In the event that YNHHSC breaches, in any material respect, any of its covenants contained in this Article 5, YNHHSC shall promptly deliver written notice of such breach to L+M and such notice shall provide a detailed description of such breach and the date that the breach first occurred.

5.2.6 Notice of YNHHSC Change of Control. 5.3 Additional Due Diligence; Disclosure Schedules. YNHHSC and L+M have each furnished to the other certain requested Due Diligence Information in order to permit each of the Parties to perform a due diligence analysis of the Affiliation. From the date hereof through the Closing, (i) each Party will promptly disclose to the other Party any information of which such first mentioned Party has Knowledge that has not previously been disclosed in writing as part of the Due Diligence Information and that could, individually or in the aggregate, reasonably be expected to cause a Material Adverse Effect; (ii) L+M will provide to YNHHSC, on a monthly basis, a financial information packet on the financial condition of the L+M Affiliates, in the same form provided to L+M's Board of Trustees (except for the deletion of any competitively sensitive information); (iii) L+M will provide YNHHSC a copy of each Medicare cost report filed by any L+M Affiliate after the date hereof within five (5) business days after such filing and (iv) prior to the Closing Date (but in no event less than three (3) business days prior to the Closing Date) each Party shall deliver to the other Party updates of such Party's Disclosure Schedule (each, a "***Schedule Supplement***") solely with respect to (x) any information that first arises or of which the Party delivering such Schedule Supplement first obtains Knowledge after the date of this Affiliation Agreement and that if it existed on the date of this Agreement would be required to be reflected on the Disclosure Schedules and (y) any other information that is necessary to correct any disclosure schedule or representation or warranty and that first arises or of which the Party delivering such Schedule Supplement first obtains Knowledge after the date of this Affiliation Agreement. Each Schedule Supplement shall be deemed to be incorporated into and to supplement and amend the Disclosure Schedules as of the Closing.

5.4 Obligations in Respect of Consents and Approvals.

(a) Each Party shall use its Commercially Reasonable Best Efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable under Applicable Law to consummate and make effective in the most expeditious

manner possible the transactions contemplated by this Affiliation Agreement, including (i) the preparation and filing of all forms, registrations and notices required to be filed to consummate such transactions, (ii) taking all reasonable actions consistent with the definition of Commercially Reasonable Best Efforts to obtain (and cooperating with the other Party in obtaining) any consent, authorization, order or approval of, or any exemption by, any third party, including any Governmental Authority (which actions will include furnishing all information required under the Hart-Scott-Rodino Act and any other Applicable Law relating to antitrust, competition or trade regulation ("***Competition Law***") required to be obtained or made by any Party or their Affiliates in connection with the transactions contemplated by this Affiliation Agreement) and (iii) the execution and delivery of any additional instruments necessary to consummate the transactions contemplated by this Agreement and to fully carry out the purposes of this Agreement. Additionally, each Party will use its Commercially Reasonable Best Efforts to fulfill all conditions precedent to this Affiliation Agreement and will not take any unreasonable action that is not consistent with the definition of Commercially Reasonable Best Efforts after the date of this Affiliation Agreement that would reasonably be expected to materially delay the obtaining of, or result in not obtaining, any permission, approval or consent from any such Governmental Authority or third party required to be obtained prior to the Closing.

(b) Prior to the Closing, the parties will keep each other apprised of the status of matters relating to the completion of the transactions contemplated by this Affiliation Agreement and work cooperatively consistent with the definition of Commercially Reasonable Best Efforts in connection with obtaining all required consents, authorizations, orders or approvals of, or any exemptions by, any Governmental Authorities. In this regard, prior to the Closing, each Party will promptly provide the other Party (or its counsel) with copies of all filings and communications made by such Party with or to any Governmental Authority or any other information supplied by such Party to, or correspondence with, a Governmental Authority in connection with or with respect to this Affiliation Agreement. Each Party will promptly inform the other Party, and if in writing, furnish the other Party with copies of (or, in the case of material oral communications, advise the other parties orally of) any filing or communication from any Governmental Authorities regarding any of the transactions contemplated by this Agreement, and permit the other parties to review and discuss in advance, and consider in good faith the views of the other Party in connection with, any proposed written (or any material proposed oral) communication with any such Governmental Authority. If any Party or any representative of such Party receives a request for additional information or documentary material from any Governmental Authority with respect to the transactions contemplated by this Affiliation Agreement, then such Party will use its Commercially Reasonable Best Efforts to make, or cause to be made, promptly and after consultation with the other Party, an appropriate response in compliance with such request. Each Party will furnish the other Party with such necessary information and reasonable assistance as the other parties may reasonably request consistent with the definition of Commercially Reasonable Best Efforts in connection with its preparation of necessary filings or submissions of information to any Governmental Authority in connection with or with respect to this Agreement. Each Party may, as each deems advisable and necessary, reasonably designate any competitively sensitive material provided to the other parties under this Section 5.4 as "outside counsel and corporate in-house antitrust counsel only." Such materials and the information contained therein will be given only to the outside legal counsel and corporate in-house antitrust counsel of the recipient and will not be disclosed by such outside counsel and corporate in-house antitrust counsel to the directors, officers or

employees (other than corporate in-house antitrust counsel) of the recipient unless express permission is obtained in advance from the source of the materials or its legal counsel. Furthermore, materials provided pursuant to this Section 5.4 may be redacted to remove references concerning each party's evaluation of the terms of the transactions envisioned by this Affiliation Agreement, as necessary to comply with contractual arrangements or as necessary to address reasonable privilege and business confidentiality considerations. To the extent that transfers of any permits issued by any Governmental Authority are required as a result of the execution of this Affiliation Agreement or the consummation of the transactions contemplated hereby, the parties will use their respective Commercially Reasonable Best Efforts to effect such transfers.

(c) The Parties will use their respective Commercially Reasonable Best Efforts to file, as promptly as practicable but in any event no later than sixty (60) days after the date of this Affiliation Agreement, notifications under the Hart-Scott-Rodino Act, and the Parties will use their respective Commercially Reasonable Best Efforts to file, as promptly as practicable, any other filings or notifications that are required under any other applicable Competition Laws. In the event that the parties receive a formal request for additional information or documentary materials after an initial notification pursuant to the Hart-Scott-Rodino Act or any other Competition Law (a "Second Request"), the Parties will use their respective Commercially Reasonable Best Efforts to respond to such Second Request, as applicable, as promptly as practicable and the Parties shall cause their respective counsel to closely cooperate during the entirety of any such Second Request review process.

(d) The parties will use their respective Commercially Reasonable Best Efforts to resolve such objections, if any, as may be asserted by any Governmental Authority respect to the transactions contemplated by this Agreement under the Hart-Scott-Rodino Act or any other applicable Competition Law.

5.5 Certain Expenses. L+M and YNHHSC hereby agree that the costs and expenses incurred by the Parties in relation to (i) the preparation and filing of all forms, registrations and notices required to be filed to consummate such transactions, (ii) taking all actions necessary to obtain (and cooperating with each other in obtaining) any consent, authorization, order or approval of, or any exemption by, any third party, including any Governmental Authority, which actions will include furnishing all information required under the Hart-Scott-Rodino Act and any other applicable Competition Laws required to be obtained or made by any Party or their Affiliates in connection with the transactions contemplated by this Agreement, and/or (iii) participation in any antitrust or other review, proceedings or actions of any Governmental Authority relating to this Affiliation Agreement or any of the transactions envisioned hereby, including any Second Request or other request for information relating to the Affiliation, in each case, shall be allocated and paid for by the Parties in accordance with Exhibit 5.5 attached hereto. ARTICLE 10

LIMITATION OF REMEDIES

10.1 [Reserved]

10.2 [Reserved]

10.3 Exclusive Remedies.

(a) If this Agreement is terminated pursuant to Section 8.1(d) or Section 8.1(e) and a Party (the "***Defaulting Party***") is determined by a final judgment of a court of competent jurisdiction to have breached or defaulted in respect of its representations and/or warranties hereunder in a manner that permits the other Party (the "***Non-Defaulting Party***") to terminate this Agreement, then the Defaulting Party shall be liable to the Non-Defaulting Party for damages in an aggregate amount equal to the third party out-of-pocket transaction expenses expended by the Non-Defaulting Party in connection with the transactions contemplated by this Agreement up to a maximum amount of $500,000 (Five Hundred Thousand Dollars) (the "***Third Party Expenses***"). If this Agreement is terminated pursuant to Section 8.1(d) or Section 8.1(e) due to a breach of Section 5.1 or Section 5.2. and the Defaulting Party is determined by a final judgment of a court of competent jurisdiction to have breached or defaulted in respect of its obligations under such covenants in a manner that permits the Non-Defaulting Party to terminate this Agreement, then the Defaulting Party shall be liable to the Non-Defaulting Party for damages in an aggregate amount equal to the sum of (i) the Third Party Expenses of the Non-Defaulting Party and (ii) a breakup fee (the "***Breakup Fee***") in an aggregate amount equal to (A) $5,000,000 (Five Million Dollars) if the Defaulting Party is L+M or (B) $35,000,000 (Thirty Five Million Dollars) if the Defaulting Party is YNHHSC. The Parties agree and confirm that the Breakup Fee is in the nature of liquidated damages, that the actual damages that would be suffered by a Party in the event of a breach or default by the other Party of Section 5.1 or 5.2 would be impossible to calculate and that the Breakup Fee does not constitute a penalty. In all other respects, the Parties hereto expressly waive and agree to forgo any and all rights to seek and obtain any form of monetary, economic or other damages (including actual, consequential, punitive and other forms of monetary or economic damages), and each of the Parties further agrees that each of the Parties will be solely entitled to injunctive relief to prevent a violation of this Agreement and to obtain specific performance to require adherence to the obligations created by this Affiliation Agreement.

(b) Before any Party brings legal action against the other Party (the "***Alleged Defaulting Party***") for failure to perform in any material respect any of its obligations under this Agreement, the entity alleging the breach (the "***Alleging Party***") will first give the Alleged Defaulting Party written notice setting forth such failure in reasonable detail and stating that the

Alleging Party requires such obligation to be performed, and will give the Alleged Defaulting Party the opportunity to perform such obligation in all material respects within sixty (60) days of its receipt of such notice, or such longer period as is necessary if for reasons outside the control of the Alleged Defaulting Party such obligation cannot be performed within such sixty (60) day period, so long as the Alleged Defaulting Party is continuing in good faith to use its best efforts to perform such obligation (provided that in no event will the provisions of this Section 10.3 override or extend the Outside Date provisions of Section 8.1(b)). If any legal action relating to the enforcement of this Agreement is brought by a Party against the other Party, the prevailing Party will be entitled to recover its reasonable costs, expenses and attorneys' fees.

(c) If the Closing shall occur, then each Party hereby waives and agrees not to assert any remedy that is in the nature of the rescission of this Agreement or the Affiliation.

Schedule 4.8

Subsequent Events

In June 2015, the State of Connecticut passed a budget that included increases to the hospital tax and cuts to hospital funding that disproportionally impact YNHHSC Affiliates. The net tax impact on all Yale New Haven Health System hospitals for FY 2016, taking into account the supplemental pool distributions hospitals receive to offset the cost of providing services to Medicaid and uninsured patients, is $300,309,281 (the hospitals will pay $556,267,268 in taxes, but get only $241,119,999 back from the supplemental pool). Overall, the net tax burden on hospitals in the state in FY 2016 will be $60,082,014 more than it was in FY 2015, which is tantamount to a cut in funding to hospitals by $60 million. Yale New Haven Health System as a whole will shoulder 84.3% of that cut in funding (approximately $51M).

In addition, Yale New Haven Health System appears to have been specifically targeted for property tax increases in the budget implementer bill. That legislation will subject to taxation certain property acquired by health systems on and after October 1, 2015, but only if the health system had, for the fiscal year ending September 30, 2013, net patient revenue from facilities located within the state of $1.5 billion or more. Yale New Haven Health System and Hartford Health Care appear to be the only two health systems impacted

Section 1. The name of the corporation is Lawrence + Memorial Corporation (the "Corporation").

Section 2. The Corporation is organized and shall be operated exclusively for charitable, scientific and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Code"). The Corporation shall serve as the parent corporation of a network of health care affiliates in southeastern Connecticut and Rhode Island (the "L+M Network"), and the nature of the activities to be conducted, or the purposes to be promoted or carried out by the Corporation are as follows:

(b) To initiate, develop, operate and maintain, for the L+M Network and for other hospitals and health care facilities which are not part of the L+M Network, programs directed toward improving the efficiency of utilization of health care facilities and services in the States of Connecticut and Rhode Island, and in New

London County and surrounding areas in particular, and reducing the cost of health care to the public while maintaining a high quality of such care;

(c) To initiate, develop, operate and maintain educational programs for health professionals and for the public, including programs of nursing education, continuing medical education, residency training and community health education;

(d) To initiate, develop and maintain, in cooperation with the L+M Entities and with other hospitals and health care facilities, and operate directly or through one or more separate corporations, programs for the delivery of health care services to persons other than hospital patients;

(e) To acquire, improve, hold and lease to the L+M Entities and to other hospitals and health care facilities any real or personal property useful to the accomplishment of the purposes of this Corporation, the L+M Entities or such other hospitals or health care facilities;

(f) To receive and accept public and private gifts, trusts, donations, grants, loans and other sources of funding to promote the purposes of the Corporation;

(g) Generally to do and perform such other acts and to exercise such other powers as may be authorized or permitted under the laws of the State of Connecticut to promote and attain the purposes set forth herein; and

(h) To engage in any lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act, as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

In furtherance of the foregoing, the Corporation shall (i) participate as an integral part of the integrated health care delivery system known as the Yale New Haven Health System (the "System"), which System provides, through its affiliates, comprehensive, cost effective, advanced patient care characterized by safety and clinical and service quality; and (ii) fund and promote activities and programs of the System, including activities and programs of its affiliates, consistent with and in furtherance of the Corporation's charitable purposes and the charitable purposes of all System affiliates.

Section 3. The Corporation is nonprofit and shall not have or issue shares of stock or pay dividends.

and by the State of Connecticut, including certain expressly reserved powers and retained rights described in the Bylaws.

Section 5. Subject to the rights, powers and privileges accorded to Yale-New Haven Health Services Corporation under the Bylaws and by the State of Connecticut, the Corporation shall be governed by its Board of Trustees. The Bylaws may provide that persons occupying certain positions within or without the Corporation shall be ex-officio trustees who may vote and be counted in determining a quorum. As may be further provided in the Bylaws of the Corporation, the terms of elected trustees may be staggered by dividing the trustees into groups so that approximately an equal number of such trustees have terms that expire each year.

Section 6. No part of the net earnings of the Corporation shall inure to the benefit of or be distributable to the Corporation's trustees, officers or other private persons, except that the Corporation, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. Notwithstanding any other provision of this Certificate of Incorporation, the Corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

Section 7. Upon any dissolution of the Corporation, all of its property and assets shall, after payment of the lawful debts of the Corporation and the expenses of its dissolution, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to Yale-New Haven Health Services Corporation, as long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or, if at the time of the dissolution or termination of existence of the Corporation, Yale-New Haven Health Services Corporation is not in existence or does not qualify as an exempt organization under Section 501(c)(3) of the Code, to one or more charitable, scientific or education organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Trustees may determine.

Section 8. In addition to, and not in derogation of, any other rights conferred by law, a trustee shall not be personally liable for monetary damages for breach of duty as a trustee in an amount greater than the compensation received by such trustee for serving the Corporation during the year of such breach if such breach does not (A) involve a knowing and culpable violation of law by such trustee, (B) enable such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes), to receive an improper personal economic gain, (C) show a lack of good faith and conscious disregard for the duty of such trustee to the Corporation

under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (D) constitute a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Corporation. Any lawful repeal or modification of this Section 8 or the adoption of any provision inconsistent herewith by the Board of Trustees or member of the Corporation shall not, with respect to a person who is or was a trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a trustee provided for in this Section 8 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

Section 9. The Corporation shall provide its trustees with the full amount of indemnification that the Corporation is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the Corporation shall indemnify its trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (A) involves a knowing and culpable violation of law by such trustee, (B) enables such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes), to receive an improper personal economic gain, (C) shows a lack of good faith and conscious disregard for the duty of such trustee to the Corporation under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (D) constitutes a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Corporation.

The Corporation may indemnify and advance expenses to each officer, employee or agent of the Corporation who is not a trustee, or who is a trustee but is made a party to a proceeding in his or her capacity solely as an officer, employee or agent, to the same extent as the Corporation is permitted to provide the same to a trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

Notwithstanding any provision hereof to the contrary, the Corporation shall not indemnify any trustee, officer, employee or agent against any penalty excise taxes assessed against such person under Section 4958 of the Internal Revenue Code.

Section 10. The Bylaws of the Corporation may be amended or repealed, and new Bylaws may be adopted, only with the approval of the Board of Trustees and the member.

Section 1.1 Name. The name of the corporation is **Lawrence + Memorial Corporation** (the "Corporation").

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 Member. The Corporation shall have a single member, Yale-New Haven Health Services Corporation (the "Member").

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), without the prior approval of the Member. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the Member, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(c) The Board shall have the authority, from time to time, to delegate to the Member any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees.** Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees.** In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of the Member (or his or her designee);

(ii) the President of the Corporation;

(iii) the Chair of the Board of Lawrence + Memorial Hospital, Inc. ("L+M Hospital");

(iv) the Chair of the Board of LMW Healthcare, Inc., doing business as Westerly Hospital ("Westerly Hospital"); and

(v) the Chair of the Board of Visiting Nurse Association of Southeastern Connecticut, Inc. ("VNASC").

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

Section 3.3 Number. The Board shall consist of no fewer than eight (8) nor more than seventeen (17) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include:

(a) up to three (3) health care providers on the Medical Staffs of L+M Hospital and Westerly Hospital who shall be selected from a group of five (5) candidates proposed to the Nominating and Governance Committee by each of the respective Medical Staffs, provided that at least one (1) such Elected Trustee shall be on the Medical Staff of L+M Hospital and at least one (1) such Elected Trustee shall be on the Medical Staff of Westerly Hospital;

(b) Up to six (6) community members from the L+M Hospital service area; and

(c) Up to three (3) community members from the Westerly Hospital service area.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an

additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of Yale-New Haven Health Services Corporation at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of Yale-New Haven Health Services Corporation.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member and may be filled at any time in accordance with the process set forth in Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section 3.9 **Meetings**.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President/Chief Executive Officer of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President/Chief Executive Officer of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the

Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. (c) **Nominating and Governance Committee**. The Nominating and Governance Committee shall develop recommended criteria for membership on the Board and on committees of the Board. The Nominating and Governance Committee shall, after

consultation with the President, nominate candidates to be voted upon in electing officers and members of the Board and nominate for appointment by the Board the chairs and members of all standing committees. The Nominating and Governance Committee shall also periodically review of Board governance matters and recommend enhancements to strengthen the Board and ensure the comprehensiveness and efficiency of its governance process. The composition of the Nominating and Governance Committee shall be as set forth in its Charter and shall include a member of the Board selected by the Member.

(d) **Executive Compensation Committee**. The Executive Compensation Committee shall set compensation for executives of the Corporation (other than the President and any other officer whose compensation is set by the Member) who are in a position to exercise substantial influence over the affairs of the Corporation as determined by the Executive Compensation Committee. The Executive Compensation Committee shall obtain and rely upon appropriate comparability data, including from the Member, in making its compensation decisions, and shall ensure that such compensation decisions are in compliance with the laws relating to organizations described in Section 501(c)(3) of the Internal Revenue Code. The composition of the Executive Compensation Committee shall be as set forth in its Charter and shall include a member of the Board selected by the Member.

Section 5.6 Other Committees. The Board may establish and appoint from among the Trustees or others, such other committees with such powers and authority as the Board shall designate, except that no such committee may exercise the authority of the Board.

Section 5.7 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

The Corporation shall have no members and shall be governed by a self-perpetuating Board of Trustees (the "Board") as set forth herein.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. The Board shall have charge, control and management of the affairs, property and funds of the Corporation. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances, and in a manner he or she reasonably believes to be in the best interests of the Corporation.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Board for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the communities and geographies served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of the Corporation;

(ii) the President of Yale University;

(iii) the Chair of the Board of Trustees of Yale-New Haven Hospital,

Inc.;

(iv) the Chair of the Board of Trustees of Bridgeport Hospital;

(v) the Chair of the Board of Trustees of Greenwich Hospital.

Section 3.3 Number. The Board shall consist of up to twenty-one (21) Trustees, inclusive of Ex Officio Trustees.

Section 3.4 Election of Trustees. At the annual meeting of the Board, the Board shall elect successors to the Elected Trustees whose terms are then expiring. The Board shall elect such successors consistent with the following:

(a) Nine (9) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the Chair of the Board of Trustees of Yale-New Haven Hospital, Inc.

(b) Three (3) of the Trustees, at least one of whom shall, when nominated, be a trustee of Yale-New Haven Hospital, Inc., shall be individuals nominated by the President of Yale University; provided that (x) no more than two (2) Trustees nominated and elected in accordance with this clause shall be employees of Yale University; and (y) if any Trustee nominated in accordance with this clause is an employee of Yale University, then such Trustee shall hold an officer position at Yale University throughout the term of such individual's service as a Trustee.

(c) All other Elected Trustees shall be elected from among the nominees presented by the Nominating and Governance Committee.

In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Board at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Board at which they were elected or at such later date as may be established by the Board and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or

(ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided, however, that a Trustee may be re-elected for one or more additional consecutive terms if:

(i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or

(ii) the Board determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms.

In the instance of re-election as a Trustee for an additional term as provided in clause (i) above, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board with cause by action of the Board. Action to remove an Elected Trustee may be taken at any meeting of the Board, provided that the notice of the meeting at which such action will be voted on shall state that the purpose or one of the purposes, of the meeting is removal of the Trustee.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled by the Board in accordance with Section 3.4 of these Bylaws. If the vacancy results from the death, resignation or removal of a Trustee elected on nomination of Yale-New Haven Hospital, Inc., Bridgeport Hospital, Greenwich Hospital or Yale University, the institution that nominated the Trustee who died, resigned or was removed shall submit a name of a replacement Trustee consistent with Section 3.4. In the event that the remaining Trustees on the Board do not constitute a quorum, a vacancy may be filled by the concurring vote of a majority of such remaining Trustees. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair or the President/Chief Executive Officer shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair or the President/Chief Executive Officer shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or the President/Chief Executive Officer and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees are present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the

Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 Officers. The officers of the Corporation shall consist of a President/Chief Executive Officer, a Chair, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be members of the Board.

Section 4.2 Election and Term of Office. Employees of the Corporation who are designated as officers shall be appointed by the Board and shall hold office at the pleasure of the Board. ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Connecticut Revised Nonstick Corporation Act, as such act may be amended from time to time (the "Nonstock Act") related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 **Name**. The name of the corporation is **Northeast Medical Group, Inc.** (the "Corporation").

Section 1.2 **General Purposes**. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 **Member**. The Corporation shall have a single member, Yale-New Haven Health Services Corporation (the "Member"), a "Health System" as defined in Section 33-182aa of the Connecticut General Statutes.

Section 2.2 **Rights, Powers and Privileges**. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a medical foundation under the Chapter 594b of the Connecticut General Statutes (as it may be amended from time to time, the "Foundation Act") and of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act (as it may be amended from time to time, the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), without the prior approval of the Member. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the Member, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the approval rights reserved to the Member set forth in Exhibit A, the Member expressly retains the rights to take the actions set forth in Exhibit B on

behalf of and in the name of the Corporation, directly and without the approval of the Board of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances, and in a manner he or she reasonably believes to be in the best interests of the Corporation.

Section 3.2 Composition. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees.** Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees.** In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President of the Corporation; and

(ii) the President of each Affiliated Delivery Network, or his or her designee.

For purposes hereof, "Affiliated Delivery Network" shall mean Bridgeport Hospital, Greenwich Hospital, Lawrence + Memorial Corporation, Yale-New Haven Hospital and such other providers that may affiliate with the Yale New Haven System in the future, as designated by the Member.

Section 3.3 Number. The Board shall consist of no fewer than thirteen (13) nor more

than twenty-four (24) Trustees, inclusive of Ex Officio Trustees. The number of Trustees within the range set forth in the preceding sentence shall be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors consistent with the following Board composition:

(a) two (2) representatives of senior management of the Member (each, a "YNHHSC Board Member");

(b) one (1) representative from each Affiliated Delivery Network other than Lawrence + Memorial Corporation (in addition to the President, or his or her designee, who shall serve Ex Officio as set forth in Section 3.2(b));

(c) two (2) physicians employed by the Corporation, each of whom is a member in good standing on the medical staff of Lawrence + Memorial Hospital or Westerly Hospital;

(d) up to eight (8) individuals, each of whom is either (1) nominated by a majority vote of the Board and approved by the Member; or (2) self-nominated and appointed by the Member; provided, however, that each such individual, whether nominated by a majority vote of the Board or self-nominated, shall be a Provider (as defined in the Foundation Act) employed or engaged by the Corporation and a member in good standing on the medical staff of one or more Affiliated Delivery Network;

(e) two (2) representatives of Yale School of Medicine;

(f) such other individuals nominated Yale School of Medicine and approved by the Member; provided, however, that each such other individual shall be a Provider employed or engaged by the Corporation and a member in good standing on the medical staff of one or more Affiliated Deliver Network.

Notwithstanding anything herein to the contrary: (x) in accordance with the Foundation Act, the number of Trustees on the Board who are Providers shall equal or exceed the number of Trustees on the Board who are nonprovider employees of the Member; and (y) the number of Trustees appointed to the Board as representatives of, or on the nomination of, Yale School of Medicine shall constitute twenty-five percent (25%) of the total number of Trustees on the Board.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of Yale-New Haven Health Services Corporation at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of Yale-New Haven Health Services Corporation.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board with cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the Trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Board or the President shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held on such dates and at such times and places as the Board or President shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the President and shall be called by the President upon the written request of the Member or any Trustee.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board and the Member in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President/Chief Executive Officer of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President/Chief Executive Officer of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 Name. The name of the corporation is **Lawrence + Memorial Hospital, Inc.** (the "Corporation").

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 Member. The Corporation shall have a single member, Lawrence + Memorial Corporation (the "Member").

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws. If and to the extent that actions by the Member cannot be taken without the approval of the sole member of the Member, Yale-New Haven Health Services Corporation ("YNHHSC"), or actions have been reserved to YNHHSC, the Member may take such actions only as directed by YNHHSC.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A or Exhibit B of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), except that, with respect to the actions on Exhibit A, the Board's recommendation may be requested by the Member and YNHHSC consistent with Section 3.1(a) below. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the YNHHSC, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the rights reserved to the Member and YNHHSC to take the actions set forth in Exhibit A on behalf of and in the name of the Corporation, directly and without

the approval or the recommendation of the Board, YNHHSC (or the Member, acting on the direction of YNHHSC) expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board or the Member of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member and YNHHSC any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member or YNHHSC by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. Without limiting the generality of the foregoing, the Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff"), shall hold the Medical Staff responsible for recommendations concerning medical matters, and shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges (directly or as delegated by the Board to the Patient Safety and Clinical Quality Committee in accordance with Section 5.4(b) of these Bylaws).

Further without limiting the generality of the foregoing, and subject to Section 2.2 and Exhibit A and Exhibit B of these Bylaws, the Board may:

(a) Make the following recommendations to the Member and YNHHSC:

(i) Recommend to the Member and YNHHSC the philosophy, mission and values of the Hospital and any changes thereto;

(ii) Recommend to the Member and YNHHSC the Corporation's strategic plans;

(iii) Recommend to the Member and YNHHSC the Corporation's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(iv) Recommend to the Member and YNHHSC the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the Corporation or any Affiliate;

(v) Recommend to the Member and YNHHSC the formation or acquisition by the Corporation of any Affiliates or any other new direct or indirect subsidiaries, joint ventures or affiliations;

(vi) Recommend to the Member and YNHHSC the introduction or termination of any services to be offered by the Corporation not otherwise included in an approved budget or a strategic or financial plan; and

(vii) Recommend to the Member and YNHHSC changes to the Corporation's Certificate of Incorporation and Bylaws.

(b) Make the following recommendations to the Member:

(i) Recommend to the Member approval of any consent decree or settlements from state and federal authorities;

(ii) Recommend to the Member nominations for and removal of Trustees of the Corporation; and

(iii) Recommend to the Member the appointment and evaluation of the President of the Corporation.

(c) Take the following actions:

(i) Annually assess the Corporation's performance against approved budgets, initiatives and strategic plans adopted by the Member and YNHHSC;

(ii) Except for the President of the Corporation, elect officers of the Board (following consultation with the Member's Nominating and Governance Committee in accordance with Section 4.2 of these Bylaws) and remove from office any officer (except for the President of the Corporation) with or without cause (in accordance with Section 4.4(b) of these Bylaws);

(iii) Approve any business transaction or contract that is not otherwise included in an approved budget or a strategic or financial plan, except for long-term or material agreements that require the approval of the Member and YNHHSC in accordance with Exhibit A;

(iv) Periodically assess the Corporation's Quality Initiatives, including tracking and reporting on the Hospital's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(vii) Approve actions with respect to the privileges and credentials of members of the Corporation's medical staff in accordance with state and federal law, applicable accreditation standards, the Corporation's Medical Staff Bylaws and any System guidelines established by the Member, subject to the Board's delegation of authority to the Board Patient Safety and Clinical Quality Committee; and

(viii) Evaluate the Board's performance.

Section 3.2 **Composition**. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of

demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of YNHHSC (or his or her designee);

(ii) the President of the Member (if such person is not also concurrently serving as the President of the Corporation);

(iii) the President of the Corporation (if such person is not also concurrently serving as the President of the Member);

(iv) the President of the Medical Staff; and

(v) the Vice President of the Medical Staff.

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

(c) **Other Board Participants**. Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election by the Board as a Trustee Emeritus. A Trustee Emeritus shall have the privilege of attending meetings of the Board and shall have the privilege of the floor, but shall have no vote at meetings of the Board and shall not be counted in determined a quorum thereof.

Section 3.3 Number. The Board shall consist of no fewer than six (6) nor more than twelve (12) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III and who are satisfactory to YNHHSC.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include one (1) physician on the Medical Staff who has previously held the position of President of the Medical Staff.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected

Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of YNHHSC at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of YNHHSC.

Section 3.6 **Resignation**. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 **Removal**. One or more Elected Trustees may be removed from the Board

with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board. The Member shall remove an Elected Trustee at the direction of YNHHSC.

Section 3.8 **Vacancies**. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the trustee replaced.

Section 3.9 **Meetings**.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

Section 3.10 **Notice of Meetings**. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 **Waiver of Notice**. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 **Action by Unanimous Written Consent**. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 Officers. The officers of the Corporation shall consist of a President, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be selected from among members of the Board of Trustees. The offices of the President, the Chair and the Treasurer shall be held by different individuals.

Section 4.2 Election and Term of Office. The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee of the Member and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. The Board may create and fill such other offices as it deems necessary consistent with Section 4.6.

Section 4.3 Powers. The officers shall have the powers and perform the duties commonly incident to their respective offices, including the powers and duties listed below.

(a) **President**. The President of the Corporation shall be appointed by the Member, following consultation with the Board and with the approval of YNHHSC. The appointed President shall serve at the pleasure of the Member and YNHHSC.

The President shall be a person who in the judgment of the Member and YNHHSC has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, Corporation personnel, YNHHSC and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to

such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board and with the approval of YNHHSC.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President of the Member (or his or her designee) as well as to the Board.

The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member at the direction of YNHHSC following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3(a).

Section 4.6 **Other Officers**. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 **Classification**. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 **Appointment of Committee Members**. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees.

Section 5.3 **Committee Governance**.

(a) **Quorum and Voting**. A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings**. Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 **Standing Committees**.

(a) **Executive Committee**. The Executive Committee shall consist of the President, the Chair, the Secretary, the Treasurer, the President of the Member (if such person is not also concurrently serving as the President of the Corporation), a member of the Board selected by YNHHSC, and any other member of the Board that the Board may choose to appoint. The Chair shall serve as the chair of the Executive Committee. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Patient Safety and Clinical Quality Committee**. The Patient Safety and Clinical Quality Committee shall have such duties as are delegated to it by the Board. These duties include authority to render decisions in cases of uncontested medical staff appointments, reappointments, and renewals or modifications of clinical privileges. The Patient Safety and Clinical Quality Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of high quality, effective care. Other delegated duties may be set forth in the Medical Staff Bylaws. The Patient Safety and Clinical Quality Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration. To the extent that such committee engages in peer review activity, such committee shall function as a "peer review committee" within the meaning of that term as set forth in Chapter 368a of the Connecticut General Statutes, as amended from time to time.

Section 5.5 Other Committees. The Board may establish and appoint ad-hoc committees from time to time as the Board may deem necessary to carry out special fund raising events or other initiatives of the Board. Such committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and chairs of each such committee shall be appointed by the Board, and each such committee shall consist of at least one (1) Trustee and two (2) other individuals who may or may not be Trustees. Each such committee shall be chaired by a Trustee of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

Section 5.6 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees as set forth in the Certificate of Incorporation.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Nonstock Act related to disclosure and approval of "Director's conflicting interest transactions" (as such term is defined in the Nonstock Act). Consistent with the requirements of the Nonstock Act, any "Director's conflicting interest transaction" shall, when possible, be approved and authorized by either (i) the Member or (i) a majority of the disinterested Trustees voting on the transaction at a meeting at which a majority (but no fewer

than two (2)) of all disinterested Trustees on the Board shall constitute a quorum, in each case following any required disclosure of the facts of the conflicting interest transaction.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Auxiliary**. There may be an auxiliary organized to further the purposes and interests of the Corporation (the "Auxiliary"). The Auxiliary shall have the authority, subject to the review and approval of the Board, to adopt and amend bylaws for its operations which shall state its purpose, duties and organization.

Section 8.5 **Department Chairs**. The Corporation shall consult with YNHHSC regarding the recruitment and selection of all Department Chairs or other comparable positions at the Corporation and/or any of its Affiliates.

ARTICLE IX. AMENDMENTS

INSTRUCTIONS FOR FILING ARTICLES OF AMENDMENT TO THE ARTICLES OF INCORPORATION OF A DOMESTIC NON-PROFIT CORPORATION

Section 7-6-40 of the General Laws of Rhode Island, 1956, as amended

The attached form is designed to meet minimal statutory filing requirements pursuant to the relevant statutory provision. This form and the information provided are not substitutes for the advice and services of an attorney and/or tax specialist.

1. In order to procure a Certificate of Amendment, a non-profit corporation must file Articles of Amendment to the Articles of Incorporation (Form No. 201) with the Office of the Secretary of State, Corporations Division, at the above address. When the Articles are properly completed, signed and submitted with the correct filing fee, a Certificate of Amendment, shall be issued.

2. Upon filing the Articles, the corporation must be in good standing and current with the filing of its annual reports and the maintenance of its registered agent and its registered office in this state.

3. The filing fee for the Articles of Amendment is $10.00, and payment should be made payable to the Rhode Island Secretary of State.

4. A corporation may amend its articles of incorporation, from time to time, in any and as many respects as may be desired, so long as its articles of incorporation as amended contain only such provisions as are lawful under this chapter. The following instructions apply if the corporation is changing its corporate name, and/or changing, enlarging or diminishing its corporate purpose.

   (a) The name of any non-profit corporation must be "distinguishable upon the records of the secretary of state." This means the Office of the Secretary of State will deny a request for a name if such name is identical to or not distinguishable from any entity, name reservation, or registration on file with the Business Section of the Corporations Division. A preliminary name availability check can be made by checking the Name Availability Database on our website, or by phoning us at the above telephone number. This preliminary check is not statutorily required, is not binding upon the Secretary of State, and does not ensure that the name will be available upon filing the Articles of Incorporation. It is suggested that you do not make any financial expenditures or execute documents utilizing the name based upon a preliminary name availability check. The final determination as to availability of the name will be made when the documents are submitted for filing.

   (b) The specific purpose or purposes of the corporation must be stated. General statements such as "any lawful purpose" or "any lawful business" will not be accepted.

5. The Articles must be signed by the corporation's president or vice president and secretary or assistant secretary. A signature must appear on each line even if the same person holds both offices.

If you have any questions, please call us at (401) 222-3040, Monday through Friday, between 8:30 a.m. and 4:30 p.m.

AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 **Name**. The name of the corporation is **LMW Healthcare, Inc.** (the "Corporation"). The Corporation shall conduct business under the name "Westerly Hospital."

Section 1.2 **General Purposes**. The purposes of the Corporation shall be as set forth in the Corporation's Articles of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Articles of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 **Member**. The Corporation shall have a single member, Lawrence + Memorial Corporation (the "Member").

Section 2.2 **Rights, Powers and Privileges**. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Rhode Island nonprofit corporation under the Rhode Island Nonprofit Corporation Act as may be amended from time to time (the "Act") and not conferred thereby or by the Articles of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws. If and to the extent that actions by the Member cannot be taken without the approval of the sole member of the Member, Yale-New Haven Health Services Corporation ("YNHHSC"), or actions have been reserved to YNHHSC, the Member may take such actions only as directed by YNHHSC.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A or Exhibit B of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), except that, with respect to the actions on Exhibit A, the Board's recommendation may be requested by the Member and YNHHSC consistent with Section 3.1(a) below. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the YNHHSC, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the rights reserved to the Member and YNHHSC to take the actions set forth in Exhibit A on behalf of and in the name of the Corporation, directly and without

the approval or the recommendation of the Board, YNHHSC (or the Member, acting on the direction of YNHHSC) expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board or the Member of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member and YNHHSC any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member or YNHHSC by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies. Without limiting the generality of the foregoing, the Board shall be responsible for the appointment, organization and activities of the Medical Staff (the "Medical Staff"), shall hold the Medical Staff responsible for recommendations concerning medical matters, and shall make decisions regarding initial staff appointments, reappointments, terminations of appointments, and the granting, termination, curtailment or revision of clinical privileges (directly or as delegated by the Board to the Patient Safety and Clinical Quality Committee in accordance with Section 5.4(b) of these Bylaws).

Further without limiting the generality of the foregoing, and subject to Section 2.2 and Exhibit A and Exhibit B of these Bylaws, the Board may:

(iv) Recommend to the Member and YNHHSC the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the Corporation or any Affiliate;

(v) Recommend to the Member and YNHHSC the formation or acquisition by the Corporation of any Affiliates or any other new direct or indirect subsidiaries, joint ventures or affiliations;

(vi) Recommend to the Member and YNHHSC the introduction or termination of any services to be offered by the Corporation not otherwise included in an approved budget or a strategic or financial plan; and

(vii) Recommend to the Member and YNHHSC changes to the Corporation's Certificate of Incorporation and Bylaws.

(b) Make the following recommendations to the Member:

(i) Recommend to the Member approval of any consent decree or settlements from state and federal authorities;

(ii) Recommend to the Member nominations for and removal of Trustees of the Corporation; and

(iii) Recommend to the Member the appointment and evaluation of the President of the Corporation.

(c) Take the following actions:

(i) Annually assess the Corporation's performance against approved budgets, initiatives and strategic plans adopted by the Member and YNHHSC;

(ii) Except for the President of the Corporation, elect officers of the Board (following consultation with the Member's Nominating and Governance Committee in accordance with Section 4.2 of these Bylaws) and remove from office any officer (except for the President of the Corporation) with or without cause (in accordance with Section 4.4(b) of these Bylaws);

(iii) Approve any business transaction or contract that is not otherwise included in an approved budget or a strategic or financial plan, except for long-term or material agreements that require the approval of the Member and YNHHSC in accordance with Exhibit A;

(iv) Periodically assess the Corporation's Quality Initiatives, including tracking and reporting on the Corporation's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(v) Periodically assess the Corporation's Development Plans and its Planned Giving Plans;

(vi) Periodically assess the Corporation's Community Relations Initiatives and Community Outreach Programs;

(vii) Approve actions with respect to the privileges and credentials of members of the Corporation's medical staff in accordance with state and federal law, applicable accreditation standards, the Corporation's Medical Staff Bylaws and any System guidelines established by the Member, subject to the Board's delegation of authority to the Board Patient Safety and Clinical Quality Committee; and

(viii) Evaluate the Board's performance.

Section 3.2 **Composition**. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of YNHHSC (or his or her designee);

(ii) the President of the Member (if such person is not also concurrently serving as the President of the Corporation);

(iii) the President of the Corporation (if such person is not also concurrently serving as the President of the Member);

(iv) the President of the Medical Staff; and

(v) the Vice President of the Medical Staff.

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

(c) **Other Board Participants**. Any present or former Trustee who has served with unusual distinction, or faithfully over a number of years, shall be eligible for election by the Board as a Trustee Emeritus. A Trustee Emeritus shall have the privilege of attending meetings of the Board and shall have the privilege of the floor, but shall have no vote at meetings

of the Board and shall not be counted in determined a quorum thereof.

Section 3.3 Number. The Board shall consist of no fewer than six (6) nor more than twelve (12) Trustees, such number to be determined from time to time by the Member.

Section 3.4 Election of Trustees. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III and who are satisfactory to YNHHSC.

Notwithstanding anything herein to the contrary, the Elected Trustees shall include one (1) physician on the Medical Staff who has previously held the position of President of the Medical Staff.

Section 3.5 Term and Term Limits. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such

determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of YNHHSC at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of YNHHSC.

Section 3.6 Resignation. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 Removal. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board. The Member shall remove an Elected Trustee at the direction of YNHHSC.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of the term of the trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing.

Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 Quorum and Voting. A majority of the number of Trustees in office at the time shall constitute a quorum for the transaction of business at all meetings of the Board, provided that if less than a majority of the Trustees is present at said meeting, a majority of the Trustees present may adjourn the meeting from time to time without further notice. The act of a majority of the Trustees present at a meeting at which a quorum is present at the time of the act shall be the act of the Board, unless the act of a greater number is required by these Bylaws, by the Certificate of Incorporation or by law. Notwithstanding the foregoing, in the event that any Trustee has a conflict of interest with respect to any transaction to be undertaken by the Corporation, such transaction shall require the approval of the Board or the Member consistent with Article VII.

ARTICLE IV. OFFICERS

Section 4.1 Officers. The officers of the Corporation shall consist of a President, a Chair, one or more Vice Chairs, a Secretary, a Treasurer and such other officers as may be appointed from time to time consistent with Section 4.6. The Chair and any Vice Chair shall be selected from among members of the Board of Trustees. The offices of the President, the Chair and the Treasurer shall be held by different individuals.

Section 4.2 **Election and Term of Office**. The President shall be appointed in accordance with Section 4.3(a) of this Article IV. The Chair, Vice Chairs, Secretary and Treasurer shall be nominated in consultation with the Nominating and Governance Committee of the Member and elected annually by the Board for a term of one year and until their successors are duly elected and qualified. (a) **President**. The President of the Corporation shall be appointed by the Member, following consultation with the Board and with the approval of YNHHSC. The appointed President shall serve at the pleasure of the Member and YNHHSC.

The President shall be a person who in the judgment of the Member and YNHHSC has the combination of education, experience, professional standards and demonstrated leadership ability to fulfill successfully the responsibilities of the position and to command the confidence and respect of the Board, the Medical Staff, Corporation personnel, YNHHSC and the community.

The President shall be delegated the responsibility for overall management of the Corporation and shall have all authority necessary to carry out this responsibility, subject only to such policies as may be adopted by the Board. The President shall act as the duly authorized representative of the Board in all matters in which the Board has not formally delegated some other person to so act. The duties, responsibilities and authority of the President shall be defined in a written statement adopted by the Member in consultation with the Board and with the approval of YNHHSC.

The President shall be a voting member of all standing committees except as otherwise specified in these Bylaws. The President shall report to the President of the Member (or his or her designee) as well as to the Board.

(c) **Vice Chair**. The Board shall designate one or more Vice Chairs, who shall exercise the powers and duties of the Chair during absence or disability. The Vice Chair(s) shall perform such other duties as the Board or the Chair may from time to time prescribe.

(d) **Secretary**. The Secretary shall have the custody of the records of the Corporation pertaining to the Secretary's office; shall keep minutes of the meetings of the Board, and shall cause notice of such meetings to be given as required by law or these Bylaws. The Secretary shall perform such other duties as the Board or the Chair may from time to time prescribe.

(e) **Treasurer**. The Treasurer of the Corporation shall be responsible for the safekeeping of all funds and securities of the Corporation, shall see that proper records showing all financial transactions of the Corporation are maintained, and shall present financial reports to the Board.

Section 4.4 Resignation and Removal.

(a) An officer of the Corporation may resign at any time by giving written notice of such resignation to the Secretary. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective.

(b) The Board may remove from office any officer with or without cause; provided, however, that the President of the Corporation may be removed from office by the Member at the direction of YNHHSC following consultation with the Board. Removal of an officer shall be without prejudice to the officer's contract rights, if any.

Section 4.5 Vacancies. In the case of the death, resignation or removal of any officer, except the President, the vacancy may be filled by the Board of Trustees for the unexpired term. A vacancy in the office of President shall be filled in accordance with Section 4.3(a).

Section 4.6 Other Officers. The Corporation may have such other officer or officers, including assistant officers, as the Board may from time to time determine. Any such officer or assistant officer shall be appointed or elected in the manner and for the term determined by the Board, and the officer shall have the duties assigned by the Board.

ARTICLE V. COMMITTEES

Section 5.1 Classification. There shall be such standing committees as are provided for in this Article V and such other committees as shall be established by Board resolution from time to time. Standing committees shall have the powers and duties set forth in this Article V and in a charter approved by the Board. Other committees shall have the powers and duties set forth in the resolution establishing them and in a charter approved by the Board. Each committee shall periodically review its charter and revise it as necessary; provided, however, that no amendment shall become effective until approved by the Board.

Section 5.2 Appointment of Committee Members. Except as otherwise provided in these Bylaws, members and chairs of all standing committees shall be appointed by the Board. All such committee members and chairs shall serve at the pleasure of the Board until the next annual meeting of the Board and until their successors shall be chosen. Unless otherwise provided, individuals who are not Trustees may be appointed to committees and each such person so appointed shall have a vote and be included for purposes of determining a quorum; provided, however, that if a committee is authorized to act on behalf of the Board, any such action must be approved by a majority of the committee members who are Trustees.

Section 5.3 Committee Governance.

(a) **Quorum and Voting.** A majority of the committee members shall constitute a quorum at committee meetings except as otherwise provided in these Bylaws. The act of a majority of the committee members present at a meeting at which a quorum is present at the time of the act shall be the act of such committee, unless the act of a greater number is required by these Bylaws, by resolution of the Board or by law.

(b) **Meetings**. Except as otherwise provided in these Bylaws or by resolution of the Board, each committee shall establish its own rules and procedures and shall fix the time and place of its meetings. Each committee shall keep minutes of its meetings which shall be made available to the Board upon request.

Section 5.4 Standing Committees.

(a) **Executive Committee**. The Executive Committee shall consist of the President, the Chair, the Secretary, the Treasurer, the President of the Member (if such person is not also concurrently serving as the President of the Corporation), a member of the Board selected by YNHHSC, and any other member of the Board that the Board may choose to appoint. The Chair shall serve as the chair of the Executive Committee. The Executive Committee shall possess and may exercise in the intervals between meetings of the Board all such powers of the Board, except as may otherwise be provided by law, these Bylaws, or resolution of the Board.

(b) **Patient Safety and Clinical Quality Committee**. The Patient Safety and Clinical Quality Committee shall have such duties as are delegated to it by the Board. These duties include authority to render decisions in cases of uncontested medical staff appointments, reappointments, and renewals or modifications of clinical privileges. The Patient Safety and Clinical Quality Committee shall also periodically review patient safety and clinical quality metrics to ensure the provision of high quality, effective care. Other delegated duties may be set forth in the Medical Staff Bylaws. The Patient Safety and Clinical Quality Committee shall serve as a liaison for communication between the Board, the Medical Staff and hospital administration. To the extent that such committee engages in peer review activity, such committee shall function as a "peer review board" for the purposes set forth in R.I. Gen. Laws § 23-17-25(a), as amended from time to time.

Section 5.5 Other Committees. The Board may establish and appoint ad-hoc committees from time to time as the Board may deem necessary to carry out special fund raising events or other initiatives of the Board. Such committees may not exercise the authority of the Board, and any acts taken by them shall be solely advisory in nature. The members and chairs of each such committee shall be appointed by the Board, and each such committee shall consist of at least one (1) Trustee and two (2) other individuals who may or may not be Trustees. Each such committee shall be chaired by a Trustee of the Board. Committee members shall serve at the pleasure of the Board and until their successors are elected.

Section 5.6 Powers of Committees. No committee established by the Board shall have power to fill vacancies on the Board or on any of its committees, to amend the Certificate of Incorporation of the Corporation or these Bylaws, to approve a plan of merger, to approve a sale, lease, exchange or other disposition of all, or substantially all, of the property of the Corporation other than in the usual and regular course of affairs of the Corporation, to approve a proposal to dissolve, or to authorize any other action inconsistent with the Certificate of Incorporation or these Bylaws. The Executive Committee shall have authority to take actions consistent with these Bylaws; all other committees shall act in an advisory capacity only and shall have no power or authority to bind the Corporation, unless expressly authorized by the Board.

ARTICLE VI. INDEMNIFICATION

The Corporation shall indemnify and defend the Corporation's Trustees, officers and employees to the full extent permitted by law.

ARTICLE VII. CONFLICTS OF INTEREST

The Trustees and officers of the Corporation shall comply with any Conflicts of Interest policy adopted by the Corporation, as any such policy may be amended from time to time, and with the provisions of the Act related to disclosure and approval of transactions that present a conflict of interest.

ARTICLE VIII. MISCELLANEOUS PROVISIONS

Section 8.1 **Fiscal Year**. The fiscal year of the Corporation shall begin on the first day of October and end on the last day of September in each year unless the Board of Trustees shall otherwise determine.

Section 8.2 **Execution of Deeds and Contracts**. Except as otherwise directed by the Board, all deeds and mortgages made by the Corporation and all other written contracts, agreements and undertakings to which the Corporation shall be a party shall be executed in its name by the President or such other officers or officers as may be specified by the Board or authorized by the President.

Section 8.3 **Execution of Negotiable Instruments**. All checks, drafts, notes, bonds, bills of exchange and orders for the payment of money shall be signed by the President or such officer or officers of the Corporation as the Board may specify from time to time.

Section 8.4 **Auxiliary**. There may be an auxiliary organized to further the purposes and interests of the Corporation (the "Auxiliary"). The Auxiliary shall have the authority, subject to the review and approval of the Board, to adopt and amend bylaws for its operations which shall state its purpose, duties and organization.

Section 8.5 **Department Chairs**. The Corporation shall consult with YNHHSC regarding the recruitment and selection of all Department Chairs or other comparable positions at the Corporation and/or any of its Affiliates.

G. Approval of any new relationships or agreements for undergraduate or graduate medical education programs or any material amendments to or terminations of existing agreements for undergraduate or graduate medical education programs;

H. Contracting with an unrelated third party for all or substantially all of the management of the assets or operations of this Corporation or any Affiliate;

L. Oversee the Corporation's management and investment of its permanent and temporarily restricted funds;

EXHIBIT B

Direct Authority Retained by YNHHSC

Notwithstanding anything in these Bylaws to the contrary, YNHHSC (or, where required by law, the Member acting at the direction of YNHHSC) retains authority to take the following actions on behalf of and in the name of this Corporation, directly and without the approval of the Board of this Corporation:

1. The name of the corporation is Visiting Nurse Association of Southeastern Connecticut, Inc. (the "Corporation").

2. The nature of the activities to be conducted, and the purposes to be promoted or carried out by the Corporation shall be exclusively charitable, scientific and educational within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as the same may be amended from time to time, and the corresponding provisions of any future United States Internal Revenue Law (the "Internal Revenue Code") and shall include the following:

(a) The promotion and maintenance of health;

(b) The prevention of disease and disability;

(c) Provision and coordination of vital health and support services for those in need of preventative, acute, maintenance, and/or terminal care at home and in the communities served based on current community needs;

(d) Collaboration and coordination with other groups in developing and implementing community health programs;

(e) Contribution to knowledge supporting improvements in community health practice; and

(f) Any other lawful act or activity for which a corporation may be organized under the Connecticut Revised Nonstock Corporation Act, as the same may be amended from time to time, and the corresponding provisions of any future Connecticut nonstock corporation law.

In furtherance of the foregoing, the Corporation shall (i) participate as an integral part of the integrated health care delivery system known as the Yale New Haven Health System (the "System"), which System provides, through its affiliates, comprehensive, cost effective, advanced patient care characterized by safety and clinical and service quality; and (ii) fund and promote activities and programs of the System, including activities and programs of its affiliates, consistent with and in furtherance of the Corporation's charitable purposes and the charitable purposes of all System affiliates.

3. The Corporation shall have but one member, Lawrence + Memorial Corporation (the "Sole Member"), which shall have the rights, powers and privileges provided in the Bylaws and by the State of Connecticut, including the right to exercise, on behalf of and as directed by its sole member, Yale-New Haven Health Services Corporation ("YNHHSC"), certain expressly reserved powers and retained rights described in the Bylaws.

4. Subject to the rights, powers and privileges accorded to the Sole Member and to YNHHSC under the Bylaws and by the State of Connecticut, the Corporation shall be governed by its Board of Trustees. The Bylaws may provide that persons occupying certain positions within or without the Corporation shall be ex-officio trustees who may vote and be counted in determining a quorum. As may be further provided in the Bylaws of the Corporation, the terms of elected trustees may be staggered by dividing the trustees into groups so that approximately an equal number of such trustees have terms that expire each year.

5. The Corporation is nonprofit and shall not have or issue shares of stock or pay dividends.

6. Notwithstanding any other provision of this Certificate of Incorporation, the Corporation shall not carry on any activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code.

7. No part of the net earnings of the Corporation shall inure to the benefit of or be distributable to the Corporation's trustees, officers or other private persons, except that the Corporation, subject to the provisions of the Bylaws, shall be authorized and empowered to pay reasonable compensation for services rendered. No substantial part of the activities of the Corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in or intervene in (including the publishing or distribution of statements) any political campaign on behalf of (or in opposition to) any candidate for public office.

8. Upon dissolution of the Corporation and subject to any restrictions imposed by any applicable will, deed, agreement or other governing document, the Board of Trustees shall dispose of and distribute the assets remaining after payment of all liabilities to Lawrence + Memorial Corporation, so long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Internal Revenue Code, or, if at the time of the dissolution of the Corporation, Lawrence + Memorial Corporation is not in existence or does not so qualify, to one or more charitable, scientific or educational organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Internal Revenue Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board of Trustees may determine.

9. In addition to, and not in derogation of, any other rights conferred by law, a trustee of the Corporation shall not be personally liable for monetary damages for breach of duty as a trustee in an amount greater than the compensation received by the trustee for serving the Corporation during the year of such breach if such breach does not (A) involve a knowing and culpable violation of law by such trustee, (B) enable such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes) to receive an improper personal economic gain, (C) show a lack of good faith and conscious disregard for the duty of such trustee to the Corporation under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (D) constitute a sustained and

unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Corporation. Any lawful repeal or modification of this Section 9 or the adoption of any provision inconsistent herewith by the Board of Trustees or Sole Member of the Corporation shall not, with respect to a person who is or was a trustee, adversely affect any limitation of liability, right or protection of such person existing at or prior to the effective date of such repeal, modification or adoption of a provision inconsistent herewith. The limitation of liability of any person who is or was a trustee provided for in this Section 9 shall not be exclusive of any other limitation or elimination of liability contained in, or which may be provided to any person under, Connecticut law.

10. The Corporation shall provide its trustees with the full amount of indemnification that the Corporation is permitted to provide pursuant to the Connecticut Revised Nonstock Corporation Act and shall advance expenses to trustees consistent with Section 33-1119 of the Connecticut General Statutes. In furtherance of the foregoing, the Corporation shall indemnify its trustees against liability as defined in Section 33-1116(4) of the Connecticut General Statutes to any person for any action taken, or any failure to take any action, as a trustee, except liability that (A) involves a knowing and culpable violation of law by such trustee, (B) enables such trustee or an associate (as defined in Section 33-840 of the Connecticut General Statutes) to receive an improper personal economic gain, (C) shows a lack of good faith and conscious disregard for the duty of such trustee to the Corporation under circumstances in which such trustee was aware that his conduct or omission created an unjustifiable risk of serious injury to the Corporation, or (D) constitutes a sustained and unexcused pattern of inattention that amounted to an abdication of such trustee's duty to the Corporation.

The Corporation may indemnify and advance expenses to each officer, employee or agent of the Corporation who is not a trustee, or who is a trustee but is made a party to a proceeding in his or her capacity solely as an officer, employee or agent, to the same extent as the Corporation is permitted to provide the same to a trustee, and may indemnify and advance expenses to such persons to the extent permitted by Section 33-1122 of the Connecticut General Statutes.

Notwithstanding any provision hereof to the contrary, the Corporation shall not indemnify any trustee, officer, employee or agent against any penalty excise taxes assessed against such person under Section 4958 of the Internal Revenue Code.

11. The Bylaws of the Corporation may be amended or repealed, and new Bylaws may be adopted, only with the approval of the Sole Member and YNHHSC.

AMENDED AND RESTATED BYLAWS

ARTICLE I. NAME AND GENERAL PURPOSES

Section 1.1 Name. The name of the corporation is **Visiting Nurse Association of Southeastern Connecticut, Inc.** (the "Corporation").

Section 1.2 General Purposes. The purposes of the Corporation shall be as set forth in the Corporation's Certificate of Incorporation as in effect from time to time. These Bylaws, the powers of the Corporation, its member, trustees and officers, and all matters concerning the conduct and regulation of the affairs of the Corporation shall be subject to the Certificate of Incorporation.

ARTICLE II. MEMBERSHIP

Section 2.1 Member. The Corporation shall have a single member, Lawrence + Memorial Corporation (the "Member").

Section 2.2 Rights, Powers and Privileges. The Member shall have all the rights, powers and privileges usually or by law accorded to the member of a Connecticut nonstock, nonprofit corporation under the Connecticut Revised Nonstock Corporation Act as may be amended from time to time (the "Nonstock Act") and not conferred thereby or by the Certificate of Incorporation or these Bylaws upon the Board of Trustees of the Corporation (the "Board"), including the right to elect the members of the Board in accordance with these Bylaws. If and to the extent that actions by the Member cannot be taken without the approval of the sole member of the Member, Yale-New Haven Health Services Corporation ("YNHHSC"), or actions have been reserved to YNHHSC, the Member may take such actions only as directed by YNHHSC.

Notwithstanding anything in these Bylaws to the contrary:

(a) Neither the Board, nor any officer or employee of the Corporation, may take any of the actions set forth in Exhibit A or Exhibit B of these Bylaws, nor may the Board or any officer or employee of the Corporation approve the taking of any such action by an Affiliate (as hereafter defined), except that, with respect to the actions on Exhibit A, the Board's recommendation may be requested by the Member and YNHHSC consistent with Section 3.1(a) below. For purposes hereof, an "Affiliate" of the Corporation shall mean, unless otherwise determined by the YNHHSC, any entity which at the time Affiliate status is being determined is directly or indirectly controlling or controlled by or under the direct or indirect common control with the Corporation. "Control" shall mean the legal power to (a) elect or cause the election of a majority of the governing body of the subject entity, or (b) direct or cause the direction of the subject entity's operations or management, whether the foregoing power(s) exist(s) through voting securities, other voting rights, reserved powers, contract rights, or other legally enforceable means.

(b) In addition to the rights reserved to the Member and YNHHSC to take the actions set forth in Exhibit A on behalf of and in the name of the Corporation, directly and without

the approval or the recommendation of the Board, YNHHSC (or the Member, acting on the direction of YNHHSC) expressly retains the rights to take the actions set forth in Exhibit B on behalf of and in the name of the Corporation, directly and without the approval or the recommendation of the Board or the Member of this Corporation.

(c) The Board shall have the authority, from time to time, to delegate to the Member and YNHHSC any rights, powers and privileges that would otherwise be exercised by the Board to the fullest extent permitted by applicable law.

Section 2.3 Liability and Reimbursement of Expenses. Unless the Member expressly agrees otherwise in writing, the Member shall not be liable for the debts or obligations of the Corporation. The Member may be reimbursed for expenses reasonably incurred on behalf of the Corporation.

ARTICLE III. BOARD OF TRUSTEES

Section 3.1 Powers and Duties. Subject to the powers retained by, conferred upon, or reserved to the Member or YNHHSC by law or under these Bylaws, the Board shall have charge, control and management of the affairs, property and funds of the Corporation in the manner and subject to the limitations set forth in these Bylaws. Each Trustee shall discharge his or her duties in good faith with the care an ordinarily prudent person in like position would exercise under similar circumstances and in a manner he or she reasonably believes to be in the best interests of the Corporation.

The Board shall have among its duties those duties required to be exercised by the governing body by applicable regulatory, licensing or accreditation agencies, including the duties set forth in Section 19-13-D67 of the Regulations of Connecticut State Agencies.

Without limiting the generality of the foregoing, and subject to Section 2.2 and Exhibit A and Exhibit B of these Bylaws, the Board may:

(a) Make the following recommendations to the Member and YNHHSC:

(i) Recommend to the Member and YNHHSC the philosophy, mission and values of the Corporation and any changes thereto;

(ii) Recommend to the Member and YNHHSC the Corporation's strategic plans;

(iii) Recommend to the Member and YNHHSC the Corporation's annual operating and financial targets, major clinical and/or financial initiatives, and financial plans (including capital and operating budgets);

(iv) Recommend to the Member and YNHHSC the sale, transfer or substantial change in use of all or substantially all of the assets, the divestiture, dissolution and/or disposition of assets, closure, merger, consolidation, change in corporate membership or ownership or corporate reorganization of the Corporation or any Affiliate;

(v) Recommend to the Member and YNHHSC the formation or acquisition by the Corporation of any Affiliates or any other new direct or indirect subsidiaries, joint ventures or affiliations;

(vi) Recommend to the Member and YNHHSC the introduction or termination of any services to be offered by the Corporation not otherwise included in an approved budget or a strategic or financial plan; and

(vii) Recommend to the Member and YNHHSC changes to the Corporation's Certificate of Incorporation and Bylaws.

(b) Make the following recommendations to the Member:

(i) Recommend to the Member approval of any consent decree or settlements from state and federal authorities;

(ii) Recommend to the Member nominations for and removal of Trustees of the Corporation; and

(iii) Recommend to the Member the appointment and evaluation of the President of the Corporation.

(c) Take the following actions:

(i) Annually assess the Corporation's performance against approved budgets, initiatives and strategic plans adopted by the Member and YNHHSC;

(ii) Except for the President of the Corporation, elect officers of the Board (following consultation with the Member's Nominating and Governance Committee in accordance with Section 4.2 of these Bylaws) and remove from office any officer (except for the President of the Corporation) with or without cause (in accordance with Section 4.4(b) of these Bylaws);

(iii) Approve any business transaction or contract that is not otherwise included in an approved budget or a strategic or financial plan, except for long-term or material agreements that require the approval of the Member and YNHHSC in accordance with Exhibit A;

(iv) Periodically assess the Corporation's Quality Initiatives, including tracking and reporting on the Corporation's performance under quality measures, quality and patient safety programs and initiatives, patient satisfaction and cultural competence initiatives;

(v) Periodically assess the Corporation's Development Plans and its Planned Giving Plans;

(vi) Periodically assess the Corporation's Community Relations Initiatives and Community Outreach Programs; and

(vii) Evaluate the Board's performance.

Section 3.2 **Composition**. The Board shall consist of two classes of voting Trustees, the Elected Trustees and the Ex Officio Trustees (collectively, the "Trustees").

(a) **Elected Trustees**. Elected Trustees shall be the persons elected by the Member for terms as set forth in these Bylaws, following nomination and approval pursuant to Section 3.4 of this Article III. Elected Trustees will represent a cross section of major segments of the community served by the Corporation and shall be selected, on the basis of demonstrated skill and ability, for their potential contribution to the governance of the affairs of the Corporation.

(b) **Ex Officio Trustees**. In addition to the Elected Trustees, there shall be the following Ex Officio Trustees, each of whom shall serve automatically by virtue of and while holding the designated office:

(i) the President/Chief Executive Officer of YNHHSC (or his or her designee);

(ii) the President of the Member; and

(iii) the President of the Corporation.

Ex Officio Trustees shall be counted in determining the presence of a quorum and shall have the right to vote on all matters that come before the Board.

Section 3.3 **Number**. The Board shall consist of no fewer than six (6) nor more than ten (10) Trustees, such number to be determined from time to time by the Member.

Section 3.4 **Election of Trustees**. At the annual meeting of the Member, the Member shall elect successors to the Elected Trustees whose terms are then expiring. The Member shall elect such successors from among the nominees presented by the Board; provided, however, that in the event the Member does not elect any such nominee, the Board shall present a different nominee to the Member for election; and provided further that in the event any such successor nominee is not elected by the Member within ninety (90) days following the original nomination, the Member may solicit alternative nominees or elect its own nominee. In all events, the Elected Trustees shall be individuals who meet the requirements set forth in Section 3.2(a) of this Article III and who are satisfactory to YNHHSC.

Section 3.5 **Term and Term Limits**. There shall be three (3) classes of Elected Trustees, with approximately one-third of the Elected Trustees in each class, and the terms of all Trustees in the same class shall expire at the adjournment of the same annual meeting of the Member at which Trustees are elected. Elected Trustees shall take office at the close of the meeting of the Member at which they were elected or at such later date as may be established by the Member and, subject to Section 3.6 of this Article III, shall hold office for a term of three (3) years and until a successor is duly elected and qualified.

Notwithstanding anything herein to the contrary:

(a) No person shall be elected a Trustee for a term beginning after the date of his or her seventy-sixth birthday, provided that an Elected Trustee who is seventy-six (76) years of age or older may be re-elected for another term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(b) An Elected Trustee who has served three (3) consecutive full terms (provided that for the purposes of this Section 3.5 a term of service of more than one-half of a full term shall be considered a full term) shall not be eligible for re-election for a period of one year, provided that a Trustee may be re-elected for an additional consecutive term if (i) the Trustee is also elected as an officer of the Corporation or appointed chair of a standing committee at the beginning of such additional term; or (ii) the Member determines that additional service is appropriate due to the Trustee's unique expertise and commitment to the Board, which such determination shall be made only in limited circumstances and shall be made prior to each proposed re-election after the Trustee's completion of three (3) consecutive full terms. In the instance of re-election as a Trustee for an additional term as provided in clause (i) of the foregoing sentence, Board membership shall be coterminous with said Trustee's service as an officer or committee chair.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an Elected Trustee in the event such Trustee also serves as a trustee of YNHHSC at the time such person is elected to serve as an Elected Trustee for a term otherwise prohibited by such paragraphs (a) and (b). In the instance of re-election as a Trustee for an additional term as provided in this paragraph (c), Board membership shall be coterminous with said Trustee's service as a trustee of YNHHSC.

Section 3.6 Resignation. Any Elected Trustee may resign at any time by giving written notice of such resignation to the Secretary of this Corporation. Such resignation shall be effective at the time specified in the notice, or if no time is specified, upon receipt by the Secretary. The acceptance of such resignation shall not be necessary to make it effective. Any Ex Officio Trustee who for any reason ceases to hold the office or position from which his or status as an Ex Officio Trustee derives shall automatically be deemed to have resigned as a Trustee of the Corporation and from any position held by virtue of such office with any Affiliate.

Section 3.7 Removal. One or more Elected Trustees may be removed from the Board with or without cause by action of the Member, which action may be taken upon its own initiative or upon the recommendation of the Board. The Member shall remove an Elected Trustee at the direction of YNHHSC.

Section 3.8 Vacancies. In the event of the death, resignation or removal of an Elected Trustee, the vacancy resulting therefrom may be filled only by the Member in accordance with Section 3.4 of these Bylaws. An individual elected to fill a vacancy shall serve the remainder of

the term of the trustee replaced.

Section 3.9 Meetings.

(a) **Annual Meetings**. The annual meeting of the Board shall be held on such date and time as the Chair of the Board shall designate.

(b) **Regular Meetings**. Regular meetings of the Board shall be held at least quarterly or more frequently as needed on such dates and at such times and places as the Chair shall designate.

(c) **Special Meetings**. Special meetings of the Board may be called at any time by the Chair or President and shall be called upon the written request of any three (3) Trustees.

Section 3.10 Notice of Meetings. Notice of the date, time and place of any meeting of the Board shall be given to each Trustee and to the Member at least five (5) days in advance of the meeting, except that no notice need be given of a regular meeting held in accordance with a schedule established at the beginning of the fiscal year and provided to the Board in writing. Any notice of a meeting required under these Bylaws may be communicated to a Trustee in person, by mail or other delivery service, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic email address at which a Trustee has consented to receive notice. Notice to the Member shall be directed to the President of the Member and may be provided in person, by mail, or by telephone, facsimile or other electronic means, including electronic mail directed to an electronic mail address at which the President of the Member has consented to receive notice.

Section 3.11 Waiver of Notice. Notice of any meeting of the Board may be waived in writing by all the Trustees and, if any Trustee present at a meeting of the Board does not protest prior to or at the commencement of the meeting the lack of proper notice, he or she shall be deemed to have waived notice of such meeting.

Section 3.12 Action by Unanimous Written Consent. Any action required or permitted to be taken by the Board may be taken without a meeting if all the Trustees unanimously consent to such action in writing. Such written consent(s) shall be filed with the minutes of the Corporation and shall have the same force and effect as a vote of Trustees at a duly convened meeting. For purposes of this section, a Trustee may evidence his or her consent with any manual, facsimile, conformed or electronic signature, including an email communication from the Trustee to the Corporation from an email address provided by the Trustee to the Corporation.

Section 3.13 Participation by Conference Call. The members of the Board may participate in a meeting of the Board by means of conference telephone or similar communications equipment (including, without limitation, video conferencing equipment) affording all persons participating in the meeting the ability to hear one another, and such participation in the meeting by means of such equipment shall constitute presence in person at such meeting.

Section 3.14 **Quorum and Voting**. Premerger Notification and the Merger Review Process

Under the Hart-Scott-Rodino (HSR) Act, parties to certain large mergers and acquisitions must file premerger notification and wait for government review. The parties may not close their deal until the waiting period outlined in the HSR Act has passed, or the government has granted early termination of the waiting period. The FTC administers the premerger notification program, and its staff members answer questions and maintain a website with helpful information about how and when to file. The FTC also provides daily updates of deals that receive early termination.

Steps in the Merger Review Process

Step One: Filing Notice of a Proposed Deal

Not all mergers or acquisitions require a premerger filing. Generally, the deal must first have a minimum value and the parties must be a minimum size. These filing thresholds are updated annually. In addition, some stock or asset purchases are exempt, as are purchases of some types of real property. For further help with filing requirements, see the FTC's Guides to the Premerger Notification Program. There is a filing fee for premerger filings.

For most transactions requiring a filing, both buyer and seller must file forms and provide data about the industry and their own businesses. Once the filing is complete, the parties must wait 30 days (15 days in the case of a cash tender offer or a bankruptcy) or until the agencies grant early termination of the waiting period before they can consummate the deal.

Step Two: Clearance to One Antitrust Agency

Parties proposing a deal file with both the FTC and DOJ, but only one antitrust agency will review the proposed merger. Staff from the FTC and DOJ consult and the matter is "cleared" to one agency or the other for review (this is known as the "clearance process"). Once clearance is granted, the investigating agency can obtain non-public information from various sources, including the parties to the deal or other industry participants.

Step Three: Waiting Period Expires or Agency Issues Second Request

After a preliminary review of the premerger filing, the agency can:

1. terminate the waiting period prior to the end of the waiting period (grant Early Termination or "ET");
2. allow the initial waiting period to expire; or

3. issue a Request for Additional Information ("Second Request") to each party, asking for more information.

If the waiting period expires or is terminated, the parties are free to close their deal. If the agency has determined that it needs more information to assess the proposed deal, it sends both parties a Second Request. This extends the waiting period and prevents the companies from completing their deal until they have "substantially complied" with the Second Request and observed a second waiting period. A Second Request typically asks for business documents and data that will inform the agency about the company's products or services, market conditions where the company does business, and the likely competitive effects of the merger. The agency may conduct interviews (either informally or by sworn testimony) of company personnel or others with knowledge about the industry.

Step Four: Parties Substantially Comply with the Second Requests

Typically, once both companies have substantially complied with the Second Request, the agency has an additional 30 days to review the materials and take action, if necessary. (In the case of a cash tender offer or bankruptcy, the agency has 10 days to complete its review and the time begins to run as soon as the buyer has substantially complied.) The length of time for this phase of review may be extended by agreement between the parties and the government in an effort to resolve any remaining issues without litigation.

Step Five: The Waiting Period Expires or the Agency Challenges the Deal

The potential outcomes at this stage are:

1. close the investigation and let the deal go forward unchallenged;
2. enter into a negotiated consent agreement with the companies that includes provisions that will restore competition; or
3. seek to stop the entire transaction by filing for a preliminary injunction in federal court pending an administrative trial on the merits.

Unless the agency takes some action that results in a court order stopping the merger, the parties can close their deal at the end of the waiting period. Sometimes, the parties will abandon their plans once they learn that the agency is likely to challenge the proposed merger.

In many merger investigations, the potential for competitive harm is not a result of the transaction as a whole, but rather occurs only in certain lines of business. One example would be when a buyer competes in a limited line of products with the company it seeks to buy. In this situation the parties may resolve the concerns about the merger by agreeing to sell off the particular overlapping business unit or assets of one of the merging parties, but then complete the remainder of the merger as proposed. This allows the procompetitive benefits of the merger to be realized without creating the potential for anticompetitive harm. Many merger challenges are resolved with a consent agreement between the agency and the merging parties.

Other Government Investigations - Supplement

The following notes provide additional background for the corresponding items noted on the chart:

(1) CMS CHIG11 relates to a CMS substantial allegation survey which was conducted by the Connecticut Department of Public Health into a matter involving an employee of a private physician practice in the community. The employee of the private practice inappropriately used the practice's access rights to hospital-based records to access the hospital medical records of three family members. L+M provided applicable policies and procedures, audit reports, response letters and a walkthrough of the Health Information Management department during the two day onsite survey by DPH, which concluded with no findings. This incident is also the subject of the OCR compliant 12-143868 which is also listed on the chart and concluded that the Hospital's response adequately addressed the matter.

(2) OCR 01-14-173968 relates to a complaint that a counselor discriminated against an individual based on the limited English proficiency of the individual (the mother of the patient) when the counselor filed a report with the Department of Children and Families about a minor patient and suspected child abuse/neglect. The individual also alleged that L+M did not offer the mother an interpreter. There was insufficient evidence to substantiate the individual's claims that L+M violated Title VI on the basis of national origin. Throughout the OCR investigation, L+M demonstrated compliance with Title VI and updated its policies and procedures related to Limited English Proficiency and Interpreter Services based on technical assistance that OCR provided to L+M.

(3) The OSHA investigation in July, 2015 was triggered as a result of a complaint by an employee made after a student intern accidentally spilled a radioactive isotope in the nuclear medicine department and was sent home with the clothing on which the isotope had spilled. The complaint triggered OSHA to investigate under its newly implemented National Emphasis Program. The inspection has recently concluded and no violations were issued associated with the incident that prompted the complaint. The National Emphasis Inspection however identified four other deficiencies that resulted in a settlement agreement committing to correction of the deficiencies and payment of a penalty of up to $7,500. The identified deficiencies related to the following: (i) failure to update the Exposure Control Plan annually; (ii) failure to annually evaluate need for improved equipment for handling of needles and sharps; (iii) failure to indicate brand of device in sharps injury log; and (iv) failure of certain departments to complete annual bloodborne pathogens training on time.

(4) The NLRB charges were all related to (i) an alleged failure to bargain regarding a transfer of services to an L+M Healthcare affiliate; and (ii) a lock out of RN and LPN/Tech bargaining unit employees following a strike.

The Global Settlement agreement, which was approved by the NLRB, addressed the following issues:

- Resolution of outstanding Unfair Labor Practice Charges related to a 2013 strike and lock out involving RN and LPN/Tech bargaining units.
- Employees whose jobs were impacted by LMMG physicians providing patient care in a setting outside Lawrence + Memorial Hospital.

- A tentative agreement for two Collective Bargaining Agreements (RN and LPN/Tech) which was later ratified by the membership.
- Limitations on the services Lawrence + Memorial Hospital can reduce or eliminate through transition of services to LMMG until 11/16/16.

(5) The two CHRO complaints 1440161 and 1440162 relate to a complaint that L+M failed to provide a sign language interpreter for two individuals who are profoundly deaf on two dates of service in 2013. A Settlement Agreement was reached with the two individuals in July of 2014 that required additional signage throughout L+M's facilities, updates to policies and procedures, additional training for staff and a regular review of equipment and technology used as auxiliary aids for deaf and hard of hearing patients.

RE: First Annual Report Pursuant to Order of Rhode Island Superior Court Approving Sale of Assets of The Westerly Hospital and Related Entities to Lawrence + Memorial Corporation and LMW Healthcare, Inc. – September 10, 2012

Dear Mr. Dexter:

I am writing in connection with the terms of that certain court order issued by the Rhode Island Superior Court on September 10, 2012 (the "Order") in connection with the special mastership proceedings for Westerly Hospital Healthcare, Inc., The Westerly Hospital and its related entities identified as C.A. No. 2011-0781 (the "Mastership Proceeding"). The Order, attached hereto for ease of reference, approved the sale of assets of The Westerly Hospital and its related entities to Lawrence + Memorial Corporation and LMW Healthcare, Inc. in accordance with the terms of the Asset Purchase Agreement entered into by the parties (the "APA"). These transactions also became the subject of filings with your Department under the Hospitals Conversion Act ("HCA") which were approved on April 16, 2013, and which subsequently closed effective June 1, 2013 (the "Closing").

Pursuant to the Order, LMW Healthcare, Inc., now operating under the name Westerly Hospital, and Lawrence + Memorial Corporation (collectively, the "Buyer"), are required to provide the Department with an annual report concerning the status of the Buyer Commitments in the transaction.[1] The purpose of this letter, therefore, is to outline for the Department the

[1] Page 8 of the Order, describing the enforcement of the Buyer Commitments, reads in relevant part: "Beginning on the first anniversary of the Closing of the transactions contemplated by the APA and on each of the following four (4) anniversaries thereof, Buyer shall file, in a form reasonably acceptable to the RIDOH, a written annual report and supporting documentation, concerning progress toward achieving, and compliance with, the Buyer Commitments (the "Annual Report")".

status of the Buyer's Commitments under the APA as of June 1, 2014, the first anniversary of the Closing.

The Buyer Commitments are defined in the Order as the consideration for the purchase outlined in Section 1.6 of the APA as well as Buyer's covenants set forth in Article 10 of the APA.[2] The Buyer Commitments were also summarized in the Order in the manner outlined below. We are providing the first annual post-closing report at this time in a format that restates the Buyer Commitments in the summary form used in the Order and provides a report on each item immediately following. Please note that any defined terms used in this letter that are not otherwise defined shall have the same meaning of such term as defined under the APA.

Buyer's Commitments

1) Assumption (or satisfaction) of over $22 Million in the Westerly Hospital and the Related Entities' liabilities.

Report: Pursuant to Section 1.6(b)(i) of the APA, Buyer assumed over $22 Million in liabilities of Westerly Hospital and its related entities, which included Bank Debt of the Sellers, Bond Debt of the Sellers, Trade Accounts Payable of the Sellers, Third-Party Payor Liabilities of Sellers, Accrued Payroll, and Asbestos Abatement Obligations.

A. Since Closing, Buyer has satisfied the following obligations assumed from the Sellers:

(i) Of $16,065,057 of assumed Trade Accounts Payable, $10,880,026 have been satisfied, and the balance remain to be treated in accordance with the terms of the claims resolution process described in the Order of the Superior Court of Rhode Island dated May 30, 2013 as supplemented and amended by further orders of the Superior Court after such date (collectively, the "Claims Order");

(ii) $7,073,121 in Bond Debt of the Sellers;

(iii) $4,860,642 in Bank Debt of the Sellers; and

(iv) Of $3,093,024 of assumed obligations relating to capital leases, $2,566,037 has been satisfied, with $526,987 remaining as an assumed liability payable in accordance with the terms of the Claims Order.

B. In addition to these amounts, Buyer also assumed and began to carry on its balance sheet the following obligations assumed from the Sellers:

[2] These sections of the APA are provided with this letter for ease of reference.

(i) $2,488,190 in Accrued Payroll (amounts are paid continuously as needed); and

(ii) $1,425,678 for Asbestos Abatement Obligations.

2) Commitment to pay for a "tail" malpractice insurance policy that Westerly Hospital will require upon the sale at an estimated cost of approximately $2 Million.

Report: The Buyer funded the payment for the tail malpractice policy required for Westerly Hospital in the amount of $2,200,000 at Closing.

3) Commitment to pay Closing costs and transactional expenses that Westerly Hospital will incur in the proceeding at an estimated cost of $1.5 Million.

Report: This commitment was discharged at or shortly after Closing. All closing costs and transaction expenses have been paid, including the costs and expenses associated with the Department's regulatory review of the transaction.

4) Commitment to fund "cure" costs not captured in assumed liabilities.

Report: All cure costs related to contracts and capital leases assumed by Buyer at Closing have been paid, representing approximately $2,093,628 of the satisfied liabilities outlined in Section 1 above.

5) Commitment to continue the Westerly Hospital identity and name, including its non-profit status and community mission.

Report: Since the Closing, LMW Healthcare, Inc. has been doing business under the name "Westerly Hospital" and has continued to operate as a non-profit corporation and uphold the community mission of the hospital as described in materials provided to the Department during the HCA process.

6) Commitment to establish a Hospital Board with members drawn from residents of the Westerly service area. Moreover, a commitment to put residents of the Westerly service area on the reconstituted Board of Trustees of the Hospital as well as the Board of Trustees of the Buyer's parent.

Report: On June 24, 2013, Lawrence + Memorial Corporation, as sole member of LMW Healthcare, Inc. (Westerly Hospital), completely reconstituted the Westerly Hospital board to conform to the governance descriptions that had been presented to the Department during the HCA process. The current 11-member board includes seven

individuals who are independent members of the Westerly Hospital community with the remaining four seats being held ex-officio by the CEO of Westerly Hospital (who also serves as the CEO of Lawrence + Memorial Corporation) and three physicians serving as officers of the Hospital's medical staff. Additionally, on June 5, 2013, four new individuals were elected to the board of Lawrence + Memorial Corporation to represent the Westerly Hospital service area, three of whom are independent and one who is a physician on Westerly Hospital's medical staff. Furthermore, in addition to these four individuals, the Chairman of the Westerly Hospital Board of Directors holds an ex-officio seat by virtue of that position on the Board of Directors of Lawrence + Memorial Corporation.

7) Commitment to carry out a broad-based community capital campaign in support of Westerly Hospital and a commitment that such funding will be raised in the Hospital's name and remain for the benefit of the Hospital's non-profit community mission.

Report: Westerly Hospital was prepared to renew and re-commence its fundraising program and activities, under the auspices of the Westerly Hospital Foundation, as soon as the Closing took place. More than 1,000 gifts have been received by Westerly Hospital since June 1, 2013. These have come almost exclusively in the form of gifts from individual residents of the community served by the Westerly Hospital. The purposes for which these gifts have been requested and for which they are being used are determined through the Hospital's capital budgeting process. This process helps to assure that philanthropic support is directed at the highest priority capital needs.

Currently the Hospital, through the activities of the Foundation, is seeking and receiving broad support from donors and these resources are being directed toward identified capital needs for healthcare technology and facility improvements, all of which directly benefit Westerly Hospital and its patients.

Additionally, since closing, Westerly Hospital has completed the statewide community needs assessment, conducted an assessment of current and future provider needs in the community, and been actively involved in multiple planning and assessment activities as part of a comprehensive strategic planning process for all of the L+M affiliated entities scheduled to be completed by the end of July 2014. The results of these processes collectively will further inform the facilities planning process and setting of strategic and operational priorities for Westerly Hospital. Those decisions, once made, will facilitate development of more targeted capital campaign activities on behalf of the Hospital.

8) Commitment to maintain the Westerly Hospital as an acute care, community hospital for a minimum of 5 years after the Closing. Included within this commitment is a commitment not to discontinue clinical services being provided by Westerly Hospital for 2 years after the Closing as more fully set forth in Section 10.1 of the APA. Furthermore, if L+M's targeted goal of a 3% operating margin on a roll-up basis of the Westerly Hospital and Related Entities is achieved, a commitment to augment services.

Report: Since Closing Westerly Hospital has been maintained as an acute care hospital offering the same array of clinical services that it offered as of the Closing.[3] Recently Buyer agreed to extend the commitment to maintain an acute care community hospital for an additional year, as part of the Special Master's 22nd Interim Report approved by the Superior Court on May 23, 2014. Additionally, although a 3% operating margin has not yet been achieved, Westerly Hospital has re-established a plastic surgery program in its array of services as of the end of May, 2014.

9) Commitment to inject $6.5 Million of working capital into Westerly Hospital during the first 2 years after Closing to fund the turnaround plan (subject to final review by Buyer) that the Mastership has begun to bring the Hospital to a state of profitability.

Report: This commitment represents Buyer's commitment to provide funding of operating losses over a two-year period as needed to allow the Hospital to be restored to a state of profitability. Such commitment was based on projections developed using historic loss data and projected savings from initiatives in the turnaround plan, accounting for the time lag involved between implementing an initiative and realizing its benefit.

Because the timing associated with the resolution of various closing conditions extended out the originally anticipated closing date, Buyer and the Mastership collaborated to continue to implement the turnaround plan under the Mastership pending closing and agreed that Buyer would provide cash advances as needed to fund the Hospital's operations pre-closing. Approximately $4,486,000 was injected into Westerly Hospital's operations by Buyer before the Closing to support operations and efforts required to return the Hospital to a state of profitability. This amount was in addition to the significant personnel and management resources provided by Buyer to Westerly Hospital as part of its interim advisory services that enabled more rapid execution of turnaround initiatives. As a result of those efforts, the Hospital has posted consistent positive operating margins in the first eleven months of operations since Closing (through April, 2014).

10) Consistent with the commitments to continue the mission of the Hospital and maintain it as an acute care, community hospital, a commitment during the first 5 years after Closing, to make or incur contractual obligations to make $30 Million in capital expenditures including without limitation, investment in technology, equipment, and/or expanded services.

Report: In the first year since Closing, Westerly Hospital has already expended $1,998,227 in capital expenditures and has made commitments for $3,632,236 in

[3] The Department had approved the former Westerly Hospital's discontinuation of obstetrical services immediately prior to the Closing.

additional capital expenditures. Such expenditures are slated for Information Technology updates, space renovation for staff, parking lot refurbishing, roof replacement, a CT Scan replacement and other clinical equipment needs.

11) Commitment to offer employment, commencing on the Closing Date to all union and non-union clinical, trade and services personnel of the Sellers (excluding certain management personnel and general and administrative support services personnel) and, a further commitment to maintain certain minimum staffing levels per adjusted average occupied bed.

Report: At the time of the Closing, LMW Healthcare had offered continued employment to all clinical, trade and services personnel from the Hospital's existing workforce. Approximately 661 individuals from Westerly Hospital's existing workforce became employed by the new entity (LMW Healthcare) at Closing. Since Closing, Westerly Hospital has maintained staffing levels per adjusted average occupied bed in excess of the target of 4.2 FTEs per adjusted average occupied bed.

12) Commitment to assume physician contracts and to strengthen the Westerly Hospital's relationship with the physician community (subject to Buyer's due diligence review, including but not limited to, compliance with law, inclusive of current review being undertaken by the U.S. Department of Health and Human Services, Office of the Inspector General, and the U.S. Attorney).

Report: At Closing, LMW Healthcare, Inc. (now doing business as Westerly Hospital), assumed physician contracts relating to the clinical and administrative operations of the Hospital, including arrangements for pathology services, radiology services, hospitalist services, ICU coverage, and numerous Department Chief and Medical Director arrangements as well as entered into a new arrangement for physician services in the Emergency Department. The Hospital also continued numerous space lease arrangements with private practices serving the Westerly Hospital service area. The Hospital's affiliate, L+M Physician Association, Inc., brought an additional 17 Westerly Hospital-affiliated physicians and 5 non-physician providers into its employ and continued the operation of several practice locations serving the Westerly Hospital service area.

Since Closing, Westerly Hospital completed a comprehensive Medical Staff Development Plan ("MSDP") specific to Westerly Hospital's primary service area to assess current and future physician needs based on population, demographics, use rates, and existing physician supply in the service area. The MSDP shows the highest manpower needs in the service area relate to primary care and certain surgical specialties.

In addition, physician recruitment to sustain and increase access to care in the Hospital's service area has been actively ongoing since Closing. Recruitment efforts through L+M Physician Association, Inc. successfully recruited three primary care physicians (1 family practitioner, 2 OB/GYNs), three specialists (general surgeon, orthopedic surgeon and dermatologist), two Physician Assistants (PAs) and three Advanced Practice Registered Nurses (APRNs) to the Westerly Hospital service area since the Closing.

13) Commitment to expedite the Rhode Island Hospital Conversion Act and Change in Effective Control process.

Report: As the Department is already aware, the Rhode Island Hospital Conversion Act and Change in Effective Control processes were pursued promptly once the court's sale order entered, leading to final decisions approving the transaction from the Rhode Island Attorney General's office on April 16, 2013, and from the Rhode Island Department of Health on April 17, 2013.

14) During the critical period between the Sale Hearing and the completion of the Hospital Conversion Act process, a commitment pursuant to the Interim Advisory Agreement to loan monies to the Hospital to cover operational losses.

Report: Buyer provided interim advisory services and loaned monies to the Hospital during the period between the Sale Order and Closing so as to facilitate a Closing on June 1, 2013.

15) A commitment to fund the lease obligations (approximately $68,000 per month) for the North Stonington Health Center up and until Closing subject to the Special Master deeming such payments necessary in his discretion.

Report: Buyer provided the Special Master for the period prior to Closing with approximately $840,000 in order to fund the lease obligations for the North Stonington Health Center; although the Closing itself did not include acquisition of the North Stonington Health Center.

We hope that the foregoing information will enable the Department to conclude that to date the Buyer has satisfactorily honored the Buyer Commitments under the APA. We are happy to provide additional information as the Department may find necessary to assess the status of any particular commitment. Please contact me at (860) 442-0711 ext. 4416 or manderson@lmhosp.org if you have any questions or require anything further.

On February 28, 2012, this Court heard the Special Master, W. Mark Russo's Petition for Instructions seeking authority to implement a process to secure proposals for the acquisition, strategic partnership and/or repositioning of The Westerly Hospital and the Related Entities. After a hearing thereon and after the procedures were noticed out by the Special Master to parties-in-interest for comment and input, this Court entered an Order dated March 12, 2012, establishing the Mastership Transaction Process (the "Mastership Transaction Process Order" and the "Mastership Transaction Process", respectively).

Furthermore, on June 13, 2012, this Court held a hearing and granted the Special Master's Petition for Instructions (the "Petition"), regarding the Presentation and Acceptance of a Stalking Horse Offer by LMW Healthcare, Inc., and LMW Physicians, Inc., as guaranteed by Lawrence & Memorial Hospital Corporation (collectively, "L&M" or the "Buyer") as set forth in the form of Asset Purchase Agreement (the "APA") attached hereto as *Exhibit A* (except as

otherwise defined herein, the capitalized terms herein are defined in the APA, as may be amended from time to time).[1] The Order authorizing the Special Master to enter into the APA subject to higher and better offers is referenced herein as the "Sales Procedures Order."

The Mastership Transaction Process Order, set forth criteria to which weight would be afforded to preserve The Westerly Hospital and the Related Entities as assets to the community both from the standpoint of healthcare and the regional economy. *See* Mastership Transaction Process Order at ¶¶ 7 and 12.

In accordance therewith, the L&M "Stalking Horse Offer", as embodied within the APA, addressed such weighted criteria as follows:[2]

1. An assumption (or satisfaction) of over $22M in The Westerly Hospital and the Related Entities' liabilities;
2. A commitment to pay for a "tail" malpractice insurance policy that Westerly Hospital will require upon sale at an estimated cost of approximately $2 million;
3. A commitment to pay Closing costs and transactional expenses that Westerly Hospital will incur in this proceeding in the estimated amount of $1.5 million;

L&M's bid, as above-referenced, was tested during an intensive, competitive bid process. The Special Master and his advisers have diligently and in good faith marketed the Assets to secure the highest and best offer or offers therefor. The culmination of that process, and the fourth and final phase of the Mastership Transaction Process commenced with a hearing to determine the highest and best proposal for the acquisition, strategic partnership and/or repositioning of the Westerly Hospital and Related Entities.

On August 28, 2012, this Court conducted such a hearing as consistent with the Sales Procedures Order. At that hearing, L&M and the Special Master presented an amendment to the APA, a copy of which is attached hereto as ***Exhibit B*** (the APA and the amendment thereto are collectively referenced hereinafter as the "APA"). The amendment to the APA modifies such by, amongst other things, providing for the redemption of the Bonds at or before the Closing and for the satisfaction or assumption of the obligations of the Westerly Hospital and Related Entities to the Washington Trust Company. The APA proposed by Buyer was offered in good faith, from arm's-length bargaining positions without collusion or fraud by the parties so that Buyer is a good faith purchaser.

The Special Master has given due and proper notice of the proposed sale of the Assets to all parties required to receive notice, including without limitation, to each secured party, all holders of Liens and Liabilities of record with respect to the Assets, all of the counterparties to the Material Contracts, all municipalities and licensing agencies, the United States Department of Justice (the "DOJ"), the United States Department of Health and Human Services, Office of the Inspector General (the "OIG"), and any governmental unit having a claim against Westerly Hospital and Related Entities or the Assets, including without limitation the Pension Benefits Guaranty Corporation (the "PBGC") and the Rhode Island Department of Health (the "RIDOH")

and all entities reasonably known to have expressed an interest in a transaction with respect to the Assets during the past twelve (12) months.

A reasonable opportunity to object or be heard with respect to the Mastership Transaction Process and the relief contemplated thereby, and the rights of third parties to submit higher or otherwise better offers for the Assets, has been afforded to all interested parties and entities.

Under all the circumstances presented, (i) all actions contemplated in the APA; (ii) consummation of all acts contemplated in this Order; (iii) the transfer of the Assets by the Special Master to Buyer; and (iv) the receipt by the Special Master of the Purchase Price are in the best interests of The Westerly Hospital and the Related Entities and their respective estates, creditors, and interest holders.

It is accordingly hereby

In addition, supplemental notice has been provided to the PBGC, the RIDOH, the Internal Revenue Service, the Centers for Medicare and Medicaid Services, Peter F. Neronha, as

In turn, the Stipulation read into the record on August 28, 2012, withdrawing North Stonington Properties LLC's Objection and waiving appellate rights is incorporated herein. *See* Transcript of Stipulation attached hereto as *Exhibit* C. The Buyer Commitments, in addition to the other obligations, covenants and representations set forth in the APA, are guaranteed by the parent company Lawrence & Memorial Hospital Corporation and said guaranty is incorporated into this Order. Moreover, the APA provides that the Buyer agrees to be bound by a mechanism for enforcement of the Buyer Commitments, as reasonably acceptable

d. The Mastership Proceeding, upon final report and recommendation of the Special Master shall be stayed; provided, however, if after exhaustion of the administrative procedures set forth above there remain unresolved disputes regarding enforcement of the Buyer's Commitments, the stay shall be lifted and any such remaining disputes shall be submitted to the Mastership Court for adjudication; and, provided, further, if no such disputes are submitted to the Mastership

This Court shall retain jurisdiction to resolve any controversy and claim arising out of or relating to the APA, or the breach thereof, and over any claims against Buyer that are not Assumed Liabilities as defined in the APA. In accordance therewith, the Special Master, effective upon the Closing, shall transfer all right, title and interest in and to the real property in which The Westerly Hospital and the Related Entities have right, title and interest, together with all appurtenances and rights thereto, and all right, title and interest in the leasehold interest to leased real property, which interest, shall be sold, assigned and transferred to Buyer free and clear of any and all mortgages, deeds of trust, security interests, mechanics or other liens, liabilities or encumbrances subject only to Assumed Liabilities. Furthermore, and as consistent therewith, the accounts receivable being acquired by Buyer represent and constitute *bona fide* claims owing to the Westerly Hospital and Related Entities for services actually performed and for goods and supplies actually provided in the amounts indicated on the Financial Statements (as that term is defined in the APA) with no known set-offs, deductions, compromises or reductions (other than reasonable allowances for bad debts and contractual allowances in an amount consistent with historical policies and procedures of the Westerly Hospital and Related Entities). In accordance with the terms of the amendment to the APA attached hereto as *Exhibit* the Special Master is hereby authorized on behalf of the Hospital, to provide such notice and take such other action as is reasonably necessary to cause the redemption of the Bond Debt pursuant to the Loan and Trust Agreement including such action necessary for the Hospital to cause a settlement payment to be made to the Bond Trustee for satisfaction and redemption of the Bond Debt pursuant to the Loan and Trust Agreement and constituting a settlement payment pursuant to 11 U.S.C. Notwithstanding the foregoing or anything in this Order, Petition to Sell, or APA to the contrary, the Medicare provider agreement shall not be considered an "asset" that may be sold or transferred, and in particular may not be sold or transferred "free and clear" of any liens or liabilities.

9. Based upon the sale and marketing efforts conducted by the Special Master as consistent with this Court's Orders and this Court's findings that the Special Master satisfied the phased requirements of the Mastership Transaction Process Order, this Court finds that the sale of the Assets to Buyer, upon the terms and conditions of the APA, as amended by this Order, is commercially reasonable, the sales price and the terms set forth therein are fair and reasonable, the sale is made in good faith, Buyer is a *bona fide* good faith purchaser, and that such sale is in the best interest of all creditors of The Westerly Hospital and the Related Entities wherever located. RE: Second Annual Report Pursuant to Order of Rhode Island Superior Court Approving Sale of Assets of The Westerly Hospital and Related Entities to Lawrence + Memorial Corporation and LMW Healthcare, Inc. – September 10, 2012

Dear Mr. Dexter:

I am writing in connection with the terms of that certain court order issued by the Rhode Island Superior Court on September 10, 2012 (the "Order") in connection with the special mastership proceedings for Westerly Hospital Healthcare, Inc., The Westerly Hospital and its related entities identified as C.A. No. 2011-0781 (the "Mastership Proceeding"). The Order, attached hereto for ease of reference, approved the sale of assets of The Westerly Hospital and its related entities to Lawrence + Memorial Corporation and LMW Healthcare, Inc. in accordance with the terms of the Asset Purchase Agreement entered into by the parties (the "APA"). These transactions also became the subject of filings with your Department under the Hospitals Conversion Act ("HCA") which were approved on April 16, 2013, and which subsequently closed effective June 1, 2013 (the "Closing").

Pursuant to the Order, LMW Healthcare, Inc., now operating under the name Westerly Hospital, and Lawrence + Memorial Corporation (collectively, the "Buyer"), are required to provide the Department with an annual report concerning the status of the Buyer Commitments in the transaction.[1] The purpose of this letter, therefore, is to outline for the Department the status of the Buyer's Commitments under the APA as of June 1, 2015, the second anniversary of the Closing.

[1] Page 8 of the Order, describing the enforcement of the Buyer Commitments, reads in relevant part: "Beginning on the first anniversary of the Closing of the transactions contemplated by the APA and on each of the following four (4) anniversaries thereof, Buyer shall file, in a form reasonably acceptable to the RIDOH, a written annual report and supporting documentation, concerning progress toward achieving, and compliance with, the Buyer Commitments (the "Annual Report")".

The Buyer Commitments are defined in the Order as the consideration for the purchase outlined in Section 1.6 of the APA as well as Buyer's covenants set forth in Article 10 of the APA.[2] The Buyer Commitments were also summarized in the Order in the manner outlined below. We are providing this second annual post-closing report in the same format as used previously and restating the Buyer Commitments in the summary form used in the Order and providing an updated report on each item that remains an active commitment. Commitments that were discharged at closing or since and are no longer active are noted as such. Please note that any defined terms used in this letter that are not otherwise defined shall have the same meaning of such term as defined under the APA.

Buyer's Commitments

1) Assumption (or satisfaction) of over $22 Million in the Westerly Hospital and the Related Entities' liabilities.

Report: Pursuant to Section 1.6(b)(i) of the APA, Buyer assumed over $22 Million in liabilities of Westerly Hospital and its related entities, which included Bank Debt of the Sellers, Bond Debt of the Sellers, Trade Accounts Payable of the Sellers, Third-Party Payor Liabilities of Sellers, Accrued Payroll, and Asbestos Abatement Obligations.

A. Since Closing, Buyer has satisfied the following obligations assumed from the Sellers:

(i) Of $16,065,057 of assumed Trade Accounts Payable, this condition will be satisfied in accordance with the terms of the claims resolution process described in the Order of the Superior Court of Rhode Island dated May 30, 2013 as supplemented and amended by further orders of the Superior Court after such date (collectively, the "Claims Order") upon the payment of $210,000 to the final remaining claimant in the next thirty days pursuant to that certain Consent Order of the Superior Court of Rhode Island dated May 28, 2015;

(ii) $7,073,121 in Bond Debt of the Sellers;

(iii) $4,860,642 in Bank Debt of the Sellers; and

(iv) Of $3,093,024 of assumed obligations relating to capital leases, $3,035,096 has been satisfied, with $57,928 remaining as an assumed liability payable in accordance with the terms of the Claims Order.

B. In addition to these amounts, Buyer also assumed and began to carry on its balance sheet the following obligations assumed from the Sellers:

[2] These sections of the APA are provided with this letter for ease of reference.

(i) $2,488,190 in Accrued Payroll (amounts are paid continuously as needed); and

(ii) $1,425,678 for Asbestos Abatement Obligations.

2) Commitment to pay for a "tail" malpractice insurance policy that Westerly Hospital will require upon the sale at an estimated cost of approximately $2 Million.

Report: This commitment is no longer active and was satisfied at Closing.

3) Commitment to pay Closing costs and transactional expenses that Westerly Hospital will incur in the proceeding at an estimated cost of $1.5 Million.

Report: This commitment is no longer active and was discharged at or shortly after Closing.

4) Commitment to fund "cure" costs not captured in assumed liabilities.

Report: This commitment is no longer active. All cure costs related to contracts and capital leases assumed by Buyer at Closing have been paid, representing approximately $2,093,628 of the satisfied liabilities outlined in Section 1 above.

5) Commitment to continue the Westerly Hospital identity and name, including its non-profit status and community mission.

Report: Since the Closing, LMW Healthcare, Inc. has been doing business under the name "Westerly Hospital" and has continued to operate as a non-profit corporation and uphold the community mission of the hospital as described in materials provided to the Department during the HCA process.

6) Commitment to establish a Hospital Board with members drawn from residents of the Westerly service area. Moreover, a commitment to put residents of the Westerly service area on the reconstituted Board of Trustees of the Hospital as well as the Board of Trustees of the Buyer's parent.

Report: On June 24, 2013, Lawrence + Memorial Corporation, as sole member of LMW Healthcare, Inc. (Westerly Hospital), completely reconstituted the Westerly Hospital board to conform to the governance descriptions that had been presented to the Department during the HCA process. Currently, the 10-member board of Westerly Hospital includes six individuals who are independent members of the Westerly Hospital

community with the remaining four seats being held ex-officio by the CEO of Westerly Hospital (who also serves as the CEO of Lawrence + Memorial Corporation) and three physicians serving as officers of the Hospital's medical staff. Additionally, four individuals continue to serve on the board of Lawrence + Memorial Corporation as representatives of the Westerly Hospital service area, three of whom are independent and one who is a physician on Westerly Hospital's medical staff. Furthermore, in addition to these four individuals, the Chairman of the Westerly Hospital Board of Directors holds an ex-officio seat by virtue of that position on the Board of Directors of Lawrence + Memorial Corporation.

7) Commitment to carry out a broad-based community capital campaign in support of Westerly Hospital and a commitment that such funding will be raised in the Hospital's name and remain for the benefit of the Hospital's non-profit community mission.

Report: Fundraising and various community activities for Westerly Hospital continue under the auspices of the Westerly Hospital Foundation. Since Closing, Foundation staff, Board members and L+M representatives have met with various donor, civic and business groups to assure them of the Hospital's and Foundation's continued viability and receive questions and suggestions to enhance the efforts of both organizations. The Foundation seems to have at least recovered most of its donor base, which was eroded temporarily while Westerly Hospital was in receivership. In fiscal year 2014, the Foundation received over 1,140 gifts and is trending to have even further support in fiscal year 2015 based on year to date results. The Foundation is also experiencing a larger number of donors supporting its efforts as well as the return of various foundation gifts that had been discontinued during the receivership period. The Foundation is currently planning a major event for several hundred people in July to celebrate Westerly Hospital's 90th anniversary.

The Hospital continues to utilize its capital budgeting process to assure that the Foundation's philanthropic support is directed at the highest priority capital needs. Those needs include healthcare technology, clinical equipment and facility improvements, all of which directly benefit Westerly Hospital and its patients. The Hospital is also nearing completion of a Master Facilities Plan, which has been conducted following a community health needs assessment, provider needs assessment and comprehensive strategic planning process to inform the facilities planning process and setting of strategic and operational priorities. The Foundation is scheduled to hear details of the Westerly Hospital Master Facilities Plan in July and is likely to begin consideration of a capital campaign to support it in the near future.

8) Commitment to maintain the Westerly Hospital as an acute care, community hospital for a minimum of 5 years after the Closing. Included within this commitment is a commitment not to discontinue clinical services being provided by Westerly Hospital for 2 years after the Closing as more fully set forth in Section 10.1 of the APA. Furthermore,

if L+M's targeted goal of a 3% operating margin on a roll-up basis of the Westerly Hospital and Related Entities is achieved, a commitment to augment services.

Report: Since Closing Westerly Hospital has been maintained as an acute care hospital offering the same array of clinical services that it offered as of the Closing.[3] Additionally, Buyer agreed to extend the commitment to maintain an acute care community hospital for an additional year, pursuant to that certain Consent Order Regarding Post-Closing Items of the Superior Court of Rhode Island dated May 23, 2014.

9) Commitment to inject $6.5 Million of working capital into Westerly Hospital during the first 2 years after Closing to fund the turnaround plan (subject to final review by Buyer) that the Mastership has begun to bring the Hospital to a state of profitability.

Report: This commitment represents Buyer's commitment to provide funding of operating losses over a two-year period as needed to allow the Hospital to be restored to a state of profitability. Such commitment was based on projections developed using historic loss data and projected savings from initiatives in the turnaround plan, accounting for the time lag involved between implementing an initiative and realizing its benefit.

Because the timing associated with the resolution of various closing conditions extended out the originally anticipated closing date, Buyer and the Mastership collaborated to continue to implement the turnaround plan under the Mastership pending closing and agreed that Buyer would provide cash advances as needed to fund the Hospital's operations pre-closing. Approximately $4,486,000 was injected into Westerly Hospital's operations by Buyer before the Closing to support operations and efforts required to return the Hospital to a state of profitability. This amount was in addition to the significant personnel and management resources provided by Buyer to Westerly Hospital as part of its interim advisory services that enabled more rapid execution of turnaround initiatives. As a result of those efforts, the Hospital has posted consistent positive operating margins in the first two years of operations since Closing (through April, 2015).

10) Consistent with the commitments to continue the mission of the Hospital and maintain it as an acute care, community hospital, a commitment during the first 5 years after Closing, to make or incur contractual obligations to make $30 Million in capital expenditures including without limitation, investment in technology, equipment, and/or expanded services.

[3] The Department had approved the former Westerly Hospital's discontinuation of obstetrical services immediately prior to the Closing.

Report: Since Closing through April, 2015, Westerly Hospital has already expended $7,280,536 in capital expenditures and has made commitments for $4,651,775 in additional capital expenditures. Such expenditures are slated for Information Technology updates, space renovation for staff and clinical services, and replacement of clinical equipment. This would equate to a total of $11,932,311 in total capital expenditures and commitments to date.

11) Commitment to offer employment, commencing on the Closing Date to all union and non-union clinical, trade and services personnel of the Sellers (excluding certain management personnel and general and administrative support services personnel) and, a further commitment to maintain certain minimum staffing levels per adjusted average occupied bed.

Report: At the time of the Closing, LMW Healthcare had offered continued employment to all clinical, trade and services personnel from the Hospital's existing workforce. Approximately 661 individuals from Westerly Hospital's existing workforce became employed by the new entity (LMW Healthcare) at Closing. Since Closing, Westerly Hospital has maintained staffing levels per adjusted average occupied bed in excess of the target of 4.2 FTEs per adjusted average occupied bed.

12) Commitment to assume physician contracts and to strengthen the Westerly Hospital's relationship with the physician community (subject to Buyer's due diligence review, including but not limited to, compliance with law, inclusive of current review being undertaken by the U.S. Department of Health and Human Services, Office of the Inspector General, and the U.S. Attorney).

Report: LMW Healthcare, Inc. (now doing business as Westerly Hospital) continues to maintain the physician arrangements mentioned in its previous report relating to the clinical and administrative operations of the Hospital, including arrangements for pathology services, radiology services, hospitalist services, ICU coverage, Emergency Department services and numerous Department Chief and Medical Director arrangements. The Hospital also continues to maintain several space lease arrangements with private practices serving the Westerly Hospital service area. Multiple physician practice locations operated by L+M Physician Association, Inc. (doing business as L+M Medical Group) also remain present in both Rhode Island and Connecticut that serve the Westerly Hospital service area.

Informed by a comprehensive Medical Staff Development Plan ("MSDP") specific to Westerly Hospital's primary service that was completed after Closing, physician recruitment to sustain and increase access to care in the Hospital's service area remains active, particularly in the area of primary care. In addition to those providers hired from the former Westerly Hospital- affiliated physician group practices into L+M Medical Group at Closing, recruitment efforts through L+M Medical Group have resulted in the employment of four primary care physicians (1

family practitioner, 3 OB/GYNs), one general surgeon, one orthopedic surgeon, one nurse midwife, a behavioral medicine APRN, seven Physician Assistants (PAs) and three Advanced Practice Registered Nurses (APRNs) who provide services within the Westerly Hospital service area. L+M Medical Group also has obtained commitments from an additional four physicians (primary care and OB/GYN) to commence employment within the next four months who will provide services within the Westerly Hospital service area.

13) Commitment to expedite the Rhode Island Hospital Conversion Act and Change in Effective Control process.

Report: This commitment has been discharged and is no longer active.

14) During the critical period between the Sale Hearing and the completion of the Hospital Conversion Act process, a commitment pursuant to the Interim Advisory Agreement to loan monies to the Hospital to cover operational losses.

Report: This commitment has been discharged and is no longer active.

15) A commitment to fund the lease obligations (approximately $68,000 per month) for the North Stonington Health Center up and until Closing subject to the Special Master deeming such payments necessary in his discretion.

Report: This commitment has been discharged and is no longer active.

We hope that the foregoing information will enable the Department to conclude that to date the Buyer has satisfactorily honored the Buyer Commitments under the APA. We are happy to provide additional information as the Department may find necessary to assess the status of any particular commitment. ORDER APPROVING THE SALE OF THE ASSETS OF THE WESTERLY HOSPITAL AND THE RELATED ENTITIES FREE AND CLEAR OF LIENS AND LIABILITIES

On February 28, 2012, this Court heard the Special Master, W. Mark Russo's Petition for Instructions seeking authority to implement a process to secure proposals for the acquisition, strategic partnership and/or repositioning of The Westerly Hospital and the Related Entities. After a hearing thereon and after the procedures were noticed out by the Special Master to parties-in-interest for comment and input, this Court entered an Order dated March 19, 2012, establishing the Mastership Transaction Process (the "Mastership Transaction Process Order" and the "Mastership Transaction Process", respectively).

Furthermore, on June 13, 2012, this Court held a hearing and granted the Special Master's Petition for Instructions (the "Petition") regarding the Presentation and Acceptance of a Stalking Horse Offer by LMW Healthcare, Inc., and LMW Physicians, Inc., as guaranteed by Lawrence & Memorial Hospital Corporation (collectively, "L&M" or the "Buyer") as set forth in the form of Asset Purchase Agreement (the "APA") attached hereto as *Exhibit A* (except as

In accordance therewith, the L&M "Stalking Horse Offer", as embodied within the APA addressed such weighted criteria as follows:

L&M's bid, as above-referenced, was tested during an intensive, competitive bid process. The Special Master and his advisers have diligently and in good faith marketed the Assets to secure the highest and best offer or offers therefor. The culmination of that process, and the fourth and final phase of the Mastership Transaction Process commenced with a hearing to determine the highest and best proposal for the acquisition, strategic partnership and/or repositioning of the Westerly Hospital and Related Entities.

On August 28, 2012, this Court conducted such a hearing as consistent with the Sales Procedures Order. At that hearing, L&M and the Special Master presented an amendment to the APA, a copy of which is attached hereto as ***Exhibit B*** (the APA and the amendment thereto are collectively referenced hereinafter as the "APA"). The amendment to the APA modifies such APA, amongst other things, providing for the redemption of the Bonds at or before the Closing and for the satisfaction or assumption of the obligations of the Westerly Hospital and Related Entities to the Washington Trust Company. The APA proposed by Buyer was offered in good faith, from arm's-length bargaining positions without collusion or fraud by the parties so that Buyer is a good faith purchaser.

The Special Master has given due and proper notice of the proposed sale of the Assets to all parties required to receive notice, including without limitation, to each secured party, all holders of Liens and Liabilities of record with respect to the Assets, all of the counterparties to the Material Contracts, all municipalities and licensing agencies, the United States Department of Justice (the "DOJ"), the United States Department of Health and Human Services, Office of the Inspector General (the "OIG"), and any governmental unit having a claim against Westerly Hospital and Related Entities or the Assets, including without limitation the Pension Benefits Guaranty Corporation (the "PBGC") and the Rhode Island Department of Health (the "RIDOH").

A reasonable opportunity to object or be heard with respect to the Mastership Transaction Process and the relief contemplated thereby, and the rights of third parties to submit higher or otherwise better offers for the Assets, has been afforded to all interested parties and entities.

Under all the circumstances presented, (i) all actions contemplated in the APA; (ii) consummation of all acts contemplated in this Order; (iii) the transfer of the Assets by the Special Master to Buyer; and (iv) the receipt by the Special Master of the Purchase Price are in the best interests of The Westerly Hospital and the Related Entities and their respective estates, creditors, and interest holders.

It is accordingly hereby

ORDERED

1. Subject to Paragraph 2 below, this Court has jurisdiction over these proceedings and all Mastership Assets. The Special Master has provided adequate notice of the relief sought with respect to the sale of the Assets and the relief requested in the Mastership Transaction Process Order and the Sales Procedures Order. Based upon the sale and marketing efforts conducted by the Special Master as consistent with this Court's Orders and this Court's findings that the Special Master satisfied the phase-I requirements of the Mastership Transaction Process Order, this Court finds that the sale of the Assets to Buyer upon the terms and conditions of the APA, as amended by this Order, is commercially reasonable, the sales price and the terms set forth therein are fair and reasonable, the sale is made in good faith, Buyer is a *bona fide* good faith purchaser, and that such sale is in the best interest of all creditors of The Westerly Hospital and the Related Entities wherever located. Exhibit 23(b)

Classification:	YALE NEW HAVEN HEALTH SYSTEM POLICIES & PROCEDURES
Title: Financial Assistance Programs	
Date Approved: 09/20/2013	**Approved by:** Boards of Trustees
Date Effective: 09/20/2013	**Date Reviewed/Revised:** 02/01/2014
Distribution: MCN Policy Manager	**Policy Type (I or II):** Type I
Supersedes: Yale New Haven Hospital Financial Assistance Programs for Hospital Services (NC:F-4) Bridgeport Hospital Financial Assistance Programs for Hospital Services (9-13) Greenwich Hospital Overview of Financial Assistance Programs for Hospital Services	

PURPOSE

Yale New Haven Health System ("YNHHS") recognizes that patients may not be able to pay for medically necessary health care without financial assistance. Consistent with its mission, YNHHS is committed to assuring that the ability to pay will be considered carefully when setting amounts due for emergency and other medically necessary hospital services.

In recognition of its role to help those in need of financial assistance, YNHHS has established the Financial Assistance Programs ("FAP") to assist with emergency and other medically necessary care. The objectives of the FAP are to:

(i) Specify all financial assistance available under the FAP;
(ii) Provide clear information regarding eligibility criteria, application requirements and the method for applying for financial assistance under the FAP;
(iii) The basis for calculating amounts charged to patients for emergency or other medically necessary care; and
(iv) The YNHHS measures to widely publicize this FAP within the communities served by YNHHS.

APPLICABILITY

This policy applies to Yale New Haven Health System (YNHHS), and each of the affiliated entities controlled directly or indirectly by YNHHS, including each affiliated Delivery Network and its subsidiary entities.

POLICY

I. Scope of FAP

The FAP apply to emergency and medically necessary inpatient and outpatient services billed by Bridgeport Hospital, Greenwich Hospital, or Yale-New Haven Hospital (each, a "Hospital") to patients without insurance. The FAP exclude (a) routine waivers of deductibles, co-payments and coinsurance imposed by third party payers; (b) private room or private duty nurses; (c) services that are not medically necessary, such as elective cosmetic surgery; (d) other elective convenience fees, such as television or telephone charges, and (e) other discounts or reductions in charges not expressly described in this Policy.

II. Eligibility for Financial Assistance

Individuals who are uninsured and who have applied, but do not qualify for, State medical assistance, may be eligible for financial assistance under YNHHS FAP as more specifically described in Section IV below. The award of financial assistance shall be based on an individual determination of financial need. In addition, YNHHS has Bed Funds available.

III. Amounts Billed to FAP-Eligible Patients

Federal law requires that amounts billed by a hospital to an approved FAP-eligible patient must be less than the amounts generally billed ("AGB") by that hospital for any emergency or medically necessary care it provides, and less than the gross charges for any medical care. Under this FAP, YNHHS bills FAP-eligible patients no more than the costs of care, and ensures that the cost of care billed to FAP-eligible patients is less than the AGB for each Hospital. YNHHS calculates AGB prospectively, based on current Medicare fee-for-service rates, including Medicare beneficiary cost-sharing amounts.

IV. Notice/Access to FAP

Each Hospital provides notice and information to patients about its FAP in a number of ways, including publishing notices in newspapers of general circulation; posting notices and FAP applications on the Hospital website; posting notices throughout the Hospital and at all points of patient registration; ensuring the availability of a one-page summary description of FAP and applications at all points of registration, billing and collection; providing written notice of FAP in all billing statements; providing notice of FAP in all oral communications with patients regarding the amount due; and holding open houses and other informational sessions. Each Hospital will provide notice and information in a manner that complies with the requirements of all applicable laws, including IRC Section 501(r) and Connecticut law concerning hospital bed funds.

Patients may ask Patient Registration, Patient Financial Services and Social Work/Case Management about initiating the Application process. Information about applying for financial assistance is also available on YNHHS Hospitals' websites.

V. Application and Eligibility Determinations

To be eligible for financial assistance, the patient must complete an application for financial assistance ("Application"). Each Hospital has its own Application that sets forth (i) its FAP available programs and eligibility requirements, (ii) the documentation requirements for determinations of eligibility, and (iii) the contact information for FAP assistance. The Application also specifies (i) that the Hospital will respond to each Application in writing, (ii) that patients may re-apply for FAP at any time, and (iii) that additional free bed funds become available every year.

Hospitals must make reasonable efforts to determine eligibility and document any determinations of financial assistance eligibility in the applicable patient accounts. Hospitals may not deny financial assistance under the FAP based on failure to provide information or documents that the FAP or the Application do not require as part of the Application. Hospitals may not engage in any extraordinary collection action, as defined in Hospital's Billing and Collection Policy, before making reasonable efforts to determine if a patient is eligible for financial assistance, within any legally required time-frames.

Once Hospital identifies a patient is FAP-eligible, Hospital shall:

(i) Provide a billing statement indicating amount owed as FAP-eligible patient, including the AGB for care provided and the Hospital's calculation of amounts owed or instructions how to obtain such information;

(ii) Refund any excess payments made by patients on FAP eligible accounts, as required by law; and

(iii) Take reasonable measures to reverse any extraordinary collection actions.

VI. Programs

YNHHS Hospitals offer the financial assistance programs described below to uninsured patients and each program must be managed by YNHHS Hospitals in accordance with this Policy. The eligibility criteria and specific documentation requirements for each program must appear in each Hospital's Summary of Financial Assistance Programs and Application. YNHHS Hospitals may have different eligibility criteria and application processes for the different financial assistance programs.

A. Free Care. The Free Care program provides care at no cost to YNHHS Hospital patients with gross annual family income less than 250% of the Federal Poverty Level, and who have applied for, and been denied, State medical assistance.

B. Restricted Bed Funds. Restricted Bed Funds are funds that have been donated to the Hospital to provide free or discounted care that are restricted to patients that meet certain eligibility criteria, such as certain town residency, church membership, or specific medical conditions. Information about these specific eligibility requirements is included on each YNHHS Hospital's Application.

C. **Discounted Care.** If a patient's gross annual family income is 251% or above the Federal Poverty Level, the Hospital will discount care to the lessor of (a) its cost of care, or (b) the Hospital's AGB.

VII. Management Oversight Committee

The FAP will be overseen by a management oversight committee chaired by a Senior Vice President, YNHHS and comprised of representatives from the System Business Office, patient financial services, patient relations, finance, and the medical staff, as necessary. This committee will meet on a bi-monthly basis to discuss specific cases of patient financial hardship, collection matters, and the status of the FAP.

PURPOSE

It is the philosophy and policy of L+M Corporation, incorporating L+M Hospital and LMW Healthcare, Inc (hereafter, "The Hospital") that medically necessary health care services should be available to all individuals regardless of their ability to pay.

POLICY

A. Eligibility Criteria Uninsured
   1. Patient Financial Counseling staff is available to help patients apply for State Assistance, Funds available and Charity Care as last resort.
   2. Charity care applies to all uninsured, patients (defined as earning less the 250% of the poverty guidelines) as described in Statutes 19a-673 and R23-17.14-HCA. The Hospital will meet or exceed the guidelines set-forth by CHA and HARI following Statewide Discount Policies for Uninsured Patients.

B. Hospitals Guidelines
   1. Hospital shall provide full charity care to patients if the patient's: (a) annual income is up to and including 250% of the Federal Poverty Guidelines, taking into consideration family unit size: and (b) assets do not exceed $50,000 which complies with asset threshold (as defined in the Rhode Island Statewide Standards for the Provision of Charity Care; See R23-17.14-HCA).
   2. Any patient upon initial screening that may qualify for Medicaid will be required to have a determination by the state prior to applying for charity care.
   3. Hospital shall provide discounted care on a sliding scale for self-pay patients if the patient's: (a) annual income is between 251% and up to 400% of the Federal Poverty Levels, taking into consideration family unit size; and (b) assets do not exceed $50,000 which exceeds the asset threshold (as defined in the Rhode Island Statewide Standards for the Provision of Charity Care; See R23-17.14-HCA).

Discounts will be authorized as follows:

- 251% - 300% = 50%
- 301% - 350% = 40%
- 351% - 400% = 30%

4. The Hospital will consider the total medical expenses faced by a family and the family's ability to pay for those expenses, and offer greater assistance when possible to those families facing catastrophic medical expenses.
5. In extenuating circumstances, where it can support that a financial hardship exists, The Hospital may offer charity care at its own determination without a completed application or outside the provision of care timeline. The Revenue Cycle Director or the CFO must approve these requests. Example: homeless patients.

C. Notification to Patients
1. The Hospital shall post notices regarding the availability of financial assistance to uninsured patients. These notices shall be posted in visible locations throughout the Hospital such as admitting/registration, billing office, emergency department, and other outpatient settings.
2. Patient Financial Counselors will attempt to visit all inpatients registered as self-pay. A summary explaining programs and charity care will be given to the patient or guarantor when this visit occurs.
3. However, it is a patient's responsibility to advise the hospital if they believe they qualify for charity care.
4. A series of monthly statements will be sent following discharge. Each statement will remind the patient of the availability of charity care.

D. Gross Family Income
1. The purpose of determining gross family income and qualifying accounts for charity care, the following rules apply: (a) Family members are only immediate family members when they:
   a) Family members are only immediate family members when they are the applicant, spouse, children under the age of 18 or students to the age of 26, and stepchildren under the age of 18 or students to the age of 26. Other dependents claimed on the federal income tax return must be considered.
   b) Unmarried couples do not qualify as a family unless tax returns are filed as married. Only the applicant's income will be looked at for qualification for funds and only the applicant's accounts will be awarded charity care funds if qualified.
   c) All self-employed applications must submit the entire tax return including all schedules. The Patient Financial Counseling Supervisor, or designee, will review Gross Income from Schedule C to determine income. Adjusted gross will not be used in these cases.

E. Eligibility Determinations
1. The provision of health care should never be delayed pending an assistance determination.
2. Requests for charity care may be made before, during, or up to 1 year after the provision of care.
3. Consideration for charity care will occur once the applicant supplies a completed financial assistance application with supporting documents to the Patient Financial Counselors office.

4. The Hospital will make charity care determinations and notifications to patient within 14 days of receiving a completed financial assistance application.
5. Acceptable forms of income verification include one of the following:
    a. Most recent federal tax return, including all schedules when applicable, along with at least one of the following:
        - Last 3 months payroll check stubs.
        - Written verification from employer verifying income for the last 3 months.
        - Copies of any pension, alimony or other sources of income.
        - Copies of social security earnings.
        - Letter from person providing food, shelter, etc.
        - Any other information felt to be pertinent.
    b. Completion of IRS Form 4506-T "Request for Transcript of Tax Return", when:
        - Verification of non-filing is needed, and letter of support from person providing food, shelter, etc,: or
        - Requesting copies of most recent tax return from IRS.
6. Charity care may be denied if the application is not complete and patient does not submit additional information within 30 days of request. Since charity care is the payer of last resort, an application will not be considered until the applicant has been screened for other assistance programs and all other sources of payment have been exhausted.
7. Charity care may not be granted for non-covered procedures this includes, but is not limited to, all cosmetic procedures, sterilization reversals, hearing aids, dental procedures, Inter-Ocular Lens (IOL's).
8. Charity care may not be granted to individuals that are eligible for other programs and have refused to apply spend down assets to become eligible for state assistance.
9. Falsification of application or refusal to cooperate will result in the denial of charity care benefits. The patient will be deemed "insured" and will be transferred to the self-pay collection process.
10. Applications will remain in effect for up to six months from date approved. The hospital may request updated financial information at any time during the period and adjust accordingly.
11. The Hospital reserves the right to change benefit determination if financial circumstances have changed. The patient or guarantor will be notified in writing when this occurs (within 7 business days from date of change).

F. Appeals
    1. Responsible parties may appeal in writing a charity care determination by providing additional information, such as insurance verification or an explanation of extenuating circumstances have changed. Notification of re-determination will be made in writing within 30 days of receiving appeal request.
        - Level 1 appeals should be made to the Patient Financial Counseling Supervisor
        - Level 2 appeals should be made to the Manager of Patient Access
        - Level 3 appeals should be made to the Director of Revenue Cycle

G. Free Care Approval Guidelines – Approvals will be as follows:

1. Balances up to $2,500.00 will be approved by Patient Financial Counselor
2. Balances from $2,500.00 to $25,000.00 will be approved by the Financial Counseling Supervisor
3. Balances from $25,000.00 to $100,000.00 will be approved by the Patient Access Manager
4. Balances above $100,000.00 will be approved by the Director of Revenue Cycle

H. The Hospital's collections process is available upon request.

DUE TO RESOURCE CONSTRAINTS, SOME OF THE IDENTIFIED NEEDS THROUGH THE CHNA WILL NOT BE ADDRESSED AS AN INITIAL PRIORITY, SPECIFICALLY BREAST CANCER AND ALCOHOL USE. IN THE EXAMPLE OF ALCOHOL USE, OTHER ORGANIZATIONS ARE TAKING THE LEAD AND LMW HEALTHCARE IS COLLABORATING. A DRIVING PHILOSOPHY OF LMW HEALTHCARE'S COMMUNITY BENEFIT EFFORTS IS TO BUILD ON COMMUNITY RESOURCES, PROGRAMS AND SERVICES AND TO NOT DUPLICATE THEM. AS SUCH, IN EXAMINING EACH OF THE PRIORITIZED COMMUNITY HEALTH NEEDS, EXISTING COMMUNITY ASSETS WERE IDENTIFIED BEFORE CONSIDERING ANY NEW STRATEGIES THAT LMW HEALTHCARE MIGHT INITIATE AND/OR THOSE TO BE CONTINUED. WHERE THERE IS AN EXISTING COMMUNITY-BASED PROGRAM ADDRESSING ANY OF THE PRIORITIZED NEEDS, OR DUE TO RESOURCE LIMITATIONS, LMW HEALTHCARE WILL WORK TO SUPPORT AND BUILD CAPACITY OF THOSE PROGRAMS RATHER THAN TO CREATE SOMETHING NEW.

Report of Independent Auditors

To the Board of Trustees of
Lawrence + Memorial Corporation

We have audited the accompanying consolidated financial statements of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries, which comprise the consolidated balance sheets as of September 30, 2014 and 2013, and the related consolidated statements of operations, of changes in net assets and of cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We did not audit the financial statements of Visiting Nurse Association of Southeastern Connecticut, Inc., a wholly owned subsidiary, which statements reflect total assets of $20,659,633 and $18,372,801 as of September 30, 2014 and September 30, 2013, respectively, and total revenues of $16,156,841 and $14,990,091 for the years then ended. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for Visiting Nurse Association of Southeastern Connecticut, Inc., is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Corporation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries at September 30, 2014 and September 30, 2013, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole.

The consolidating information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the Unites States of America. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole.

The consolidating information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations and cash flows of the individual organizations and is not a required part of the consolidated financial statements. Accordingly, we do not express an opinion on the financial position, results of operations, and changes in net assets, of the individual organizations.

1. Significant Accounting Policies and Organization

Organization

Lawrence + Memorial Corporation (the "Corporation") is a not-for-profit organization incorporated under the Nonstock Corporation Act of the State of Connecticut. The Corporation is organized exclusively for public welfare, charitable, scientific, literary and education purposes, including the furtherance of the welfare, programs and activities of Lawrence + Memorial Hospital (the "Hospital"), a nonprofit organization incorporated under the General Statutes of the State of Connecticut.

The following entities are subsidiaries of the Corporation: Lawrence + Memorial Hospital ("L+M"), L& M Physician Association Inc., L&M Systems, Inc., VNA of Southeastern Connecticut, L&M Healthcare, L&M Indemnity Ltd, VNA of Southeastern Connecticut Inc. and LMW Healthcare Inc. (Westerly Hospital).

Acquisition of Westerly Hospital

On June 1, 2013, the Corporation and its subsidiary, LMW Healthcare, Inc. ("LMW") completed the acquisition of certain assets and liabilities of Westerly Hospital, a 125-bed general acute care hospital located in Westerly, Rhode Island on a 10.6 acre campus. The acquisition was the culmination of a process that included the appointment of W. Mark Russo, Esq. as the special master (the "Special Master") for Westerly Hospital and its affiliates by the Rhode Island Superior Court for the County of Washington (the "RI Court") in December 2011, due to the deteriorating financial condition of Westerly Hospital. The Special Master was granted authority by the RI Court to negotiate the sale of the assets of Westerly Hospital and its affiliates.

The Corporation formed LMW as a Rhode Island nonprofit corporation, and in June 2012, LMW entered into an Asset Purchase Agreement (the "Purchase Agreement") with the Special Master for Westerly Hospital and its affiliates, which was approved by the RI Court in September 2012. The Corporation guaranteed LMW's commitments under the Purchase Agreement. Pursuant to the Purchase Agreement and upon the successful completion of regulatory review by various Rhode Island agencies, the Corporation acquired certain assets and liabilities of Westerly Hospital and its affiliates, in order to expand its care and operations to the Westerly, Rhode Island community. The acquisition of the Westerly Hospital furthers the Corporation and Lawrence + Memorial Hospital's strategy of improving the depth and breadth of services available to all residents in the eastern Connecticut and western Rhode Island regions, without regard to ability to pay. Lawrence + Memorial Hospital expects to reduce unnecessary duplication of effort and costs with Westerly Hospital, while maintaining community access to essential services in the Westerly service area.

As part of the purchase agreement the Corporation agreed to fund $30 million in capital costs for Westerly Hospital over five years after the closing, and agreed to provide up to $6.5 million of working capital for Westerly Hospital over the first two years after the closing.

The fair value of assets and liabilities acquired under this transaction as of June 1, 2013 are as follows:

	2013
Cash	$ 1,563,200
Patient accounts receivable	4,658,183
Inventories	1,550,130
Pledges	750,000
Prepaid expenses	325,650
Investments	6,870,933
Assets held in trust	4,247,816
Intangible assets	3,690,000
Property, plant & equipment	30,850,000
Total assets	54,505,912
Accrued compensation	2,488,190
Accounts payable and accrued expenses	15,052,105
Due to third parties	1,856,951
Asset retirement obligation	1,425,678
Debt	5,572,761
Total liabilities	26,395,685
Net assets acquired	$ 28,110,227

The purchase price of $16,098,758 was paid in cash. The transaction resulted in an inherent contribution of $12,011,469 which has been appropriately allocated to the three net asset classes within the statement of changes in net assets in 2013. The inherent contribution is a result of the value of net assets being acquired exceeding the purchase price. The purchase price allocation was preliminary and has been adjusted as additional information was obtained in 2014. An additional $5.3 million in inherent contribution was recorded in 2014, principally due to $3.1 million better experience on accounts receivable and $1.8 million in better experience on accounts payable.

Intangible assets acquired in conjunction with the Westerly acquisition include:

	Fair value as of June 1, 2013	Amortization Period (in years)	
Patient relationships	$ 1,530,000	10.0	
Medical records	1,350,000	10.0	
Trademark	810,000	8.0	
	$ 3,690,000	9.5	(weighted average)

L&M Healthcare has an affiliation agreement effective January 31, 1999 (the "Agreement") with the Hospice of Southeastern Connecticut, Inc. (the "Hospice"). The Agreement gives L&M Healthcare a membership of the Hospice with one other not-for-profit healthcare organization. L&M Healthcare does not have an equity investment in the Hospice because the affiliation agreement does not require L&M Healthcare to provide capital to the Hospice and L&M Healthcare is not entitled to any of the net assets of the Hospice should the relationship terminate or the Hospice dissolve. The Corporation and its subsidiaries have never given capital to the Hospice and the Hospice has never made capital distributions to the Corporation or its subsidiaries.

L & M Physician Association, Inc. ("LMPA") was formed exclusively for the charitable purpose of benefiting, supporting, and furthering the charitable activities of Lawrence + Memorial Hospital by engaging physicians to provide physician services to the Hospital, organizations affiliated with the Hospital and communities they serve for purpose of practicing medicine and health care services.

Principles of Consolidation
The consolidated financial statements include the accounts of the Corporation and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying footnotes. Actual results could differ from those estimates and there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The Corporation's significant estimates include the collectability of patient accounts receivable, useful lives of fixed assets, settlements due to third party payors, estimated reserves for self-insurance liabilities, and benefit plan assumptions.

Temporarily and Permanently Restricted Net Assets
Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time frame or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation and its subsidiaries in perpetuity or in funds held in trust by others whose purpose is for the funds to be maintained in perpetuity.

Donor Restricted Gifts
Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions in the accompanying consolidated statements of operations.

Cash and Cash Equivalents
The Corporation and its subsidiaries consider all highly liquid investments with original maturities of three months or less at the date of purchase to be cash equivalents.

Investments
Investments in equity and debt securities are recorded at fair value in the balance sheet. Fair value is generally determined based on quoted market prices where available or net asset values provided by investment managers. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the change in net assets. Under accounting principles generally accepted in the United States of America, an "other than temporary impairment" is recognized if the Corporation does not expect the fair value of a security to recover above cost or amortized cost. Once an "other than temporary impairment" charge has been recorded, a new cost basis is established.

The Corporation continues to review its securities for appropriate valuation on an ongoing basis. The Corporation determined that none of their investments were impaired as of September 30, 2014 or 2013.

Realized and unrealized gains and losses on donor restricted endowment funds are included in temporarily restricted net assets under State law which allows the Board to appropriate as much of the net appreciation of investments as is prudent considering the Corporation's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Investments in limited liability companies are accounted for using the equity method in instances where the limited partner's interest is more than minor (3-5%).

Fair Value Measurements
Fair value guidance establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Corporation for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices in markets that are not active, or can be corroborated by observable market data for substantially the same term of the assets.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Assets Held in Trust by Others
The Hospital has been named sole or participating beneficiary in several perpetual and charitable remainder trusts. Under the terms of these trusts, the Hospital has the irrevocable right to receive the income earned on the trust assets in perpetuity from the perpetual trusts and to receive the remainder of the trust assets for the charitable remainder trusts. For perpetual trusts, the estimated present value of the future payments to the Hospital is recorded at the fair value of the assets held in the trust. The charitable remainder trusts are recorded at the present value of the estimated future distributions expected to be received over the expected term of the trust agreement. The Hospital uses appropriate credit adjusted rates to discount amounts.

Assets Limited as to Use
Assets limited as to use include assets set aside by the Board of Directors, contribution receivables and for the established purpose of providing for future improvement, expansion and replacement of plant and equipment. In addition, the Corporation's interest in externally managed trusts, unexpended bond proceeds for construction purposes, and assets held by trustees under indenture agreements relating to financing activities with the State of Connecticut Health and Education Facilities Authority ("CHEFA") are also included therein.

Property, Plant and Equipment
Property, plant and equipment are recorded at cost, or if received as a donation, at the fair value on the date received. The Corporation provides for depreciation of property, plant and equipment using the straight-line method in amounts sufficient to amortize the cost of its assets over their estimated useful lives. American Hospital Association lives are generally used and provide for a 2-25 year life for land improvements, 5-50 year life for buildings and a 2-25 year life for equipment. Lease improvements are amortized over the life of the lease.

Nonoperating Gains and Losses
Activities other than in connection with providing health care services are considered to be nonoperating.

Excess of Revenues over Expenses
The consolidated statements of operations include excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), and pension-related charges other than periodic pension costs and other postretirement benefits liabilities.

Fair Value of Financial Instruments
Investments and other assets and liabilities are carried at amounts that approximate fair value based on current market conditions. The fair value of long term debt is estimated based on the quoted market prices for the same or similar issues or on current rates offered to the Corporation and its Subsidiaries for debt of the same remaining maturities.

Medical Malpractice Self-Insurance
The Corporation purchases claims made professional and general liability insurance to cover medical malpractice claims from L&M Indemnity Ltd. The Hospital, LMPA and VNA have adopted the policy of self-insuring the tail portion of its malpractice insurance coverage. Management accrues its best estimate of losses as incidents which give rise to potential losses occur.

Income Taxes
The Corporation and its subsidiaries are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code, except for L&M Systems. L&M Systems provides for taxes based on current taxable income and the future tax consequences of temporary differences between financial and income tax reporting. Such amounts are not material to the consolidated financial statements.

Inventories
Inventory consists of supplies, both medical and general, pharmaceuticals and food products needed to sustain daily operation of patient care. Inventories are carried at the lower of cost or market under the first-in-first-out (FIFO) method.

Impairment of Long-Lived Assets
Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to dispose.

Accrued Vacation and Sick Pay
Accrued vacation is recorded as a liability as time is earned. As the time is used, the time is relieved from the liability. Accrued sick time is recorded as a percent for employees who have a balance greater than or equal to 800 hours. The payout is only upon termination of employment.

Labor action update
The Hospital's negotiations with two of its three unions, AFT Healthcare, AFT-CT, AFT, AFL-CIO, Local 5049 (registered nurses) and AFT Healthcare, AFT-CT, AFLCIO, Local 5051 (licensed practical nurses and technicians) for a new contract resulted in a 4-day strike that commenced on November 27, 2013. The Hospital brought in temporary replacement workers, and, in order to provide ongoing patient care given the threat of additional, intermittent strikes, had a lockout of employees through December 18, 2013. The lockout was lifted and employees returned to work without a contract being reached. A contract was reached and ratified and the workforce had a three year contract that was signed in February 2014. The Hospital monitored the negative impact of the strike and lockout on both revenues and expenses. The financial negative impact included in these financials is approximately $14,200,000. This consisted of a reduction in net revenue of approximately $1,900,000 and $12,300,000 of replacement workers, security and reduced salary costs during the strike and lock out period.

Subsequent Events
The Corporation has performed an evaluation of subsequent events through January 23, 2015, which is the date the financial statements were issued.

2. Revenues From Services to Patients and Charity Care

The following summarizes net revenues from services to patients:

	2014	2013
Gross charges from services to patients	$ 1,078,626,933	$ 837,486,603
Less: Charity care	6,782,933	7,772,037
Charges from services to patients, net of charity care	1,071,844,000	829,714,766
Deductions		
Allowances	615,856,880	455,921,391
State of Connecticut uncompensated care system	2,458,020	1,047,636
Total deductions	618,314,900	456,969,027
Net revenues from services to patients	$ 453,529,100	$ 372,745,739

Patient accounts receivable and revenues are recorded when patient services are performed. Amounts received from most payors are different from established billing rates of the Corporation, and these differences are accounted for as allowances. The State of Connecticut has reduced Uncompensated Care Payments to all hospitals beginning July 2013 for a three year period. . In 2014, the Corporation paid cash into the State of Connecticut Uncompensated Care Pool that exceeded the amount was received from the State.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Adjustments related to prior year settlements decreased the Hospital's revenues by approximately $1,584,575in 2014 and increased the Hospital's revenue by approximately$1,126,576 in 2013.

During 2014 and 2013, approximately 35% and 33%, respectively, of net patient service revenue was received under the Medicare program, and 11% and 12%, respectively, under the state Medicaid program. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation. Non compliance could result in significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and reductions of funding levels could have an adverse impact on the Hospital.

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Hospital. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes the generally recognized federal poverty income guidelines.

Fair value for Level 1 is based upon quoted prices in active markets that the Corporation has the ability to access at the measurement date. Market price data is generally obtained from exchange or dealer markets. The Corporation does not adjust the quoted price for such assets.

Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques that use significant inputs that are unobservable as they trade infrequently or not at all and reflect assumptions based on the best information available in the circumstances.

Investments included in Level 3 primarily consist of the Corporations ownership in alternative investments (principally limited partnership interests in hedge funds). The value of these alternative investments represents the ownership interest in the net asset value ("NAV") of the respective partnership. The fair values of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals, or other estimates that require varying degrees of judgment. If no public market exists for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer, and subsequent developments concerning the companies to which the securities relate. Also included in Level 3 investments are charitable remainder trusts held by third parties which are recorded at the present value of the future distributions expected to be received over the term of the agreement and investments in for-profit companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table is a roll forward of the amounts by investment type for financial instruments classified by the Corporation within Level 3 of the fair value hierarchy defined above:

4. Endowments

The Corporation's endowments consist of donor restricted endowment funds for a variety of purposes. The net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor imposed restrictions.

The Corporation understands net asset classification guidance to require that donor restricted endowment gifts be maintained in perpetuity. Consistent with net asset classification guidance, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure. The Corporation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund.
- The purposes of the Corporation and donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Corporation.

- The investment policies of the Corporation.

Endowment funds classified as permanently and temporarily restricted net assets:

The portion of perpetual endowment funds retained permanently either by explicit donor stipulation or by net asset classification guidance is summarized as follows:

	2014	2013
Temporarily restricted net assets		
Unspent income and appreciation on permanently restricted endowments for purchase of equipment and healthcare services	$ 17,497,079	$ 16,178,222
Total endowment funds classified as temporarily restricted net assets	$ 17,497,079	$ 16,178,222

Total endowment funds classified as permanently restricted net assets	$ 7,382,529	$ 7,249,055

Endowment Funds With Deficits
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (deficit). When donor endowment deficits exist they are classified as a reduction of unrestricted net assets. The Corporation analyzed the endowments and notes there are no deficits as of September 30, 2014 and 2013.

Endowment Investment Return Objectives and Risk Parameters
The Corporation has adopted endowment investment and spending policies that attempt to provide predictable stream of funding to programs supported by the endowment while seeking to maintain the permanent nature of endowment funds. Under this policy, the return objective for the endowment assets measured over a full market cycle shall be to maximize the return against a blended index, based on the endowment's target asset allocation applied to the appropriate individual benchmarks.

Strategies Employed for Achieving Endowment Investment Objectives
To achieve its long-term rate of return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Corporation targets a diversified asset allocation to achieve its long-term objectives within prudent Corporation risk constraints.

Endowment Spending Allocation and Relationship of Spending Policy to Investment Objectives
Spending is guided by several factors most important is the value of the portfolio. Generally, the Board will approve a spending policy limiting annual expenditures for grants and operating expenses up to 4.5% of the value of the Funds' assets based on a 12 quarter rolling average for the endowment, and operating funds.

Investment managers are given ample notice of the required withdrawal schedule. Appropriate liquidity is maintained to fund these withdrawals without impairing the investment process.

On September 15, 2011 the Connecticut Health and Education Facilities Authority ("CHEFA") issued $58,940,000 of Series F Bonds (the "Series F Bonds") on behalf of the Hospital and Lawrence + Memorial Corporation (collectively referred to as the "Obligated Group" under the Series F Bond agreements). The Series F Bonds are structured with a term bond due July 1, 2036, with annual sinking fund payments due each July 1st. Interest on the Series F Bonds is payable semiannually on the first business day of January 1 and July 1 which began on January 1, 2012.

The Series E bonds were paid early with the issuance of CHEFA series H.

The tax exempt lease was obtained on June 27, 2013 in the principal amount of $12,000,000. This is a seven year equipment lease on specific capital purchases that is administered through CHEFA and Bank of America-Merrill Lynch. This lease will be amortized monthly through June 27, 2020 at a nominal annual interest rate of 1.759%.

On October 10, 2013 Series G was issued in a private placement offering with Bank of America-Merrill Lynch and CHEFA in the amount of $29,200,000 with an interest rate of 3.20% until October 1, 2023 with an option to extend at a negotiated rate with a maturity date of July 1, 2038.

On November 5, 2013, Series H was issued by CHEFA to refinance Series E. Series H was issued in the amount of $21,405,000 with a variable rate and a maturity date of July 1, 2034. This bond has a letter of credit guaranteed by T.D. Bank. Interest on the Series H Bonds accrues at the weekly rate and is payable on the first business day of each month commencing January 1, 2014.

Under the terms of the trust indenture for the Series H Bonds, the Obligated Group is required to meet certain financial covenants including a debt service coverage ratio and days cash on hand ratio. Members of the Obligated Group are jointly and severally obligated to provide amounts sufficient to enable the Authority to pay principal and interest on the Series H Bonds. The Bonds and bond proceeds have been allocated to the Hospital and as such, the Hospital will make future debt service payments as required under the terms of the bonds.

The bonds may be retired at an earlier date pursuant to terms of the master indenture. Payment of the bonds is collateralized by a pledge of the gross receipts, as defined and certain real property of the Hospital.

The Series H Bonds are considered variable rate demand bonds and are remarketed on a weekly basis. The Hospital maintains a letter of credit in the amount of $21,405,000 which expires on November 5, 2016. If the bonds are unable to be remarketed, the letter of credit could be utilized to purchase the bonds. The Obligated Group would then be subject to the payment terms of the letter of credit, which are monthly installments. The Series H Bonds have been successfully remarketed in the past and there have been no draws on the letter of credit.

The Corporation had a line of credit with Bank of America-Merrill Lynch for $13,802,758. This was taken as a bridge loan prior to issuance of Series G private Placement. The proceeds of Series G were used to pay off this line of credit on October 10, 2013. LMW Healthcare had a line of credit with Washington Trust for $4,860,642. This line was reissued at time of closing but was paid off in November 2013.

The fair value of the outstanding bonds is $106,215,296 and $78,620,117 at September 30, 2014 and September 30, 2013, respectively.

Principal repayments, excluding capital leases and the line of credit, are as follows:

Years	Annual Principal Repayment
2015	$ 3,660,000
2016	3,825,000
2017	4,010,000
2018	4,165,000
2019 and thereafter	85,650,000
	$ 101,310,000

Cash interest payments of $3,566,051 and $2,682,472 were made in fiscal year 2014 and 2013, respectively. No interest was capitalized during 2014 and 2013.

8. Pension and Other Postretirement Benefits

The Hospital has a defined benefit plan covering all employees who elected to stay in the Plan. The Plan is frozen to new participants as of June 30, 1999. The benefits are based on years of service and the employee's compensation during the last five years of employment.

The Hospital provides health care and life insurance benefits to its retired employees who meet certain eligibility requirements. The Hospital's policy is to fund the cost of postretirement benefits other than pensions as incurred. This plan was frozen to include only those employees who retired prior to May 1, 1994.

The following table sets forth the Hospital's plans' funded status and amounts recognized in the consolidated balance sheet at September 30, 2014 and 2013 (measurement date of), the significant change in the actuarial loss is predominantly related to the decrease in the discount rate used to determine the benefit obligation at the end of the year:

Benefit cost	$ 3,667,128	$ 3,356,143	$ (36,570)	$ (13,426)

The weighted average assumptions used to determine the net benefit cost at the beginning of the year are as follows:

	2014	2013
Discount rate	4.51 %	3.95 %
Average rate of compensation increases	2.50 %	2.50 %
Expected return on assets	7.50 %	7.50 %

The weighted average assumptions used to determine the benefit obligation at the end of the year are as follows:

	2014	2013
Discount rate	4.05 %	4.51 %
Average rate of compensation increases	2.50 %	2.50 %

The Plan's asset allocations as of September 30 are as follows:

Asset Category	2014	2013
Cash	2 %	3 %
Bonds	24	23
Mutual funds	45	44
Hedge funds	29	30
Total	100 %	100 %

The expected rate of return on plan assets is calculated based on past experience.

Expected benefits to be paid under the Hospital's plans are as follows:

Fiscal Years Beginning October 1,	Expected Benefits
2014	$ 7,399,905
2015	7,694,336
2016	8,101,708
2017	8,234,873
2018	8,658,711
Expected aggregate for 5 fiscal years beginning 2019	47,809,642

Annual contributions are determined by the Hospital based upon calculations prepared by the plan's actuary. Expected contributions to the plans for 2014 are approximately (unaudited):

Pension	$ 6,400,000
Retiree health	94,776

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e., health care cost trend rate) for participants is assumed to be 9.0% in 2014 reducing to 5.0% by the year 2021 and remaining at that level thereafter. This health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $56,000 and $71,000, respectively, at September 30, 2014 and 2013. A one percentage point decrease in the assumed health care cost trend rate would decrease the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $51,000 and $65,000, respectively, at September 30, 2014 and 2013.

Plan Assets
The defined benefit plan assets are valued utilizing the same fair value hierarchy as the Hospital's investments as described in Note 1.

The following table summarizes the fair values of investments by major type held by the pension plan at September 30, 2014:

	Level 1	Level 2	Level 3	2014

Total investments, at fair value	$ 76,547,017	$ 5,171,869	$ 33,457,838	$ 115,176,724

The following table summarizes the fair values of investments by major type held by the staff pension health plan at September 30, 2013:

The investment objective for the pension and post retirement plans seeks a positive long-term total return after inflation to meet the Hospital's current and future plan obligations.

Asset allocations combine tested theory and informed market judgment to balance investment risks with the need for high returns.

The Hospital's 401(k) plan covers eligible employees who elected to participate. Eligible employees may contribute a percentage of their salary. The Hospital matches 100% of the first 4% of gross pay deferred by employees for those employees who do not participate in the defined benefit plan. Plan contributions charged to operations were approximately $4,584,389 and $4,618,626 for 2014 and 2013, respectively.

The VNA has a defined contribution pension plan which covers substantially all of its employees who have met specified age and length of service requirements. Contributions to the Plan are based on 5% of eligible salaries and totaled approximately $463,475 and $446,631 for the years ended September 30, 2014 and 2013, respectively.

Report of Independent Auditors

To the Board of Trustees of
Lawrence + Memorial Corporation

We have audited the accompanying consolidated financial statements of Lawrence + Memorial Corporation (the "Corporation"), which comprise the consolidated balance sheets as of September 30, 2013 and 2012, and the related consolidated statements of operations, of changes in net assets and of cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We did not audit the financial statements of Visiting Nurse Association of Southeastern Connecticut, Inc., a wholly owned subsidiary, which statements reflect total assets of $18,372,801 and $16,783,939 as of September 30, 2013 and September 30, 2012, respectively, and total revenues of $14,990,091 and $14,726,801 for the years then ended. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for Visiting Nurse Association of Southeastern Connecticut, Inc., is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Corporation's preparation and fair presentation of the

consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries at September 30, 2013 and September 30, 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information, on pages 28 through 33, is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position and results of operations of the individual organizations. Accordingly, we do not express an opinion on the financial position, results of operations, and changes in net assets, of the individual organizations. However, the consolidating information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and, in our opinion, based on our audits is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

1. Significant Accounting Policies and Organization

Organization

Lawrence + Memorial Corporation (the "Corporation") is a not-for-profit organization incorporated under the Nonstock Corporation Act of the State of Connecticut. The Corporation is organized exclusively for public welfare, charitable, scientific, literary and education purposes, including the furtherance of the welfare, programs and activities of Lawrence + Memorial Hospital (the "Hospital"), a nonprofit organization incorporated under the General Statutes of the State of Connecticut.

The following entities are subsidiaries of the Corporation: Lawrence + Memorial Hospital ("L+M"), L& M Physician Association Inc., L&M Systems, Inc., VNA of Southeastern Connecticut, L&M Healthcare, L&M Indemnity Ltd, VNA of Southeastern Connecticut Inc. and LMW Healthcare Inc (Westerly Hospital).

Acquisition of Westerly Hospital

On June 1, 2013, the Corporation and its subsidiary, LMW Healthcare, Inc. ("LMW") completed the acquisition of certain assets and liabilities of Westerly Hospital, a 125-bed general acute care hospital located in Westerly, Rhode Island on a 10.6 acre campus. The acquisition was the culmination of a process that included the appointment of W. Mark Russo, Esq. as the special master (the "Special Master") for Westerly Hospital and its affiliates by the Rhode Island Superior Court for the County of Washington (the "RI Court") in December 2011, due to the deteriorating financial condition of Westerly Hospital. The Special Master was granted authority by the RI Court to negotiate the sale of the assets of Westerly Hospital and its affiliates.

The Corporation formed LMW as a Rhode Island nonprofit corporation, and in June 2012, LMW entered into an Asset Purchase Agreement (the "Purchase Agreement") with the Special Master for Westerly Hospital and its affiliates, which was approved by the RI Court in September 2012. The Corporation guaranteed LMW's commitments under the Purchase Agreement. Pursuant to the Purchase Agreement and upon the successful completion of regulatory review by various Rhode Island agencies, The Corporation acquired certain assets and liabilities of Westerly Hospital and its affiliates, in order to expand its care and operations to the Westerly, Rhode Island community. The acquisition of the Westerly Hospital furthers the Corporation and Lawrence + Memorial Hospital's strategy of improving the depth and breadth of services available to all residents in the eastern Connecticut and western Rhode Island regions, without regard to ability to pay. Lawrence + Memorial Hospital expects to reduce unnecessary duplication of effort and costs with Westerly Hospital, while maintaining community access to essential services in the Westerly service area.

As part of the purchase agreement the Corporation agreed to fund $30 million in capital costs for Westerly Hospital over five years after the closing, and agreed to provide up to $6.5 million of working capital for Westerly Hospital over the first two years after the closing.

The fair value of assets and liabilities acquired under this transaction as of June 1, 2013 are as follows:

	2013
Cash	$ 1,563,200
Patient accounts receivable	4,658,183
Inventories	1,550,130
Pledges	750,000
Prepaid expenses	325,650
Investments	6,870,933
Assets held in trust	4,247,816
Intangible assets	3,690,000
Property, plant & equipment	30,850,000
Total assets	54,505,912

Asset retirement obligation	1,425,678
Debt	5,572,761
Total liabilities	26,395,685
Net assets acquired	$ 28,110,227

The purchase price of $16,098,758 was paid in cash. The transaction resulted in an inherent contribution of $12,011,469 which has been appropriately allocated to the three net asset classes within the statement of changes in net assets. The inherent contribution is a result of the value of net assets being acquired exceeding the purchase price. The purchase price allocation is preliminary and may get adjusted as additional information is obtained.

Intangible assets acquired in conjunction with the Westerly acquisition include:

	Fair value as of June 1, 2013	Amortization period (in years)	
Patient relationships	$ 1,530,000	10.0	
Medical records	1,350,000	10.0

L&M Healthcare has an affiliation agreement effective January 31, 1999 (the "Agreement") with the Hospice of Southeastern Connecticut, Inc. (the "Hospice"). The Agreement gives L&M Healthcare a membership of the Hospice with one other not-for-profit healthcare organization. L&M Healthcare does not have an equity investment in the Hospice because the affiliation agreement does not require L&M Healthcare to provide capital to the Hospice and L&M Healthcare is not entitled to any of the net assets of the Hospice should the relationship terminate or the Hospice dissolve. The Corporation and its subsidiaries have never given capital to the Hospice and the Hospice has never made capital distributions to the Corporation or its subsidiaries.

L & M Physician Association, Inc. ("LMPA") was formed exclusively for the charitable purpose of benefiting, supporting, and furthering the charitable activities of Lawrence + Memorial Hospital by

engaging physicians to provide physician services to the Hospital, organizations affiliated with the Hospital and communities they serve for purpose of practicing medicine and health care services.

Principles of Consolidation
The consolidated financial statements include the accounts of the Corporation and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying footnotes. Actual results could differ from those estimates and there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The Corporation's significant estimates include the collectability of patient accounts receivable, useful lives of fixed assets, settlements due to third party payors, estimated reserves for self-insurance liabilities, and benefit plan assumptions.

Temporarily and Permanently Restricted Net Assets
Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time frame or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation and its subsidiaries in perpetuity or in funds held in trust by others whose purpose is for the funds to be maintained in perpetuity.

Donor Restricted Gifts
Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions in the accompanying consolidated statements of operations.

Cash and Cash Equivalents
The Corporation and its subsidiaries consider all highly liquid investments with original maturities of three months or less at the date of purchase to be cash equivalents.

Investments
Investments in equity and debt securities are recorded at fair value in the balance sheet. Fair value is generally determined based on quoted market prices where available or net asset values provided by investment managers. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the change in net assets. Under accounting principles generally accepted in the United States of America, an "other than temporary impairment" is recognized if the Corporation does not expect the fair value of a security to recover above cost or amortized cost. Once an "other than temporary impairment" charge has been recorded, a new cost basis is established.

The Corporation continues to review its securities for appropriate valuation on an ongoing basis. The Corporation determined that none of their investments were impaired as of September 30, 2013 or 2012.

Realized and unrealized gains and losses on donor restricted endowment funds are included in temporarily restricted net assets under State law which allows the Board to appropriate as much of the net appreciation of investments as is prudent considering the Corporation's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Investments in limited liability companies are accounted for using the equity method in instances where the limited partner's interest is more than minor (3-5%).

Fair Value Measurements
Fair value guidance establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Corporation for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices in markets that are not active, or can be corroborated by observable market data for substantially the same term of the assets.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Assets Held in Trust by Others
The Hospital has been named sole or participating beneficiary in several perpetual and charitable remainder trusts. Under the terms of these trusts, the Hospital has the irrevocable right to receive the income earned on the trust assets in perpetuity from the perpetual trusts and to receive the remainder of the trust assets for the charitable remainder trusts. For perpetual trusts, the estimated present value of the future payments to the Hospital is recorded at the fair value of the assets held in the trust. The charitable remainder trusts are recorded at the present value of the estimated future distributions expected to be received over the expected term of the trust agreement. The Hospital uses appropriate credit adjusted rates to discount amounts.

Assets Limited as to Use
Assets limited as to use include assets set aside by the Board of Directors, contribution receivables and for the established purpose of providing for future improvement, expansion and replacement of plant and equipment. In addition, the Corporation's interest in externally managed trusts,

unexpended bond proceeds for construction purposes, and assets held by trustees under indenture agreements relating to financing activities with the State of Connecticut Health and Education Facilities Authority ("CHEFA") are also included therein.

Property, Plant and Equipment
Property, plant and equipment are recorded at cost, or if received as a donation, at the fair value on the date received. The Corporation provides for depreciation of property, plant and equipment using the straight-line method in amounts sufficient to amortize the cost of its assets over their estimated useful lives. American Hospital Association lives are generally used and provide for a 2-25 year life for land improvements, 5-50 year life for buildings and a 2-25 year life for equipment. Lease improvements are amortized over the life of the lease.

Nonoperating Gains and Losses
Activities other than in connection with providing health care services are considered to be nonoperating.

Excess of Revenues over Expenses
The consolidated statements of operations include excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), and pension-related charges other than periodic pension costs and other postretirement benefits liabilities.

Fair Value of Financial Instruments
Investments and other assets and liabilities are carried at amounts that approximate fair value based on current market conditions. The fair value of long term debt is estimated based on the quoted market prices for the same or similar issues or on current rates offered to the Corporation and its Subsidiaries for debt of the same remaining maturities.

Medical Malpractice Self-Insurance
The Corporation purchases claims made professional and general liability insurance to cover medical malpractice claims from L&M Indemnity Ltd. The Hospital, LMPA and VNA have adopted the policy of self-insuring the tail portion of its malpractice insurance coverage. Management accrues its best estimate of losses as incidents which give rise to potential losses occur.

Income Taxes
The Corporation and its subsidiaries are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code, except for L&M Systems. L&M Systems provides for taxes based on current taxable income and the future tax consequences of temporary differences between financial and income tax reporting. Such amounts are not material to the consolidated financial statements.

Inventories
Inventory consists of supplies, both medical and general, pharmaceuticals and food products needed to sustain daily operation of patient care. Inventories are carried at the lower of cost or market under the first-in-first-out (FIFO) method.

Impairment of Long-Lived Assets
Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to dispose.

Accrued Vacation and Sick Pay
Accrued vacation is recorded as a liability as time is earned. As the time is used, the time is relieved from the liability. Accrued sick time is recorded as a percent for employees who have a balance greater than or equal to 800 hours. The payout is only upon termination of employment.

Subsequent Events
The Corporation has performed an evaluation of subsequent events through January 10, 2014, which is the date the financial statements were issued.

The Hospital's negotiations with two of its three unions, AFT Healthcare, AFT-CT, AFT, AFL-CIO, Local 5049 (registered nurses) and AFT Healthcare, AFT-CT, AFLCIO, Local 5051 (licensed practical nurses and technicians) for a new contract resulted in a 4-day strike that commenced on November 27, 2013. The Hospital brought in temporary replacement workers, and, in order to provide ongoing patient care given the threat of additional, intermittent strikes, had a lockout of employees through December 18, 2013. The lockout was lifted and employees returned to work without a contract being reached. Contract negotiations will be resumed in February 2014. In response to the strike, the Hospital initially curtailed services in its Intensive Care Unit and for elective surgeries, both of which are being gradually returned to full service. The Hospital is monitoring the negative impact of the strike and lockout on both revenues and expenses. Negotiations with the two unions are ongoing, however, no assurance can be given regarding the outcome of such negotiations.

2. Revenues From Services to Patients and Charity Care

The following summarizes net revenues from services to patients:

	2013	2012
Gross charges from services to patients	$ 837,486,803	$ 742,404,745
Less: Charity care	7,772,037	5,942,442
Charges from services to patients, net of charity care	829,714,766	736,462,303
Deductions		
Allowances	455,921,391	384,999,411
State of Connecticut uncompensated care system (receipts)	1,047,636	(2,579,127)
Total deductions	456,969,027	382,420,284
Net revenues from services to patients	$ 372,745,739	$ 354,042,019

Patient accounts receivable and revenues are recorded when patient services are performed. Amounts received from most payors are different from established billing rates of the Corporation, and these differences are accounted for as allowances. The State of Connecticut has reduced Uncompensated Care Payments to all hospitals beginning July 2013 for a three year period. The impact to L + M Hospital in Fiscal Year 2013 is a reduction of $3,000,000, with further reductions expected to occur in Fiscal Year 2014 and 2015. In 2013, the Corporation paid cash into the State of Connecticut Uncompensated Care Pool that exceeded the amount was received from the State.

Fiscal year 2013 resulted in a decrease in net revenue whereas fiscal year 2012 was an increase to net revenue.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Adjustments related to prior year settlements increased the Hospital's revenues by approximately $1,126,576 and $4,271,085 in 2013 and 2012, respectively.

During 2013 and 2012, approximately 33%, respectively, of net patient service revenue was received under the Medicare program, and 12% and 11%, respectively, under the state Medicaid program. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation. Non compliance could result in significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and reductions of funding levels could have an adverse impact on the Hospital.

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Hospital. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes the generally recognized federal poverty income guidelines, but also includes certain cases where incurred charges are significant when compared to income. These charges are not included in net patient service revenues for financial reporting purposes.

Fair value for Level 1 is based upon quoted prices in active markets that the Corporation has the ability to access at the measurement date. Market price data is generally obtained from exchange or dealer markets. The Corporation does not adjust the quoted price for such assets.

Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques that use significant inputs that are unobservable as they trade infrequently or not at all and reflect assumptions based on the best information available in the circumstances.

Investments included in Level 3 primarily consist of the Corporations ownership in alternative investments (principally limited partnership interests in hedge funds). The value of these alternative investments represents the ownership interest in the net asset value ("NAV") of the respective partnership. The fair values of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals, or other estimates that require varying degrees of judgment. If no public market exists for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer, and subsequent developments concerning the companies to which the securities relate. Also included in Level 3 investments are charitable remainder trusts held by third parties which are recorded at the present value of the future distributions expected to be received over the term of the agreement and investments in for-profit companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table is a roll forward of the amounts by investment type for financial instruments classified by the Corporation within Level 3 of the fair value hierarchy defined above:

4. Endowments

The Corporation's endowments consist of donor restricted endowment funds for a variety of purposes. The net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor imposed restrictions.

The Corporation understands net asset classification guidance to require that donor restricted endowment gifts be maintained in perpetuity. Consistent with net asset classification guidance, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure. The Corporation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund.
- The purposes of the Corporation and donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Corporation.
- The investment policies of the Corporation.

Changes in endowment net assets for the year ended September 30:

The portion of perpetual endowment funds retained permanently either by explicit donor stipulation or by net asset classification guidance is summarized as follows:

	2013	2012
Temporarily restricted net assets		
Unspent income and appreciation on permanently restricted endowments for purchase of equipment and healthcare services	$ 16,178,222	$ 13,633,436

Total endowment funds classified as permanently restricted net assets	$ 7,249,055	$ 2,866,683

Endowment Funds With Deficits
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (deficit). When donor endowment deficits exist they are classified as a reduction of unrestricted net assets. The Corporation analyzed the endowments and notes there are no deficits as of September 30, 2013 and 2012.

Endowment Investment Return Objectives and Risk Parameters
The Corporation has adopted endowment investment and spending policies that attempt to provide predictable stream of funding to programs supported by the endowment while seeking to maintain the permanent nature of endowment funds. Under this policy, the return objective for the endowment assets measured over a full market cycle shall be to maximize the return against a blended index, based on the endowment's target asset allocation applied to the appropriate individual benchmarks.

Strategies Employed for Achieving Endowment Investment Objectives
To achieve its long-term rate of return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Corporation targets a diversified asset allocation to achieve its long-term objectives within prudent Corporation risk constraints.

Endowment Spending Allocation and Relationship of Spending Policy to Investment Objectives
Spending is guided by several factors most important is the value of the portfolio. Generally, the Board will approve a spending policy limiting annual expenditures for grants and operating expenses up to 4.5% of the value of the Funds' assets based on a 12 quarter rolling average for the endowment, and operating funds.

Investment managers are given ample notice of the required withdrawal schedule. Appropriate liquidity is maintained to fund these withdrawals without impairing the investment process.

On September 15, 2011 the Connecticut Health and Education Facilities Authority (CHEFA) issued $58,940,000 of Series F Bonds (the "Series F Bonds") on behalf of the Hospital and the Corporation (collectively referred to as the "Obligated Group" under the Series F Bond agreements). The Series F Bonds are structured with a term bond due July 1, 2036, with annual sinking fund payments due each July 1st commencing July 1, 2013. Interest on the Series F Bonds is payable semiannually on the first business day of January 1 and July 1 beginning January 1, 2012.

On June 24, 2004 CHEFA issued $22,990,000 of Series E Bonds (the "Series E Bonds") on behalf of the Hospital and the Corporation (collectively referred to as the "Obligated Group" under the Series E Bond agreements). The Series E Bonds are structured with a term bond due July 1, 2034, with annual sinking fund payments due each July 1st commencing July 1, 2003. Interest on the Series E Bonds accrues at the weekly rate and is payable on the first business day of each month commencing July 1, 2004.

Under the terms of the trust indenture for the Series E Bonds, the Obligated Group is required to meet certain financial covenants including a debt service coverage ratio and days cash on hand ratio. Members of the Obligated Group are jointly and severally obligated to provide amounts sufficient to enable the Authority to pay principal and interest on the Series E bonds. The bonds and bond proceeds have been allocated to the Hospital and as such, the Hospital will make future debt service payments as required under the terms of the bonds.

The bonds may be retired at an earlier date pursuant to terms of the master indenture. Payment of the bonds is collateralized by a pledge of the gross receipts (as defined) and certain real property of the Hospital and Corporation.

The Series E Bonds are considered variable rate demand bonds and are remarketed on a weekly basis. The Corporation maintains a letter of credit in the amount of $22,900,000 which expires on December 31, 2014. If the bonds are unable to be remarketed, the letter of credit could be utilized to purchase the bonds. The Obligated Group would then be subject to the payment terms of the letter of credit, which are equal quarterly installments beginning in the first quarter that is at least 367 days after the initial draw down on the letter of credit. The Series E Bonds have been successfully remarketed in the past and there have been no draws on the letter of credit.

In accordance with the long-term loan agreement with CHEFA, certain trustee funds are required to be maintained. These funds provide for debt service and other related payments. The income derived from these funds is required to be reinvested in the trustee funds and is not available for current operating purposes.

The fair value of the Series E Bonds, using discounted cash flow analyses, approximates carrying value. The fair value of the Series F Bonds using discounted cash flows was $55,830,117.25 and $62,036,108.50 for years ending September 30, 2013 and September 30, 2012 respectively.

The tax exempt lease (the "Easy Loan") was obtained on June 27, 2013 in the principal amount of $12,000,000. This is a seven year equipment lease on specific capital purchases that is administered through CHEFA and Bank of America-Merrill Lynch. This loan will be amortized monthly through June 27, 2020 at a nominal annual interest rate of 1.759%.

The Corporation has a line of credit with Bank of America-Merrill Lynch for $13,802,758. This was taken as a bridge loan prior to issuance of Series G private Placement. The proceeds of Series G were used to pay off this line of credit on October 10, 2013. LMW Healthcare has a line of credit

with Washington Trust for $4,860,642. This line was reissued at time of closing but has been paid off as a subsequent event in November 2013.

On October 10, 2013 Series G was issued in a private placement offering with Bank of America-Merrill Lynch and CHEFA in the amount of $30,000,000 with an interest of 3.20% until October 1, 2023 with an option to extend at a negotiated rate with a maturity date of July 1, 2038. On November 5, 2013, Series H was issued by CHEFA to refinance Series E. Series H was issued in the amount of $21,405,000 with a variable rate and a maturity date of July 1, 2034. This bond has a letter of credit guaranteed by T.D. Bank.

Principal repayments, excluding capital leases and the line of credit, are as follows:

Years	Annual Principal Repayment
2014	$ 2,725,000
2015	2,835,000
2016	2,975,000
2017	3,130,000

Cash interest payments of $2,682,472 and $2,118,293 were made in fiscal year 2013 and 2012, respectively. No interest was capitalized during 2013 and 2012.

8. Pension and Other Postretirement Benefits

The Hospital has a defined benefit plan covering all employees who elected to stay in the Plan. The Plan is frozen to new participants as of June 30, 1999. The benefits are based on years of service and the employee's compensation during the last five years of employment.

The Hospital provides health care and life insurance benefits to its retired employees who meet certain eligibility requirements. The Hospital's policy is to fund the cost of postretirement benefits other than pensions as incurred. This plan was frozen to include only those employees who retired prior to May 1, 1994.

The following table sets forth the Hospital's plans' funded status and amounts recognized in the consolidated balance sheet at September 30, 2013 and 2012 (measurement date of September 30):

The weighted average assumptions used to determine the net benefit cost at the beginning of the year are as follows:

	2013	2012
Discount rate	3.95 %	5.34 %
Average rate of compensation increases	2.50 %	3.50 %
Expected return on assets	7.50 %	7.50 %

The weighted average assumptions used to determine the benefit obligation at the end of the year are as follows:

	2013	2012
Discount rate	4.51 %	3.95 %
Average rate of compensation increases	2.50 %	2.50 %

The Plan's asset allocations as of September 30 are as follows:

Asset Category	2013	2012
Cash	3 %	5 %
Bonds	23	29
Hedge funds	30	29
Marketable equities	44	37
Total	100 %	100 %

The expected rate of return on plan assets is calculated based on past experience.

Expected benefits to be paid under the Hospital's plans are as follows:

Fiscal Years Beginning October 1,	Expected Benefits
2013	$ 6,998,164
2014	7,263,769
2015	7,511,189
2016	7,928,299
2017	8,074,614
Expected aggregate for 5 fiscal years beginning 2018	44,653,466

Annual contributions are determined by the Hospital based upon calculations prepared by the plan's actuary. Expected contributions to the plans for 2014 are approximately (unaudited):

Pension	$ 6,400,000
Retiree health	108,195

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e., health care cost trend rate) for participants is assumed to be 9.0% in 2013 reducing to 5.0% by the year 2021 and remaining at that level thereafter. This health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $71,000 and $97,000, respectively, at September 30, 2013 and 2012. A one percentage point decrease in the assumed health care cost trend rate would decrease the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $65,000 and $88,000, respectively, at September 30, 2013 and 2012.

Plan Assets
The defined benefit plan assets are valued utilizing the same fair value hierarchy as the Hospital's investments as described in Note 1.

The following table summarizes the fair values of investments by major type held by the pension plan at September 30, 2013:

There were no transfers between levels during 2013 or 2012.

The table below represents the change in fair value measurements for Level 3 investments held by the plans for the years ended September 30.

	2013	2012
Beginning balances	$ 28,795,536	$ 26,524,387

Ending balances	$ 31,893,958	$ 28,795,536

The investment objective for the pension and post retirement plans seeks a positive long-term total return after inflation to meet the Hospital's current and future plan obligations.

Asset allocations combine tested theory and informed market judgment to balance investment risks with the need for high returns.

The Hospital's 401(k) plan covers eligible employees who elected to participate. Eligible employees may contribute a percentage of their salary. The Hospital matches 100% of the first 4% of gross pay deferred by employees for those employees who do not participate in the defined benefit plan. Plan contributions charged to operations were approximately $4,618,626 and $4,270,327 for 2013 and 2012, respectively.

The VNA has a defined contribution pension plan which covers substantially all of its employees who have met specified age and length of service requirements. Contributions to the Plan are based on 5% of eligible salaries and totaled approximately $446,631 and $437,911 for the years ended September 30, 2013 and 2012, respectively.

SCHEDULE H, PART V, SECTION B, LINE 7:

DUE TO RESOURCE CONSTRAINTS, SOME OF THE IDENTIFIED NEEDS THROUGH THE CHNA WILL NOT BE ADDRESSED. IN OTHER CASES, OTHER ORGANIZATIONS ARE TAKING THE LEAD ON AN IDENTIFIED NEED AND L+M HOSPITAL IS COLLABORATING. A DRIVING PHILOSOPHY OF L+M'S COMMUNITY BENEFIT EFFORTS IS TO BUILD ON COMMUNITY RESOURCES, PROGRAMS AND SERVICES AND TO NOT DUPLICATE THEM. AS SUCH, IN EXAMINING EACH OF THE PRIORITIZED COMMUNITY HEALTH NEEDS, EXISTING COMMUNITY ASSETS WERE IDENTIFIED BEFORE CONSIDERING ANY NEW STRATEGIES THAT L+M MIGHT INITIATE AND/OR THOSE TO BE CONTINUED. WHERE THERE IS AN EXISTING COMMUNITY-BASED PROGRAM ADDRESSING ANY OF THE PRIORITIZED NEEDS, OR DUE TO RESOURCE LIMITATIONS, L+M WILL WORK TO SUPPORT AND BUILD CAPACITY OF THOSE PROGRAMS RATHER THAN TO CREATE SOMETHING NEW.

THERE ARE THREE SPECIFIC EXAMPLES OF AREAS WHERE THE DATA DEMONSTRATE THAT THE L+M COMMUNITY IS AN OUTLIER AS COMPARED TO NATIONAL BENCHMARKS. THE USE OF TOBACCO IN THE L+M SERVICE AREA, WHILE HAVING DECREASED, CONTINUES TO EXCEED THE HEALTHY PEOPLE 2020 GOAL. L+M OFFERS CESSATION SUPPORT TO EMPLOYEES PRESENTLY. ALTHOUGH THIS INDICATOR IS DIRECTLY LINKED TO THE PRIORITY AREA OF CANCER, DUE TO RESOURCE LIMITATIONS, L+M WILL NOT UNDERTAKE PROGRAMMING INTENDED FOR THE WIDER COMMUNITY RELATED TO TOBACCO CESSATION.

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 1j, 3, 4, 5d, 6i, 7, 10, 11, 12i, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22. If applicable, provide separate descriptions for each facility in a facility reporting group, designated by "Facility A," "Facility B," etc.

SIMILARLY, ALTHOUGH EXCESSIVE DRINKING IN ADULTS OVER AGE 18 IN NEW LONDON COUNTY EXCEEDS THE NATIONAL BENCHMARK, AND CAN BE LINKED TO CANCER AND MENTAL HEALTH PRIORITY AREAS, L+M WILL SUPPORT EFFORTS LED BY COMMUNITY PARTNERS BUT WILL NOT TAKE THE LEAD IN PROGRAMMING AROUND THIS ISSUE. FOR EXAMPLE, MUCH WORK AROUND SUBSTANCE ABUSE AND ADDICTION ISSUES IS BEING CARRIED OUT BY THE SOUTHEASTERN CT REGIONAL ACTION COUNCIL, AN ENTITY ESTABLISHED BY THE CT LEGISLATURE TO ASSIST COMMUNITIES IN THIS AREA. ADDITIONALLY, THERE ARE COMMUNITY PARTNERS RECEIVING FEDERAL AND STATE GRANT FUNDS TO ADDRESS THIS AREA. L+M PARTNERS IN THESE EFFORTS BUT WILL NOT INITIATE NEW STRATEGIES.

LAST, THE URBAN CENTER OF NEW LONDON CONTINUES TO DEMONSTRATE VARIANCE FROM STATE RATES IN BIRTHS TO TEENS AND SEXUALLY TRANSMITTED INFECTIONS. ALTHOUGH L+M WILL WORK TO SUPPORT COMMUNITY PARTNERS IN ADDRESSING THESE ISSUES, RESOURCE LIMITATIONS WILL NO LONGER ALLOW L+M TO PLAY A LEADERSHIP ROLE.

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We did not audit the financial statements of Visiting Nurse Association of Southeastern Connecticut, Inc., a wholly owned subsidiary, which statements reflect total assets of $20,659,633 and $18,372,801 as of September 30, 2014 and September 30, 2013, respectively, and total revenues of $16,156,841 and $14,990,091 for the years then ended. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for Visiting Nurse Association of Southeastern Connecticut, Inc., is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Corporation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Lawrence + Memorial Corporation (the "Corporation") and its subsidiaries at September 30, 2014 and September 30, 2013, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole.

The consolidating information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the Unites States of America. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole.

The consolidating information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations and cash flows of the individual organizations and is not a required part of the consolidated financial statements. Accordingly, we do not express an opinion on the financial position, results of operations, and changes in net assets, of the individual organizations.

1. Significant Accounting Policies and Organization

Organization

Lawrence + Memorial Corporation (the "Corporation") is a not-for-profit organization incorporated under the Nonstock Corporation Act of the State of Connecticut. The Corporation is organized exclusively for public welfare, charitable, scientific, literary and education purposes, including the furtherance of the welfare, programs and activities of Lawrence + Memorial Hospital (the "Hospital"), a nonprofit organization incorporated under the General Statutes of the State of Connecticut.

The following entities are subsidiaries of the Corporation: Lawrence + Memorial Hospital ("L+M"), L& M Physician Association Inc., L&M Systems, Inc., VNA of Southeastern Connecticut, L&M Healthcare, L&M Indemnity Ltd, VNA of Southeastern Connecticut Inc. and LMW Healthcare Inc. (Westerly Hospital).

Acquisition of Westerly Hospital

On June 1, 2013, the Corporation and its subsidiary, LMW Healthcare, Inc. ("LMW") completed the acquisition of certain assets and liabilities of Westerly Hospital, a 125-bed general acute care hospital located in Westerly, Rhode Island on a 10.6 acre campus. The acquisition was the culmination of a process that included the appointment of W. Mark Russo, Esq. as the special master (the "Special Master") for Westerly Hospital and its affiliates by the Rhode Island Superior Court for the County of Washington (the "RI Court") in December 2011, due to the deteriorating financial condition of Westerly Hospital. The Special Master was granted authority by the RI Court to negotiate the sale of the assets of Westerly Hospital and its affiliates.

The Corporation formed LMW as a Rhode Island nonprofit corporation, and in June 2012, LMW entered into an Asset Purchase Agreement (the "Purchase Agreement") with the Special Master for Westerly Hospital and its affiliates, which was approved by the RI Court in September 2012. The Corporation guaranteed LMW's commitments under the Purchase Agreement. Pursuant to the Purchase Agreement and upon the successful completion of regulatory review by various Rhode Island agencies, the Corporation acquired certain assets and liabilities of Westerly Hospital and its affiliates, in order to expand its care and operations to the Westerly, Rhode Island community. The acquisition of the Westerly Hospital furthers the Corporation and Lawrence + Memorial Hospital's strategy of improving the depth and breadth of services available to all residents in the eastern Connecticut and western Rhode Island regions, without regard to ability to pay. Lawrence + Memorial Hospital expects to reduce unnecessary duplication of effort and costs with Westerly Hospital, while maintaining community access to essential services in the Westerly service area.

As part of the purchase agreement the Corporation agreed to fund $30 million in capital costs for Westerly Hospital over five years after the closing, and agreed to provide up to $6.5 million of working capital for Westerly Hospital over the first two years after the closing.

The fair value of assets and liabilities acquired under this transaction as of June 1, 2013 are as follows:

	2013
Cash	$ 1,563,200
Patient accounts receivable	4,658,183
Inventories	1,550,130
Pledges	750,000
Prepaid expenses	325,650
Investments	6,870,933
Assets held in trust	4,247,816
Intangible assets	3,690,000
Property, plant & equipment	30,850,000
Total assets	54,505,912
Accrued compensation	2,488,190
Accounts payable and accrued expenses	15,052,105
Due to third parties	1,856,951
Asset retirement obligation	1,425,678
Debt	5,572,761
Total liabilities	26,395,685
Net assets acquired	$ 28,110,227

The purchase price of $16,098,758 was paid in cash. The transaction resulted in an inherent contribution of $12,011,469 which has been appropriately allocated to the three net asset classes within the statement of changes in net assets in 2013. The inherent contribution is a result of the value of net assets being acquired exceeding the purchase price. The purchase price allocation was preliminary and has been adjusted as additional information was obtained in 2014. An additional $5.3 million in inherent contribution was recorded in 2014, principally due to $3.1 million better experience on accounts receivable and $1.8 million in better experience on accounts payable.

Intangible assets acquired in conjunction with the Westerly acquisition include:

	Fair value as of June 1, 2013	Amortization Period (in years)	
Patient relationships	$ 1,530,000	10.0	
Medical records	1,350,000	10.0	
Trademark	810,000	8.0	
	$ 3,690,000	9.5	(weighted average)

L&M Healthcare has an affiliation agreement effective January 31, 1999 (the "Agreement") with the Hospice of Southeastern Connecticut, Inc. (the "Hospice"). The Agreement gives L&M Healthcare a membership of the Hospice with one other not-for-profit healthcare organization. L&M Healthcare does not have an equity investment in the Hospice because the affiliation agreement does not require L&M Healthcare to provide capital to the Hospice and L&M Healthcare is not entitled to any of the net assets of the Hospice should the relationship terminate or the Hospice dissolve. The Corporation and its subsidiaries have never given capital to the Hospice and the Hospice has never made capital distributions to the Corporation or its subsidiaries.

L & M Physician Association, Inc. ("LMPA") was formed exclusively for the charitable purpose of benefiting, supporting, and furthering the charitable activities of Lawrence + Memorial Hospital by engaging physicians to provide physician services to the Hospital, organizations affiliated with the Hospital and communities they serve for purpose of practicing medicine and health care services.

Principles of Consolidation
The consolidated financial statements include the accounts of the Corporation and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying footnotes. Actual results could differ from those estimates and there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The Corporation's significant estimates include the collectability of patient accounts receivable, useful lives of fixed assets, settlements due to third party payors, estimated reserves for self-insurance liabilities, and benefit plan assumptions.

Temporarily and Permanently Restricted Net Assets
Temporarily restricted net assets are those whose use by the Corporation has been limited by donors to a specific time frame or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation and its subsidiaries in perpetuity or in funds held in trust by others whose purpose is for the funds to be maintained in perpetuity.

Donor Restricted Gifts
Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are recorded as unrestricted contributions in the accompanying consolidated statements of operations.

Cash and Cash Equivalents
The Corporation and its subsidiaries consider all highly liquid investments with original maturities of three months or less at the date of purchase to be cash equivalents.

Investments
Investments in equity and debt securities are recorded at fair value in the balance sheet. Fair value is generally determined based on quoted market prices where available or net asset values provided by investment managers. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the excess of revenues over expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are included in the change in net assets. Under accounting principles generally accepted in the United States of America, an "other than temporary impairment" is recognized if the Corporation does not expect the fair value of a security to recover above cost or amortized cost. Once an "other than temporary impairment" charge has been recorded, a new cost basis is established.

The Corporation continues to review its securities for appropriate valuation on an ongoing basis. The Corporation determined that none of their investments were impaired as of September 30, 2014 or 2013.

Realized and unrealized gains and losses on donor restricted endowment funds are included in temporarily restricted net assets under State law which allows the Board to appropriate as much of the net appreciation of investments as is prudent considering the Corporation's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Investments in limited liability companies are accounted for using the equity method in instances where the limited partner's interest is more than minor (3-5%).

Fair Value Measurements
Fair value guidance establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Corporation for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices in markets that are not active, or can be corroborated by observable market data for substantially the same term of the assets.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Assets Held in Trust by Others
The Hospital has been named sole or participating beneficiary in several perpetual and charitable remainder trusts. Under the terms of these trusts, the Hospital has the irrevocable right to receive the income earned on the trust assets in perpetuity from the perpetual trusts and to receive the remainder of the trust assets for the charitable remainder trusts. For perpetual trusts, the estimated present value of the future payments to the Hospital is recorded at the fair value of the assets held in the trust. The charitable remainder trusts are recorded at the present value of the estimated future distributions expected to be received over the expected term of the trust agreement. The Hospital uses appropriate credit adjusted rates to discount amounts.

Assets Limited as to Use
Assets limited as to use include assets set aside by the Board of Directors, contribution receivables and for the established purpose of providing for future improvement, expansion and replacement of plant and equipment. In addition, the Corporation's interest in externally managed trusts, unexpended bond proceeds for construction purposes, and assets held by trustees under indenture agreements relating to financing activities with the State of Connecticut Health and Education Facilities Authority ("CHEFA") are also included therein.

Property, Plant and Equipment
Property, plant and equipment are recorded at cost, or if received as a donation, at the fair value on the date received. The Corporation provides for depreciation of property, plant and equipment using the straight-line method in amounts sufficient to amortize the cost of its assets over their estimated useful lives. American Hospital Association lives are generally used and provide for a 2-25 year life for land improvements, 5-50 year life for buildings and a 2-25 year life for equipment. Lease improvements are amortized over the life of the lease.

Nonoperating Gains and Losses
Activities other than in connection with providing health care services are considered to be nonoperating.

Excess of Revenues over Expenses
The consolidated statements of operations include excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments, permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), and pension-related charges other than periodic pension costs and other postretirement benefits liabilities.

Fair Value of Financial Instruments
Investments and other assets and liabilities are carried at amounts that approximate fair value based on current market conditions. The fair value of long term debt is estimated based on the quoted market prices for the same or similar issues or on current rates offered to the Corporation and its Subsidiaries for debt of the same remaining maturities.

Medical Malpractice Self-Insurance
The Corporation purchases claims made professional and general liability insurance to cover medical malpractice claims from L&M Indemnity Ltd. The Hospital, LMPA and VNA have adopted the policy of self-insuring the tail portion of its malpractice insurance coverage. Management accrues its best estimate of losses as incidents which give rise to potential losses occur.

Income Taxes
The Corporation and its subsidiaries are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code, except for L&M Systems. L&M Systems provides for taxes based on current taxable income and the future tax consequences of temporary differences between financial and income tax reporting. Such amounts are not material to the consolidated financial statements.

Inventories
Inventory consists of supplies, both medical and general, pharmaceuticals and food products needed to sustain daily operation of patient care. Inventories are carried at the lower of cost or market under the first-in-first-out (FIFO) method.

Impairment of Long-Lived Assets
Long-lived assets to be held and used are reviewed for impairment whenever circumstances indicate that the carrying amount of an asset may not be recoverable. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to dispose.

Accrued Vacation and Sick Pay
Accrued vacation is recorded as a liability as time is earned. As the time is used, the time is relieved from the liability. Accrued sick time is recorded as a percent for employees who have a balance greater than or equal to 800 hours. The payout is only upon termination of employment.

Labor action update
The Hospital's negotiations with two of its three unions, AFT Healthcare, AFT-CT, AFT, AFL-CIO, Local 5049 (registered nurses) and AFT Healthcare, AFT-CT, AFLCIO, Local 5051 (licensed practical nurses and technicians) for a new contract resulted in a 4-day strike that commenced on November 27, 2013. The Hospital brought in temporary replacement workers, and, in order to provide ongoing patient care given the threat of additional, intermittent strikes, had a lockout of employees through December 18, 2013. The lockout was lifted and employees returned to work without a contract being reached. A contract was reached and ratified and the workforce had a three year contract that was signed in February 2014. The Hospital monitored the negative impact of the strike and lockout on both revenues and expenses. The financial negative impact included in these financials is approximately $14,200,000. This consisted of a reduction in net revenue of approximately $1,900,000 and $12,300,000 of replacement workers, security and reduced salary costs during the strike and lock out period.

Subsequent Events
The Corporation has performed an evaluation of subsequent events through January 23, 2015, which is the date the financial statements were issued.

2. Revenues From Services to Patients and Charity Care

The following summarizes net revenues from services to patients:

	2014	2013
Gross charges from services to patients	$ 1,078,626,933	$ 837,486,803
Less: Charity care	6,782,933	7,772,037
Charges from services to patients, net of charity care	1,071,844,000	329,714,766
Deductions		
Allowances	615,856,880	455,921,391
State of Connecticut uncompensated care system	2,458,020	1,047,636
Total deductions	618,314,900	456,969,027
Net revenues from services to patients	$ 453,529,100	$ 372,745,739

Patient accounts receivable and revenues are recorded when patient services are performed. Amounts received from most payors are different from established billing rates of the Corporation, and these differences are accounted for as allowances. The State of Connecticut has reduced Uncompensated Care Payments to all hospitals beginning July 2013 for a three year period. . In 2014, the Corporation paid cash into the State of Connecticut Uncompensated Care Pool that exceeded the amount was received from the State.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Adjustments related to prior year settlements decreased the Hospital's revenues by approximately $1,584,575in 2014 and increased the Hospital's revenue by approximately$1,126,576 in 2013.

During 2014 and 2013, approximately 35% and 33%, respectively, of net patient service revenue was received under the Medicare program, and 11% and 12%, respectively, under the state Medicaid program. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The Hospital believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation. Non compliance could result in significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. Changes in the Medicare and Medicaid programs and reductions of funding levels could have an adverse impact on the Hospital.

The Hospital accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Hospital. Essentially, these policies define charity services as those services for which no payment is anticipated. In assessing a patient's inability to pay, the Hospital utilizes the generally recognized federal poverty income guidelines.

Fair value for Level 1 is based upon quoted prices in active markets that the Corporation has the ability to access at the measurement date. Market price data is generally obtained from exchange or dealer markets. The Corporation does not adjust the quoted price for such assets.

Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques that use significant inputs that are unobservable as they trade infrequently or not at all and reflect assumptions based on the best information available in the circumstances.

Investments included in Level 3 primarily consist of the Corporations ownership in alternative investments (principally limited partnership interests in hedge funds). The value of these alternative investments represents the ownership interest in the net asset value ("NAV") of the respective partnership. The fair values of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals, or other estimates that require varying degrees of judgment. If no public market exists for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer, and subsequent developments concerning the companies to which the securities relate. Also included in Level 3 investments are charitable remainder trusts held by third parties which are recorded at the present value of the future distributions expected to be received over the term of the agreement and investments in for-profit companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table is a roll forward of the amounts by investment type for financial instruments classified by the Corporation within Level 3 of the fair value hierarchy defined above:

4. Endowments

The Corporation's endowments consist of donor restricted endowment funds for a variety of purposes. The net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments are classified and reported based on the existence or absence of donor imposed restrictions.

The Corporation understands net asset classification guidance to require that donor restricted endowment gifts be maintained in perpetuity. Consistent with net asset classification guidance, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure. The Corporation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund.
- The purposes of the Corporation and donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Corporation.

- The investment policies of the Corporation.

Endowment funds classified as permanently and temporarily restricted net assets:

The portion of perpetual endowment funds retained permanently either by explicit donor stipulation or by net asset classification guidance is summarized as follows:

	2014	2013
Temporarily restricted net assets		
Unspent income and appreciation on permanently restricted endowments for purchase of equipment and healthcare services	$ 17,497,079	$ 16,178,222

Total endowment funds classified as permanently restricted net assets	$ 7,382,529	$ 7,249,055

Endowment Funds With Deficits
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the value of the initial and subsequent donor gift amounts (deficit). When donor endowment deficits exist they are classified as a reduction of unrestricted net assets. The Corporation analyzed the endowments and notes there are no deficits as of September 30, 2014 and 2013.

Endowment Investment Return Objectives and Risk Parameters
The Corporation has adopted endowment investment and spending policies that attempt to provide predictable stream of funding to programs supported by the endowment while seeking to maintain the permanent nature of endowment funds. Under this policy, the return objective for the endowment assets measured over a full market cycle shall be to maximize the return against a blended index, based on the endowment's target asset allocation applied to the appropriate individual benchmarks.

Strategies Employed for Achieving Endowment Investment Objectives
To achieve its long-term rate of return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Corporation targets a diversified asset allocation to achieve its long-term objectives within prudent Corporation risk constraints.

Endowment Spending Allocation and Relationship of Spending Policy to Investment Objectives
Spending is guided by several factors most important is the value of the portfolio. Generally, the Board will approve a spending policy limiting annual expenditures for grants and operating expenses up to 4.5% of the value of the Funds' assets based on a 12 quarter rolling average for the endowment, and operating funds.

Investment managers are given ample notice of the required withdrawal schedule. Appropriate liquidity is maintained to fund these withdrawals without impairing the investment process.

On September 15, 2011 the Connecticut Health and Education Facilities Authority ("CHEFA") issued $58,940,000 of Series F Bonds (the "Series F Bonds") on behalf of the Hospital and Lawrence + Memorial Corporation (collectively referred to as the "Obligated Group" under the Series F Bond agreements). The Series F Bonds are structured with a term bond due July 1, 2036, with annual sinking fund payments due each July 1st. Interest on the Series F Bonds is payable semiannually on the first business day of January 1 and July 1 which began on January 1, 2012.

The Series E bonds were paid early with the issuance of CHEFA series H.

The tax exempt lease was obtained on June 27, 2013 in the principal amount of $12,000,000. This is a seven year equipment lease on specific capital purchases that is administered through CHEFA and Bank of America-Merrill Lynch. This lease will be amortized monthly through June 27, 2020 at a nominal annual interest rate of 1.759%.

On October 10, 2013 Series G was issued in a private placement offering with Bank of America-Merrill Lynch and CHEFA in the amount of $29,200,000 with an interest rate of 3.20% until October 1, 2023 with an option to extend at a negotiated rate with a maturity date of July 1, 2038.

On November 5, 2013, Series H was issued by CHEFA to refinance Series E. Series H was issued in the amount of $21,405,000 with a variable rate and a maturity date of July 1, 2034. This bond has a letter of credit guaranteed by T.D. Bank. Interest on the Series H Bonds accrues at the weekly rate and is payable on the first business day of each month commencing January 1, 2014.

Under the terms of the trust indenture for the Series H Bonds, the Obligated Group is required to meet certain financial covenants including a debt service coverage ratio and days cash on hand ratio. Members of the Obligated Group are jointly and severally obligated to provide amounts sufficient to enable the Authority to pay principal and interest on the Series H Bonds. The Bonds and bond proceeds have been allocated to the Hospital and as such, the Hospital will make future debt service payments as required under the terms of the bonds.

The bonds may be retired at an earlier date pursuant to terms of the master indenture. Payment of the bonds is collateralized by a pledge of the gross receipts, as defined and certain real property of the Hospital.

The Series H Bonds are considered variable rate demand bonds and are remarketed on a weekly basis. The Hospital maintains a letter of credit in the amount of $21,405,000 which expires on November 5, 2016. If the bonds are unable to be remarketed, the letter of credit could be utilized to purchase the bonds. The Obligated Group would then be subject to the payment terms of the letter of credit, which are monthly installments. The Series H Bonds have been successfully remarketed in the past and there have been no draws on the letter of credit.

The Corporation had a line of credit with Bank of America-Merrill Lynch for $13,802,758. This was taken as a bridge loan prior to issuance of Series G private Placement. The proceeds of Series G were used to pay off this line of credit on October 10, 2013. LMW Healthcare had a line of credit with Washington Trust for $4,860,642. This line was reissued at time of closing but was paid off in November 2013.

The fair value of the outstanding bonds is $106,215,296 and $78,820,117 at September 30, 2014 and September 30, 2013, respectively.

Principal repayments, excluding capital leases and the line of credit, are as follows:

Years	Annual Principal Repayment
2015	$ 3,660,000
2016	3,825,000
2017	4,010,000
2018	4,165,000
2019 and thereafter	85,650,000
	$ 101,310,000

Cash interest payments of $3,566,051 and $2,682,472 were made in fiscal year 2014 and 2013, respectively. No interest was capitalized during 2014 and 2013.

8. Pension and Other Postretirement Benefits

The Hospital has a defined benefit plan covering all employees who elected to stay in the Plan. The Plan is frozen to new participants as of June 30, 1999. The benefits are based on years of service and the employee's compensation during the last five years of employment.

The Hospital provides health care and life insurance benefits to its retired employees who meet certain eligibility requirements. The Hospital's policy is to fund the cost of postretirement benefits other than pensions as incurred. This plan was frozen to include only those employees who retired prior to May 1, 1994.

The following table sets forth the Hospital's plans' funded status and amounts recognized in the consolidated balance sheet at September 30, 2014 and 2013 (measurement date of), the significant change in the actuarial loss is predominantly related to the decrease in the discount rate used to determine the benefit obligation at the end of the year:

The weighted average assumptions used to determine the net benefit cost at the beginning of the year are as follows:

	2014	2013
Discount rate	4.51 %	3.95 %
Average rate of compensation increases	2.50 %	2.50 %
Expected return on assets	7.50 %	7.50 %

The weighted average assumptions used to determine the benefit obligation at the end of the year are as follows:

	2014	2013
Discount rate	4.05 %	4.51 %
Average rate of compensation increases	2.50 %	2.50 %

The Plan's asset allocations as of September 30 are as follows:

Asset Category	2014	2013
Cash	2 %	3 %
Bonds	24	23
Mutual funds	45	44
Hedge funds	29	30
Total	100 %	100 %

The expected rate of return on plan assets is calculated based on past experience.

Expected benefits to be paid under the Hospital's plans are as follows:

Fiscal Years Beginning October 1,	Expected Benefits
2014	$ 7,399,905
2015	7,694,336
2016	8,101,708
2017	8,234,873
2018	8,658,711
Expected aggregate for 5 fiscal years beginning 2019	47,809,642

Annual contributions are determined by the Hospital based upon calculations prepared by the plan's actuary. Expected contributions to the plans for 2014 are approximately (unaudited):

Pension	$ 6,400,000
Retiree health	94,776

The weighted-average annual assumed rate of increase in the per capita cost of covered benefits (i.e., health care cost trend rate) for participants is assumed to be 9.0% in 2014 reducing to 5.0% by the year 2021 and remaining at that level thereafter. This health care cost trend rate assumption has a significant effect on the amounts reported. To illustrate, a one percentage point increase in the assumed health care cost trend rate would increase the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $56,000 and $71,000, respectively, at September 30, 2014 and 2013. A one percentage point decrease in the assumed health care cost trend rate would decrease the accumulated postretirement benefit obligation and service cost plus interest cost by approximately $51,000 and $65,000, respectively, at September 30, 2014 and 2013.

Plan Assets
The defined benefit plan assets are valued utilizing the same fair value hierarchy as the Hospital's investments as described in Note 1.

The investment objective for the pension and post retirement plans seeks a positive long-term total return after inflation to meet the Hospital's current and future plan obligations.

Asset allocations combine tested theory and informed market judgment to balance investment risks with the need for high returns.

The Hospital's 401(k) plan covers eligible employees who elected to participate. Eligible employees may contribute a percentage of their salary. The Hospital matches 100% of the first 4% of gross pay deferred by employees for those employees who do not participate in the defined benefit plan. Plan contributions charged to operations were approximately $4,584,389 and $4,618,626 for 2014 and 2013, respectively.

The VNA has a defined contribution pension plan which covers substantially all of its employees who have met specified age and length of service requirements. Contributions to the Plan are based on 5% of eligible salaries and totaled approximately $463,475 and $446,631 for the years ended September 30, 2014 and 2013, respectively.
