unfavorable third-party payor settlements at September 30, 2012 and 2011.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the System has been limited by donors to a specific time period or purpose, and appreciation on permanently restricted net assets. Permanently restricted net assets have been restricted by donors to be maintained by the System in perpetuity. The System is a partial beneficiary to various perpetual trust agreements. Assets recorded under these agreements are recognized at fair value. The investment income generated from the trusts is unrestricted, and the assets are classified as permanently restricted.

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions receivable to be received after one year are discounted at a discount rate commensurate with the risks involved. Amortization of the discount is recognized as revenue, and is classified as either unrestricted or temporarily restricted in accordance with donor-imposed restrictions, if any, on the contributions.

Capital Campaign and Pledges Receivable

Contributions and pledges receivable, included in other current assets and other assets in the accompanying consolidated balance sheets at September 30, 2012 and 2011, are expected to be received as follows (in thousands):

	September 30	
	2012	**2011**
Less than one year	**$ 3,357**	$ 1,366
One to five years	**2,454**	1,696
	5,811	3,062
Less unamortized discount on contributions receivable (0.3% to 4.2%)	**(108)**	(174)
	5,703	2,888
Allowance for uncollectible contributions	**(149)**	(90)
Contributions receivable, net	**$ 5,554**	$ 2,798

1. Organization and Significant Accounting Policies (continued)

Excluded from contributions receivable are certain items, primarily letters of intent, which are not legally binding, and gifts conditional on events that have not yet occurred.

Donor Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. All gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets.

Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid financial instruments with original maturities of three months or less when purchased, which are not classified as assets limited as to use, and which are not maintained in the short-term or long-term investment portfolios.

Cash and cash equivalents are maintained with domestic financial institutions with deposits which exceed federally insured limits. It is the System's policy to monitor the financial strength of these institutions.

Accounts Receivable

Patient accounts receivable result from the health care services provided by the System. Additions to the allowance for doubtful accounts result from the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance for doubtful accounts.

The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in Medicare and Medicaid health care coverage, and other collection indicators. See Note 2 for additional information relative to third-party payor programs.

Investments

The System has designated its investment portfolio as trading. Investment income or loss (including realized gains and losses on investments, interest, and dividends) and the change in net unrealized gains and losses are included in the excess of revenue over expenses unless the income or loss is restricted by donor or law.

1. Organization and Significant Accounting Policies (continued)

Investments in equity securities with readily determinable fair values and investments in debt securities are measured at fair value (quoted market prices) in the accompanying consolidated balance sheets.

Certain alternative investments (non-traditional, not-readily-marketable assets) are structured such that the System holds limited partnership interests or pooled units and are accounted for under the equity method and utilizing Yale University's (the "University") reported net asset value per unit for measurement of the units' fair value for the Yale University investment. Individual investment holdings within the alternative investments may, in turn, include investments in both non-marketable and market-traded securities. Valuations of those investments and, therefore, the System's holdings may be determined by the investment manager or general partner. Fund of funds investments are primarily based on financial data supplied by the underlying investee funds. Values may be based on historical cost, appraisals, or other estimates that require varying degrees of judgment. The equity method reflects net contributions to the investee and an ownership share of realized and unrealized investment income and expenses. The investments may indirectly expose the System to securities lending, short sales of securities, and trading in futures and forwards contracts, options, swap contracts and other derivative products. While these financial instruments may contain varying degrees of risk, the System's risk with respect to such transactions is limited to its capital balance in each investment. The financial statements of the investees are audited annually by independent auditors. The System has made investment commitments of approximately $82.7 million in these alternative investments, of which approximately $77.4 million has been funded as of September 30, 2012 and 2011, respectively.

The System participates in the Yale New Haven Health System Investment Trust (the "Trust"), a unitized Delaware Investment Trust created to pool assets for investment by the Health System non-profit entities. The Trust is comprised of two pools: the Long-Term Investment Pool ("L-TIP") and the Intermediate-Term Investment Pool ("I-TIP"). Governance of the Trust is performed by the Yale New Haven Health System Investment Committee.

Under the terms of the investment management agreement with the Trust, withdrawals of investments in the L-TIP can be made annually by each Hospital on July 1. Amounts withdrawn are subject to a schedule that allows larger withdrawals with longer notice periods. As of September 30, 2011, each Hospital can withdrawal 100% of its investment in the L-TIP on July 1, 2012. Withdrawals of investments in the I-TIP in any amount can be made quarterly with 30 days advance notice.

1. Organization and Significant Accounting Policies (continued)

The Trust has entered into an agreement with The University's investment office (the "Investment Management Agreement") which allows the University to manage a portion of Trust's investments as part of the University's Endowment Pool (the "Pool"). Under the terms of the agreement for the years ended September 30, 2012 and 2011, the Trust transferred $50 million and $100.0 million, respectively, to the University in exchange for units in the Pool. The Trust's interest in the Pool is reported at fair value based on the net asset value per units held. The Pool invests in domestic equity, foreign equity, absolute return, private equity, real assets, fixed income, and cash.

Under the terms of the investment management agreement with the University, withdrawals of the Trust's investment in the Pool can be made annually by the Trust on July 1 For withdrawals of amounts less than $150.0 million or 75% of the Trust's investment in the Pool, $100.0 million or 50% of the Trust's investment in the Pool, and $50.0 million or 25% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 180 days, 90 days, and 30 days, respectively, prior to the University's fiscal year ending June 30. For withdrawals greater than $150.0 million or more than 75% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 270 days prior to the University's fiscal year end of June 30.

In March 2006, YNHNC entered into an arrangement with the University, whereby the University will manage certain Board-designated assets of YNHNC. These Board-designated assets are commingled in the University's endowment pool. As of September 30, 2012 and 2011, the carrying value of assets managed by the University under this agreement was approximately $8.5 million and $8.6 million, respectively. Because of the limitations on their use, the assets are separately classified from assets invested under the Investment Management Agreement.

In 2011, the investment management agreement between the Trust and the University was modified to allow the Trust to obtain a cash advance, up to a maximum of $75 million, on a monthly basis. For these advances interest of U.S. Prime rate, plus two percent (2%) will be paid by the Trust. Repayments on the advances are made by the Trust by way of redemptions of a sufficient number of Trust's units in the Endowment using the June 30th unit valuation. No advances have been requested or taken by the Trust.

Short-term investments represent those securities that are available for the System's operations, and can be converted to cash within one year.

Inventories

Inventories are stated at the lower of cost or market. The System values its inventories using the first-in, first-out method, with the exception of YNHNC's pharmacy inventories, which are valued at average cost.

Assets Limited as to Use

Assets so classified represent assets held by trustees under indenture agreements, beneficial interest in perpetual trusts, and designated assets set aside by the Board of Trustees for future capital improvements, and other Board-approved uses. The Board of Trustees retains control and, at its discretion, may use for other purposes assets limited as to use for plant improvements and expansion. Amounts required to meet current liabilities are reported as current assets. These funds consist primarily of U.S. government securities, equities, debt securities, mutual funds, and money market funds.

Perpetual Trusts

The System is the beneficiary of certain perpetual trusts held and administered by others. The present values of the estimated future cash receipts, which are measured based on the fair value of the assets held by the trust, are recognized as assets and contribution revenue at the dates the trusts are established. Distributions from the trusts related to earnings and investment income are recorded as contributions, and the carrying value of the assets is adjusted for changes in the fair value.

Interest Rate Swap Agreements

The System utilizes interest rate swap agreements to reduce risks associated with changes in interest rates. Interest rate swap agreements are reported at fair value. The System is exposed to credit loss in the event of non-performance by the counterparties to its interest rate swap agreements. The System is also exposed to the risk that the swap receipts may not offset its variable rate debt service. To the extent these variable rate payments do not equal variable interest payments on the bonds, there will be a net loss or net benefit to the System.

Benefits and Insurance

The System is effectively self-insured for medical, dental, hospitalization, and prescription drug benefits provided to employees. YNHNC and Y-NHHSC make annual contributions to the

1. Organization and Significant Accounting Policies (continued)

Y-NHHSC Voluntary Employee Beneficiary Association ("VEBA") plan to fund medical, dental, hospitalization, group term life insurance, and prescription drug benefits. Annually, premiums are set to reflect the estimated cost of benefits. During the years ended September 30, 2012 and 2011, YNHNC and Y-NHHSC made actuarially determined contributions, net of premium adjustments, to the VEBA plan of approximately $124.4 million and $100.6 million, respectively.

Professional Liability Insurance

The System is self-insured for workers' compensation claims. Estimated amounts are accrued for claims, including claims incurred but not reported ("IBNR"), and are based on System-specific experience. At September 30, 2012 and 2011, the estimated discounted liabilities for self-insured workers' compensation claims and IBNR aggregated approximately $21.3 million discounted at 3.0% and $20.7 million, discounted at 3.5%, respectively, and are included in other long-term liabilities in the accompanying consolidated balance sheets.

The System records the actuarially determined liabilities for IBNR professional and general liabilities (Note 10).

Property, Plant, and Equipment

Property, plant, and equipment purchased are carried at cost, and those acquired by gifts and bequests are carried at fair value established at the date of contribution. The carrying amounts of assets and the related accumulated depreciation are removed from the accounts when such assets are disposed of, and any resulting gain or loss is included in income from operations. Depreciation of property, plant, and equipment is computed by the straight-line method in amounts sufficient to depreciate the cost of the assets over their estimated useful lives, ranging from 3 to 50 years. The cost of additions and improvements are capitalized, and expenditures for repairs and maintenance, including the cost of replacing minor items not considered substantial enhancements, are expensed as incurred.

Y-NHH and the Housing Authority of New Haven ("HANH") have entered into an agreement to swap parcels of land on the Legion/Howard/Sylvan/Ward block located in New Haven, Connecticut. As part of the key terms of the agreement, HANH has pledged an account to the Hospital in the amount of $5.7 million. The pledged account was established at the time the Hospital conveyed the land to HANH in July 2010. In the event that HANH fails to meet certain requirements of the agreement, including conveying its land parcel to Y-NHH, Y-NHH has the right to withdraw from the pledged account in the amount of $5.2 million, unless the pledged

1. Organization and Significant Accounting Policies (continued)

account is extended with an annual increase of approximately $180,000. As of September 30, 2011, no events have occurred that would require an increase to the pledged account or that would require the Hospital to withdraw funds from the pledged account.

Goodwill

Goodwill is not amortized but instead tested at least annually for impairment or more frequently when events or changes in circumstances indicate that the assets might be impaired. This impairment test is performed annually at the reporting unit level. The System evaluates goodwill at the entity level as management has determined that the System's operation comprise a single reporting entity. Goodwill is considered to impaired if the carrying value of the reporting unit, including goodwill, exceeds the reporting unit's fair value. Reporting unit fair value is estimated using both income (discounted cash flows) and market approaches.

The discounted cash flow approach requires the use of assumptions and judgments including estimates of future cash flows and the selection of discount rates. The market approach relies on comparisons to publicly traded stocks or to sales of similar companies. The System has determined that no goodwill impairment exists at September 30, 2012.

Deferred Revenue

Deferred revenue includes amounts which have been received that relate to future years. Amounts will be reduced as revenue is earned.

Excess of Revenue Over Expenses

In the accompanying consolidated statements of operations and changes in net assets, excess of revenue over expenses is the performance indicator. Peripheral or incidental transactions are included in excess of revenue over expenses. Those gains and losses deemed by management to be closely related to ongoing operations are included in other revenue; other gains and losses are classified as non-operating. Included in non-operating gains and losses are expenses incurred related to the acquisition of the SRHS.

Consistent with industry practice, contributions of, or restricted to, property, plant, and equipment, and pension and other postretirement liability adjustments are excluded from the performance indicator, but are included in the change in net assets.

1. Organization and Significant Accounting Policies (continued)

Income Taxes

Most entities within the System are not-for-profit corporations as described in Section 501(c)(3) of the Code, and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Provisions for income taxes and deferred taxes, which are not material to the consolidated financial statements, have been made for the taxable entities listed above under the description of the System.

Operating Expenses

YNHNC records amounts received from the University, area hospitals, and other local health care providers for costs incurred on behalf of those organizations as reductions to expenses. For the years ended September 30, 2012 and 2011, YNHNC recorded approximately $52.9 million, respectively, as reductions to expenses.

Deferred Financing Costs

The System capitalizes costs incurred in connection with the issuance of long-term debt, and amortizes these costs over the life of the respective obligations using the effective interest method (Note 8).

Impairment of Assets

The System reviews property, equipment, and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. If such impairment indicators are present, the System recognizes a loss on the basis of whether these amounts are fully recoverable.

Change in Accounting Principle

In August 2010, the Financial Accounting Standards Board ("FASB") issued ASU 2010-24, *Presentation of Insurance Claims and Related Insurance Recoveries*, which provides clarification to companies in the health care industry on the accounting for and presentation of professional and similar contingent liabilities. Under the new guidance, these liabilities should not be presented net of insurance recoveries and an insurance recovery receivable should be recognized on the same basis as the liabilities, subject to the need for a valuation allowance for

1. Organization and Significant Accounting Policies (continued)

uncollectible accounts. The new guidance became effective for the System as of October 1, 2011. The System elected to retrospectively adopt the guidance as of October 1, 2010. The adoption resulted in an increase to current assets and liabilities of approximately $27.7 million and an increase to long-term assets and liabilities of approximately $93.7 million as of September 30, 2011. The adoption did not affect System's financial condition, net results of operations, or cash flows.

New Accounting Pronouncements

In August 2010, the FASB issued Accounting Standards Update ("ASU") 2010-23, *Measuring Charity Care for Disclosure*. The new guidance requires that the level of charity care provided be presented based on the direct and indirect costs of the charity services provided. Separate disclosure of the amount of any cash reimbursements received for providing charity care must also be disclosed. The new disclosure requirements became effective for The System on October 1, 2011 and are included in the accompanying consolidated financial statements for all periods presented (see Note 3).

In July 2011, the FASB also issued Accounting Standards Update No. 2011-07, "*Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities*"("ASU 2011-07"). Under ASU 2011-07, provision for bad debts related to patient service revenue will be presented as a deduction from patient service revenue (net of contractual allowances and discounts) on the statement of operations with enhanced footnote disclosure on the policies for recognizing revenue and assessing bad debts. The System will adopt the presentation changes to the consolidated statement of operations for periods beginning after December 15, 2011.

Reclassifications

Certain reclassifications have been made to the balances previously reported in the September 30, 2011 consolidated balance sheet in order to conform with the September 30, 2012 presentation.

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue

The System has agreements with third-party payors that provide for payments to the System at amounts different from its established rates. The difference is accounted for as allowances. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, fee-for-service, discounted charges, and per diem payments. Net patient service revenue is

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue (continued)

affected by the State of Connecticut Disproportionate Share program, includes premium revenue, and is reported at the estimated net realizable amounts due from patients, third-party payors, and others for services rendered, and includes estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known, or as years are no longer subject to such audits, reviews, and investigations.

Third-party payor receivables included in other receivables were $35.9 million and $33.5 million at September 30, 2012 and 2011, respectively. Third-party payor receivables included in other long-term assets were $19.5 million and $14.5 million at September 30, 2012 and 2011, respectively. Third-party payor liabilities included in other current liabilities were $12.8 million and $9.0 million at September 30, 2012 and 2011, respectively. Third-party payor liabilities included in other long-term liabilities were $54.8 million and $54.4 million at September 30, 2012 and 2011, respectively.

The System has established estimates, based on information presently available, of amounts due to or from Medicare, Medicaid, and third-party payors for adjustments to current and prior year payment rates, based on industry-wide and System-specific data. Such amounts are included in accompanying consolidated balance sheets. Additionally, certain payors' payment rates for various years have been appealed by the System. If the appeals are successful, additional income applicable to those years might be realized.

Revenue from Medicare and Medicaid programs accounted for approximately 28% and 13%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2012 and approximately 30% and 13%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2011. Inpatient discharges relating to Medicare and Medicaid programs accounted for approximately 33% and 30% for the years ended September 30, 2012 and 2011. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and are subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by material amounts in the near term.

The System believes that it is in compliance with all applicable laws and regulations, and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing, except as disclosed in Note 11. Compliance with such laws and regulations can be subject to

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue (continued)

future government review and interpretation, as well as significant regulatory action, including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and the reduction of funding levels could have an adverse impact on the System. Cost reports for the System's hospitals, which serve as the basis for final settlement with government payors have been settled by final settlement for various years ranging through 2006 for Medicare and through 1994 for Medicaid. Other years remain open for settlement.

The significant concentrations of accounts receivable for services to patients include 28% from Medicare, 10% from Medicaid, and 62% from non-governmental payors at September 30, 2012 and 2011.

3. Uncompensated Care and Community Benefit Expense

The System's commitment to community service is evidenced by services provided to the poor and benefits provided to the broader community. Services provided to the poor include services provided to persons who cannot afford health care because of inadequate resources, and/or who are uninsured or underinsured.

The System makes available free care programs for qualifying patients. In accordance with the established policies of the System, during the registration, billing, and collection process, a patient's eligibility for free care funds is determined. For patients who were determined by the System to have the ability to pay but did not, the uncollected amounts are bad debt expense. For patients who do not avail themselves of any free care program, and whose ability to pay cannot be determined by the System, care given but not paid for is classified as charity care.

Together, charity care and bad debt expense represent uncompensated care. The estimated cost of total uncompensated care is approximately $101.8 million and $86.3 million for the years ended September 30, 2012 and 2011, respectively. The estimated cost of uncompensated care is based on the ratio of cost to charges, as determined by claims activity.

The estimated cost of charity care provided was $67.3 million and $53.4 million for the years ended September 30, 2012 and 2011, respectively. The estimated cost of charity care is based on the ratio of cost to charges. The allocation between bad debt and charity care is determined based on management's analysis on the previous 12 months of hospital data. This analysis calculates the actual percentage of accounts written off or designated as bad debt versus charity care while taking into account the total costs incurred by the hospital for each account analyzed.

3. Uncompensated Care and Community Benefit Expense (continued)

For the years ended September 30, 2012 and 2011, bad debt expense, at charges, was $65.8 million and $49.1 million, respectively. The bad debt expense is multiplied by the ratio of cost to charges for purposes of inclusion in the total uncompensated care amount identified above.

The Connecticut Disproportionate Share Hospital Program ("CDSHP") was established to provide funds to hospitals for the provision of uncompensated care and is funded, in part, by a 1% assessment on hospital net inpatient service revenue. During the years ended September 30, 2012 and 2011, the System received $97.8 million and $39.9 million, respectively, in CDSHP distributions, of which approximately $67.3 million and $27.8 million was related to charity care. The System made payments into the CDSHP of $85.5 million and $21.3 million for the years ended September 30, 2012 and 2011, respectively, for the 1% assessment.

Additionally, the System provides benefits for the broader community which includes services provided to other needy populations that may not qualify as poor but need special services and support. Benefits include the cost of health promotion and education of the general community, interns and residents, health screenings, and medical research. The benefits are provided through the community health centers, some of which service non-English speaking residents, disabled children, and various community support groups. The System voluntarily assists with the direct funding of several City of New Haven programs, including an economic development program and a youth initiative program.

In addition to the quantifiable services defined above, the System provides additional benefits to the community through its advocacy of community service by employees. The System's employees serve numerous organizations through board representation, membership in associations and other related activities. The System also solicits the assistance of other healthcare professionals to provide their services at no charge through participation in various community seminars and training programs.

4. Investments and Assets Limited as to Use

The composition of investments, including investments held by the Trust, amounts on deposit with trustee in debt service fund, and assets limited as to use is set forth in the following table (in thousands):

	September 30 2012	2011
Money market funds	$ 219,560	$ 177,677

(a) Investments with external international equity and bond managers that are domiciled in the United States. Investment managers may invest in American or Global Depository Receipts (ADR, GDR) or in direct foreign securities.

(b) Investments with external commodities futures manager.

(c) Investment with external multi-strategy fund of funds manager investing in publicly traded equity and credit holdings which may be long or short positions

(d) Investment with an external long-short equity fund of funds manager with underlying portfolio investments consisting of publicly traded equity positions.

(e) Investments with external direct real estate managers and fund of funds managers. Investment vehicles include both closed end REITs and limited partnerships.

(f) Yale University Endowment Pool maintains a diversified investment portfolio, through the use of external investment managers operating in a variety of investment vehicles, including separate accounts, limited partnerships and commingled funds. The pool combines an orientation to equity investments with an allocation to non-traditional asset classes such as an absolute return, private equity, and real assets.

(g) Investments consist of several domestic and international equity and fixed income mutual funds, REITs, commodities and money market funds. There is also an investment in a hedge fund of funds.

4. Investments and Assets Limited as to Use (continued)

Included in assets limited as to use at September 30, 2012 are funds to be used for the various renovations and expansion at Y-NHH which was funded by the Series M bond (see Note 7). These funds consisted of money market funds of approximately $13.3 million and $60.7 million at September 30, 2012 and 2011, respectively.

5. Property, Plant, and Equipment

Property, plant, and equipment is as follows (in thousands):

	$ 1,529,393	$ 1,342,220

6. Endowment

The System's endowment includes donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The System has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act (CUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the System classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment related to the System's beneficial interest in perpetual trusts made in accordance with the direction of the applicable donor gift instrument at the time of the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not

6. Endowment (continued)

classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the System in a manner consistent with the standard of prudence prescribed by CUPMIFA. In accordance with CUPMIFA, the System considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund; (2) the purposes of the System and the donor-restricted endowment fund; (3) general economic conditions; (4) the possible effect of inflation and deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the System; and (7) the investment and spending policies of the System.

Changes in endowment net assets for the year ended September 30, 2012 are as follows (in thousands):

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total

Return Objectives and Risk Parameters

The System has adopted investment and spending policies for endowed assets that attempt to provide a predictable stream of funding to programs supported by its endowment. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity. Under these policies, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that over time provide a rate of return that meets the spending policy objectives adjusted for inflation. Actual returns in any given year may vary from this amount.

6. Endowment (continued)

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the System relies on a total return strategies in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The System targets a diversified asset allocation that place greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

7. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes (in thousands):

	September 30 2012	2011
Specific hospital operations, teaching, research, indigent and free care, and training	**$ 87,565**	$ 78,351
Plant improvement and expansion	**568**	457
Other health care services and operations	**16,724**	14,711
	$ 104,857	$ 93,519

Permanently restricted net assets of approximately $68.4 million and $65.0 million at September 30, 2012 and 2011, respectively, consist of donor restricted endowment principal and beneficial interests in perpetual trusts. The income generated from permanently restricted funds is expendable for purposes designated by donors, including research, free care, health care, and other services.

8. Debt

A summary of long-term debt and capital lease obligations is as follows (in thousands):

8. Debt (continued)

In September 2006, the Y-NHH issued Series J revenue bonds totaling approximately $280.9 million. The proceeds, including a premium of approximately $10.1 million, are being used to finance a portion of the construction costs of the Cancer Hospital, and to pay for bond issuance costs. The bond premium is being amortized, and was included in capitalized interest through March 2010. As of the opening of the Cancer Hospital, the bond premium is being amortized in the statement of operations. The Series J revenue bonds were issued in three sub-series as follows: (1) Series J-1, approximately $174.4 million, consisting of approximately $83.7 million of serial bonds and approximately $90.7 million in term bonds bearing interest at 5% per annum; (2) Series J-2, approximately $40 million of revenue bonds bearing interest at 3.65% at September 30, 2007, and (3) Series J-3, approximately $66.5 million of revenue bonds bearing interest at 3.70% at September 30, 2007. Series J-2 and J-3 revenue bonds were refunded during the year ended September 30, 2008 by the issuance of Series L revenue bonds.

In May 2008, the Y-NHH issued Series K and Series L revenue bonds totaling approximately $216.6 million. The Series K revenue bonds were issued as Variable Rate Demand Bonds ("VRDBs") in two sub-series, Series K-1 and K-2, approximately $54.6 million each, with an effective rate of 1.1% in 2011 and 2010. The proceeds from the Series K issuance were used to refund the Series I bonds. The Series L revenue bonds were issued as VRDBs in two sub-series, Series L-1 and L-2, approximately $53.7 million each, with an effective rate of 0.8% in 2012 and 2011. The proceeds from the Series L issuance were used to refund the Series J-2 and J-3 revenue bonds.

Both the Series K and Series L VRDBs are required to be supported by Letter of Credit facilities ("LOCs") which have been executed with two financial institutions. These LOCs are scheduled to expire on May 2, 2016 and May 14, 2016.

In December 2010, the Y-NHH issued Series M revenue bonds totaling approximately $104.4 million. The proceeds, including a premium of approximately $1.0 million, are being used to finance costs for the expansion and renovations to the Adult Emergency Department, the purchase and installation of machinery and equipment, various renovations and improvements to Y-NHH's infrastructure, and to pay for bond issuance costs. The bond premium is being amortized and is included in capitalized interest. The Series M revenue bonds were issued as one series consisting of approximately $33.9 million of serial bonds bearing interest at 4.69%, and approximately $17.6 million, $17.8 million, and $35.1 million in term bonds bearing interest at 5.25%, 5.75%, and 5.50%, respectively, per annum.

8. Debt (continued)

On August 30, 2011, Y-NHH entered into a loan agreement with Bank of America, N.A. ("Bank") for $40.0 million. Y-NHH agreed to repay the Bank the aggregate principal amount in five equal annual payments of $8.0 million, beginning on October 1, 2012. The loan bears interest at a rate equal to LIBOR plus 0.50% per annum with an option to convert to a fixed rate loan upon formal notification to the Bank, which may include a portion of or the total outstanding loan balance at the time notification is made.

In July 2012, Y-NHH entered into a line of credit with the Bank in the amount of $27.0 million which was subsequently increased to $187.0 million upon the execution of the HSR asset purchase agreement. In July 2012, Y-NHH drew the unconditional loan of $27.0 million to outfit a new facility. In September 2012, the Y-NHH drew the remaining $160.0 million to fund the acquisition of HSR. The line of credit requires Y-NHH to repay the Bank in 24 equal monthly installments commencing on August 1, 2013. The full amount of the remaining balance is due on July 12, 2015. This obligation bears interest at a rate equal to LIBOR plus 0.45% per annum.

In September 2012, Y-NHH drew on its $50 million line of credit with the U.S. Bank, established in January 2012, in the amount of $25 million. The U.S. Bank line of credit requires repayment of the aggregate principal amount on the 364th day subsequent to the advance. This obligation bears interest at a rate equal to LIBOR plus 0.50% per annum.

On May 6, 2008, CHEFA issued $53.6 of its revenue bonds on behalf of Greenwich Hospital, Series C, consisting of variable rate demand bonds. The proceeds were utilized for the refunding of the outstanding Greenwich Hospital Series B revenue bonds. Principal amounts related to the Greenwich Hospital Series C revenue bonds mature annually each July 1 through fiscal 2026. The effective interest rate of 3.2% is the result of the variable rate paid to bondholders, disclosed as interest expense of approximately $0.1 million, and net counterparty payments of approximately $1.3 million in connection with the interest rate swap included in nonoperating gains and losses.

In June 2012, Bridgeport Hospital obtained a $5.5 million term loan from CHEFA. The loan is to be paid in monthly installments over 5 years at a fixed rate of 1.66% with the proceeds to be used for medical and cafeteria equipment. The loan is secured by the equipment purchased with the proceeds of the loan.

8. Debt (continued)

Bridgeport Hospital's Series A and C tax-exempt revenue bonds were issued through CHEFA under a Master Trust Indenture. These bonds are due serially or via mandatory sinking fund redemptions through July 1, 2025. The bonds are collateralized by a pledge of the gross receipts of Bridgeport Hospital and the Foundation (the "Obligated Group"), and a first mortgage on substantially all property, plant, and equipment of Bridgeport Hospital. The Master Trust Indenture also places certain limits on the incurrence of additional borrowings of the Obligated Group, and requires the Obligated Group to satisfy certain measures of financial performance while the revenue bonds are outstanding. The Bridgeport Hospital Series A and C bonds are insured by commercial bond insurers to maturity.

In November 2010, Bridgeport Hospital obtained a $6.6 million term loan from CHEFA. The proceeds of the loan are to be used for the purchase and installation of energy savings equipment and various renovations and improvements to Bridgeport Hospital's infrastructure. The loan is to be paid in monthly installments over 10 years at a fixed rate of 3.22%.

In May 2012, the Bridgeport Hospital's Series D tax-exempt revenue bonds were issued through CHEFA under a Master Trust Indenture for approximately $36.4 million, with coupons ranging from 2.0% to 5.0%, and a final maturity of July 2025. The proceeds, including a premium of approximately $4.1 million, were used for the retirement of the outstanding Series A and C revenue bonds and to pay for certain bond issuance costs. The bond premium is being amortized using the effective interest method and is included in interest expense in the accompanying consolidated statement of operations and changes in net assets. In connection with the refunding and refinancing, the Hospital recognized a loss in 2012 of approximately $1.8 million principally related to the write-off of deferred financing costs.

The terms of the various financing arrangements between CHEFA and the System, the financial institutions providing the LOCs and the System, and the Bank and the System provide for financial covenants regarding the System's debt service coverage ratio, liquidity ratio, and debt to capitalization ratio, among others. As of September 30, 2012 and 2011, the System was in compliance with such covenants.

Required monthly payments on the revenue bonds by the System to a trustee are in amounts sufficient to provide for the payments of principal, interest, and sinking fund installments, as well as required payments to certain reserve funds held by the trustee, in accordance with terms of the agreements, and certain other annual costs of CHEFA.

8. Debt (continued)

Scheduled principal payments on all long-term debt, including capital lease obligations, are as follows (in thousands):

	Debt	Capital Lease Obligations
Year ending September 30:		
2013	$ 51,590	$ 60,115
2014	210,966	5,997
2015	26,128	6,197
2016	26,787	6,243
2017	27,250	5,679
Thereafter	461,043	63,810
	$ 803,764	148,041
Less interest		(35,238)
		$ 112,803

Capitalized interest at September 30, 2012 and 2011 totaled $26.9 million and $24.9 million, respectively.

Y-NHH has entered into interest rate swap agreements with financial institutions related to the Y-NHH's Series K and Series L debt, and future obligations. The Series K and Series L swaps were carried over as part of the refunding of the Series I and Series J debt. On September 20, 2012, Y-NHH entered into a Forward Starting Interest Rate swap, a LIBOR Swap Rate Lock and a SIFMA Rate Lock swap with two different counterparties. In connection with refinancing its Series A revenue bonds and issuing its Series B revenue bonds, Greenwich Hospital entered into an interest rate swap agreement with a financial institution. This swap remained in place for Greenwich Hospital's Series C revenue bonds. The agreements require Y-NHH and Greenwich Hospital to pay a fixed rate and receive a floating rate based on LIBOR or SIFMA.

The change in market value, as well as the net interest paid or received under Y-NHH's swap agreement, for the Series J/Series L swap has been capitalized as part of the interest costs related to construction of the Cancer Hospital until construction was complete. Once the Cancer Hospital became operational these amounts were recorded in the statements of operations.

8. Debt (continued)

The swap agreements fix the interest rate at a level viewed as desirable by the System. Such agreements expose the System to credit risk in the event of non-performance by the counterparties, some of which is collateralized. At September 30, 2012 and 2011, the fair value of the swap agreements based on current interest rates was approximately $45.7 million and $37.9 million, respectively, representing a payable to the counterparties (recorded in other long-term liabilities).

For the Y-NHH Series K swap, there was an unfavorable change in fair value of approximately $0.9 million for the years ended September 30, 2012 and 2011 which was recorded in the excess of revenue over expenses. As a result of the unfavorable change in market value of the Series K swap, $4.6 million and $4.2 million has been collateralized by Y-NHH and is being held by the financial institution as of September 30, 2012 and 2011, as required by the swap agreement.

For the Y-NHH Series L swaps, there was an unfavorable change in fair value of approximately $2.0 million and $3.5 million for the years ended September 30, 2012 and 2011, respectively, which was recorded in excess of revenue over expenses. No collateral was required under the Series L swap agreement for the years ended September 30, 2012 and 2011.

For the forward starting interest rate swap, the LIBOR Swap Rate Lock and the SIFMA Rate Lock swaps, there was an unfavorable change in fair value of $1.0 million, $1.9 million, and $1.6 million, respectively, for the year ended September 30, 2012, which was recorded in excess of revenue over expenses.

For Greenwich Hospital's swap, there was an unfavorable change in fair value of approximately $0.4 million and $0.5 million for the years ended September 30, 2012 and 2011, respectively, which was recorded in excess (deficiency) of revenue over expenses.

8. Debt (continued)

The following table summarizes the System's interest rate swap agreements (in thousands):

Swap Type	Expiration Date	System Receives	System Pays	Notional Amount At September 30 2012	2011
Series K – Fixed to Floating	July 1, 2025	LIBOR	3.11%	$ 63,977	$ 66,269
Series L – Fixed to Floating	July 1, 2036	LIBOR	3.68%	44,505	44,505
Forward Starting Interest Rate Swap	July 1, 2053	67% of LIBOR	2.84%	50,000	–
LIBOR Swap Rate Lock	July 1, 2043	LIBOR	2.73%	92,000	–
SIFMA Rate Lock	July 1, 2048	SIFMA	2.66%	50,000	–
Series B – fixed to floating (Greenwich Hospital)	July 1, 2026	LIBOR	3.10%	32,200	32,200
				$ 332,682	$ 142,974

For the years ended September 30, 2012 and 2011, the System paid approximately $19.2 million and $19.8 million, respectively, for interest related to long-term debt and capital lease obligations, exclusive of swap agreements.

Arbitrage rules apply to tax-exempt debt issued after August 31, 1986. The rules require that, in specified circumstances, earnings from the investment of tax-exempt bond proceeds which exceed the yield on the bonds must be remitted to the Federal government.

Y-NHH entered into a contract to lease space in a building adjacent to Y-NHH. Y-NHH's rental obligation commenced December 2009. This lease has a term of twenty years from the commencement date with the option to extend the lease for four successive terms of ten consecutive years. Rental payments will increase by 5% every five years. Y-NHH is also subject to additional rent for its share of expenses, as defined in the contract. Y-NHH has the option to purchase the property at the end of the fifth, tenth, or twentieth years or at the end of each of the first three ten-year extension periods.

Y-NHH has entered into an agreement to lease space in a building located at 2 Howe Street, New Haven Connecticut. Y-NHH's rental obligation commenced during the first quarter of fiscal 2010. Y-NHH will lease these spaces for three years after which Y-NHH has the obligation to purchase the property for approximately $53.6 million.

8. Debt (continued)

Assets recorded under the capital lease obligations totaled $128.2 million and $129.1 million as of September 30, 2012 and 2011, respectively. Accumulated depreciation for the capital lease obligations totaled $18.0 million and $13.6 million at September 30, 2012 and 2011, respectively.

9. Pensions and Postretirement Benefits

The System has qualified and non-qualified defined benefit pension plans covering substantially all employees and executives. The benefits provided are based on age, years of service, and compensation. The System's policy is to fund the pension benefits with at least the minimum amounts required by the Employee Retirement Income Security Act of 1974.

The System also sponsors contributory 403(b) plans and 401(k) plans covering substantially all employees. Employer contributions for certain 403(b) and 401(k) plans are determined based on employee contributions and years of service. The System contributed approximately $28.7 million and $27.6 million for the years ended September 30, 2012 and 2011, respectively.

YNHNC maintains a Section 457 non-qualified deferred compensation plan. Contributions are made on a pre-tax basis. The balances recorded at September 30, 2012 and 2011 in other assets and other long-term liabilities were approximately $21.7 million and $18.4 million, respectively.

On June 30, 2006, Bridgeport Hospital and certain other affiliates of BHHS froze their defined benefit plan. On October 1, 2006, Bridgeport Hospital and certain other affiliates of BHHS instituted a defined contribution plan.

Effective as of December 31, 2006, Greenwich Hospital amended its defined benefit pension plan to freeze benefits for employees who were under age 50 with less than five years of service. Effective January 1, 2007, Greenwich Hospital began providing a matching contribution and a length of service contribution, in addition to its incentive contribution, for its defined contribution plan for all employees no longer accruing benefits under the defined benefit plan. Employees who were age 50 or older with five years of service continue to accumulate benefits under the defined benefit plan, and do not participate in the defined contribution plan.

YNHNC and GHCS also provide certain health care and life insurance benefits upon retirement to substantially all their employees. YNHNC's and GHCS's policy is to fund these annual costs as they are incurred from the general assets of YNHNC and GHCS. The estimated cost of these postretirement benefits is actuarially determined, and accrued over the employees' service periods.

9. Pensions and Postretirement Benefits (continued)

Included in unrestricted net assets at September 30, 2012 and 2011 are the following amounts that have not yet been recognized in net periodic pension cost: unrecognized prior service credit of approximately $0.1 million and $0.3 million, respectively, and unrecognized actuarial losses of approximately $355.0 million and $267.9 million, respectively. The prior service credit and actuarial loss included in unrestricted net assets and expected to be recognized in net periodic pension cost during the year ending September 30, 2013 are approximately $0.8 million and $18.3 million, respectively.

The following table sets forth the change in benefit obligations, change in the plans' assets, and the reconciliation of underfunded status of the System's defined benefit plans as of September 30, 2012 and 2011 (in thousands):

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2012	2011	2012	2011
Change in benefit obligation:

Benefit Obligation and Assumptions

The projected benefit obligation, accumulated benefit obligation, and fair value of the plans' assets were as follows (in thousands):

	September 30	
	2012	**2011**
Projected benefit obligation	**$ (868,077)**	$ (739,038)
Accumulated benefit obligation	**(782,254)**	(624,269)
Fair value of plans' assets	**543,351**	455,015

As of September 30, 2012 and 2011, the underfunded status of the qualified defined benefit pension plans was approximately $281.8 million and $241.1 million, respectively, and that of the non-qualified defined benefit pension plan was approximately $49.4 million and $43.0 million, respectively. Additionally, there are assets limited as to use of approximately $64.7 million and $58.4 million, which are available to satisfy the obligations of the non-qualified defined benefit pension plan at September 30, 2012 and 2011, respectively.

9. Pensions and Postretirement Benefits (continued)

In addition to the postretirement benefits included in the above schedule, certain employees of Greenwich Hospital are provided certain postretirement health care and life insurance benefits. The accrued postretirement benefit liabilities were approximately $0.5 million at September 30, 2012 and 2011, and are included in other long-term liabilities.

The net periodic benefit cost for the years ended September 30, 2012 and 2011 is as follows (in thousands):

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2012	2011	2012	2011
Service cost	$ 25,048	$ 21,358	$ 3,442	$ 3,092

Net periodic benefit cost	$ 29,622	$ 21,365	$ 6,884	$ 6,370

Weighted-average assumptions used to determine benefit obligations at September 30, 2012 and 2011 are as follows:

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2012	2011	2012	2011
Discount rate for determining benefit obligations at year-end, qualified plan	3.6%-4.0%	4.8%-5.2%	4.0%	5.1%
Discount rate for determining benefit obligations at year-end, non-qualified plan	4.0%	5.1%	–	–
Rate of compensation increase	3.5%-5.0%	3.25%-5.0%	–	–

9. Pensions and Postretirement Benefits (continued)

Weighted-average assumptions used to determine net periodic benefit cost for the years ended September 30, 2012 and 2011 are as follows:

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2012	2011	2012	2011
Discount rate for determining net periodic benefit cost at year-end, qualified plan	**4.8-5.2%**	4.8%-5.4%	**5.1%**	5.3%
Discount rate for determining net periodic benefit cost at year-end, non-qualified plan	**5.1%**	5.3%	–	–

Rate of compensation increase	**3.25%-5.0%**	3.25%-5.0%	–	–

For measurement purposes relating to the postretirement benefits plan, a 7.0% and 8.0% annual rate of increase in the per capita cost of covered health care benefits was assumed for fiscal 2012 and fiscal 2011, respectively. Rates are assumed to decline to 4.0% through fiscal 2014.

Assumed health care cost trend rate assumptions have a significant effect on the amounts reported. A 1% change in the assumed health care cost trend rate would have the following effects (in thousands):

	1% Increase	1% Decrease
Effect on total of service and interest cost components	$ 13	$ (15)
Effect on postretirement benefit obligations	142	(144)

The asset allocation of the System's pension plans at September 30, 2012 and 2011, on a combined basis, was as follows:

Asset Category	Target Allocation	Percentage of Assets	
	2013	2012	2011
Equity securities	**22%-90%**	**39%**	36%
Debt securities	**10%-55%**	**34**	37

9. Pensions and Postretirement Benefits (continued)

The following is a rollforward of the pension assets classified as level 3 of the valuation hierarchy as described in Note 15 (in thousands):

	Commodities	Private Equity	Real Estate	International Equity	Hedge Funds	Total
Fair value at September 30, 2010	$ 11,368	$ 15,006	$ 14,599	$ –	$ 13,191	$ 54,164
2011 Realized and unrealized gains and losses	(593)	(135)	3,049	(688)	62	1,695
2011 Purchases, sales, transfers, issuances and settlements, net	(793)	2,444	(2,021)	6,000	(3,405)	2,225

2012 Realized and unrealized gains and losses	361	3,928	206	1,357	960	6,812
2012 Purchases, sales, transfers, issuances and settlements, net	364	5,038	951	802	(229)	6,926
Fair value at September 30, 2012	$ 10,707	$ 26,281	$ 16,784	$ 7,471	$ 10,579	$ 71,822

The System's investment strategy for its pension assets balances the liquidity needs of the pension plans with the long-term return goals necessary to satisfy future pension obligations. The target asset allocation seeks to capture the equity premium granted by the capital markets over the long-term while ensuring security of principal to meet near term expenses and obligations through the fixed income allocation. The allocation of the investment pool to various sectors of the markets is designed to reduce volatility in the portfolio.

The System's pension portfolios return assumption of 7.75% is based on the targeted weighted-average return of comparative market indices for the asset classes represented in the portfolio and discounted for pension expenses.

The future cash flows of the System relative to retirement benefits are expected to be as follows (in thousands):

	Defined Benefit Pension Plans	Postretirement Benefit Plan
Estimated benefit payments related to years ending September 30:		
2013	$ 49,435	$ 2,521
2014	50,294	2,832
2015	52,296	3,063
2016	53,610	3,316
2017	56,367	3,646
2018 to 2022	313,582	24,096

9. Pensions and Postretirement Benefits (continued)

The System expects to make contributions of approximately $53.4 million for pension benefits and $2.5 million for postretirement benefits in fiscal 2013.

10. Professional Liability Insurance

In 1978, Y-NHH and a number of other academic medical centers formed The Medical Centre Insurance Company Ltd. (the "Captive") to insure for professional and comprehensive general liability risks. In 1997, the Captive formed MCIC Vermont, Inc. ("MCIC") to write direct insurance for the professional and general liability risks of the shareholders. Since 1997, the Captive has acted as a reinsurer for varying levels of per claim limit exposure. MCIC has reinsurance coverage from outside reinsurers for amounts above the per claim limits. Premiums are based on modified claims made coverage, and are actuarially determined based on actual experience of the System, the Captive, and MCIC.

Y-NHH controls less than 20% of the Class A stock of MCIC; however, for accounting purposes the investment in the insurance companies is recorded on the equity method because of contractual agreements.

The System entities participate in the Y-NHH insurance program as additional insureds. All System entities initially pay premiums to Y-NHHSC. Y-NHHSC generally assumes the responsibility for ensuring that all the System members pay all premiums owed by them to MCIC. Y-NHHSC manages MCIC's operations for all other System members.

MCIC's policy is to establish retrospective-related premiums for its shareholders equivalent to estimated losses and general and administrative expenses, less estimated investment income, so that its results of operations are breakeven each year. The System accrues premiums as incurred.

The estimate for modified claims-made professional liabilities and the estimate for incidents that have been incurred but not reported aggregated approximately $155.5 million and $167.5 million at September 30, 2012 and 2011, respectively for the System. The undiscounted estimate for incidents that have been incurred but not reported aggregated approximately $49.8 million and $54.5 million for the System at September 30, 2012 and 2011, respectively, and is included in professional insurance liabilities in the accompanying consolidated statements of financial position at the actuarially determined present value of approximately $46.1 million and $46.3 million, respectively, based on a discount rate of 3.0% and 3.5% for the years ended September 30, 2012 and 2011, respectively.

10. Professional Liability Insurance (continued)

The System has recorded related insurance recoveries receivable of approximately $109.4 million and $121.4 million at September 30, 2012 and 2011, respectively, in consideration of the expected insurance recoveries for the total discounted modified claims-made insurance. The current portion of professional liabilities and the related insurance receivable represents an estimate of expected settlements and insurance recoveries over the next 12 months.

Lukan, the Y-NHH sponsored professional liability program, continues to manage all incidents and claims reported to Lukan prior to the acquisition of SRHS, as well as extending professional liability coverage for post acquisition risks to certain affiliated community clinicians.

Prior to the acquisition of SRHS, Caritas provided excess professional liability and general liability insurance to SRHS and their employed clinicians. Caritas continues to manage all incidents and claims reported prior to the acquisition of SRHS.

Caritas and Lukan have recorded the undiscounted estimate for incidents that have been incurred but not reported of approximately $36.6 million at September 30, 2012 and are included in professional liabilities in the accompanying consolidated statements of financial position.

The System's estimates for professional insurance liabilities are based upon complex actuarial calculations which utilize factors such as historical claims experience for the System and related industry factors, trending models, estimates for the payment patterns of future claims and present value discount factors. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Revisions to estimated amounts resulting from actual experience differing from projected expectations are recorded in the period the information becomes known or when changes are anticipated.

11. Commitments and Contingencies

Leases

The System leases various equipment and properties under several non-cancelable operating leases that range in terms. The System is responsible for operating expenses, as defined, during the lease terms. Future minimum lease payments under these leases are as follows (in thousands):

2013	$ 22,390
2014	19,341
2015	15,296
2016	14,258
2017	10,890
Thereafter	28,494
	$ 110,669

The System incurred rent expense under these leases of approximately $24.3 million and $22.3 million for the years ended September 30, 2012 and 2011, respectively.

Cancer Hospital

Y-NHH has a shared facilities and services agreement with in connection with the Cancer Hospital which is recorded as deferred revenue. Deferred revenue, from this agreement, at September 30, 2012 and 2011 was $46.6 million and $48.3 million, respectively.

Proposed Acquisition

Bridgeport Hospital entered into an agreement on August 12, 2012 to acquire certain assets and assume certain liabilities of a Connecticut radiology practice for approximately $16 million. A regulatory review by the Connecticut Office of Health Care Access is currently in progress. Upon completion of the regulatory review of the transaction will be completed.

Litigation

Various lawsuits and claims arising in the normal course of operations are pending, or are in progress against the System. Such lawsuits and claims are either specifically covered by insurance as explained in Note 11, or are deemed immaterial. While the outcomes of the lawsuits and claims cannot be determined at this time, management believes that any loss which may arise from these actions will not have a material adverse effect on the consolidated financial position or changes in net assets of the System.

11. Commitments and Contingencies (continued)

The System has received requests for information from certain governmental agencies relating to, among other things, patient billings. These requests cover several prior years relating to compliance with certain laws and regulations. Management is cooperating with those governmental agencies in their information requests and ongoing investigations. The ultimate results of those investigations, including the impact on the System, cannot be determined at this time.

12. Functional Expenses

The System provides general acute health care services to residents within its geographic areas. Net expenses related to providing these services are as follows (in thousands):

	Year Ended September 30	
	2012	**2011**
Health care services	**$ 1,962,185**	$ 1,734,717
General and administrative	**532,979**	484,964
	$ 2,495,164	$ 2,219,681

13. Other Revenue

Other revenue consisted of the following (in thousands):

	Year Ended September 30	
	2012	**2011**
Cafeteria and vending	**$ 10,926**	$ 10,134

	$ 104,901	$ 87,126

The American Recovery and Reinvestment Act of 2009 included provisions for implementing health information technology under the Health Information Technology for Economic and Clinical Health Act ("HITECH"). The provisions were designed to increase the use of electronic health record ("EHR") technology and establish the requirements for a Medicare and Medicaid incentive payment program beginning in 2011 for eligible providers that adopt and meaningfully use certified EHR technology. Eligibility for annual Medicare incentive payments is dependent on providers demonstrating meaningful use of EHR technology in each period over a four-year period. Initial Medicaid incentive payments are available to providers that adopt, implement, or upgrade certified EHR technology. In subsequent years, providers must demonstrate meaningful use of such technology to qualify for additional Medicaid incentive payments. Hospitals that do not successfully demonstrate meaningful use of EHR technology are subject to payment penalties or downward adjustments to their Medicare payments beginning in federal fiscal year 2015.

13. Other Revenue (continued)

The System uses a grant accounting model to recognize revenue for the Medicare and Medicaid EHR incentive payments. Under this accounting policy, EHR incentive payment revenue is recognized when the System is reasonably assured that the EHR meaningful use criteria for the required period of time were met and that the grant revenue will be received. EHR incentive payment revenue totaling $6.4 million for Medicaid for the year ended September 30, 2012, is included in other revenue in the accompanying 2012 consolidated statement of operations. Income from incentive payments is subject to retrospective adjustment upon final settlement of the applicable cost report from which payments were calculated. Additionally, the Hospital's attestation of compliance with the meaningful use criteria is subject to audit by the federal government.

14. Non-Operating Gains and Losses, Net

Non-operating gains and losses consisted of the following (in thousands).

	Year Ended September 30	
	2012	**2011**
Income from investments, donations and other, net	**$ (11,132)**	$ 4,671
Gain on sale of Medical Center Pharmacy, net of taxes	**–**	3,238

FICA Tax Refund	**4,920**	10,915
	$ 11,868	$ (5,194)

15. Fair Values of Financial Instruments

In determining fair value, the System utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The System also considers non-performance risk in the overall assessment of fair value.

ASC No. 820-10 establishes a three-tier valuation hierarchy for fair value disclosure purposes. This hierarchy is based on the transparency of the inputs utilized for the valuation. The three levels are defined as follows:

- **Level 1:** Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities. This established hierarchy assigns the highest priority to Level 1 assets.

15. Fair Values of Financial Instruments (continued)

- **Level 2:** Observable inputs that are based on data not quoted in active markets, but corroborated by market data.
- **Level 3:** Unobservable inputs that are used when little or no market data is available. The Level 3 inputs are assigned the lowest priority.

Financial assets and liabilities carried at fair value as of September 30, 2012 and 2011 are classified in the following tables in one of the three categories described above (in thousands):

	September 30, 2012

The amounts reported in the tables as detailed above do not include assets invested in the System's defined benefit pension plan. In addition, included in the tables above at September 30, 2012 and 2011 are investments in common collective trusts totaling approximately $116.2 million and $113.8 million, respectively, other alternative investments totaling approximately $105.1 million and $103.5 million, respectively, and other perpetual trusts totaling approximately $12.1 million and $10.9 million that are accounted for under the equity method of accounting (see Note 1). The beneficial interest in remainder trust listed in the above tables are included in other assets. The interest rate swaps listed above are classified in the accompanying balance sheet as "other long-term liabilities" at September 30, 2012 and 2011.

15. Fair Values of Financial Instruments (continued)

The following is a rollforward of assets classified as level 3 of the valuation hierarchy:

16. Medical Residents FICA Tax Refund

In March 2010, the Internal Revenue Service ("IRS") announced that, for periods ending before April 1, 2005, medical residents would be eligible for student exception of Federal Insurance Contributions Act ("FICA") taxes. Under the student exception, FICA taxes do not apply to wages for services performed by students employed by a school, college, or university where the student is pursuing a course of study. As a result, the IRS will allow refunds for institutions that file timely FICA refund claims and provide certain information to meet the requirements of perfection, established by the IRS, for their claims applicable to periods prior to April 1, 2005. Institutions are potentially eligible for medical resident FICA refunds for both the employer and employee portions of FICA taxes paid, plus statutory interest. For the year ended September 30, 2012 and 2011, Y-NHH has recorded estimated net revenue of approximately $4.9 million and $10.9 million, respectively, in non-operating gains and losses, related to FICA medical resident refunds claims that have met the IRS refund requirements. At September 30, 2012 and 2011, Y-NHH recorded a net receivable of approximately $18.2 million and $24.7 million, respectively included in other assets and a payable of approximately $13.8 million at September 30, 2012 and 2011 included in other long-term liabilities. Y-NHH has established its estimate based on information presently available and this estimate is subject to change as the IRS adjudicates the claims.

Report of Independent Auditors

The Board of Directors
Yale-New Haven Health Services Corporation
d/b/a Yale New Haven Health System and Subsidiaries

We have audited the accompanying consolidated financial statements of Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries (the System), which comprise the consolidated balance sheets as of September 30, 2013 and 2012, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

A member firm of Ernst & Young Global Limited

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Yale-New Haven Health Services Corporation at September 30, 2013 and 2012, and the consolidated results of their operations and changes in their net assets and their cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Change in Presentation of the Provision for Bad Debts

As discussed in Note 1 to the accompanying consolidated financial statements, in 2013, Yale-New Haven Health Services Corporation adopted the provisions of Accounting Standards Update No. 2011-07, *Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities,* which resulted in a change to the presentation of the provision for bad debts in the accompanying consolidated statements of operations and changes in net assets effective October 1, 2011. Our opinion is not modified with respect to this matter.

Notes to Consolidated Financial Statements

September 30, 2013

1. Organization and Significant Accounting Policies

Yale-New Haven Health Services Corporation (Y-NHHSC), formed in 1983, was incorporated under the Not-for-Profit Corporation Law to coordinate the activities of the members of the Yale-New Haven Health Services Corporation, d/b/a Yale New Haven Health System and Subsidiaries (collectively, the System), and is an integrated regional health care delivery system. The System currently includes the following entities:

Y-NHHSC is the parent company of YNH Network Corporation (YNHNC) and Y-NHH-MSO, Inc. (MSO), as well as the sole member of Bridgeport Hospital & Healthcare Services, Inc. (BHHS), Greenwich Health Care Services, Inc. (GHCS) and Northeast Medical Group, Inc (NEMG).

YNHNC was incorporated as of April 1, 1998, and is exempt from federal income tax under Section 501(a) of the Internal Revenue Code (the Code) as an organization described in Section 501(c)(3). Under the terms of an assignment and assumption agreement executed on May 10, 2001, YNHNC became the sole member of Yale-New Haven Hospital, Inc. and the parent organization of Yale-New Haven Ambulatory Services Corporation and York Enterprises, Inc. and Subsidiaries. YNHNC is the parent of:

- Yale-New Haven Hospital, Inc. (Y-NHH), a voluntary association incorporated under the General Statutes of the State of Connecticut. The Board of Trustees of Y-NHH, appointed by YNHNC, controls the operations of Y-NHH.

- YNHCCC, a Connecticut non stock corporation, is a wholly-owned subsidiary of Yale-New Haven Network Corporation (YNHNC). YNHCCC provides long-term care for those unable to live independently and short-term rehabilitation for patients who have experienced elective surgery, an injury, or a traumatic major illness. Its services include respite care for family members and caregivers, stroke recovery for victims of strokes, orthopedic recovery services, medications and diagnostic services (such as radiological services).

- Yale-New Haven Ambulatory Services Corporation (ASC), a Connecticut non-stock, taxable corporation, operates a recovery care centers, and is 51% owner of Shoreline Surgery Center, LLC (SSC) and SSC II, LLC.

1. Organization and Significant Accounting Policies (continued)

- York Enterprises, Inc. and Subsidiaries (York), a Connecticut corporation formed for the purpose of initiating or acquiring business entities. Currently, York has two subsidiaries: Medical Center Pharmacy and Home Care, Inc. (MCP) and Medical Center Realty, Inc. (MCR). MCP is a Connecticut stock, for-profit company, which operated a retail pharmacy with multiple locations until February 2011. MCR is a Connecticut stock, for-profit company, which owns or holds leases on the System's affiliated commercial space. York is the sole shareholder of MCP and MCR.

- Quinnipiac Medical Center P.C. (QMPC) and Community Health Care Physicians (CHCP) are Connecticut stock, for-profit, professional corporations formed in 1994 and 1996, respectively, to employ New Haven area primary care physicians. All of the stock of QMPC and CHCP is owned by the Chief of Staff of Y-NHH, who has assigned his rights in QMPC and CHCP to YNHNC.

BHHS is a Connecticut not-for-profit, non-stock corporation established to promote and carry out charitable, scientific, and educational activities. Y-NHHSC is the sole member of BHHS. BHHS and its subsidiaries have continued to operate autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, and board appointments of BHHS. BHHS is the sole member of the following not-for-profit, non-stock corporations:

- Bridgeport Hospital, a voluntary association incorporated under the General Statutes of the State of Connecticut, provides health care services to the Fairfield County community.

- Bridgeport Hospital Foundation solicits contributions for the benefit of BHHS, Bridgeport Hospital, and all other tax-exempt health care organizations associated with BHHS.

- Southern Connecticut Health System Properties, Inc. is a real estate holding company, which sold primarily all of its assets to Bridgeport Hospital during 1998.

1. Organization and Significant Accounting Policies (continued)

NEMG is a tax-exempt medical foundation that provides physician-related services to Bridgeport, Greenwich, and Yale-New Haven Hospitals and their surrounding communities. NEMG operates autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, and board appointments of NEMG.

GHCS is the parent corporation of a group of wholly owned subsidiaries, including Greenwich Hospital, The Perryridge Corporation, Greenwich Health Care Services, Inc. (GHSI), the Greenwich Hospital Endowment Fund, Inc., and Greenwich Ambulatory Surgery Center, LLC (GASC). GHCS and its subsidiaries, with the exception of GHSI, are Section 501(c)(3) not-for-profit organizations, and are exempt from federal income taxes under Section 501(a) of the Code. Greenwich Hospital, a non-stock Connecticut corporation, is a wholly owned subsidiary of GHCS (the sole member), providing health care services to the lower Fairfield County and Westchester County, New York communities. GHCS and its subsidiaries have continued to operate autonomously with a separate board, management, and medical staff. Y-NHHSC must approve the strategic plans, operating budgets, capital budgets, any transfer of assets, and Board of Director appointments of GHCS and its subsidiaries.

On October 21, 2010, GASC entered into an agreement to operate Orthopedic & Neurosurgery Center of Greenwich, LLC (the JV), for the purpose of providing outpatient surgical services in the greater Fairfield County and Westchester County communities. GASC holds governance control of the JV and a 35% equity interest as of September 30, 2011. Accordingly, the accounts of the JV have been included in the balance sheets of GASC. The non-controlling interest in the JV is reported in the consolidated financial statements.

MSO, a for-profit stock corporation, was formed to manage physician practices and provide third-party administration services on certain managed care contracts. The capital stock of MSO consists of 20,000 shares of common stock, par value of one one-hundredth of a dollar per share. The Board of Directors of MSO is appointed by Y-NHHSC, the sole shareholder, who controls MSO's operations.

1. Organization and Significant Accounting Policies (continued)

Acquisitions

On September 12, 2012, Y-NHH, ASC, YNHCCC, and York, acquired substantially all of the business, assets, and operations and assumed certain liabilities of the Saint Raphael Healthcare System, Inc. (SRHS), including substantially all of the assets of its wholly-owned subsidiary, the Hospital of Saint Raphael (HSR), a 511-bed acute care hospital located in New Haven, CT. Other affiliates of SRHS whose assets were acquired in connection with the transaction include the following:

- Saint Regis Health Center, Inc. d/b/a Sister Anne Virginie Grimes Health Center (Grimes), a tax-exempt, skilled nursing facility that operated with 120 licensed beds which was a wholly-owned subsidiary of SRHS. In connection with the transaction, YNHCCC acquired substantially all of the land, buildings, equipment and bed licenses associated with Grimes.

- Caritas Insurance Company, Ltd. (Caritas), a Vermont-domiciled, captive insurance company licensed under Chapter 141 of Title 8 of the Vermont Statutes Annotated. Caritas is a tax-exempt supporting organization having HSR as its sole shareholder. Caritas provides excess professional liability coverage and general liability coverage. Caritas was a wholly-owned subsidiary of HSR. In connection with the transaction Y-NHH acquired 100% of the stock of Caritas.

- Lukan Indemnity Company, Ltd. (Lukan), a Bermuda-domiciled captive insurance company that provides primary professional liability coverage. Lukan was a wholly-owned subsidiary of HSR. In connection with the transaction, Y-NHH acquired 100% of the stock of Lukan.

- DePaul Health Services Corporation (DePaul), a Connecticut nonstock corporation which held interests in investments and other assets on behalf of HSR. In connection with the transaction, ASC acquired certain interests in investments from DePaul.

1. Organization and Significant Accounting Policies (continued)

- Saint Raphael Foundation, Inc. (the Foundation), a tax-exempt fundraising foundation of HSR which was a subsidiary of SRHS. In connection with the transaction, certain assets of the Foundation were acquired by Y-NHH.

The total consideration transferred by Y-NHH, ASC, YNHCCC and York was approximately $237.9 million, including $160.0 million in cash and an installment payable plus the assumption of liabilities totaling $77.9 million, as follows (in thousands).

Cash consideration	$ 150,000
Installment payments	10,000
Assumption of liabilities	77,927
Total consideration transferred	$ 237,927

The acquisition of substantially all of the business, assets, and operations and assumption of liabilities of HSR included installment payments in the amount of $10 million payable in two equal installments which were made in October 2012 and March 2013.

Y-NHH and its affiliates have accounted for the business combination applying the acquisition method of accounting in accordance with Accounting Standards Codification Topic 805, *Business Combinations* ("Topic 805")

1. Organization and Significant Accounting Policies (continued)

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the acquisition date. Determining the fair value of the assets acquired and liabilities assumed requires judgment and involves the use of significant accounting estimates and assumptions, including assumptions with respect to future cash inflows and outflows and discount rates, among others.

	Y-NHH	ASC	YNHCCC	York	Total

Y-NHH recorded goodwill in the amount of $35.7 million. In connection with the finalization of the fair value measurement of the assets and liabilities acquired, Y-NHH recorded additional goodwill of approximately $2.3 million during 2013. In determining the amount of goodwill, all assets acquired and liabilities assumed were measured at fair value as of the acquisition date. Factors contributing to goodwill that resulted from the acquisition include, but are not limited to, the efficiencies that will result from the combination of the campuses and their proximity.

1. Organization and Significant Accounting Policies (continued)

As part of the acquisition ASC acquired a non-controlling interest in the following investments previously owned by HSR:

- YNHASC acquired a 49% equity interest in Saint Raphael Dialysis Center (SDC). SDC is an outpatient dialysis center with 4 locations to treat people with chronic kidney failure.

- YNHASC acquired a 50% equity interest in Saint Raphael Magnetic Resonance Partnership (SRMP) SRMP provides radiology services using a magnetic resonance imaging machine.

- YNHASC acquired a 49% equity interest in Connecticut CK Leasing LLC (CCK). CCK provides radiation to treat malignant and benign tumors.

Total assets and liabilities of SDC, SRMP and CCK were approximately $17.5 million and $1.9 million and $4.0 million and $2.7 million, respectively, at September 30, 2013 and 2012, respectively.

YNHCCC, ASC and York each respectively paid amounts equal to the fair values for assets acquired, net of liabilities assumed, with cash provided by Y-NHH.

The results of HSR for the period September 12, 2012 through September 30, 2012, have been combined with Y-NHH and included in the 2012 consolidated financial statements.

The following table represents pro forma financial information, assuming the acquisition of SRHS had taken place October 1, 2011. The pro forma information includes adjustments for the amortization of intangible assets. The pro forma financial information is not necessarily indicative of the results of operations as they would have been had the transaction been effected on the acquisition date (in thousands).

	2012
Total operating revenue	$ 3,159,949
Total operating expense	3,029,729

During 2013, Bridgeport Hospital acquired substantially all of the business, assets, and operations of Robert D. Russo and Associates Radiology P.C. ("Russo Radiology"). The acquisition includes installment payments totaling $15 million, including interest, ranging from approximately $1.5 million to $3.9 million due from May 2013 through June 2017. At September 30, 2013, Bridgeport Hospital has a liability of approximately $9.5 million remaining. Bridgeport Hospital has accounted for the business combination by applying the acquisition method of accounting in accordance with Topic 805. The purchase price in excess of the fair value of identified assets aggregated approximately $13.5 million which has been recorded as goodwill. There were no liabilities assumed at the acquisition date.

Principles of Consolidation

The accompanying consolidated financial statements present the accounts and transactions of the System and its subsidiaries. All significant intercompany revenue and expenses and inter-company balance sheet accounts have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, including estimated uncollectibles for accounts receivable for services to patients, and liabilities, including estimated net settlements with third-party payors and professional liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the amounts of revenue and expenses reported during the period. There is at least a reasonable possibility that certain estimates will change by material amounts in the near term. Actual results could differ from those estimates.

During fiscal 2013 and 2012, the System recorded a change in estimate of approximately $9.7 and $16.8 million, respectively. Included in the change are amounts related to unfavorable third-party payor settlements at September 30, 2013 and 2012.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the System has been limited by donors to a specific time period or purpose, and appreciation on permanently restricted net assets. Permanently restricted net assets have been restricted by donors to be maintained by the System in perpetuity. The System is a partial beneficiary to various perpetual trust agreements. Assets recorded under these agreements are recognized at fair value. The investment income generated from the trusts is unrestricted, and the assets are classified as permanently restricted.

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions receivable to be received after one year are discounted at a discount rate commensurate with the risks involved. Amortization of the discount is recognized as revenue, and is classified as either unrestricted or temporarily restricted in accordance with donor-imposed restrictions, if any, on the contributions.

1. Organization and Significant Accounting Policies (continued)

Capital Campaign and Pledges Receivable

Contributions and pledges receivable, included in other current assets and other assets in the accompanying consolidated balance sheets at September 30, 2013 and 2012, are expected to be received as follows (in thousands):

	September 30 2013	2012
Less than one year	$ 9,482	$ 3,357
One to five years	1,772	3,254
	11,254	6,611
Less unamortized discount on contributions receivable (0.2% to 4.2%)	(65)	(124)
	11,189	6,487
Allowance for uncollectible contributions	(336)	(173)
Contributions receivable, net	$ 10,853	$ 6,314

Excluded from contributions receivable are certain items, primarily letters of intent, which are not legally binding, and gifts conditional on events that have not yet occurred.

Donor Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. All gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets.

Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid financial instruments with original maturities of three months or less when purchased, which are not classified as assets limited as to use, and which are not maintained in the short-term or long-term investment portfolios.

1. Organization and Significant Accounting Policies (continued)

Cash and cash equivalents are maintained with domestic financial institutions with deposits which exceed federally insured limits. It is the System's policy to monitor the financial strength of these institutions.

Accounts Receivable

Patient accounts receivable result from the health care services provided by the System. Additions to the allowance for doubtful accounts result from the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance for doubtful accounts.

The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in Medicare and Medicaid health care coverage, and other collection indicators. See Note 2 for additional information relative to third-party payor programs.

Investments

The System has designated its investment portfolio as trading. Investment income or loss (including realized gains and losses on investments, interest, and dividends) and the change in net unrealized gains and losses are included in the excess of revenue over expenses unless the income or loss is restricted by donor or law.

Investments in equity securities with readily determinable fair values and investments in debt securities are measured at fair value (quoted market prices) in the accompanying consolidated balance sheets.

Certain alternative investments (non-traditional, not-readily-marketable assets) are structured such that the System holds limited partnership interests or pooled units and are accounted for under the equity method and utilizing Yale University's (the University) reported net asset value per unit for measurement of the units' fair value for the Yale University investment. Individual investment holdings within the alternative investments may, in turn, include investments in both non-marketable and market-traded securities. Valuations of those investments and, therefore, the System's holdings may be determined by the investment manager or general partner. Fund of

1. Organization and Significant Accounting Policies (continued)

funds investments are primarily based on financial data supplied by the underlying investee funds. Values may be based on historical cost, appraisals, or other estimates that require varying degrees of judgment. The equity method reflects net contributions to the investee and an ownership share of realized and unrealized investment income and expenses. The investments may indirectly expose the System to securities lending, short sales of securities, and trading in futures and forwards contracts, options, swap contracts and other derivative products. While these financial instruments may contain varying degrees of risk, the System's risk with respect to such transactions is limited to its capital balance in each investment. The financial statements of the investees are audited annually by independent auditors. The System has made investment commitments of approximately $38.6 million in these alternative investments, of which approximately $34.2 million has been funded as of September 30, 2013

The System participates in the Yale New Haven Health System Investment Trust (the Trust), a unitized Delaware Investment Trust created to pool assets for investment by the Health System non-profit entities. The Trust is comprised of two pools: the Long-Term Investment Pool (L-TIP) and the Intermediate-Term Investment Pool (I-TIP). Governance of the Trust is performed by the Yale New Haven Health System Investment Committee.

Under the terms of the investment management agreement with the Trust, withdrawals of investments in the L-TIP can be made annually by each Hospital on July 1. Amounts withdrawn are subject to a schedule that allows larger withdrawals with longer notice periods. As of September 30, 2013, each Hospital can withdrawal 100% of its investment in the L-TIP on July 1, 2012. Withdrawals of investments in the I-TIP in any amount can be made quarterly with 30 days advance notice.

The Trust has entered into an agreement with The University's investment office (the Investment Management Agreement) which allows the University to manage a portion of Trust's investments as part of the University's Endowment Pool (the Pool). Under the terms of the agreement for the years ended September 30, 2013 and 2012, the Trust transferred $100 million and $50 million, respectively, to the University in exchange for units in the Pool. The Trust's interest in the Pool is reported at fair value based on the net asset value per units held. The Pool invests in domestic equity, foreign equity, absolute return, private equity, real assets, fixed income, and cash.

1. Organization and Significant Accounting Policies (continued)

Under the terms of the investment management agreement with the University, withdrawals of the Trust's investment in the Pool can be made annually by the Trust on July 1 For withdrawals of amounts less than $150.0 million or 75% of the Trust's investment in the Pool, $100.0 million or 50% of the Trust's investment in the Pool, and $50.0 million or 25% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 180 days, 90 days, and 30 days, respectively, prior to the University's fiscal year ending June 30. For withdrawals greater than $150.0 million or more than 75% of the Trust's investment in the Pool, the advance notice period is set to a maximum of 270 days prior to the University's fiscal year end of June 30.

In March 2006, YNHNC entered into an arrangement with the University, whereby the University will manage certain Board-designated assets of YNHNC. These Board-designated assets are commingled in the University's endowment pool. As of September 30, 2013 and 2012. the carrying value of assets managed by the University under this agreement was approximately $9.1 million and $8.5 million, respectively. Because of the limitations on their use, the assets are separately classified from assets invested under the Investment Management Agreement.

In 2011, the investment management agreement between the Trust and the University was modified to allow the Trust to obtain a cash advance, up to a maximum of $75 million, on a monthly basis. For these advances interest of U.S. Prime rate, plus two percent (2%) will be paid by the Trust. Repayments on the advances are made by the Trust by way of redemptions of a sufficient number of Trust's units in the Endowment using the June 30th unit valuation. No advances have been requested or taken by the Trust.

Short-term investments represent those securities that are available for the System's operations, and can be converted to cash within one year.

Inventories

Inventories are stated at the lower of cost or market. The System values its inventories using the first-in, first-out method, with the exception of YNHNC's pharmacy inventories, which are valued at average cost.

1. Organization and Significant Accounting Policies (continued)

Assets Limited as to Use

Assets so classified represent assets held by trustees under indenture agreements, beneficial interest in perpetual trusts, and designated assets set aside by the Board of Trustees for future capital improvements, and other Board-approved uses. The Board of Trustees retains control and, at its discretion, may use for other purposes assets limited as to use for plant improvements and expansion. Amounts required to meet current liabilities are reported as current assets. These funds consist primarily of U.S. government securities, equities, debt securities, mutual funds, and money market funds.

Perpetual Trusts

The System is the beneficiary of certain perpetual trusts held and administered by others. The present values of the estimated future cash receipts, which are measured based on the fair value of the assets held by the trust, are recognized as assets and contribution revenue at the dates the trusts are established. Distributions from the trusts related to earnings and investment income are recorded as contributions, and the carrying value of the assets is adjusted for changes in the fair value.

Interest Rate Swap Agreements

The System utilizes interest rate swap agreements to reduce risks associated with changes in interest rates. Interest rate swap agreements are reported at fair value. The System is exposed to credit loss in the event of non-performance by the counterparties to its interest rate swap agreements. The System is also exposed to the risk that the swap receipts may not offset its variable rate debt service. To the extent these variable rate payments do not equal variable interest payments on the bonds, there will be a net loss or net benefit to the System.

Benefits and Insurance

The System is effectively self-insured for medical, dental, hospitalization, and prescription drug benefits provided to employees. YNHNC and Y-NHHSC make annual contributions to the Y-NHHSC Voluntary Employee Beneficiary Association (VEBA) plan to fund medical, dental, hospitalization, group term life insurance, and prescription drug benefits. Annually, premiums

1. Organization and Significant Accounting Policies (continued)

are set to reflect the estimated cost of benefits. During the years ended September 30, 2013 and 2012, YNHNC and Y-NHHSC made actuarially determined contributions, net of premium adjustments, to the VEBA plan of approximately $159.7 million and $124.4 million, respectively.

Professional Liability Insurance

The System is self-insured for workers' compensation claims. Estimated amounts are accrued for claims, including claims incurred but not reported (IBNR), and are based on System-specific experience. At September 30, 2013 and 2012, the estimated discounted liabilities for self-insured workers' compensation claims and IBNR aggregated approximately $29.0 million discounted at 2.5% and $21.3 million, discounted at 3.0%, respectively, and are included in other long-term liabilities in the accompanying consolidated balance sheets.

The System records the actuarially determined liabilities for IBNR professional and general liabilities (Note 10).

Property, Plant, and Equipment

Property, plant, and equipment purchased are carried at cost, and those acquired by gifts and bequests are carried at fair value established at the date of contribution. The carrying amounts of assets and the related accumulated depreciation are removed from the accounts when such assets are disposed of, and any resulting gain or loss is included in income from operations. Depreciation of property, plant, and equipment is computed by the straight-line method in amounts sufficient to depreciate the cost of the assets over their estimated useful lives, ranging from 3 to 50 years. The cost of additions and improvements are capitalized, and expenditures for repairs and maintenance, including the cost of replacing minor items not considered substantial enhancements, are expensed as incurred.

Y-NHH and the Housing Authority of New Haven (HANH) have entered into an agreement to swap parcels of land on the Legion/Howard/Sylvan/Ward block located in New Haven, Connecticut. As part of the key terms of the agreement, HANH has pledged an account to Y-NHH in the amount of $5.7 million. The pledged account was established at the time Y-NHH conveyed the land to HANH in July 2010. In the event that HANH fails to meet certain requirements of the agreement, including conveying its land parcel to Y-NHH, Y-NHH has the

1. Organization and Significant Accounting Policies (continued)

right to withdraw from the pledged account in the amount of $5.2 million, unless the pledged account is extended with an annual increase of approximately $180,000. As of September 30, 2013, no events have occurred that would require an increase to the pledged account or that would require Y-NHH to withdraw funds from the pledged account.

Goodwill

Goodwill is not amortized but instead tested at least annually for impairment or more frequently when events or changes in circumstances indicate that the assets might be impaired. This impairment test is performed annually at the reporting unit level. The System evaluates goodwill at the entity level as management has determined that the System's operation comprise a single reporting entity. Goodwill is considered to impaired if the carrying value of the reporting unit, including goodwill, exceeds the reporting unit's fair value. Reporting unit fair value is estimated using both income (discounted cash flows) and market approaches.

The discounted cash flow approach requires the use of assumptions and judgments including estimates of future cash flows and the selection of discount rates. The market approach relies on comparisons to publicly traded stocks or to sales of similar companies. The System has determined that no goodwill impairment exists at September 30, 2013.

Deferred Revenue

Deferred revenue includes amounts which have been received that relate to future years. Amounts will be reduced as revenue is earned.

Excess of Revenue Over Expenses

In the accompanying consolidated statements of operations and changes in net assets, excess of revenue over expenses is the performance indicator. Peripheral or incidental transactions are included in excess of revenue over expenses. Those gains and losses deemed by management to be closely related to ongoing operations are included in other revenue; other gains and losses are classified as non-operating. Included in non-operating gains and losses are expenses incurred related to the acquisition of the SRHS.

1. Organization and Significant Accounting Policies (continued)

Contributions of, or restricted to, property, plant, and equipment, and pension and other postretirement liability adjustments are excluded from the performance indicator, but are included in the change in net assets.

Income Taxes

Most entities within the System are not-for-profit corporations as described in Section 501(c)(3) of the Code, and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Provisions for income taxes and deferred taxes, which are not material to the consolidated financial statements, have been made for the taxable entities listed above under the description of the System.

Operating Expenses

YNHNC records amounts received from the University, area hospitals, and other local health care providers for costs incurred on behalf of those organizations as reductions to expenses. For the years ended September 30, 2013 and 2012, YNHNC recorded approximately $67.3 million and $52.9 million, respectively, as reductions to expenses.

Deferred Financing Costs

The System capitalizes costs incurred in connection with the issuance of long-term debt, and amortizes these costs over the life of the respective obligations using the effective interest method (Note 8). The accumulated amortization of deferred financing costs was approximately $1.8 million and $1.5 million at September 30, 2013 and 2012, respectively. See Note 8 for additional information relative to debt-related matters.

Impairment of Assets

The System reviews property, equipment, and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. If such impairment indicators are present, the System recognizes a loss on the basis of whether these amounts are fully recoverable.

New Accounting Pronouncement

In July 2011, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2011-07, *Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities* ("ASU No. 2011-07"). In accordance with ASU No. 2011-07, the System changed the presentation of its consolidated statement of operations and changes in net assets by reclassifying the provision for bad debts associated with patient service revenue from an operating expense to a deduction from patient service revenue, similar to contractual allowances and discounts. Additionally, the System has provided enhanced disclosures about its policies for recognizing revenue and assessing bad debts, as well as qualitative and quantitative information about changes in the allowance for doubtful accounts. The System adopted this accounting standard update as of October 1, 2012, and retrospectively applied the presentation of the provision for bad debts in the accompanying consolidated statements of operations and changes in net assets to all periods presented. The enhanced disclosure requirements are required in the period of adoption and subsequent reporting periods (see Note 2). The System's adoption of this update has no effect on the previously reported excess of revenue over expenses or on net assets.

Reclassifications

Certain reclassifications have been made to the year ended September 30, 2012 balances previously reported in the financial statements in order to conform with the year ended September 30, 2013 presentation, including the reclassification of provision for doubtful accounts on the statements of operations related to the adoption of ASU 2011-07.

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue

The System has agreements with third-party payors that provide for payments to the System at amounts different from its established rates. The difference is accounted for as allowances. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, fee-for-service, discounted charges, and per diem payments. Net patient service revenue is affected by the State of Connecticut Disproportionate Share program, includes premium revenue, and is reported at the estimated net realizable amounts due from patients, third-party payors, and others for services rendered, and includes estimated retroactive revenue adjustments due to

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue (continued)

future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known, or as years are no longer subject to such audits, reviews, and investigations.

Third-party payor receivables included in other receivables were $10.7 million and $35.9 million at September 30, 2013 and 2012, respectively. Third-party payor receivables included in other long-term assets were $11.3 million and $19.5 million at September 30, 2013 and 2012, respectively. Third-party payor liabilities included in other current liabilities were $24.0 million and $12.8 million at September 30, 2013 and 2012, respectively. Third-party payor liabilities included in other long-term liabilities were $66.3 million and $54.8 million at September 30, 2013 and 2012, respectively.

The System has established estimates, based on information presently available, of amounts due to or from Medicare, Medicaid, and third-party payors for adjustments to current and prior year payment rates, based on industry-wide and System-specific data. Such amounts are included in accompanying consolidated balance sheets. Additionally, certain payors' payment rates for various years have been appealed by the System. If the appeals are successful, additional income applicable to those years might be realized.

Revenue from Medicare and Medicaid programs accounted for approximately 32% and 14%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2013, and approximately 28% and 13%, respectively, of the System's consolidated net patient service revenue for the years ended September 30, 2012. Inpatient discharges relating to Medicare and Medicaid programs accounted for approximately 37% and 26%, and 33% and 30%, respectively, for the years ended September 30, 2013 and 2012. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and are subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by material amounts in the near term.

The System believes that it is in compliance with all applicable laws and regulations, and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing, except as disclosed in Note 11. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action, including

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue (continued)

fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and the reduction of funding levels could have an adverse impact on the System. Cost reports for the System's hospitals, which serve as the basis for final settlement with government payors have been settled by final settlement for various years ranging through 2007 for Medicare and through 1994 for Medicaid. Other years remain open for settlement.

The significant concentrations of accounts receivable for services to patients include 31% from Medicare, 13% from Medicaid, and 56% from non-governmental payors at September 30, 2013 and 28% from Medicare, 10% from Medicaid, and 62% from non-governmental payors at September 30, 2012.

Patient service revenue for the year ended September 30, 2013, net of contractual allowances and discounts (but before the provision for bad debts), recognized from these major payor sources based on primary insurance designation, is as follows:

	Third-Party	Self-Pay	Total All Payors
		(In Thousands)	
Patient service revenue (net of contractual allowances and discounts)	$ 3,131,413	$ 128,975	$ 3,260,388

Deductibles and copayments under third-party payment programs within the third-party payor amount above are the patient's responsibility and the System considers these amounts in its determination of the provision for bad debts based on collection experience. Accounts receivable are also reduced by an allowance for doubtful accounts. In evaluating the collectability of accounts receivable, the System analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts.

2. Accounts Receivable for Services to Patients and Net Patient Service Revenue (continued)

The System's allowance for doubtful accounts totaled approximately $206.2 million and $102.2 million at September 30, 2013 and 2012, respectively. The allowance for doubtful accounts for self-pay patients was approximately 84.5% and 74.1% of self-pay accounts receivable as of September 30, 2013 and 2012, respectively. Overall, the total of self-pay discounts and write-offs did not change significantly in 2013. The System did not experience significant changes in write-off trends and did not change its charity care policy in 2013.

3. Uncompensated Care and Community Benefit Expense

The System's commitment to community service is evidenced by services provided to the poor and benefits provided to the broader community. Services provided to the poor include services provided to persons who cannot afford health care because of inadequate resources, and/or who are uninsured or underinsured.

The System makes available free care programs for qualifying patients. In accordance with the established policies of the System, during the registration, billing, and collection process, a patient's eligibility for free care funds is determined. For patients who were determined by the System to have the ability to pay but did not, the uncollected amounts are bad debt expense. For patients who do not avail themselves of any free care program, and whose ability to pay cannot be determined by the System, care given but not paid for is classified as charity care.

Together, charity care and bad debt expense represent uncompensated care. The estimated cost of total uncompensated care is approximately $139.7 million and $101.8 million for the years ended September 30, 2013 and 2012, respectively. The estimated cost of uncompensated care is based on the ratio of cost to charges, as determined by claims activity.

The estimated cost of charity care provided was $76.8 million and $67.3 million for the years ended September 30, 2013 and 2012, respectively. The estimated cost of charity care is based on the ratio of cost to charges. The allocation between bad debt and charity care is determined based on management's analysis on the previous 12 months of hospital data. This analysis calculates the actual percentage of accounts written off or designated as bad debt versus charity care while taking into account the total costs incurred by the hospital for each account analyzed.

3. Uncompensated Care and Community Benefit Expense (continued)

For the years ended September 30, 2013 and 2012, bad debt expense, at charges, was $98.6 million and $65.8 million, respectively. For the years ended September 30, 2013 and 2012, bad debt expense at cost was approximately $61.6 million and $36.0 million respectively. The bad debt expense is multiplied by the ratio of cost to charges for purposes of inclusion in the total uncompensated care amount identified above.

The Connecticut Disproportionate Share Hospital Program (CDSHP) was established to provide funds to hospitals for the provision of uncompensated care and is funded, in part, by a an assessment on hospital net patient service revenue. During the years ended September 30, 2013 and 2012, the System received $78.5 million and $97.8 million, respectively, in CDSHP distributions, of which approximately $47.3 million and $67.3 million was related to charity care. The System made payments into the CDSHP of $102.5 million and $85.5 million for the years ended September 30, 2013 and 2012, respectively, for the assessment.

Additionally, the System provides benefits for the broader community which includes services provided to other needy populations that may not qualify as poor but need special services and support. Benefits include the cost of health promotion and education of the general community, interns and residents, health screenings, and medical research. The benefits are provided through the community health centers, some of which service non-English speaking residents, disabled children, and various community support groups. The System voluntarily assists with the direct funding of several City of New Haven programs, including an economic development program and a youth initiative program.

In addition to the quantifiable services defined above, the System provides additional benefits to the community through its advocacy of community service by employees. The System's employees serve numerous organizations through board representation, membership in associations and other related activities. The System also solicits the assistance of other healthcare professionals to provide their services at no charge through participation in various community seminars and training programs.

4. Investments and Assets Limited as to Use

[g] Investments consist of several domestic and international equity and fixed income mutual funds, REITs. commodities and money market funds. There is also an investment in a hedge fund of funds.

4. Investments and Assets Limited as to Use (continued)

Included in assets limited as to use at September 30, 2012, are funds to be used for the various renovations and expansion Y-NHH which was funded by the Series M bond (see Note 7). These funds consisted of money market funds of approximately $13.3 million at September 30, 2012. These funds were fully exhausted during the year ended September 30, 2013.

5. Property, Plant, and Equipment

Property, plant, and equipment is as follows (in thousands):

	September 30 2013	2012
Land, buildings, and improvements	$ 1,537,530	$ 1,443,207

	$ 1,577,879	$ 1,529,393

6. Endowment

The System's endowment includes donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The System has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act (CUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the System classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of

6. Endowment (continued)

subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment related to the System's beneficial interest in perpetual trusts made in accordance with the direction of the applicable donor gift instrument at the time of the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the System in a manner consistent with the standard of prudence prescribed by CUPMIFA. In accordance with CUPMIFA, the System considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund; (2) the purposes of the System and the donor-restricted endowment fund; (3) general economic conditions; (4) the possible effect of inflation and deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the System; and (7) the investment and spending policies of the System.

Changes in endowment net assets for the year ended September 30, 2013, are as follows (in thousands):

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total

6. Endowment (continued)

Return Objectives and Risk Parameters

The System has adopted investment and spending policies for endowed assets that attempt to provide a predictable stream of funding to programs supported by its endowment. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity. Under these policies, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that over time provide a rate of return that meets the spending policy objectives adjusted for inflation. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the System relies on a total return strategies in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The System targets a diversified asset allocation that place greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

7. Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes (in thousands):

	September 30 2013	2012
Specific hospital operations, teaching, research, indigent and free care, and training	$ 103,061	$ 87,565
Plant improvement and expansion	10,200	3,718
Other health care services and operations	15,297	13,574
	$ 128,558	$ 104,857

Permanently restricted net assets of approximately $70.2 million and $68.4 million at September 30, 2013 and 2012, respectively, consist of donor restricted endowment principal and beneficial interests in perpetual trusts. The income generated from permanently restricted funds is expendable for purposes designated by donors, including research, free care, health care, and other services.

8. Debt

8. Debt (continued)

In September 2006, Y-NHH issued Series J revenue bonds totaling approximately $280.9 million. The proceeds, including a premium of approximately $10.1 million, were used to finance a portion of the construction costs of the Cancer Hospital, and to pay for bond issuance costs. The bond premium was being amortized and was included in capitalized interest through March 2010. As of the opening of the Cancer Hospital, the bond premium was amortized in the statement of operations and changes in net assets. The Series J revenue bonds were issued in three sub-series as follows: (1) Series J-1, approximately $174.4 million, consisting of approximately $83.7 million of serial bonds and approximately $90.7 million in term bonds bearing interest at 5% per annum; (2) Series J-2, approximately $40.0 million of revenue bonds bearing interest at 3.65% at September 30, 2007; (3) Series J-3, approximately $66.5 million of revenue bonds bearing interest 3.70% at September 30, 2007. Series J-2 and J-3 revenue bonds were refunded during the year ended September 30, 2008 by the issuance of Series L revenue bonds.

In May 2008, Y-NHH issued Series K and Series L revenue bonds totaling approximately $216.6 million. The Series K revenue bonds were issued as Variable Rate Demand Bonds ("VRDBs") in two sub-series, Series K-1 and K-2, approximately $54.6 million each, with an effective rate of 0.1% in 2013 and 2012. The proceeds from the Series K issuance were used to refund the Series I revenue bonds. The Series L revenue bonds were issued as VRDBs in two sub-series, Series L-1 and L-2, approximately $53.7 million each, with an effective rate of 0.1% and 0.8% in 2013 and 2012, respectively. The proceeds from the Series L issuance were used to refund the Series J-2 and J-3 revenue bonds.

In December 2010, the Y-NHH issued Series M revenue bonds totaling approximately $104.4 million. The proceeds, including a premium of approximately $1.0 million, were used to finance costs for the expansion and renovations to the Adult Emergency Department, the purchase and installation of machinery and equipment, various renovations and improvements to Y-NHH's infrastructure, and to pay for bond issuance costs. The premium was being amortized and included in capitalized interest through December 2012. As of the completion of these projects, the bond premium was amortized in the statement of operations and changes in net assets. The Series M revenue bonds were issued as one series consisting of approximately $33.9 million of serial bonds bearing interest at 4.69%, and approximately $17.6 million, $17.8 million, and $35.1 million in term bonds bearing interest at 5.25%, 5.75%, and 5.50%, respectively, per annum.

8. Debt (continued)

In January 2013, Y-NHH issued Series N and Series O revenue bonds totaling approximately $100.0 million. The Series N revenue bonds were issued as fixed rate bonds with an effective interest rate of 4.27%. The Series O revenue bonds were issued as VRDBs with an effective interest rate of 2.84% at September 30, 2013. The proceeds, including a premium of approximately $5.2 million for the Series N revenue bonds, were used to refinance the line credit used to finance the acquisition of HSR. The bond premium was amortized as interest expense in the accompanying consolidated statement of operations and changes in net assets.

The Series K, Series L and Series O VRDBs are required to be supported by letter of credit facilities ("LOCs") which have been executed with three financial institutions. These LOCs are scheduled to expire on May 2, 2016, May 14, 2016, and February 14, 2018, respectively.

In January 2013, Y-NHH issued Series 2013 taxable bonds totaling approximately $132.0 million. The Series 2013 taxable bonds were issued as fixed rate bonds with an effective interest rate of 4.13%. The proceeds were used to finance and refinance the costs of certain projects and activities in furtherance of Y-NHH's tax exempt purpose including the refinancing of certain existing indebtedness.

On August 30, 2011, Y-NHH entered into a loan agreement with Bank of America, N.A. (the "Bank") for $40.0 million. Y-NHH agreed to repay the Bank the aggregate principal amount in five equal annual payments of $8.0 million, beginning on October 1, 2012. The loan bears interest at a rate equal to LIBOR plus 0.50% per annum with an option to convert to a fixed rate loan upon formal notification to the Bank, which may include a portion of or the total outstanding loan balance at the time notification is made. The loan was fully repaid by the issuance of the Series N, Series O, and Series 2013 bonds.

In July 2012, Y-NHH entered into a line of credit with the Bank in the amount of $27.0 million which was subsequently increased to $187.0 million upon the execution of the HSR asset purchase agreement. In July 2012, Y-NHH drew the unconditional loan of $27.0 million to outfit a new facility. In September 2012, Y-NHH drew the remaining $160.0 million to fund the acquisition of HSR. The line of credit requires Y-NHH to repay the Bank in 24 equal monthly installments commencing on August 1, 2013. The full amount of the remaining balance is due on July 12, 2015. This obligation bears interest at a rate equal to LIBOR plus 0.45% per annum. The line of credit was fully repaid and cancelled by the issuance of the Series N, Series O, and Series 2013 bonds.

8. Debt (continued)

In September 2012, Y-NHH drew on its $50.0 million line of credit with a bank, established in January 2012, in the amount of $25.0 million. This line of credit requires repayment of the aggregate principal amount on the 364th day subsequent to the advance. This obligation bears interest at a rate equal to LIBOR plus 0.50% per annum. The line of credit was repaid in December 2012.

On May 6, 2008, CHEFA issued $53.6 million of its Revenue Bonds on behalf of Greenwich Hospital, Series C, consisting of variable rate demand bonds. The proceeds were utilized for the refunding of the outstanding Series B revenue bonds. Principal amounts related to the Series C revenue bonds mature annually each July 1 through fiscal 2026. The effective interest rate of 3.22% is the result of the variable rate paid to bondholders, disclosed as interest expense of approximately $0.1 million, and net counterparty payments of approximately $1.3 million in connection with the interest rate swap included in non-operating gains and losses.

Bridgeport Hospital's Series A and C tax-exempt revenue bonds were issued through CHEFA under a Master Trust Indenture. These bonds are due serially or via mandatory sinking fund redemptions through July 1, 2025. The bonds are collateralized by a pledge of the gross receipts of Bridgeport Hospital and the Foundation (the Obligated Group), and a first mortgage on substantially all property, plant, and equipment of Bridgeport Hospital. The Master Trust Indenture also places certain limits on the incurrence of additional borrowings of the Obligated Group, and requires the Obligated Group to satisfy certain measures of financial performance while the revenue bonds are outstanding. The Bridgeport Hospital Series A and C bonds are insured by commercial bond insurers to maturity.

In November 2010, Bridgeport Hospital obtained a $6.6 million term loan from the State of Connecticut Health and Educational Facilities Authority (CHEFA). The proceeds of the loan are to be used for the purchase and installation of energy savings equipment and various renovations and improvements to Bridgeport Hospital's infrastructure. The loan is to be paid in monthly installments over 10 years at a fixed interest rate of 3.22%.

In May 2012, Bridgeport Hospital's Series D tax-exempt revenue bonds were issued through CHEFA under a Master Trust Indenture for approximately $36.4 million, with coupons ranging from 2.0% to 5.0%, and a final maturity of July 2025. The proceeds, including a premium of approximately $4.1 million, were held in an escrow account and used for the retirement of the outstanding Series A and C tax-exempt revenue bonds and to pay for certain bond issuance costs

8. Debt (continued)

of approximately $0.8 million. The bond premium is being amortized using the effective interest method and is included in interest expense in the accompanying statement of operations and changes in net assets. In connection with the refunding and refinancing. Bridgeport Hospital recognized a loss in 2012 of approximately $1.8 million principally related to the write-off of deferred financing costs.

In June 2012, Bridgeport Hospital obtained a $5.5 million term loan from CHEFA. The loan is to be paid in monthly installments over five years at a fixed rate of 1.66% with the proceeds to be used for medical and cafeteria equipment. The loan is secured by the equipment purchased with the proceeds of the loan.

In December 2012, in connection with the purchase of Russo Radiology, Bridgeport Hospital entered into a note payable with the seller in the amount of $14 million. The note is to be repaid in monthly installments over five years as disclosed in Note 1.

In September 2013, Bridgeport Hospital drew in full its $25 million line of credit with a bank. The bank line of credit requires payment of the outstanding principal amount twelve months subsequent to the initial advance. The obligation bears interest at a rate equal to one month LIBOR plus 1.50% per annum.

The terms of the various financing arrangements between CHEFA and the System, the financial institutions providing the LOCs and the System, and the Bank and the System provide for financial covenants regarding the System's debt service coverage ratio, liquidity ratio, and debt to capitalization ratio, among others. As of September 30, 2013 and 2012, the System was in compliance with such covenants.

Required monthly payments on the revenue bonds by the System to a trustee are in amounts sufficient to provide for the payments of principal, interest, and sinking fund installments, as well as required payments to certain reserve funds held by the trustee, in accordance with terms of the agreements, and certain other annual costs of CHEFA.

8. Debt (continued)

Scheduled principal payments on all long-term debt, including capital lease obligations, are as follows (in thousands):

	Debt	Capital Lease Obligations
Year ending September 30:		
2014	$ 45,737	$ 5,997
2015	22,277	6,197
2016	19,277	6,243
2017	20,861	5,680
2018	19,168	4,880
Thereafter	668,690	58,930
	$ 796,010	87,927
Less interest		(31,433)
		$ 56,494

Capitalized interest at September 30, 2013 and 2012, totaled $27.0 million and $26.9 million, respectively.

Y-NHH has entered into interest rate swap agreements with financial institutions related to the Y-NHH's Series K and Series L debt, and future obligations. The Series K and Series L swaps were carried over as part of the refunding of the Series I and Series J debt. On September 20, 2012, Y-NHH entered into a Forward Starting Interest Rate swap (the "Series O swap"), a LIBOR Swap Rate Lock and a SIFMA Rate Lock swap with two different counterparties. The agreements require Y-NHH to pay a fixed rate and receive a floating rate based on LIBOR or SIFMA. The change in market value, as well as the net interest paid or received under the swap agreement, for the Series J/Series L swap has been capitalized as part of the interest costs related to construction of the Cancer Hospital until construction was complete. Once the Cancer Hospital became operational these amounts were recorded in the statements of operations.

In connection with its Series C revenue bonds, Greenwich Hospital entered into an interest rate swap agreement (the swap) with a financial institution. Under the terms of the swap, Greenwich Hospital will receive variable interest payments and pay fixed interest payments on a notional value of $27.4 million.

8. Debt (continued)

The swap agreements fix the interest rate at a level viewed as desirable by the System. Such agreements expose the System to credit risk in the event of non-performance by the counterparties, some of which is collateralized. At September 30, 2013 and 2012, the fair value of the swap agreements based on current interest rates was approximately $26.5 million and $45.7 million, respectively, representing a payable to the counterparties (recorded in other long-term liabilities).

For the Y-NHH Series K swap, there was a favorable change in fair value of approximately $4.5 million for the year ended September 30, 2013, and an unfavorable change in fair value of approximately $0.9 million for the year ended September 30, 2012, which was recorded in the excess of revenue over expenses. As a result of the unfavorable change in market value of the Series K swap for the year ended September 30, 2012, $4.6 million was collateralized by Y-NHH and was held by the financial institution as of September 30, 2012, as required by the swap agreement. No collateral was required under the Series K swap agreement for the year ended September 30, 2013.

For the Y-NHH Series L swap, there was a favorable change in fair value of approximately $7.5 million for the year ended September 30, 2013, and an unfavorable change in fair value of approximately $2.0 million for the year ended September 30, 2012, which was recorded in the excess of revenue over expenses. No collateral was required under the Series L swap agreement for the years ended September 30, 2013 and 2012.

For the Y-NHH Series O swap and the Y-NHH LIBOR Swap Rate Lock swap, there was a favorable change in fair value of $2.2 million and $1.0 million, respectively, for the year ended September 30, 2013 which was recorded in excess of revenue over expenses. For the Y-NHH Series O swap, the LIBOR Swap Rate Lock and the Y-NHH SIFMA Rate Lock swaps, there was an unfavorable change in fair value of $1.0 million, $1.9 million, and $1.6 million, respectively, for the year ended September 30, 2012, which was recorded in excess of revenue over expenses. In February 2013, the Y-NHH SIFMA Rate Lock swap and the Y-NHH LIBOR Swap Rate Lock were terminated. Upon termination, gains of $0.8 million and $4.5 million, respectively, were recorded in non-operating gains and losses, net.

For Greenwich Hospital's swap, there was a favorable change in fair value of approximately $2.3 million for the year ended September 30, 2013 and an unfavorable change in fair value of $0.4 million for the year ended September 30, 2012, which were recorded in the excess of

8. Debt (continued)

revenue over expenses. Although an unfavorable change in market value of the Series C swap occurred during the year ended September 30, 2012, the terms of the swap agreement have not required Greenwich Hospital to collateralize funds to be held by the financial institution as of September 30, 2013 and 2012.

The following table summarizes the System's interest rate swap agreements (in thousands):

Swap Type	Expiration Date	System Receives	System Pays	Notional Amount at September 30 2013	2012
Series K – fixed to floating	July 1, 2025	LIBOR	3.11%	$ 59,987	$ 63,977
Series L – fixed to floating	July 1, 2036	LIBOR	3.68%	44,505	44,505
Forward starting interest rate swap	July 1, 2053	67% of LIBOR	2.84%	50,000	50,000
LIBOR Swap Rate Lock	July 1, 2043	LIBOR	2.73%	–	92,000
SIFMA Rate Lock	July 1, 2048	SIFMA	2.66%	–	50,000
Series B – fixed to floating (Greenwich Hospital)	July 1, 2026	LIBOR	3.10%	27,400	29,100
				$ 181,892	$ 329,582

For the years ended September 30, 2013 and 2012, the System paid approximately $25.0 million and $19.3 million, respectively, for interest related to long-term debt and capital lease obligations.

Arbitrage rules apply to tax-exempt debt issued after August 31, 1986. The rules require that, in specified circumstances, earnings from the investment of tax-exempt bond proceeds which exceed the yield on the bonds must be remitted to the Federal government.

Y-NHH has entered into a contract to lease space in a building adjacent to Y-NHH. Y-NHH's rental obligation commenced in December 2009. This lease has a term of twenty years from the commencement date with the option to extend the lease for four successive terms of ten years. Rental payments increase by 5% every five years. Y-NHH is also subject to additional rent for its share of expenses, as defined in the contract. Y-NHH has the option to purchase the property at the end of the fifth, tenth, or twentieth year or at the end of each of the first three ten-year extension periods.

8. Debt (continued)

In January 2013, Y-NHH entered into a transaction in connection with a building at 2 Howe Street, New Haven, Connecticut which was previously accounted for by Y-NHH as a capital lease. Under the terms of the capital lease, Y-NHH was obligated to purchase the building after an initial lease term of 3 years. In satisfaction of that obligation, Y-NHH purchased the building and immediately sold the building to a third-party investor. Y-NHH currently leases the building from the investor under a long-term operating lease. Y-NHH owns the land on which the building is located and has entered into a prepaid long-term ground lease with the investor.

Assets recorded under the capital lease obligations totaled $70.5 million and $128.2 million as of September 30, 2013 and 2012, respectively. Accumulated depreciation for the capital lease obligations totaled $16.8 million and $18.0 million at September 30, 2013 and 2012, respectively.

9. Pensions and Postretirement Benefits

The System has qualified and non-qualified defined benefit pension plans covering substantially all employees and executives. The benefits provided are based on age, years of service, and compensation. The System's policy is to fund the pension benefits with at least the minimum amounts required by the Employee Retirement Income Security Act of 1974.

The System also sponsors contributory 403(b) plans and 401(k) plans covering substantially all employees. Employer contributions for certain 403(b), made to a matching 401(a) plan, and 401(k) plans are determined based on employee contributions and years of service. The System contributed approximately $34.5 million and $29.2 million for the years ended September 30, 2013 and 2012, respectively.

YNHNC maintains a Section 457 non-qualified deferred compensation plan. Contributions are made on a pre-tax basis. The balances recorded at September 30, 2013 and 2012, in other assets and other long-term liabilities were approximately $27.3 million and $21.7 million, respectively.

On June 30, 2006, Bridgeport Hospital and certain other affiliates of BHHS froze their defined benefit plan. On October 1, 2006, Bridgeport Hospital and certain other affiliates of BHHS instituted a defined contribution plan.

9. Pensions and Postretirement Benefits (continued)

Effective as of December 31, 2006, Greenwich Hospital amended its defined benefit pension plan to freeze benefits for employees who were under age 50 with less than five years of service. Effective January 1, 2007, Greenwich Hospital began providing a matching contribution and a length of service contribution, in addition to its incentive contribution, for its defined contribution plan for all employees no longer accruing benefits under the defined benefit plan. Employees who were age 50 or older with five years of service continue to accumulate benefits under the defined benefit plan, and do not participate in the defined contribution plan.

Effective September 30, 2013, the Y-NHH qualified defined benefit pension plan and the 401(a) plan were amended to reduce the percentage of compensation contributed by Y-NHH to the qualified defined benefit pension plan and to increase the percentage of compensation contributed by Y-NHH to the 401(a) plan for the plan years commencing after December 1, 2013. The amendment to the qualified defined benefit pension plan resulted in a decrease to the projected benefit obligation at September 30, 2013 of approximately $23.9 million.

YNHNC and GHCS also provide certain health care and life insurance benefits upon retirement to substantially all their employees. YNHNC's and GHCS's policy is to fund these annual costs as they are incurred from the general assets of YNHNC and GHCS. The estimated cost of these postretirement benefits is actuarially determined, and accrued over the employees' service periods.

Included in unrestricted net assets at September 30, 2013 and 2012, are the following amounts that have not yet been recognized in net periodic pension cost: unrecognized prior service credit of approximately $23.8 million and $0.1 million, respectively, and unrecognized actuarial losses of approximately $234.1 million and $354.2 million, respectively. The prior service credit and actuarial loss included in unrestricted net assets and expected to be recognized in net periodic pension cost during the year ending September 30, 2014, are approximately $1.9 million and $12.3 million, respectively.

9. Pensions and Postretirement Benefits (continued)

The following table sets forth the change in benefit obligations, change in the plans' assets, and the reconciliation of underfunded status of the System's defined benefit plans as of September 30, 2013 and 2012 (in thousands):

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2013	2012	2013	2012
Change in benefit obligation:

Benefit Obligation and Assumptions

The projected benefit obligation, accumulated benefit obligation, and fair value of the plans' assets were as follows (in thousands):

	September 30	
	2013	2012
Projected benefit obligation	$ (804,718)	$ (868,077)
Accumulated benefit obligation	(732,493)	(782,254)
Fair value of plans' assets	605,715	543,351

9. Pensions and Postretirement Benefits (continued)

As of September 30, 2013 and 2012, the underfunded status of the qualified defined benefit pension plans was approximately $154.7 million and $275.3 million, respectively, and that of the non-qualified defined benefit pension plan was approximately $44.3 million and $49.4 million, respectively. Additionally, there are assets limited as to use of approximately $69.4 million and $64.7 million, which are available to satisfy the obligations of the non-qualified defined benefit pension plan at September 30, 2013 and 2012, respectively.

The net periodic benefit cost for the years ended September 30, 2013 and 2012, is as follows (in thousands):

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2013	2012	2013	2012
Service cost	$ 39,116	$ 25,048	$ 5,080	$ 3,442
Interest cost	32,096	35,630	3,135	3,183
Expected return on plan assets	(42,347)	(40,611)	–	–
Amortization of prior service cost	(287)	(456)	85	259
Recognized net actuarial loss	20,333	10,011	703	–
Net periodic benefit cost	$ 48,911	$ 29,622	$ 9,003	$ 6,884

Weighted-average assumptions used to determine benefit obligations at September 30, 2013 and 2012, are as follows:

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2013	2012	2013	2012
Discount rate for determining benefit obligations at year-end, qualified plan	4.8-4.9%	3.6% – 4.0%	4.9%	4.0%
Discount rate for determining benefit obligations at year-end, non-qualified plan	4.9%	4.0%	–	–
Rate of compensation increase	3.5-5.0%	3.5% - 5.0%	–	–

9. Pensions and Postretirement Benefits (continued)

Weighted-average assumptions used to determine net periodic benefit cost for the years ended September 30, 2013 and 2012 are as follows:

	Defined Benefit Pension Plans		Postretirement Benefits Plan	
	2013	**2012**	**2013**	**2012**
Discount rate for determining net periodic benefit cost at year-end, qualified plan	**3.6-4.0%**	4.8 – 5.2%	**4.0%**	5.1%
Discount rate for determining net periodic benefit cost at year-end, non-qualified plan	**4.0%**	5.1%	–	–
Expected rate of return on plan assets	**6.75-7.75**	6.75 – 7.75	–	–
Rate of compensation increase	**3.5-5.0%**	3.25% – 5.0%	–	–

For measurement purposes relating to the postretirement benefits plan, a 6.0% and 7.0% annual rate of increase in the per capita cost of covered health care benefits was assumed for fiscal 2013 and fiscal 2012, respectively. Rates are assumed to decline to 4.0% through fiscal 2014.

Assumed health care cost trend rate assumptions have a significant effect on the amounts reported. A 1% change in the assumed health care cost trend rate would have the following effects (in thousands):

	1% Increase	1% Decrease
Effect on total of service and interest cost components	$ 9	$ (11)
Effect on postretirement benefit obligations	162	(153)

9. Pensions and Postretirement Benefits (continued)

The asset allocation of the System's pension plans at September 30, 2013 and 2012, on a combined basis, was as follows:

Asset Category	Target Allocation 2014	Percentage of Assets 2013	2012
Equity securities	35-90%	44%	39%
Debt securities	10-40%	26	34

9. Pensions and Postretirement Benefits (continued)

The System's investment strategy for its pension assets balances the liquidity needs of the pension plans with the long-term return goals necessary to satisfy future pension obligations. The target asset allocation seeks to capture the equity premium granted by the capital markets over the long-term while ensuring security of principal to meet near term expenses and obligations through the fixed income allocation. The allocation of the investment pool to various sectors of the markets is designed to reduce volatility in the portfolio.

The System's pension portfolios return assumption of 7.75% is based on the targeted weighted-average return of comparative market indices for the asset classes represented in the portfolio and discounted for pension expenses.

The future cash flows of the System relative to retirement benefits are expected to be as follows (in thousands):

	Defined Benefit Pension Plans	Postretirement Benefit Plan
Estimated benefit payments related to years ending September 30:		
2014	$ 38,437	$ 2,349
2015	41,636	2,540
2016	43,298	2,762
2017	46,270	3,047
2018	49,622	3,377
2019 to 2023	292,475	22,967

The System expects to make contributions of approximately $43.8 million for pension benefits and $2.2 million for postretirement benefits in fiscal 2014.

10. Professional Liability Insurance

In 1978, Y-NHH and a number of other academic medical centers formed The Medical Centre Insurance Company Ltd. (the Captive) to insure for professional and comprehensive general liability risks. In 1997, the Captive formed MCIC Vermont, Inc. (MCIC) to write direct insurance for the professional and general liability risks of the shareholders. Since 1997, the Captive has acted as a reinsurer for varying levels of per claim limit exposure. MCIC has reinsurance coverage from outside reinsurers for amounts above the per claim limits. Premiums are based on modified claims made coverage, and are actuarially determined based on actual experience of the System, the Captive, and MCIC.

Y-NHH controls less than 20% of the Class A stock of MCIC; however, for accounting purposes the investment in the insurance companies is recorded on the equity method because of contractual agreements.

The System entities participate in the Y-NHH insurance program as additional insureds. All System entities initially pay premiums to Y-NHHSC. Y-NHHSC generally assumes the responsibility for ensuring that all the System members pay all premiums owed by them to MCIC. Y-NHHSC manages MCIC's operations for all other System members.

MCIC's policy is to establish retrospective-related premiums for its shareholders equivalent to estimated losses and general and administrative expenses, less estimated investment income, so that its results of operations are breakeven each year. The System accrues premiums as incurred.

The estimate for modified claims-made professional liabilities and the estimate for incidents that have been incurred but not reported aggregated approximately $182.3 million and $155.5 million at September 30, 2013 and 2012, respectively for the System. The undiscounted estimate for incidents that have been incurred but not reported aggregated approximately $53.4 million and $49.8 million for the System at September 30, 2013 and 2012, respectively, and is included in professional insurance liabilities in the accompanying consolidated balance sheets at the actuarially determined present value of approximately $47.8 million and $46.1 million, respectively, based on a discount rate of 2.5% and 3.0% for the years ended September 30, 2013 and 2012, respectively.

10. Professional Liability Insurance (continued)

The System has recorded related insurance recoveries receivable of approximately $134.5 million and $109.4 million at September 30, 2013 and 2012, respectively, in consideration of the expected insurance recoveries for the total discounted modified claims-made insurance. The current portion of professional liabilities and the related insurance receivable represents an estimate of expected settlements and insurance recoveries over the next 12 months.

Lukan, the Y-NHH sponsored professional liability program, continues to manage all incidents and claims reported to Lukan prior to the acquisition of SRHS, as well as extending professional liability coverage for post acquisition risks to certain affiliated community clinicians.

Prior to the acquisition of SRHS, Caritas provided excess professional liability and general liability insurance to SRHS and their employed clinicians. Caritas continues to manage all incidents and claims reported prior to the acquisition of SRHS.

Caritas and Lukan have recorded the undiscounted estimate for incidents that have been incurred but not reported of approximately $38.7 million and $36.6 million at September 30, 2013 and 2012, respectively, and are included in professional liabilities in the accompanying consolidated statements of financial position.

The System's estimates for professional insurance liabilities are based upon complex actuarial calculations which utilize factors such as historical claims experience for the System and related industry factors, trending models, estimates for the payment patterns of future claims and present value discount factors. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Revisions to estimated amounts resulting from actual experience differing from projected expectations are recorded in the period the information becomes known or when changes are anticipated.

11. Commitments and Contingencies

Leases

The System leases various equipment and properties under several non-cancelable operating leases that range in terms. The System is responsible for operating expenses, as defined, during the lease terms. Future minimum lease payments under these leases are as follows (in thousands):

2014	$ 27,391
2015	21,839
2016	20,218
2017	16,574
2018	11,684
Thereafter	102,870
	$ 200,576

The System incurred rent expense under these leases of approximately $35.1 million and $27.0 million for the years ended September 30, 2013 and 2012, respectively.

Cancer Hospital

Y-NHH has a shared facilities and services agreement with in connection with the Cancer Hospital which is recorded as deferred revenue. Deferred revenue, from this agreement, at September 30, 2013 and 2012, was $45.2 million and $46.6 million, respectively.

Litigation

Various lawsuits and claims arising in the normal course of operations are pending, or are in progress against the System. Such lawsuits and claims are either specifically covered by insurance as explained in Note 11, or are deemed immaterial. While the outcomes of the lawsuits and claims cannot be determined at this time, management believes that any loss which may arise from these actions will not have a material adverse effect on the consolidated financial position or changes in net assets of the System.

11. Commitments and Contingencies (continued)

The System has received requests for information from certain governmental agencies relating to, among other things, patient billings. These requests cover several prior years relating to compliance with certain laws and regulations. Management is cooperating with those governmental agencies in their information requests and ongoing investigations. The ultimate results of those investigations, including the impact on the System, cannot be determined at this time.

12. Functional Expenses

The System provides general acute health care services to residents within its geographic areas. Net expenses related to providing these services are as follows (in thousands):

	Year Ended September 30	
	2013	**2012**
Health care services	**$ 2,691,443**	$ 2,031,370
General and administrative	**452,729**	394,803
	$ 3,144,172	$ 2,426,173

13. Other Revenue

Other revenue consisted of the following (in thousands):

	Year Ended September 30 2013	2012
Cafeteria and vending	$ 13,758	$ 10,926
Contributions	3,924	2,960
Parking income	7,954	5,496
Net assets released from restrictions for operations	12,789	11,696
Net assets released from restrictions for free care	779	889
Net assets released from restrictions for medical research and clinical programs	9,498	12,804
Grants	19,346	19,932
Rental income	3,694	3,545
Electronic health records incentive payment	10,659	6,417
Pediatric ancillary services	9,569	5,901
Investment income	311	4,464
Foundation distributed income	2,400	2,472
Other	23,891	17,399
	$ 118,572	$ 104,901

The American Recovery and Reinvestment Act of 2009 included provisions for implementing health information technology under the Health Information Technology for Economic and Clinical Health Act (HITECH). The provisions were designed to increase the use of electronic health record (EHR) technology and establish the requirements for a Medicare and Medicaid incentive payment program beginning in 2012 for eligible providers that adopt and meaningfully use certified EHR technology. Eligibility for annual Medicare incentive payments is dependent on providers demonstrating meaningful use of EHR technology in each period over a four-year period. Initial Medicaid incentive payments are available to providers that adopt, implement, or upgrade certified EHR technology. In subsequent years, providers must demonstrate meaningful use of such technology to qualify for additional Medicaid incentive payments. Hospitals that do not successfully demonstrate meaningful use of EHR technology are subject to payment penalties or downward adjustments to their Medicare payments beginning in federal fiscal year 2015.

13. Other Revenue (continued)

The System uses a grant accounting model to recognize revenue for the Medicare and Medicaid EHR incentive payments. Under this accounting policy, EHR incentive payment revenue is recognized when the System is reasonably assured that the EHR meaningful use criteria for the required period of time were met and that the grant revenue will be received. Medicare EHR incentive payment revenue was approximately $8.0 million and $2.0 million for the years ended September 30, 2013 and 2012, respectively, and Medicaid EHR incentive payment revenue was approximately $2.7 million $4.4 million, respectively, for the years ended September 30, 2013 and 2012. EHR incentive payment revenue is included in other revenue in the accompanying consolidated statement of operations and changes in net assets. Income from incentive payments is subject to retrospective adjustment upon final settlement of the applicable cost report from which payments were calculated. Additionally, the System's attestation of compliance with the meaningful use criteria is subject to audit by the federal government.

14. Non-Operating Gains and Losses, Net

Non-operating gains and losses consisted of the following (in thousands).

	Year Ended September 30	
	2013	**2012**

15. Fair Values of Financial Instruments

In determining fair value, the System utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The System also considers non-performance risk in the overall assessment of fair value.

15. Fair Values of Financial Instruments (continued)

ASC No. 820-10 establishes a three-tier valuation hierarchy for fair value disclosure purposes. This hierarchy is based on the transparency of the inputs utilized for the valuation. The three levels are defined as follows:

Level 1: Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities. This established hierarchy assigns the highest priority to Level 1 assets.

Level 2: Observable inputs that are based on data not quoted in active markets, but corroborated by market data.

Level 3: Unobservable inputs that are used when little or no market data is available. The Level 3 inputs are assigned the lowest priority.

Financial assets and liabilities carried at fair value as of September 30, 2013 and 2012, are classified in the following tables in one of the three categories described above (in thousands):

The amounts reported in the tables as detailed above do not include assets invested in the System's defined benefit pension plan. In addition, included in the tables above at September 30, 2013 and 2012, are investments in common collective trusts totaling approximately $118.2 million and $116.8 million, respectively, other alternative investments totaling approximately $93.0 million and $141.1 million, respectively, and other perpetual trusts totaling approximately $12.5 million and $12.1 million that are accounted for under the equity method of accounting (see Note 1). The beneficial interest in remainder trust listed in the above tables are included in other assets. The interest rate swaps listed above are classified in the accompanying balance sheet as "other long-term liabilities" at September 30, 2013 and 2012.

15. Fair Values of Financial Instruments (continued)

The following is a rollforward of assets classified as Level 3 of the valuation hierarchy:

Interest in Yale University Endowment Pool	
Fair value at September 30, 2011	$ 317,680
2012 unrealized gains and losses	57,633
2012 sales	(16,875)
2012 purchases	50,000

2013 Purchases	**100,000**
Fair value at September 30, 2013	**$ 568,062**

The following is a summary of total investments as of September 30, 2013, with restrictions to redeem the investments at the measurement date, any unfunded capital commitments and investment strategies of the investees (in thousands):

Description of Investment	Carrying Value	Unfunded Commitments	Redemption Frequency	Notice Period	Funds Availability

The fair value of long-term debt was approximately $770.1 million and $832.6 million at September 30, 2013 and 2012, respectively. The fair value of the capital leases was approximately $55.5 million and $117.7 million at September 30, 2013 and 2012, respectively.

16. Medical Residents FICA Tax Refund

In March 2010, the Internal Revenue Service (IRS) announced that, for periods ending before April 1, 2005, medical residents would be eligible for student exception of Federal Insurance Contributions Act (FICA) taxes. Under the student exception, FICA taxes do not apply to wages for services performed by students employed by a school, college, or university where the student is pursuing a course of study. As a result, the IRS will allow refunds for institutions that file timely FICA refund claims and provide certain information to meet the requirements of perfection, established by the IRS, for their claims applicable to periods prior to April 1, 2005. Institutions are potentially eligible for medical resident FICA refunds for both the employer and employee portions of FICA taxes paid, plus statutory interest. For the year ended September 30, 2013, Y-NHH recorded estimated net revenue of $4.9 million in non-operating gains and losses, related to FICA medical resident refunds claims that have met the IRS refund requirements. At September 30, 2012, Y-NHH recorded a net receivable of approximately $18.2 million included in other assets and a payable of approximately $13.8 million included in other long-term liabilities at September 30, 2012. Y-NHH collected approximately $18.1 million and paid approximately $13.8 million in 2013. Y-NHH has established its estimate based on information presently available and this estimate is subject to change as the IRS adjudicates the claims.

17. Subsequent Events

Subsequent events have been evaluated through December 23, 2013, which is the date the financial statements were available to be issued. No events have occurred, except those disclosed below, that require disclosure or adjustment of the financial statements.

In November 2013, Bridgeport Hospital entered into an arrangement with a developer to construct a 120,000 square foot medical office building and adjacent garage in Fairfield County, CT. The arrangement contains provisions for Bridgeport Hospital to begin leasing the property for a 25-year period beginning November, 2015. Management has evaluated the terms of the arrangement and anticipates the project will be recorded as a capital lease. Upon completion, management estimates the capital lease obligation will be approximately $102 million.

On October 11, 2013, Y-NHH acquired all of the business, assets, and operations, of the Saint Raphael Magnetic Resonance Partnership ("SRMP"). SRMP provides radiology services to patients in the New Haven area. Fifty percent of the interest in SRMP was acquired from an unrelated third party for $3.9 million and the remaining 50% will be transferred to Y-NHH from ASC, who acquired a 50% interest in SRMP on September 12, 2012 as part of the SRHS acquisition described in Note 1.

Independent Auditor's Report

To the Board of Trustees of
Lawrence + Memorial Corporation

We have audited the accompanying consolidated financial statements of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries, which comprise the consolidated balance sheets as of September 30, 2015 and 2014, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We did not audit the financial statements of Visiting Nurse Association of Southeastern Connecticut, Inc., a wholly owned subsidiary, which statements reflect total assets of $22,024,179 and $20,659,633 as of September 30, 2015 and September 30, 2014, respectively, and total revenues of $16,957,535 and $16,156,841 for the years then ended. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for Visiting Nurse Association of Southeastern Connecticut, Inc., is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Corporation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries at September 30, 2015 and September 30, 2014, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole. The consolidating information is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations and cash flows of the individual organizations and is not a required part of the consolidated financial statements. Accordingly, we do not express an opinion on the financial position, results of operations, and changes in net assets of the individual organizations.

1. Significant Accounting Policies and Organization

Organization

Lawrence + Memorial Corporation (the "Corporation") is a not-for-profit organization incorporated under the Nonstock Corporation Act of the State of Connecticut. The Corporation is organized exclusively for public welfare, charitable, scientific, literary and education purposes, including the furtherance of the welfare, programs and activities of Lawrence + Memorial Hospital (the "Hospital"), a nonprofit organization incorporated under the General Statutes of the State of Connecticut.

Yale New Haven Health System Affiliation

On July 17, 2015, the Corporation and Yale New Haven Health System ("YNHHS") announced they have approved a definitive agreement to affiliate, pending regulatory approvals. The definitive agreement, approved by both Boards of Directors, is based on the mutual belief that an affiliation would enhance healthcare quality, access and efficiency. Under the agreement, the Corporation will become a corporate member of YNHHS, joining Bridgeport, Greenwich and Yale-New Haven Hospitals as a full member of YNHHS. The affiliation will require review and approval by Connecticut and Rhode Island state agencies. The process is expected to be completed by Summer 2016. The Corporation incurred approximately $1.5 million in legal and other professional expenses in connection with due diligence as a result of this agreement which has been recorded as nonoperating expenses within the Consolidated Statement of Operations.

The following entities are subsidiaries of the Corporation: Lawrence + Memorial Hospital ("L+M"), L& M Physician Association Inc., L&M Systems, Inc., VNA of Southeastern Connecticut, L&M Healthcare, L&M Indemnity Ltd, VNA of Southeastern Connecticut Inc. and LMW Healthcare Inc. (Westerly Hospital).

Acquisition of Westerly Hospital

On June 1, 2013, the Corporation and its subsidiary, LMW Healthcare, Inc. ("LMW") completed the acquisition of certain assets and liabilities of Westerly Hospital, a 125-bed general acute care hospital located in Westerly, Rhode Island on a 10.6 acre campus. The acquisition was the culmination of a process that included the appointment of W. Mark Russo, Esq. as the special master (the "Special Master") for Westerly Hospital and its affiliates by the Rhode Island Superior Court for the County of Washington (the "RI Court") in December 2011, due to the deteriorating financial condition of Westerly Hospital. The Special Master was granted authority by the RI Court to negotiate the sale of the assets of Westerly Hospital and its affiliates.

The Corporation formed LMW as a Rhode Island nonprofit corporation, and in June 2012, LMW entered into an Asset Purchase Agreement (the "Purchase Agreement") with the Special Master for Westerly Hospital and its affiliates, which was approved by the RI Court in September 2012. The Corporation guaranteed LMW's commitments under the Purchase Agreement. Pursuant to the Purchase Agreement and upon the successful completion of regulatory review by various Rhode Island agencies, the Corporation acquired certain assets and liabilities of Westerly Hospital and its affiliates, in order to expand its care and operations to the Westerly, Rhode Island community. The acquisition of the Westerly Hospital furthers the Corporation and Lawrence + Memorial Hospital's strategy of improving the depth and breadth of services available to all residents in the eastern Connecticut and western Rhode Island regions, without regard to ability to pay. Lawrence + Memorial Hospital expects to reduce unnecessary duplication of effort and costs with Westerly Hospital, while maintaining community access to essential services in the Westerly service area.

The purchase price of $16,098,758 was paid in cash. The transaction resulted in an inherent contribution of $12,011,469 which has been appropriately allocated to the three net asset classes within the statement of changes in net assets in 2013. The inherent contribution is a result of the value of net assets being acquired exceeding the purchase price. The purchase price allocation was preliminary and has been adjusted as additional information was obtained in 2014. An additional $5.3 million in inherent contribution was recorded in 2014, principally due to $3.1 million better experience on accounts receivable collections and $1.8 million in favorable final settlement of assumed accounts payable liabilities.

L&M Healthcare has an affiliation agreement effective January 31, 1999 (the "Agreement") with the Hospice of Southeastern Connecticut, Inc. (the "Hospice"). The Agreement gives L&M Healthcare a membership of the Hospice with one other not-for-profit healthcare organization. L&M Healthcare does not have an equity investment in the Hospice because the affiliation agreement does not require L&M Healthcare to provide capital to the Hospice and L&M Healthcare is not entitled to any of the net assets of the Hospice should the relationship terminate or the Hospice dissolve. The Corporation and its subsidiaries have never given capital to the Hospice and the Hospice has never made capital distributions to the Corporation or its subsidiaries.

L & M Physician Association, Inc. ("LMPA") was formed exclusively for the charitable purpose of benefiting, supporting, and furthering the charitable activities of Lawrence + Memorial Hospital by engaging physicians to provide physician services to the Hospital, organizations affiliated with the Hospital and communities they serve for purpose of practicing medicine and health care services.

Principles of Consolidation
The consolidated financial statements include the accounts of the Corporation and its wholly owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying footnotes. Actual results could differ from those estimates and there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The Corporation's significant estimates include the collectability of patient accounts receivable, useful lives of fixed assets, settlements due to third party payors, estimated reserves for self-insurance liabilities, and benefit plan assumptions.

Temporarily and Permanently Restricted Net Assets
Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time frame or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation and its subsidiaries in perpetuity or in funds held in trust by others whose purpose is for the funds to be maintained in perpetuity.

Donor Restricted Gifts
Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions in the accompanying consolidated statements of operations.

Cash and Cash Equivalents
The Corporation and its subsidiaries consider all highly liquid investments with original maturities of three months or less at the date of purchase to be cash equivalents.

Investments
Investments in equity and debt securities are recorded at fair value in the balance sheet. Fair value is generally determined based on quoted market prices where available or net asset values provided by investment managers. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the change in net assets. Under accounting principles generally accepted in the United States of America, an "other than temporary impairment" is recognized if the Corporation does not expect the fair value of a security to recover above cost or amortized cost. Once an "other than temporary impairment" charge has been recorded, a new cost basis is established.

The Corporation continues to review its securities for appropriate valuation on an ongoing basis. The Corporation determined that none of their investments were impaired as of September 30, 2015 or 2014.

Realized and unrealized gains and losses on donor restricted endowment funds are included in temporarily restricted net assets under State law which allows the Board to appropriate as much of the net appreciation of investments as is prudent considering the Corporation's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Investments in limited liability companies are accounted for using the equity method in instances where the limited partner's interest is more than minor (3-5%).

Fair Value Measurements
Fair value guidance establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Corporation for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

Level 1 Quoted prices in active markets for identical assets.

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices in markets that are not active, or can be corroborated by observable market data for substantially the same term of the assets.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Assets Held in Trust by Others
The Hospital has been named sole or participating beneficiary in several perpetual and charitable remainder trusts. Under the terms of these trusts, the Hospital has the irrevocable right to receive the income earned on the trust assets in perpetuity from the perpetual trusts and to receive the remainder of the trust assets for the charitable remainder trusts. For perpetual trusts, the estimated present value of the future payments to the Hospital is recorded at the fair value of the assets held in the trust. The charitable remainder trusts are recorded at the present value of the estimated future distributions expected to be received over the expected term of the trust agreement. The Hospital uses appropriate credit adjusted rates to discount amounts. In 2015 a significant remainder trust payment of $4 million was received from the estate of a donor in accordance with the terms of the trust documents. At the time of the trust termination, the trust was recorded at $3.2 million and based on the value of the trust received; $.8 million was recorded as a change in value of irrevocable trusts on the Hospital's change in temporarily restricted net assets. The release from restriction of the $4 million for use on operations was recorded on the Corporation's Statement of Operations as all gifts and development activity is recorded at the Corporation.

Assets Limited as to Use
Assets limited as to use include assets set aside by the Board of Directors, contribution receivables and for the established purpose of providing for future improvement, expansion and replacement of plant and equipment. In addition, the Corporation's interest in externally managed trusts, unexpended bond proceeds for construction purposes, and assets held by trustees are also included therein.

Property, Plant and Equipment
Property, plant and equipment are recorded at cost, or if received as a donation, at the fair value on the date received. The Corporation provides for depreciation of property, plant and equipment using the straight-line method in amounts sufficient to amortize the cost of its assets over their estimated useful lives. American Hospital Association lives are generally used and provide for a 2-25 year life for land improvements, 5-50 year life for buildings and a 2-25 year life for equipment. Lease improvements are amortized over the life of the lease.

Nonoperating Gains and Losses
Activities other than in connection with providing health care services are considered to be nonoperating.

Excess of Revenues Over Expenses
The consolidated statements of operations include nonoperating expenses in connection with the affiliation with Yale New Haven Health Systems in excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), and pension-related charges other than periodic pension costs and other postretirement benefits liabilities.

Fair Value of Financial Instruments
Investments and other assets and liabilities are carried at amounts that approximate fair value based on current market conditions. The fair value of long term debt is estimated based on the quoted market prices for the same or similar issues or on current rates offered to the Corporation and its Subsidiaries for debt of the same remaining maturities.

Medical Malpractice Self-Insurance
The Corporation purchases claims made professional and general liability insurance to cover medical malpractice claims from L&M Indemnity Ltd, a wholly owned subsidiary of the Corporation. The Hospitals, LMPA and VNA have adopted the policy of self-insuring the tail portion of its malpractice insurance coverage. Management accrues its best estimate of losses as incidents which give rise to potential losses occur.

Income Taxes
The Corporation and its subsidiaries are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code, except for L&M Systems. L&M Systems provides for taxes based on current taxable income and the future tax consequences of temporary differences between financial and income tax reporting. Such amounts are not material to the consolidated financial statements.

Inventories
Inventory consists of supplies, both medical and general, pharmaceuticals and food products needed to sustain daily operation of patient care. Inventories are carried at the lower of cost or market under the first-in-first-out (FIFO) method.

Impairment of Long-Lived Assets
Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to dispose.

Accrued Vacation and Sick Pay
Accrued vacation is recorded as a liability as time is earned. As the time is used, the time is relieved from the liability. Accrued sick time is recorded as a percent for employees who have a balance greater than or equal to 800 hours. The payout is only upon termination of employment.

Labor Action Update
The Hospital's negotiations with two of its three unions, AFT Healthcare, AFT-CT, AFT, AFL-CIO, Local 5049 (registered nurses) and AFT Healthcare, AFT-CT, AFLCIO, Local 5051 (licensed practical nurses and technicians) for a new contract resulted in a 4-day strike that commenced on November 27, 2013. The Hospital brought in temporary replacement workers, and, in order to provide ongoing patient care given the threat of additional, intermittent strikes, had a lockout of employees through December 18, 2013. The lockout was lifted and employees returned to work without a contract being reached. A contract was reached and ratified and the workforce had a three year contract that was signed in February 2014. The Hospital monitored the negative impact of the strike and lockout on both revenues and expenses. This impact consisted of a reduction in net revenue of approximately $1,900,000 (unaudited) and $12,300,000 (unaudited) of replacement workers, security and reduced salary costs during 2014.

Subsequent Events
The Corporation has performed an evaluation of subsequent events through January 5, 2016, which is the date the financial statements were issued.

2. Revenues From Services to Patients and Charity Care

The following summarizes net revenues from services to patients:

	2015	2014
Gross charges from services to patients	$ 1,138,320,863	$ 1,078,626,933
Less: Charity care	6,124,509	6,782,933
Charges from services to patients, net of charity care	1,132,196,354	1,071,844,000
Deductions		
Allowances	663,929,578	615,856,880
State of Connecticut uncompensated care system	12,801,007	2,458,020
Total deductions	676,730,585	618,314,900
Net revenues from services to patients	$ 455,465,769	$ 453,529,100

Patient accounts receivable and revenues are recorded when patient services are performed. Amounts received from most payors are different from established billing rates of the Corporation, and these differences are accounted for as allowances. The State of Connecticut has reduced Uncompensated Care Payments to all hospitals beginning July 2013 for a three year period. In 2014 and 2015, the Corporation paid cash into the State of Connecticut Uncompensated Care Pool that exceeded the amount was received from the State.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Adjustments related to prior year settlements increased the Hospital's revenues by approximately $4,119,679 in 2015 and decreased the Hospital's revenue by approximately$1,584,575 in 2014.

During 2015 and 2014, approximately 36% and 35%, respectively, of net patient service revenue was received under the Medicare program, and 12% and 11%, respectively, under the state Medicaid program. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation. Non compliance could result in significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and reductions of funding levels could have an adverse impact on the Hospital.

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Hospital. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes the generally recognized federal poverty income guidelines.

Fair value for Level 1 is based upon quoted prices in active markets that the Corporation has the ability to access at the measurement date. Market price data is generally obtained from exchange or dealer markets. The Corporation does not adjust the quoted price for such assets.

Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques that use significant inputs that are unobservable as they trade infrequently or not at all and reflect assumptions based on the best information available in the circumstances.

Investments included in Level 3 primarily consist of the Corporations ownership in alternative investments (principally limited partnership interests in hedge funds). The value of these alternative investments represents the ownership interest in the net asset value ("NAV") of the respective partnership. The fair values of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals, or other estimates that require varying degrees of judgment. If no public market exists for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer, and subsequent developments concerning the companies to which the securities relate. Also included in Level 3 investments are charitable remainder trusts held by third parties which are recorded at the present value of the future distributions expected to be received over the term of the agreement and investments in for-profit companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table is a roll forward of the amounts by investment type for financial instruments classified by the Corporation within Level 3 of the fair value hierarchy defined above:

4. Endowments

The Corporation's endowments consist of donor restricted endowment funds for a variety of purposes. The net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor imposed restrictions.

The Corporation understands net asset classification guidance to require that donor restricted endowment gifts be maintained in perpetuity. Consistent with net asset classification guidance, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure. The Corporation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund.
- The purposes of the Corporation and donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Corporation.
- The investment policies of the Corporation.

Changes in endowment net assets for the year ended September 30:

Endowment net assets at end of year	$ 10,480,208	$ 17,497,079	$ 7,382,529	$ 35,359,816

Endowment funds classified as permanently and temporarily restricted net assets:

The portion of the endowment retained either by explicit donor stipulation or by net asset classification guidance is summarized as follows:

	2015	2014
Temporarily restricted net assets		
Unspent income and appreciation on permanently restricted endowments for purchase of equipment and healthcare services	$ 16,192,941	$ 17,497,079
Total endowment funds classified as temporarily restricted net assets	$ 16,192,941	$ 17,497,079
Permanently restricted net assets		
Corpus of permanently restricted contributions for which income is to be used for purchase of equipment and healthcare services	$ 7,411,018	$ 7,382,529
Total endowment funds classified as permanently restricted net assets	$ 7,411,018	$ 7,382,529

Endowment Funds With Deficits
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (deficit). When donor endowment deficits exist they are classified as a reduction of unrestricted net assets. The Corporation analyzed the endowments and notes there are no deficits as of September 30, 2015 and 2014.

Endowment Investment Return Objectives and Risk Parameters
The Corporation has adopted endowment investment and spending policies that attempt to provide predictable stream of funding to programs supported by the endowment while seeking to maintain the permanent nature of endowment funds. Under this policy, the return objective for the endowment assets measured over a full market cycle shall be to maximize the return against a blended index, based on the endowment's target asset allocation applied to the appropriate individual benchmarks.

Strategies Employed for Achieving Endowment Investment Objectives
To achieve its long-term rate of return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Corporation targets a diversified asset allocation to achieve its long-term objectives within prudent Corporation risk constraints.

Endowment Spending Allocation and Relationship of Spending Policy to Investment Objectives
Spending is guided by several factors most important is the value of the portfolio. Generally, the Board will approve a spending policy limiting annual expenditures for grants and operating expenses up to 4.5% of the value of the Funds' assets based on a 12 quarter rolling average for the endowment, and operating funds.

Investment managers are given ample notice of the required withdrawal schedule. Appropriate liquidity is maintained to fund these withdrawals without impairing the investment process.

5. Temporary and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at September 30, 2015 and 2014:

	2015	2014

Total long-term portion of long-term debt	$ 102,938,747	$ 108,587,802

On September 15, 2011 the Connecticut Health and Education Facilities Authority ("CHEFA") issued $58,940,000 of Series F Bonds (the "Series F Bonds") on behalf of the Hospital and Lawrence + Memorial Corporation (collectively referred to as the "Obligated Group" under the Series F Bond agreements). The Series F Bonds are structured with a term bonds due at various dates through July 1, 2036, with annual sinking fund payments due each July 1st. Interest on the Series F Bonds is payable semiannually on the first business day of January 1 and July 1 which began on January 1, 2012.

The tax exempt lease was obtained on June 27, 2013 in the principal amount of $12,000,000. This is a seven year equipment lease on specific capital purchases that is administered through CHEFA and Bank of America-Merrill Lynch. This lease obligation will be amortized monthly through June 27, 2020 at a nominal annual interest rate of 1.759%.

On October 10, 2013 Series G was issued in a private placement offering with Bank of America-Merrill Lynch and CHEFA in the amount of $29,200,000 with an interest rate of 3.20% until October 1, 2023 with an option to extend at a negotiated rate with a maturity date of July 1, 2038.

On November 5, 2013, Series H was issued by CHEFA to refinance Series E. Series H was issued in the amount of $21,405,000 with a variable rate and a maturity date of July 1, 2034. This bond has a letter of credit guaranteed by T.D. Bank. Interest on the Series H Bonds accrues at the weekly rate and is payable on the first business day of each month commencing January 1, 2014.

Under the terms of the trust indenture for the Series F, G and H Bonds, the Obligated Group is required to meet certain financial covenants including a debt service coverage ratio and days cash on hand ratio. Members of the Obligated Group are jointly and severally obligated to provide amounts sufficient to enable the Authority to pay principal and interest on the Series F, G and H Bonds. The Bonds and bond proceeds have been allocated to the Hospital and as such, the Hospital will make future debt service payments as required under the terms of the bonds.

The bonds may be retired at an earlier date pursuant to terms of the master indenture. Payment of the bonds is collateralized by a pledge of the gross receipts, as defined and certain real property of the Hospital.

The Series H Bonds are considered variable rate demand bonds and are remarketed on a weekly basis. The Hospital maintains a letter of credit in the amount of $21,405,000 which expires on November 5, 2016. If the bonds are unable to be remarketed, the letter of credit could be utilized to purchase the bonds. The Obligated Group would then be subject to the payment terms of the letter of credit, which are monthly installments. The Series H Bonds have been successfully remarketed in the past and there have been no draws on the letter of credit.

The Corporation had a line of credit with Bank of America-Merrill Lynch for $13,802,758. This was taken as a bridge loan prior to issuance of Series G private Placement. The proceeds of Series G were used to pay off this line of credit on October 10, 2013. LMW Healthcare had a line of credit with Washington Trust for $4,860,642. This line was reissued at time of closing but was paid off in November 2013.

The fair value of the outstanding bonds is $101,550,368 and $106,215,296 at September 30, 2015 and September 30, 2014, respectively.

Principal repayments on the outstanding long term debt are as follows:

Years	Annual Principal Repayment
2016	$ 5,495,740
2017	5,730,772

2019	6,142,340
2020 and thereafter	82,720,877
	$ 106,006,014

Cash interest payments of $3,495,549 and $3,566,051 were made in fiscal year 2015 and 2014, respectively. No interest was capitalized during 2015 and 2014.

8. Pension and Other Postretirement Benefits

The Hospital has a defined benefit plan covering all employees who elected to stay in the Plan. The Plan is frozen to new participants as of June 30, 1999. The benefits are based on years of service and the employee's compensation during the last five years of employment.

The Hospital provides health care and life insurance benefits to its retired employees who meet certain eligibility requirements. The Hospital's policy is to fund the cost of postretirement benefits other than pensions as incurred. This plan was frozen to include only those employees who retired prior to May 1, 1994.

The following table sets forth the Hospital's plans' funded status and amounts recognized in the consolidated balance sheet at September 30, 2015 and 2014 (measurement date of September 30):

	Pension Benefits		Other Postretirement Benefits	
	2015	2014	2015	2014
Change in benefit obligation				
Benefit obligation at beginning of year	$ 156,674,809	$ 145,789,789	$ 837,437	$ 1,000,744
Service cost	2,141,301	2,402,724	-	-
Interest cost	6,195,482	6,417,121	24,077	29,884

Funded status of the plan	(50,996,998)	(41,498,085)	(754,324)	(837,437)
Unrecognized net loss (gain) from past experience different from that assumed and effects of changes in assumptions	55,236,126	41,399,294	(443,280)	(488,085)
Unrecognized prior service cost	4,050	79,157	-	-
Accrued benefit costs recognized in the statements of operations	$ 4,243,178	$ (19,634)	$ (1,197,604)	$ (1,325,522)
Components of net periodic benefit costs				
Service cost	$ 2,141,301	$ 2,402,724	$ -	$ -
Interest cost	6,195,482	6,417,121	24,077	29,884
Expected return on plan assets	(8,603,526)	(7,920,200)	-	-
Amortization of net loss (gain)	3,328,824	2,676,330	(60,777)	(66,454)
Net amortization and deferral	75,107	111,153	-	-
Benefit cost	$ 3,137,188	$ 3,687,128	$ (36,700)	$ (36,570)

The net actuarial loss of approximately $4.4 million is due to a loss of approximately $7.5 million due to a change in mortality table offset by gains due to decrease in discount rate and other changes in assumptions.

The weighted average assumptions used to determine the net benefit cost at the beginning of the year are as follows:

	2015	2014
Discount rate	4.05 %	4.51 %
Average rate of compensation increases	2.50 %	2.50 %
Expected return on assets	7.50 %	7.50 %

The weighted average assumptions used to determine the benefit obligation at the end of the year are as follows:

	2015	2014
Discount rate	4.10 %	4.05 %
Average rate of compensation increases	2.50 %	2.50 %

The Plan's asset allocations as of September 30 are as follows:

Asset Category	2015	2014
Cash	2 %	2 %
Bonds	32	24
Mutual funds	26	45
Hedge funds	40	29
	100 %	100 %

The expected rate of return on plan assets is calculated based on past experience.

Expected benefits to be paid under the Hospital's plans are as follows:

Fiscal Years Beginning October 1,	Expected Benefits
2015	$ 7,940,500
2016	8,280,197
2017	8,395,891
2018	8,784,310
2019	9,069,440
Expected aggregate for 5 fiscal years beginning 2020	49,712,011

Annual employer contributions are determined by the Hospital based upon calculations prepared by the plan's actuary. Expected contributions to the plans for 2016 are approximately (unaudited):

Pension	$ 7,940,000
Retiree health	89,642

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e., health care cost trend rate) for participants is assumed to be 8.0% in 2015 reducing to 5.0% by the year 2020 and remaining at that level thereafter. This health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $49,000 and $56,000, respectively, at September 30, 2015 and 2014. A one percentage point decrease in the assumed health care cost trend rate would decrease the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $45,000 and $51,000, respectively, at September 30, 2015 and 2014.

Plan Assets

The defined benefit plan assets are valued utilizing the same fair value hierarchy as the Hospital's investments as described in Note 1.

The following table summarizes the fair values of investments by major type held by the pension plan at September 30, 2015:

	Level 1	Level 2	Level 3	2015
Investments, at fair value				
Cash	$ 2,345,782	$ -	$ -	$ 2,345,782
Bonds	35,027,573	-	-	35,027,573
Mutual funds	24,119,636	4,946,910	-	29,066,546
Hedge funds	-	-	44,421,975	44,421,975
Total investments, at fair value	$ 61,492,991	$ 4,946,910	$ 44,421,975	$ 110,861,876

The following table summarizes the fair values of investments by major type held by the staff pension health plan at September 30, 2014:

	Level 1	Level 2	Level 3	2014
Investments, at fair value				
Cash	$ 2,417,830	$ -	$ -	$ 2,417,830
Bonds	27,571,791	-	-	27,571,791
Mutual funds	46,557,396	5,171,869	-	51,729,265
Hedge funds	-	-	33,457,838	33,457,838
Total investments, at fair value	$ 76,547,017	$ 5,171,869	$ 33,457,838	$ 115,176,724

There were transfers between levels during 2015 but no transfers in 2014.

The table below represents the change in fair value measurements for Level 3 investments held by the plans for the years ended September 30.

	2015	2014
Beginning balances	$ 33,457,838	$ 31,893,958
Realized gains	554,617	4,588,368
Fees	(204,757)	(79,614)
Unrealized losses	(3,485,723)	(2,944,874)
Purchases	14,100,000	-
Ending balances	$ 44,421,975	$ 33,457,838

The investment objective for the pension and post retirement plans seeks a positive long-term total return after inflation to meet the Hospital's current and future plan obligations.

Asset allocations combine tested theory and informed market judgment to balance investment risks with the need for high returns.

The Hospital's 401(k) plan covers eligible employees who elected to participate. Eligible employees may contribute a percentage of their salary. The Hospital matches 100% of the first 4% of gross pay deferred by employees for those employees who do not participate in the defined benefit plan. Plan contributions charged to operations were approximately $4,764,785 and $4,584,389 for 2015 and 2014, respectively.

The VNA has a defined contribution pension plan which covers substantially all of its employees who have met specified age and length of service requirements. Contributions to the Plan are based on 5% of eligible salaries and totaled approximately $504,943 and $463,475 for the years ended September 30, 2015 and 2014, respectively.

9. Functional Expenses

The Corporation and its subsidiaries provide general health care services to residents within its geographic location including pediatric care, cardiac catheterization, and outpatient surgery. Expenses by function are as follows:

	2015	2014
Health care services	$ 347,731,294	$ 348,719,365
General and administrative	122,555,118	124,868,311
	$ 470,286,412	$ 473,587,676

10. Commitments and Contingencies

The Corporation and its subsidiaries are parties to various lawsuits incidental to their business. Management believes that the lawsuits will not have a material adverse effect on their financial position, results of operations, and changes in net assets or cash flows.

Report of Independent Auditors

To the Board of Trustees of
Lawrence + Memorial Corporation

We have audited the accompanying consolidated financial statements of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries, which comprise the consolidated balance sheets as of September 30, 2014 and 2013, and the related consolidated statements of operations, of changes in net assets and of cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We did not audit the financial statements of Visiting Nurse Association of Southeastern Connecticut, Inc., a wholly owned subsidiary, which statements reflect total assets of $20,659,633 and $18,372,801 as of September 30, 2014 and September 30, 2013, respectively, and total revenues of $16,156,841 and $14,990,091 for the years then ended. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for Visiting Nurse Association of Southeastern Connecticut, Inc., is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Corporation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries at September 30, 2014 and September 30, 2013, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole.

The consolidating information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the Unites States of America. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole.

The consolidating information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations and cash flows of the individual organizations and is not a required part of the consolidated financial statements. Accordingly, we do not express an opinion on the financial position, results of operations, and changes in net assets, of the individual organizations.

1. Significant Accounting Policies and Organization

Organization

Lawrence + Memorial Corporation (the "Corporation") is a not-for-profit organization incorporated under the Nonstock Corporation Act of the State of Connecticut. The Corporation is organized exclusively for public welfare, charitable, scientific, literary and education purposes, including the furtherance of the welfare, programs and activities of Lawrence + Memorial Hospital (the "Hospital"), a nonprofit organization incorporated under the General Statutes of the State of Connecticut.

The following entities are subsidiaries of the Corporation: Lawrence + Memorial Hospital ("L+M"), L& M Physician Association Inc., L&M Systems, Inc., VNA of Southeastern Connecticut, L&M Healthcare, L&M Indemnity Ltd, VNA of Southeastern Connecticut Inc. and LMW Healthcare Inc. (Westerly Hospital).

Acquisition of Westerly Hospital

On June 1, 2013, the Corporation and its subsidiary, LMW Healthcare, Inc. ("LMW") completed the acquisition of certain assets and liabilities of Westerly Hospital, a 125-bed general acute care hospital located in Westerly, Rhode Island on a 10.6 acre campus. The acquisition was the culmination of a process that included the appointment of W. Mark Russo, Esq. as the special master (the "Special Master") for Westerly Hospital and its affiliates by the Rhode Island Superior Court for the County of Washington (the "RI Court") in December 2011, due to the deteriorating financial condition of Westerly Hospital. The Special Master was granted authority by the RI Court to negotiate the sale of the assets of Westerly Hospital and its affiliates.

The Corporation formed LMW as a Rhode Island nonprofit corporation, and in June 2012, LMW entered into an Asset Purchase Agreement (the "Purchase Agreement") with the Special Master for Westerly Hospital and its affiliates, which was approved by the RI Court in September 2012. The Corporation guaranteed LMW's commitments under the Purchase Agreement. Pursuant to the Purchase Agreement and upon the successful completion of regulatory review by various Rhode Island agencies, the Corporation acquired certain assets and liabilities of Westerly Hospital and its affiliates, in order to expand its care and operations to the Westerly, Rhode Island community. The acquisition of the Westerly Hospital furthers the Corporation and Lawrence + Memorial Hospital's strategy of improving the depth and breadth of services available to all residents in the eastern Connecticut and western Rhode Island regions, without regard to ability to pay. Lawrence + Memorial Hospital expects to reduce unnecessary duplication of effort and costs with Westerly Hospital, while maintaining community access to essential services in the Westerly service area.

As part of the purchase agreement the Corporation agreed to fund $30 million in capital costs for Westerly Hospital over five years after the closing, and agreed to provide up to $6.5 million of working capital for Westerly Hospital over the first two years after the closing.

The fair value of assets and liabilities acquired under this transaction as of June 1, 2013 are as follows:

	2013
Cash	$ 1,563,200
Patient accounts receivable	4,658,183
Inventories	1,550,130
Pledges	750,000
Prepaid expenses	325,650
Investments	6,870,933
Assets held in trust	4,247,816
Intangible assets	3,690,000
Property, plant & equipment	30,850,000
Total assets	54,505,912
Accrued compensation	2,488,190
Accounts payable and accrued expenses	15,052,105
Due to third parties	1,856,951
Asset retirement obligation	1,425,678
Debt	5,572,761
Total liabilities	26,395,685
Net assets acquired	$ 28,110,227

The purchase price of $16,098,758 was paid in cash. The transaction resulted in an inherent contribution of $12,011,469 which has been appropriately allocated to the three net asset classes within the statement of changes in net assets in 2013. The inherent contribution is a result of the value of net assets being acquired exceeding the purchase price. The purchase price allocation was preliminary and has been adjusted as additional information was obtained in 2014. An additional $5.3 million in inherent contribution was recorded in 2014, principally due to $3.1 million better experience on accounts receivable and $1.8 million in better experience on accounts payable.

Intangible assets acquired in conjunction with the Westerly acquisition include:

	Fair value as of June 1, 2013	Amortization Period (in years)	
Patient relationships	$ 1,530,000	10.0	
Medical records	1,350,000	10.0	
Trademark	810,000	8.0	
	$ 3,690,000	9.5	(weighted average)

L&M Healthcare has an affiliation agreement effective January 31, 1999 (the "Agreement") with the Hospice of Southeastern Connecticut, Inc. (the "Hospice"). The Agreement gives L&M Healthcare a membership of the Hospice with one other not-for-profit healthcare organization. L&M Healthcare does not have an equity investment in the Hospice because the affiliation agreement does not require L&M Healthcare to provide capital to the Hospice and L&M Healthcare is not entitled to any of the net assets of the Hospice should the relationship terminate or the Hospice dissolve. The Corporation and its subsidiaries have never given capital to the Hospice and the Hospice has never made capital distributions to the Corporation or its subsidiaries.

L & M Physician Association, Inc. ("LMPA") was formed exclusively for the charitable purpose of benefiting, supporting, and furthering the charitable activities of Lawrence + Memorial Hospital by engaging physicians to provide physician services to the Hospital, organizations affiliated with the Hospital and communities they serve for purpose of practicing medicine and health care services.

Principles of Consolidation
The consolidated financial statements include the accounts of the Corporation and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying footnotes. Actual results could differ from those estimates and there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The Corporation's significant estimates include the collectability of patient accounts receivable, useful lives of fixed assets, settlements due to third party payors, estimated reserves for self-insurance liabilities, and benefit plan assumptions.

Temporarily and Permanently Restricted Net Assets
Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time frame or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation and its subsidiaries in perpetuity or in funds held in trust by others whose purpose is for the funds to be maintained in perpetuity.

Donor Restricted Gifts
Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions in the accompanying consolidated statements of operations.

Cash and Cash Equivalents
The Corporation and its subsidiaries consider all highly liquid investments with original maturities of three months or less at the date of purchase to be cash equivalents.

Investments
Investments in equity and debt securities are recorded at fair value in the balance sheet. Fair value is generally determined based on quoted market prices where available or net asset values provided by investment managers. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the change in net assets. Under accounting principles generally accepted in the United States of America, an "other than temporary impairment" is recognized if the Corporation does not expect the fair value of a security to recover above cost or amortized cost. Once an "other than temporary impairment" charge has been recorded, a new cost basis is established.

The Corporation continues to review its securities for appropriate valuation on an ongoing basis. The Corporation determined that none of their investments were impaired as of September 30, 2014 or 2013.

Realized and unrealized gains and losses on donor restricted endowment funds are included in temporarily restricted net assets under State law which allows the Board to appropriate as much of the net appreciation of investments as is prudent considering the Corporation's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Investments in limited liability companies are accounted for using the equity method in instances where the limited partner's interest is more than minor (3-5%).

Fair Value Measurements
Fair value guidance establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Corporation for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices in markets that are not active, or can be corroborated by observable market data for substantially the same term of the assets.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Assets Held in Trust by Others
The Hospital has been named sole or participating beneficiary in several perpetual and charitable remainder trusts. Under the terms of these trusts, the Hospital has the irrevocable right to receive the income earned on the trust assets in perpetuity from the perpetual trusts and to receive the remainder of the trust assets for the charitable remainder trusts. For perpetual trusts, the estimated present value of the future payments to the Hospital is recorded at the fair value of the assets held in the trust. The charitable remainder trusts are recorded at the present value of the estimated future distributions expected to be received over the expected term of the trust agreement. The Hospital uses appropriate credit adjusted rates to discount amounts.

Assets Limited as to Use
Assets limited as to use include assets set aside by the Board of Directors, contribution receivables and for the established purpose of providing for future improvement, expansion and replacement of plant and equipment. In addition, the Corporation's interest in externally managed trusts, unexpended bond proceeds for construction purposes, and assets held by trustees under indenture agreements relating to financing activities with the State of Connecticut Health and Education Facilities Authority ("CHEFA") are also included therein.

Property, Plant and Equipment
Property, plant and equipment are recorded at cost, or if received as a donation, at the fair value on the date received. The Corporation provides for depreciation of property, plant and equipment using the straight-line method in amounts sufficient to amortize the cost of its assets over their estimated useful lives. American Hospital Association lives are generally used and provide for a 2-25 year life for land improvements, 5-50 year life for buildings and a 2-25 year life for equipment. Lease improvements are amortized over the life of the lease.

Nonoperating Gains and Losses
Activities other than in connection with providing health care services are considered to be nonoperating.

Excess of Revenues over Expenses
The consolidated statements of operations include excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), and pension-related charges other than periodic pension costs and other postretirement benefits liabilities.

Fair Value of Financial Instruments
Investments and other assets and liabilities are carried at amounts that approximate fair value based on current market conditions. The fair value of long term debt is estimated based on the quoted market prices for the same or similar issues or on current rates offered to the Corporation and its Subsidiaries for debt of the same remaining maturities.

Medical Malpractice Self-Insurance
The Corporation purchases claims made professional and general liability insurance to cover medical malpractice claims from L&M Indemnity Ltd. The Hospital, LMPA and VNA have adopted the policy of self-insuring the tail portion of its malpractice insurance coverage. Management accrues its best estimate of losses as incidents which give rise to potential losses occur.

Income Taxes
The Corporation and its subsidiaries are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code, except for L&M Systems. L&M Systems provides for taxes based on current taxable income and the future tax consequences of temporary differences between financial and income tax reporting. Such amounts are not material to the consolidated financial statements.

Inventories
Inventory consists of supplies, both medical and general, pharmaceuticals and food products needed to sustain daily operation of patient care. Inventories are carried at the lower of cost or market under the first-in-first-out (FIFO) method.

Impairment of Long-Lived Assets
Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to dispose.

Accrued Vacation and Sick Pay
Accrued vacation is recorded as a liability as time is earned. As the time is used, the time is relieved from the liability. Accrued sick time is recorded as a percent for employees who have a balance greater than or equal to 800 hours. The payout is only upon termination of employment.

Labor action update
The Hospital's negotiations with two of its three unions, AFT Healthcare, AFT-CT, AFT, AFL-CIO, Local 5049 (registered nurses) and AFT Healthcare, AFT-CT, AFLCIO, Local 5051 (licensed practical nurses and technicians) for a new contract resulted in a 4-day strike that commenced on November 27, 2013. The Hospital brought in temporary replacement workers, and, in order to provide ongoing patient care given the threat of additional, intermittent strikes, had a lockout of employees through December 18, 2013. The lockout was lifted and employees returned to work without a contract being reached. A contract was reached and ratified and the workforce had a three year contract that was signed in February 2014. The Hospital monitored the negative impact of the strike and lockout on both revenues and expenses. The financial negative impact included in these financials is approximately $14,200,000. This consisted of a reduction in net revenue of approximately $1,900,000 and $12,300,000 of replacement workers, security and reduced salary costs during the strike and lock out period.

Subsequent Events
The Corporation has performed an evaluation of subsequent events through January 23, 2015, which is the date the financial statements were issued.

2. Revenues From Services to Patients and Charity Care

The following summarizes net revenues from services to patients:

	2014	2013
Gross charges from services to patients	$ 1,078,626,933	$ 837,486,803

Total deductions	618,314,900	456,969,027
Net revenues from services to patients	$ 453,529,100	$ 372,745,739

Patient accounts receivable and revenues are recorded when patient services are performed. Amounts received from most payors are different from established billing rates of the Corporation, and these differences are accounted for as allowances. The State of Connecticut has reduced Uncompensated Care Payments to all hospitals beginning July 2013 for a three year period. . In 2014, the Corporation paid cash into the State of Connecticut Uncompensated Care Pool that exceeded the amount was received from the State.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Adjustments related to prior year settlements decreased the Hospital's revenues by approximately $1,584,575in 2014 and increased the Hospital's revenue by approximately$1,126,576 in 2013.

During 2014 and 2013, approximately 35% and 33%, respectively, of net patient service revenue was received under the Medicare program, and 11% and 12%, respectively, under the state Medicaid program. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation. Non compliance could result in significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and reductions of funding levels could have an adverse impact on the Hospital.

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Hospital. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes the generally recognized federal poverty income guidelines.

Fair value for Level 1 is based upon quoted prices in active markets that the Corporation has the ability to access at the measurement date. Market price data is generally obtained from exchange or dealer markets. The Corporation does not adjust the quoted price for such assets.

Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques that use significant inputs that are unobservable as they trade infrequently or not at all and reflect assumptions based on the best information available in the circumstances.

Investments included in Level 3 primarily consist of the Corporations ownership in alternative investments (principally limited partnership interests in hedge funds). The value of these alternative investments represents the ownership interest in the net asset value ("NAV") of the respective partnership. The fair values of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals, or other estimates that require varying degrees of judgment. If no public market exists for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer, and subsequent developments concerning the companies to which the securities relate. Also included in Level 3 investments are charitable remainder trusts held by third parties which are recorded at the present value of the future distributions expected to be received over the term of the agreement and investments in for-profit companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table is a roll forward of the amounts by investment type for financial instruments classified by the Corporation within Level 3 of the fair value hierarchy defined above:

4. Endowments

The Corporation's endowments consist of donor restricted endowment funds for a variety of purposes. The net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor imposed restrictions.

The Corporation understands net asset classification guidance to require that donor restricted endowment gifts be maintained in perpetuity. Consistent with net asset classification guidance, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure. The Corporation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund.
- The purposes of the Corporation and donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Corporation.

- The investment policies of the Corporation.

Endowment funds classified as permanently and temporarily restricted net assets:

The portion of perpetual endowment funds retained permanently either by explicit donor stipulation or by net asset classification guidance is summarized as follows:

	2014	2013
Temporarily restricted net assets		
Unspent income and appreciation on permanently restricted endowments for purchase of equipment and healthcare services	$ 17,497,079	$ 16,178,222
Total endowment funds classified as temporarily restricted net assets	$ 17,497,079	$ 16,178,222
Permanently restricted net assets		
Corpus of permanently restricted contributions for which income is to be used for purchase of equipment and healthcare services	$ 7,382,529	$ 7,249,055
Total endowment funds classified as permanently restricted net assets	$ 7,382,529	$ 7,249,055

Endowment Funds With Deficits
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (deficit). When donor endowment deficits exist they are classified as a reduction of unrestricted net assets. The Corporation analyzed the endowments and notes there are no deficits as of September 30, 2014 and 2013.

Endowment Investment Return Objectives and Risk Parameters
The Corporation has adopted endowment investment and spending policies that attempt to provide predictable stream of funding to programs supported by the endowment while seeking to maintain the permanent nature of endowment funds. Under this policy, the return objective for the endowment assets measured over a full market cycle shall be to maximize the return against a blended index, based on the endowment's target asset allocation applied to the appropriate individual benchmarks.

Strategies Employed for Achieving Endowment Investment Objectives
To achieve its long-term rate of return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Corporation targets a diversified asset allocation to achieve its long-term objectives within prudent Corporation risk constraints.

Endowment Spending Allocation and Relationship of Spending Policy to Investment Objectives
Spending is guided by several factors most important is the value of the portfolio. Generally, the Board will approve a spending policy limiting annual expenditures for grants and operating expenses up to 4.5% of the value of the Funds' assets based on a 12 quarter rolling average for the endowment, and operating funds.

Investment managers are given ample notice of the required withdrawal schedule. Appropriate liquidity is maintained to fund these withdrawals without impairing the investment process.

On September 15, 2011 the Connecticut Health and Education Facilities Authority ("CHEFA") issued $58,940,000 of Series F Bonds (the "Series F Bonds") on behalf of the Hospital and Lawrence + Memorial Corporation (collectively referred to as the "Obligated Group" under the Series F Bond agreements). The Series F Bonds are structured with a term bond due July 1, 2036, with annual sinking fund payments due each July 1st. Interest on the Series F Bonds is payable semiannually on the first business day of January 1 and July 1 which began on January 1, 2012.

The Series E bonds were paid early with the issuance of CHEFA series H.

The tax exempt lease was obtained on June 27, 2013 in the principal amount of $12,000,000. This is a seven year equipment lease on specific capital purchases that is administered through CHEFA and Bank of America-Merrill Lynch. This lease will be amortized monthly through June 27, 2020 at a nominal annual interest rate of 1.759%.

On October 10, 2013 Series G was issued in a private placement offering with Bank of America-Merrill Lynch and CHEFA in the amount of $29,200,000 with an interest rate of 3.20% until October 1, 2023 with an option to extend at a negotiated rate with a maturity date of July 1, 2038.

On November 5, 2013, Series H was issued by CHEFA to refinance Series E. Series H was issued in the amount of $21,405,000 with a variable rate and a maturity date of July 1, 2034. This bond has a letter of credit guaranteed by T.D. Bank. Interest on the Series H Bonds accrues at the weekly rate and is payable on the first business day of each month commencing January 1, 2014.

Under the terms of the trust indenture for the Series H Bonds, the Obligated Group is required to meet certain financial covenants including a debt service coverage ratio and days cash on hand ratio. Members of the Obligated Group are jointly and severally obligated to provide amounts sufficient to enable the Authority to pay principal and interest on the Series H Bonds. The Bonds and bond proceeds have been allocated to the Hospital and as such, the Hospital will make future debt service payments as required under the terms of the bonds.

The bonds may be retired at an earlier date pursuant to terms of the master indenture. Payment of the bonds is collateralized by a pledge of the gross receipts, as defined and certain real property of the Hospital.

The Series H Bonds are considered variable rate demand bonds and are remarketed on a weekly basis. The Hospital maintains a letter of credit in the amount of $21,405,000 which expires on November 5, 2016. If the bonds are unable to be remarketed, the letter of credit could be utilized to purchase the bonds. The Obligated Group would then be subject to the payment terms of the letter of credit, which are monthly installments. The Series H Bonds have been successfully remarketed in the past and there have been no draws on the letter of credit.

The Corporation had a line of credit with Bank of America-Merrill Lynch for $13,802,758. This was taken as a bridge loan prior to issuance of Series G private Placement. The proceeds of Series G were used to pay off this line of credit on October 10, 2013. LMW Healthcare had a line of credit with Washington Trust for $4,860,642. This line was reissued at time of closing but was paid off in November 2013.

The fair value of the outstanding bonds is $106,215,296 and $78,820,117 at September 30, 2014 and September 30, 2013, respectively.

Principal repayments, excluding capital leases and the line of credit, are as follows:

Years	Annual Principal Repayment
2015	$ 3,660,000
2016	3,825,000
2017	4,010,000
2018	4,165,000
2019 and thereafter	85,650,000
	$ 101,310,000

Cash interest payments of $3,566,051 and $2,682,472 were made in fiscal year 2014 and 2013, respectively. No interest was capitalized during 2014 and 2013.

8. Pension and Other Postretirement Benefits

The Hospital has a defined benefit plan covering all employees who elected to stay in the Plan. The Plan is frozen to new participants as of June 30, 1999. The benefits are based on years of service and the employee's compensation during the last five years of employment.

The Hospital provides health care and life insurance benefits to its retired employees who meet certain eligibility requirements. The Hospital's policy is to fund the cost of postretirement benefits other than pensions as incurred. This plan was frozen to include only those employees who retired prior to May 1, 1994.

The following table sets forth the Hospital's plans' funded status and amounts recognized in the consolidated balance sheet at September 30, 2014 and 2013 (measurement date of), the significant change in the actuarial loss is predominantly related to the decrease in the discount rate used to determine the benefit obligation at the end of the year:

September 30):

	Pension Benefits		Other Postretirement Benefits	
	2014	2013	2014	2013

Benefit cost	$ 3,687,128	$ 3,356,143	$ (36,570)	$ (13,426)

The weighted average assumptions used to determine the net benefit cost at the beginning of the year are as follows:

	2014	2013
Discount rate	4.51 %	3.95 %
Average rate of compensation increases	2.50 %	2.50 %
Expected return on assets	7.50 %	7.50 %

The weighted average assumptions used to determine the benefit obligation at the end of the year are as follows:

	2014	2013
Discount rate	4.05 %	4.51 %
Average rate of compensation increases	2.50 %	2.50 %

The Plan's asset allocations as of September 30 are as follows:

Asset Category	2014	2013
Cash	2 %	3 %
Bonds	24	23
Mutual funds	45	44
Hedge funds	29	30
Total	100 %	100 %

The expected rate of return on plan assets is calculated based on past experience.

Expected benefits to be paid under the Hospital's plans are as follows:

Fiscal Years Beginning October 1,	Expected Benefits
2014	$ 7,399,905
2015	7,694,336
2016	8,101,708
2017	8,234,873
2018	8,658,711
Expected aggregate for 5 fiscal years beginning 2019	47,809,642

Annual contributions are determined by the Hospital based upon calculations prepared by the plan's actuary. Expected contributions to the plans for 2014 are approximately (unaudited):

Pension	$ 6,400,000
Retiree health	94,776

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e., health care cost trend rate) for participants is assumed to be 9.0% in 2014 reducing to 5.0% by the year 2021 and remaining at that level thereafter. This health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $56,000 and $71,000, respectively, at September 30, 2014 and 2013. A one percentage point decrease in the assumed health care cost trend rate would decrease the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $51,000 and $65,000, respectively, at September 30, 2014 and 2013.

Plan Assets

The defined benefit plan assets are valued utilizing the same fair value hierarchy as the Hospital's investments as described in Note 1.

The following table summarizes the fair values of investments by major type held by the pension plan at September 30, 2014:

	Level 1	Level 2	Level 3	2014
Investments, at fair value				
Cash	$ 2,417,830	$ -	$ -	$ 2,417,830

Total investments, at fair value	$ 76,547,017	$ 5,171,869	$ 33,457,838	$ 115,176,724

The following table summarizes the fair values of investments by major type held by the staff pension health plan at September 30, 2013:

	Level 1	Level 2	Level 3	2013
Investments, at fair value				
Cash	$ 3,043,961	$ -	$ -	$ 3,043,961

Total investments, at fair value	$ 69,412,802	$ 4,553,588	$ 31,893,958	$ 105,860,348

There were no transfers between levels during 2014 or 2013.

The table below represents the change in fair value measurements for Level 3 investments held by the plans for the years ended September 30.

	2014	2013
Beginning balances	$ 31,893,958	$ 28,795,536
Realized gains	4,588,368	33,459

Unrealized gains	(2,944,874)	3,130,044
Purchases	-	-
Sales	-	-
Ending balances	$ 33,457,838	$ 31,893,958

The investment objective for the pension and post retirement plans seeks a positive long-term total return after inflation to meet the Hospital's current and future plan obligations.

Asset allocations combine tested theory and informed market judgment to balance investment risks with the need for high returns.

The Hospital's 401(k) plan covers eligible employees who elected to participate. Eligible employees may contribute a percentage of their salary. The Hospital matches 100% of the first 4% of gross pay deferred by employees for those employees who do not participate in the defined benefit plan. Plan contributions charged to operations were approximately $4,584,389 and $4,618,626 for 2014 and 2013, respectively.

The VNA has a defined contribution pension plan which covers substantially all of its employees who have met specified age and length of service requirements. Contributions to the Plan are based on 5% of eligible salaries and totaled approximately $463,475 and $446,631 for the years ended September 30, 2014 and 2013, respectively.

9. Functional Expenses

The Corporation and its subsidiaries provide general health care services to residents within its geographic location including pediatric care, cardiac catheterization, and outpatient surgery. Expenses by function are as follows:

	2014	2013
Health care services	$ 348,719,365	$ 293,416,325
General and administrative	124,868,311	94,388,752
	$ 473,587,676	$ 387,805,077

10. Commitments and Contingencies

The Corporation and its subsidiaries are parties to various lawsuits incidental to their business. Management believes that the lawsuits will not have a material adverse effect on their financial position, results of operations, and changes in net assets or cash flows.

Report of Independent Auditors

To the Board of Trustees of
Lawrence + Memorial Corporation

We have audited the accompanying consolidated financial statements of Lawrence + Memorial Corporation (the "Corporation"), which comprise the consolidated balance sheets as of September 30, 2013 and 2012, and the related consolidated statements of operations, of changes in net assets and of cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We did not audit the financial statements of Visiting Nurse Association of Southeastern Connecticut, Inc., a wholly owned subsidiary, which statements reflect total assets of $18,372,801 and $16,783,939 as of September 30, 2013 and September 30, 2012, respectively, and total revenues of $14,990,091 and $14,726,801 for the years then ended. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for Visiting Nurse Association of Southeastern Connecticut, Inc., is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Corporation's preparation and fair presentation of the

consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries at September 30, 2013 and September 30, 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information, on pages 28 through 33, is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position and results of operations of the individual organizations. Accordingly, we do not express an opinion on the financial position, results of operations, and changes in net assets, of the individual organizations. However, the consolidating information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and, in our opinion, based on our audits is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

1. Significant Accounting Policies and Organization

Organization

Lawrence + Memorial Corporation (the "Corporation") is a not-for-profit organization incorporated under the Nonstock Corporation Act of the State of Connecticut. The Corporation is organized exclusively for public welfare, charitable, scientific, literary and education purposes, including the furtherance of the welfare, programs and activities of Lawrence + Memorial Hospital (the "Hospital"), a nonprofit organization incorporated under the General Statutes of the State of Connecticut.

The following entities are subsidiaries of the Corporation: Lawrence + Memorial Hospital ("L+M"), L& M Physician Association Inc., L&M Systems, Inc., VNA of Southeastern Connecticut, L&M Healthcare, L&M Indemnity Ltd, VNA of Southeastern Connecticut Inc. and LMW Healthcare Inc (Westerly Hospital).

Acquisition of Westerly Hospital

On June 1, 2013, the Corporation and its subsidiary, LMW Healthcare, Inc. ("LMW") completed the acquisition of certain assets and liabilities of Westerly Hospital, a 125-bed general acute care hospital located in Westerly, Rhode Island on a 10.6 acre campus. The acquisition was the culmination of a process that included the appointment of W. Mark Russo, Esq. as the special master (the "Special Master") for Westerly Hospital and its affiliates by the Rhode Island Superior Court for the County of Washington (the "RI Court") in December 2011, due to the deteriorating financial condition of Westerly Hospital. The Special Master was granted authority by the RI Court to negotiate the sale of the assets of Westerly Hospital and its affiliates.

The Corporation formed LMW as a Rhode Island nonprofit corporation, and in June 2012, LMW entered into an Asset Purchase Agreement (the "Purchase Agreement") with the Special Master for Westerly Hospital and its affiliates, which was approved by the RI Court in September 2012. The Corporation guaranteed LMW's commitments under the Purchase Agreement. Pursuant to the Purchase Agreement and upon the successful completion of regulatory review by various Rhode Island agencies, The Corporation acquired certain assets and liabilities of Westerly Hospital and its affiliates, in order to expand its care and operations to the Westerly, Rhode Island community. The acquisition of the Westerly Hospital furthers the Corporation and Lawrence + Memorial Hospital's strategy of improving the depth and breadth of services available to all residents in the eastern Connecticut and western Rhode Island regions, without regard to ability to pay. Lawrence + Memorial Hospital expects to reduce unnecessary duplication of effort and costs with Westerly Hospital, while maintaining community access to essential services in the Westerly service area.

As part of the purchase agreement the Corporation agreed to fund $30 million in capital costs for Westerly Hospital over five years after the closing, and agreed to provide up to $6.5 million of working capital for Westerly Hospital over the first two years after the closing.

The fair value of assets and liabilities acquired under this transaction as of June 1, 2013 are as follows:

	2013
Cash	$ 1,563,200
Patient accounts receivable	4,658,183
Inventories	1,550,130
Pledges	750,000
Prepaid expenses	325,650
Investments	6,870,933
Assets held in trust	4,247,816
Intangible assets	3,690,000
Property, plant & equipment	30,850,000
Total assets	54,505,912
Accrued compensation	2,488,190
Accounts payable and accrued expenses	15,052,105
Due to third parties	1,856,951
Asset retirement obligation	1,425,678
Debt	5,572,761
Total liabilities	26,395,685
Net assets acquired	$ 28,110,227

The purchase price of $16,098,758 was paid in cash. The transaction resulted in an inherent contribution of $12,011,469 which has been appropriately allocated to the three net asset classes within the statement of changes in net assets. The inherent contribution is a result of the value of net assets being acquired exceeding the purchase price. The purchase price allocation is preliminary and may get adjusted as additional information is obtained.

Intangible assets acquired in conjunction with the Westerly acquisition include:

	Fair value as of June 1, 2013	Amortization period (in years)	
Patient relationships	$ 1,530,000	10.0	
Medical records	1,350,000	10.0	
Trademark	810,000	8.0	
	$ 3,690,000	9.5	(weighted average)

L&M Healthcare has an affiliation agreement effective January 31, 1999 (the "Agreement") with the Hospice of Southeastern Connecticut, Inc. (the "Hospice"). The Agreement gives L&M Healthcare a membership of the Hospice with one other not-for-profit healthcare organization. L&M Healthcare does not have an equity investment in the Hospice because the affiliation agreement does not require L&M Healthcare to provide capital to the Hospice and L&M Healthcare is not entitled to any of the net assets of the Hospice should the relationship terminate or the Hospice dissolve. The Corporation and its subsidiaries have never given capital to the Hospice and the Hospice has never made capital distributions to the Corporation or its subsidiaries.

L & M Physician Association, Inc. ("LMPA") was formed exclusively for the charitable purpose of benefiting, supporting, and furthering the charitable activities of Lawrence + Memorial Hospital by

engaging physicians to provide physician services to the Hospital, organizations affiliated with the Hospital and communities they serve for purpose of practicing medicine and health care services.

Principles of Consolidation
The consolidated financial statements include the accounts of the Corporation and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying footnotes. Actual results could differ from those estimates and there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The Corporation's significant estimates include the collectability of patient accounts receivable, useful lives of fixed assets, settlements due to third party payors, estimated reserves for self-insurance liabilities, and benefit plan assumptions.

Temporarily and Permanently Restricted Net Assets
Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time frame or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation and its subsidiaries in perpetuity or in funds held in trust by others whose purpose is for the funds to be maintained in perpetuity.

Donor Restricted Gifts
Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions in the accompanying consolidated statements of operations.

Cash and Cash Equivalents
The Corporation and its subsidiaries consider all highly liquid investments with original maturities of three months or less at the date of purchase to be cash equivalents.

Investments
Investments in equity and debt securities are recorded at fair value in the balance sheet. Fair value is generally determined based on quoted market prices where available or net asset values provided by investment managers. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the change in net assets. Under accounting principles generally accepted in the United States of America, an "other than temporary impairment" is recognized if the Corporation does not expect the fair value of a security to recover above cost or amortized cost. Once an "other than temporary impairment" charge has been recorded, a new cost basis is established.

The Corporation continues to review its securities for appropriate valuation on an ongoing basis. The Corporation determined that none of their investments were impaired as of September 30, 2013 or 2012.

Realized and unrealized gains and losses on donor restricted endowment funds are included in temporarily restricted net assets under State law which allows the Board to appropriate as much of the net appreciation of investments as is prudent considering the Corporation's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Investments in limited liability companies are accounted for using the equity method in instances where the limited partner's interest is more than minor (3-5%).

Fair Value Measurements
Fair value guidance establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Corporation for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices in markets that are not active, or can be corroborated by observable market data for substantially the same term of the assets.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Assets Held in Trust by Others
The Hospital has been named sole or participating beneficiary in several perpetual and charitable remainder trusts. Under the terms of these trusts, the Hospital has the irrevocable right to receive the income earned on the trust assets in perpetuity from the perpetual trusts and to receive the remainder of the trust assets for the charitable remainder trusts. For perpetual trusts, the estimated present value of the future payments to the Hospital is recorded at the fair value of the assets held in the trust. The charitable remainder trusts are recorded at the present value of the estimated future distributions expected to be received over the expected term of the trust agreement. The Hospital uses appropriate credit adjusted rates to discount amounts.

Assets Limited as to Use
Assets limited as to use include assets set aside by the Board of Directors, contribution receivables and for the established purpose of providing for future improvement, expansion and replacement of plant and equipment. In addition, the Corporation's interest in externally managed trusts,

unexpended bond proceeds for construction purposes, and assets held by trustees under indenture agreements relating to financing activities with the State of Connecticut Health and Education Facilities Authority ("CHEFA") are also included therein.

Property, Plant and Equipment
Property, plant and equipment are recorded at cost, or if received as a donation, at the fair value on the date received. The Corporation provides for depreciation of property, plant and equipment using the straight-line method in amounts sufficient to amortize the cost of its assets over their estimated useful lives. American Hospital Association lives are generally used and provide for a 2-25 year life for land improvements, 5-50 year life for buildings and a 2-25 year life for equipment. Lease improvements are amortized over the life of the lease.

Nonoperating Gains and Losses
Activities other than in connection with providing health care services are considered to be nonoperating.

Excess of Revenues over Expenses
The consolidated statements of operations include excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), and pension-related charges other than periodic pension costs and other postretirement benefits liabilities.

Fair Value of Financial Instruments
Investments and other assets and liabilities are carried at amounts that approximate fair value based on current market conditions. The fair value of long term debt is estimated based on the quoted market prices for the same or similar issues or on current rates offered to the Corporation and its Subsidiaries for debt of the same remaining maturities.

Medical Malpractice Self-Insurance
The Corporation purchases claims made professional and general liability insurance to cover medical malpractice claims from L&M Indemnity Ltd. The Hospital, LMPA and VNA have adopted the policy of self-insuring the tail portion of its malpractice insurance coverage. Management accrues its best estimate of losses as incidents which give rise to potential losses occur.

Income Taxes
The Corporation and its subsidiaries are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code, except for L&M Systems. L&M Systems provides for taxes based on current taxable income and the future tax consequences of temporary differences between financial and income tax reporting. Such amounts are not material to the consolidated financial statements.

Inventories
Inventory consists of supplies, both medical and general, pharmaceuticals and food products needed to sustain daily operation of patient care. Inventories are carried at the lower of cost or market under the first-in-first-out (FIFO) method.

Impairment of Long-Lived Assets
Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to dispose.

Accrued Vacation and Sick Pay
Accrued vacation is recorded as a liability as time is earned. As the time is used, the time is relieved from the liability. Accrued sick time is recorded as a percent for employees who have a balance greater than or equal to 800 hours. The payout is only upon termination of employment.

Subsequent Events
The Corporation has performed an evaluation of subsequent events through January 10, 2014, which is the date the financial statements were issued.

The Hospital's negotiations with two of its three unions, AFT Healthcare, AFT-CT, AFT, AFL-CIO, Local 5049 (registered nurses) and AFT Healthcare, AFT-CT, AFLCIO, Local 5051 (licensed practical nurses and technicians) for a new contract resulted in a 4-day strike that commenced on November 27, 2013. The Hospital brought in temporary replacement workers, and, in order to provide ongoing patient care given the threat of additional, intermittent strikes, had a lockout of employees through December 18, 2013. The lockout was lifted and employees returned to work without a contract being reached. Contract negotiations will be resumed in February 2014. In response to the strike, the Hospital initially curtailed services in its Intensive Care Unit and for elective surgeries, both of which are being gradually returned to full service. The Hospital is monitoring the negative impact of the strike and lockout on both revenues and expenses. Negotiations with the two unions are ongoing, however, no assurance can be given regarding the outcome of such negotiations.

State of Connecticut uncompensated care system (receipts)	1,047,636	(2,579,127)
Total deductions	456,969,027	382,420,284
Net revenues from services to patients	$ 372,745,739	$ 354,042,019

Patient accounts receivable and revenues are recorded when patient services are performed. Amounts received from most payors are different from established billing rates of the Corporation, and these differences are accounted for as allowances. The State of Connecticut has reduced Uncompensated Care Payments to all hospitals beginning July 2013 for a three year period. The impact to L + M Hospital in Fiscal Year 2013 is a reduction of $3,000,000, with further reductions expected to occur in Fiscal Year 2014 and 2015. In 2013, the Corporation paid cash into the State of Connecticut Uncompensated Care Pool that exceeded the amount was received from the State.

Fiscal year 2013 resulted in a decrease in net revenue whereas fiscal year 2012 was an increase to net revenue.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Adjustments related to prior year settlements increased the Hospital's revenues by approximately $1,126,576 and $4,271,085 in 2013 and 2012, respectively.

During 2013 and 2012, approximately 33%, respectively, of net patient service revenue was received under the Medicare program, and 12% and 11%, respectively, under the state Medicaid program. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation. Non compliance could result in significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and reductions of funding levels could have an adverse impact on the Hospital.

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Hospital. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes the generally recognized federal poverty income guidelines, but also includes certain cases where incurred charges are significant when compared to income. These charges are not included in net patient service revenues for financial reporting purposes.

Fair value for Level 1 is based upon quoted prices in active markets that the Corporation has the ability to access at the measurement date. Market price data is generally obtained from exchange or dealer markets. The Corporation does not adjust the quoted price for such assets.

Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques that use significant inputs that are unobservable as they trade infrequently or not at all and reflect assumptions based on the best information available in the circumstances.

Investments included in Level 3 primarily consist of the Corporations ownership in alternative investments (principally limited partnership interests in hedge funds). The value of these alternative investments represents the ownership interest in the net asset value ("NAV") of the respective partnership. The fair values of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals, or other estimates that require varying degrees of judgment. If no public market exists for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer, and subsequent developments concerning the companies to which the securities relate. Also included in Level 3 investments are charitable remainder trusts held by third parties which are recorded at the present value of the future distributions expected to be received over the term of the agreement and investments in for-profit companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table is a roll forward of the amounts by investment type for financial instruments classified by the Corporation within Level 3 of the fair value hierarchy defined above:

4. Endowments

The Corporation's endowments consist of donor restricted endowment funds for a variety of purposes. The net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor imposed restrictions.

The Corporation understands net asset classification guidance to require that donor restricted endowment gifts be maintained in perpetuity. Consistent with net asset classification guidance, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure. The Corporation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund.
- The purposes of the Corporation and donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Corporation.
- The investment policies of the Corporation.

Changes in endowment net assets for the year ended September 30:

Endowment net assets at end of year	$ 6,676,924	$ 13,633,436	$ 2,866,683	$ 23,177,043

Endowment funds classified as permanently and temporarily restricted net assets:

The portion of perpetual endowment funds retained permanently either by explicit donor stipulation or by net asset classification guidance is summarized as follows:

	2013	2012
Temporarily restricted net assets		
Unspent income and appreciation on permanently restricted endowments for purchase of equipment and healthcare services	$ 16,178,222	$ 13,633,436
Total endowment funds classified as temporarily restricted net assets	$ 16,178,222	$ 13,633,436
Permanently restricted net assets		
Corpus of permanently restricted contributions for purchase of equipment and healthcare services	$ 7,249,055	$ 2,866,683
Total endowment funds classified as permanently restricted net assets	$ 7,249,055	$ 2,866,683

Endowment Funds With Deficits
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (deficit). When donor endowment deficits exist they are classified as a reduction of unrestricted net assets. The Corporation analyzed the endowments and notes there are no deficits as of September 30, 2013 and 2012.

Endowment Investment Return Objectives and Risk Parameters
The Corporation has adopted endowment investment and spending policies that attempt to provide predictable stream of funding to programs supported by the endowment while seeking to maintain the permanent nature of endowment funds. Under this policy, the return objective for the endowment assets measured over a full market cycle shall be to maximize the return against a blended index, based on the endowment's target asset allocation applied to the appropriate individual benchmarks.

Strategies Employed for Achieving Endowment Investment Objectives
To achieve its long-term rate of return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Corporation targets a diversified asset allocation to achieve its long-term objectives within prudent Corporation risk constraints.

Endowment Spending Allocation and Relationship of Spending Policy to Investment Objectives
Spending is guided by several factors most important is the value of the portfolio. Generally, the Board will approve a spending policy limiting annual expenditures for grants and operating expenses up to 4.5% of the value of the Funds' assets based on a 12 quarter rolling average for the endowment, and operating funds.

Investment managers are given ample notice of the required withdrawal schedule. Appropriate liquidity is maintained to fund these withdrawals without impairing the investment process.

5. Temporary and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at September 30, 2013 and 2012:

	2013	2012

On September 15, 2011 the Connecticut Health and Education Facilities Authority (CHEFA) issued $58,940,000 of Series F Bonds (the "Series F Bonds") on behalf of the Hospital and the Corporation (collectively referred to as the "Obligated Group" under the Series F Bond agreements). The Series F Bonds are structured with a term bond due July 1, 2036, with annual sinking fund payments due each July 1st commencing July 1, 2013. Interest on the Series F Bonds is payable semiannually on the first business day of January 1 and July 1 beginning January 1, 2012.

On June 24, 2004 CHEFA issued $22,990,000 of Series E Bonds (the "Series E Bonds") on behalf of the Hospital and the Corporation (collectively referred to as the "Obligated Group" under the Series E Bond agreements). The Series E Bonds are structured with a term bond due July 1, 2034, with annual sinking fund payments due each July 1st commencing July 1, 2003. Interest on the Series E Bonds accrues at the weekly rate and is payable on the first business day of each month commencing July 1, 2004.

Under the terms of the trust indenture for the Series E Bonds, the Obligated Group is required to meet certain financial covenants including a debt service coverage ratio and days cash on hand ratio. Members of the Obligated Group are jointly and severally obligated to provide amounts sufficient to enable the Authority to pay principal and interest on the Series E bonds. The bonds and bond proceeds have been allocated to the Hospital and as such, the Hospital will make future debt service payments as required under the terms of the bonds.

The bonds may be retired at an earlier date pursuant to terms of the master indenture. Payment of the bonds is collateralized by a pledge of the gross receipts (as defined) and certain real property of the Hospital and Corporation.

The Series E Bonds are considered variable rate demand bonds and are remarketed on a weekly basis. The Corporation maintains a letter of credit in the amount of $22,900,000 which expires on December 31, 2014. If the bonds are unable to be remarketed, the letter of credit could be utilized to purchase the bonds. The Obligated Group would then be subject to the payment terms of the letter of credit, which are equal quarterly installments beginning in the first quarter that is at least 367 days after the initial draw down on the letter of credit. The Series E Bonds have been successfully remarketed in the past and there have been no draws on the letter of credit.

In accordance with the long-term loan agreement with CHEFA, certain trustee funds are required to be maintained. These funds provide for debt service and other related payments. The income derived from these funds is required to be reinvested in the trustee funds and is not available for current operating purposes.

The fair value of the Series E Bonds, using discounted cash flow analyses, approximates carrying value. The fair value of the Series F Bonds using discounted cash flows was $55,830,117.25 and $62,036,108.50 for years ending September 30, 2013 and September 30, 2012 respectively.

The tax exempt lease (the "Easy Loan") was obtained on June 27, 2013 in the principal amount of $12,000,000. This is a seven year equipment lease on specific capital purchases that is administered through CHEFA and Bank of America-Merrill Lynch. This loan will be amortized monthly through June 27, 2020 at a nominal annual interest rate of 1.759%.

The Corporation has a line of credit with Bank of America-Merrill Lynch for $13,802,758. This was taken as a bridge loan prior to issuance of Series G private Placement. The proceeds of Series G were used to pay off this line of credit on October 10, 2013. LMW Healthcare has a line of credit

with Washington Trust for $4,860,642. This line was reissued at time of closing but has been paid off as a subsequent event in November 2013.

On October 10, 2013 Series G was issued in a private placement offering with Bank of America-Merrill Lynch and CHEFA in the amount of $30,000,000 with an interest of 3.20% until October 1, 2023 with an option to extend at a negotiated rate with a maturity date of July 1, 2038. On November 5, 2013, Series H was issued by CHEFA to refinance Series E. Series H was issued in the amount of $21,405,000 with a variable rate and a maturity date of July 1, 2034. This bond has a letter of credit guaranteed by T.D. Bank.

Principal repayments, excluding capital leases and the line of credit, are as follows:

Years	Annual Principal Repayment
2014	$ 2,725,000
2015	2,835,000
2016	2,975,000
2017	3,130,000
2018 and thereafter	64,755,000
	$ 76,420,000

Cash interest payments of $2,682,472 and $2,118,293 were made in fiscal year 2013 and 2012, respectively. No interest was capitalized during 2013 and 2012.

8. Pension and Other Postretirement Benefits

The Hospital has a defined benefit plan covering all employees who elected to stay in the Plan. The Plan is frozen to new participants as of June 30, 1999. The benefits are based on years of service and the employee's compensation during the last five years of employment.

The Hospital provides health care and life insurance benefits to its retired employees who meet certain eligibility requirements. The Hospital's policy is to fund the cost of postretirement benefits other than pensions as incurred. This plan was frozen to include only those employees who retired prior to May 1, 1994.

The following table sets forth the Hospital's plans' funded status and amounts recognized in the consolidated balance sheet at September 30, 2013 and 2012 (measurement date of September 30):

	Pension Benefits		Other Postretirement Benefits	
	2013	2012	2013	2012
Change in benefit obligation				
Benefit obligation at beginning of year	$ 147,201,452	$ 126,663,537	$ 1,289,208	$ 1,167,001

Benefit cost	$ 3,356,143	$ 3,995,947	$ (13,426)	$ 9,703

The weighted average assumptions used to determine the net benefit cost at the beginning of the year are as follows:

	2013	2012
Discount rate	3.95 %	5.34 %
Average rate of compensation increases	2.50 %	3.50 %
Expected return on assets	7.50 %	7.50 %

The weighted average assumptions used to determine the benefit obligation at the end of the year are as follows:

	2013	2012
Discount rate	4.51 %	3.95 %
Average rate of compensation increases	2.50 %	2.50 %

The Plan's asset allocations as of September 30 are as follows:

Asset Category	2013	2012
Cash	3 %	5 %
Bonds	23	29
Hedge funds	30	29
Marketable equities	44	37
Total	100 %	100 %

The expected rate of return on plan assets is calculated based on past experience.

Expected benefits to be paid under the Hospital's plans are as follows:

Fiscal Years Beginning October 1,	Expected Benefits
2013	$ 6,998,164
2014	7,263,769
2015	7,511,189
2016	7,928,299
2017	8,074,614
Expected aggregate for 5 fiscal years beginning 2018	44,653,466

Annual contributions are determined by the Hospital based upon calculations prepared by the plan's actuary. Expected contributions to the plans for 2014 are approximately (unaudited):

Pension	$ 6,400,000
Retiree health	108,195

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e., health care cost trend rate) for participants is assumed to be 9.0% in 2013 reducing to 5.0% by the year 2021 and remaining at that level thereafter. This health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $71,000 and $97,000, respectively, at September 30, 2013 and 2012. A one percentage point decrease in the assumed health care cost trend rate would decrease the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $65,000 and $88,000, respectively, at September 30, 2013 and 2012.

Plan Assets

The defined benefit plan assets are valued utilizing the same fair value hierarchy as the Hospital's investments as described in Note 1.

The following table summarizes the fair values of investments by major type held by the pension plan at September 30, 2013:

	Level 1	Level 2	Level 3	2013
Investments, at fair value				
Cash	$ 3,043,961	$ -	$ -	$ 3,043,961
Bonds	24,488,654	-	-	24,488,654
Hedge funds	-	-	31,893,958	31,893,958
Marketable equities	41,880,187	4,553,588	-	46,433,775
Total investments, at fair value	$ 69,412,802	$ 4,553,588	$ 31,893,958	$ 105,860,348

The following table summarizes the fair values of investments by major type held by the staff pension health plan at September 30, 2012:

	Level 1	Level 2	Level 3	2012
Investments, at fair value				
Cash	$ 4,711,241	$ -	$ -	$ 4,711,241
Bonds	28,278,732	-	-	28,278,732

Total investments, at fair value	$ 65,332,912	$ 4,169,861	$ 28,795,536	$ 98,298,309

There were no transfers between levels during 2013 or 2012.

The table below represents the change in fair value measurements for Level 3 investments held by the plans for the years ended September 30.

	2013	2012
Beginning balances	$ 28,795,536	$ 26,524,387
Realized gains	33,459	144,819
Fees	(65,081)	(54,861)
Unrealized gains	3,130,044	2,181,191
Purchases	-	5,475,369
Sales	-	(5,475,369)
Ending balances	$ 31,893,958	$ 28,795,536

The investment objective for the pension and post retirement plans seeks a positive long-term total return after inflation to meet the Hospital's current and future plan obligations.

Asset allocations combine tested theory and informed market judgment to balance investment risks with the need for high returns.

The Hospital's 401(k) plan covers eligible employees who elected to participate. Eligible employees may contribute a percentage of their salary. The Hospital matches 100% of the first 4% of gross pay deferred by employees for those employees who do not participate in the defined benefit plan. Plan contributions charged to operations were approximately $4,618,626 and $4,270,327 for 2013 and 2012, respectively.

The VNA has a defined contribution pension plan which covers substantially all of its employees who have met specified age and length of service requirements. Contributions to the Plan are based on 5% of eligible salaries and totaled approximately $446,631 and $437,911 for the years ended September 30, 2013 and 2012, respectively.

9. Functional Expenses

The Corporation and its subsidiaries provide general health care services to residents within its geographic location including pediatric care, cardiac catheterization, and outpatient surgery. Expenses by function are as follows:

	2013	2012
Health care services	$ 293,416,325	$ 270,348,417
General and administrative	94,388,752	86,658,819
	$ 387,805,077	$ 357,007,236

10. Commitments and Contingencies

The Corporation and its subsidiaries are parties to various lawsuits incidental to their business. Management believes that the lawsuits will not have a material adverse effect on their financial position, results of operations, and changes in net assets or cash flows.

Report of Independent Auditors

To the Board of Directors of
Lawrence & Memorial Corporation

In our opinion, based on our audits and the report of other auditors, the accompanying consolidated balance sheets and the related consolidated statements of operations, changes in net assets, and cash flows present fairly, in all material respects, the financial position of Lawrence & Memorial Corporation (the "Corporation") and subsidiaries at September 30, 2012 and 2011 and the results of their operations, of their changes in net assets, and of their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. These consolidated financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Visiting Nurses Association ("VNA") of Southeastern Connecticut, Inc., a wholly-owned subsidiary, whose statements for the year ending September 30, 2012 and June 30, 2011 reflect total net assets constituting 6.0% and 6.0%, respectively, and total net revenues constituting 4.0% and 4.1%, respectively, of the related consolidated totals. Those statements have been audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to data included for VNA of Southeastern Connecticut, Inc., is based solely on the reports of the other auditors. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits and the report of other auditors provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information, on pages 26 through 31, is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position and results of operations of the individual organizations. Accordingly, we do not express an opinion on the financial position, results of operations, and changes in net assets, of the individual organizations. However, the consolidating information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and, in our opinion, based on our audits and the report of other auditors, is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

As discussed in Note 1, the Corporation has revised its opening net assets at October 1, 2010 to reflect the change in year end of the Visiting Nurses Association of Southeastern Connecticut, Inc. from June 30 to September 30.

1. Significant Accounting Policies and Organization

Organization

Lawrence & Memorial Corporation (the "Corporation") is a not-for-profit organization incorporated under the Nonstock Corporation Act of the State of Connecticut. The Corporation is organized exclusively for public welfare, charitable, scientific, literary and education purposes, including the furtherance of the welfare, programs and activities of Lawrence & Memorial Hospital (the "Hospital"), a nonprofit organization incorporated under the General Statutes of the State of Connecticut.

The following entities are subsidiaries of the Corporation: Lawrence & Memorial Hospital ("L&M"), L& M Physician Association Inc., L&M Systems, Inc., VNA of Southeastern Connecticut, L&M Healthcare, and L&M Indemnity Ltd. The VNA of Southeastern Connecticut Inc. is consolidated using financial statement balances at June 30, 2011 and 2010.

L&M Healthcare has an affiliation agreement effective January 31, 1999 (the "Agreement") with the Hospice of Southeastern Connecticut, Inc. (the "Hospice"). The Agreement gives L&M Healthcare a membership of the Hospice with one other not-for-profit healthcare organization. L&M Healthcare does not have an equity investment in the Hospice because the affiliation agreement does not require L&M Healthcare to provide capital to the Hospice and L&M Healthcare is not entitled to any of the net assets of the Hospice should the relationship terminate or the Hospice dissolve. The Corporation and its subsidiaries have never given capital to the Hospice and the Hospice has never made capital distributions to the Corporation or its subsidiaries.

L & M Physician Association, Inc. ("LMPA") was formed exclusively for the charitable purpose of benefiting, supporting, and furthering the charitable activities of Lawrence & Memorial Hospital by engaging physicians to provide physician services to the Hospital, organizations affiliated with the Hospital and communities they serve for purpose of practicing medicine and health care services.

Principles of Consolidation

The consolidated financial statements include the accounts of the Corporation and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying footnotes. Actual results could differ from those estimates and there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The Corporation's significant estimates include the collectability of patient accounts receivable, useful lives of fixed assets, settlements due to third party payors, estimated reserves for self-insurance liabilities, and benefit plan assumptions.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time frame or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation and its subsidiaries in perpetuity or in funds held in trust by others whose purpose is for the funds to be maintained in perpetuity.

Donor Restricted Gifts
Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions in the accompanying consolidated statements of operations.

Cash and Cash Equivalents
The Corporation and its subsidiaries consider all highly liquid investments with original maturities of three months or less at the date of purchase to be cash equivalents.

Investments
Investments in equity and debt securities are recorded at fair value in the balance sheet. Fair value is generally determined based on quoted market prices. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the change in net assets. Under accounting principles generally accepted in the United States of America, an "other than temporary impairment" is recognized if the Corporation does not expect the fair value of a security to recover above cost or amortized cost. Once an "other than temporary impairment" charge has been recorded, a new cost basis is established.

The Corporation continues to review its securities for appropriate valuation on an ongoing basis. The Corporation determined that none of their investments were impaired as of September 30, 2012 or 2011.

Realized and unrealized gains and losses on donor restricted endowment funds are included in temporarily restricted net assets under State law which allows the Board to appropriate as much of the net appreciation of investments as is prudent considering the Corporation's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Investments in limited liability companies are accounted for using the equity method in instances where the limited partner's interest is more than minor (3-5%).

Fair Value Measurements
Fair value guidance establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Corporation for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices in markets that are not active, or can be corroborated by observable market data for substantially the same term of the assets.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Assets Held in Trust by Others
The Hospital has been named sole or participating beneficiary in several perpetual and charitable remainder trusts. Under the terms of these trusts, the Hospital has the irrevocable right to receive the income earned on the trust assets in perpetuity from the perpetual trusts and to receive the remainder of the trust assets for the charitable remainder trusts. For perpetual trusts, the estimated present value of the future payments to the Hospital is recorded at the fair value of the assets held in the trust. The charitable remainder trusts are recorded at the present value of the estimated future distributions expected to be received over the expected term of the trust agreement. The Hospital uses appropriate credit adjusted rates to discount amounts .

Assets Limited as to Use
Assets limited as to use include assets set aside by the Board of Directors to fund the deductible portion of malpractice insurance coverage (maintained in an irrevocable trust), contribution receivables and for the established purpose of providing for future improvement, expansion and replacement of plant and equipment. In addition, funds held in trust by others, unexpended bond proceeds for construction purposes, and assets held by trustees under indenture agreements relating to financing activities with the State of Connecticut Health and Education Facilities Authority ("CHEFA") are also included therein.

Property, Plant and Equipment
Property, plant and equipment are recorded at cost, or if received as a donation, at the fair value on the date received. The Corporation provides for depreciation of property, plant and equipment using the straight-line method in amounts sufficient to amortize the cost of its assets over their estimated useful lives. American Hospital Association lives are generally used and provide for a 2-25 year life for land improvements, 5-50 year life for buildings and a 2-25 year life for equipment. Lease improvements are amortized over the life of the lease.

Nonoperating Gains and Losses
Activities other than in connection with providing health care services are considered to be nonoperating.

Excess of Revenues over Expenses
The consolidated statements of operations includes excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), and pension-related charges other than periodic pension costs and other postretirement benefits liabilities.

Fair Value of Financial Instruments
Investments and other assets and liabilities are carried at amounts that approximate fair value based on current market conditions. The fair value of long term debt is estimated based on the quoted market prices for the same or similar issues or on current rates offered to the Corporation and its Subsidiaries for debt of the same remaining maturities.

Benefit Plans
The Hospital has a defined benefit plan and a defined contribution plan. The VNA also has a defined contribution plan (see Note 8).

Medical Malpractice Self-Insurance
The Corporation purchases claims made professional and general liability insurance to cover medical malpractice claims from L&M Indemnity Ltd. The Hospital, LMPA and VNA has adopted the policy of self-insuring the tail portion of its malpractice insurance coverage . Management accrues its best estimate of losses as incidents which give rise to potential losses occur. The Corporation has created an offshore captive insurance company, L&M Indemnity Ltd. to administer all medical malpractice and general liability coverage. L&M Indemnity Ltd. was created on September 28, 2011.

Income Taxes
The Corporation and its subsidiaries are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code, except for L&M Systems. L&M Systems provides for taxes based on current taxable income and the future tax consequences of temporary differences between financial and income tax reporting. Such amounts are not material to the consolidated financial statements. LMPA became tax exempt under Section 501(c)(3) of the Internal Revenue Code on October 13, 2009.

Inventories
Inventory consists of supplies, both medical and general pharmaceuticals and food products needed to sustain daily operation of patient care. Inventories are carried at the lower of cost or market under the first-in-first-out (FIFO) method.

Impairment of Long-Lived Assets
Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to dispose.

Accrued Vacation and Sick Pay
Accrued vacation is recorded as a liability as time is earned. As the time is used, the time is relieved from the liability. Accrued sick time is recorded as a percent for employees who have a balance greater than or equal to 800 hours. The payout is only upon termination of employment.

Subsequent Events
The Corporation has performed an evaluation of subsequent events through December 14, 2012, which is the date the financial statements were issued.

Change in fiscal year end of VNASC

In 2012, the Visiting Nurses Association of Southeastern Connecticut, Inc. (VNASC) changed its fiscal year end from June 30 to September 30 The Corporation's 2012 financials reflect the VNASC operations and financial statement balances based on the financial statements for year ended September 30, 2012. The Corporation's 2011 financial statements were revised to reflect the VNASC financial information for the year ended September 30, 2011 rather than the year ended June 30, 2011 as previously reported as follows:

	2011 As Reported	2011 As Revised
Revenues	$365,079,447	$365,204,833
Expenses	$355,831,236	$356,372,780
Net Assets	$242,126,973	$240,532,235

The opening net assets of the Corporation were increased at October 1, 2010 by $1,053,610.

2. **Revenues From Services to Patients and Charity Care**

The following summarizes net revenues from services to patients:

	2012	2011
Gross charges from services to patients	$ 742,404,745	$ 699,696,753
Less: Charity care	5,883,789	6,383,831
Charges from services to patients, net of charity care	736,520,956	693,312,922
Deductions		
Allowances	385,058,064	349,028,196
State of Connecticut uncompensated care system (receipts)	(2,579,127)	(1,926,932)
Total deductions	382,478,937	347,101,264
Net revenues from services to patients	$ 354,042,019	$ 346,211,658

Patient accounts receivable and revenues are recorded when patient services are performed. Amounts received from most payors are different from established billing rates of the Corporation, and these differences are accounted for as allowances. The Corporation receives cash from the State of Connecticut Uncompensated Care Pool. The Corporation records this as an increase to their net revenues from services to patients.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as

final settlements are determined. Adjustments related to prior year settlements increased the Hospital's revenues by approximately $4,271,085 and $3,852,000 in 2012 and 2011, respectively.

During 2012 and 2011, approximately 33% and 32%, respectively, of net patient service revenue was received under the Medicare program, and 11% and 12%, respectively, under the state Medicaid program. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and reductions of funding levels could have an adverse impact on the Hospital.

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Hospital. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes the generally recognized federal poverty income guidelines, but also includes certain cases where incurred charges are significant when compared to income. These charges are not included in net patient service revenues for financial reporting purposes.

3. Investments

Investments included in current assets consist of the following:

Fair value for Level 1 is based upon quoted prices in active markets that the Corporation has the ability to access at the measurement date. Market price data is generally obtained from exchange or dealer markets. The Corporation does not adjust the quoted price for such assets.

Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques that use significant inputs that are unobservable as they trade infrequently or not at all and reflect assumptions based on the best information available in the circumstances.

Investments included in Level 3 primarily consist of the Corporations ownership in alternative investments (principally limited partnership interests in hedge funds). The value of these alternative investments represents the ownership interest in the net asset value ("NAV") of the respective partnership. The fair values of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals, or other estimates that require varying degrees of judgment. If no public market exists

for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer, and subsequent developments concerning the companies to which the securities relate. Also included in Level 3 investments are charitable remainder trusts held by third parties which are recorded at the present value of the future distributions expected to be received over the term of the agreement and investments in for-profit companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table is a roll forward of the amounts by investment type for financial instruments classified by the Corporation within Level 3 of the fair value hierarchy defined above:

4. Endowments

The Corporation's endowments consist of donor restricted endowment funds for a variety of purposes. The net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor imposed restrictions.

The Corporation understands net asset classification guidance to require that donor restricted endowment gifts be maintained in perpetuity. Consistent with net asset classification guidance, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure. The Corporation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund.
- The purposes of the Corporation and donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Corporation.
- The investment policies of the Corporation.

Changes in endowment net assets for the year ended September 30:

	2012

Endowment funds classified as permanently and temporarily restricted net assets:

The portion of perpetual endowment funds retained permanently either by explicit donor stipulation or by net asset classification guidance is summarized as follows:

	2012	2011
Temporarily restricted net assets		
Unspent income and appreciation on permanently restricted endowments for purchase of equipment and healthcare services	$ 13,633,436	$ 11,788,979
Total endowment funds classified as temporarily restricted net assets	$ 13,633,436	$ 11,788,979
Permanently restricted net assets		
Corpus of permanently restricted contributions for purchase of equipment and healthcare services	$ 2,866,683	$ 2,866,683
Total endowment funds classified as permanently restricted net assets	$ 2,866,683	$ 2,866,683

Endowment Funds With Deficits
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (deficit). When donor endowment deficits exist they are classified as a reduction of unrestricted net assets. The Corporation analyzed the endowments and notes there are no deficits as of September 30, 2012 and 2011.

Endowment Investment Return Objectives and Risk Parameters
The Corporation has adopted endowment investment and spending policies that attempt to provide predictable stream of funding to programs supported by the endowment while seeking to maintain the permanent nature of endowment funds. Under this policy, the return objective for the endowment assets measured over a full market cycle shall be to maximize the return against a blended index, based on the endowment's target asset allocation applied to the appropriate individual benchmarks.

Strategies Employed for Achieving Endowment Investment Objectives
To achieve its long-term rate of return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Corporation targets a diversified asset allocation to achieve its long-term objectives within prudent Corporation risk constraints.

Endowment Spending Allocation and Relationship of Spending Policy to Investment Objectives
Spending is guided by several factors most important is the value of the portfolio. Generally, the Board will approve a spending policy limiting annual expenditures for grants and operating expenses up to 4.5% of the value of the Funds' assets based on a 12 quarter rolling average for the endowment, Kitchings and operating funds. The Corporation will designate the spending amount on an as-needed basis for the special account.

Investment managers are given ample notice of the required withdrawal schedule. Appropriate liquidity is maintained to fund these withdrawals without impairing the investment process.

5. Temporary and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at September 30, 2012 and 2011:

	2012	2011

Add: Bond premium	2,775,398	2,891,040
Total long-term portion of long-term debt	$ 79,507,217	$ 82,249,920

On September 15, 2011 CHEFA issued $58,940,000 of Series F Bonds (the "Series F Bonds") on behalf of the Hospital and the Corporation (collectively referred to as the "Obligated Group" under

the Series F Bond agreements). The Series F Bonds are structured with a term bond due July 1, 2036, with annual sinking fund payments due each July 1st commencing July 1, 2012. Interest on the Series F Bonds is payable semiannually on the first business day of January 1 and July 1 beginning January 1, 2012.

The proceeds of the Series F Bonds were used to refund the outstanding Authority Revenue Bonds, Lawrence & Memorial Hospital Issue, Series D (the "Series D Bonds") and are being used to fund all or a portion of the following capital projects: (i) replacement of a linear accelerator on the main campus of the Hospital; (ii) capital improvements for infrastructure renovation and improvement on the main campus, including heating, ventilation, and air conditioning project; (iii) replacement of a catheterization lab and equipment on the main campus; (iv) acquisition of approximately 100 acres of land in Waterford, Connecticut for development of a new cancer center; and (v) acquisition and installation of Magnetic Resonance Imaging and CT equipment at the Crossroads facility.

On June 24, 2004 CHEFA issued $22,990,000 of Series E Bonds (the "Series E Bonds") on behalf of the Hospital and the Corporation (collectively referred to as the "Obligated Group" under the Series E Bond agreements). The Series E Bonds are structured with a term bond due July 1, 2034, with annual sinking fund payments due each July 1st commencing July 1, 2003. Interest on the Series E Bonds accrues at the weekly rate and is payable on the first business day of each month commencing July 1, 2004.

The proceeds of the Series E Bonds were used to finance the acquisition, construction, capital improvements, renovation, and/or equipping of the expansion of the Hospital's Pequot Health Center, including a new 37,000 square foot building addition to house an ambulatory surgery unit, MRI services, and mobile medical technologies. The proceeds were also used to fund the debt service reserve fund and costs related to the issuance and interest related to the Series E Bonds. Under the terms of the trust indenture for the Series E Bonds, the Obligated Group is required to meet certain financial covenants including a debt service coverage ratio and days cash on hand ratio. Members of the Obligated Group are jointly and severally obligated to provide amounts sufficient to enable the Authority to pay principal and interest on the Series E bonds. The bonds and bond proceeds have been allocated to the Hospital and as such, the Hospital will make future debt service payments as required under the terms of the bonds.

The bonds may be retired at an earlier date pursuant to terms of the master indenture. Payment of the bonds is collateralized by a pledge of the gross receipts (as defined) and certain real property of the Hospital and Corporation.

Effective January 16, 2008, the Hospital refinanced its CHEFA Series E bonds with JPMorgan Chase Bank, N.A. This reoffering does not update information contained in the original official statement but provides a new letter of credit, which expires in January 2013.

The Series E Bonds are considered variable rate demand bonds and are remarketed on a weekly basis. If the bonds are unable to be remarketed, the letter of credit could be utilized to purchase the bonds. The Obligated Group would then be subject to the payment terms of the letter of credit, which are equal quarterly installments beginning in the first quarter that is at least 367 days after the initial draw down on the letter of credit. The Series E Bonds have been successfully remarketed and there have been no draws on the letter of credit.

In accordance with the long-term loan agreement with CHEFA, certain trusteed funds are required to be maintained. These funds provide for debt service and other related payments. The income

derived from these funds is required to be reinvested in the trusteed funds and is not available for current operating purposes.

The agreements will remain in force until principal and interest on the bonds and any other costs of the Authority with respect to the project have been fully paid or provided for. Annual payments due under the loan agreements include interest on the outstanding bonds.

The fair value of the Series E Bonds, using discounted cash flow analyses, approximates carrying value. The fair value of the Series 2011F Bonds using discounted cash flows was $62,036,108.50 and $58,940,000.00 for years ending September 30, 2012 and September 30, 2011 respectively

Principal repayments, excluding the capital lease, are as follows:

Years	Annual Principal Repayment
2013	$ 2,625,000
2014	2,725,000
2015	2,835,000
2016	2,975,000
2017 and thereafter	67,885,000
	$ 79,045,000

Cash interest payments of $2,118,293 and $2,215,476 were made in fiscal year 2012 and 2011, respectively. No interest was capitalized during 2012 and 2011.

8. **Pension and Other Postretirement Benefits**

The Hospital has a defined benefit plan covering all employees who elected to stay in the Plan. The Plan is frozen to new participants as of June 30, 1999. The benefits are based on years of service and the employee's compensation during the last five years of employment. Assets of the Plan include mutual funds, marketable equity securities, corporate and government bonds, notes, and hedge funds.

The Hospital provides health care and life insurance benefits to its retired employees who meet certain eligibility requirements. The Hospital's policy is to fund the cost of postretirement benefits other than pensions as incurred. This plan was frozen to include only those employees who retired prior to May 1, 1994.

The following table sets forth the Hospital's plans' funded status and amounts recognized in the consolidated statements of financial position for fiscal year 2012 and 2011 as of September 30 (measurement date of September 30):

	Pension Benefits		Other Postretirement Benefits	
	2012	2011	2012	2011
Change in benefit obligation				
Benefit obligation at beginning of year	$ 126,663,537	$ 131,200,922	$ 1,167,001	$ 1,277,520

Funded status of the plan	(48,903,143)	(41,175,952)	(1,289,208)	(1,167,001)
The cumlative amount of these adjustments reported as net assets in the consolidated statements of the financial position at September 30th, 2012 and 2011 include:				
Unrecognized net loss/(gain) from past experience different from that assumed and effects of changes in assumptions	42,795,831	31,903,948	(289,506)	(526,034)
Unrecognized prior service cost	330,949	471,588	-	-
Accrued benefit costs recognized in the statements of operations	$ (5,776,363)	$ (8,800,416)	$ (1,578,714)	$ (1,693,035)
Components of net periodic benefit costs				
Service cost	$ 1,555,388	$ 1,941,270	$ -	$ -
Interest cost	6,610,881	6,505,871	59,302	59,018

Amortization of net loss/(gain)	2,154,266	2,581,545	(49,599)	(55,084)
Net amortization and deferral	140,639	124,961	-	-
Benefit cost	$ 3,995,947	$ 4,302,812	$ 9,703	$ 3,934

The weighted average assumptions used to determine the net benefit cost at the beginning of the year are as follows:

	2012	2011
Discount rate	5.34 %	5.07 %
Average rate of compensation increases	3.50 %	4.25 %
Expected return on assets	7.50 %	8.50 %

The weighted average assumptions used to determine the benefit obligation at the end of the year are as follows:

	2012	2011
Discount rate	3.95 %	5.34 %
Average rate of compensation increases	2.50 %	3.50 %

The Plan's asset allocations as of September 30, 2012 and 2011 are as follows:

Asset Category	2012	2011
Cash	5 %	5 %
Bonds	29	30
Hedge funds	29	31
Marketable equities	37	34
Total	100 %	100 %

The expected rate of return on plan assets is calculated based on past experience.

Expected benefits to be paid under the Hospital's plans are as follows:

Fiscal Years Beginning October 1,	Expected Benefits
2012	$ 6,507,731
2013	6,713,876
2014	6,982,706
2015	7,173,109
2016	7,566,083
Expected aggregate for 5 fiscal years beginning 2017	41,508,308

Annual contributions are determined by the Hospital based upon calculations prepared by the Plan's actuary. Expected contributions to the Pension and Retiree Health Plan for 2012 are approximately:

Pension	$ 4,800,000
Retiree health	125,931

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e., health care cost trend rate) for participants is assumed to be 9% in 2012 reducing to 5.0% by the year 2016 and remaining at that level thereafter. This health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $97,000 and $84,000, respectively, at September 30, 2012 and 2011. A one percentage point decrease in the assumed health care cost trend rate would decrease the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $88,000 and $77,000, respectively, at September 30, 2012 and 2011.

Plan Assets
The defined benefit plan assets are valued utilizing the same fair value hierarchy as the Hospital's investments as described in Note 1.

The following table summarizes the fair values of investments by major type held by the staff pension plan at September 30, 2012:

	Level 1	Level 2	Level 3	2012

Ending balances	$ 28,795,536	$ 26,524,387

The investment objective for the pension and post retirement plans seeks a positive long-term total return after inflation to meet the Hospital's current and future plan obligations.

Asset allocations for both plans combine tested theory and informed market judgment to balance investment risks with the need for high returns.

The Hospital's 401(k) plan covers eligible employees who elected to participate in the Plan. Eligible employees may contribute a percentage of their salary to the Plan. The Hospital matches 100% of the first 4% of gross pay deferred by employees for those employees who do not participate in the defined benefit plan. Plan contributions charged to operations were approximately $4,270,000 and $3,677,000 for 2012 and 2011, respectively.

The VNA has a defined contribution pension plan which covers substantially all of its employees who have met specified age and length of service requirements. Contributions to the Plan are based on 5% of eligible salaries and totaled approximately $437,911 and $432,537 for the years ended September 30, 2012 and June 30,2011, respectively.

9. Functional Expenses

The Corporation and its subsidiaries provide general health care services to residents within its geographic location including pediatric care, cardiac catheterization, and outpatient surgery. Expenses by function are as follows:

	2012	2011
Health care services	$ 282,756,672	$ 271,601,306
General and administrative	86,658,819	84,771,474
	$ 369,415,491	$ 356,372,780

10. Commitments and Contingencies

The Corporation and its subsidiaries are parties to various lawsuits incidental to their business. Management believes that the lawsuits will not have a material adverse effect on their financial position, results of operations, and changes in net assets or cash flows.

Westerly Hospital

During 2012, the Corporation entered into a contract to purchase Westerly Hospital. The Rhode Island court approved the acquisition on August 30, 2012. The acquisition still needs to receive regulatory review and approval, prior to the closing. The closing date is expected to be in the first quarter of calendar year 2013. Prepaid expenses of $710,000 have been incurred towards the closing costs. Approximately $2.5 million of expenses have been incurred in fiscal year 2012.

Audit Committee of Lawrence a+ Memorial Corporation
New London, Connecticut

Dear Committee Members:

In planning and performing our audit of the financial statements of Lawrence + Memorial Corporation and Subsidiaries ("L+M" or the "Corporation") as of and for the year ended September 30, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered its internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on L+M's internal control over financial reporting. Accordingly, we do not express an opinion on L+M's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses as defined in the recent amendment to AU 325, *Communicating Internal Control Related Matters Identified in an Audit*, of the *AICPA Professional Standards* and shown below:

> **Control Deficiency**—exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
>
> **Significant Deficiency**—a control deficiency, or combination of control deficiencies, that adversely affects L+M's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected.
>
> **Material Weakness**—a control deficiency, or combination of control deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected.

This letter is intended solely for the information and use of the Audit Committee, The Board of Directors, management or other within the organization and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the assistance of the Corporation and the opportunity to have been of service to you. If you would like any further information or would like to discuss any of the issues raised, please contact us at your convenience.

Current year comments

1. Segregation of duties relative to journal entry processing

Observation / Impact

During the current year audit, we focused more on the journal entry process and segregation of duties, both in response to the assumed significant risk of fraud, as well as a way to introduce unpredictability into our audit. Currently, Meditech is configured so that all Meditech users with journal entry creation rights also possess journal entry post rights. Said another way, anyone who has access to create journal entries can do so without prior approval. Further, in many cases, the individual who processes the journal entry is also the individual who prepares the reconciliation for the account. Review of reconciliations in most cases is not evidenced. Lastly, current access to create and post journal entries is very broad, and includes such individuals as the Chief Financial Officer and the Director of Finance. While L+M's policy is that each journal entry is prepared in paper form and reviewed in paper form by another individual, the creation and post in the system is done by the same individual.

Recommendation

We believe that a risk exists that improper entries could be recorded, whether caused by error or fraud, and not be discovered through the review process. We recommend that management review the journal entry creation and posting process and policies. This review would entail ensuring proper segregation of duties, taking into account journal entry capabilities and account reconciliation reviews.

Management's response

Management would agree that through proper segregation of duties the potential for fraud or misrepresentations should be minimized. A review of duties by employee by account structure for journal entry creation, posting responsibility and reconciliation will be undertaken to ensure proper segregation. This is expected to be completed by May 16, 2014.

2. Changes to master vendor file

Observation / Impact

During our walkthrough procedures this year we noted that accounts payable staff have the ability to edit fields of the master vendor file. While only materials management currently has the ability to add vendors, it wouldn't be difficult for an accounts payable staff person to edit the name and address of an existing vendor who is used infrequently or not at all anymore. There have been some high dollar, high profile misappropriation of assets cases over the past several years where accounts payable staff have used this ability or the ability to create new vendors to inappropriately create checks to themselves.

Recommendation

We believe that enhancements to the current controls structure would be prudent, specifically, removal of the ability of accounts payable staff to edit fields is recommended so that appropriate segregation of duties is maintained in this area.

Management's response

A new position is being recruited for as an Accounts Payable/ Payroll Supervisor. This will become a duty for this individual to add or change vendor dictionaries. This function needs to stay in the area as companies merge and changes of name and addresses occur. It will also be this individual's responsibility to randomly review vendors and batches for internal controls. This is expected to be completed by May 31, 2014.

3. Authorized signatories on bank and investment accounts

Observation / Impact

During our confirmation of bank and investment account procedures this year we encountered difficulties in obtaining some confirmations of certain cash and investment balances for L+M Hospital and Westerly Hospital due to the signatories not being initially known and /or updated.

Recommendation

We note that a prudent practice is to ensure that such information is kept up to date at all times so that transactions and inquiries can be processed in a timely manner as needed.

Management's response

L+M Hospital was one account that was overlooked when change of signatory occurred. Westerly investment accounts were not changed in ownership due to no release from the Mastership. A detailed list of accounts will be produced to ensure all signatories are updated when changes occur. This is expected to be completed by May 2, 2014

4. Documentation of analyses

Observation / Impact

Many financial statement amounts are based up on management analyses, such as allowance for bad debts, contractual allowances and third party settlements, among others. As part of our audit procedures, noted that thought processes and conclusions were sometimes not fully documented. As an example, during our review of the third party settlement analysis, it was noted that there was no accrual or receivable booked for Medicaid for the 2011 year. After several discussions with management, and analysis of other open years not booked, it was noted that the amounts relating to open years not booked for Medicaid and Medicare netted down to a very small number and did not need

to be recorded, however, ideally that thought process and analysis would be documented as well as the conclusion that it was not necessary to include such amounts in the financial statements due to materiality.

Another example is the bad debt reserve, which has a supporting calculation behind it which takes a "P&L approach", meaning that a certain percentage of gross revenue is added to the reserve monthly, offset by write offs to arrive at the ending allowance balance. In assessing the adequacy of that reserve, it is also important to look to the balance, age and composition of gross patient accounts receivable as of the end of the year. During our discussions with management, we did note that other ratios and analytics are prepared, however there is no analysis of such calculations which draw a conclusion as to adequacy.

Recommendation

Management spends significant time developing estimates and thinking about what makes the most sense from a financial reporting perspective, but would best be served to extend that into maintaining documentation of those thoughts and conclusions in support of the final decisions. Not only does this help to support decisions made, it also assists in continuity year over year as management doesn't have to rely on memory but can instead refer to a document to refresh.

Management's response

All estimates are reserved to the best of our knowledge at the time projections are made. As was noted above there are positives and negatives in the third party arena. A separate account in the general ledger will be prepared annually to document estimates for each year and the updated subsequently. This will ensure an audit trail for yearly review. This is expected to be completed by May 16, 2014.

The Hospital also uses the balance, age and composition of gross patient accounts receivable as of the end of every month and the end of the year. Bad Debt is reviewed monthly to assure accuracy and adequacy.

Prior year comments

1. Accounting for underwater endowments

Observation

L+M enjoys a significant endowment whose income contributes to L+M's profitability. One aspect of the prudent management of an endowment is monitoring investment values as compared to the original corpus of donations to identify underwater endowments, or those endowments whose fair value are below their original cost. U.S. GAAP requires that any such shortfalls be both disclosed in the financial statements, and funded from unrestricted net assets. As of September 30, 2011, L+M had approximately $210,000 in underwater endowment funds in total which were not disclosed in the financial statements nor funded from unrestricted net assets.

Recommendation

While the amount is not material as of the end of fiscal year 2011, the amount could become material in future years and should be monitored going forward, with the adjustment and disclosure being made if it becomes material.

Prior Year Update

L+M maintains a listing of gifts with their historical book value and market values. The historical book values are as of a point in time when the Foundation implemented accounting pronouncements which required these assets to be held as permanently restricted, temporarily restricted or unrestricted net assets. There is one gift whose market value is below historical book value as of September 30, 2012. This is an old fund whose donor purpose is not clear and based on management's current reading may be considered quasi endowment, in which case would not be required to make an adjustment. The dollar amount of the fund and the amount it is underwater is immaterial to L+M's financial statements.

Upon further analysis, we recommend to L+M that it unitize its endowment funds. Unitizing endowment funds would allow for funds to purchase shares of the investment pool based on the fair market value of the assets at the time of receipt of the gift. A fund that is older, in theory, would have a great number of shares in the pool as the endowment investments grow allowing the hospital to provide a fairer allocation of income, gains, and unrealized gains to its funds. Unitizing endowments is the "norm" in not-for-profit organizations that receive endowment funds from donors.

By not unitizing the endowment funds, the hospital may be incorrectly allocating income, realized gains, and unrealized gains to its funds. Although this would not have an impact to the overall financial statements, certain funds may receive more or less total return with the implementation of unitization. In addition, such misallocations may have legal ramifications under trust laws.

Current Year Update

In discussions with management we have learned that they are currently considering outsourcing the asset management and record keeping for endowment assets for all entities within the Corporation. We consider this comment closed in light of that.

2. Terminated users

Observation

Lawrence and Memorial Hospital has established formal security administration policies and procedures which outline how user accounts are added, changed, and removed from the Hospital's systems. As part of this year's audit, PwC tested management's procedures for removing access to the Meditech system and network for terminated employees. PwC noted 1 of 10 employees maintained access to Meditech beyond 2 weeks from their date of termination.

In addition to standard yearly termination procedures performed, PwC also performed procedures to evaluate the reasonableness of users with access to modify the Meditech User Dictionary. Upon review, PwC noted that there was 1 Information Services user who maintained access to modify the Meditech User Dictionary after their date of termination.

PwC obtained the User Audit reports for each individual noted above and concluded that they did not access Meditech after their date of termination.

Recommendation

(Please note that this recommendation was made upon conclusion of both the FY2009 and FY2010 IT audit procedures)

Removing terminated users from the system timely helps ensure unauthorized transactions are noted performed.

Management indicated that individuals responsible for removing access to the system did not properly execute the security policies and have been re-educated on the process. Management should consider performing periodic reviews (e.g., monthly) of terminated employees to identify and remove their access.

Current year update

We note that this comment is closed.

5. Monitor and review vendor access to information technology systems - forward looking comment

Observation / Impact

Meditech is a vendor supported application in which the vendor maintains full, 24x7 access to the system and can perform changes to programs and data in the production environment. While this access may be needed to ensure uninterrupted processing of each system, no formal controls are in place to verify the appropriateness of the vendor activities when a vendor is accessing the system. In addition, no attempt to limit access to vendor accounts is occurring when the account(s) are not in use.

Recommendation

Management should consider implementing one or more of the following controls:

a) Disabling remote access for the vendor accounts and implementing a control to enable remote access through a formalized request process (i.e. help desk ticket).

b) Implementing formal controls which alert management when the vendor accesses the system and monitor the vendor's activity. These controls should also include procedures to verify the appropriateness of the access and validate any changes performed.

Current year update

This observation remains open. L+M IT management has not implemented preventative or detective controls to monitor vendor access to the Meditech environment.

Management response

With the protections afforded healthcare providers under HIPAA and HITECH, it is in the best interest of all business associates to protect confidential and protected health information to the utmost degree possible. Given the risks and liability that each business associate now faces, it is in the best interest of our vendors/partners to maintain the high level of security possible within their own staff and their staff access client systems. With that said, L+M IS leadership understands the point that PwC is making. Over the next year, L+M IS leadership will evaluate the risk vs the operational demands this recommendation requires and implement for high risk areas that can be accommodated within our existing staffing structures.

6. Accounting and planning for nonrecurring transactions

Observation / Impact

During the year, the VNA of Southeastern Connecticut (VNASC) changed its year end from June 30 to September 30. As a result of those changes, there were some significant accounting questions and research that needed to be resolved in order for the audited

financial statements to be prepared. Many of these accounting questions were being addressed during the financial statement closing process.

As the Hospital comes closer to the closing of the Westerly Hospital transaction, the Hospital should be considering the impact of the transaction on the 2013 financial statements prior to the closing of the acquisition.

Recommendation

We recommend that management perform research for known accounting transactions more timely and pull this out of the financial statement closing process. For the Westerly Hospital acquisition, management should begin now to address the purchase accounting implications as well as consolidation and disclosure implications. Management should ensure that the accounting resources for the Westerly transaction are appropriate to be able to account for the increased volume of work as well as ensuring appropriate staff are in place to account for the complexities of purchase accounting.

Management should also consider, with the VNASC change in year end, whether closing and review processes over the VNASC need to be modified in order to expedite the Corporation financial statement close.

Current year update

There were no significant changes relative to VNASC this year, however, the Westerly Hospital acquisition occurred during the fiscal year. We continue to recommend that management be proactive in researching the proper accounting and disclosures for such unusual transactions. Despite best efforts this year, the analysis wasn't completed until the end of the closing process. No further merger and/or acquisition transactions are contemplated therefore we consider this comment closed.

Audit Committee of Lawrence + Memorial Corporation
New London, Connecticut

Dear Committee Members:

In planning and performing our audit of the financial statements of Lawrence + Memorial Corporation and Subsidiaries ("L+M" or the "Corporation") as of and for the year ended September 30, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered its internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on L+M's internal control over financial reporting. Accordingly, we do not express an opinion on L+M's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses as defined in the recent amendment to AU 325, *Communicating Internal Control Related Matters Identified in an Audit*, of the *AICPA Professional Standards* and shown below:

Control Deficiency—exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

Significant Deficiency—a control deficiency, or combination of control deficiencies, that adversely affects L+M's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected.

Material Weakness—a control deficiency, or combination of control deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected.

Current year comments

1. Lease Classification Analysis

Observation / Impact

During the current year audit, we performed auditing procedures over new and existing lease agreements to ascertain that classification between capital and operating was appropriate. While we did not note any misstatements in performing this test, we did note that L+M Hospital did not always have clear written documentation of their assessment of the accounting treatment for each lease. Currently, US GAAP has a definition of what constitutes a capital lease (i.e. one included as an asset and liability on the balance sheet). There are four criteria which must be assessed in making the determination.

Recommendation

We recommend that L+M create a policy that requires contemporaneous documentation of their analysis over leases and the conclusion for each lease as to its classification.

Management's response

Management concurs that adequate documentation supporting the capital vs. operating lease determination is an area of opportunity and will make a concerted effort to review and document the evaluation for all purchases that have a lease component going forward.

2. Signatories on check disbursements

Observation / Impact

During the current year audit, we performed certain tests of controls over disbursements. One such test was to test L+M's adherence to internal policies regarding the signatories on check disbursements. L+M's policy is that all checks over $50 thousand are signed by two individuals. In our testing, we found that one out of 15 checks examined did not have the requisite number of signatories. We do note that the transaction itself was approved. When we inquired as to the reason, we were informed that it was due to the Corporate Controller being on vacation. We note that there are four authorized signatories, such that an individual vacation would not impair L+M's ability to adhere to this policy.

Recommendation

We recommend that L+M ensure that policies and procedures in place are followed regularly throughout the year, including during times when certain signers are not in the office.

Management's response

Management concurs with the recommendation. Dual signature is a Hospital policy on checks greater than $50,000. The Controller signs first and then passes to a Senior Executive for second signature. A summary report of all checks issued is also reviewed by both the Controller and CFO. Staff in Accounts Payable will be reminded that checks greater than $50,000 need dual signature even if Controller is not available, reiterate the authorized signatures, and outline an escalation process to the CFO in the absence of the Controller.

3. Plant, property and equipment monitoring

Observation / Impact

During the current year audit, we noted that certain fixed assets were written off in 2015, but had been retired in the previous year. The assets were fully depreciated and therefore, there was no gain or loss, nor any net impact to the balance sheet, however, the audited financial statements contain a disclosure of the gross value of fixed assets and accumulated depreciation. This disclosure was "grossed up" in that the gross number and the accumulated depreciation were overstated. We note that the impact was not material to the footnote nor the financial statements taken as a whole.

Recommendation

We recommend that L+M implement a policy where the fixed asset listing, with a particular emphasis on fully depreciated assets, is reviewed periodically to ensure that retired assets are taken off of the books contemporaneously.

Management's response

Management concurs with recommendation and will revisit our asset disposition policy to include periodic reviews of fully depreciated assets and random audits. It is also planned to continue preparation for the pending Yale New Haven Health System affiliation by distributing fixed assets by department for review and verification of recorded assets, as well as evaluating and adopting appropriate and relevant policies to improve standardization.

4. Finance office succession planning

Observation / Impact

L+M has a talented Corporate Controller who has been in that position for many years and is very knowledgeable of the Corporation and the industry. Over the past few years, the Assistant Controller position has turned several times, and is currently vacant. During the same time period, the demands on the Finance office have continued to increase with the acquisition of another Hospital, several debt offerings, and an affiliation agreement in place with a larger hospital system. The additional demands

coupled with reduced support have put a tremendous amount of pressure on the Corporate Controller, and has resulted in a workload distribution that is difficult to manage. While we noted no significant deficiencies or material weaknesses during our testing, we believe there is an opportunity to strengthen the team underneath the Corporate Controller to improve efficiency of the office and the segregation of duties in the office.

Recommendation

We recommend that L+M review and assess the current staffing plan in the Finance office, coupled with the resources that may be gained with the affiliation with Yale New Haven Health System, to strengthen the team underneath the Corporate Controller, including a qualified Assistant Controller. Additionally the Corporation should ensure adequate ongoing training is provided to all finance staff.

Management's response

Management concurs with the recommendation. Over recent history additional division of duties have been created across the broader Finance team, including Central Business Office and Budgeting areas, in an attempt to develop competencies and improve division of duties. Within the Financial Controllers area, there were additional position impacts following The Westerly Hospital acquisition that targeted providing greater support for the incremental workload. However, after a year of experience, additional roles were modified to reflect growing demands and need for standardization, with several positions being eliminated to provide better alignment of accounting and cost reporting. Due to the pending affiliation with YNHHS, gaps are currently being filled with consulting and temporary support until the broader financial structure can be finalized, which is expected to include adoption of new systems, standard policies and procedures broadly across the financial areas. The Controller and CFO will continue to make more specific and targeted staff development plans that attempt to provide a better work load balance.

5. Third party balance analysis

Observation / Impact

L+M operates in a complex business environment relative to billing, compliance and reimbursement. In the normal course of business, L+M must make estimates of amounts to be received or to be paid to third party payors as a result of cost reports or audits. There are many elements to the calculation, which is normally analyzed by payor and by year of the original patient charges. Further, as the amounts recorded are estimates, facts and circumstances change over time, the estimates often do as well. US GAAP requires that changes in estimates from prior years which impact income from operations be disclosed in the footnotes to the financial statements, and due to the uncertainty surrounding this process, there typically is a fairly sizeable change in estimate to disclose. Currently the analysis performed to calculate this number is prone to error as it is Excel based, and doesn't roll the balances from one period to the next.

Recommendation

We recommend that L+M implement a policy to create an analysis which rolls individual balances forward, from one year to another, utilizing the components of change such as cash payments or receipts, new reserves/receivables and changes in estimate. This method will yield a more accurate number, and will be useful to Management in understanding and analyzing the changes.

Management's response

Management concurs with recommendation. This process is performed routinely, though more informally, at each monthly close to approximate and true up the third party estimates, with a more thorough process on a quarterly basis. The process and schedule used by the auditors will be incorporated in our analysis and documentation going forward.

Prior year comments

1. Changes to master vendor file

Observation / Impact

During our walkthrough procedures in the prior year we noted that accounts payable staff have the ability to edit fields of the master vendor file. While only materials management currently has the ability to add vendors, it wouldn't be difficult for an accounts payable staff person to edit the name and address of an existing vendor who is used infrequently or not at all anymore. There have been some high dollar, high profile misappropriation of assets cases over the past several years where accounts payable staff have used this ability or the ability to create new vendors to inappropriately create checks to themselves.

Recommendation

We believe that enhancements to the current controls structure would be prudent, specifically, removal of the ability of accounts payable staff to edit fields is recommended so that appropriate segregation of duties is maintained in this area.

Current year update

Management's plan in 2014 was to fill a role which was to be a payroll supervisor and accounts payable supervisor, and that role was to have the responsibility of making any changes to the vendor master file. Management has not yet been able to fill that role, and therefore, has been unable to execute on their plan. As a temporary process until that role is filled, management has had materials management manage changes to the master vendor file. We recommend that accounts payable staff have their ability to edit the master vendor file revoked to ensure proper segregation of duties.

2. Internal controls over Westerly Hospital accounts

Observation / Impact

During the current year audit, we performed auditing procedures over material Westerly Hospital accounts. In addition to substantive testing, we performed certain tests of controls over Westerly Hospital accounts. We noted during our testing that there is currently no payroll reconciliation being performed between Kronos, the payroll subledger, and Paragon, the general ledger system. While we did not note any differences in the selections we made, we believe that periodic reconciliation is important to ensure any errors are detected and corrected in a timely manner.

Additionally during testing we noted that management is not currently performing an analysis over investments to identify and account for investments which may be other than temporarily impaired. We did not note in our testing any such impairments, however, it is important for management to periodically review investment accounts as from time to time these impairments do happen.

Lastly, we noted that there were no releases from restriction at Westerly Hospital during the year. Westerly Hospital, as of September 30, 2014, has a permanently restricted net asset balance of approximately $9.6 million and a temporarily restricted net asset balance of approximately $1.2 million dollars.

Recommendation

We noted that L+M Hospital and its subsidiaries had a stable set of internal controls as it applies to the financial reporting process. We noted that Westerly Hospital has similar control requirements to L+M Hospital, and many of the internal controls in place at L+M Hospital would be appropriate internal controls to have in place at Westerly Hospital. We recommended that management perform a thorough review and assessment of the controls currently in place at Westerly Hospital, identify any gaps, and work to correct any such gaps identified. The areas noted above are three areas we specifically identified as areas which controls could be enhanced.

Current year update

During 2015 L+M has implemented similar controls, specifically in the payroll area, to continue to strengthen the controls in place at Westerly. All key account reconciliations are being performed at Westerly, and L+M continues to examine processes and make enhancements where appropriate. We consider this comment closed.

3. Fair value of debt disclosures

Observation / Impact

US GAAP stipulates that the fair value of debt be disclosed in the footnotes to the financial statements for all debt, notwithstanding the fact that most organizations book debt in the financial statements at

the book value rather than fair value. L+M has in the past been able to obtain fair value estimates for fixed rate bond issuances for disclosure in the financial statements, however last year there was a new issuance of fixed rate debt for which a valuation was not obtained. Note that generally speaking, variable rate debt book value amounts are representative of fair value as the market place is continuously resetting the interest rate, accordingly, L+M has taken the position that book value is a proxy for fair value and disclosed that fact. We concur with that conclusion, but note that for fixed rate debt, a valuation is needed to estimate the fair value in order to make the appropriate required US GAAP disclosures.

Recommendation

We recommended that L+M work with a valuation firm to obtain a fair value calculation for each fixed rate set of debt annually for disclosure in the year-end financial statements. As it had proven difficult for this particular series, we recommended that management begin the process earlier next year to ensure that information is obtained in time for inclusion in the financial statements going forward.

Current year update

We note that a similar issue was encountered this year in that the Management was unable to obtain a valuation for Series G. We continue to recommend that Management utilize a valuation firm to obtain a valuation for the series.

Series 2011F

Long Term Rating	A-/Negative	Downgraded

Rationale

Standard & Poor's Ratings Services lowered its rating to 'A-' from 'A' on the Connecticut Health & Educational Facilities Authority's series F bonds issued for Lawrence & Memorial Hospital (L&M). The outlook is negative.

We lowered the rating based on L&M's weakened financial profile characterized by continued operating losses, a weaker reserve position, and coverage not in line with the rating. We assess the enterprise profile as strong with dominant market share. We assess the financial profile as adequate characterized by operating losses in the last two fiscal years and budgeted for the current fiscal year. Combined, we think these credit factors lead to an indicative rating level of 'bbb+'. As our criteria states, the final rating can be within one notch of the indicative credit level. In our view, the 'A-' rating on the hospital's bonds better reflects the expected improvement in operating performance, strong balance-sheet characteristics, and maintenance of the strong business position.

The rating reflects our assessment of L&M's weaknesses, including:

- A sharp decrease in operating profitability in the last three fiscal years from historical levels;
- Continued volume softness in fiscal 2014;
- A weakened balance-sheet position with less financial flexibility than when we assigned our rating.

The rating reflects our assessment of L&M's strengths, specifically its:

- Dominant business position in the primary service area with about 68% market share;
- Significant focus on expense-control measures and improving operating performance; and
- Healthy reserves relative to debt, which are above median levels.

Our rating is based on our view of L&M's group credit profile (GCP) and the obligated group's "core" status. Accordingly, the long-term rating is at the level of the GCP. A pledge of gross receipts of the obligated group, which includes the parent Lawrence & Memorial Corp. and Lawrence & Memorial Hospital Inc., secures the bonds. Entities outside the obligated group include Westerly Hospital, a foundation, physicians, a home health agency, a captive insurance company, and other joint ventures. The financial figures in this report refer to the system as a whole, unless otherwise noted.

L&M is a 273 staffed-bed hospital, primarily serving 10 towns in southeastern Connecticut.

Outlook

The negative outlook reflects our opinion that the current financial profile is not in line with the rating, but, given management's improvement initiatives, we expect that cash flow and margins will improve and coverage will be in line with the rating, allowing the organization to at least maintain or improve the balance sheet.

Downside scenario:

A lower rating is possible if operating profitability and cash flow does not improve as expected or the balance sheet materially weakens such that it is no longer in the line with the rating.

Upside scenario:

A return to a stable outlook is possible if L&M demonstrates a trend of operating improvement and maintains its business position and a stable balance sheet.

Enterprise Profile

Industry risk

Industry risk addresses the health care sector's overall cyclicality and competitive risk and growth by applying various stress scenarios and evaluating barriers to entry; the level and trend of industry profit margins; risk from secular change and substitution of products, services, and technologies; and risk in growth trends. We believe the health care services industry represents an intermediate credit risk when compared to other industries and sectors.

Economic fundamentals

The primary service area includes: New London, East Lyme, Groton, Ledyard, Lyme, Montville, North Stonington, Old Lyme, Stonington, and Waterford. New London County's population has grown over the last five years, though we expect minimal population growth over the next five. New London County major's employers include two local casinos, local universities, and a U.S. naval submarine base. We expect increasing employment and income levels over the next five years.

Market position

L&M maintains about a 68% market position in the primary service area (through 2013; more recent data were not available). Competition in the area is limited to two main hospitals: William W. Backus Hospital (part of Hartford Health) and Yale New Haven Hospital. Within 60 miles of L&M are two additional tertiary providers: Hartford Hospital and Rhode Island Hospital. In June 2013, L&M acquired the assets of Westerly Hospital, a 125-bed general acute-care hospital in Westerly, R.I. As part of the transaction, L&M agreed to fund $30 million in capital for Westerly Hospital over five years, about half of which is already committed there. We believe the Westerly acquisition allows L&M to extend its geographic reach, though market share in that part of the service area seems to have shifted from Westerly to the hospital in New London and L&M's share hasn't increased to date.

L&M employs about 88 physicians (both primary care physicians and specialists) and also has exclusive service

arrangements with other physicians. Management hopes to extend its reach in the market with growth in the employed-physician group and believes this alignment better prepares the system for health care reform initiatives. The employed group is dilutive to the system and management expects that support will continue in a significant way, though we believe the strategy will likely benefit the organization over time. With regard to other staff, L&M is in labor contracts with three unions representing over 1,200 full-time equivalents (FTEs). Following a strike (which lasted four days) and lock-out in November-December 2013, all three unions are currently under contract.

Management and governance

There have been some changes in senior management, including the CFO and in physician leadership. We believe there are challenges still facing L&M, including volumes, reimbursement, and expense management. Management, working with a consultant, is working on cost-containment initiatives which should assist the team in improving results as forecasted. In addition, the organization continues to pursue partnerships with, for example, Dana Farber for cancer services and as a member of ValueCare Alliance (a five-system group of Connecticut hospitals focused on sharing best practices and efficiencies), which could benefit L&M over time.

Financial Profile

Financial policies

We believe the financial policies assessment of neutral reflects our opinion that financial reporting and disclosure, investment allocation and liquidity, debt profile, contingent liabilities, and legal structure are appropriate for an

organization of its type and size and are not likely to weaken the organization's future ability to pay debt service.

Financial performance

After reaching its peak in fiscal year 2010, L&M's operating profitability decreased sharply in fiscal 2012 and dropped to a loss in fiscal years 2013 and 2014, following unanticipated expense increases and revenue decreases. In the most recent fiscal year, losses accelerated and operating challenges included wage index reclassification, a labor strike and lockout period, and a state hospital tax. The labor dispute had the most significant effect on the year with a negative impact of about $14.2 million. Excluding the nonrecurring expenses and diverted revenue, there still would have been an operating loss in fiscal 2014, though, indicating additional strain. For the first quarter of fiscal 2015, the system is reporting that operating results are negative but ahead of budget and prior year. The budget for the full fiscal year is for a negative 1.2% operating margin with improving performance thereafter. Management forecasts that operating performance will reach break-even in fiscal 2016 and margins will reach 3% in fiscal years 2017 and 2018. These projections include the expected increasing pressure from the hospital tax, continued reimbursement pressures, and significant expense savings.

Liquidity and financial flexibility

Historically, the balance sheet has been a credit strength, with solid reserves relative to debt and relatively low leverage levels. At the current rating, these metrics remain ahead of median levels and offset the weaker cash flows and performance. We do not expect any additional debt and reserves should be stable to improving if cash flows improve as indicated by the projections.

Debt and contingent liabilities

The obligor has contingent liability risk exposures from financial instruments with payment provisions that change on the occurrence of certain events, but we consider the risk manageable at the current rating level. In October 2013, L&M issued $30 million in long-term fixed-rate debt (series G), which was a direct purchase arrangement with Bank of America Merrill Lynch. In November 2013, L&M issued the series H bonds to refinance the series E bonds—the bonds are secured by a TD Bank letter of credit. L&M has almost 80% fixed-rate debt versus about 20% variable-rate debt, though contingent debt (the series G and H) is equal to $50.6 million. Our understanding is that the direct purchase agreement documents contain covenants, including requirements to maintain 75 days' cash on hand, debt to capitalization not more than between 0.5x and 1x, and debt service coverage of not less than 1.25x to 1.0x. Related to the series G, we understand that there is a 30-day cure period for certain covenants, which we feel mitigates some of the acceleration risk. In addition, the organization's solid unrestricted reserves to contingent liabilities somewhat mitigates the risks associated with the contingent debt.

AFFILIATION AGREEMENT

This Affiliation Agreement (this "***Affiliation Agreement***") is entered into as of July 17, 2015 (the "***Effective Date***"), by and between Yale-New Haven Health Services Corporation ("***YNHHSC***") and Lawrence + Memorial Corporation ("***L+M***") and pursuant to which, on and subject to the terms and conditions hereof, YNHHSC shall become the sole member of L+M (the "***Affiliation***"). YNHHSC and L+M may be individually referred to herein as a "***Party***" or collectively referred to herein as the "***Parties***."

RECITALS

A. L+M. L+M is a Connecticut non-stock, tax-exempt corporation that is the sole member of its Subsidiaries that operate licensed acute care general hospitals, one in New London, Connecticut and one in Westerly, Rhode Island. L+M and the L+M Affiliates also provide other health care services for the benefit of the communities they serve.

B. YNHHSC. YNHHSC is a Connecticut non-stock, tax-exempt corporation that was organized in 1983 to provide support services to a nonprofit network of affiliated health care providers known, collectively, as the Yale New Haven Health System. YNHHSC also directs and implements certain programs and activities that assist its members in providing high quality, cost-effective health services for the benefit of the communities they serve. The mission of YNHHSC includes collaborating with Yale University to initiate, develop, and maintain educational programs for health care professionals and for the public.

C. System Support. The Parties believe that the Affiliation will provide L+M with benefits in leadership, efficiencies and growth. Efficiencies will result from economies of scale as they relate to information technology, finance, insurance, equipment, supplies and other administrative services. Growth will result from the coordination and implementation of clinical and health programs that are designed to improve the quality, cost-effectiveness and accessibility of health care and educational services in the communities served by L+M. The Affiliation will enable the L+M Affiliates to achieve their mission more effectively and to continue to serve their communities.

D. Shared Values. L+M shares YNHHSC's mission and values, has a strong focus on service excellence, is a lower cost provider committed to its community, has a vibrant outpatient and primary care strategy and strong management, and provides high quality, high value, patient-centered care. L+M shares YNHHSC's commitment of continuing to serve uninsured and underinsured patients, and of continuing to provide robust community benefit and uncompensated care. L+M, with the support of the L+M Subsidiaries, and YNHHSC seek an affiliation that will drive broader efficiencies while increasing high quality outcomes, address increasing consumer demands for integrated collaborative care, manage risk more effectively, enhance the population health infrastructure, improve the efficient access to capital, and maintain and grow provider diversity, consumer choice and access to quality and affordable care.

E. Furthering Mission. The Parties further believe that L+M will add to the strength of the Yale New Haven Health System by sharing its leadership, best practices and community-based services. The Affiliation also will (i) further the commitment of YNHHSC to support the delivery of high quality, cost-effective and accessible health care services in the region; and (ii)

allow both L+M and YNHHSC to further their charitable missions and shared vision for the changing health care marketplace.

F. Best Interests. For these reasons, the Parties believe that the Affiliation as set forth in this Affiliation Agreement is in the best interests of each Party.

NOW, THEREFORE, the Parties agree as follows:

ARTICLE 1

INCORPORATION OF RECITALS; DEFINITIONS

1.1 Recitals. The recitals set forth above are incorporated herein and made a part hereof.

1.2 Definitions. All capitalized terms used in this Affiliation Agreement and not otherwise defined shall have the meanings set forth in Exhibit 1.

ARTICLE 2

TERMS OF AFFILIATION

2.1 Affiliation Structure. Effective as of the Closing Date, subject to the terms and conditions of this Affiliation Agreement, YNHHSC shall become the sole corporate member of L+M and the corporate governance provisions described in this Section 2.1 shall become effective.

2.1.1 Organization and Operation of L+M. The Certificate of Incorporation and Bylaws of L+M shall be amended to appoint YNHHSC as the sole corporate member of L+M. As the sole member, YNHHSC will have certain retained and reserved powers consistent with the structure established for membership in the YNHHSC Obligated Group and will be accorded the direct authority, as the sole member of and on behalf of L+M as the sole member of the L+M Subsidiaries, to exercise with respect to the L+M Subsidiaries the same retained and reserved powers as are accorded to YNHHSC as the sole member of L+M, all as described in more detail in the L+M Amended Certificate of Incorporation and the L+M Amended Bylaws (each as defined below). The Amended and Restated Certificate of Incorporation of L+M shall, as of the Closing Date, be in the form attached as Exhibit 2.1.1(A) (the "***L+M Amended Certificate of Incorporation***"), and the Amended and Restated Bylaws of L+M shall, as of the Closing Date, be in the form attached as Exhibit 2.1.1(B) (the "***L+M Amended Bylaws***").

2.1.2 L+M Governance. Effective as of the Closing, the Parties agree that the individuals serving on the Board of Trustees of L+M as of the Closing Date shall remain on the Board of Trustees of L+M for the remainder of their respective terms, subject to the L+M Amended Bylaws, and YNHHSC shall appoint an additional member of the Board of Trustees of L+M in accordance with the L+M Amended Bylaws. Thereafter, trustees shall be elected to the Board of Trustees of L+M as set forth in the L+M Amended Bylaws.

2.1.3 Organization and Operation of YNHHSC. As of the Closing Date, the Certificate of Incorporation of YNHHSC shall be amended to include L+M as an organization that YNHHSC supports as set forth in the Amended and Restated Certificate of Incorporation of YNHHSC attached as Exhibit 2.1.3(A) (the "***YNHHSC Amended Certificate of Incorporation***"). As of the Closing Date and through at least the sixth anniversary of the Closing Date, the person who serves from time to time as the Chair of the Board of L+M shall be elected as a voting member of the Board of Trustees of YNHHSC, and such person shall be provided with the opportunity to be a member of the YNHHSC Nominating and Governance Committee; provided, however, that in the event that after the Closing Date and during the Initial Period YNHHSC becomes the sole member of a health care organization or health system of similar size, revenue and scope of clinical services to L+M of which YNHHSC is not the member as of the Effective Date and such new health care organization or health system is provided greater rights with respect to representation on the Board of Trustees of YNHHSC than L+M is afforded pursuant to this Affiliation Agreement, L+M shall be provided with the same or substantially similar rights with respect to representation on the Board of Trustees of YNHHSC as are afforded to such health care organization or health system. Other members of the Board of Trustees of L+M shall have opportunities to serve on other YNHHSC committees, as set forth in the Amended and Restated Bylaws of YNHHSC attached hereto as Exhibit 2.1.3(B) (the "***YNHHSC Amended Bylaws***").

2.1.4 Medical Foundation Matters. As of the Closing Date, (i) LMMG shall be merged with and into NEMG with NEMG surviving pursuant to an Agreement and Plan of Merger (the "***LMMG-NEMG Agreement and Plan of Merger***") in the form attached as Exhibit 2.1.4(A); (ii) two physician employees of NEMG who are members of the medical staff of LMH and/or LMW, nominated in accordance with the bylaws of NEMG, shall be elected to the board of trustees of NEMG; (iii) the president of L+M or his or her designee shall be elected to the board of trustees of NEMG; (iv) the bylaws of NEMG shall be amended and restated in the form of the Amended and Restated Bylaws of NEMG (the "***Amended and Restated Bylaws of NEMG***") attached hereto as Exhibit 2.1.4(B); (v) the certificate of incorporation of NEMG shall be amended and restated in the form of the Amended and Restated Certificate of Incorporation of NEMG (the "***Amended and Restated Certificate of Incorporation of NEMG***") attached hereto as Exhibit 2.1.4(C); and (vi) the contracts held by Sound Medical Associates, P.C. will be assigned to NEMG PLLC.

2.1.5 Other L+M Subsidiaries. As of the Closing Date, the following organizational documents of LMH, LMW and VNA of Southeastern Connecticut shall be amended and restated to provide to YNHHSC direct authority, as sole member of and on behalf of L+M as sole member of each such L+M Subsidiary, to exercise with respect to each such L+M Subsidiary the same retained and reserved powers as are provided to YNHHSC by the YNHHSC Subsidiaries that are members of the YNHHSC Obligated Group:

(a) the Certificate of Incorporation of LMH shall be amended and restated in the form of the LMH Amended Certificate of Incorporation attached as Exhibit 2.1.5(a)(1), and the Bylaws of

LMH shall be amended and restated in the form of the LMH Amended Bylaws attached as Exhibit 2.1.5.(a)(2);

(b) the Certificate of Incorporation of LMW shall be amended and restated in the form of the LMW Amended Certificate of Incorporation attached as Exhibit 2.1.5(b)(1), and the Bylaws of LMW (subject to any applicable LMW Acquisition-Related Obligations) shall be amended and restated in the form of the LMW Amended Bylaws attached as Exhibit 2.1.5.(b)(2); and

(c) the Certificate of Incorporation of VNA of Southeastern Connecticut shall be amended and restated in the form of the VNA of Southeastern Connecticut Amended Certificate of Incorporation attached as Exhibit 2.1.5(c)(1), and the Bylaws of VNA of Southeastern Connecticut shall be amended and restated in the form of the VNA of Southeastern Connecticut Amended Bylaws attached as Exhibit 2.1.5.(c)(2).

The LMH Amended Certificate of Incorporation, the LMW Amended Certificate of Incorporation and the VNA of Southeastern Connecticut Amended Certificate of Incorporation shall be referred to herein as the "***L+M Subsidiaries Amended Certificates of Incorporation***;" the LMH Amended Bylaws, the LMW Amended Bylaws and the VNA of Southeastern Connecticut Amended Bylaws shall be referred to herein as the "***L+M Subsidiaries Amended Bylaws***." From and after the Closing Date, any other L+M Subsidiaries shall be operated in conformity with the principles reflected in the L+M Subsidiaries Amended Certificates of Incorporation and the L+M Subsidiaries Amended Bylaws.

2.1.6 Support of VNA. After the Closing, YNHHSC shall support and maintain VNA of Southeastern Connecticut in a manner that is consistent with the objective of developing the capability of VNA of Southeastern Connecticut and the Yale New Haven Health System to effectively and efficiently engage in population health management and to manage the health of patients across the continuum of care.

2.1.7 Educational and Research Opportunities. After the Closing, YNHHSC and L+M shall jointly explore educational and research opportunities at the L+M Affiliates in light of their respective academic strengths and mission commitments.

2.1.8 Healthcare Facilities Commitments. After the Closing, YNHHSC and L+M shall develop and implement their strategic plans so as to maintain healthcare services facilities that support the evolving clinical service needs in the communities served by L+M. Moreover, the Parties' further agree:

(a) to work cooperatively to minimize travel for patients requiring healthcare services that can be appropriately provided by the L+M Affiliates and to encourage the return of patients originating within the communities served by the L+M Affiliates back to the originating facility and its physicians for local and specialty care

following treatment at any other Yale New Haven Health System facility;

(b) that LMW shall continue to provide the services and commitments it is obligated to provide under the LMW Acquisition-Related Obligations; and

(c) that the L+M Affiliates may maintain and preserve existing relationships with hospital-based physicians holding exclusive relationships with such L+M Affiliates, including, without limitation hospitalists, emergency physicians, pathologists, anesthesiologist, and radiologists.

2.1.9 Donor Restricted Funds. After the Closing, (i) L+M shall continue to honor any donor restrictions (temporary, permanent or as to purpose) on charitable donations made prior to the Closing Date, and (ii) any donor-imposed restrictions (temporary, permanent or as to purpose) on charitable donations made after the Closing Date shall also be honored by L+M.

2.1.10 Streamlining and Alignment of Board Structure of L+M Affiliates. During the Initial Period, and subject in the case of LMW to the LMW Acquisition-Related Obligations, YNHHSC and the L+M Affiliates shall work together to streamline and align the board structure of LMH, LMW and VNA of Southeastern Connecticut with the board structure of L+M.

2.2 Maintenance of Separate Corporate Existence. After giving effect to the Closing, the corporate existence, names, rights, privileges, immunities, powers, franchises, facilities and other licenses, duties and liabilities of L+M and each L+M Subsidiary, other than LMMG, shall be governed by the Board of Trustees of L+M or such L+M Subsidiary, as applicable, subject to the L+M Amended Certificate of Incorporation and the L+M Amended Bylaws or the L+M Subsidiaries Amended Certificates of Incorporation and L+M Subsidiaries Amended Bylaws, as applicable. Except as otherwise contemplated by this Agreement, the Affiliation shall not result in a transfer or conveyance as of the Closing Date of any asset or the assumption of any liability of either Party or any Affiliate of either Party.

2.3 Continuation of Missions and Dedication to Community Benefit. Without limiting the generality of the foregoing, each Party reaffirms its commitment to the delivery of high-quality, effective health care to the communities it serves, and to supporting, enhancing and sustaining the ability of the L+M Affiliates, within the framework of and as members of the Yale New Haven Health System, to provide high-quality, cost-effective care that will drive broader efficiencies while increasing high quality outcomes, address increasing consumer demands for integrated collaborative care, manage risk more effectively, enhance the population health infrastructure, improve the efficient access to capital, and maintain and grow provider diversity, consumer choice and access to quality and affordable care. In furtherance of the foregoing, during the five-year period after the Closing Date, L+M may dedicate and commit at least $11,000,000 ("***L+M Community Benefit Funds***") to support community benefit programs and reinvestments in the communities that the L+M Affiliates serve, including, without limitation, instituting, maintaining, preserving, and/or reinvesting in ambulance services, mental health

programs, smoking cessation programs, pediatric asthma programs, diabetes outreach, and/or services important to the community and/or at risk populations, in each case, as may be identified in a biennial community needs assessment or that otherwise are in furtherance of L+M's charitable mission; *provided, however*, that when calculating the amount of L+M Community Benefit Funds expended, such calculation shall not take into account Medicaid and/or Medicare shortfalls incurred by the L+M Affiliates. The annual amount of such L+M Community Benefit Funds shall be set forth in the L+M Affiliates' capital and operating budgets, as applicable, and so long as the L+M Community Benefit Funds set forth on such budgets are consistent with the requirements of this Section 2.3, the inclusion of such L+M Community Benefit Funds on a budget shall not be grounds for YNHHSC to disapprove, withhold, delay or condition its consent to such budgets.

2.4 Employment Matters.

2.4.1 L+M Chief Executive Officer. The president of L+M shall report to an executive officer of YNHHSC designated by the President and Chief Executive Officer of YNHHSC and to the Board of Trustees of L+M.

2.4.2 Other Employment Matters. It is the Parties' intent to minimize the impact of the Affiliation on the employees of LMH, LMW, LMMG and VNA of Southeastern Connecticut (each an "***Employee***"). In furtherance of the foregoing:

(a) In the event any Employee who is employed by an L+M Affiliate ceases such employment within ninety (90) days after the Closing and becomes employed by a different YNHHSC Affiliate within ninety (90) days after ceasing to be employed by such L+M Affiliate, the Parties agree that such Employee shall be subject to, and shall receive the benefits of, YNHHSC's applicable employment practices governing inter-affiliate transfers that are in effect at the time of the applicable employer change, as if such Employee's cessation of employment with such L+M Affiliate occurred immediately prior (and without interruption) to such Employee's employment with such other YNHHSC Affiliate. YNHHSC's current practice is to provide each Employee that becomes employed by a different YNHHSC Affiliate credit for his or her length of service at the applicable L+M Affiliate as of the date such employee ceases to be employed by such L+M Affiliate for purposes of seniority, benefits eligibility and vesting at the applicable YNHHSC Affiliate.

(b) From and after the Closing Date, all Employees of LMH, LMW and VNA of Southeastern Connecticut shall remain subject to, and shall receive the benefits of, the applicable L+M Affiliate's employment policies that are in effect from time to time. For the avoidance of doubt, from and after the Closing Date each L+M Affiliate shall be an affiliate of YNHHSC and shall have the benefit of YNHHSC's inter-affiliate employment transfer practices or policy as is in effect from time to time.

(c) All current collective bargaining agreements to which the L+M Affiliates are parties as of the Closing Date will remain in full force and effect in accordance with their terms.

2.5 YNHHSC System-wide Policies. At or after the Closing, on a mutually-agreed timetable that is no longer than twelve (12) months after Closing, L+M shall adopt and

implement YNHHSC's system-wide policies and procedures consistent with the adoption and implementation thereof by the members of the Yale New Haven Health System, including without limitation the YNHHSC Obligated Group Policies.

2.6 Maintenance of Medical Staff. The medical staffs of LMH and LMW shall remain constituted in accordance with their respective medical staff bylaws (the "***LMH Medical Staff Bylaws***" and the "***LMW Medical Staff Bylaws***", respectively) and such LMH Medical Staff Bylaws and LMW Medical Staff Bylaws shall be consistent with the requirements of Applicable Law and the applicable accrediting agencies.

2.7 YNHHSC Branding. From and after the Closing, subject to compliance with the LMW Acquisition-Related Obligations, YNHHSC and the L+M Affiliates shall work collaboratively to build the YNHHSC brand across the communities served by the L+M Affiliates and LMH, LMW and the other L+M Provider Subsidiaries shall use the YNHHSC brand in accordance with YNHHSC's graphic standards, guidelines and policies; *provided, however*, that the names "Lawrence + Memorial" and "Westerly" shall be changed only with the approval of the L+M Board of Trustees and the YNHHSC Board of Trustees. YNHHSC shall develop advertising, marketing and promotional policies for the Yale New Haven Health System. YNHHSC shall promote LMH and LMW and identify them as member hospitals of YNHHSC in the same manner as the other Hospital Members with a similar scope of services. In furtherance of the intent and purpose of this Section 2.7, promptly upon the Closing, YNHHSC shall commence a comprehensive rebranding campaign (the "***Rebranding Campaign***") to rebrand the L+M Affiliates as members of the Yale New Haven Health System. All costs and expenses associated with such Rebranding Campaign shall be the sole responsibility of YNHHSC.

2.8 Management Services. YNHHSC shall provide management support services to the L+M Affiliates subject to needs of all members of the Yale New Haven Health System and available financial resources. These services shall include, but not be limited to, the following: internal audit, strategic planning and marketing support, business diversification and development assistance, human resource support, trustee orientation and development programs, management information systems' hardware and software support, telecommunications assistance, facilities development, compliance, legal services, quality assessment and risk management support, fund development assistance, physician recruitment and retention support, and managed care contracting (provided that YNHHSC may revise, delete from or add to such list of services on a basis that is equitably applied to all Hospital Members). Upon Closing, an implementation plan for the integration and use of these services by the L+M Affiliates will be agreed to by the Parties. The L+M Affiliates will be assessed fees for these services on a basis that is consistent with the basis of assessment for other similarly situated YNHHSC Subsidiaries.

2.9 Benefits and Privileges. YNHHSC represents and covenants that LMH and LMW shall, in addition and without prejudice to any benefits, rights or privileges contained in this Agreement, enjoy the same privileges and benefits as the Hospital Members and be treated in a manner no less than consistent with the treatment of the Hospital Members, in each case taking into account the different sizes, clinical and financial attributes and performance of the respective Hospital Members. In addition, for so long as YNHHSC determines to continue to provide or implement programs and initiatives for the enhancement of quality, cost efficiency, professional development and/or other improvements for the members of the Yale New Haven Health System, each L+M Affiliate shall, in addition and without prejudice to any benefits, rights or

privileges contained in this Agreement, participate in such programs and initiatives on an equitable basis along with other YNHHSC Affiliates having attributes (including corporate purpose, size, scope of services and staff) that are similar to those of such L+M Affiliate. At such time in the future as YNHHSC determines to offer any new programs or initiatives for the enhancement of quality, cost efficiency, professional development and/or other improvements for the members of the Yale New Haven Health System, each L+M Affiliate shall, in addition and without prejudice to any benefits, rights or privileges contained in this Agreement, participate in such programs and initiatives on an equitable basis along with other YNHHSC Affiliates having attributes (including corporate purpose, size, scope of services and staff) that are similar to those of such L+M Affiliate.

2.10 Obligated Group. On the earliest date following the Closing Date that is reasonably determined by YNHHSC and in accordance with the requirements of the L+M Master Trust Indenture, YNHHSC shall have the authority to cause L+M and LMH, LMW and/or such other L+M Subsidiaries as YNHHSC shall determine to become YNHHSC Obligated Group Members, and effective upon becoming a YNHHSC Obligated Group Member the applicable L+M Affiliate shall execute a joinder to become a party to the YNHHSC Obligated Group Agreement and shall take such other steps as YNHHSC may require in connection with such status.

2.11 YNHHSC Resource Commitments.

(a) YNHHSC commits, on and subject to the terms of this Section 2.11 and in accordance with the strategic plan described in Section 2.12, to deploy, directly and through its Affiliates, $300 million in resources in the Yale New Haven Health System's Eastern Connecticut and Western Rhode Island region over a period of five years commencing with the Closing to enhance and support clinical and operational capabilities and services consistent with community need, the Yale New Haven Health System strategic plan, and mutually agreed upon business plans which display positive return on investment (or in the case of physical plant and infrastructure projects, mutually agreed upon facility management plans and/or project budgets).

(b) As part of the $300 million commitment described in Section 2.11(a), subject to the Closing, YNHHSC commits to make available (from resources other than those generated by the L+M Affiliates) in the Yale New Haven Health System's Eastern Connecticut and Western Rhode Island region an aggregate of $41 million in resources over the five-year period commencing with the Closing to support the initiatives described in this Section 2.11(b), which the Parties acknowledge are consistent with community need and the Yale New Haven Health System Strategic Plan, and are subject to mutually agreed upon business plans that display positive returns on investment:

(i) Implementation of Epic, Lawson and other IT platforms;

(ii) Effectuation and implementation of the branding contemplated by Section 2.7;

(iii) Up to $10 million in value represented by participation in and access to YNHHSC population health infrastructure;

(iv) Development of clinical programs and services and associated physician recruitment.

(c) As part of the $300 million commitment described in Section 2.11(a), subject to the Closing, YNHHSC commits to make available (from resources other than those generated by the L+M Affiliates) in the Yale New Haven Health System's Eastern Connecticut and Western Rhode Island region an aggregate of $44 million in resources over the five-year period commencing with the Closing to support the clinical programs and services described in Section 2.11(d) in accordance with mutually agreed-upon individual project business plans that are consistent with community need and the Yale New Haven Health System's strategic plan, display a positive return on investment and include implementation plans and budget allocations.

(d) As part of the $300 million commitment described in Section 2.11(a), subject to the Closing, YNHHSC and Affiliates of YNHHSC (including the L+M Affiliates) shall deploy $215 million in resources (in addition to the resources described in Section 2.11(b) and (c)) in the Yale New Haven Health System's Eastern Connecticut and Western Rhode Island region over a period of five years from and after the Closing Date to enhance and support the clinical and operational capabilities and services described in this Section 2.11(d) consistent with (i) community need, (ii) Yale New Haven Health System's strategic plan, (iii) mutually agreed-upon individual project business plans which display a positive return on investment (or in the case of physical plant and infrastructure projects, mutually agreed upon facility management plans and/or project budgets), and (iv) the performance of the L+M Affiliates measured against the Key Financial Metrics. It is understood that if YNHHSC and L+M mutually determine that the performance of the L+M Affiliates for any year during the applicable five-year period has materially deviated (whether positively or negatively) from the Key Financial Metrics, taken collectively, then the level of resources to be deployed by YNHHSC and Affiliates of YNHHSC pursuant to this Section 2.11(d) will be affected in a way that is mutually agreed by YNHHSC and L+M. The clinical and operational capabilities and services described in this Section 2.11(d) are the following clinical and operational capabilities and services (or such other programs and services as YNHHSC and L+M may mutually agree):

(i) Expansion of primary care network and ambulatory presence, including ambulatory surgery;

(ii) Access to pediatric specialty services;

(iii) Development of a multi-disciplinary musculoskeletal center with orthopedic, neurosurgery, spine and physiatry clinical complements;

(iv) Expansion of maternal fetal medicine and obstetrics capabilities;

(v) Enhancement of oncology services associated with Smilow Cancer Hospital;

(vi) Reintroduction and expansion of bariatric and/ or laparoscopic surgical programs;

(vii) Expansion of neuromuscular and stroke programs;

(viii) Development of a multidisciplinary vascular program and enhancement of cardiac services including electrophysiology;

(ix) Enhancement of endocrinology/thyroid services;

(x) Development of population health and risk contracting capabilities and participation in population health infrastructure;

(xi) Continued access to SkyHealth;

(xii) Expanded emergency services; and

(xiii) Physical plant and infrastructure maintenance, development and renovations.

For the avoidance of doubt, the financial performance of the L+M Affiliates as measured against the Key Financial Metrics shall not affect the resources committed by YNHHSC under Sections 2.11(b) and (c).

2.12 Strategic Plan. Prior to the Closing, YNHHSC, working with L+M, will develop a mutually agreed-upon five-year strategic plan including L+M that will address the major categories of the overall resource deployment described in Sections 2.11(b), (c) and (d). The strategic plan will focus on the retention and enhancement of healthcare services to communities in the Yale New Haven Health System's Eastern Connecticut and Western Rhode Island region, and will include projected resource availability and estimated timeframes in furtherance of the development of the programs and initiatives described in Section 2.11. The strategic plan will be updated every fiscal year and with a rolling three-year horizon consistent with YNHHSC practice. As the strategic plan for L+M that forms a component of the overall Yale New Haven Health System strategic plan, the strategic plan described in this Section 2.12 shall be subject to the approval of the board of L+M and the board of YNHHSC. This Section 2.12 and the Yale New Haven Health System Strategic Plan shall not be construed or applied so as to limit or restrict the level of the commitments of YNHHSC pursuant to Section 2.11, but the strategic plan and the Yale New Haven Health System Strategic Plan may affect the sequence and pacing of the implementation of the deployment of resources to support specific programs and services. The failure of YNHHSC and L+M to agree upon a strategic plan for L+M shall not result in a failure of a condition to the Parties' obligations to close the Affiliation or a right of either party to terminate this Affiliation Agreement.

2.13 Compliance with YSM Affiliation Agreement. From and after the Closing Date, the L+M Affiliates will comply with their obligations as applicable under Article IV of the YSM Affiliation Agreement.

ARTICLE 3

REPRESENTATIONS AND WARRANTIES WITH RESPECT TO L+M AFFILIATES

L+M represents and warrants to YNHHSC that the statements contained in this Article 3 are correct and complete as of the date of this Agreement, except as set forth in the Disclosure Schedule and except as specifically disclosed to YNHHSC. The Disclosure Schedule will be arranged in sections corresponding to the lettered and numbered sections contained in this Article 3. The Parties acknowledge and confirm that any competitively sensitive information called for by this Article 3 (including any schedules of the Disclosure Schedule) shall only be disclosed pursuant to such procedures as the Parties shall mutually agree upon so as to avoid violation of Applicable Law.

3.1 Organization of L+M. L+M is a nonstock corporation which is duly organized, validly existing and in good standing under the laws of the State of Connecticut, and has (and at the Closing will have) full corporate power and authority to own its assets and conduct its operations (as now conducted and as conducted at the Closing). Each of the L+M Subsidiaries is duly organized, validly existing and in good standing under the laws of the state of its formation and has (and at the Closing will have) full corporate power and authority to own its assets and conduct its operations as currently being conducted (as now conducted and as conducted at the Closing).

3.1.1 Schedule 3.1.1 lists all Subsidiaries of L+M. Except as indicated on Schedule 3.1.1: (i) each of the L+M Subsidiaries is a nonstock corporation of which L+M is the sole member and (ii) each of the L+M Affiliates is a Tax-Exempt Organization. Schedule 3.1.1 identifies each of the L+M Affiliates that is inactive.

3.1.2 The certificates of incorporation (or similar organizational documents) and bylaws of the L+M Affiliates, copies of which have heretofore been provided or made available to YNHHSC, are true, complete and correct copies of such documents.

3.1.3 Schedule 3.1.1 sets forth the name of each other Person in which any of the L+M Affiliates has any equity or limited liability company membership interest other than a passive minority investment.

3.2 Authorization of Transaction. L+M has full corporate power and authority to execute and deliver this Affiliation Agreement and to perform its obligations hereunder. This Agreement has been duly authorized by all requisite corporate action of L+M. This Agreement has been duly executed and delivered by L+M and, assuming due authorization, execution and delivery by YNHHSC, and receipt of the consents and approvals listed in Schedule 3.27, constitutes a valid and binding obligation of L+M, enforceable against L+M in accordance with its terms (except as may be limited by bankruptcy, insolvency, fraudulent transfer, moratorium, reorganization, preference or similar Applicable Laws of general applicability relating to or affecting the rights of creditors generally and subject to general principles of equity (regardless of whether enforcement is sought in equity or at law)). The amendment of the certificate of incorporation of L+M in the form of the L+M Amended Certificate of Incorporation and the amendment of the bylaws of L+M in the form of the L+M Amended Bylaws, in each case

effective as of and subject to the Closing, has been duly authorized by all requisite corporate action of L+M. The LMMG-NEMG Agreement and Plan of Merger to become effective as of and subject to the Closing: (a) have been duly authorized by all requisite corporate action of L+M; and (b) in the case of LMMG, have been (or upon Closing will be) duly authorized by all requisite corporate action of LMMG. The amendment of the certificate of incorporation of each applicable L+M Subsidiary in the form of: (i) the LMH Amended Certificate of Incorporation; (ii) the LMW Amended Certificate of Incorporation; and (iii) the VNA of Southeastern Connecticut Amended Certificate of Incorporation and the amendment of the bylaws of each applicable L+M Subsidiary in the form of: (x) the LMH Amended Bylaws; (y) the LMW Amended Bylaws; and (z) the VNA of Southeastern Connecticut Amended Bylaws, in each case effective as of and subject to the Closing: (a) has been duly authorized by all requisite corporate action of L+M; and (b) in the case of each applicable L+M Subsidiary, has been (or upon Closing will be) duly authorized by all requisite corporate action of such L+M Subsidiary.

3.3 Non-Contravention. Neither the execution and delivery by L+M of this Affiliation Agreement nor the consummation by L+M and the L+M Subsidiaries of the transactions contemplated hereby, will:

3.3.1 violate any provision of the certificate of incorporation (or similar organizational documents) or, subject only to obtaining any necessary approvals described in Article 5, bylaws of any of the L+M Affiliates; or

3.3.2 subject only to obtaining the approvals set forth in Schedule 3.27, constitute a violation on the part of the L+M Affiliates of any statute, Applicable Law, judgment, decree, order, regulation or rule of any court or Governmental Authority applicable to any of the L+M Affiliates; or

3.3.3 subject only to obtaining the consents set forth in Schedule 3.27, (i) violate, or be in conflict with, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or accelerate the performance required by, or cause the acceleration of the maturity of, any debt, or the revocation or loss of any material license, or (ii) violate, or be in conflict with, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or accelerate the performance required by, any obligation pursuant to any Material Contract to which any of the L+M Affiliates is a party (other than any Material Contract evidencing debt for borrowed money), or result in the revocation or loss of any Material Contracts, grants, endowment funds, permits or insurance policies listed in the Disclosure Schedule, or give any third party any option, right of first refusal or other rights under any Material Contract relating to the operations of any L+M Affiliate which, in case of any document, instrument or policy described in this clause (ii), individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect.

3.4 Brokers' Fees. L+M has no liability or obligation to pay any fees or commissions to any broker, finder, or agent with respect to the transactions contemplated by this Agreement.

3.5 Title to Assets. Each of the applicable L+M Affiliates has (subject to Permitted Encumbrances and the Liens described in Schedule 3.5.1) good, valid and marketable title to all (i) real property comprising main hospital facility of LMH; (ii) real property comprising the main

hospital of LMW, and (iii) real property comprising the L+M Cancer Center (the real properties described in clauses (i), (ii) and (iii), collectively, the "***Principal Properties***").

3.5.1 Schedule 3.5.1 sets forth a true and complete list of the Owned Real Property, including the address and owner of each such Owned Real Property. Except as described in Schedule 3.5.1, each of the Principal Properties is owned by the applicable L+M Affiliate in fee simple, free and clear of all Liens, except Permitted Encumbrances. Except as set forth in Schedule 3.5.1, none of the Principal Properties is subject to any right or option of any other Person to purchase or lease an interest in such Principal Property. None of the L+M Affiliates has received any written notice of (i) a condemnation proceeding relating to Owned Real Property, (ii) a violation of Applicable Law relating to the Owned Real Property, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect or (iii) the imposition of a general or special assessment relating to the Owned Real Property. L+M has provided to YNHHSC a copy of current title reports relating to the Principal Properties. The Owned Real Property is in compliance in all material respects with all Applicable Laws, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect.

3.5.2 Schedule 3.5.2 sets forth a true and complete list of the real property leased or subleased by an L+M Affiliate, with lease payments that in the case of any one lease (i) exceed $1,000,000 annually or (ii) have a remaining term in excess of three years and lease payments that exceed $500,000 annually, (the "***L+M Leased Real Property***"), including the address of each such L+M Leased Real Property, the date and names of the parties to the applicable lease. L+M has provided a list or copies to YNHHSC of all currently-effective leases or subleases relating to the L+M Leased Real Property, together with all material waivers, amendments, extensions, renewals, guaranties and other Contracts with respect to such leases (collectively, "***L+M Real Property Leases***"). To the Knowledge of L+M, each of the L+M Affiliates has complied and is in compliance in all material respects with the terms of L+M Real Property Leases to the extent that non-compliance would give the counterparty a valid right to terminate the applicable L+M Real Property Lease and none of the L+M Affiliates has received written notice that it is in material breach of or default under such lease or sublease. All L+M Real Property Leases are in full force and effect. To the Knowledge of L+M, no material default exists under any L+M Real Property Lease by any other party thereto that would give the applicable L+M Affiliate a valid right to terminate the applicable L+M Real Property Lease.

3.5.3 No portion of the L+M Real Property has suffered any material damage by fire or other casualty which has not heretofore been repaired and restored or for which insurance proceeds adequate to effect the repair or restoration of such damage or casualty is not available that would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. No portion of any Principal Property is located in a special flood hazard area as designated by a federal Governmental Authority, except as set forth in Schedule 3.5.3. To the Knowledge of L+M, except as permitted by Environmental, Health and Safety Requirements, there has been no release, discharge, emission or disposal of Hazardous Substances on or under the L+M Real Property that

would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

3.5.4 Except as set forth in Schedule 3.5.4 and for any conditions, defects or other items noted in engineering, property, environmental or other reports obtained by or provided to YNHHSC by or on behalf of L+M, the improvements on the L+M Real Property and the Personal Property owned or leased by L+M Affiliates have been reasonably maintained in the ordinary course of business, are in good operating condition (ordinary wear and tear excepted), and are reasonably suitable for the uses for which they are intended.

3.6 Subsidiaries and Related Entities. Except as set forth in Schedule 3.1.1, neither LMH nor LMW has any Subsidiaries and neither owns beneficially or of record any equity interest in any other Person, and neither is a member, shareholder, or partner in any other Person.

3.7 Financial Statements. L+M has provided or made available to YNHHSC true and correct copies of (i) the audited consolidated statements of financial position of each of the L+M Affiliates, and related statements of activities and change in net assets, functional expenses and cash flows of each of the L+M Affiliates for the fiscal years ending as of September 30, 2011, 2012 and 2013 including the notes thereto; (ii) the audited consolidated statements of financial position of each of the L+M Affiliates, and related statements of activities and change in net assets, functional expenses and cash flows of each of the L+M Affiliates as of December 31, 2014, including the notes thereto (the "***L+M 2014 Audited Financial Statements***"); and (iii) an unaudited consolidated statement of financial position of each of the L+M Affiliates and unaudited statements of activities, functional expenses and cash flows of each of the L+M Affiliates as of March 31, 2015 (the "***L+M Interim Financial Statements***" and together with the L+M 2014 Audited Financial Statements, the "***L+M Financial Statements***"). The L+M 2014 Audited Financial Statements (i) have been prepared in accordance with GAAP and (ii) fairly present in all material respects the consolidated financial position and the results of operations and cash flows of each of the L+M Affiliates at and as of the dates or for the periods indicated. The L+M Interim Financial Statements (i) have been prepared in accordance with GAAP (subject to certain presentation items consistent with the ordinary course of business, to the absence of footnote disclosure and to normal year-end adjustments) and (ii) fairly present in all material respects the consolidated financial position and the results of operations and cash flows of each of the L+M Affiliates at and as of the respective dates thereof or for the periods ended on such dates, as applicable.

3.7.1 Each of the L+M Affiliates maintains systems of internal accounting controls to provide reasonable assurances that: (i) all transactions are executed in accordance in all material respects with management's general or specific authorization, (ii) all transactions are recorded as necessary to permit the preparation of the L+M Financial Statements in conformity with GAAP and maintain proper accountability for items and (iii) all reserves reflected on the L+M Financial Statements are sufficient for the purposes for which they were established. Since October 1, 2011, none of the L+M Affiliates has received and, to the Knowledge of L+M, there has not been, any complaint, allegation, assertion or claim regarding the L+M Affiliates' accounting or auditing practices, procedures, methodologies or methods, including any complaint, allegation, assertion or claim that any of the L+M Affiliates has engaged in questionable accounting or

auditing practices that would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

3.7.2 A true, correct and complete copy of the L+M 2015 Budgets have been delivered to YNHHSC.

3.7.3 LMI maintains and at all times has maintained unimpaired statutorily-required paid-in capital and surplus in the form permitted by Applicable Law.

3.8 Subsequent Events. Since the date of the most recent L+M Interim Financial Statements, (i) the L+M Affiliates have conducted their business operations in the ordinary course, and (ii) except as described in Schedule 3.8, there has not been:

(a) Any L+M Material Adverse Effect or event or occurrence of any condition that would reasonably be expected to have a Material Adverse Effect;

(b) Any increase in compensation or other remuneration payable to or for the benefit of or committed to be paid to or for the benefit of any, manager, officer, agent or employee of any L+M Affiliate, or in any benefits granted under any Employee Benefits Plan with or for the benefit of such, manager, officer, agent or employee (other than increases in wages or salaries required under existing contracts or otherwise in the ordinary course of business);

(c) Any borrowing or incurrence of any indebtedness (other than accounts payable in the ordinary course of business) contingent or otherwise for borrowed money, by or on behalf of any L+M Affiliate in excess of any amount not included in the L+M 2015 Budget;

(d) Any purchase by any L+M Affiliate of capital assets or any interests in real property or any lease arrangement (whether as a lessor or lessee or sub-lessor or sub-lessee) entered into by any L+M Affiliate with respect to real property in excess of $1,000,000;

(e) Any acquisition of or material capital investment in (by merger, exchange, consolidation, purchase, or otherwise) any Person by any L+M Affiliate;

(f) Any acquisition of any assets by any L+M Affiliate (whether through capital spending or otherwise) which are outside of the ordinary course of business or which are in excess of $500,000, individually or in the aggregate, to any L+M Affiliate;

(g) Any waiver of any claims or rights by any L+M Affiliate that are material or otherwise involve amounts individually or in the aggregate in excess of $500,000;

(h) Any change in any method of accounting or accounting policies of any L+M Affiliate or any write down in the accounts receivable of any L+M Affiliate in excess of reserves on the L+M Interim Financial Statements;

(i) Any amendment to the certificate of incorporation, bylaws or other organizational documents of any L+M Affiliate;

(j) Any damage to or destruction or loss of any asset or property of any L+M Affiliate, whether or not covered by insurance, adversely affecting the assets, financial condition or prospects of any L+M Affiliate or the business operations thereof in an amount in excess of $500,000;

(k) Any material change in any Tax election or Tax status of any L+M Affiliate;

(l) Any exhaustion of any primary or excess layers of insurance maintained by or for LMI;

(m) Any binding commitment or agreement by any L+M Affiliate that will result in any of the effects described in the foregoing.

3.9 Compliance with Law.

3.9.1 Regulatory Compliance. To the Knowledge of L+M, each of the L+M Affiliates have, during the previous three years, conducted and continues to conduct the business operations of such L+M Affiliate in substantial compliance with all Applicable Laws, including Environmental, Health and Safety Requirements, and have timely filed all material reports, data, and other information related to the business operations of the L+M Affiliates, except for (i) matters specifically disclosed to YNHHSC and (ii) violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Except as specifically disclosed to YNHHSC, to the Knowledge of L+M none of the L+M Affiliates that are engaged in the delivery of healthcare has, nor have any of their respective employees, committed a violation of federal or state laws regulating health care fraud, including but not limited to the federal Anti-Kickback Law, 42 U.S.C. §1320a-7b, the Stark I and II Laws, 42 U.S.C. §1395nn, as amended, and the False Claims Act, 31 U.S.C. §3729, et seq. (collectively, "***Health Care Fraud and Abuse Laws***"), except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. L+M has provided to YNHHSC true, correct and complete copies of any voluntary self-disclosure filings made with CMS or any other Governmental Authority and a description of the status of each such self-disclosure filing. To the Knowledge of L+M, each of the L+M Affiliates that are engaged in the delivery of healthcare services is in compliance in all material respects with the administrative simplification provisions required under the HIPAA, including the electronic data interchange regulations and the health care privacy regulations, as of the applicable effective dates for such requirements, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Each of the L+M Affiliates that are engaged in the delivery of healthcare services that is a "covered entity" under HIPAA has designated a director-level employee of the L+M Affiliates as its HIPAA privacy officer. To the Knowledge of L+M, the practices of the L+M Affiliates regarding the collection, access, maintenance, transmission, use, and disclosure of Confidential Information, including Protected Health Information, in connection with the conduct and operations of the L+M Affiliates' business are and have been in all material respects in compliance with any of the L+M Affiliates' contracts or commitments with third parties. To the Knowledge of L+M, the practices of the L+M Affiliates regarding the collection, access, maintenance,

transmission, use, and disclosure of Confidential Information, including Protected Health Information, in connection with the conduct and operations of the L+M Affiliates' business are and have been in accordance in all material respects with any applicable written policy or procedure of the L+M Affiliates since October 1, 2011 (or such later date on which the relevant policy or procedure shall have taken effect). To the Knowledge of L+M, the L+M Affiliates have not had any breach of information security that would constitute (i) a "security incident" (as defined in 45 CFR § 164.304) that resulted in material and actual unauthorized access, use, disclosure, modification or destruction of Protected Health Information or (ii) a "breach" under Section 13402 of the American Recovery and Reinvestment Act of 2009 and any regulations promulgated thereunder or state information security laws or regulations that require notification to or of government officials, or to individuals whose information may have been breached.

3.9.2 Investigations and Penalties. To the Knowledge of L+M, since January 1, 2012, none of the L+M Affiliates that are engaged in the delivery of healthcare services, and, no officer, director or trustee, or board officer or employee thereof with respect to the conduct of business operations of the L+M Affiliates:

(a) has been subject to any investigation, inquiry or suit by any Governmental Authority that has not been fully and finally resolved regarding any alleged violation of applicable governmental authorization or legal requirement which if adversely determined would reasonably be expected to have a Material Adverse Effect;

(b) has paid or been subject to any fine, penalty, corrective action plan, remediation plan, exclusion or other sanction by, or made a self-disclosure to, any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect;

(c) is a party to any written arrangement, including without limitation a corporate integrity agreement, deferred prosecution agreement, consent decree or settlement agreement, with any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect;

(d) has been or is currently a defendant in any qui tam, false claims or similar litigation that would reasonably be expected to have a Material Adverse Effect if adversely determined;

(e) to the Knowledge of L+M, is currently subject to any investigation, inquiry or suit by any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect; or

(f) to the Knowledge of L+M, has received any complaint from any employee, independent contractor, vendor, or any other Person regarding any alleged material violation of any governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect.

3.9.3 Compliance Program. Each of the L+M Affiliates has established and maintains a corporate compliance program which addresses the material requirements of all material Applicable Laws of the Governmental Authorities having jurisdiction over its business and operations. Each of the L+M Affiliates that is engaged in the delivery of healthcare services has designated an executive employee of such L+M Affiliate or of L+M as its chief compliance officer. Except as specifically disclosed to YNHHSC, to the Knowledge of L+M, there are no material pending internal investigations that could reasonably be expected to lead to a material fine, penalty, corrective action plan, remediation plan, exclusion or other material sanction by, or a self-disclosure to, any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement. To the Knowledge of L+M, each of the L+M Affiliates have established and maintain policies or procedures, including without limitation conflict of interest and related policies, for the review of all compensation arrangements and other arrangements that could involve the referral of patients with other Persons, including but not limited to its officers, directors or trustees, physicians, executives, their immediate family members, their professional practice entities and other referral sources, that are reasonably designed to maintain compliance with (i) all Applicable Laws, including but not limited to Health Care Fraud and Abuse Laws and the intermediate sanction provisions of the Code and regulations promulgated pursuant thereto, and (ii) their internal policies, including but not limited to any applicable conflicts of interest policy. Except as specifically disclosed to YNHHSC, all such compensation and other arrangements with potential referral sources are, to the Knowledge of L+M, in compliance with all Applicable Laws, including but not limited to Health Care Fraud and Abuse Laws.

3.9.4 Communications and Environmental Claims. Except as specifically disclosed to YNHHSC, during any applicable statute of limitations, none of the L+M Affiliates have received any communication (written or, to the Knowledge of L+M, oral), whether from any Governmental Authority or third party, alleging that any of the L+M Affiliates are not in compliance with any Health Care Laws and there is no Environmental Claim pending or, to the Knowledge of L+M, threatened against any of the L+M Affiliates, or, to the Knowledge of L+M, pending or threatened, against any other Person or entity with respect to any of the L+M Affiliates, or for whose Liability for any Environmental Claim, with respect to any of the L+M Affiliates, any of the L+M Affiliates have or may have retained or assumed by Contract or by operation of Applicable Law which in any such case would give rise to a Material Adverse Effect.

3.9.5 Permits, Licenses and Accreditations.

(a) Each of the L+M Affiliates has all Permits of Governmental Authorities, including those required under Environmental, Health and Safety Requirements, necessary to conduct the business operations of the L+M Affiliates including without limitation (i) in the case of the L+M Provider Subsidiaries, such Permits as are required to obtain reimbursement under all Contracts, including provider Contracts such as network participation agreements and discount agreements, programs and other arrangements with Payer Programs and (ii) in the case of LMI, such Permits as are required to be duly licensed as a sponsored captive insurance company under the laws administered by the LMI Insurance Regulatory Agency (all such Permits described in this sentence, the "***L+M Permits***"). To the Knowledge of L+M, none of the

L+M Affiliates is in material breach or violation of, or material default under any L+M Permit, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. To the Knowledge of L+M, none of the L+M Affiliates is currently subject to or has been given notice of any threatened audit, review or investigation by a Governmental Authority with respect to any L+M Permit.

(b) Each of the L+M Affiliates maintain the accreditations related to its business and operations that are required to be maintained in order for the L+M Affiliates to continue to operate their respective businesses in accordance with their respective past practices, without contingencies, including without limitation accreditation by the Joint Commission, formerly the Joint Commission on Accreditation of Healthcare Organizations (the "***Joint Commission***"). To the Knowledge of L+M, each of the L+M Affiliates have taken all actions required to be taken to maintain such accreditations. There is no pending, and to the Knowledge of L+M, there is no threatened, investigation of any of the L+M Affiliates by any accreditation organization with respect to any material accreditation. None of the L+M Affiliates is subject to any notice of deficiency, plan of correction or similar action with respect to any such material accreditation.

3.9.6 Additional Contracts. True, correct and complete copies of the following Contracts have been provided to YNHHSC:

(a) each Contract (other than employment contracts) between any of the L+M Affiliates and any of its officers, directors or trustees (or any Person controlled by any of these individuals);

(b) each employment Contract, including but not limited to employment Contracts and severance Contracts, between any L+M Affiliate and a physician;

(c) each lease of real property or equipment with a physician or a physician's professional practice entity (such as a professional corporation or professional limited liability company) and specifying the material terms thereof, including the names of the lessor and lessee, the address, the term and a description of the real property or equipment leased thereunder; and

(d) each Contract and plan providing for payments by any of the L+M Affiliates to any officers, directors, key employees or physicians upon a change of control of L+M or the applicable L+M Subsidiaries or upon severance or termination of their employment, other than Collective Bargaining Agreements and Contracts with individual physicians.

3.9.7 Certain Matters Respecting LMI. LMI is and at all times since October 1, 2011 has been in compliance with requirements of Applicable Law of the jurisdiction of its organization including any conditions attached to its insurance license and any directions to LMI issued by the LMI Insurance Regulatory Agency, except for minor violations the effect of which is not material. LMI has not made any reductions of capital or paid any dividends or distributions during the period since September 30, 2013. LMI has delivered to YNHHSC copies of all financial statements and declarations required to be filed by LMI with the LMI Insurance Regulatory Agency since October 1, 2014. LMI is prohibited from joining or contributing to any plan, pool, association or guaranty or insolvency fund under the laws of the jurisdiction of its organization, and LMI is not

entitled to any benefits from any such plan, pool, association or guaranty or insolvency fund for claims arising out of the operations of LMI.

3.10 Tax Matters.

3.10.1 For the six year period preceding the Closing Date, each L+M Affiliate has (i) duly filed or caused to be filed with the appropriate taxing authorities all Tax Returns required to be filed by it (giving effect to as-of- right extensions) and all such Tax Returns are true, correct and complete in all material respects, (ii) timely paid or caused to be paid in full all Taxes shown to be due on such Tax Returns or otherwise due and payable with respect to the operations of the L+M Affiliates and (iii) except as specifically disclosed to YNHHSC, complied in all material respects with all Applicable Laws, rules and regulations relating to the withholding of Taxes and the payment of withheld Taxes, and timely and properly withheld and paid over to the appropriate Governmental Authorities all amounts required to be so withheld and paid under all Applicable Laws, rules and regulations.

3.10.2 No deficiencies or assessments for any Taxes of, or relating to, the operations of the L+M Affiliates have been proposed, asserted or assessed which have not been resolved and paid in full except for deficiencies and assessments being contested in good faith as listed and described in Schedule 3.10.2 or as specifically disclosed to YNHHSC, and no United States federal, state, local or foreign audits or other administrative or judicial proceedings are presently pending with regard to any Taxes or Tax Returns of, or relating to, the operations of the L+M Affiliates. There are no Liens for Taxes upon any assets owned by the L+M Affiliates except for Permitted Encumbrances.

3.10.3 As of the Closing, except for the L+M Affiliates specifically identified on Schedule 3.1.1, each of the L+M Affiliates is recognized by the IRS as exempt from United States federal income taxation, and is recognized by the State of Connecticut and the State of Rhode Island as exempt from state and local income taxes, real property taxes, and qualifies for sales tax exemptions available to organizations described in Section 501(c)(3) of the Code.

3.10.4 The L+M Affiliates have provided a list to YNHHSC of all Tax Returns filed by or with respect to the L+M Affiliates for fiscal years 2011, 2012 and 2013, including without limitation Form 990 "Return of Organization Exempt From Income Tax". The L+M Affiliates also have provided a list to YNHHSC of all examination reports of any Tax Return by any Governmental Authorities and statements of deficiencies assessed by any Governmental Authority with respect to Tax Returns of the L+M Affiliates for fiscal years 2011, 2012 and 2013.

3.10.5 Except as listed in Schedule 3.1.1, none of the L+M Affiliates is a party to any joint venture, partnership, or other business arrangement which is treated as a partnership for United States federal income tax purposes.

3.10.6 Except for the real property certiorari proceedings described in Schedule 3.10.6, there are no Tax rulings, requests for rulings or closing agreements either

in effect or pending with any Governmental Authority relating to any of the L+M Affiliates which could affect the L+M Affiliates' Liability for Taxes after the Closing.

3.10.7 L+M has provided to YNHHSC copies of the letters and/or rulings from the IRS in its possession which recognize that the L+M Affiliates indicated on Schedule 3.1.1 are Tax-Exempt Organizations exempt from United States federal income taxes under Section 501(a) of the Code as organizations described in Section 501(c)(3) of the Code and not as "private foundations" as such term is defined in Section 509 of the Code (the "***L+M Determination Letters***"). The L+M Determination Letters have not been modified, limited or revoked, in whole or in part, and none of the L+M Affiliates for which L+M Determination Letters have been provided has been notified that the IRS is proposing to revoke a L+M Determination Letter. In the case of L+M Affiliates for which L+M Determination Letters have not been provided, but that are Tax-Exempt Organizations exempt from United States federal income taxes under Section 501(a) of the Code as organizations described in Section 501(c)(3) of the Code and not as "private foundations" as such term is defined in Section 509 of the Code, such L+M Affiliates are listed on the list maintained by the U.S. Internal Revenue Service and known as the IRS Exempt Organizations Select Check (the "***IRS List of Exempt Organizations***"). There is no pending request by any of the L+M Affiliates for a redetermination of tax-exempt status as an organization described in Section 501(c)(3) of the Code. Each of the L+M Affiliates that are the subject of the L+M Determination Letters, or that are listed on the IRS List of Exempt Organizations, are in compliance with all of the terms, conditions, and limitations (i) contained in the L+M Determination Letters or (ii) required for inclusion on the IRS List of Exempt Organizations, as applicable, if any, and there has been no conduct by any such L+M Affiliates, of such nature that would warrant modification, limitation or revocation of the L+M Determination Letters or removal from the IRS List of Exempt Organizations, as applicable. To the best of L+M's Knowledge, none of any such L+M Affiliates has any "unrelated business income" as defined in Sections 511 through 514 of the Code which would adversely affect any of the L+M Affiliates' status as an organization described in Section 501(c)(3) of the Code. None of any such L+M Affiliates has been notified that the IRS is proposing to investigate its continued qualification as an organization described in Section 501(c)(3) of the Code or that there are any administrative or judicial proceedings pending or threatened which may adversely affect the classification of any of any such L+M Affiliates as an organization described in Section 501(c)(3) of the Code and not a private foundation under Section 509 of the Code.

3.10.8 The L+M 2014 Audited Financial Statements identify each tax-exempt financing, including its principal amount outstanding as of September 30, 2014 and the date of original issue, benefiting any of the L+M Affiliates. Each of the L+M Affiliates is in compliance in all material respects with all covenants required to be complied with by it under the L+M Tax-Exempt Bonds.

With respect to the L+M Tax-Exempt Bonds no action has been taken or omitted to be taken by any of the L+M Affiliates which would cause such the L+M Tax-Exempt Bonds to be an "arbitrage bond" under Section 148(a) of the Code. Each of the L+M Tax-Exempt Bonds is in compliance with the arbitrage rebate requirement of Section 148(f) of the Code. No action has been taken or omitted to be taken by any of the L+M

Affiliates which would cause any L+M Tax Exempt Bonds not to be "qualified 501(c)(3) bonds" within the meaning of Section 145 of the Code. Each of the L+M Tax-Exempt Bonds satisfies all applicable requirements set forth in Sections 147 and 149 of the Code in order for interest thereon to be excluded from gross income for federal income tax purposes.

3.10.10 With respect to each issue of the L+M Tax-Exempt Bonds, the applicable L+M Affiliates have timely filed with the IRS all Tax Returns, notices and other documents and forms necessary to be filed by the L+M Affiliates to qualify interest thereon for exclusion from gross income for federal income tax purposes and to maintain such exclusion.

3.10.11 At least 95% of the proceeds of the L+M Tax-Exempt Bonds have been used to provide facilities that are owned and operated by a Tax-Exempt Organization (i.e., L+M and LMH), except to the extent that portions of such facilities are permitted to be operated pursuant to a Safe Harbor Management Contract or pursuant to other recognized private business use exceptions.

3.10.12 All of the facilities financed by the L+M Tax-Exempt Bonds are owned for federal income tax purposes by L+M and LMH, each of which is a Tax-Exempt Organization.

3.10.13 At least 95% of the net proceeds of the L+M Tax-Exempt Bonds (net of and after deducting the costs of issuance thereof) are used only by L+M and LMH, each of which is a Tax-Exempt Organization, in activities that are substantially related to the exercise or performance by such Tax-Exempt Organization of purposes or functions constituting the basis for its exemption from federal income taxation under Section 501(a) of the Code.

3.10.14 Except as set forth on Schedule 3.10.14, All of the L+M Tax-Exempt Bonds constitute "qualified hospital bonds" within the meaning of Section 145(c) of the Code.

3.11 Material Contracts.

3.11.1 L+M has made available to YNHHSC true, correct and complete copies, including all amendments, supplements and modifications, of all Material Contracts (other than Material Contracts with Payer Programs); provided, however, that those Material Contracts relating to arrangements between an L+M Affiliate on the one hand and any physician on the other hand have been made available only to outside counsel or consultants for YNHHSC, who shall be instructed not to provide YNHHSC with any pricing, compensation, price sensitive or competitive information.

3.11.2 With respect to each Material Contract, L+M represents that (i) each of the Material Contracts is in full force and effect and constitutes a valid and binding obligation of the L+M Affiliate enforceable against the L+M Affiliate in accordance with its terms, and, to the Knowledge of L+M, against each other party thereto (except as may be limited by bankruptcy, insolvency, fraudulent transfer, moratorium, reorganization,

preference or similar Applicable Laws of general applicability relating to or affecting the rights of creditors generally and subject to general principles of equity (regardless of whether enforcement is sought in equity or at law)); (ii) the L+M Affiliates are not and, to the Knowledge of L+M, no other party thereto is, in breach or default in any material respect under any of the Material Contracts if such breach or default, individually or in the aggregate with other such breaches or defaults, would be reasonably expected to have a Material Adverse Effect; and (iii) the L+M Affiliates have not given and, to the Knowledge of L+M, it has not received from any other Person, any notice or other communication (whether written or oral) regarding any actual or potential violation or breach of, default under, termination of, any Material Contract (other than a termination by expiration of the term of a Material Contract) if such breach or default, individually or in the aggregate with other such breaches or defaults, would reasonably be expected to have a Material Adverse Effect. Except as set forth in Schedule 3.27, none of the Material Contracts for borrowed money or for the lease of real property or Material Contracts with Third Party Payers requires the consent of any other party thereto in connection with the transactions contemplated by this Affiliation Agreement.

3.12 Intellectual Property. To the Knowledge of L+M, each of the L+M Affiliates owns free and clear of all Liens, other than Permitted Encumbrances, Liens securing the L+M Tax-Exempt Bonds and Liens listed or described in Schedule 3.12, or is licensed or otherwise has the valid and enforceable right to use, all Intellectual Property used in or necessary to the conduct of its operations other than failures to own, be licensed or have the right to use Intellectual Property that would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. All such licenses and agreements with third parties relating to such Intellectual Property that are material to the business operations of the L+M Affiliates, taken as a whole, are valid and binding and in full force and effect, and to the Knowledge of L+M, none of the parties thereto is in default thereunder or breach thereof if such breach or default, individually or in the aggregate with such other breaches or defaults and the breaches or defaults described in Section 3.11.2, would reasonably be expected to have a Material Adverse Effect. To the Knowledge of L+M, there is no pending claim by any third party challenging the ownership, validity or use of any material Intellectual Property that is material to the business operations of the L+M Affiliates, taken as a whole.

3.13 Transactions with Affiliates. Except for tuition reimbursement and/or housing assistance loans to employees that are made pursuant to L+M's existing policies, there are no notes receivable of any L+M Affiliate or any other amount payable to any L+M Affiliate owing by any director, officer, member or employee of any L+M Affiliate. Except as set forth in Schedule 3.13 (other than compensation and benefits received in the ordinary course of business as an employee of any L+M Affiliate), and to the Knowledge of L+M no member of any L+M Affiliate's board of directors, and no officer, of any L+M Affiliate, has any interest in: any contract, arrangement or understanding with, or relating to the business or operations of any L+M Affiliate; any loan, arrangement, understanding, agreement or contract for or relating to indebtedness of any L+M Affiliate; or any property (real, personal or mixed), tangible, or intangible, used or currently intended to be used in, the business or operations of any L+M Affiliate.

3.14 [Reserved].

3.15 Litigation.

3.15.1 Except as specifically disclosed to YNHHSC or as disclosed pursuant to Section 3.9, there is no suit, claim, action, proceeding, arbitration, hearing, inquiry or investigations whether at law or equity (individually or collectively as the contest shall require, "***Litigation or Proceedings***") pending or, to the Knowledge of L+M, threatened against the L+M Affiliates, except for any such suit, claim, action, proceeding, arbitration, hearing, inquiry or investigation which (i) is not reasonably expected as of the date hereof, together with any related claims arising out of the same set of facts, to involve an amount in controversy in excess of $5,000,000, in the aggregate, excluding malpractice, general liability and other claims which are fully insured (subject to customary deductible and retention amounts), or (ii) would not be reasonably expected to have a Material Adverse Effect.

3.15.2 There are no outstanding orders, injunctions or decrees of any Governmental Authority (other than orders, injunctions or decrees of general applicability and which do not specifically name an L+M Affiliate) which would have a Material Adverse Effect.

3.16 Labor Relations.

3.16.1 Except for the Collective Bargaining Agreements described in Schedule 3.16.1 and except as disclosed to YNHHSC, (i) none of the L+M Affiliates is a party to, nor bound by, any labor agreement, collective bargaining agreement, written work rules or practices, or any other labor-related agreement or arrangement, with any labor union, trade union or labor organization (collectively, a "***Collective Bargaining Agreement***"); (ii) none of the L+M Affiliates' employees are covered by the terms of any Collective Bargaining Agreements; (iii) to the Knowledge of L+M, no labor union, trade union or labor organization of the L+M Affiliates has since December 31, 2011, made a pending demand for recognition or certification, as a collective bargaining representative of the L+M Affiliates' employees and, to the Knowledge of L+M, there are no representation election petitions filed with the National Labor Relations Board pertaining to the L+M Affiliates' employees; (iv) L+M has no Knowledge of any union organizing activities with respect to any employees of the L+M Affiliates; (v) since October 1, 2011, to the Knowledge of L+M, there have been no actual or threatened arbitrations, grievances, unfair labor practices, labor disputes, strikes, lockouts, slowdowns or collective work stoppages against the L+M Affiliates except for those that would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect; and (vi) since October 1, 2011, neither the L+M Affiliates nor any of their employees, agents or representatives have committed any material unfair labor practice as defined in the National Labor Relations Act which could reasonably be expected to have a Material Adverse Effect.

3.16.2 Each of the L+M Affiliates: (i) is not in violation in any material respect of any Applicable Law pertaining to labor, employment or employment practices including, but not limited to, all Applicable Laws regarding health and safety, wages and hours, labor relations, employment discrimination, disability rights or benefits, equal opportunity, immigration, plant closures and layoffs, affirmative action, employee leave issues, unemployment insurance and workers' compensation, except for violations the

effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect, or (ii) except as listed in Schedule 3.16.2, is not a party to any currently pending claim, action, arbitration, audit, hearing, investigation, complaint, charges, litigation or suit or governmental inquiry alleging a violation of any Applicable Law pertaining to labor, employment or employment practices, nor, to the Knowledge of L+M, is any such claim, action, arbitration, audit, hearing, investigation, complaint, charges, litigation or suit or governmental inquiry pending or threatened, except in each case for matters the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect.

3.16.3 Except as specifically disclosed to YNHHSC, to the Knowledge of L+M, each of the L+M Affiliates: (i) has taken reasonable steps to properly classify and treat all of their workers, interns, trainees and volunteers as independent contractors or employees, (ii) has taken reasonable steps to properly classify and treat all of their employees as "exempt" or "nonexempt" from overtime requirements under Applicable Law, (iii) is not delinquent in any material payments to, or on behalf of, any current or former independent contractors or employees for any services or amounts required to be reimbursed or otherwise paid, (iv) has withheld and reported all material amounts required by Applicable Law or by agreement to be withheld and reported with respect to wages, salaries and other payments to any current or former independent contractors or employees; and (v) is not liable for any material payment to any trust or other fund governed by or maintained by or on behalf of any Governmental Authority with respect to unemployment compensation benefits, social security or other benefits or obligations for any current or former independent contractors or employees (other than routine payments to be made in the normal course of business and consistent with past practice). To the Knowledge of L+M, none of the L+M Affiliates has direct or indirect material Liability as a result of any misclassification of any Person as an independent contractor rather than as an employee.

3.16.4 Except as listed in Schedule 3.16.4, to the Knowledge of L+M, no employee or former employee of the L+M Affiliates is in any material respect in violation of any term of any employment agreement, nondisclosure agreement, common law nondisclosure obligation, fiduciary duty, non-competition agreement, restrictive covenant or other obligation: (i) to the L+M Affiliates or (ii) to a former employer of any such employee relating (A) to the right of any such employee to be employed by the L+M Affiliates or (B) to the knowledge or use of trade secrets or proprietary information in connection with his or her employment with the L+M Affiliates, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect.

3.16.5 Each of L+M Affiliates is and for the last 18 months has been in compliance with all notice and other requirements under the Worker Adjustment and Retraining Notification Act and any similar state or local Applicable Law relating to plant closings or layoffs (collectively, the "***WARN Act***"). In the 18 months prior to the date hereof, each of the L+M Affiliates has not (i) effectuated a "plant closing" (as defined in the WARN Act) or (ii) effectuated a "mass layoff" (as defined in the WARN Act).

3.17 Employee Benefits.

3.17.1 No individuals who are not employees of the L+M Affiliates provide any substantial services to the L+M Affiliates except under contracts between an L+M Affiliate and such individual or a business entity which is not an Affiliate. Schedule 3.17.1 lists, as of the date of this Affiliation Agreement, all Employee Benefit Plans maintained by or with respect to which contributions are made by the L+M Affiliates or the L+M Affiliates has any liability (collectively the "***L+M Plans***"). Prior to the date hereof, L+M has provided to YNHHSC as part of the Due Diligence Information accurate and complete copies of the L+M Plans (and, if applicable, related trust agreements) and all amendments thereto; the two most recent actuarial reports relating to such L+M Plans; the two most recent annual reports (Form 5500 series) filed with respect to each such L+M Plan; in the case of any L+M Plan that is intended to be qualified under Section 401(a) of the Code, the most recent determination letter or opinion letter issued by the IRS with respect to each such L+M Plan and/or any pending request for such a determination letter; the two most recent nondiscrimination tests performed under the Code (including 401(k) and 401(m) tests) for each such L+M Plan; and all material filings made with any governmental entity for the two most recently completed plan years, including but not limited to any filings under the IRS Voluntary Compliance Resolution or Closing Agreement Program with respect to any such L+M Plan.

3.17.2 Each L+M Plan has been operated in all material respects in accordance with its terms and the requirements of Applicable Law. Neither L+M nor, to the Knowledge of L+M, any ERISA Affiliate has engaged in any transaction or failed to act in a manner that violates the fiduciary requirements of Section 404 of ERISA with respect to any L+M Plan. Neither L+M nor, to the Knowledge of L+M, any ERISA Affiliate has engaged in any prohibited transaction with respect to any L+M Plan that could result in material liability to L+M or any ERISA Affiliate.

3.17.3 All required contributions to each L+M Plan (including both employee and employer contributions), and all material premiums due or payable with respect to insurance policies funding any L+M Plan, have been timely made or paid in full or, if not yet paid, have been properly accrued for. The funding level of each L+M Plan has been specifically disclosed to YNHHSC. During the period since October 1, 2010, all distributions required or due to be made from any L+M Plan has been timely and accurately made except (i) as specifically disclosed to YNHHSC, and (ii) to the extent that any failure to make any distribution in a timely and accurate manner would not adversely affect the tax attributes or consequences of the applicable L+M Plan taken as a whole.

3.17.4 Except as set forth in Schedule 3.17.4, no Covered Person will become entitled to any bonus, retirement, severance, job security or similar benefit or enhanced such benefit (including acceleration of vesting or exercise of an incentive award) pursuant to a L+M Plan or other agreement (whether written or unwritten) as a result of the transactions contemplated by this Agreement.

3.17.5 No employee is employed outside of the United States by any L+M Affiliate.

3.17.6 A copy of L+M's written severance policy as in effect on the date of this Affiliation Agreement has been provided to YNHHSC as part of the Due Diligence Information.

3.17.7 Except as specifically disclosed to YNHHSC, no L+M Plan or other arrangement provides for retiree health, retiree life insurance or other retiree welfare benefits (other than COBRA continuation benefits).

3.17.8 No L+M Plan that is a welfare benefit arrangement is (i) a multiple employer welfare arrangement (within the meaning of Section 3(40) of ERISA, (ii) a voluntary employee benefit association under Section 501(c)(9) of the Code, or (iii) any other arrangement that would cause an employee welfare benefit plan to be funded for purposes of ERISA.

3.17.9 No payment or benefit provided under any L+M Plan provides for the deferral of compensation that is not in compliance with Sections 409A and 457(f) of the Code (to the extent applicable). Except as specifically disclosed to YNHHSC, no L+M Plan provides for a gross-up, make whole or other additional payment with respect to any Tax, including those imposed by Section 409A.

3.17.10 None of the L+M Affiliates has at any time been obligated to contribute to a multiemployer plan as defined in Section 3(37) of ERISA, and has no unsatisfied actual or inchoate liability (including withdrawal liability) with respect thereto.

3.18 Environmental, Health, and Safety Matters.

3.18.1 Each L+M Affiliate is in material compliance with all Environmental, Health, and Safety Requirements except to the extent that any non-compliance with Environmental, Health, and Safety Requirements would not reasonably be expected to have a Material Adverse Effect.

3.18.2 Except as specifically disclosed to YNHHSC, no L+M Affiliate has received any written notice, report or other written information regarding any actual or alleged material violation of Environmental, Health, and Safety Requirements, or any material liabilities or potential material liabilities (whether accrued, absolute, contingent, unliquidated or otherwise), concerning the Remediation of any Environmental Condition or Hazardous Substances relating to the L+M Affiliates that remains outstanding or unresolved.

3.19 Books and Records. The books of account and other financial records of the L+M Affiliates, all of which shall have been made available to YNHHSC prior to Closing, are accurate and complete in all material respects. Each transaction of the L+M Affiliates is properly and accurately recorded on the books and records of the applicable L+M Affiliate except for immaterial omissions or inaccuracies, the effect of which is insubstantial. L+M has made or will make available to YNHHSC a correct and complete copy of the minute books of the L+M Affiliates, except such portions as may have been redacted or excluded that contain records or discussions pertaining to the entry into or consummation of the transactions contemplated by this Agreement or the process of negotiation leading to the development of this

Agreement. To the extent permitted by Applicable Law and to the extent that doing so would not reasonably be expected to result in the waiver of privilege, L+M has made available to YNHHSC a correct and complete copy of the minutes maintained by the L+M Affiliates quality assurance committees since October 1, 2011.

3.20 Illegal Payments. To the Knowledge of L+M, none of the L+M Affiliates, nor any of their respective officers, directors, agents or employees or any other person on behalf of the L+M Affiliates, has made directly or indirectly any illegal payment to or on behalf of, or provided any illegal benefit or inducement for, any physician, supplier or patient of the L+M Affiliates. To the Knowledge of L+M neither the L+M Affiliates, nor any of their respective officers, directors, employees or agents has, directly or indirectly, paid or delivered a fee, commission or other sum of money or item or property, however characterized, to any finder, agent, Governmental Authority or other party, in the United States or any other country, which was or is illegal under any Applicable Law. To the Knowledge of L+M, none of the L+M Affiliates, nor any of their respective officers, directors, employees or agents has made any payment to any supplier of the L+M Affiliates or any officer, director, employee or agent of any patient or supplier of the L+M Affiliates, for the unlawful sharing of fees or to any such patient or supplier or any such officer, director, employee or agent for the unlawful rebating of charges, or engaged in any other unlawful payment or given any other unlawful consideration to any such enrollee, patient or supplier or any such officer, director, employee or agent.

3.21 Bankruptcy. None of the L+M Affiliates is the subject of bankruptcy, insolvency or any similar proceedings.

3.22 Information Systems. L+M has specifically disclosed to YNHHSC each major information technology system owned or leased by the L+M Affiliates and used by the L+M Affiliates in their business operations as now conducted.

3.23 Foreign Operations. Other than LMI, the L+M Affiliates have no operations outside the United States.

3.24 [Reserved]

3.25 Insurance Coverage. Each of the L+M Affiliates maintains, and, during the past three-year period, has maintained without interruption, (i) self-insurance arrangements or (ii) policies of insurance, including, without limitation, general liability, property, casualty, malpractice and worker's compensation insurance, issued by responsible insurers, and the coverage provided under such insurance policies has in the applicable L+M Affiliate's reasonable judgment been reasonable in scope and amount in light of the risks attendant to the operation and activities of such L+M Affiliate. A true, correct and complete copy of each insurance policy maintained by an L+M Affiliate as of the date of this Affiliation Agreement has been provided to YNHHSC prior to the Effective Date as part of the Due Diligence Information. None of the L+M Affiliates has received written notice of termination (other than termination by expiration of the term thereof) or cancellation of any such policy that is currently in effect. All premiums required to be paid with respect to all such policies covering all periods up to and including the date of this Agreement have been paid. There has been no lapse in coverage under such policies during any period for which any of the L+M Affiliates have conducted their business operations and for which any claim covered by any such policy could be made under

applicable statutes of limitations. Each general liability and malpractice insurance policy under which one of the L+M Affiliates is the named insured is adequate to cover all claims of the kind intended to be covered, and which have been made, under such policies. Each of the L+M Affiliates has complied in all material respects with the terms and provisions of such policies, and is not in default, whether as to payment of premium or of any other material obligation thereunder, under the terms of any such policy. All of the policies described in this Section 3.25 are in full force and effect and such coverage will be continued in full force and effect to and including the Closing Date and thereafter in accordance with their terms.

3.26 Regulatory Matters.

3.26.1 To the Knowledge of L+M, since October 1, 2011, the L+M Affiliates have timely filed all material reports, statements, documents, registrations, filings or submissions required to be filed by the L+M Affiliates with any Governmental Authorities, including in connection with or required by any Material Contracts or in connection with the L+M Tax-Exempt Bonds, except where the failure to timely file has not resulted and would not reasonably be expected to result in a Material Adverse Effect. All such reports, statements, documents, registrations, filings and submissions were true, correct and complete in all material respects when filed, complied in all material respects with Applicable Law in effect when filed. Except as set forth on Schedule 3.26.1, since October 1, 2011, no material deficiencies have been asserted by any such Governmental Authority with respect to such reports, statements, documents, registrations, filings or submissions that have not been satisfied, or, if not yet satisfied, where satisfaction is not yet due. To the Knowledge of L+M, the Material Contracts are in compliance with Applicable Law.

3.26.2 Except as specifically disclosed to YNHHSC, since October 1, 2011, the L+M Affiliates have not been subject to any finding, agreement, settlement or fine regarding noncompliance with any Applicable Law (including fraudulent procedures or practices but excluding any finding, agreement, settlement or fine that resulted only in a monetary penalty of $50,000.00 or less) that resulted in or would reasonably be expected to result in a Material Adverse Effect. Except as specifically disclosed to YNHHSC, to the Knowledge of L+M, since October 1, 2011, the L+M Affiliates have not been subject to any pending or threatened audit, investigation or other regulatory review relating to any noncompliance with any Applicable Law (including fraudulent procedures or practices, or, to the Knowledge of L+M, OSHA violations and any warning letters or observations (including any FDA warning letters or FDA Form 483 observations)), other than regularly scheduled periodic audits and reviews.

3.26.3 Neither L+M nor any L+M Subsidiary has been excluded, debarred or otherwise deemed ineligible to participate in Medicare, Medicaid or any other federal or state health care programs or in any federal or state procurement or non-procurement programs, nor has L+M or any L+M Subsidiary been convicted of a criminal offense related to the provision of federal health care items or services, nor, to L+M's Knowledge, is an investigation or proceeding regarding the foregoing pending or threatened. L+M and each of the L+M Subsidiaries that provides services to beneficiaries of Government Payer programs is (i) qualified for participation in, and has current and valid provider contracts with, the Government Payer programs and /or their fiscal

intermediaries or paying agents and is in material compliance with the conditions of participation or requirements applicable with respect to such participation and (ii) eligible for payment under the Government Payer programs for services rendered to qualified beneficiaries.

3.27 Consents and Approvals. No consents with respect to Material Contracts or approvals of any Governmental Authority are required to be obtained by any L+M Affiliate in connection with the execution, delivery and performance by L+M of this Agreement or the consummation of the transactions contemplated by this Agreement, except for (a) the requirements of the HSR Act and (b) as set forth in Schedule 3.27, which shall include, but not be limited to, any filings with, and approvals from, (i) OHCA, (ii) RIDOH upon the recommendation of the Rhode Island Health Services Council and (iii) the Rhode Island Attorney General.

3.28 Billing, Recoupments and Overpayments.

3.28.1 To the Knowledge of L+M, during the period of the applicable statutes of limitation, all claims for reimbursement ("***Reimbursement Claims***") submitted by the L+M Affiliates comply in all material respects with all Applicable Laws, including but not limited to Health Care Fraud and Abuse Laws, and all Payer Program contracts, provider manuals, policies, guidance, and reimbursement requirements governing reimbursement and payment of claims and do not contain any material errors, omissions or disallowances, except as specifically disclosed to YNHHSC, to the extent that non-compliance or errors or omissions would not individually or in the aggregate be reasonably expected to have a Material Adverse Effect. Except as specifically disclosed to YNHHSC, none of the L+M Affiliates have any outstanding overpayment or refund obligations due to any individual Payer Program in excess of $5,000,000 in the aggregate. Except as specifically disclosed to YNHHSC, none of the L+M Affiliates has received notice of any material disallowance, overpayment, refund or dispute between the L+M Affiliates, on the one hand, and any Payer Program, or agent thereof, on the other hand, regarding such Reimbursement Claims that has not been resolved and, to the Knowledge of L+M, there are no facts or circumstances which may reasonably be expected to give rise to any disallowance, overpayment, refund or dispute that individually or in the aggregate would be reasonably expected to have a Material Adverse Effect.

3.28.2 With respect to each of the last three complete reporting periods, the Cost Reports for L+M and each L+M Subsidiary that provides services to beneficiaries of Government Payer programs have been filed when due, and have been audited (with Notices of Program Reimbursement issued), for the Cost Report periods described in Schedule 3.28.2

3.28.3 Except as specifically disclosed to YNHHSC, with respect to each of the last three complete reporting periods, all amounts shown as due from L+M or any L+M Subsidiary in the applicable Cost Reports that either were remitted with such Cost Reports or will be remitted when required by Applicable Law. Except to the extent liabilities and contractual adjustments with respect to L+M and any L+M Subsidiary under the Government Payer programs have been properly reflected and adequately reserved in the L+M Financial Statements, to L+M's Knowledge, neither L+M nor any L+M

Subsidiary has received or submitted any claim for payment to the Government Payer programs (or their fiscal intermediaries or paying agents) in excess in any material respect of the amount provided by Applicable Law or applicable provider contracts, and L+M and the L+M Subsidiaries have not received notice of any dispute or claim by any Governmental Authority, fiscal intermediary or other Person regarding L+M or any of the L+M Subsidiaries in such programs, in each case, that individually or in the aggregate, would be reasonably expected to have a Material Adverse Effect.

3.29 Medical Staff Matters. Prior to the date of this Affiliation Agreement, L+M has provided to YNHHSC as part of the Due Diligence Information true, correct, and complete copies of the bylaws, rules and regulations of the medical staff of each of LMH and LMW, as well as a list of all current members of their medical staffs. To the Knowledge of L+M, all actions undertaken by LMH and LMW respectively with respect to its medical staff, including corrective discipline or other professional review, have been carried out in accordance with all Applicable Laws.

3.30 Clinical Trials. To the Knowledge of L+M, all clinical trials currently being conducted at the L+M Affiliates are being conducted (i) with the approval and/or waiver of an appropriately constituted and duly registered institutional review board ("***IRB***") and (ii) in compliance with the applicable IRB policies and procedures, study agreements with trial sponsors and/or contract research organizations, and all Applicable Law, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Within the past two years, no clinical trial conducted at the L+M Affiliates has been subject to suspension or termination (other than by the sponsor of the trial due to reasons unrelated to the L+M Affiliate's performance of its obligations) due to patient safety concerns, material non-compliance with the applicable study agreement or Applicable Law, except for suspensions or terminations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Within the past two years, none of the L+M Affiliates, nor to the Knowledge of L+M, any investigator involved in a clinical trial at the L+M Affiliates, has received any correspondence or communication relating to the applicable L+M Affiliate's conduct from any trial sponsor, contract research organization, IRB or Governmental Authority, including without limitation the Connecticut Department of Public Health, FDA or the Department of Health and Human Services Office for Human Research Protections ("***OHRP***"), regarding patient safety breaches, billing issues associated with care provided to clinical trial subjects, obligations to register and report results of clinical trials, research misconduct, notice of pending debarment or disqualification, or other material non-compliance with the applicable study agreement or Applicable Law, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect.

3.31 Relationship with Pharmaceutical and Medical Device Manufacturers, Vendors and Suppliers. Except as specifically disclosed to YNHHSC, (i) to the Knowledge of L+M, each of the L+M Affiliates is in compliance with the applicable L+M Affiliate's policies and procedures regarding interactions with pharmaceutical manufacturers, medical device manufacturers, equipment and supply vendors, including without limitation, those relating to conflicts of interest, product samples, transfers of value and remuneration arrangements, and (ii) such policies and procedures are reasonably designed to comply with Applicable Law.

3.32 Solvency of the L+M Affiliates. Immediately after giving effect to the transactions contemplated by this Agreement, none of the L+M Affiliates will (a) be insolvent (either because its financial condition is such that the sum of its Liabilities is greater than the fair value of its assets or because the fair salable value of its assets is less than the amount required to pay probable Liabilities as they mature), (b) have unreasonably small capital with which to engage in its business or (c) have incurred Liabilities beyond its ability to pay as they become due. No transfer of property is being made and no obligation is being incurred in connection with the transactions contemplated by this Agreement with the intent to hinder, delay or defraud either present or future creditors of the L+M Affiliates. LMI is solvent according to all applicable standards of solvency administered by the LMI Insurance Regulatory Agency.

3.33 Charitable Funds. To the Knowledge of L+M, L+M and the L+M Subsidiaries have solicited, received, held, invested, expended and applied charitable funds donated to them in all material respects in accordance with all restrictions placed thereon by donors, the terms of any applicable solicitation and Applicable Laws. Neither L+M nor any of the L+M Subsidiaries has received written notice of any, whether actual or alleged, misuse of funds, failure to comply with any donor-imposed restriction, breach of duty related to the funds, or violation of any Applicable Laws which would reasonably be expected to have a L+M Material Adverse Effect, nor to the Knowledge of L+M, has any such misuse, failure, breach or violation occurred.

3.34 No Undisclosed Liabilities. Except as specifically disclosed to YNHHSC, none of the L+M Affiliates has material Liabilities or material obligations of any nature (including, without limitation, any direct or indirect Indebtedness, guaranty, endorsement, claim, loss, damage, deficiency, cost, expense, obligation or responsibility, fixed or unfixed, known or unknown, asserted or unasserted, liquidated or unliquidated, secured or unsecured, absolute, accrued, contingent or otherwise and whether due or to become due, or liability or obligations for an overpayment, duplicate payments, refunds discounts or adjustments due to any Third Party Payer, including any federal or state health care program) arising out of, or relating to, the business operations of L+M Affiliates and which are required to be reflected on a balance sheet prepared in accordance with GAAP, except: (i) liabilities or obligations as and to the extent reflected on or accrued or reserved against as set forth in the L+M 2014 Audited Financial Statements; and (ii) liabilities incurred since the date of the L+M 2014 Audited Financial Statements in the ordinary course of business. Neither L+M nor any of the L+M Subsidiaries is in default of any term or condition of any Indebtedness or other Liability in excess of $250,000, including any trade payable.

3.35 Completeness of Disclosure. No representation or warranty by L+M in this Agreement, or any written certificate, schedule or exhibit when taken as a whole with all such other representations, warranties, certificates, schedules and exhibits contains or will contain any untrue statement of a material fact or will omit to state a material fact required to be stated herein or therein or necessary to make any statement herein or therein not misleading in light of the circumstances under which it was made.

ARTICLE 4

REPRESENTATIONS AND WARRANTIES OF YNHHSC

YNHHSC represents and warrants to L+M that the statements contained in this Article 4 are correct and complete as of the date of this Agreement, except as set forth in the Disclosure Schedule and except as specifically disclosed to L+M. The Disclosure Schedule will be arranged in sections corresponding to the lettered and numbered sections contained in this Article 4. The Parties acknowledge and confirm that any competitively sensitive information called for by this Article 4 (including any schedules of the Disclosure Schedule) shall only be disclosed pursuant to such procedures as the Parties shall mutually agree upon so as to avoid violation of Applicable Law.

4.1 Organization of YNHHSC. YNHHSC is a nonstock corporation, without members, which is duly organized, validly existing and in good standing under the laws of the State of Connecticut, and has (and at the Closing will have) full corporate power and authority to own its assets and conduct its operations (as now conducted and as conducted at the Closing). Each of the YNHHSC Subsidiaries is duly organized, validly existing and in good standing under the laws of the state of its formation, and has (and at the Closing will have) full corporate power and authority to own its assets and conduct its operations as currently being conducted (as now conducted and as conducted at the Closing).

Schedule 4.1.1 lists all Subsidiaries of YNHHSC. Except as indicated on Schedule 4.1.1, each of the YNHHSC Subsidiaries is a nonstock corporation of which YNHHSC is the sole member. Except as indicated on Schedule 4.1.1, each of the YNHHSC Affiliates is a Tax-Exempt Organization.

4.1.1 The certificates of incorporation (or similar organizational documents) and bylaws of the YNHHSC Affiliates, copies of which have heretofore been provided or made available to L+M, are true, complete and correct copies of such documents.

4.1.2 Schedule 4.1.1 sets forth the name of each other Person in which any of the YNHHSC Affiliates has any equity or membership interest other than a passive minority investment.

4.2 Authorization of Transaction. YNHHSC has full corporate power and authority to execute and deliver this Affiliation Agreement and to perform its obligations hereunder. This Agreement has been duly authorized by all requisite corporate action of YNHHSC. This Agreement has been duly executed and delivered by YNHHSC and, assuming due authorization, execution and delivery by L+M, and receipt of the consents and approvals listed in Schedule 4.27, constitutes a valid and binding obligation of YNHHSC, enforceable against YNHHSC in accordance with its terms (except as may be limited by bankruptcy, insolvency, fraudulent transfer, moratorium, reorganization, preference or similar Applicable Laws of general applicability relating to or affecting the rights of creditors generally and subject to general principles of equity (regardless of whether enforcement is sought in equity or at law)). The LMMG-NEMG Agreement and Plan of Merger to become effective as of and subject to the Closing have been duly authorized by all requisite corporate action of NEMG.

4.3 Non-Contravention. Neither the execution and delivery by YNHHSC of this Affiliation Agreement nor the consummation by YNHHSC and the YNHHSC Subsidiaries of the transactions contemplated hereby, will:

4.3.1 violate any provision of the certificate of incorporation (or similar organizational documents) or, subject only to obtaining any necessary approvals described in Article 5, bylaws of any of the YNHHSC Affiliates; or

4.3.2 subject only to obtaining the approvals set forth in Schedule 4.27, constitute a violation on the part of the YNHHSC Affiliates of any statute, Applicable Law, judgment, decree, order, regulation or rule of any court or Governmental Authority applicable to any of the YNHHSC Affiliates; or

4.3.3 subject only to obtaining the consents set forth in Schedule 4.27, (i) violate, or be in conflict with, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or accelerate the performance required by, or cause the acceleration of the maturity of, any debt, or the revocation or loss of any material license, or (ii) violate, or be in conflict with, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or accelerate the performance required by, any obligation pursuant to any Material Contract to which any of the YNHHSC Affiliates is a party (other than any Material Contract evidencing debt for borrowed money), or result in the revocation or loss of any Material Contracts, grants, endowment funds, permits or insurance policies listed in the Disclosure Schedule, or give any third party any option, right of first refusal or other rights under any Material Contract relating to the operations of any YNHHSC Affiliate which, in case of any document, instrument or policy described in this clause (ii), individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect.

4.4 Brokers' Fees. YNHHSC has no liability or obligation to pay any fees or commissions to any broker, finder, or agent with respect to the transactions contemplated by this Agreement.

4.5 Title to Assets. Each of the YNHHSC Affiliates has (subject to the Liens granted pursuant as the YNHHSC Master Trust Indenture) good, valid and marketable title to, or in the case of leased premises as to which it is a tenant a valid, binding and enforceable leasehold or subleasehold interest in, all of the real property owned or leased, as the case may be, by the such YNHHSC Affiliate in connection with the conduct the YNHHSC Activities, except as would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

4.5.1 [Reserved]

4.5.2 [Reserved]

4.5.3 [Reserved]

4.5.4 [Reserved]

4.6 [Reserved].

4.7 Financial Statements. YNHHSC has provided or made available to L+M true and correct copies of (i) the audited consolidated statements of financial position of each of the YNHHSC Affiliates, and related statements of activities and change in net assets, functional expenses and cash flows of each of the YNHHSC Affiliates for the fiscal years ending as of September 30, 2011, 2012 and 2013 including the notes thereto; (ii) the audited consolidated statements of financial position of each of the YNHHSC Affiliates, and related statements of activities and change in net assets, functional expenses and cash flows of each of the YNHHSC Affiliates as of December 31, 2014, including the notes thereto (the "***YNHHSC 2014 Audited Financial Statements***"); and (iii) an unaudited consolidated statement of financial position of each of the YNHHSC Affiliates and unaudited statements of activities, functional expenses and cash flows of each of the YNHHSC Affiliates as of March 31, 2015 (the "***YNHHSC Interim Financial Statements***" and together with the YNHHSC 2014 Audited Financial Statements, the "***YNHHSC Financial Statements***"). The YNHHSC 2014 Audited Financial Statements (i) have been prepared in accordance with GAAP and (ii) fairly present in all material respects the consolidated financial position and the results of operations and cash flows of each of the YNHHSC Affiliates at and as of the dates or for the periods indicated. The YNHHSC Interim Financial Statements (i) have been prepared in accordance with GAAP (subject to certain presentation items consistent with the ordinary course of business, to the absence of footnote disclosure and to normal year-end adjustments) and (ii) fairly present in all material respects the consolidated financial position and the results of operations and cash flows of each of the YNHHSC Affiliates at and as of the respective dates thereof or for the periods ended on such dates, as applicable.

4.7.1 Each of the YNHHSC Affiliates maintains systems of internal accounting controls to provide reasonable assurances that: (i) all transactions are executed in accordance in all material respects with management's general or specific authorization, (ii) all transactions are recorded as necessary to permit the preparation of the YNHHSC Financial Statements in conformity with GAAP and maintain proper accountability for items and (iii) all reserves reflected on the YNHHSC Financial Statements are sufficient for the purposes for which they were established. Since October 1, 2011, none of the YNHHSC Affiliates has received and, to the Knowledge of YNHHSC, there has not been, any complaint, allegation, assertion or claim regarding the YNHHSC Affiliates' accounting or auditing practices, procedures, methodologies or methods, including any complaint, allegation, assertion or claim that any of the YNHHSC Affiliates has engaged in questionable accounting or auditing practices that would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

4.7.2 [Reserved]

4.7.3 [Reserved]

4.8 Subsequent Events. Since the date of the most recent YNHHSC Interim Financial Statements, (i) the YNHHSC Affiliates have conducted their business operations in the ordinary course, and (ii) except as described in Schedule 4.8, there has not been:

(a) Any YNHHSC Material Adverse Effect or event or occurrence of any condition that would reasonably be expected to have a Material Adverse Effect;

(b)-(v) [Reserved]

4.9 Compliance with Law.

4.9.1 Regulatory Compliance. To the Knowledge of YNHHSC, each of the YNHHSC Affiliates have, during the previous three years, conducted and continues to conduct the business operations of such YNHHSC Affiliate in substantial compliance with all Applicable Laws, including Environmental, Health and Safety Requirements, and have timely filed all material reports, data, and other information related to the business operations of the YNHHSC Affiliates, except for (i) matters specifically disclosed to L+M and (ii) violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Except as specifically disclosed to L+M, to the Knowledge of YNHHSC none of the YNHHSC Affiliates that are engaged in the delivery of healthcare has, nor have any of their respective employees, committed a violation of federal or state laws regulating health care fraud, including but not limited to the Health Care Fraud and Abuse Laws, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Each of the YNHHSC Affiliates that are engaged in the delivery of healthcare services is in compliance in all material respects with the administrative simplification provisions required under the HIPAA, including the electronic data interchange regulations and the health care privacy regulations, as of the applicable effective dates for such requirements, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Each of the YNHHSC Affiliates that are engaged in the delivery of healthcare services that is a "covered entity" under HIPAA has designated an executive employee of the YNHHSC Affiliates as its HIPAA privacy officer. To the Knowledge of YNHHSC, the practices of the YNHHSC Affiliates regarding the collection, access, maintenance, transmission, use, and disclosure of Confidential Information, including Protected Health Information, in connection with the conduct and operations of the YNHHSC Affiliates' business are and have been in all material respects in compliance with any of the YNHHSC Affiliates' contracts or commitments with third parties. To the Knowledge of YNHHSC, the practices of the YNHHSC Affiliates regarding the collection, access, maintenance, transmission, use, and disclosure of Confidential Information, including Protected Health Information, in connection with the conduct and operations of the YNHHSC Affiliates' business are and have been in accordance in all material respects with any applicable written policy or procedure of the YNHHSC Affiliates since October 1, 2011 (or such later date on which the relevant policy or procedure shall have taken effect). To the Knowledge of YNHHSC, the YNHHSC Affiliates have not had any breach of information security that would constitute (i) a "security incident" (as defined in 45 CFR § 164.304) that resulted in material and actual unauthorized access, use, disclosure, modification or destruction of Protected Health Information or (ii) a "breach" under Section 13402 of the American Recovery and Reinvestment Act of 2009 and any regulations promulgated thereunder or state information security laws or regulations that require notification to or of government officials, or to individuals whose information may have been breached.

4.9.2 Investigations and Penalties. To the Knowledge of YNHHSC, since January 1, 2012, none of the YNHHSC Affiliates that are engaged in the delivery of

healthcare services, and, no officer, director or trustee, or board officer or employee thereof with respect to the conduct of business operations of the YNHHSC Affiliates:

(a) has been subject to any investigation, inquiry or suit by any Governmental Authority that has not been fully and finally resolved regarding any alleged violation of applicable governmental authorization or legal requirement which if adversely determined would reasonably be expected to have a Material Adverse Effect;

(b) has paid or been subject to any fine, penalty, corrective action plan, remediation plan, exclusion or other sanction by, or made a self-disclosure to, any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect;

(c) is a party to any written arrangement, including without limitation a corporate integrity agreement, deferred prosecution agreement, consent decree or settlement agreement, with any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect;

(d) has been or is currently a defendant in any qui tam, false claims or similar litigation that would reasonably be expected to have a Material Adverse Effect if adversely determined;

(e) to the Knowledge of YNHHSC, is currently subject to any investigation, inquiry or suit by any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect; or

(f) to the Knowledge of YNHHSC, has received any complaint from any employee, independent contractor, vendor, or any other Person regarding any alleged material violation of any governmental authorization or legal requirement that would reasonably be expected to have a Material Adverse Effect.

4.9.3 Compliance Program. Each of the YNHHSC Affiliates has established and maintains a corporate compliance program which addresses the material requirements of all material Applicable Laws of the Governmental Authorities having jurisdiction over its business and operations. Each of the YNHHSC Affiliates that is engaged in the delivery of healthcare services has designated an executive employee of such YNHHSC Affiliate or of YNHHSC as its chief compliance officer. Except as specifically disclosed to YNHHSC, to the Knowledge of YNHHSC, there are no material pending internal investigations that could reasonably be expected to lead to a material fine, penalty, corrective action plan, remediation plan, exclusion or other material sanction by, or a self-disclosure to, any Governmental Authority regarding any alleged violation of any applicable governmental authorization or legal requirement. To the Knowledge of YNHHSC, each of the YNHHSC Affiliates have established and maintain policies and procedures, including without limitation conflict of interest and related policies, for the review of all compensation arrangements and other arrangements that could involve the referral of patients with other Persons, including but not limited to its officers, directors or

trustees, physicians, executives, their immediate family members, their professional practice entities and other referral sources, that are reasonably designed to maintain compliance with (i) all Applicable Laws, including but not limited to Health Care Fraud and Abuse Laws and the intermediate sanction provisions of the Code and regulations promulgated pursuant thereto, and (ii) their internal policies, including but not limited to any applicable conflicts of interest policy. Except as specifically disclosed to YNHHSC, all such compensation and other arrangements with potential referral sources are, to the Knowledge of YNHHSC, in compliance with all Applicable Laws, including but not limited to Health Care Fraud and Abuse Laws.

4.9.4 Communications and Environmental Claims. Except as specifically disclosed to L+M, during any applicable statute of limitations, none of the YNHHSC Affiliates have received any communication (written or, to the Knowledge of YNHHSC, oral), whether from any Governmental Authority or third party, alleging that any of the YNHHSC Affiliates are not in compliance with any Health Care Laws and there is no Environmental Claim pending or, to the Knowledge of YNHHSC, threatened against any of the YNHHSC Affiliates, or, to the Knowledge of YNHHSC, pending or threatened, against any other Person or entity with respect to any of the YNHHSC Affiliates, or for whose Liability for any Environmental Claim, with respect to any of the YNHHSC Affiliates, any of the YNHHSC Affiliates have or may have retained or assumed by Contract or by operation of Applicable Law which in any such case would give rise to a Material Adverse Effect.

4.9.5 Permits, Licenses and Accreditations.

(a) Each of the YNHHSC Affiliates has all Permits of Governmental Authorities, including those required under Environmental, Health and Safety Requirements, necessary to conduct the business operations of the YNHHSC Affiliates and obtain reimbursement under all Contracts, including provider Contracts such as network participation agreements and discount agreements, programs and other arrangements with Payer Programs ("***YNHHSC Permits***"). To the Knowledge of YNHHSC, none of the YNHHSC Affiliates is in material breach or violation of, or material default under any YNHHSC Permit, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. None of the YNHHSC Affiliates has made a decision not to renew any YNHHSC Permit. To the Knowledge of YNHHSC, none of the YNHHSC Affiliates is currently subject to or has been given notice of any threatened audit, review or investigation by a Governmental Authority with respect to any YNHHSC Permit.

(b) Each of the YNHHSC Affiliates maintain the accreditations related to its business and operations that are required to be maintained in order for the YNHHSC Affiliates to continue to operate their respective businesses in accordance with their respective past practices, without contingencies, including without limitation accreditation by the Joint Commission. To the Knowledge of YNHHSC, each of the YNHHSC Affiliates have taken all actions required to be taken to maintain such accreditations. There is no pending, and to the Knowledge of YNHHSC, there is no threatened, investigation of any of the YNHHSC Affiliates by any accreditation organization with respect to any material accreditation. None of the YNHHSC Affiliates is subject to any notice of deficiency, plan of correction or similar action with respect to any such material accreditation.

4.9.6 [Reserved]

4.9.7 [Reserved]

4.10 Tax Matters.

4.10.1 For the six year period preceding the Closing Date, each YNHHSC Affiliate has (i) duly filed or caused to be filed with the appropriate taxing authorities all Tax Returns required to be filed by it (giving effect to as-of- right extensions) and all such Tax Returns are true, correct and complete in all material respects, (ii) timely paid or caused to be paid in full all Taxes shown to be due on such Tax Returns or otherwise due and payable with respect to the operations of the YNHHSC Affiliates and (iii) except as specifically disclosed to L+M, complied in all material respects with all Applicable Laws, rules and regulations relating to the withholding of Taxes and the payment of withheld Taxes, and timely and properly withheld and paid over to the appropriate Governmental Authorities all amounts required to be so withheld and paid under all Applicable Laws, rules and regulations.

4.10.2 No deficiencies or assessments for any Taxes of, or relating to, the operations of the YNHHSC Affiliates have been proposed, asserted or assessed which have not been resolved and paid in full except for deficiencies and assessments being contested in good faith as listed and described in Schedule 4.10.2 or as specifically disclosed to L+M, and no United States federal, state, local or foreign audits or other administrative or judicial proceedings are presently pending with regard to any Taxes or Tax Returns of, or relating to, the operations of the YNHHSC Affiliates. There are no Liens for Taxes upon any assets owned by the YNHHSC Affiliates except for Permitted Encumbrances.

4.10.3 As of the Closing, except as specifically disclosed to L+M, each of the YNHHSC Affiliates is recognized by the IRS as exempt from United States federal income taxation, and is recognized by the State of Connecticut as exempt from state and local income taxes, real property taxes and qualifies for sales tax exemptions available to organizations described in Section 501(c)(3) of the Code.

4.10.4 [Reserved]

4.10.5 [Reserved]

4.10.6 [Reserved]

4.10.7 YNHHSC has provided to L+M copies of the letters and/or rulings from the IRS which recognize that the YNHHSC Obligated Group Members are Tax-Exempt Organizations exempt from United States federal income taxes under Section 501(a) of the Code as organizations described in Section 501(c)(3) of the Code and not as "private foundations" as such term is defined in Section 509 of the Code (the "***YNHHSC Determination Letters***"). The YNHHSC Determination Letters have not been modified, limited or revoked, in whole or in part, and none of the YNHHSC Obligated Group

Members for which YNHHSC Determination Letters have been provided has been notified that the IRS is proposing to revoke an YNHHSC Determination Letter. There is no pending request by any of the YNHHSC Obligated Group Members for a redetermination of tax-exempt status as an organization described in Section 501(c)(3) of the Code. Each of the YNHHSC Obligated Group Members that are the subject of the YNHHSC Determination Letters are in compliance with all of the terms, conditions, and limitations contained in the YNHHSC Determination Letters, if any, and there has been no conduct by any such YNHHSC Obligated Group Members, of such nature that would warrant modification, limitation or revocation of the YNHHSC Determination Letters. To the best of YNHHSC's Knowledge, none of any such YNHHSC Affiliates has any "unrelated business income" as defined in Sections 511 through 514 of the Code which would adversely affect any of the YNHHSC' status as an organization described in Section 501(c)(3) of the Code. None of any such YNHHSC Obligated Group Members has been notified that the IRS is proposing to investigate its continued qualification as an organization described in Section 501(c)(3) of the Code or that there are any administrative or judicial proceedings pending or threatened which may adversely affect the classification of any of any such YNHHSC Obligated Group Members as an organization described in Section 501(c)(3) of the Code and not a private foundation under Section 509 of the Code.

4.10.8 The YNHHSC 2014 Bond Disclosure Documents contains a description of each tax-exempt financing, benefiting any of the Members of the YNHHSC Obligated Group. Each of the Members of the YNHHSC Obligated Group is in compliance in all material respects with all covenants required to be complied with by it under the YNHHSC Tax-Exempt Bonds.

4.10.9 With respect to the YNHHSC Tax-Exempt Bonds no action has been taken or omitted to be taken by any of the Members of the YNHHSC Obligated Group which would cause such YNHHS Tax-Exempt Bonds to be an "arbitrage bond" under Section 148(a) of the Code. Each of the YNHHS Tax-Exempt Bonds is in compliance with the arbitrage rebate requirement of Section 148(f) of the Code. No action has been taken or omitted to be taken by any of the Members of the YNHHSC Obligated Group which would cause any YNHHS Tax-Exempt Bonds not to be "qualified 501(c)(3) bonds" within the meaning of Section 145 of the Code. Each of the YNHHS Tax-Exempt Bonds satisfies all applicable requirements set forth in Sections 147 and 149 of the Code in order for interest thereon to be excluded from gross income for federal income tax purposes.

4.11 [Reserved]

4.12 Intellectual Property. To the Knowledge of YNHHSC, each of the YNHHSC Affiliates owns free and clear of all Liens other than Permitted Encumbrances described in clause (b) or (c) of the definition of such term, Liens granted under the YNHHSC Master Trust Indenture securing indebtedness that is disclosed and described in the YNHHSC 2014 Audited Financial Statements and Liens listed or described in Schedule 4.12, or is licensed or otherwise has the valid and enforceable right to use, all Intellectual Property used in or necessary to the conduct of its operations other than failures to own, be licensed or have the right to use Intellectual Property that would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. All such licenses and agreements with third parties relating to

such Intellectual Property that are material to the business operations of the YNHHSC Affiliates, taken as a whole, are valid and binding and in full force and effect, and to the Knowledge of YNHHSC, none of the parties thereto is in default thereunder or breach thereof if such breach or default, individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect. To the Knowledge of YNHHSC, there is no pending claim by any third party challenging the ownership, validity or use of any material Intellectual Property that is material to the business operations of the YNHHSC Affiliates, taken as a whole.

4.13 [Reserved]

4.14 [Reserved]

4.15 Litigation.

4.15.1 Except as specifically disclosed to L+M or as disclosed pursuant to Section 4.9, there are no Litigations or Proceedings pending or, to the Knowledge of YNHHSC, threatened against the YNHHSC Affiliates, except for any such suit, claim, action, proceeding, arbitration, hearing, inquiry or investigation which (i) is not reasonably expected as of the date hereof, together with any related claims arising out of the same set of facts, to involve an amount in controversy in excess of $5,000,000, in the aggregate, excluding malpractice, general liability and other claims which are fully insured (subject to customary deductible and retention amounts), or (ii) would not be reasonably expected to have a Material Adverse Effect.

4.15.2 There are no outstanding orders, injunctions or decrees of any Governmental Authority (other than orders, injunctions or decrees of general applicability and which do not specifically name an YNHHSC Affiliate) which would have a Material Adverse Effect.

4.16 Labor Relations.

4.16.1 Except for the Collective Bargaining Agreements described in Schedule 4.16.1 and except as disclosed to L+M, (i) none of the YNHHSC Affiliates is a party to, nor bound by, any Collective Bargaining Agreement; (ii) none of the YNHHSC Affiliates' employees are covered by the terms of any Collective Bargaining Agreements; (iii) to the Knowledge of YNHHSC, no labor union, trade union or labor organization of the YNHHSC Affiliates has since December 31, 2011, made a pending demand for recognition or certification, as a collective bargaining representative of the YNHHSC Affiliates' employees and, to the Knowledge of YNHHSC, there are no representation election petitions filed with the National Labor Relations Board pertaining to the YNHHSC Affiliates' employees; (iv) YNHHSC has no Knowledge of any union organizing activities with respect to any employees of the YNHHSC Affiliates; (v) since October 1, 2011, to the Knowledge of YNHHSC, there have been no actual or threatened arbitrations, grievances, unfair labor practices, labor disputes, strikes, lockouts, slowdowns or collective work stoppages against the YNHHSC Affiliates except for those that would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect; and (vi) since October 1, 2011, neither the YNHHSC Affiliates nor any of their employees, agents or representatives have committed any material unfair labor practice as defined in the

National Labor Relations Act which could reasonably be expected to have a Material Adverse Effect.

4.16.2 Each of the YNHHSC Affiliates: (i) is not in violation in any material respect of any Applicable Law pertaining to labor, employment or employment practices including, but not limited to, all Applicable Laws regarding health and safety, wages and hours, labor relations, employment discrimination, disability rights or benefits, equal opportunity, immigration, plant closures and layoffs, affirmative action, employee leave issues, unemployment insurance and workers' compensation, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect, or (ii) except as listed in Schedule 4.16.2, is not a party to any currently pending claim, action, arbitration, audit, hearing, investigation, complaint, charges, litigation or suit or governmental inquiry alleging a violation of any Applicable Law pertaining to labor, employment or employment practices, nor, to the Knowledge of YNHHSC, is any such claim, action, arbitration, audit, hearing, investigation, complaint, charges, litigation or suit or governmental inquiry pending or threatened, except in each case for matters the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect.

4.16.3 Except as specifically disclosed to L+M, to the Knowledge of YNHHSC, each of the YNHHSC Affiliates: (i) has taken reasonable steps to properly classify and treat all of their workers, interns, trainees and volunteers as independent contractors or employees, (ii) has taken reasonable steps to properly classify and treat all of their employees as "exempt" or "nonexempt" from overtime requirements under Applicable Law, (iii) is not delinquent in any material payments to, or on behalf of, any current or former independent contractors or employees for any services or amounts required to be reimbursed or otherwise paid, (iv) has withheld and reported all material amounts required by Applicable Law or by agreement to be withheld and reported with respect to wages, salaries and other payments to any current or former independent contractors or employees; and (v) is not liable for any material payment to any trust or other fund governed by or maintained by or on behalf of any Governmental Authority with respect to unemployment compensation benefits, social security or other benefits or obligations for any current or former independent contractors or employees (other than routine payments to be made in the normal course of business and consistent with past practice). To the Knowledge of YNHHSC, none of the YNHHSC Affiliates has direct or indirect material Liability as a result of any misclassification of any Person as an independent contractor rather than as an employee.

4.16.4 Except as listed in Schedule 4.16.4, to the Knowledge of YNHHSC, no employee or former employee of the YNHHSC Affiliates is in any material respect in violation of any term of any employment agreement, nondisclosure agreement, common law nondisclosure obligation, fiduciary duty, non-competition agreement, restrictive covenant or other obligation: (i) to the YNHHSC Affiliates or (ii) to a former employer of any such employee relating (A) to the right of any such employee to be employed by the YNHHSC Affiliates or (B) to the knowledge or use of trade secrets or proprietary information in connection with his or her employment with the YNHHSC

Affiliates, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect.

4.16.5 Each of YNHHSC Affiliates is and for the last 18 months has been in compliance with all notice and other requirements under the WARN Act. In the 18 months prior to the date hereof, each of the YNHHSC Affiliates has not (i) effectuated a "plant closing" (as defined in the WARN Act) or (ii) effectuated a "mass layoff" (as defined in the WARN Act).

4.17 [Reserved]

4.18 Environmental, Health, and Safety Matters.

4.18.1 Each YNHHSC Affiliate is in material compliance with all Environmental, Health, and Safety Requirements except to the extent that any non-compliance with Environmental, Health and Safety Requirements would not reasonably be expected to have a Material Adverse Effect.

4.18.2 Except as specifically disclosed to L+M, no YNHHSC Affiliate has received any written notice, report or other written information regarding any actual or alleged material violation of Environmental, Health, and Safety Requirements, or any material liabilities or potential material liabilities (whether accrued, absolute, contingent, unliquidated or otherwise), concerning the Remediation of any Environmental Condition or Hazardous Substances relating to the YNHHSC Affiliates that remains outstanding or unresolved.

4.19 [Reserved]

4.20 Illegal Payments. To the Knowledge of YNHHSC, none of the YNHHSC Affiliates, nor any of their respective officers, directors, agents or employees or any other person on behalf of the YNHHSC Affiliates, has made directly or indirectly any illegal payment to or on behalf of, or provided any illegal benefit or inducement for, any physician, supplier or patient of the YNHHSC Affiliates. To the Knowledge of YNHHSC neither the YNHHSC Affiliates, nor any of their respective officers, directors, employees or agents has, directly or indirectly, paid or delivered a fee, commission or other sum of money or item or property, however characterized, to any finder, agent, Governmental Authority or other party, in the United States or any other country, which was or is illegal under any Applicable Law. To the Knowledge of YNHHSC, none of the YNHHSC Affiliates, nor any of their respective officers, directors, employees or agents has made any payment to any supplier of the YNHHSC Affiliates or any officer, director, employee or agent of any patient or supplier of the YNHHSC Affiliates, for the unlawful sharing of fees or to any such patient or supplier or any such officer, director, employee or agent for the unlawful rebating of charges, or engaged in any other unlawful payment or given any other unlawful consideration to any such enrollee, patient or supplier or any such officer, director, employee or agent.

4.21 Bankruptcy. None of the YNHHSC Affiliates is the subject of bankruptcy, insolvency or any similar proceedings.

4.22 [Reserved]

4.23 Foreign Operations. The YNHHSC Affiliates have no operations outside the United States.

4.24 [Reserved]

4.25 [Reserved]

4.26 Regulatory Matters.

4.26.1 To the Knowledge of YNHHSC, since October 1, 2011, the YNHHSC Affiliates have timely filed all material reports, statements, documents, registrations, filings or submissions required to be filed by the YNHHSC Affiliates with any Governmental Authorities, including in connection with or required by any Material Contracts, except where the failure to timely file has not resulted and would not reasonably be expected to result in a Material Adverse Effect. All such reports, statements, documents, registrations, filings and submissions were true, correct and complete in all material respects when filed, complied in all material respects with Applicable Law in effect when filed. Except as set forth on Schedule 4.26, since October 1, 2011, no material deficiencies have been asserted by any such Governmental Authority with respect to such reports, statements, documents, registrations, filings or submissions that have not been satisfied, or, if not yet satisfied, where satisfaction is not yet due. To the Knowledge of YNHHSC, the Material Contracts are in compliance with Applicable Law.

4.26.2 Except as specifically disclosed to L+M, since October 1, 2011, the YNHHSC Affiliates have not been subject to any finding, agreement, settlement or fine regarding noncompliance with any Applicable Law (including fraudulent procedures or practices but excluding any finding, agreement, settlement or fine that resulted only in a monetary penalty of $350,000.00 or less) that resulted in or would reasonably be expected to result in a Material Adverse Effect. Except as specifically disclosed to L+M, to the Knowledge of YNHHSC, since October 1, 2011, the YNHHSC Affiliates have not been subject to any pending or threatened audit, investigation or other regulatory review relating to any noncompliance with any Applicable Law (including fraudulent procedures or practices, or, to the Knowledge of YNHHSC, OSHA violations and any warning letters or observations (including any FDA warning letters or FDA Form 483 observations)), other than regularly scheduled periodic audits and reviews.

4.26.3 Neither YNHHSC nor any YNHHSC Subsidiary has been excluded, debarred or otherwise deemed ineligible to participate in Medicare, Medicaid or any other federal or state health care programs or in any federal or state procurement or non-procurement programs, nor has YNHHSC or any YNHHSC Subsidiary been convicted of a criminal offense related to the provision of federal health care items or services, nor, to YNHHSC's Knowledge, is an investigation or proceeding regarding the foregoing pending or threatened. YNHHSC and each of the YNHHSC Subsidiaries that provides services to beneficiaries of Government Payer programs is (i) qualified for participation in, and has current and valid provider contracts with, the Government Payer programs and /or their fiscal intermediaries or paying agents and is in material compliance with the conditions of

participation or requirements applicable with respect to such participation and (ii) eligible for payment under the Government Payer programs for services rendered to qualified beneficiaries.

4.27 Consents and Approvals. No consents with respect to Material Contracts or approvals of any Governmental Authority are required to be obtained by any YNHHSC Affiliate in connection with the execution, delivery and performance by YNHHSC of this Agreement or the consummation of the transactions contemplated by this Agreement, except for (a) the requirements of the HSR Act and (b) as set forth in Schedule 4.27, which shall include, but not be limited to, any filings with, and approvals from (i) OHCA, (ii) RIDOH upon the recommendation of the Rhode Island Health Services Council, and (iii) the Rhode Island Attorney General.

4.28 Billing, Recoupments and Overpayments.

4.28.1 To the Knowledge of YNHHSC, during the period of the applicable statutes of limitation, all Reimbursement Claims submitted by the YNHHSC Affiliates comply in all material respects with all Applicable Laws, including but not limited to Health Care Fraud and Abuse Laws, and all Payer Program contracts, provider manuals, policies, guidance, and reimbursement requirements governing reimbursement and payment of claims and do not contain any material errors, omissions or disallowances, except as specifically disclosed to L+M, to the extent that non-compliance or errors or omissions would not individually or in the aggregate be reasonably expected to have a Material Adverse Effect. Except as specifically disclosed to L+M, none of the YNHHSC Affiliates have any outstanding overpayment or refund obligations due to any individual Payer Program in excess of $5,000,000 in the aggregate. Except as specifically disclosed to L+M, none of the YNHHSC Affiliates has received notice of any material disallowance, overpayment, refund or dispute between the YNHHSC Affiliates, on the one hand, and any Payer Program, or agent thereof, on the other hand, regarding such Reimbursement Claims that has not been resolved and, to the Knowledge of YNHHSC, there are no facts or circumstances which may reasonably be expected to give rise to any disallowance, overpayment, refund or dispute that individually or in the aggregate would be reasonably expected to have a Material Adverse Effect.

4.28.2 [Reserved]

4.29 [Reserved]

4.30 Clinical Trials. To the Knowledge of YNHHSC, all clinical trials currently being conducted at the YNHHSC Affiliates are being conducted (i) with the approval and/or waiver of an appropriately constituted and duly registered IRB and (ii) in compliance with the applicable IRB policies and procedures, study agreements with trial sponsors and/or contract research organizations, and all Applicable Law, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Within the past two years, no clinical trial conducted at the YNHHSC Affiliates has been subject to suspension or termination (other than by the sponsor of the trial due to reasons unrelated to the YNHHSC Affiliate's performance of its obligations) due to patient safety concerns, material non-compliance with the applicable study agreement or Applicable Law, except for suspensions

or terminations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect. Within the past two years, none of the YNHHSC Affiliates, nor to the Knowledge of YNHHSC, any investigator involved in a clinical trial at the YNHHSC Affiliates, has received any correspondence or communication relating to the applicable YNHHSC Affiliate's conduct from any trial sponsor, contract research organization, IRB or Governmental Authority, including without limitation the Connecticut Department of Public Health, FDA or the OHRP, regarding patient safety breaches, billing issues associated with care provided to clinical trial subjects, obligations to register and report results of clinical trials, research misconduct, notice of pending debarment or disqualification, or other material non- compliance with the applicable study agreement or Applicable Law, except for violations the effect of which would not, individually or in the aggregate, be reasonably expected to have a Material Adverse Effect.

4.31 Relationship with Pharmaceutical and Medical Device Manufacturers, Vendors and Suppliers. Except as specifically disclosed to L+M, (i) to the Knowledge of YNHHSC, each of the YNHHSC Affiliates is in compliance with the applicable YNHHSC Affiliate's policies and procedures regarding interactions with pharmaceutical manufacturers, medical device manufacturers, equipment and supply vendors, including without limitation, those relating to conflicts of interest, product samples, transfers of value and remuneration arrangements, and (ii) such policies and procedures are reasonably designed to comply with Applicable Law.

4.32 Solvency of the YNHHSC Affiliates. Immediately after giving effect to the transactions contemplated by this Agreement, none of the YNHHSC Affiliates will (a) be insolvent (either because its financial condition is such that the sum of its Liabilities is greater than the fair value of its assets or because the fair salable value of its assets is less than the amount required to pay probable Liabilities as they mature), (b) have unreasonably small capital with which to engage in its business or (c) have incurred Liabilities beyond its ability to pay as they become due. No transfer of property is being made and no obligation is being incurred in connection with the transactions contemplated by this Agreement with the intent to hinder, delay or defraud either present or future creditors of the YNHHSC Affiliates.

4.33 Charitable Funds. To the Knowledge of YNHHSC, YNHHSC and the YNHHSC Subsidiaries have solicited, received, held, invested, expended and applied charitable funds donated to them in all material respects in accordance with all restrictions placed thereon by donors, the terms of any applicable solicitation and Applicable Laws. Neither YNHHSC nor any of the YNHHSC Subsidiaries has received written notice of any, whether actual or alleged, misuse of funds, failure to comply with any donor-imposed restriction, breach of duty related to the funds, or violation of any Applicable Laws which would reasonably be expected to have a YNHHSC Material Adverse Effect, nor to the Knowledge of YNHHSC, has any such misuse, failure, breach or violation occurred.

4.34 No Undisclosed Liabilities. Except as specifically disclosed to L+M, none of the YNHHSC Affiliates has material Liabilities or material obligations of any nature (including, without limitation, any direct or indirect Indebtedness, guaranty, endorsement, claim, loss, damage, deficiency, cost, expense, obligation or responsibility, fixed or unfixed, known or unknown, asserted or unasserted, liquidated or unliquidated, secured or unsecured, absolute, accrued, contingent or otherwise and whether due or to become due, or liability or obligations for an overpayment, duplicate payments, refunds discounts or adjustments due to any Third Party

Payer, including any federal or state health care program) arising out of, or relating to, the business operations of YNHHSC Affiliates and which are required to be reflected on a balance sheet prepared in accordance with GAAP, except: (i) liabilities or obligations as and to the extent reflected on or accrued or reserved against as set forth in the YNHHSC 2014 Audited Financial Statements; and (ii) liabilities incurred since the date of the YNHHSC 2014 Audited Financial Statements in the ordinary course of business. Neither YNHHSC nor any of the YNHHSC Subsidiaries is in default of any term or condition of any Indebtedness or other Liability in excess of $250,000, including any trade payable.

4.35 Completeness of Disclosure. No representation or warranty by YNHHSC in this Agreement, or any written certificate, schedule or exhibit, when taken as a whole with all such other representations, warranties, certificates, schedules and exhibits, and when taken as a whole with the YNHHSC 2014 Bond Disclosure Documents, contains or will contain any untrue statement of a material fact or will omit to state a material fact required to be stated herein or therein or necessary to make any statement herein or therein not misleading in light of the circumstances under which it was made.

ARTICLE 5

OBLIGATIONS BEFORE CLOSING

5.1 L+M's Obligations. From the Effective Date until the Closing (or the earlier termination of this Affiliation Agreement pursuant to Article 8):

5.1.1 Access to Premises and Information. YNHHSC and its counsel, accountants, and other representatives shall have reasonable access during normal business hours and upon reasonable prior notice to all properties, books, accounts, records, contracts and documents of or relating to L+M and the L+M Affiliates. Upon reasonable request by YNHHSC, L+M shall furnish or cause to be furnished to YNHHSC and its representatives all data and information concerning the businesses, finances and properties of L+M and the L+M Affiliates, so long as responding to such requests does not unreasonably interfere with the operations of the L+M Affiliates.

5.1.2 Conduct of Business in Normal Course. L+M shall and shall cause the L+M Subsidiaries to carry on their businesses and activities not other than in the ordinary course of business and in accordance with the terms of this Article 5.

5.1.3 Preservation of Business and Relationships. L+M shall and shall cause the L+M Subsidiaries to use their commercially reasonable efforts to preserve their assets, subject to normal wear and tear and casualty, and business organizations, to keep available their present officers and employees and to substantially preserve their present material relationships with suppliers, payors, patients and others having business relationships with L+M or the L+M Affiliates; provided, however, that nothing in this Section 5.1.3 shall limit or restrict the right of L+M and the L+M Affiliates to terminate, discipline, or change the duties of any officers or employees, or to engage in staff reductions or consolidations prior to the Closing Date (to the extent such actions are consistent with the then current applicable policies and procedures of L+M and /or the L+M Subsidiaries, as applicable, any collective bargaining agreement, any employment

agreements and Applicable Law and do not give rise to executive severance obligations that exceed standards of reasonableness for services and roles within the L+M Affiliates).

5.1.4 Corporate Matters. L+M shall not shall and shall cause the L+M Subsidiaries not to, without the prior written consent of YNHHSC, amend their certificates of incorporation or bylaws (or other governing documents) except as permitted or required by this Affiliation Agreement to do so.

5.1.5 Maintenance of Insurance. L+M shall and shall cause the L+M Subsidiaries to continue to carry their existing insurance, including any self-insured insurance plans, subject to variations in amounts required by the ordinary operations of its businesses.

5.1.6 Employees and Compensation. Except in the ordinary course of business, as contemplated in the Applicable L+M Budget, required in an express term of a contract, as required by Applicable Law or with YNHHSC's prior written consent, L+M shall not and shall cause the L+M Subsidiaries not to do or agree to do any of the following acts:

(a) Grant any increase in salaries payable or to become payable by any of them to any officer or employee;

(b) Increase benefits payable to any officer or employee under any bonus or pension plan or other contract or commitment, other than reasonable and customary retention bonuses; or

(c) Modify any collective bargaining agreement to which L+M or any L+M Affiliate is a party or by which any of them may be bound unless required by Applicable Law or an express term of a collective bargaining agreement (provided that this Section 5.1.6 shall not limit or restrict the right of any L+M Affiliate to renegotiate any collective bargaining agreement that is expired as of or expires after the date of this Affiliation Agreement).

5.1.7 New Transactions. L+M shall not and shall cause the L+M Subsidiaries not to do or agree to do any of the following acts without the prior written consent of YNHHSC:

(a) Enter into any contract, commitment or transaction not in the ordinary course of business;

(b) [Reserved];

(c) Make any capital expenditure or expenditures in excess of $5,000,000 not contemplated by the Applicable L+M Budget, except that on notice to YNHHSC L+M or an L+M Subsidiary may make unbudgeted capital expenditures that L+M determines are necessary (i) to remediate unexpected life safety or property safety issues, or (ii) to comply with unexpected issues that, if not remediated, would cause noncompliance with regulatory requirements.

(d) Enter into any lease of capital equipment or property under which the annual lease charge is in excess of $500,000 that is not contemplated by the Applicable L+M Budget;

(e) Sell or dispose of any capital assets with a net book value in excess of $500,000 with respect to any individual transaction or $2,000,000 in the aggregate;

(f) [Reserved];

(g) Incur any Indebtedness (other than a line or lines of credit under which the aggregate availability does not exceed the amount contemplated by the Applicable L+M Budget) or make any loans or advances to any Person other than (i) inter-company advances in the ordinary course of business and (ii) tuition reimbursement and/or housing assistance loans to employees that are made pursuant to L+M's existing policies and are reasonably consistent with past practice;

(h) Enter into any compromise or settlement of any Litigation or Proceeding involving a payment by L+M or any L+M Affiliate exceeding the greater of (i) $500,000.00 or (ii) the amount reserved, if any, with respect to such Litigation or Proceeding in the Financial Statements, unless (in either case) covered by insurance;

(i) Enter into any agreement that restrains, limits or impedes the ability of L+M or any L+M Affiliate to compete with or conduct any business or line of business;

(j) [Reserved]; or

(k) Enter into any new collective bargaining agreement unless required by law or an express term of a collective bargaining agreement (provided that this Section 5.1.7 shall not limit or restrict the right of any L+M Affiliate to renegotiate any collective bargaining agreement that is expired as of or expires after the date of this Affiliation Agreement).

5.1.8 Consents of Third Parties. L+M shall use its and shall cause the L+M Subsidiaries to use their Commercially Reasonable Best Efforts to obtain the consents of all third parties required to be obtained by L+M or the L+M Subsidiaries for the consummation of the transactions contemplated by this Affiliation Agreement.

5.1.9 Certain Compliance Matters.

(a) After the Effective Date and prior to the Closing Date L+M shall engage a qualified environmental consultant to conduct an operational compliance self-audit of the operations of LMH, LMW, LMMG and VNA of Southeastern Connecticut with respect to Environmental, Health and Safety Requirements and to complete a written report of such self-audit prior to the Closing Date. Prior to the Closing Date, to the extent reasonably feasible, the applicable L+M Affiliates shall implement any necessary corrective or remediation plans or recommendations included in such report (as reasonably determined by L+M) in accordance with the time periods set forth in such reports; *provided, however*, that to the extent that the applicable L+M Affiliates are continuing in good faith to implement such plans or recommendations at

Closing, the failure to have completed such plans and recommendations as of the Closing Date shall not be deemed to be a breach of this Section 5.1.9.

(b) L+M shall be responsible at its expense for preparing and filing with DEEP as transferor and (if applicable) as "certifying party" any filings required by the Transfer Act with respect to any real properties owned, leased or occupied by LMMG (collectively, the "LMMG Properties") or LMMG's business operations that the Parties mutually determine may be deemed to constitute an "establishment" as such terms are defined in the Transfer Act and for prosecuting any investigatory or remediation obligations under the Transfer Act.

(c) To the extent that any Governmental Authority determines that any L+M Real Property or business operation other than the LMMG Properties and business operations is subject to the requirements of the Transfer Act, L+M, or the L+M Affiliate that owns such L+M Real Property or conducts such business operation, shall be responsible at its expense for preparing and filing with DEEP as transferor and (if applicable) as "certifying party" any filings required by the Transfer Act with respect to such L+M Real Property or business operation and for prosecuting any investigatory or remediation obligations under the Transfer Act.

(d) Prior to the Closing Date L+M shall cause to be conducted a Phase I environmental site assessment of each Owned Real Property (which may be an updated Phase I assessment if a Phase I assessment has already been conducted) and, if any Recognized Environmental Condition (as such term is defined in the applicable American Society for Testing and Materials standard) is identified in any such assessment, L+M shall cause such condition to be further investigated through a Phase II or Phase III investigation, as appropriate. Prior to the Closing Date, L+M shall cause a qualified environmental consultant to make recommendations with respect to any corrective or remediation actions that should be carried out based on such environmental site assessments and the requirements of Environmental, Health and Safety Requirements, and to the extent reasonably feasible, L+M shall complete all compliance or remediation recommendations required by Environmental, Health and Safety Requirements; *provided, however*, that to the extent that L+M is continuing in good faith to implement such recommendations at Closing, the failure to have completed such plans and recommendations as of the Closing Date shall not be deemed to be a breach of this Section 5.1.9.

5.1.10 Governmental Approvals. L+M shall and shall cause the L+M Subsidiaries to use their Commercially Reasonable Best Efforts to obtain all licenses, permits, consents, approvals, authorizations, qualifications and orders of any Governmental Authorities as are necessary for each to consummate the transactions contemplated hereby, including, without limitation, the Hart-Scott-Rodino Act filing and the approvals of OHCA, RIDOH and the Rhode Island Attorney General.

5.1.11 No-Shop Clause. From the Effective Date until Closing, L+M shall not and shall cause the L+M Subsidiaries not to, without the prior written consent of YNHHSC: (a) offer for sale or consider any offer to purchase, all or substantially all of the assets of or any ownership or control interest of or in L+M or any L+M Subsidiaries or to admit any Person as a member of L+M or any L+M Subsidiary; (b) solicit or consider offers to buy all or substantially all of the assets of or any ownership or control interest of or in L+M or any L+M Affiliate or to admit any Person as a member of L+M or any L+M Subsidiary; (c) hold discussions with any Person or organization (other than YNHHSC)

looking toward such an offer or solicitation or looking toward a merger or consolidation of or in or admission of a member to L+M or any L+M Subsidiaries or (d) enter into any agreement with any Person or organization (other than YNHHSC) with respect to the sale, management, operation or other disposition of all or substantially all of the assets of or any ownership or control interest in L+M or any L+M Subsidiary, or with respect to any merger, consolidation or similar transaction involving L+M or any L+M Subsidiary, or with respect to the admission of any member to L+M or any L+M Subsidiary, (each such transaction set forth in clauses (a), (b), (c) and (d) being referred to herein as an "***L+M Corporate Transaction***"); provided, however, that nothing in this Section 5.1.11 shall prohibit or restrict L+M from entering into, or causing a L+M Subsidiary to enter into, an L+M Corporate Transaction with L+M or another L+M Subsidiary for the purpose of consolidating an L+M Subsidiary that does not have material business operations as of the date of this Affiliation Agreement.

5.1.12 Satisfaction of Conditions. L+M shall and shall cause each L+M Subsidiary to take all steps reasonably necessary to be taken on its part to cause the conditions precedent to the consummation of the transactions contemplated by Article 6 to be satisfied and to close the Affiliation.

5.1.13 Notice of Breach. In the event that L+M or any L+M Subsidiary breaches, in any material respect, any of its covenants contained in this Article 5, L+M shall promptly deliver written notice of such breach to YNHHSC and such notice shall provide a detailed description of such breach and the date that the breach first occurred.

5.1.14 Covered Transactions. At least prior to the consummation by any L+M Affiliate of any Covered Transaction, L+M shall give notice to YNHHSC of the intent of such L+M Affiliate to consummate such Covered Transaction, of the parties thereto and of the material terms thereof (except for any such information that counsel to L+M deems to be competitively sensitive, in which case L+M shall cause its counsel to give notice of such information to counsel to YNHHSC). Upon the consummation by any L+M Affiliate of any Covered Transaction, L+M shall give notice to YNHHSC of the consummation of such Covered Transaction and of any change in the parties thereto and of the material terms thereof as compared to the prior notice given to YNHHSC with respect to such Covered Transaction (except for any such information that counsel to L+M deems to be competitively sensitive, in which case L+M shall cause its counsel to give notice of such information to counsel to YNHHSC).

5.1.15 L+M Budgets. No later than the last day of each fiscal year of the L+M Affiliates that occurs between the Effective Date and the Closing Date, L+M shall cause each L+M Affiliates to adopt a capital and operating budget for the ensuing fiscal year and to deliver to YNHHSC true, correct and complete copies of such capital and operating budget.

5.1.16 Renegotiated Collective Bargaining Agreements. Upon executing any renegotiated collective bargaining agreement that is expired as of or expires after the date of this Affiliation Agreement, L+M shall deliver a true, correct and complete copy of such renegotiated collective bargaining agreement to YNHHSC.

5.1.17 L+M Subsidiaries Amended Certificates of Incorporation and Bylaws. On or prior to the Closing Date, L+M shall cause: (i) LMH to adopt the LMH Amended Certificate of Incorporation and the LMH Amended Bylaws; (ii) LMW to adopt the LMW Amended Certificate of Incorporation and the LMW Amended Bylaws; and (iii) VNA of Southeastern Connecticut to adopt the VNA of Southeastern Connecticut Amended Certificate of Incorporation and the VNA of Southeastern Connecticut Amended Bylaws.

5.1.18 YNHHSC Consent Rights. Except as otherwise expressly contemplated in this Affiliation Agreement, to the extent that L+M requests the consent of YNHHSC with respect to any transaction, action or event contemplated in Section 5.1.6 or Section 5.1.7 (i) YNHHSC shall not unreasonably withhold, condition or delay such consent and (ii) YNHHSC shall respond to such request for consent within ten (10) business days after the date on which notice of such request is given in accordance with this Section 5.1.18. Any request under this Section 5.1.18 shall be transmitted by L+M via electronic mail and overnight courier to the persons and in accordance with the address information set forth on Exhibit 5.1.18 and shall be confirmed by telephonic communication to each such person using the telephone numbers set forth on Exhibit 5.1.18. If no response is received from YNHHSC within five (5) business days after notice of the initial request for consent has been so given, a second notice shall be transmitted by L+M via electronic mail and overnight courier, and confirmed by telephone, in the same manner and in accordance with the instructions set forth on Exhibit 5.1.18. If following the giving of both such notices, and the expiration of the ten (10) business day response period, YNHHSC fails to respond to any such request for consent, YNHHSC shall be deemed to have consented to the transaction, action or event described in such request. If YNHHSC responds to any such request for consent within the applicable ten (10) business day period, including by requesting additional information with respect to the request, then YNHHSC's consent shall only be deemed granted if YNHHSC expressly consents in writing to such transaction, action or event.

5.2 YNHHSC Obligations.

5.2.1 Access and Information. YNHHSC shall furnish or cause to be furnished to L+M and its counsel, accountants and other representatives all data and information concerning the businesses and finances of YNHHSC that is pertinent to the transactions contemplated by this Agreement and that is reasonably requested by L+M.
