STATE OF RHODE ISLAND
PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S NINETEENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents
Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");
- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");

- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health

care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master, but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash flow and projection reports to all counsel of record who have requested the same.

11. As has been regularly reported to the Court, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for Hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court, it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise." This issue remains open.

13. In or about December 2010, your Special Master consulted with PwC to re-address the best strategy to proceed with the marketing of the business and assets of Landmark to qualified prospective purchasers. PwC suggested that the Special Master engage a hospital acquisition advisor and identified Nemzoff & Company, LLC, specifically Mr. Joshua Nemzoff ("Mr. Nemzoff") as one of the nation's top hospital acquisition advisors based upon Mr. Nemzoff's extensive knowledge and experience in hospital merger and acquisition services.

After reviewing Mr. Nemzoff's credentials and meeting with Mr. Nemzoff, your Special Master engaged Mr. Nemzoff to, among other things, market the availability of Landmark's business and assets and identify potential qualified bidders. To avoid any delay in identifying potential qualified bidders, your Special Master negotiated and executed an engagement letter, which among other things, outlined Mr. Nemzoff's background in hospital mergers and acquisitions, the services to be provided and a proposed fee arrangement (the "Engagement Letter"). On or about March 8, 2011, the Court enter an Order *nunc pro tunc* authorizing and ratifying the Special Master's retention of Nemzoff & Company, LLC to act as the hospital acquisition advisor to the Special Master.

14. Subsequent to the execution of the Engagement Letter, Mr. Nemzoff identified approximately fifteen (15) potential bidders and as a result of initial discussions with those parties, five (5) emerged as having serious interest in pursuing the opportunity to purchase the business and assets of Landmark Medical Center. Thereafter, the Special Master, the Special Master's counsel, Mr. Nemzoff and members of the Landmark executive leadership staff communicated with prospective bidders regarding multiple and voluminous due diligence requests, organized and conducted multiple site visits, conducted multiple bid negotiations and bid preparations and other critical matters necessary to ensure that each potential bidder was in a position to prepare and submit a comprehensive bid to the Special Master.

15. On or about January 25, 2011, your Special Master filed the Collective Motion of Rhode Island Department of Health (the "DoH"), Rhode Island Office of the Attorney General (the "Attorney General") and the Special Master (i) to Confirm Extinguishment of Management Services Agreements and Prior "Exclusivity Order," (ii) to Issue a Scheduling Order Setting Dates for Bidders to Submit Bids to Purchase Assets of Landmark Medical Center and Northern Rhode Island Rehab Management Associates, L.P., and (iii) to Issue a Scheduling Order to the Special Master to Submit Seller's Portion of Hospital Conversion Act Application to Regulators (the "Collective Motion").

On or about February 9, 2011, this Honorable Court conducted a Hearing relative to the Collective Motion. Following the Hearing, on or about February 14, 2011, this Honorable Court entered an Order which: (a) confirmed that the Management Advisory Agreement and the

exclusivity period with Caritas had concluded and that the Special Master may negotiate with any potential purchasers of the assets and businesses of Landmark, (b) directed all potential purchasers qualified by Mr. Nemzoff for the purchase of the assets and business of Landmark to submit a bid to the Special Master no later than March 25, 2011, (c) directed the Special Master to file a Recommendation with the Court on or prior to April 1, 2011 disclosing which bid he recommends the Court approve, (d) scheduled a Hearing relative the Special Master's Recommendation for April 6, 2011 at 9:30 a.m., (e) directed the Special Master and the winning bidder to negotiate and execute an asset purchase agreement and for the Special Master to File a Motion to Approve Sale with the Court within fourteen (14) days from the date upon which the Court approves the Special Master's Recommendation or chooses another winning bidder, (f) directed that a Hearing relative to the Special Master's Motion to Approve Sale occur within fourteen (14) days of the Special Master's filing of the same, (g) directed the Special Master to provide the Court, DoH, and Attorney General status reports of the bid process at the Court's regularly scheduled bi-weekly public status conferences or at such other dates and times as directed by the Court, (h) authorized and directed the Special Master to submit the seller's portion of the Hospital Conversion Act application (except those portions which require knowledge as to the identity of the purchaser) to the DoH and the Attorney General no later than March 17, 2011, and (i) authorized any party-in-interest to request informal status updates or other information regarding the bid process from the Special Master (the "Collective Motion Order").

16. On or about March 16, 2011, your Special Master attended a Hearing before this Honorable Court on the Special Master's Eighteenth Interim Report and Request for Fees (the "Eighteenth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth and Eighteenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

17. At the conclusion of the Hearing on the Eighteenth Report, this Honorable Court accepted the Eighteenth Report and approved, confirmed and ratified all the acts, doings and

disbursements of the Special Master as of that date and approved the Special Master's Request for Fees, in the amount of \$69,693 (the "Fees"), subject to the following:

- a. The Special Master was directed to pay himself \$60,000 of said Fees;
- b. The balance of the Fees in the amount of \$9,693 was ordered to be held in reserve along with those previously designated reserve fees totaling \$158,874.98.

18. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Eighteenth Report, approved all of the Special Master's Fees associated with the Eighteenth Report. Also, as indicated previously, the Court has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports, ten percent (10%) of the Fourteenth and Fifteenth Reports, \$15,000 associated with the Sixteenth Report, twenty percent (20%) of the Seventeenth Report and \$9,693 associated with the Eighteenth Report (the "Reserve Funds"). The total amount of the Reserve Funds currently totals \$168,567.98.

19. Subsequent to the entry of the Collective Motion Order, the Special Master requested that the Court grant a four (4) week extension of the March 17, 2011 deadline for the Special Master to submit the seller's portion of the Hospital Conversion Act application (except those portions which require knowledge as to the identity of the purchaser) to the DoH and the Attorney General as previously ordered by the Court in the Collective Motion Order. Finding "good cause" for such request and with the agreement of the DoH and the Attorney General, on or about March 17, 2011, this Court entered an Order granting the Special Master's request. Since the granting of the extension, the Special Master has submitted to the DoH and Attorney General, on a rolling basis, information related to the seller's portion of the Hospital Conversion Act application.

20. On or about March 21, 2011, the Special Master filed a lawsuit against Blue Cross Blue Shield of Rhode Island, Inc. ("Blue Cross"), captioned as *Jonathan N. Savage, in his capacity as Special Master of Landmark Medical Center v. Blue Cross Blue Shield of Rhode Island, Inc.*, and docketed as P.B. No. 11-1560. In his Complaint, the Special Master seeks equitable relief and damages arising out of (i) breaches by Blue Cross of its statutorily mandated

obligation to fulfill its charitable, nonprofit mission, including the duty to negotiate and pay reasonable reimbursement rates for medical services provided by Landmark to Blue Cross' subscribers; and (ii) Blue Cross' misrepresentations and breaches of contractual promises to reimburse Landmark for past audited underpayments relating to such provision of medical services to Blue Cross subscribers. On or about April 1, 2011, the Special Master filed a Petition for Instructions with the Court, seeking this Honorable Court's instruction as to proceeding with the litigation against Blue Cross. The Hearing on the Special Master's Petition for Instructions is currently scheduled for April 12, 2011.

21. On or about March 23, 2011, during a status conference with the Court, the Special Master advised the Court that multiple parties had requested an extension of the Collective Motion Order's March 25th deadline for potential purchasers to submit a bid to the Special Master (the "Bid Submission Deadline"). At that conference, UNAP indicated that it was one of the parties who had requested the extension. On or about March 24, 2011, after considering comments by the Special Master and counsel to UNAP and satisfied that such an extension would not adversely impact potential purchasers, the Court entered an Order extending the Bid Submission Deadline until March 30, 2011.

22. Also on or about March 23, 2011, the Special Master filed a Petition to Sell Free and Clear of Liens and Encumbrances (the "Frontage Lots Petition") seeking this Honorable Court's approval to sell certain parcels of land owned entirely by Landmark, comprising approximately 50,000 square feet of land, together with all buildings and improvements thereon and all easements, rights of way, rights and other appurtenances thereunto, located in North Smithfield, Rhode Island, being designated as North Smithfield Tax Assessor's Plat 21, Lots 23, 24, and 49 (the "Property"), to CVS Pharmacy, Inc. ("CVS"). Under the Purchase and Sale Agreement negotiated with CVS, CVS would pay the Mastership Estate the sum of \$1,050,000 and provide the Mastership Estate with a five (5) year Right of First Refusal and a one (1) year Option to Purchase (the "Option"). Under the Option, the Special Master, at any time within one (1) year after the Closing, could elect to buy-back the property for the sum of \$925,000 and CVS would transfer the property back to the Estate with a Deed restriction which would prohibit the operation of a free standing drug store or pharmacy on the property.

On or about April 6, 2011, the Court conducted a Hearing on the Frontage Lots Petition and on or about April 7, 2011, the Court entered an Order approving the sale of the aforementioned property to CVS. A closing of that sale is expected to occur on or after April 28, 2011.

23. On or about March 25, 2011, Blue Cross filed a Motion to Lift Injunction to Exercise Contractual and Other Rights and Remedies and Renewed Motion to Confirm Landmark Medical Center's Assumption of Contracts (the "Blue Cross Motion") requesting that this Honorable Court lift the injunction entered on or about June 26, 2008 to allow Blue Cross to exercise its asserted contractual and common law remedies according to various contracts entered between Landmark and Blue Cross. In addition, the Blue Cross Motion seeks confirmation from the Court that the various contracts entered into between Landmark and Blue Cross have been assumed by the Special Master. On or about April 1, 2011, the Special Master filed an Objection to Blue Cross' Motion. The Hearing on Blue Cross' Motion and the Special Master's Objection thereto originally scheduled for April 5, 2011, was continued by agreement until April 15, 2011. In addition, among other things, Blue Cross and the Special Master agreed that the funds held in escrow relative to the agreement between the Special Master and Blue Cross and Blue Shield of Rhode Island in the amount of \$177,975.30 could be released to Blue Cross.

24. On March 30, 2011 the Special Master was very pleased to advise the Court and all interested parties that the process as laid out in the Collective Motion Order resulted in your Special Master receiving four (4) bids for the business and assets of Landmark together with the related entities Northern Rhode Island Rehab Management Associates, L.P. ("NRIRMA") and Landmark Health Systems, Inc. Your Special Master also received (1) bid solely for the business and assets of NRIRMA (the "Bids"). On April 1, 2011 your Special Master provided the Court, the Attorney General and the DoH with copies of the Bids.

25. The Special Master's initial review of the Bids revealed that many of the bidders provided/included information related to/as part of their bid that was identified as "proprietary and confidential" and those bidders advised the Special Master that such information was provided for the Special Master's, members of his team's and the Court's viewing/review only.

As a result of the nature of some of the information included in the Bids and to allow the Court and the Special Master to more thoroughly review the Bids, your Special Master filed a Petition for a Sealed/In Camera Review of Bids by the Court and to Amend Scheduling Order.

On or about April 4, 2011, your Special Master attended a Hearing on the Special Master's Petition for a Sealed/In Camera Review of Bids by the Court and to Amend Scheduling Order. At the conclusion of that Hearing this Honorable Court entered an Order which (i) directed bidders who submitted a Bid to the Special Master to provide the Special Master with a redacted version of their Bid which clearly removed any asserted privileged, confidential and/or proprietary information on or before April 6, 2011 (the "Redacted Bids"), (ii) directed the Special Master to provide a summary of all bids (the "Bid Summary") and advance copies of all Bids and the Redacted Bids to the Court, the DoH and the Attorney General for review and comment prior to filing the Bid Summary and Redacted Bids with the Court, (iii) directed the Special Master to file the Bid Summary and the Redacted Bids with the Clerk of Court and to publish the same on the Special Master's website for viewing by any and all interested parties upon approval of the Bid Summary and Redacted Bids by the Court, (iv) directed the Special Master to prepare, on or before April 11, 2011, Bid Hearing Instructions to be provided to all bidders which will set forth, in detail and subject to the Court's amendment, the Bid Hearing process and types of information that will be the subject of the Bid Hearing, (v) scheduled Hearings relative to the Bids submitted to the Special Master on March 30, 2011 for Thursday, April 14, 2011 and Friday, April 15, 2011, and (vi) provided a time frame and mechanism for the finalization of an appropriate asset purchase agreement with the Court-approved bidder (the "Bid Hearing Order").

26. In accordance with the terms of the Bid Hearing Order, your Special Master has: (a) filed all bid submissions with the Clerk of the Court; (b) forwarded hard copies of the bid submissions to the Court and all parties that had requested the same; (c) established a website (www.shsreceivership.com) and uploaded all bid submissions and related information to that website for viewing and/or printing by any and all interested parties; and (d) provided notice to all interested parties and creditors of the Bid Hearing dates and the world wide web address containing all bid submissions and related information. Your Special Master has also

commenced the draft of the Bid Hearing Instructions which will be provided to the Court, all bidders, all interested parties and posted to the website.

27. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or Attorney General and the DoH, regarding, among other matters, cash flow issues and progress relative to the sale of the assets and business of Landmark. In addition, your Special Master has participated in the semi-monthly status conferences required by the Court providing progress and detail of the Special Master's efforts regarding the sale of the business and assets of Landmark. Further, your Special Master has provided the Court and other interested parties with weekly cash reports and cash projection reports.

28. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

29. To avoid termination and/or a gap in services and/or supplies, your Special Master continues to work diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

30. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 10-20 weekly phone calls received by the Special Master continue to

come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

31. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

32. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

33. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Eighteenth Report, your Special Master held a cash balance of **\$2,369,632**. Since the filing of the Eighteenth Report, your Special Master has had receipts totaling **\$11,563,316** and disbursements totaling **\$12,054,366**, leaving cash on hand in the sum of **\$1,878,612**, all as set forth in the attached **Schedule of Receipts and Disbursements**.¹

34. In connection with this Nineteenth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from December 1, 2010 through February 28, 2011. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately **\$222,965.70**. A copy of your Special Master's Nineteenth Interim fee invoice will be presented under separate cover to the Court for review in advance of the Hearing on this Nineteenth Interim Report and Request for Fees.

¹Please note that the cash on hand does not include the funds held in escrow relative to the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$623,972).

35. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Nineteenth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded an Nineteenth Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL
CENTER AND NOT INDIVIDUALLY**

STATE OF RHODE ISLAND
PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S TWENTIETH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
 - b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
 - c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");
 - d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
 - e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
- and

f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as has been regularly reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master, but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash flow and projection reports to all counsel of record who have requested the same.

11. As has been regularly reported to the Court, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about April 19, 2011, your Special Master attended a Hearing before this Honorable Court on Special Master's Nineteenth Interim Report and Request for Fees (the

"Nineteenth Report"), the Rhode Island Office of the Attorney General's (the "Attorney General") Response to the Nineteenth Report (the "Attorney General's Response")¹ and the Blue Cross Blue Shield of Rhode Island's ("Blue Cross") Objection to the Nineteenth Report (the "Blue Cross' Objection")². Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth and Nineteenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

13. At the conclusion of the Hearing on the Nineteenth Report, Blue Cross' Objection and the Attorney General's Response, this Honorable Court accepted the Nineteenth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date, except those acts, doings and disbursements related to the lawsuit the Special Master filed against Blue Cross, captioned as *Jonathan N. Savage, in his capacity as Special Master of Landmark Medical Center v. Blue Cross Blue Shield of Rhode Island, Inc.*, and docketed as P.B. No. 11-1560 (the "Blue Cross Litigation"), which the Court indicated it will address at a later date. Further, the Court directed the Special Master to hold fees in the amount of \$37,094.50 relative to the Blue Cross Litigation and \$11,566.10 in fees, identified by the Attorney General as excessive, administrative or redundant fee amounts, pending further Order of this Court. In connection therewith this Honorable Court directed the Special Master to prepare a summary for the Court, with a copy to the Attorney General, regarding the financial analysis performed by the Special Master and/or his office. In addition, the Court rejected the Attorney General's request that \$98,020.00 in fees attributable to Special Master's time be held pending further detail on the underlying legal work related thereto or that such amount be discounted by ten percent (10%)

¹ In its Response, the Attorney General requested (i) that fees in the amount of \$98,020.00 attributable to the Special Master's time be held in escrow pending evidence from the Special Master providing detail on the underlying legal work resulting in the fees or, in the alternative, that such amount be discounted by ten percent (10%) to account for the lack of clarity in the time entry descriptions; (ii) that fees in the amount of \$11,566.10 be denied as excessive, administrative, or redundant fees; (iii) that the Nineteenth Fee Request be denied in the amount of \$37,945.00 reflecting amounts attributable to the Blue Cross Litigation not approved by the Court, or in the alternative, that such amount be held in escrow pending further proceedings; (iv) that the Special Master's Nineteenth Fee Request be discounted by fifteen percent (15%) and that such discount be reflected on all future fee requests; and (v) that the amounts paid to consultants True North Communications ("True North") and Capitol City Group ("CCG") be denied pending further proceedings. Prior to the Hearing on the Nineteenth Report, your Special Master conducted a meeting with the Attorney General in an attempt to resolve the issues addressed in the Attorney General's Response.

² In its Objection, Blue Cross requested that the Court deny the Special Master's request for fees and not approve, confirm or ratify the Special Master's acts and doings insofar as they related to the Blue Cross Litigation.

and also rejected the Attorney General's request that the Special Master's Nineteenth Fee Request be discounted by fifteen percent (15%). Furthermore, the Court directed the Special Master to provide a summary of the services provided by True North and CCG to the Court with a Copy to the Attorney General, and to hold payment on pending and future invoices relative to services provided by True North and CCG until said summaries are provided and approved by the Court. Lastly, this Court approved the Special Master's Nineteenth Request for Fees, in the amount of \$174,305.10 (the "Fees"), subject to the following:

- a. The Special Master was directed to pay himself an amount equal to Ninety Percent (90%) of the Fees, specifically \$156,874.59;
- b. The balance of the Fees, in the amount of \$17,430.51, representing Ten Percent (10%) of the Fees, was ordered to be held in reserve along with those previously designated reserve fees totaling \$168,567.98.

14. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Nineteenth Report, approved all of the Special Master's Fees associated with the Nineteenth Report. Also, as indicated previously, the Court has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty-five (25%) percent of each of the Special Master's first four (4) Interim Reports, ten percent (10%) of the Fourteenth and Fifteenth Reports, \$15,000 associated with the Sixteenth Report, twenty percent (20%) of the Seventeenth Report, \$9,693 associated with the Eighteenth Report and ten percent (10%) of the Nineteenth Report (the "Reserve Funds"). The total amount of the Reserve Funds currently totals \$185,998.49.

15. Subsequent to the filing of the Special Master's Nineteenth Report, the following events and actions took place:

- a. On or about April 13, 2011, your Special Master received correspondence from D. Andrew Slusser, Senior Vice President of Acquisitions and Development of Capella Healthcare ("Capella"), one of the entities that submitted a bid for the assets and businesses of Landmark and/or Northern Rhode Island Rehab Management Associates, L.P. ("NRIRMA") to your Special Master on or about March 30, 2011, advising that Capella would not take part in the Hearings scheduled for April 14, 2011 and April 15, 2011 (the

“Bid Hearings”). The correspondence from Capella indicated that the decision to not take part in the Bid Hearings was a result of Capella’s apprehension to move forward in the bid process without completing their “normal and customary due diligence procedures.”

b. On or about April 14, 2011 and April 15, 2011, this Honorable Court conducted the Bid Hearings relative to the four (4) remaining bids submitted to your Special Master on or about March 30, 2011. At said Hearings this Honorable Court heard testimony from each the four (4) remaining bidders, Prime Healthcare Services – Rhode Island, LLC (“Prime”), Transition Healthcare Company, LLC (“Transition”), RegionalCare Hospital Partners, Inc. (“RegionalCare”) and HealthSouth Corporation (“HealthSouth”) (Prime, Transition, RegionalCare and HealthSouth shall collectively be referred to herein as the “Bidders”), regarding, among other things, (i) each Bidders experience in running healthcare facilities and/or financially distressed healthcare facilities, (ii) each Bidders access to capital, (iii) the amount of capital each Bidder is willing to contractually commit to the successor Landmark and/or NRIRMA entities, (iv) each Bidders five-year pro-forma cash flow projection for the successor Landmark and/or NRIRMA entities, (v) the period of time each Bidder is willing to contractually commit not to sell the assets and business or equity interest in the successor Landmark and/or NRIRMA entities, (vi) how each Bidder intends to meet the healthcare needs of Northern Rhode Island, including the amount of employees and services each Bidder intends to retain, and (vii) each Bidders purchase price for the business’ and assets’ of Landmark and NRIRMA.

Following the Bid Hearings, the Court indicated that it would accept sealed copies of enhanced bids to the extent the Bidders wished to improve their bids until 12:00 p.m. on April 18, 2011. The Court further indicated that it would reveal such enhanced bids at 1:00 p.m. on April 18, 2011 and beginning at 2:00 p.m., the Court would allow counsel for each Bidder to present a final argument in support of their client’s enhanced bid of no more than thirty (30) minute.

c. On or about April 18, 2011, this Honorable Court revealed the enhanced bids as submitted by the Bidders and permitted each Bidder’s counsel to present a brief final argument in support of their client’s enhanced Bid.

d. On or about April 27, 2011, this Honorable Court conducted a Conference regarding the Court’s Interim Order relative to the four (4) remaining bids as enhanced by the

Bidders and submitted to the Special Master and the Court on or about April 18, 2011 (the "Conference"). Following the Conference, on or about April 29, 2011 this Honorable Court entered an Order (i) directing the Bidders to advise the Court, with a copy to the Special Master, on or before 4:00 p.m. on Friday, May 6, 2011, as to whether they made progress toward addressing concerns raised by the Court during the Conference and/or satisfying any and/or all of their respective contingencies to closing other than Court and regulatory approval, specifically, the Court expected (a) Transition to in good faith negotiate a mutually acceptable asset purchase agreement and management advisory agreement with the Special Master, eliminate any condition to closing with regard to the City of Woonsocket, Rhode Island and eliminate any condition to closing with regard to Blue Cross, (b) RegionalCare to in good faith negotiate a mutually acceptable collective bargaining agreement with the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 ("UNAP"), and (c) Prime to in good faith negotiate a mutually acceptable agreement with Blue Cross; (ii) the Court scheduled a Hearing for May 10, 2011, to identify which Bidder, if any, the Court would authorize the Special Master to finalize a transaction with; (iii) indicating that if a successful Bidder was chosen on May 10, 2011, subject to the consent of that Bidder, the Court would entertain an application by HealthSouth to acquire or otherwise operate NRIRMA d/b/a Rehab Hospital of Rhode Island subject to regulatory approval; and (iv) prohibiting the Special Master from making further efforts to obtain or engage in any further discussions with any other outside bidders pending the Court's May 10, 2011 decision (the "Interim Order").

e. In connection with the Special Master's ongoing negotiations with Transition in an attempt to reach a mutually acceptable asset purchase agreement and management advisory agreement in accordance with the terms of the Interim Order, on or about May 2, 2011, your Special Master filed an Emergency Petition for Instructions (the "Emergency Petition") regarding various issues raised during and/or related to the Special Master's negotiations with Transition. In the Emergency Petition, the Special Master brought various concerns to the Court's attention regarding provisions of Transition's proposed asset purchase agreement which the Special Master believed were inconsistent with Transition's testimony at the Bid Hearings. In addition, the Special Master sought this Honorable Court's instruction as to how to proceed with his negotiations with Transition in light of those

inconsistencies and prior efforts to resolve the same. Also on or about May 2, 2011, Transition filed an Objection to the Emergency Petition pursuant to which Transition requested that the Court deny the Emergency Petition and order the Special Master to continue good faith negotiations with Transition. Following a brief Hearing on the Emergency Petition and Transition's Objection thereto, this Honorable Court passed on the Emergency Petition and Transition's Objection.

f. On or about May 5, 2011, the Special Master and Blue Cross entered into Stipulation and Order (the "Stipulation") regarding Blue Cross' Motion to Lift Injunction to Exercise Contractual and Other Rights and Remedies and Renewed Motion to Confirm Landmark Medical Center's Assumption of Contracts (the "Blue Cross Motion"). Pursuant to the Stipulation and by agreement of Blue Cross and the Special Master, the Hearing relative to the Blue Cross Motion and the Special Master's Objection thereto was continued for hearing until May 11, 2011. In addition, the Stipulation provided that (i) on or before April 29, 2011, Landmark would pay Blue Cross the sums of \$127,711.86 and \$79,201.86, (ii) on or before May 6, 2011, Landmark would pay to Blue Cross the sum of \$284,171.21, if, by that date, the Special Master had received the proceeds from the sale of certain parcels of real estate owned entirely by Landmark to CVS Rhode Island, LLC ("CVS"), however in no event would Landmark pay Blue Cross less than \$184,171.21 on or before May 6, 2011, and (iii) in the event that the Court permits the Special Master to proceed with the Blue Cross Litigation, pursuant to the Special Master's Petition for Instructions relative to the Blue Cross Litigation, Blue Cross would have two weeks from the entry of an Order authorizing the Blue Cross Litigation to answer or otherwise respond to the Special Master's Complaint. In accordance with the terms of the Stipulation, on or about April 29, 2011 Landmark made payments to Blue Cross in the amounts of \$127,711.86 and \$79,201.86 and on or about May 6, 2011 Landmark made a payment to Blue Cross in the amount of 184,171.21. The Special Master has also continued to make extra payments to Blue Cross in an effort to further reduce the arrearage that had accrued administratively. Subsequent to the entry of the Stipulation this Court again ordered that the Hearing on the Blue Cross Motion and the Special Master's Petition for Instructions be continued until June 1, 2011.

g. In accordance with the Interim Order, on or about May 6, 2011 your Special Master provided the Court with any and all information provided to the Special Master from

the Bidders, including complete copies of the bids as improved by Prime, RegionalCare and Transition as well as correspondence from each of those Bidders summarizing their improved bids and outlining the progress made toward addressing concerns raised by the Court during the Conference and/or satisfying any and/or all of their respective contingencies to closing other than Court and regulatory approval.

h. Also on or about May 6, 2011, UNAP filed a Motion for Leave to Advise the Court as to Whether a Mutually Acceptable Collective Bargaining Agreement has Been Reached with RegionalCare Hospital Partners, Inc. pursuant to the Court's April 29, 2011 Order (the "Motion to Leave"). In the Motion to Leave, UNAP advised the Court that despite good faith negotiations with RegionalCare in an effort to reach a mutually acceptable collective bargaining agreement, no such agreement was reached, and in fact UNAP's members unanimously voted against RegionalCare's final proposal to UNAP.

i. On or about May 9, 2011, your Special Master and CVS closed the sale for those certain parcels of land owned entirely by Landmark, comprising approximately 50,000 square feet of land, together with all buildings and improvements thereon and all easements, rights of way, rights and other appurtenances thereunto, located in North Smithfield, Rhode Island, being designated as North Smithfield Tax Assessor's Plat 21, Lots 23, 24, and 49. The sale resulted in NET proceeds in the amount of \$1,006,662.07 for the Estate.

j. In accordance with the Interim Order, on or about May 10, 2011, the Court conducted a Hearing relative to the bids as improved by the Bidders and provided to the Court on or about May 6, 2010. At said Hearing, this Honorable Court indicated that it was not satisfied that the Court's instructions as laid out in the Interim Order had been complied with and as a result continued the Hearing relative to the improved bids until May 27, 2011.

k. On or about May 12, 2011, in accordance with the Order approving the Nineteenth Report, the Special Master provided the Court and the Attorney General with correspondence from True North and CCG summarizing the services provided to the Landmark and NRIRMA Mastership Estates. The Court has yet to render its decision regarding the serviced provided by True North and CCG to the Landmark and NRIRMA Mastership Estates.

l. On or about May 13, 2011, your Special Master received correspondence from William S. Fish, Jr. on behalf of Transition, advising the Special Master that after much

consideration, Transition was withdrawing its bid, including any and all enhancements and/or improvements thereto, to purchase the assets and businesses of Landmark and NRIRMA.

m. On or about May 16, 2011, your Special Master received correspondence from Michael J. Sarrao, Vice-President and General Counsel to Prime, requesting the return of the \$1,000,000.00 deposit provided to the Special Master associated with Prime's bid and also advising the Special Master that Prime was withdrawing its bid, including any and all enhancements and/or improvements thereto, to purchase the assets and businesses of Landmark and NRIRMA based upon Blue Cross' unwillingness to negotiate a fair and reasonable contract with Prime.

n. On or about May 19, 2011, in accordance with the Order approving the Nineteenth Report, the Special Master provided this Honorable Court and the Attorney General with correspondence which outlines and summarizes the financial review and analysis performed by the Special Master on a day-to-day, week-to-week and month-to-month basis.

o. Also in or about April and May, 2011, during the various Hearings and Conferences conducted by this Honorable Court, the Special Master discussed his proposal to sell Landmark's interest in Southern New England Regional Cancer Center ("SNERCC"). Following the Special Master's discussions, the Court indicated that it would provide the Special Master with a decision as to whether the Special Master is authorized to proceed with his proposed sale of Landmark's interest in SNERCC on June 1, 2011.

p. At all times relevant hereto, the Special Master has continued to negotiate with and/or assist in negotiations among the Bidders in an effort to resolve those issue raised by the Court at each Hearing and/or Conference related to the bids.

16. In addition to the foregoing, the issue relative UNAP's Claim for a Payment of 2% Pay Raise (the "Claim") and the Special Master's Memorandum in Opposition to UNAP's Claim remains open.

17. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or the Attorney General and the DoH, regarding, among other matters, cash flow issues and progress relative to the sale of the assets and business of Landmark. In addition, your Special Master has participated in the status conferences required by the Court

providing progress and detail of the Special Master's efforts regarding the sale of the business and assets of Landmark. Further, your Special Master has provided the Court and other interested parties with weekly cash reports and cash projection reports.

18. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master, with the assistance of True North, has participated in various media interviews with the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master regularly met with and/or participated in conferences with this Court.

19. To avoid termination and/or a gap in services and/or supplies, your Special Master continues to work diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

20. As had been regularly reported, one of the most time consuming and critical tasks that requires daily attention from your Special Master and/or his team is related to Landmark vendors. While the majority of the 10-20 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

21. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as

filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

22. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

23. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Nineteenth Report, your Special Master held a cash balance of \$1,878,612. Since the filing of the Nineteenth Report, your Special Master has had receipts totaling \$16,390,949 and disbursements totaling \$15,792,814, leaving cash on hand in the sum of \$2,476,747, all as set forth in the attached **Schedule of Receipts and Disbursements**.³

24. In connection with this Twentieth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from March 1, 2010 through March 31, 2011. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$193,000.00. A copy of your Special Master's Twentieth Interim fee invoice will be presented under separate cover to the Court for review in advance of the Hearing on this Twentieth Interim Report and Request for Fees.

25. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Twentieth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a Twentieth

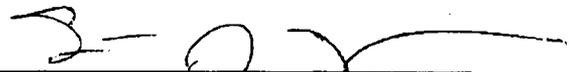

³ Please note that the cash-on-hand does not include the funds held in escrow relative to the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$623,972).

Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL
CENTER AND NOT INDIVIDUALLY**

By his attorneys,
SHECHTMAN HALPERIN SAVAGE, LLP

Stephen F. Del Sesto, Esq. (#6336)

STATE OF RHODE ISLAND
PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

Landmark Medical Center,
Defendant

P.B. No: 08-4371

**SPECIAL MASTER'S TWENTY-FIRST INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of \$1,000,000.00.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
 - b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
 - c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");
 - d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
 - e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
- and

f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as has been regularly reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of \$1,000,000.00, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master, but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash flow and projection reports to all counsel of record who have requested the same.

11. As has been regularly reported to the Court, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about June 2, 2011, your Special Master attended a Hearing before this Honorable Court on Special Master's Twentieth Interim Report and Request for Fees (the

"Twentieth Report"), the Rhode Island Office of the Attorney General's (the "Attorney General") Response to the Twentieth Report (the "Attorney General's Response")¹ and the Blue Cross Blue Shield of Rhode Island's ("Blue Cross") Limited Objection to the Twentieth Report (the "Blue Cross' Objection")². Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth and Twentieth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

13. At the conclusion of the Hearing on the Twentieth Report, Blue Cross' Objection and the Attorney General's Response, this Honorable Court accepted the Twentieth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date. Further and in connection with the Attorney General's Response, the Court directed the Special Master to hold fees in the amount of \$26,010.50, pending further Order of this Court. The Court also directed the Special Master to hold those fees in the amount \$63,768.00 related to the lawsuit the Special Master filed against Blue Cross, captioned as *Jonathan N. Savage, in his capacity as Special Master of Landmark Medical Center v. Blue Cross Blue Shield of Rhode Island, Inc.*, and docketed as P.B. No. 11-1560 (the "Blue Cross Litigation"), and indicated that the fees related to Blue Cross Litigation were not being considered by the Court at that time. In addition, by the agreement of the Special Master and the Attorney General, of the \$11,566.10 held by the Special Master in accordance with the Order approving the Special Master's Nineteenth Report, the Special Master was authorized to pay himself the amount of \$7,662.10 and continue to hold the amount of \$3,904.00, pending further Order of the Court. Furthermore, regarding the issues raised by the Attorney General at the Hearing on the Nineteenth Report relative to True North and CCG, the Court (a) approved and ratified all prior payments made by the Special Master to True North and CCG; and (b) authorized the Special Master to satisfy any

¹ In its Response, the Attorney General requested (i) that fees in the amount of \$26,010.50 be denied as unsupported, excessive, or redundant fees; (ii) that the Twentieth Fee Request be denied in the amount of \$63,768.00 reflecting amounts attributable to the Blue Cross Litigation not approved by the Court, and that such amount be held in escrow pending further proceedings; and (iii) that the amounts paid to consultants True North Communications ("True North") and Capitol City Group ("CCG") be denied, or in the alternative, reduced to an amount deemed appropriate by the Court. Prior to the Hearing on the Twentieth Report, your Special Master conducted a meeting with the Attorney General in an attempt to resolve the issues addressed in the Attorney General's Response.

² In its Objection, Blue Cross requested that the Court deny the Special Master's request for fees and not approve, confirm or ratify the Special Master's acts and doings insofar as they related to the Blue Cross Litigation.

and all current outstanding invoices issued by True North and CCG to the Special Master. The Court also directed that, on a go forward basis, the invoices issued by True North and CCG to the Special Master include detailed descriptions of the services provided and that the Special Master provide those descriptions to the Court under seal. Lastly, this Court authorized the Special Master to pay himself the amount of \$26,010.50, from those reserve funds which the Court had previously directed the Special Master to hold in reserve, and approved the remainder of the Special Master's Twentieth Request for Fees, which accrued during the period of March 1, 2011 through March 31, 2011, in the amount of \$100,929.00 (the "Fees").

14. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Twentieth Report, approved all of the Special Master's Fees associated with the Twentieth Report. Also, as indicated previously, the Court has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty-five (25%) percent of each of the Special Master's first four (4) Interim Reports, ten percent (10%) of the Fourteenth and Fifteenth Reports, \$15,000 associated with the Sixteenth Report, twenty percent (20%) of the Seventeenth Report, \$9,693 associated with the Eighteenth Report and ten percent (10%) of the Nineteenth Report (the "Reserve Funds"). Following the Special Master's payment to himself in the amount of \$26,010.50 from the Reserve Funds, as authorized by the Court in accordance with the Order Approving the Twentieth Report, the amount of the Reserve Funds currently totals \$159,987.99.

15. Subsequent to the filing of the Special Master's Twentieth Report, the following events and actions took place:

a. On or about May 26, 2011, Steward Health Care System LLC and Steward Medical Holdings Subsidiary Four, Inc. ("Steward") presented the Special Master with an Asset Purchase Agreement ("APA") and Agreement for Advisory Services ("AAS") for the acquisition of Landmark and Northern Rhode Island Rehab Management Associates, L.P. ("NRIRMA").

b. On or about May 27, 2011, this Honorable Court conducted a Hearing regarding the bids submitted to the Court and the Special Master on or about March 30, 2011 relative to the possible acquisition of all or substantially all of the assets of Landmark and NRIRMA

(the "Bids"). At said Hearing the Special Master provided the Court with a lengthy status report relative to the Bids, as submitted by Prime Healthcare Services – Rhode Island, LLC ("Prime"), Transition Healthcare Company, LLC ("Transition"), RegionalCare Hospital Partners, Inc. ("RegionalCare") and HealthSouth Corporation ("HealthSouth") (Prime, Transition, RegionalCare and HealthSouth shall collectively be referred to herein as the "Bidders"). Your Special Master also advised the Court that, on the previous day, Steward had presented the Special Master with an APA and AAS, which substantially mirrored the documents previously presented to your Special Master and the Court by RegionalCare. Thereafter, your Special Master requested this Court's instruction on how to proceed with the APA and AAS presented by Steward. In addition to the foregoing, throughout the hearing the Court heard from several parties in interest, including, but not limited to, the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 ("UNAP"), the Rhode Island Department of Health (the "DoH"), Blue Cross, Prime, Mr. Richard R. Charest, Chief Executive Officer of Landmark, Mr. Richard Licht, Director of the Rhode Island Department of Administration and Mr. Steven M. Costantino, Secretary of the Rhode Island Executive Office of Health and Human Services.

Following the Hearing, this Honorable Court entered an Order (i) finding that none of the Bids as presented by the Bidders were acceptable, viable bids for the Court to consider, (ii) directing the Special Master to immediately prepare and file a Petition for Instructions, seeking authorization from the Court to execute the APA and AAS presented by Steward to your Special Master on May 26, 2011, with copies of the APA and AAS attached as exhibits, (iii) directing the Special Master to serve a copy of the Petition for Instructions via electronic mail to all the typical parties in interest in connection with this matter, and (iv) scheduling a hearing relative to the Petition for May 31, 2011 at 2:00 p.m. (the "May 27, 2011 Order").

c. In accordance with the May 27, 2011 Order, on that date the Special Master forwarded a copy of his Emergency Petition for Instructions regarding Asset Purchase Agreement and Agreement for Advisory Services Presented to the Special Master by Steward Healthcare System, LLC (the "Steward Petition"), with copies of the APA and AAS attached as exhibits, via email to all the typical parties in interest in connection with this matter, including, but not limited to, the Attorney General, the DoH, Blue Cross, and UNAP.

d. On or about May 31, 2011, the Court conducted a Hearing relative to the Steward Petition and Blue Cross' Objection³ to the Steward Petition. At said Hearing, the Special Master discussed the similarities between the Steward APA and AAS and those documents previously submitted to the Court and the Special Master by RegionalCare. The Special Master also discussed various revisions and modifications to the language of the APA that the Special Master and Steward would address in their final, execution copy of the APA. In addition, the Special Master notified the Court that he had recently been contacted by LJKG, LLC ("LJKG"), a group that indicated it was willing to put in an offer for the business and assets of Landmark. Following the Special Masters discussion regarding LJKG, LJKG addressed the Court and discussed its willingness and desire to present the Special Master with documents similar to those presented by Steward with terms that LJKG believed were higher and/or better than terms of the APA and AAS presented by Steward. In addition to the foregoing, the Court also heard from UNAP, Siemens Financial Services, LLC, Siemens Medical Solutions USA, Inc., Steward, the Attorney General and Blue Cross (together with LJKG, the "Interested Parties").

After considering the Steward Petition and Blue Cross' Objection thereto as well as comments by the Interested Parties, on or about June 8, 2011 this Honorable Court entered an Order which, among other things, directed the Special Master and Steward to amend the APA consistent with the representations made on the record at the Hearing conducted on May 27, 2011, directed the Special Master to execute the APA and AAS submitted by Steward as further amended in accordance with the Special Master's comments at the May 31, 2011 Hearing⁴ and directed the Special Master and Steward to prepare and finalize all schedules and exhibits associated with the APA (the "Schedules and Exhibits") in accordance with Section 13.1(a) of the same (the "Steward Petition Order").

e. In accordance with the terms of the AAS, the initial term of the agreement commenced on June 8, 2011 upon the Court's entry of the Steward Petition Order. Pursuant to the AAS and within the Mastership proceeding, with this Court's and the Special Master's oversight, as of that date Steward began to advise and provide consultation services to

³ In its Objection to the Steward Petition, Blue Cross asserted that it did not have sufficient time and/or the information necessary to properly evaluate the APA and AAS and/or the impact that a sale of the assets and business of Landmark to Steward would have on Blue Cross.

⁴ On or about June 14, 2011, the Special Master filed his Notice of Document Filing with fully executed copies of the APA and AAS attached as Exhibit A and Exhibit B, respectively.

Landmark, including, but not limited to, the oversight, supervision and effective management of day-to-day operations of Landmark.

f. On or about June 15, 2011, this Honorable Court conducted a hearing relative to the Special Master's Emergency Petition for Instructions (the "Emergency Petition") regarding the need to refinance/assign the Court-approved administrative loan from CRB Holdings, Inc. ("CRB") to Jonathan N. Savage, solely in his capacity as and only as Special Master for Landmark, in the principal amount of \$1,600,000.00 (the "CRB Loan"). Following the Hearing, this Honorable Court entered an Order (i) authorizing the Special Master to borrow the amount of \$1,600,000.00 from Northborough Capital Partners, LLC ("Northborough") on a secured and administrative super-priority (the "Northborough Refinance"), (ii) directing the Special Master to use the Northborough Refinance funds to satisfy the balance of the CRB Loan, and (iii) authorizing the Special Master to take any and all actions necessary to place Northborough in the position that CRB held prior to the Northborough Refinance (the "Northborough Refinance Order").

g. In accordance with the terms of the Northborough Refinance Order, also on or about June 15, 2011 your Special Master and Northborough closed on the Northborough Refinance. Thereafter, your Special Master used the funds obtained through the Northborough Refinance to satisfy the CRB Loan, and, once satisfied, CRB assigned the loan documents associated with the CRB Loan to Northborough in order to place Northborough in the same position that CRB held prior to the Northborough Refinance.

h. Following the execution of the APA and AAS, the Special Master and Steward have and continue to work diligently to prepare and finalize mutually acceptable Schedules and Exhibits to be included as attachments to the aforementioned documents. To date, the Special Master has prepared and provided the Schedules and Exhibits to Steward and Steward has reviewed the Schedules and Exhibits and provided comments relative to the same. Presently, the Special Master and Steward are working cooperatively to revise and finalize the Schedules and Exhibits based upon those comments. The Special Master expects that the Schedules and Exhibits will be finalized prior to the Hearing relative to this Twenty-First Report. In accordance with the Steward Order, once the Schedules and Exhibits are finalized the Special Master will provide copies of the same to the Court, the

Office of the Rhode Island Attorney General, the Rhode Island Department of Health and any and all parties who have submitted a written request for the same.

16. In addition to the foregoing, the issue relative UNAP's Claim for a Payment of 2% Pay Raise (the "Claim") and the Special Master's Memorandum in Opposition to UNAP's Claim remains open.

17. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or the Attorney General and the DoH, regarding, among other matters, cash flow issues and progress relative to the sale of the assets and business of Landmark to Steward. Further, your Special Master has provided the Court and other interested parties with weekly cash reports and cash projection reports.

18. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master, with the assistance of True North, has participated in various media interviews with the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master regularly met with and/or participated in conferences with this Court.

19. To avoid termination and/or a gap in services and/or supplies, your Special Master continues to work diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

20. As had been regularly reported, one of the most time consuming and critical tasks that requires daily attention from your Special Master and/or his team is related to Landmark vendors. While the majority of the 10-20 weekly phone calls received by the Special Master

continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

21. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

22. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

23. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Twentieth Report, your Special Master held a cash balance of \$2,476,747. Since the filing of the Twentieth Report, your Special Master has had receipts totaling \$13,994,898 and disbursements totaling \$14,995,723, leaving cash on hand in the sum of \$1,475,922, all as set forth in the attached Schedule of Receipts and Disbursements.⁵

24. In connection with this Twenty-First Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from April 1, 2011 through May 31, 2011. The sum of the Special Master's fees and expenses incurred through the identified time period totals \$235,776.10. A copy of your Special Master's Twenty-First Interim fee invoice will be presented under separate cover to the Court for review in advance of the Hearing on this Twenty-First Interim Report and Request for Fees.

⁵ Please note that the cash-on-hand does not include the funds held in escrow relative to the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$623,972).

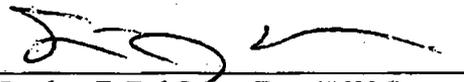

25. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Twenty-First Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a Twenty-First Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL
CENTER AND NOT INDIVIDUALLY**

By his attorneys,
SHECHTMAN HALPERIN SAVAGE, LLP

Stephen F. Del Sesto, Esq. (#6336)
Matthew R. Shechtman, Esq. (#8397)

STATE OF RHODE ISLAND
PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

Landmark Medical Center,
Defendant

P.B. No: 08-4371

**SPECIAL MASTER'S TWENTY-SECOND INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents
Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary
Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and
subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the
amount of \$1,000,000.00.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your
Special Master took possession of Landmark's assets that were located at 115 Cass Avenue,
Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the
"Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and
arranged for the preservation of Landmark's operations and assets conducted and located at
numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");
- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as has been regularly reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting

surety bond in the amount of \$1,000,000.00, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master, but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash flow and projection reports to all counsel of record who have requested the same.

11. As has been regularly reported to the Court, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about July 19, 2011, your Special Master attended a Hearing before this Honorable Court on Special Master's Twenty-First Interim Report and Request for Fees (the "Twenty-First Report"), the Rhode Island Office of the Attorney General's (the "Attorney General") Response to the Twenty-First Report (the "Attorney General's Response")¹ and the Blue Cross Blue

¹ In its Response, the Attorney General requested (i) that fees in the amount of \$9,214.10 be denied as unsupported, excessive, or redundant; (ii) that the Twenty-First Fee Request be denied in the amount of \$17,779.00 reflecting amounts attributable to the Blue Cross Litigation not approved by the Court, and that such amount be held in escrow pending further proceedings; and (iii) that the Attorney General be provided the invoices for Nemzoff & Associates for review in order to object to the fees paid to such company as evidenced by the Twenty-First Report. Prior to the Hearing on the Twenty-First Report, your Special Master conducted a meeting with the Attorney General in an attempt to resolve the issues addressed in the Attorney General's Response.

Shield of Rhode Island's ("Blue Cross") Limited Objection to the Twenty-First Report (the "Blue Cross' Objection")². Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth and Twenty-First Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

13. At the conclusion of the Hearing on the Twenty-First Report, Blue Cross' Objection and the Attorney General's Response, this Honorable Court accepted the Twenty-First Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date. Further and in connection with the Attorney General's Response, the Court directed the Special Master to hold fees in the amount of \$29,214.10, pending further Order of this Court. The Court also directed the Special Master to hold those fees in the amount \$17,779.00 related to the lawsuit the Special Master filed against Blue Cross, captioned as *Jonathan N. Savage, in his capacity as Special Master of Landmark Medical Center v. Blue Cross Blue Shield of Rhode Island, Inc.*, and docketed as P.B. No. 11-1560 (the "Blue Cross Litigation"), and indicated that the fees related to Blue Cross Litigation were not being considered by the Court at that time. In addition, the Court authorized the Special Master to pay himself the amount of \$40,000.00, from those reserve funds which the Court had previously directed the Special Master to hold in reserve, and approved the remainder of the Special Master's Twenty-First Request for Fees, which accrued during the period of April 1, 2011 through May 31, 2011, in the amount of \$188,783.00 (the "Fees").

14. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Twenty-First Report, approved all of the Special Master's Fees associated with the Twenty-First Report. Also, as indicated previously, the Court directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty-five (25%) percent of each of the Special Master's first four (4) Interim Reports, ten percent (10%) of the Fourteenth and Fifteenth Reports, \$15,000.00 associated with the Sixteenth Report, twenty percent (20%) of the Seventeenth Report, \$9,693.00 associated with the Eighteenth Report and ten percent (10%) of the Nineteenth Report (the "Reserve Funds"). Following the Special Master's payment to himself in the amount of \$40,000.00

² In its Objection, Blue Cross requested that the Court deny the Special Master's request for fees and not approve, confirm or ratify the Special Master's acts and doings insofar as they related to the Blue Cross Litigation.

from the Reserve Funds, as authorized by the Court in accordance with the Order Approving the Twenty-First Report, the amount of the Reserve Funds currently totals \$119,987.99.

15. Subsequent to the filing of the Special Master's Twenty-First Report, the following events and actions took place:

a. On or about June 29, 2011, in accordance with the time frame set forth in the Asset Purchase Agreement (the "APA") entered into by and between the Special Master and Steward Health Care System LLC and Steward Medical Holdings Subsidiary Four, Inc. ("Steward") and the Order entered by this Honorable Court on June 8, 2011, the Special Master forwarded a compact disc which contained a complete, executed copy of the APA, including all Schedules and Exhibits associated therewith, to the Court, the Attorney General, the Rhode Island Department of Health (the "DoH") and to all interested parties who filed a written request with the Special Master for the same. The Special Master has filed an Affidavit of Notice with the Court which identifies all parties who received the Schedules and Exhibits.

b. Following the execution of the APA, it became clear that Steward would not be honoring Landmark employees' Pre-Mastership extended sick, regular sick, earned time and vacation balances (the "Pre-Mastership Time"), and Landmark employees began using that time at a higher rate than at any point during the course of this Mastership proceeding. As a result of Landmark's critically low cash balances and the increasing costs associated with the efficient and effective business operations and healthcare services provided at Landmark, the Special Master determined that it was necessary to limit employee use of the Pre-Mastership Time. Consequently, on or about August 1, 2011 the Special Master provided a notice to all Landmark employees advising that, as of that date, it was necessary to limit access to all Pre-Mastership Time and that under extraordinary circumstances, the Special Master may grant limited access to the Pre-Mastership Time balances after a review of specific employee requests.

c. In accordance with the terms of the APA, specifically Section 8.9, on or about August 5, 2011, Steward provided the Special Master with a list of regulatory matters that must be pursued, addressed and resolved or satisfied to the reasonable satisfaction of Steward prior to closing on the sale of Landmark's assets.

d. Also on or about August 5, 2011, pursuant to Section 11.5 of the APA, Steward advised the Special Master that Steward was still evaluating and analyzing all of Landmark's contracts and leases in furtherance of its rights and obligations under Section 13.1(c) of the APA

and that Steward was reserving its rights to notify the Special Master of contract actions to be taken by the Special Master prior to the closing on the sale contemplated by the APA.

e. On or about August 10, 2011, as the result of the Special Master's efforts to streamline Landmark's operations and align staffing levels with current patient volume, the Special Master effectuated a small reduction in the staffing levels at the hospital. The staff reductions occurred throughout Landmark's operations and affected both union and non-union employees. All employees affected by the reduction were encouraged to seek advice from the Rhode Island Department of Labor and Training.

f. On or about August 11, 2011 and in accordance with Sections 7.1 and 7.2 of the Agreement for Advisory Services entered by and between the Special Master and Steward (the "AAS"), Landmark added Steward, its employees, agents and consultants as additional insureds under Landmark's Liability Insurance Policy as well as its Directors' and Officers' Liability Insurance Policy.

g. Thereafter, on or about August 19, 2011 and pursuant to Section 2.1 of the AAS, Steward provided the Special Master with a list, which became Exhibit A to the AAS. Said list identified Steward's, solely in its advisory capacity, recommended reduction in the number of Landmark employees by job description.

h. On or about August 25, 2011 the Special Master and Wellington Retail, LLC ("Wellington") entered into a Stipulation Regarding Limited Objection to Assumption of Leases filed by Wellington (the "Objection Stipulation") and a Stipulation regarding Payment Motion filed by Wellington (the "Payment Stipulation").

Pursuant to the terms of the Payment Stipulation, the Special Master and Wellington stipulated and agreed that, among other things, (i) Landmark is a tenant under two (2) Lease Agreements entered into by and between Landmark and Wellington (the "Lease Agreements"), (ii) since the commencement of the within proceeding the Special Master has not assumed or rejected the Lease Agreements, however, the Special Master has continued to make the monthly rent in the amount in effect on June 6, 2008 as well as the estimated post-petition accrued common area maintenance charges ("CAM Charges"), (iii) under the terms of one (1) of the Lease Agreements, there was a rent increase in the amount of \$2,184.80 effective October 1, 2008 (the "Rent Increase") that Landmark has not paid, which as of July 31, 2011 totals \$74,283.20 (the "Rent Increase Arrearage"), (iv) that Wellington's Motion for Immediate Payment of Rent Arrearage and Other Charges Due Under Leases with Defendant shall pass *nisi*, and (v) in the event that a closing on the sale of Landmark's assets is not consummated on or

before March 30, 2012 that the Special Master and Wellington will enter good faith negotiations in an attempt to resolve the issues with regards to the amounts due pursuant to the Lease Agreements.

In addition, pursuant to the terms of the Objection Stipulation, the Special Master and Wellington stipulated and agreed that, among other things, in the event that Steward assumes the Lease Agreements as part of the APA, any and all outstanding pre- and post-petition sums due and owing to Wellington, including rent, CAM Charges and the Rent Increase Arrearage, will be paid within five (5) days of closing date with Steward.

i. On or about September 1, 2011 this Honorable Court conducted a Hearing relative to Blue Cross' Application for Hearing and Limited Objection Regarding Schedules and Exhibits to the APA (the "Blue Cross Application"), the Special Master's Response to the Blue Cross Application, Blue Cross' Motion for Immediate Payment of Arrearages under Contracts with Defendants and/or to Lift Stays with Respect to Order Appointing Special Master and Motion to Lift Injunction (the "Blue Cross Motion"), the Special Master's Objection to Blue Cross' Motion (the "Special Master's Objection"), Blue Cross' Reply to the Special Master's Objection (the "Blue Cross Reply"), Siemens Medical Solutions, Inc.'s ("Siemens") Application for a Hearing Regarding the APA and Related Schedules and Exhibits and Limited Objection to the Approval of the Sale Contemplated in the APA (the "Siemens Application") and 21st Century Oncology's ("21st Century") Motion to Establish a Hearing Date on its Offer to Purchase (the "21st Century Motion").

Following a presentation to the Court from the Special Master and arguments by counsel to Blue Cross, Siemens and 21st Century Oncology, this Honorable Court continued the Hearings relative to the Blue Cross Application, the Special Master's Response to the Blue Cross Application, the Blue Cross Motion, Special Master's Objection, Blue Cross' Reply, Siemens Application and the 21st Century Motion until September 16, 2011.

j. On or about September 8, 2011, pursuant to Section 13.1(c) of the APA, Steward provided the Special Master with the list of assumed and excluded contracts and leases (the "List"). In association therewith, on or about September 9, 2011 the Special Master forwarded a copy of the same via hand delivery to the Court and via electronic mail to the Attorney General, the DoH and to all interested parties who previously filed a written request with the Special Master for the Schedules and Exhibits associated with the APA. The Special Master has filed an Affidavit of Notice with the Court which identifies all parties who received the List.

k. Also on or about September 9, 2011, your Special Master and Blue Cross entered into a Tenth Amendment to the Hospital Participation Agreement (the "Tenth Amendment") entered into between Blue Cross and Landmark. The effect of the Tenth Amendment was to extend the Landmark/Blue Cross Participation Agreement though March 31, 2012.

16. In addition to the foregoing, the issue relative to UNAP's Claim for a Payment of 2% Pay Raise (the "Claim") and the Special Master's Memorandum in Opposition to UNAP's Claim remains open.

17. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or the Attorney General and the DoH, regarding, among other matters, cash flow issues and progress relative to the sale of the assets and business of Landmark to Steward. Further, your Special Master has provided the Court and other interested parties with weekly cash reports and cash projection reports.

18. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master, with the assistance of True North, has participated in various media interviews with the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master regularly met with and/or participated in conferences with this Court.

19. To avoid termination and/or a gap in services and/or supplies, your Special Master continues to work diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

20. As had been regularly reported, one of the most time consuming and critical tasks that requires daily attention from your Special Master and/or his team is related to Landmark

vendors. While the majority of the 10-20 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

21. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000.00 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000.00). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000.00 with an additional \$100,000.00 paid on a bi-weekly basis.

22. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

23. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Twenty-First Report, your Special Master held a cash balance of \$1,475,922. Since the filing of the Twenty-First Report, your Special Master has had receipts totaling \$23,689,277 and disbursements totaling \$23,651,527, leaving cash on hand in the sum of \$1,513,672, all as set forth in the attached Schedule of Receipts and Disbursements.³

24. In connection with this Twenty-Second Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from June 1, 2011 through July 31, 2011. The sum of the Special Master's fees and expenses incurred through the identified time period totals approximately \$120,000.00. A copy of your Special Master's Twenty-Second Interim fee invoice will be presented under separate cover to the Court for review in advance of the Hearing on this Twenty-Second Interim Report and Request for Fees.

³ Please note that the cash-on-hand does not include the funds held in escrow relative to the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$623,972).

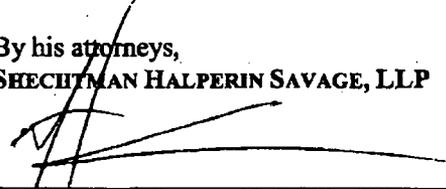

25. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Twenty-Second Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a Twenty-Second Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

By his attorneys,
SHECHTMAN HALPERIN SAVAGE, LLP

STATE OF RHODE ISLAND
PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :
vs. :
Landmark Medical Center, :
Defendant :

P.B. No: 08-4371

**SPECIAL MASTER'S TWENTY-THIRD INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of \$1,000,000.00.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");
- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as has been regularly reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting

surety bond in the amount of \$1,000,000.00, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master, but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash flow and projection reports to all counsel of record who have requested the same.

11. As has been regularly reported to the Court, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about September 26, 2011, your Special Master attended a Hearing before this Honorable Court on the Special Master's Twenty-Second Interim Report and Request for Fees (the "Twenty-Second Report"), the Rhode Island Office of the Attorney General's (the "Attorney General") Response to the Twenty-Second Report (the "Attorney General's Response")¹ and Blue Cross Blue Shield of Rhode Island's ("Blue Cross") Limited Objection to the Twenty-Second Report

¹ In its Response, the Attorney General requested (i) that fees in the amount of \$6,483.50 be denied as unsupported, excessive, or redundant; (ii) that the issue related to the Special Master's prior payment of fees for services provided by Nemzoff & Associates be continued and that a future proceeding on such issue be held, if necessary, and (iii) any additional relief the Court deemed equitable and just.

(the "Blue Cross Objection")². Copies of the Special Master's First through Twenty-Second Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

13. At the conclusion of the Hearing on the Twenty-Second Report, Blue Cross' Objection and the Attorney General's Response, this Honorable Court accepted the Twenty-Second Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date, excluding, at this time, any acts and doings related to the lawsuit the Special Master filed against Blue Cross, captioned as *Jonathan N. Savage, in his capacity as Special Master of Landmark Medical Center v. Blue Cross Blue Shield of Rhode Island, Inc.*, and docketed as P.B. No. 11-1560 (the "Blue Cross Litigation"). Further and in connection with the Attorney General's Response, the Court directed the Special Master to hold fees in the amount of \$6,483.50, pending further Order of this Court. In addition, the Court directed the Special Master to hold the amount of \$11,000.00 in reserve along with those previously designated reserve fees totaling \$119,987.99, and approved the remainder of the Special Master's Twenty-Second Request for Fees, which accrued during the period of June 1, 2011 through July 31, 2011, in the amount of \$100,516.50 (the "Fees").

14. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Twenty-Second Report, approved all of the Special Master's Fees associated with the Twenty-Second Report. Also, as indicated previously, the Court directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty-five (25%) percent of each of the Special Master's first four (4) Interim Reports, ten percent (10%) of the Fourteenth and Fifteenth Reports, \$15,000.00 associated with the Sixteenth Report, twenty percent (20%) of the Seventeenth Report, \$9,693.00 associated with the Eighteenth Report, ten percent (10%) of the Nineteenth Report and \$11,000.00 associated with the Twenty-Second Report (the "Reserve Funds"). The total amount of the Reserve Funds currently totals \$130,987.99.

15. Subsequent to the filing of the Special Master's Twenty-Second Report, the following events and actions took place:

² In its Objection, Blue Cross requested that the Court deny the Special Master's request for fees and not approve, confirm or ratify the Special Master's acts and doings insofar as they related to the Blue Cross Litigation.

a. On or about September 14, 2011, PNC Equipment Finance LLC, a wholly owned subsidiary of PNC Bank, National Association, formerly known as National City Commercial Capital Company ("PNC") filed a Motion to Enlarge Time to File Request for Hearing for Objection (the "Motion to Enlarge"). In its Motion to Enlarge, PNC requested that this Honorable Court grant it an enlargement of time in which to file a request for a hearing with respect to the list of assumed and rejected contracts and leases in accordance with paragraph 6 of the Order entered by this Honorable Court on or about June 8, 2011. The Hearing relative to PNC's Motion to Enlarge was originally scheduled for September 22, 2011 at 9:30 a.m., however, by agreement the Hearing has been continued and is currently scheduled for hearing on November 7, 2011 at 9:30 a.m.

b. On or about September 16, 2011 this Honorable Court conducted the continued Hearings relative to Blue Cross' Application for Hearing and Limited Objection Regarding Schedules and Exhibits to the APA (the "Blue Cross Application"), the Special Master's Response to the Blue Cross Application, Blue Cross' Motion for Immediate Payment of Arrearages under Contracts with Defendants and/or to Lift Stays with Respect to Order Appointing Special Master and Motion to Lift Injunction (the "Blue Cross Motion"), the Special Master's Objection to Blue Cross' Motion (the "Special Master's Objection"), Blue Cross' Reply to the Special Master's Objection (the "Blue Cross Reply"), Siemens Medical Solutions, Inc.'s ("Siemens") Application for a Hearing Regarding the APA and Related Schedules and Exhibits and Limited Objection to the Approval of the Sale Contemplated in the APA (the "Siemens Application") and 21st Century Oncology's ("21st Century") Motion to Establish a Hearing Date on its Offer to Purchase (the "21st Century Motion"). Following a presentation to the Court from the Special Master and argument by counsel for Blue Cross relative to the Blue Cross Motion, this Honorable Court denied the Blue Cross Motion.

Further, following a review of the list of assumed and excluded contracts and leases, the Blue Cross Application and the Siemens Application were not pressed by those parties at that time. In addition, the Hearing relative to the 21st Century Motion was continued until October 25, 2011 at 9:30 a.m.

c. On or about September 30, 2011, this Honorable Court conducted a status conference (the "Status Conference") with the Special Master and various interested parties. Among those present at the Status Conference were Blue Cross, the Attorney General and the Rhode Island

Department of Health (the "DoH"). At the Status Conference, Blue Cross inquired about the line of credit that Landmark had been issued by Steward Medical Holdings Subsidiary Four, Inc. ("Steward") in accordance with Section 17.1 of the Agreement for Advisory Services (the "AAS") which was approved by this Court by Order dated June 8, 2011. Blue Cross argued that the terms of the AAS granted Steward certain rights in collateral that were contrary to Blue Cross' rights in the same collateral, as granted by the Radian Final Order³. Specifically, Blue Cross asserted that the Radian Final Order granted Blue Cross a third position security interest in Landmark's accounts receivable and precluded Landmark from granting any other party a superior lien in the same accounts receivable. Blue Cross further asserted that, contrary to the Radian Final Order, Section 17.1 of the AAS granted Steward a second priority security interest in Landmark's accounts receivable. As a result of the foregoing, the Court directed Blue Cross to file a pleading outlining its issues with respect to Section 17.1 of the AAS and the Radian Final Order and that certain other pending matters be set down for Hearing on October 25, 2011 at 9:30 a.m.

d. In accordance with the Court's directive at the Status Conference, on or about October 11, 2011 Blue Cross filed a Motion to Enforce the Radian Final Order (the "Motion to Enforce") pursuant to which Blue Cross has requested that this Court enforce the terms of the Order Approving the Special Master's Petition to Compromise the Claims of Radian and the Trustee and for Authority to Borrow Funds in Connection with Said Compromise. Specifically, Blue Cross has requested that the Court declare, despite the express terms of subsequent Orders entered by this Court, that any and all past and future loans to Landmark from Steward are junior to Blue Cross' lien position with respect to Landmark's account receivables. The Hearing relative to the Blue Cross Motion to Enforce is also currently scheduled for October 25, 2011 at 9:30 a.m.

e. In accordance with Section 5.17 of the Asset Purchase Agreement entered between the Special Master and Steward and pursuant to Rhode Island General Laws Chapter 23-17, entitled (Licensing of Health Care Facilities) and Chapter 23-17.14 (The Hospital Conversions Act), on or about October 14, 2011 the Hospital Conversion Act Application for Steward,

³ The Radian Final Order was entered by this Court on or about on May 25, 2010 in connection with the resolution of claims asserted by Radian Asset Assurance Inc. and U.S. Bank National Association and the Objection of Blue Cross to the Special Master's resolution of those claims.

Blackstone Medical Center, Inc., Blackstone Rehabilitation Hospital, Inc. and the Special Master was submitted to the DoH and the Attorney General.

f. On or about October 20, 2011, 21st Century filed a Motion for Scheduling Order pursuant to which 21st Century has requested the Court enter a scheduling order outlining dates by which the Special Master must take action and file various pleadings with respect to the Operating Agreement between Landmark and 21st Century for the operation of Southern New England Regional Cancer Center ("SNERCC") and the Ground Lease entered between Landmark and SNERCC for the premises where SNERCC currently operates. The Hearing relative to 21st Century's Motion for Scheduling Order is currently scheduled for October 25, 2011 at 2:00 p.m.

16. In addition to the foregoing, the issue relative to UNAP's Claim for a Payment of 2% Pay Raise (the "Claim") and the Special Master's Memorandum in Opposition to UNAP's Claim remains open.

17. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or the Attorney General and the DoH, regarding, among other matters, cash flow issues and progress relative to the sale of the assets and business of Landmark to Steward. Further, your Special Master has provided the Court and other interested parties with weekly cash reports and cash projection reports.

18. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master, with the assistance of True North, has participated in various media interviews with the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master regularly met with and/or participated in conferences with this Court.

19. To avoid termination and/or a gap in services and/or supplies, your Special Master continues to work diligently to renew and re-negotiate the terms of expiring contracts.⁴ Furthermore,

⁴ Your Special Master recently arranged for the renewal of a number of insurance policies covering Landmark's operations, assets and employees, which were scheduled for termination on October 1, 2011.

your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

20. As had been regularly reported, one of the most time consuming and critical tasks that requires daily attention from your Special Master and/or his team is related to Landmark vendors. While the majority of the 10-20 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

21. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000.00 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000.00). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000.00 with an additional \$100,000.00 paid on a bi-weekly basis.

22. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

23. Your Special Master has remained relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Twenty-Second Report, your Special Master held a cash balance of \$1,513,672. Since the filing of the Twenty-Second Report, your Special Master has had receipts totaling \$11,373,478 and disbursements totaling \$11,607,065, leaving cash on hand in the sum of \$1,280,085, all as set forth in the attached Schedule of Receipts and Disbursements.⁵

⁵ Please note that the cash-on-hand does not include the funds held in escrow relative to the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$624,463).

24. In connection with this Twenty-Third Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from August 1, 2011 through August 31, 2011. The sum of the Special Master's fees and expenses incurred through the identified time period totals approximately \$53,000. A copy of your Special Master's Twenty-Third Interim fee invoice will be presented under separate cover to the Court for review in advance of the Hearing on this Twenty-Third Interim Report and Request for Fees.

25. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Twenty-Third Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a Twenty-Third Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

STATE OF RHODE ISLAND
PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S TWENTY-FOURTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents
Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of \$1,000,000.00.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
 - b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
 - c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");
 - d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
 - e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
- and

f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as has been regularly reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of \$1,000,000.00, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master, but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash flow and projection reports to all counsel of record who have requested the same.

11. As has been regularly reported to the Court, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about November 7, 2011, your Special Master attended a Hearing before this Honorable Court on the Special Master's Twenty-Third Interim Report and Request for Fees

(the "Twenty-Third Report"), the Rhode Island Office of the Attorney General's (the "Attorney General") Response to the Twenty-Third Report (the "Attorney General's Response")¹ and Blue Cross Blue Shield of Rhode Island's ("Blue Cross") Limited Objection to the Twenty-Third Report (the "Blue Cross Objection")². Copies of the Special Master's First through Twenty-Third Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

13. At the conclusion of the Hearing on the Twenty-Third Report, Blue Cross' Objection and the Attorney General's Response, this Honorable Court accepted the Twenty-Third Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date. Further, and in connection with the Attorney General's Response, the Court directed the Special Master to hold fees in the amount of \$2,186.00, pending further Order of this Court. In addition, the Court directed the Special Master to hold the amount of \$9,012.01 in reserve along with those previously designated reserve fees totaling \$130,987.99, and approved the remainder of the Special Master's Twenty-Third Request for Fees, which accrued during the period of August 1, 2011 through August 31, 2011, in the amount of \$41,231.49 (the "Fees").

14. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Twenty-Third Report, approved all of the Special Master's Fees associated with the Twenty-Third Report. Also, as indicated previously, the Court directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty-five (25%) percent of each of the Special Master's first four (4) Interim Reports, ten percent (10%) of the Fourteenth and Fifteenth Reports, \$15,000.00 associated with the Sixteenth Report, twenty percent (20%) of

¹ In its Response, the Attorney General requested (i) that fees in the amount of \$2,186.00 be denied as unsupported, excessive, or redundant; (ii) that the issue related to the Special Master's prior payment of fees for services provided by Nemzoff & Associates be continued and that a future proceeding on such issue be held, if necessary, and (iii) any additional relief the Court deemed equitable and just.

² In its Objection, Blue Cross requested that the Court deny the Special Master's request for fees and not approve, confirm or ratify the Special Master's acts and doings insofar as they related to the Blue Cross Litigation, while acknowledging the request for fees did not seek compensation for work performed in connection with the Blue Cross Litigation. Blue Cross also requested that the Court deny the Special Master's request for fees, or, in the alternative, defer payment of the Special Master's fees until all arrearages under the contracts entered between Landmark and Blue Cross have been paid.

the Seventeenth Report, \$9,693.00 associated with the Eighteenth Report, ten percent (10%) of the Nineteenth Report, \$11,000.00 associated with the Twenty-Second Report, and \$9,012.01 associated with the Twenty-Third Report (the "Reserve Funds"). The total amount of the Reserve Funds currently totals \$140,000.00.

15. Subsequent to the filing of the Special Master's Twenty-Third Report, the following events and actions took place:

a. On or about October 25, 2011, your Special Master filed a Response to the Blue Cross Motion to Enforce the Radian Final Order (the "Special Master's Response"). In the Special Master's Response, the Special Master requested that the Court deny Blue Cross' Motion to Enforce the Radian Final Order (the "Motion to Enforce").

b. Also on or about October 25, 2011, this Honorable Court conducted a Hearing relative to Radiation Therapy Services, Inc. d/b/a 21st Century Oncology's ("21st Century") Motion for Scheduling Order (the "21st Century Motion"), Blue Cross' Motion to Enforce, Blue Cross' Application for Hearing and Limited Objection regarding Schedules and Exhibits to the Asset Purchase Agreement (the "APA") Among the Special Master, Steward Healthcare System, LLC and Steward Medical Holdings Subsidiary Four, Inc. (the "Application for Hearing"), Blue Cross' Motion for Immediate Payment of Arrearages under Contracts with Defendant and/or to Lift Stay with Respect to Order Appointing Permanent Special Master and Motion to Lift Injunction (the "Motion for Immediate Payment") and the Special Master's Responses to the same. Following a presentation to the Court from the Special Master and argument by counsel for Blue Cross and counsel for 21st Century, this Honorable Court entered an Order (i) continuing the 21st Century Motion for Hearing and bench decision until November 29, 2011, (ii) establishing a scheduling order for the Special Master and Blue Cross to file appropriate responses and/or replies with respect to Blue Cross' Motion to Enforce and the Special Master's Response thereto, (iii) acknowledging that to the extent that the APA contemplates the transfer of the deposit in the amount of \$189,700.00 (the "Deposit") identified in Schedule 1.2(j) of the APA and in paragraph 19 of the Application for Hearing, that the Special Master will only transfer the right, title and interest he actually holds in the Deposit, if any and/or as determined by the Court, (iv) deferring, *sine die*, on the issues raised by Blue Cross with respect to Section 13.1(c) of the

APA and identified in paragraphs 13 through 16 of the Application for Hearing, (vi) deferring Blue Cross' request to lift stays to exercise asserted contractual remedies contained in the Motion for Immediate Payment, and (vii) directing the Special Master to prepare a three (3) month cash-flow projection, identifying funds, if any, available to further pay down asserted post-petition arrearages related to weekly claims and premiums due from Landmark to Blue Cross (the "Three Month Projection")(the "October 25th Order").

In accordance with the October 25th Order, on or about October 31, 2011 Blue Cross filed its Response to the Special Master's Response and on or about November 8, 2011 the Special Master filed a Supplemental Memorandum in Support of his Response to the Motion to Enforce. On or about November 14, 2011 Blue Cross filed a Reply to the Special Master's Supplemental Response to the Motion to Enforce. Blue Cross has requested that this Honorable Court schedule a Hearing relative to the aforementioned pleadings, however no date has been docketed. Further and also in accordance with the October 25th Order, your Special Master provided the Court, the Attorney General, Blue Cross and the Rhode Island Department of Health with copies of the Three Month Projection.

c. On or about November 7, 2011, this Honorable Court conducted a Hearing related to PNC Equipment Finance, LLC's ("PNC") Motion to Enlarge Time to File Request for Hearing for Objection (the "Motion to Enlarge"). Following discussion from and agreement by the Special Master and counsel to PNC, on or about November 16, 2011 this Honorable Court entered an Order (i) passing on PNC's Motion to Enlarge, (ii) acknowledging the agreement between the Special Master and PNC regarding the outstanding principal balance associated with the Master Lease Agreement dated April 15, 2004 between Landmark Medical Center and PFG Medical Finance (the "PNC Lease"), (iii) authorizing the Special Master to remit payment for the outstanding principal balance associated with the PNC Lease and directing PNC, upon receipt of the outstanding principal balance, to transfer its right, title and interest in and to all equipment which is the subject of the PNC Lease to the Special Master, (iv) authorizing PNC to file a claim in the Estate for any costs, fees and expenses permitted under the PNC Lease and reasonably incurred by PNC since the commencement of this proceeding, and (v) acknowledging the Special Master's reservation of rights to object to any claim filed by PNC, with the exception of an objection based on timeliness.

d. On or about November 8, 2011 and in accordance with the Order entered by this Court on or about June 20, 2011, your Special Master provided the Court with correspondence from Capitol City Group, Ltd. ("CCG") summarizing the services provided by CCG to the Landmark Medical Center and Rehabilitation Hospital of Rhode Island Mastership Estates during the months of August 2011, September 2011 and October 2011 for a sealed, in camera, review.

e. On or about November 10, 2011, your Special Master and counsel to Steward received correspondence from the Attorney General and the Rhode Island Department of Health (the "DoH") advising that the Hospital Conversion Act Application (the "HCAA"), as filed by the Special Master and Steward on or about October 14, 2011, was incomplete (the "HCAA Letter"). In the HCAA Letter, the Attorney General and the DoH provided a list of questions to be addressed and/or documents to be provided by your Special Master and/or Steward to further clarify specifics of the proposed transaction and future plans for Landmark.

Since receipt of the HCAA Letter, your Special Master and Steward have worked to prepare and compile the requested documentation and responses to the HCAA Letter. Despite having thirty (30) work days to respond, your Special Master and Steward hope to provide the documents and responses as requested in the HCAA Letter by month's end.

f. On or about November 16, 2011, your Special Master and the Attorney General conducted a meeting to discuss the fees related to those time entries, previously identified by the Attorney General, which are currently being held by the Special Master pursuant to this Court's Orders associated with your Special Master's Nineteenth through Twenty-Second Interim Reports.

g. On or about November 18, 2011, your Special Master and Steward conducted a lengthy meeting with the DoH and the Attorney General to clarify the specifics of the issues raised in the HCAA Letter and to assure that your Special Master and/or Steward provide complete and appropriate information, documentation and responses to the same.

h. Also on or about November 18, 2011 and in accordance with Section 17.1 of the Agreement for Advisory Services and Section 2.1 of the Working Capital Loan Agreement, both of which are entered into between the Special Master and Steward, your Special Master made a request for a \$675,000.00 loan advance. In accordance with the aforementioned loan advance request, Steward funded your Special Master in the amount requested on or about November 23, 2011.

16. In addition to the foregoing, the issue relative to UNAP's Claim for a Payment of 2% Pay Raise (the "Claim") and the Special Master's Memorandum in Opposition to UNAP's Claim remains open.

17. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or the Attorney General and the DoH, regarding, among other matters, cash flow issues and progress relative to the sale of the assets and business of Landmark to Steward. Further, your Special Master has provided the Court and other interested parties with weekly cash reports and cash projection reports.

18. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master, with the assistance of True North, has participated in various media interviews with the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master regularly met with and/or participated in conferences with this Court.

19. To avoid termination and/or a gap in services and/or supplies, your Special Master continues to work diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of

Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

20. As had been regularly reported, one of the most time consuming and critical tasks that requires daily attention from your Special Master and/or his team is related to Landmark vendors. While the majority of the 10-20 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

21. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000.00 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000.00³). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000.00 with an additional \$100,000.00 paid on a bi-weekly basis.

22. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

23. Your Special Master has remained relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Twenty-Third Report, your Special Master held a cash balance of \$1,280,085. Since the filing of the Twenty-Third Report, your Special Master has had receipts totaling \$10,109,915 and disbursements totaling \$10,106,658, leaving cash on hand in the sum of \$1,283,341, all as set forth in the attached Schedule of Receipts and Disbursements.⁴

³ The bar date for filing claims expired on November 24, 2008.

⁴ Please note that the cash-on-hand does not include the funds held in escrow relative to the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$624,463).

24. In connection with this Twenty-Fourth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from September 1, 2011 through October 31, 2011. The sum of the Special Master's fees and expenses incurred through the identified time period totals approximately \$105,000. A copy of your Special Master's Twenty-Fourth Interim fee invoice will be presented under separate cover to the Court for review in advance of the Hearing on this Twenty-Fourth Interim Report and Request for Fees.

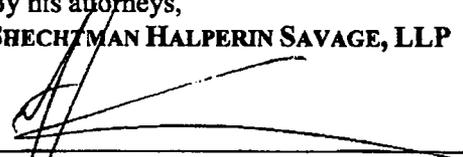

25. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Twenty-Fourth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a Twenty-Fourth Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Richard R. Charest, Chief Executive
Officer

Plaintiff

vs.

PB No.: 08-7186

Northern Rhode Island Rehab Management
Associates, Limited Partnership
Defendant

**SPECIAL MASTER'S FIFTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about November 13, 2008, your Special Master was appointed as Temporary Special Master of Defendant, Northern Rhode Island Rehab Management Associates, Limited Partnership ("NRIRMA") d/b/a Rehabilitation Hospital of Rhode Island ("RHRI"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of NRIRMA's assets that were located at 116 Eddie Dowling Highway, North Smithfield, Rhode Island, where NRIRMA operates as a for-profit, rehabilitation hospital under the business name RHRI.

3. Landmark Medical Center ("LMC") and Landmark Health Systems, Inc. ("LHS") are the general partners and sole limited partners of NRIRMA. As this Court is aware, your Special Master is also the Court-appointed Special Master of both LMC and LHS in the matters captioned as Gary J. Gaube, Chief Executive Officer and Trustee v. Landmark Medical Center (P.B. No: 08-4371)

(the "LMC Mastership") and Gary J. Gaube, Chief Executive Officer and Trustee v. Landmark Health Systems, Inc. (C.A. No.: 08-5893) (the "LHS Mastership"), respectively.

4. NRIRMA substantially relies on the services provided by LMC for its operations and your Special Master's appointment as the Special Master of NRIRMA was sought based, in part, upon the fact that the Plaintiff believed that the operations of NRIRMA were an integral part of the LMC Mastership proceeding.

5. Your Special Master arranged for continued insurance over NRIRMA's assets, operations and its employees, and arranged for security over NRIRMA's tangible assets and for protection of NRIRMA's financial books and records. As of this date, all NRIRMA policies remain in full force and effect and the majorities are fully funded through insurance financing agreements.

6. Your Special Master has communicated with numerous creditors and other parties in interest relative to the aforescribed matters. Similar to the LMC Mastership and LHS Mastership, your Special Master has provided a dedicated electronic mail address (landmarkmaster@shslawfirm.com) to all known creditors and parties in interest of NRIRMA.

7. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of NRIRMA's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

8. On or about December 9, 2008, your Special Master attended said Hearing before this Honorable Court. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting a surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant.

9. Similar to the LMC Mastership and the LHS Mastership, your Special Master has retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his

review of the books and records of NRIRMA, cash flow analysis and projections as well as NRIRMA's business operations.

10. In addition, with this Court's approval, your Special Master has also retained and assisted the accounting firm of Kahn, Litwin, Renza & Co., Ltd. in the preparation of the necessary and required tax and audit reports for multiple financial years.

11. Since his appointment as Permanent Special Master, your Special Master and/or his team have met with members of NRIRMA's medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise on a daily basis. These issues range from vendor and supply issues to day-to-day management and patient care issues.

12. On or about December 16, 2010, this Court conducted a Hearing relative to the Special Master's Petition for Instructions Regarding Execution of Documents related to Certificates of Deposit that serve as a Security Deposit for the 116 Eddie Dowling Highway Facility. Following the Hearing, this Honorable Court entered a Consent Order authorizing the Special Master to execute and deliver to Medistar Corporation ("Medistar") documents necessary to give Medistar the same rights, interest and control in/over the new certificates of deposit held by financial institutions which serve as the security deposit for the 116 Eddie Dowling Highway Lease (the "Lease") as Medistar held in/over the original certificate of deposit held by North Houston Bank which previously served as the security deposit for the Lease (the "Consent Order").

In accordance with the terms of the Consent Order, your Special Master and Medistar negotiated the terms of an Amendment to the Assignment of Certificates of Deposit in order to give Medistar the appropriate rights and control over the Certificates of Deposit which currently serve as the deposit for the Lease.

13. Also on or about December 16, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Fourth Interim Report and Request for Fees (the "Fourth Report"). Copies of the Special Master's First, Second, Third and Fourth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

14. At the conclusion of the Hearing on the Fourth Report, this Honorable Court accepted the Fourth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees subject to the following:

- a. The Special Master was directed to pay himself an amount equal to ninety (90%) percent of his fees, specifically the amount of \$29,969.61; and
- b. The Special Master was directed to hold the remaining ten (10%) percent of his fees in reserve, specifically the amount of \$3,329.96.

15. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to hold a reserve in an amount equal to twenty (20%) percent of the First Report, ten (10%) percent of the Second Report and ten (10%) percent of the Fourth Report (the "Reserve Funds"). The total amount of the Reserve Funds currently totals \$36,618.91.¹

16. Since the hearing on your Special Master's Fourth Report and due to the significant overlap in the decisions and business operations of NRIRMA and LMC, many of the issues that directly and/or indirectly impact NRIRMA have been regularly presented to this Court and addressed by the Special Master during status conferences with interested parties, including Blue Cross & Blue Shield of Rhode Island ("Blue Cross"), the Rhode Island Department of Health (the "DoH") and the Office of the Rhode Island Attorney General, as well as in the Special Master's monthly Interim Reports relative to the LMC Special Mastership proceeding. Despite that fact, subsequent to the filing of the Fourth Report, the following events and actions, solely involving NRIRMA, took place:

- a. Between January and September 2011, your Special Master and Blue Cross executed Third, Fourth, Fifth, Sixth and Seventh Amendments (the "Amendments") to the Hospital Participation Agreement entered into between Blue Cross and NRIRMA (the "Participation Agreement"). The sole effect of the Amendments was to extend the Blue Cross Participation Agreement though March 31, 2012.

- b. In or about September 2011, your Special Master received a notice (the "Notice") indicating that the Town of North Smithfield (the "Town") had scheduled a tax sale for the

¹ The Reserve Funds are inclusive of the Nine Thousand and 00/100 (\$9,000.00) Dollars that this Honorable Court directed the Special Master to hold in reserve, pending certain discussions between the Department of the Attorney General and the Special Master, with respect to the First Report.

property located at 116 Eddie Dowling Highway, North Smithfield, Rhode Island. The Town's Tax Collector asserted that there were property taxes which remained outstanding and forwarded your Special Master payment histories to support the Town's assertion. Immediately upon your Special Master's receipt and review of the payment histories it became clear that the Town had applied post-mastership tax payments to pre-mastership tax arrearages, which resulted in the Town's records indicating a post-mastership outstanding balance existed. As a result, your Special Master advised the Town that all post-mastership payments were to be applied only to post-mastership taxes. In connection therewith, the Special Master provided the Town with a detailed accounting identifying all post-mastership taxes assessed, the post-mastership payments made pursuant to the same (including check number and amount), and an indication of the tax account and quarter each payment was intended to be applied to. The accounting provided to the Town clearly identified that the Special Master was current on payments with respect to all post-mastership taxes assessed by the Town. Your Special Master has been advised from the Town's Tax Collector that the Town is still reviewing the information provided by your Special Master and anticipate providing a response by November 25, 2011.

c. On or about September 15, 2011, your Special Master terminated business operations of Atwood Therapy Services ("ATS"), an outpatient therapy satellite clinic operated by NRIRMA and previously located at 1526 Atwood Avenue, Suite 110, Johnston, Rhode Island. Prior to terminating business operations at ATS, your Special Master provided the DoH and the Joint Commission Division of Accreditation and Certification Operations with the required notice with regard to said termination. In addition, your Special Master advised that the services which were being provided to patients at ATS would be offered at the RHRI facility in North Smithfield. In addition to the foregoing, your Special Master also exercised his right to reject the lease agreement entered into by and between Atmed Treatment Center, Inc. and NRIRMA dated December 1, 2001 associated with ATS's business operations effective September 15, 2011.

17. To avoid termination and/or a gap in services and/or supplies, your Special Master continues to work diligently to renew and re-negotiate the terms of expiring vendor, insurance, services, labor and/or employment contracts.² Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or

² Your Special Master recently arranged for the renewal of a number of insurance policies covering NRIRMA's operations, assets and employees, which were scheduled for termination on September 30, 2011.

provide oversight of various critical services and activities to ensure the continued and uninterrupted operations of NRIRMA.

18. As has been regularly reported and similar to the LMC Mastership, one of the most time consuming and critical tasks that requires daily attention from your Special Master and/or his team is related to NRIRMA vendors. While the majority of the phone calls received by the Special Master continue to come from current vendors of NRIRMA, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the NRIRMA finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

19. During the course of the administration of the within proceeding, your Special Master has reviewed the thirty-nine (39) Proofs of Claim filed herein totaling approximately \$22,445,723.20, comprised of one (1) asserted secured claim in the amount of \$70,723.78, two (2) asserted administrative claims in the amount of \$419,971.06, one (1) asserted employee claim in the amount of \$901.79, six (6) asserted priority claims in the amount of \$21,584,795.77³, and twenty-nine (29) asserted unsecured claims in the amount of 369,330.80. The bar date for filing claims expired on April 8, 2009.

20. The pre-mastership debt showing on the books and records of NRIRMA totals slightly more than \$411,000.00. During your Special Master's operation of NRIRMA, the Special Master has accrued business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$106,000.00.

21. Your Special Master has been able to remain current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Fourth Report, your Special Master held a cash balance of \$317,693.00. Since the filing of the Fourth Report, your Special Master has had receipts totaling \$11,934,140.00, and

³ This amount is inclusive of four (4) priority and/or unsecured claims asserted by the Pension Benefit Guaranty Corporation (the "PBGC") for unfunded benefit liabilities, statutory unpaid minimum funding, statutory liability for shortfall and waiver amortization and statutory premiums associated with the Landmark Medical Center Retirement Plan for Union Employees in the amount of \$21,563,009.00, which the Special Master disputes. Two of the claims asserted by the PBGC were identified as undeterminable in amount as of the time they were filed with the Special Master.

disbursements totaling \$11,847,191.00, leaving cash on hand in the sum of \$404,643.00, all as set forth in the attached Schedule of Receipts and Disbursements.

22. In connection with this Fifth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from November 1, 2010 through October 31, 2011. The sum of the Special Master's fees and expenses incurred through the identified time period totals \$39,414.50. A copy of your Special Master's fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Fifth Interim Report. In addition, a copy of the Special Master's fee invoice will be filed with the Court.

23. In light of the foregoing, your Special Master recommends that he be authorized to continue NRIRMA's operations.

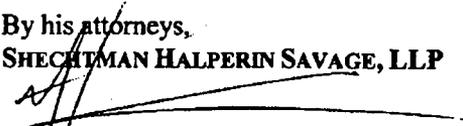

WHEREFORE, your Special Master prays that: (1) all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Fifth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a fifth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and (3) this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

JONATHAN N. SAVAGE, ESQ., SOLELY IN HIS
CAPACITY AS SPECIAL MASTER OF NORTHERN
RHODE ISLAND REHAB MANAGEMENT ASSOCIATES,
LP AND NOT INDIVIDUALLY

By his attorneys,

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

Landmark Medical Center, :
Defendant :

P.B. No: 08-4371

SPECIAL MASTER'S FIRST INTERIM REPORT AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office")
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center")
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite")

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg")
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station")
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice")

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records. As of this date, all Landmark policies remain in full force and effect and the majority are fully funded through insurance financing agreements. A number of the insurance policies are scheduled to terminate at month's end, however, your Special Master has already arranged for the renewal of all affected policies.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. In addition to fielding approximately 30-50 calls per day and the exchange of written correspondence to and from numerous creditors and parties in interest, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email was activated to serve as a confidential means for creditors, employees, community members and other interested parties to raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to over 125 electronic mail messages and the information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. Your Special Master has retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to

the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expires on November 24, 2008.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special

Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Since the date of his temporary appointment, your Special Master, members of his administrative team and/or representatives of PwC have maintained a five-day-a-week, three to six hour presence at Landmark. During these periods the Special Master and/or his team have met with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise on a daily basis. These issues range from vendor and supply issues to day-to-day management and patient care issues.

12. In an effort to provide staff with regular updates of the Special Master's efforts, the Special Master has also coordinated regular weekly or bi-weekly meetings with physician groups, department director groups and administration. Since the inception of this mastership proceeding your Special Master and/or members of his team have attended/conducted over 50 general large group, specific small group and/or one-on-one meetings with Landmark staff (business and medical), attended/conducted over 40 meetings with State of Rhode Island agencies and officials and attended over 12 meetings with union officials and outsourced services representatives. In an effort to keep the Landmark staff and surrounding community aware and at ease during this process your Special Master has also published open letters to the Landmark community in the Providence Journal (July 15, 2008), the Woonsocket Call (July 15, 2008) and the Valley Breeze (3 editions) (July 17, 2008) and has circulated an open letter to Landmark staff. In addition, your Special Master has communicated regularly with PwC representatives and has meet or participated in conferences with the Court frequently.

13. Your Special Master and his team have reviewed over 100 vendor, services, insurance, labor and/or employment contracts and has prepared executive summaries for over 50 of those contracts identified as critical to Landmark's operations. Your Special Master has been required to negotiate the renewal or extension of a number of those agreements. In addition, due to various administrative and operational issues

your Special Master has engaged the services of a number of third party services providers to maintain or provide oversight of various hospital activities. Further, your Special Master continues to recruit and fill various Landmark positions, many of which were vacant at the time of your Special Master's appointment.

14. One of the most time consuming and critical tasks that requires daily attention from your Special Master or his team is related to Landmark vendors. The majority of the 30-50 daily phone calls received by the Special Master come from current vendors of Landmark. To assist in his discussions/negotiations with those vendors, your Special Master with the assistance of Mr. Leo DeRouin from Strategic Alliances has classified current vendors under four (4) categories:

- a. Extremely Critical services/products related to patient care where no alternative source exists;
- b. Critical services/products related to patient care where limited alternative sources exist but cannot be obtained quickly;
- c. Minor critical services/products related to patient care where some alternative sources are available and can be obtained quickly; and
- d. non-critical, non-patient care services/products where alternative sources can be identified and obtained quickly.

In addition, your Special Master and Mr. DeRouin have created a "Vendor Issues Report" which identifies those vendors who have postponed services/deliveries to Landmark and/or have modified the pre-mastership payment terms or placed Landmark on "hold" status. This report identifies the vendor, the "category" of that vendor (based upon the above-referenced criteria), a primary contact for the vendor, the issue communicated by the vendor to Landmark's purchasing department, the pre-mastership debt, the post-mastership debt (if any) and the time frame estimate to transition to an alternative vendor, if possible. Although relatively all vendors who have raised critical concerns regarding pre-mastership and/or post-mastership payments have remained active under the same or slightly modified business terms, your Special Master is required to communicate with each vendor prior to the vendor reaching that level of comfort going forward. As of this date, these vendor communications continue on a daily

basis with the most critical issues being addressed as a top priority and each of these issues are absolutely essential to the ongoing operations of Landmark.

15. With the assistance of PwC your Special Master has identified and is communicating with multiple parties that may have an interest in acquiring, partnering or establishing some other alliance with Landmark. At this time your Special Master is conducting discussions with multiple parties and is hopeful that an initial proposal will be forthcoming within the next 30-45 days. As this honorable Court is aware, your Special Master has provided regular updates to the Court and the State regulatory agencies regarding the status and substance of those discussions.

16. In addition to the above, in or about August 2008, the Rhode Island Executive Office of Health and Human Services ("EOHHS") filed a Motion requesting that the Court direct the Special Master to pay, as an administrative expense, the hospital licensing fee set forth in R.I. Gen. Laws § 23-17-38.1 (the "Licensing Fee"), or, in the alternative, to permit the Rhode Island Department of Human Services ("RIDHS") to setoff against said Licensing Fee the disproportionate share payment provided by R.I. Gen. Laws § 40-8.3-3 (the "DSH Payment). The Special Master has submitted a response and supplemental response to the EOHHS Motion. Notwithstanding the Motion, related opposition and pending hearing, the EOHHS and the Special Master have agreed, pending the hearing on this issue and the Court's subsequent ruling, to the terms of a Consent Order which directs that a portion of the funds be paid to the Special Master for his use in Landmark operations (\$2,466,378) and the balance of the funds which are in dispute be deposited in an escrow account (\$3,565,806). The Court entered the Consent Order as presented by the parties and EOHHS has forwarded the amounts to the Special Master.

17. Since the Special Master's engagement of Strategic Alliances, Ltd. it has submitted weekly invoices representing its substantial efforts to assist the Special Master with the financial review and analysis at Landmark as well as its assistance with the substantial vendor issues. To date, Strategic Alliances, Ltd. invoices total \$57,262.50. It

is your Special Master's recommendation that this honorable Court authorize him to satisfy Strategic Alliances, Ltd. presently submitted invoices in full and, further, authorize the Special Master, after his review and approval of the same, to satisfy any and all subsequent invoices on a weekly basis. Copies of Strategic Alliances, Ltd.'s invoices are attached hereto as Exhibit A.

18. The pre-mastership debt showing on the books and records of Landmark totals slightly more than \$6,000,000. During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms, totaling approximately \$1,300,000. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

19. Your Special Master has been able to remain current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of August 31, 2008, your Petitioner has had receipts totaling \$24,673,247 and disbursements¹ totaling \$15,356,810 leaving cash on hand in the sum of \$9,432,678 all as set forth in the attached Schedule of Receipts and Disbursements.²

20. In connection with this First Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since June 26, 2008, through July 31, 2008. The sum of the Special Master's fees and expenses incurred through the identified time period total \$273,243.50. A copy of your Special Master's fee invoice will be presented to the Court for review in advance of the hearing on this First Interim Report.

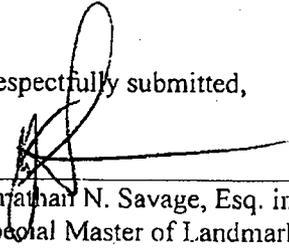

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts. The total sum of pre-mastership disbursements made is \$141,275.18.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,565,806), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement (\$762,081) or the Bond debt service, interest account, principal account and expense funds (\$2,227,378).

21. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this First Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a first interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; 3. that the Special Master be authorized to satisfy the administrative expenses accrued to date by Strategic Alliances Ltd. and be authorized to continue to satisfy all future invoices on a weekly basis; and, 4. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

Jonathan N. Savage, Esq. in his capacity as
Special Master of Landmark Medical Center
and not individually
1080 Main Street
Pawtucket, RI 02860

LMC 02040-48

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant :
_____ :

SPECIAL MASTER'S SECOND INTERIM REPORT AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office")
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center")
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite")

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg")
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station")
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice")

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 50-100 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to the Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to over 300 electronic mail messages sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. Your Special Master has retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Since the date of his temporary appointment, your Special Master, members of his administrative team and/or representatives of PwC have maintained a five-day-a-week, three to six hour presence at Landmark. During these periods the Special Master and/or his team have met with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise on a daily basis. These issues range from vendor and supply issues to day-to-day management and patient care issues.

12. On or about September 24, 2008, your Special Master attended a Hearing before this Honorable Court on the Special Master's First Interim Report and Request for Fees (the "1st Report") (a copy of the 1st Report was filed with the Court and is incorporated herein). At the conclusion of the Hearing, the Court accepted the 1st Report and approving, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date. With regard to the Special Master's request for fees incurred, the hearing was continued for one (1) week at the request of one of the secured creditors to provide it with additional time to review the Special Master's fee application. During the continued hearing the Special Master provided a brief update on his progress from the previous week and, with no objection being raised as to the Special Master's request for fees, this Court entered an Order approving the Special Master's request for fees with the condition that the Special Master pay himself eighty (80%) percent of the approved fees on that date and hold the remaining 20% approved on reserve.

13. On September 30, 2008, a number of the insurance policies covering Landmark Medical Center's operations, assets and employees were scheduled for termination. With the assistance of Keough & Kirby, your Special Master was able to obtain renewals for all terminating policies with the same coverage limits at a savings of approximately \$250,000 per year. In connection with the renewals of the crime/employee dishonesty, fiduciary liability, auto and general/professional/umbrella liability, the insurer, AIG, required the full premium payment of over \$2 million to be paid up front and in full. Thus, so as to not adversely affect cash-flow for ongoing operations with such a large payment it was necessary for the Special Master to obtain

financing through Premium Financing Specialist, Inc. ("PFS"). In connection therewith, on or about October 31, 2008, your Special Master presented the Court with an Emergency *Ex Parte* Motion for Authority to Enter into Insurance Premium Finance Agreement with PFS. Following a chambers conference on the matter with counsel to Radian present this Honorable Court entered an Order granting the Special Master's Motion.

14. On or about September 26, 2008, Blue Cross & Blue Shield of Rhode Island ("BCBS") filed a Motion to Compel Landmark Medical Center to Assume or Reject Certain Contracts and Comply with their Terms (the BCBS Motion"). Prior to the hearing on the BCBS Motion the Special Master conducted several discussions/meetings with counsel to BCBS in an effort to resolve the matter. Although the matter was not resolved in full prior to the hearing, the Special Master and BCBS did successfully resolve issues related to BCBS concerns with the confidentiality of its contracts with Landmark Medical Center and on or about November 7, 2008, the Court entered a Consent Order regarding the contract confidentiality issue.

15. On or about November 20, 2008, the Court conducted a hearing relative to the BCBS Motion and the responses thereto filed by the Special Master and the Rhode Island Attorney General. At the conclusion of the hearing, the Court directed the Special Master and BCBS to continue its good faith discussions towards resolution of the issues and continued the matter for status until January 2, 2009.

16. In addition to the above and in an effort to provide staff with regular updates of the Special Master's efforts, the Special Master has continued his regular meetings with physician groups, department director groups and administration. In addition to general meetings, the Special Master, with the assistance of administration and the medical staff, has formed a Medical Staff Advisory Committee made up of medical doctors and staff from various disciplines who are provided with bi-weekly status updates and are given an opportunity to ask questions, raise issues and make suggestions regarding the Special Master's partnering and operating efforts. Your

Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has met or participated in conferences with the Court frequently.

17. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor and/or employment contracts. Your Special Master has negotiated numerous new contracts with vendors and third party medical services providers who maintain or provide oversight of various hospital activities to assure the uninterrupted operations of the Hospital. Further, he has continued to negotiate the renewal or extension of a number of agreements already in place but terminating under their own terms. In addition, your Special Master continues to recruit and fill various Landmark positions, including the recent vacancy for the Landmark Medical Center Chief Financial Officer, many of which were vacant at the time of your Special Master's appointment.

18. As had been previously reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 50-100 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance and accounting department the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

19. With the continued assistance of PwC your Special Master has identified and is communicating with multiple parties that may have an interest in acquiring, partnering or establishing some other alliance with Landmark. At this time your Special Master is conducting discussions with multiple parties and is hopeful that an initial proposal will be forthcoming. Your Special Master continues to provide this Honorable Court and the State regulatory agencies regular reports regarding the status and substance of those discussions.

20. As had been previously reported, in or about August 2008, the Rhode Island Executive Office of Health and Human Services ("EOHHS") filed a Motion requesting that the Court direct the Special Master to pay, as an administrative expense, the hospital licensing fee set forth in R.I. Gen. Laws § 23-17-38.1 (the "Licensing Fee"), or, in the alternative, to permit the Rhode Island Department of Human Services ("RIDHS") to setoff against said Licensing Fee the disproportionate share payment provided by R.I. Gen. Laws § 40-8.3-3 (the "DSH Payment"). The Special Master submitted a response and supplemental response to the EOHHS Motion. The EOHHS and the Special Master agreed, pending the Court's ruling on this issue, to the terms of a Consent Order which directed that a portion of the funds be paid to the Special Master for his use in Landmark operations (\$2,466,378) and the balance of the funds which are in dispute be deposited in an escrow account (\$3,565,806). The Court entered the Consent Order as presented by the parties and EOHHS had forwarded the amounts to the Special Master which are included in the weekly cash reports submitted by the Special Master.

21. The pre-mastership debt showing on the books and records of Landmark totals slightly more than \$6,000,000. During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

22. Since the engagement of PwC it has submitted regular invoices representing its efforts to assist the Special Master. In connection with the 1st Report the

Court authorized the Special Master to pay the PwC invoices for services rendered through August 22, 2008. To date, PwC's outstanding invoices total \$79,964.00 for services rendered through October 17, 2008. It is your Special Master's recommendation that this Honorable Court authorize him to satisfy the PwC outstanding invoices in full. Copies of the outstanding PwC's invoices have been provided to the Court for review.

23. Your Special Master has been able to remain current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, since the filing of the 1st Report, your Special Master has had receipts totaling \$21,950,312 and disbursements¹ totaling \$24,308,195.00 leaving cash on hand in the sum of \$7,074,794 all as set forth in the attached **Schedule of Receipts and Disbursements**.²

24. In connection with this Second Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since August 1, 2008, through September 30, 2008. The sum of the Special Master's fees and expenses incurred through the identified time period total \$262,677.57. A copy of your Special Master's fee invoice will be presented to the Court for review in advance of the hearing on this Second Interim Report.

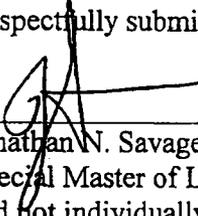

25. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,586,339), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement (\$610,550) or the Bond debt service, interest account, principal account and expense funds (\$1,174,638).

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Second Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a second interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; 3. that the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and, 4. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

Jonathan N. Savage, Esq. in his capacity as
Special Master of Landmark Medical Center
and not individually
1080 Main Street
Pawtucket, RI 02860
(401)272-1400 telephone

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

Landmark Medical Center, :
Defendant :

P.B. No: 08-4371

SPECIAL MASTER'S THIRD INTERIM REPORT AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office")
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center")
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite")

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg")
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station")
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice")

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 25-50 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to the Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. Your Special Master has retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Since the date of his temporary appointment, your Special Master, members of his administrative team and/or representatives of PwC have maintained a five-day-a-week, three to six hour presence at Landmark. During these periods the Special Master and/or his team have met with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise on a daily basis. These issues range from vendor and supply issues to day-to-day management and patient care issues.

12. On or about September 24, 2008, your Special Master attended a Hearing before this Honorable Court on the Special Master's First Interim Report and Request for Fees (the "1st Report") (a copy of the 1st Report was filed with the Court and is incorporated herein). At the conclusion of the Hearing, the Court accepted the 1st Report and approving, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date. With regard to the Special Master's request for fees incurred, the hearing was continued for one (1) week at the request of one of the secured creditors to provide it with additional time to review the Special Master's fee application. During the continued hearing the Special Master provided a brief update on his progress from the previous week and, with no objection being raised as to the Special Master's request for fees, this Court entered an Order approving the Special Master's request for fees with the condition that the Special Master pay himself eighty (80%) percent of the approved fees on that date and hold the remaining twenty (20%) percent approved on reserve.

13. As has been previously reported, on September 30, 2008, a number of the insurance policies covering Landmark Medical Center's operations, assets and employees were scheduled for termination. With the assistance of Keough & Kirby, your Special Master was able to obtain renewals for all terminating policies with the same coverage limits at a savings of approximately \$250,000 per year. In connection with the renewals of the crime/employee dishonesty, fiduciary liability, auto and general/professional/umbrella liability, the insurer, AIG, required the full premium payment of over \$2 million to be paid up front and in full. Thus, so as to not adversely

affect cash-flow for ongoing operations with such a large payment it was necessary for the Special Master to obtain financing through Premium Financing Specialist, Inc. ("PFS"). In connection therewith, on or about October 31, 2008, your Special Master presented the Court with an Emergency *Ex Parte* Motion for Authority to Enter into Insurance Premium Finance Agreement with PFS. Following a chambers conference on the matter with counsel to Radian present this Honorable Court entered an Order granting the Special Master's Motion.

14. As has been previously reported, on or about September 26, 2008, Blue Cross & Blue Shield of Rhode Island ("BCBS") filed a Motion to Compel Landmark Medical Center to Assume or Reject Certain Contracts and Comply with their Terms (the BCBS Motion"). Prior to the hearing on the BCBS Motion the Special Master conducted several discussions/meetings with counsel to BCBS in an effort to resolve the matter. Although the matter was not resolved in full prior to the hearing, the Special Master and BCBS did successfully resolve issues related to BCBS concerns with the confidentiality of its contracts with Landmark Medical Center and on or about November 7, 2008, the Court entered a Consent Order regarding the contract confidentiality issue.

15. On or about November 20, 2008, this Honorable Court conducted a hearing relative to the BCBS Motion and the responses thereto filed by the Special Master and the Rhode Island Attorney General. At the conclusion of the hearing, the Court directed the Special Master and BCBS to continue its good faith discussions towards resolution of the issues and continued the matter for status until January 2, 2009. Subsequently, the hearing was continued until January 13, 2009. At the hearing, the Court requested a chambers conference with the Special Master and the President of BCBS relative to the BCBS Motion and the responses thereto filed by the Special Master and the Rhode Island Attorney General.

16. In addition to the above and in an effort to provide staff with regular updates of the Special Master's efforts, the Special Master has continued his regular meetings with physician groups, department director groups and administration. In

addition to general meetings, the Special Master, with the assistance of administration and the medical staff, has formed a Medical Staff Advisory Committee made up of medical doctors and staff from various disciplines who are provided with bi-weekly status updates and are given an opportunity to ask questions, raise issues and make suggestions regarding the Special Master's partnering and operating efforts. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has meet or participated in conferences with the Court frequently.

17. On or about November 20, 2008, National City Commercial Capital Company filed a Motion for Order to Condition Use of Property, Vacating the Stay Imposed by the Court, or in the Alternative, Fixing the Time Within Which the Debtor Must Assume or Reject Certain Equipment Leases and for the Allowance of Claim and Payment of Administrative Rent. Prior to the hearing on the National City Commercial Capital Companies ("NCCCC") Motion the Special Master conducted several discussions/meetings with counsel to NCCCC in an effort to resolve the matter, and in an effort to provide more time for the discussions/meetings, the hearing was continued until January 22, 2009. At the hearing, the Court entered an Order, (1) continued to April 28, 2009 and (2) pending that hearing, the Special Master shall make monthly payments to NCCCC.

18. On or about December 16, 2008, your Special Master attended a Hearing before this Honorable Court on the Special Master's Second Interim Report and Request for Fees (the "2nd Report") (a copy of the 2nd Report was filed with the Court and is incorporated herein). At the conclusion of the Hearing, the Court accepted the 2nd

Report and approving, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date. With regard to the Special Master's request for fees incurred, this Court entered an Order approving the Special Master's request for fees with the condition that the Special Master pay himself eighty (80%) percent of the approved fees on that date and hold the remaining twenty (20%) percent approved on reserve.

19. On or about January 16, 2009, the Court conducted a hearing relative to Sovereign Bank's Motion to Approve Secured Claim. At the conclusion of the hearing, the Court entered an Order approving Sovereign Bank's first priority mortgage claim and that said claim is secured by certain real property known as 219 Cass Avenue, Woonsocket, Rhode Island and as further described in the Bank's mortgage.

20. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor, medical and/or employment contracts. As a result of the beginning of the new calendar year a number of contracts required renewal and/or re-negotiation to avoid termination and a gap in services and/or supplies. Your Special Master has worked diligently to renew and re-negotiate the terms of these expiring contracts in addition to negotiating the terms of many new contracts with vendors and third party medical services providers who maintain or provide oversight of various critical hospital services and activities to assure the continued and uninterrupted operations of the Hospital. In addition, your Special Master continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at the Hospital across all three shifts.

21. As had been previously reported and continues, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 25-50 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance, accounting and purchasing departments the issues and concerns raised by critical vendors have

substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

22. With the continued assistance of PwC your Special Master has identified and is communicating with multiple parties that may have an interest in acquiring, partnering or establishing some other alliance with Landmark. At this time your Special Master is conducting discussions with multiple parties and remains confident that an initial proposal will be forthcoming. Your Special Master continues to provide this Honorable Court and the State regulatory agencies regular reports regarding the status and substance of those discussions.

23. As had been previously reported, in or about August 2008, the Rhode Island Executive Office of Health and Human Services ("EOHHS") filed a Motion requesting that the Court direct the Special Master to pay, as an administrative expense, the hospital licensing fee set forth in R.I. Gen. Laws § 23-17-38.1 (the "Licensing Fee"), or, in the alternative, to permit the Rhode Island Department of Human Services ("RIDHS") to setoff against said Licensing Fee the disproportionate share payment provided by R.I. Gen. Laws § 40-8.3-3 (the "DSH Payment"). The Special Master submitted a response and supplemental response to the EOHHS Motion. The EOHHS and the Special Master agreed, pending the Court's ruling on this issue, to the terms of a Consent Order which directed that a portion of the funds be paid to the Special Master for his use in Landmark operations (\$2,466,378) and the balance of the funds which are in dispute be deposited in an escrow account (\$3,565,806). The Court entered the Consent Order as presented by the parties and EOHHS had forwarded the amounts to the Special Master which are included in the weekly cash reports submitted by the Special Master.

24. The pre-mastership debt showing on the books and records of Landmark totals slightly more than \$6,000,000. During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

25. Since the engagement of PwC it has submitted regular invoices representing its efforts to assist the Special Master. In connection with the 1st Report the Court authorized the Special Master to pay the PwC invoices for services rendered through August 22, 2008. To date, PwC's outstanding invoices total \$111,435.00 for services rendered through December 12, 2008. It is your Special Master's recommendation that this Honorable Court authorize him to satisfy the PwC outstanding invoices in full. Copies of the outstanding PwC's invoices have been provided to the Court for review.

26. Your Special Master has been able to remain current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the 2nd Report your Special Master held a cash balance of \$7,074.794. Since the filing of the 2nd Report, your Special Master has had receipts totaling \$19,145,392 and disbursements¹ totaling \$20,191,587 leaving cash on hand in the sum of \$6,028.600 all as set forth in the attached **Schedule of Receipts and Disbursements.**²

27. In connection with this Third Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since October 1, 2008, through December 31, 2008. The sum of the Special Master's fees and expenses incurred through the identified time period total \$234,834.97. A copy of your Special Master's fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Third Interim Report and Request for Fees.

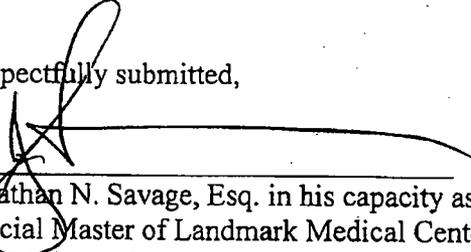

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,586,339), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement or the Bond debt service, interest account, principal account and expense funds.

28. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Third Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a third interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; 3. that the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and, 4. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

Jonathan N. Savage, Esq. in his capacity as
Special Master of Landmark Medical Center
and not individually
1080 Main Street
Pawtucket, RI 02860

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant :

SPECIAL MASTER'S FOURTH INTERIM REPORT
AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office")
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center")
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite")

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg")
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station")
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice")

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 25-50 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to the Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. Your Special Master has retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. ~~On or about July 24, 2008, your Special Master attended the continued~~ Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Since the date of his temporary appointment, your Special Master, members of his administrative team and/or representatives of PwC have maintained a five-day-a-week, three to six hour presence at Landmark. During these periods the Special Master and/or his team have met with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise on a daily basis. These issues range from vendor and supply issues to day-to-day management and patient care issues.

12. On or about February 19, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Third Interim Report and Request for Fees (the "3rd Report"). Copies of the Special Master's First Interim, Second Interim and Third Interim Reports have been filed with the Court and the Special Master relies on the information set forth in each previous Interim Report and by reference incorporates each herein.

13. At the conclusion of the Hearing on the 3rd Report, the Court accepted the 3rd Report and approved, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date. With regard to the Special Master's request for fees incurred, this Court entered an Order approving the Special Master's request for fees in full with the condition that the Special Master immediately reimburse himself seventy five (75%) percent of the approved fees and hold the remaining twenty five (25%) percent in reserve. The Court directed reserve includes the 25% balance of approved fees from the 3rd Report as well as the 20% balance of approved fees from each of the First Interim and Second Interim Reports.

14. Since the filing of the 3rd Report, your Special Master continues to conduct discussions/negotiations with multiple parties having an interest in acquiring, partnering or establishing some other alliance with Landmark. In addition, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health regarding, among other things, issues and progress relative to those discussions/negotiations. Your Special

Master has received a term sheet from a prospective purchaser and is optimistic that a more formal and detailed proposal will be forthcoming shortly.

15. In addition, your Special Master discovered that certain funds due to be paid to Defendant in the amount of approximately \$172,455.00 had been withheld by the Executive Office of Health and Human Services ("EOHHS"). After discussions between the parties, on or about February 20, 2009, your Special Master and the Executive Office of Health and Human Services entered into a Consent Order which resulted in the delivery of those funds to the Mastership Estate and a reservation of rights regarding the same by the parties.

16. On or about March 23, 2009, National City Commercial Capital Company ("National City") and your Special Master agreed upon the terms an Amended Consent Order relative to National City's Motion for Order to Condition Use of Property, Vacating the Stay Imposed by the Court, or in the Alternative, Fixing the Time Within Which the Debtor Must Assume or Reject Certain Equipment Leases and for the Allowance of Claim and Payment of Administrative Rent (the "Motion"). The Consent Order continued the hearing on the Motion until August 2009 and acknowledged that the Special Master would continue to make the agreed payment amounts up through that continued hearing date.

17. On or about April 8, 2009, your Special Master presented this Court with an Emergency Petition for Instructions regarding Subpoenas (the "Emergency Petition"). The Emergency Petition seeks this Honorable Court's instruction regarding the Special Master's need or lack of need to comply with various of subpoenas issued to the Defendant seeking the production of patient records and other documents in litigation in which neither the Defendant nor the Special Master are named parties. The hearing on the Emergency Petition is docketed for April 13, 2009.

18. In addition to the above, the Special Master has continued his meetings with the Medical Staff Advisory Committee, department director groups and

administration. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has meet or participated in conferences with the Court frequently.

19. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor, medical and/or employment contracts. To avoid termination and a gap in services and/or supplies your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts in addition to negotiating the terms of many new contracts with vendors and third party medical services providers who maintain or provide oversight of various critical hospital services and activities to assure the continued and uninterrupted operations of the Hospital. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at the Hospital across all three shifts.

20. As had been previously reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 25-50 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance, accounting and purchasing departments the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

21. The pre-mastership debt showing on the books and records of Landmark totals slightly more than \$6,000,000. During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

~~22. Since the engagement of PwC it has submitted regular invoices representing its efforts to assist the Special Master. In connection with the 3rd Report, this Honorable Court authorized the Special Master to pay the PwC invoices for services rendered through December 12, 2008. Since the filing of the 3rd Report, PwC's outstanding invoice totals \$19,140.00 for services rendered through March 6, 2009. It is your Special Master's recommendation that this Honorable Court authorize him to satisfy the outstanding PwC invoice in full. A copy of the outstanding PwC invoice has been provided to the Court for review.~~

23. Your Special Master has been able to remain current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the 3rd Report, your Special Master held a cash balance of \$6,028,600. Since the filing of the 3rd Report, your Special Master has had receipts totaling \$18,178,836 and disbursements¹ totaling \$17,704,834, leaving cash on hand in the sum of \$6,502,602 all as set forth in the attached **Schedule of Receipts and Disbursements**.²

24. In connection with this Fourth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since January 1, 2009, through February 28, 2009. The sum of the

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,586,339), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement or the Bond debt service, interest account, principal account and expense funds.

Special Master's fees and expenses incurred through the identified time period total \$118,073. A copy of your Special Master's Fourth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Fourth Interim Report and Request for Fees.

25. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Fourth Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a fourth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; 3. that the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and, 4. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

SPECIAL MASTER'S FIFTH INTERIM REPORT AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office")
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center")
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite")

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg")
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station")
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice")

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 15-30 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to the Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. Your Special Master has retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Since the date of his temporary appointment, your Special Master, members of his administrative team and/or representatives of PwC have maintained a five-day-a-week, three to six hour presence at Landmark. During these periods the Special Master and/or his team have met with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise on a daily basis. These issues range from vendor and supply issues to day-to-day management and patient care issues.

12. On or about April 21, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Fourth Interim Report and Request for Fees (the "4th Report"). Copies of the Special Master's First Interim, Second Interim, Third Interim and Fourth Interim Reports have been filed with the Court and the Special Master relies on the information set forth in each previous Interim Report and by reference incorporates each herein.

13. At the conclusion of the Hearing on the 4th Report, the Court accepted the 4th Report and approved, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date. With regard to the Special Master's request for fees incurred, this Court entered an Order approving the Special Master's request for fees in full with the condition that the Special Master immediately reimburse himself eighty (80%) percent of the approved fees and hold the remaining twenty (20%) percent in reserve. The Court directed reserve includes the 20% balance of approved fees from the 4th Report, the 25% balance of approved fees from the 3rd Report, as well as the 20% balance of approved fees from each of the First Interim and Second Interim Reports.

14. On or about April 8, 2009, your Special Master presented this Court with an Emergency Petition for Instructions regarding Subpoenas (the "Emergency Petition"). The Emergency Petition sought this Honorable Court's instruction regarding the Special Master's obligation to comply with various subpoenas issued to the Defendant seeking the production of patient records and other documents in litigation in which neither the Defendant nor the Special Master are named parties. The initial hearing on the

Emergency Petition was held on April 13, 2009; a continued hearing was later held on April 27, 2009. At the conclusion of the Hearing, this Honorable Court took the matter under advisement and indicated that a decision would be made in the near future.

15. Since the filing of the 4th Report, your Special Master continues to conduct discussions/negotiations with multiple parties having an interest in acquiring, partnering or establishing some other alliance with Landmark. In addition, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health regarding, among other things, issues and progress relative to those discussions/negotiations. Your Special Master has received a term sheet from a prospective purchaser and continues to assist the prospective purchaser in its ongoing performance of due diligence. Your Special Master is optimistic that a more formal and detailed proposal will be forthcoming shortly.

16. In addition to continuing discussions/negotiations with multiple interested parties having an interest in acquiring, partnering or establishing some other alliance with Landmark, your Special Master and Blue Cross & Blue Shield of Rhode Island ("BCBS") entered into an agreement which, notwithstanding the Consent Order regarding Confidentiality and Nondisclosure of Blue Cross Contracts dated November 7, 2009, would permit the Special Master to disclose certain contracts and related information between Landmark and BCBS to a specific prospective purchaser. This agreement was expressly subject to the prospective purchaser entering into an agreed upon Confidentiality and Nondisclosure Agreement.¹ On or about May 8, 2009, the Court entered a Consent Order (the "Consent Order") regarding the contract disclosure issue.

17. In addition to the above, the Special Master has continued his meetings with the Medical Staff Advisory Committee, department director groups and administration. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and

¹ In accordance with the Consent Order, the prospective purchaser is an interested party specifically identified by the Special Master to counsel for BCBS.

officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has meet or participated in conferences with the Court frequently.

18. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor, medical and/or employment contracts. To avoid termination and a gap in services and/or supplies your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts in addition to negotiating the terms of many new contracts with vendors and third party medical services providers who maintain or provide oversight of various critical hospital services and activities to assure the continued and uninterrupted operations of the Hospital. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at the Hospital across all three shifts.

19. As had been previously reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance, accounting and purchasing departments the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

20. The pre-mastership debt showing on the books and records of Landmark totals slightly more that \$6,000,000. During your Special Master's operations of

Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

21. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the 4th Report, your Special Master held a cash balance of \$6,502,602. Since the filing of the 4th Report, your Special Master has had receipts totaling \$10,491,746 and disbursements² totaling \$10,892,786, leaving cash on hand in the sum of \$6,101,561 all as set forth in the attached **Schedule of Receipts and Disbursements**.³

22. In connection with this Fifth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since March 1, 2009, through April 30, 2009. The sum of the Special Master's fees and expenses incurred through the identified time period total \$98,540.00. A copy of your Special Master's Fifth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Fifth Interim Report and Request for Fees.

23. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

² As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

³ Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,586,339), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement or the Bond debt service, interest account, principal account and expense funds.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Fifth Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a fifth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; 3. that the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and, 4. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

SPECIAL MASTER'S SIXTH INTERIM REPORT AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
and
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 15-30 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. Your Special Master has retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Since the date of his temporary appointment, your Special Master, members of his administrative team and/or representatives of PwC have maintained a five-day-a-week, three to six hour presence at Landmark. During these periods the Special Master and/or his team have met with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise on a daily basis. These issues range from vendor and supply issues to day-to-day management and patient care issues.

12. On or about May 29, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Fifth Interim Report and Request for Fees (the "5th Report"). Copies of the Special Master's First Interim, Second Interim, Third Interim, Fourth Interim and Fifth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

13. At the conclusion of the hearing on the 5th Report, this Honorable Court accepted the 5th Report and approved, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court but has directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

14. On or about June 9, 2009, after a review of the Reserve Funds and the Orders entered relative to the first four (4) Interim Reports, this Honorable Court entered an Order authorizing and directing the Special Master to pay himself an amount equal to fifty percent (50%) of the Reserve Funds, specifically, the sum of Ninety Three Thousand Two Hundred Forty and 30/100 (\$93,240.30) Dollars. The Order further directed the Special Master continue holding the remaining fifty percent (50%) of the Reserve Funds,

specifically, the sum of Ninety Three Thousand Two Hundred Forty and 30/100 (\$93,240.30) Dollars, in reserve in accordance with and consistent with the prior Orders of this Court.

15. Since the filing of the 5th Report, your Special Master continues to conduct discussions/negotiations with multiple parties having an interest in acquiring, partnering or establishing some other alliance with Landmark. In addition, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health regarding, among other things, issues and progress relative to those discussions/negotiations. As this Honorable Court is aware, your Special Master has received a letter of intent from a prospective purchaser and continues to assist the prospective purchaser in its ongoing performance of due diligence. Your Special Master is optimistic that there will be a formal announcement made in the near future regarding a possible acquisition of Landmark.

16. On or about June 3, 2009, this Honorable Court held a hearing relative to the Motion of Siemens Financial Services, Inc., for an Order Directing the Special Master to Pay Amounts Owed to Siemens Financial, or, in the Alternative, for an Order Vacating the Stay and the Special Master's response thereto (the "Motions"). On or about June 5, 2009, the Special Master and Siemens Financial agreed to the terms of a Consent Order regarding the Motions (the "Consent Order"). The Consent Order, *inter alia*, continued the hearing until November 10, 2009, directed the Special Master to pay the sum of \$150,000.00 to Siemens Financial upon the execution of the Consent Order, and, subject to further Order of this Honorable Court, directed the Special Master to make certain monthly payments to Siemens Financial.

17. On or about May 26, 2009, the Special Master filed a Petition to Compel the Rhode Island Department of Human Services to Re-Open, Review, and, if Appropriate, Correct Medicaid Rebasng Error and Recalculate the Payments Due from Fiscal Year 1996 to the Present, or, in the Alternative, for an Order Directing the Rhode

Island Department of Human Services to Appear and Show Cause Why Such Review and Correction can not be Effected ("Petition to Compel"). The Petition to Compel was docketed for hearing on or about June 10, 2009 and was continued until June 16, 2009 pending ongoing negotiations between the Special Master and the Rhode Island Department of Human Services. On or about June 16, 2009, a conference was held relative to the Petition to Compel and at the conclusion, the Special Master and the Rhode Island Department of Human Services agreed to continue negotiations towards potential settlement of issues set forth in the Petition to Compel.

18. On or about May 27, 2009, Blue Cross & Blue Shield of Rhode Island ("BCBS") filed a Renewed Motion of Blue Cross & Blue Shield to Compel Landmark Medical Center to Assume or Reject Contracts and Comply with their Terms (the "Renewed Motion"). The Renewed Motion was set down for hearing on or about June 9, 2009 and was continued until June 15, 2009. On or about June 15, 2009, a hearing was held relative to the Renewed Motion. At the conclusion of the hearing, this Honorable Court requested a chambers conference on June 24, 2009 with the Special Master and BCBS relative to the Renewed Motion.

19. In addition to the above, the Special Master has continued his meetings with the Medical Staff Advisory Committee, department director groups and administration. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has meet or participated in conferences with the Court frequently.

20. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor, medical and/or employment contracts. To avoid termination and a gap in services and/or supplies your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts in addition to negotiating the terms of many new contracts with vendors and third party medical services providers who maintain or provide oversight of various critical hospital services and activities to assure the continued and uninterrupted operations of the Hospital. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at the Hospital across all three shifts.

21. As had been previously reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance, accounting and purchasing departments the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

22. The pre-mastership debt showing on the books and records of Landmark totals slightly more than \$6,000,000. During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

23. Since the engagement of PwC it has submitted regular invoices representing its efforts to assist the Special Master. Currently, PwC has an outstanding invoice in the amount of \$9,040.00 for services rendered from March 13, 2009 through May 15, 2009. It is your Special Master's recommendation that this Honorable Court

authorize him to satisfy the outstanding PwC invoice in full. A copy of the outstanding PwC invoice has been provided to the Court for review.

24. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the 5th Report, your Special Master held a cash balance of \$6,101,561.00. Since the filing of the 5th Report, your Special Master has had receipts totaling \$10,668,222.00 and disbursements¹ totaling \$10,221,908.00, leaving cash on hand in the sum of \$6,547,876.00 all as set forth in the attached **Schedule of Receipts and Disbursements**.²

25. In connection with this Fifth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since May 1, 2009 through May 31, 2009. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$76,000.00. A copy of your Special Master's Sixth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Sixth Interim Report and Request for Fees.

26. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,634,274), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement or the Bond debt service, interest account, principal account and expense funds.

made against pre-mastership employee and patient debts, as of the filing of this Sixth Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a sixth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; 3. that the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and, 4. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

By his attorneys,
SHECHTMAN HALPERIN SAVAGE, LLP

Stephen F. Del Sesto, Esq. (#6336)

Christina E. Glass, Esq. (#7957)

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

Landmark Medical Center,
Defendant

P.B. No: 08-4371

**SPECIAL MASTER'S SEVENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
and
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 15-30 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to

the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special

Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Originally, your Special Master, members of his administrative team and/or representatives of PwC maintained a five-day-a-week, three to six hour presence at Landmark. Recently, in an effort to reduce expenses of the Estate, the Special Master has substantially decreased his and his team's daily presence and has relied more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about June 30, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Sixth Interim Report and Request for Fees (the "6th Report"). Copies of the Special Master's First Interim, Second Interim, Third Interim, Fourth Interim, Fifth Interim and Sixth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

13. At the conclusion of the hearing on the 6th Report, this Honorable Court accepted the 6th Report and approved, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court but has directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

14. Since the filing of the 6th Report, your Special Master continues to conduct discussions/negotiations with multiple parties having an interest in acquiring,

partnering or establishing some other alliance with Landmark. In addition, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health regarding, among other things, issues and progress relative to those discussions/negotiations. In connection with those discussion/negotiations and as this Honorable Court is aware, your Special Master continues to assist prospective purchasers in their ongoing performance of due diligence. Your Special Master remains optimistic that a formal proposal regarding a possible acquisition of Landmark will be received and presented to this Honorable Court in the near future.

15. As has been previously reported to this Honorable Court, or about May 26, 2009, the Special Master filed a Petition to Compel the Rhode Island Department of Human Services to Re-Open, Review, and, if Appropriate, Correct Medicaid Rebasing Error and Recalculate the Payments Due from Fiscal Year 1996 to the Present, or, in the Alternative, for an Order Directing the Rhode Island Department of Human Services to Appear and Show Cause Why Such Review and Correction can not be Effected ("Petition to Compel"). The Petition to Compel was docketed for hearing on or about June 10, 2009 and was continued until June 16, 2009 pending ongoing negotiations between the Special Master and the Rhode Island Department of Human Services. On or about June 16, 2009, a conference was held relative to the Petition to Compel and at the conclusion, the Special Master and the Rhode Island Department of Human Services agreed to continue negotiations towards potential settlement of issues set forth in the Petition to Compel. The Special Master and the Rhode Island Department of Human Services continue to conduct discussions/negotiations regarding a potential settlement of these issues.

16. As has also been previously to this Honorable Court, on or about May 27, 2009, Blue Cross & Blue Shield of Rhode Island ("BCBS") filed a Renewed Motion of Blue Cross & Blue Shield to Compel Landmark Medical Center to Assume or Reject Contracts and Comply with their Terms (the "Renewed Motion"). Following numerous conferences with BCBS and the Court and numerous hearings, as well as numerous

discussion with BCBS and counsel, the Special Master and BCBS have negotiated terms of an agreement in which, among other things, resulted in the Reciever segregating funds in the amount of \$175,000 to be held as partial adequate protection for BCBS claims.

17. One of the Landmark pension plans required a substantial funding obligation to be satisfied in or about June 2009. Following a careful and extensive review of all issues relating to this funding obligation (the "Funding Obligation") your Special Master elected to fully fund the Funding Obligation and payment was made in or about July 2009.

18. In addition to the above, your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has meet or participated in conferences with the Court frequently.

19. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor, medical and/or employment contracts. To avoid termination and a gap in services and/or supplies your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts in addition to negotiating the terms of many new contracts with vendors and third party medical services providers who maintain or provide oversight of various critical hospital services and activities to assure the continued and uninterrupted operations of the Hospital. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at the Hospital across all three shifts.

20. As had been previously reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance, accounting and purchasing departments the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

21. The pre-mastership debt showing on the books and records of Landmark totals slightly more than \$6,000,000. During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

22. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the 6th Report, your Special Master held a cash balance of \$6,547,876. Since the filing of the 6th Report, your Special Master has had receipts totaling \$23,124,945 and disbursements¹ totaling \$22,065,030, leaving cash on hand in the sum of \$7,607,790, all as set forth in the attached **Schedule of Receipts and Disbursements**.²

23. In connection with this Seventh Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,634,274), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement or the Bond debt service, interest account, principal account and expense funds.

expenses incurred since June 1, 2009 through June 30, 2009. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$60,000.00. A copy of your Special Master's Seventh Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Seventh Interim Report and Request for Fees.

24. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Seventh Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a seventh interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, 3. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant :

SPECIAL MASTER'S EIGHTH INTERIM REPORT
AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
and
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 15-30 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to

the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special

Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Originally, your Special Master, members of his administrative team and/or representatives of PwC maintained a five-day-a-week, three to six hour presence at Landmark. Recently, in an effort to reduce expenses of the Estate, the Special Master has substantially decreased his and his team's daily presence and has relied more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about August 28, 2009, your Special Master filed a Petition for Instructions (the "Petition") seeking the instruction of this Honorable Court regarding issues relating to reimbursement amounts under the Medicare prospective payment system and the potential reclassification of all Providence County hospitals ("PCH") from the Providence - New Bedford - Fall River core-based statistical area ("CBSA") wage index, to the Boston - Quincy Massachusetts CBSA wage index. On or about August 31, 2009, this Honorable Court held a conference relative to the Petition. After conferencing with this Honorable Court and conducting extensive negotiations with all interested parties, Landmark and Kent County Memorial Hospital ("Kent") entered into an agreement wherein: (1) Landmark committed to provide active, tangible and defined support for a change in the current Medicare Legislation, including, without limitation, Section 1186(d)(2) and Section 1833(d)(2) of the Social Security Act which would permit all Rhode Island Hospitals providing inpatient services to receive a higher Area Wage Index through the reclassification process or otherwise; and (2) Kent shall encourage Women & Infants, a co-obligated institution to consider signing a joint application with other PCH's seeking reclassification to the Boston-Quincy, Massachusetts CBSA.

13. On or about August 31, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Seventh Interim Report and Request for Fees (the "7th Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth and Seventh Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

14. At the conclusion of the hearing on the 7th Report, this Honorable Court accepted the 7th Report and approved, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

15. Also on or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining arbitration proceedings that had been initiated against the Special Master by Northern RI United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing on September 11, 2009 (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a hearing relative to the Emergency Motion. Subsequent to the hearing, the Special Master and UNAP agreed to enter into a Consent Order, pursuant to which, the parties will submit an agreed statement of facts and briefs as to how this Court should treat UNAP's claim. This Honorable Court, and not the AAA, will then render a decision on UNAP's claim.

16. Since the filing of the 7th Report, your Special Master continues to conduct discussions/negotiations with multiple parties having an interest in acquiring,

partnering or establishing some other alliance with Landmark. In addition, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health regarding, among other things, issues and progress relative to those discussions/negotiations. In connection with those discussion/negotiations and as this Honorable Court is aware, your Special Master continues to assist prospective purchasers in their ongoing performance of due diligence. Your Special Master remains optimistic that a formal proposal regarding a possible acquisition of Landmark will be received and presented to this Honorable Court in the near future.

17. In addition to the above, your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has meet or participated in conferences with the Court frequently.

18. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor, medical and/or employment contracts. To avoid termination and a gap in services and/or supplies your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts in addition to negotiating the terms of many new contracts with vendors and third party medical services providers who maintain or provide oversight of various critical hospital services and activities to assure the continued and uninterrupted operations of the Hospital. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at the Hospital across all three shifts.

19. As had been previously reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance, accounting and purchasing departments the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

20. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

21. Since the engagement of PwC it has submitted regular invoices representing its efforts to assist the Special Master. Currently, PwC has an outstanding invoice in the amount of \$14,400.00 for services rendered from May 22, 2009 through August 7, 2009. It is your Special Master's recommendation that this Honorable Court authorize him to satisfy the outstanding PwC invoice in full. A copy of the outstanding PwC invoice has been provided to the Court for review.

22. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the 7th Report, your Special Master held a cash balance of \$7,607,790. Since the filing of the 7th Report, your Special Master has

had receipts totaling \$8,137,373 and disbursements¹ totaling \$8,084,860, leaving cash on hand in the sum of \$7,660,302, all as set forth in the attached Schedule of Receipts and Disbursements.²

23. In connection with this Eighth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since July 1, 2009 through August 31, 2009. The sum of the Special Master's fees and expenses incurred through the identified time period total \$117,034.00. A copy of your Special Master's Eighth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Eighth Interim Report and Request for Fees.

24. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will actively pursue and continue discussions with identified strategic partners in order to secure a proposal that can be presented to this Court for consideration.

[THIS SPACE LEFT INTENTIONALLY BLANK]

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,642,087), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement or the Bond debt service, interest account, principal account and expcncs funds.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Eighth Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a eighth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; 3. that the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and, 4. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S NINTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station");
and
- f. 115 Cass Avenue, Woonsocket, Rhode Island, Suite 2 (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field 15-30 calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). This Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA of Strategic Alliances, Ltd. to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to

the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of the Hospital operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties as well as the direction of this Court, your Special

Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Originally, your Special Master, members of his administrative team and/or representatives of PwC maintained a five-day-a-week, three to six hour presence at Landmark. Recently, in an effort to reduce expenses of the Estate, the Special Master has substantially decreased his and his team's daily presence and has relied more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. As has been previously reported to this Court, on or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining arbitration proceedings that had been initiated against the Special Master by Northern RI United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a hearing relative to the Emergency Motion. On or about September 29, 2009, your Special Master and UNAP entered into a Consent Order, pursuant to which: (1) the parties will submit an agreed statement of facts as to how this Court should treat UNAP's claim; (2) the parties will submit initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim; and (3) your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the initial written memoranda. Thereafter, this Honorable Court, and not the AAA, will then render a decision on UNAP's claim.

13. As this Honorable Court is aware, since your Special Master's appointment, your Special Master had been conducting discussions and negotiations with

multiple parties interested in the opportunity to become the strategic alliance partner with Landmark. On or about September 24, 2009, you Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition") seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas"). At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of all other previously interested potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Order, or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. On or about September 30, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Eighth Interim Report and Request for Fees (the "8th Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh and Eighth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

15. At the conclusion of the hearing on the 8th Report, this Honorable Court accepted the 8th Report and approved, confirmed and ratified all the acts, doings, and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

16. Since the entry of the Caritas Order, your Special Master has commenced substantial and regular discussions with Caritas in an effort to define acceptable terms of a strategic alliance partnership with Caritas. Your Special Master is optimistic that a formal agreement between your Special Master and Caritas will be reached and presented to this Honorable Court in the near future.

17. Your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health regarding, among other things, issues and progress relative to the discussions/negotiations with Caritas.

18. As this Honorable Court is aware, your Special Master has also attended numerous hearings and conferences relating to various pre-mastership medical malpractice proceedings involving Landmark. Recently, this Court entered an Order lifting the stay, subject to certain conditions, for one (1) of the medical malpractice litigations. As the Court is aware, a co-defendant to that matter has filed a Petition for a Writ of Certiorari with our Supreme Court. The Supreme Court denied the co-defendant's request for a stay and scheduled the matter for an internal conference on October 15, 2009.

19. In addition to the above, your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and has continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the Landmark community that Landmark continues to provide a high level of medical care and services during this mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and has met or participated in conferences with the Court frequently.

20. Your Special Master and his team have continued to review numerous vendor, services, insurance, labor, medical and/or employment contracts. To avoid termination and a gap in services and/or supplies your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts in addition to negotiating the terms of many new contracts with vendors and third party medical services providers who maintain or provide oversight of various critical hospital services and activities to assure the continued and uninterrupted operations of the Hospital. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at the Hospital across all three shifts.

21. Your Special Master also arranged for the renewal of a number of insurance policies covering Landmark's operations, assets and employees which were scheduled for termination on September 30, 2009. With the assistance of Keough & Kirby Associates, Inc., your Special Master was able to obtain renewals for all terminating policies with the same coverage limits at a cost savings of approximately \$50,000.00 from the previous year.

22. As had been previously reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master still come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances and the exhaustive efforts of the Landmark finance, accounting and purchasing departments the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance and communication regarding those vendors and accounts.

23. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's

operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

24. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the 8th Report, your Special Master held a cash balance of \$7,660,302. Since the filing of the 8th Report, your Special Master has had receipts totaling \$9,316,938 and disbursements¹ totaling \$10,165,271, leaving cash on hand in the sum of \$6,811,869, all as set forth in the attached Schedule of Receipts and Disbursements.²

25. In connection with this Ninth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred since September 1, 2009 through September 30, 2009. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$53,700.00. A copy of your Special Master's Ninth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Ninth Interim Report and Request for Fees.

26. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive discussions with Caritas in an effort to secure a proposal that can be presented to this Court for consideration.

¹ As had been previously discussed with the Court, the reported disbursements include pre-mastership disbursements relative to hospital employee payroll and payroll related amounts as well as pre-petition patient refunds. Other than employee payroll and related amounts and patient refund amounts your Special Master has not made any distributions against any pre-mastership debts.

² Please note that the cash-on-hand does not include the funds held in escrow relative to the RI Hospital License Fee issue (\$3,649,642), the funds held in escrow relative to the Rehab Hospital of Rhode Island building and Medistar Agreement or the Bond debt service, interest account, principal account and expense funds.

WHEREFORE, your Special Master prays that: 1. all of his acts, doings, and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Ninth Interim Report be approved, confirmed and ratified; 2. that the Special Master be awarded a ninth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, 3. that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

STATE OF RHODE ISLAND
PROVIDENCE, SC.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S TENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents
Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately fifteen to thirty (15-30) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. ~~The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.~~

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Originally, your Special Master, members of his administrative team and/or representatives of PwC, maintained a five (5) day-a-week, three (3) to six (6) hour per day,

presence at Landmark. Recently, in an effort to reduce expenses of the Estate, the Special Master has substantially decreased his and his team's daily presence and has relied more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. As has been previously reported to this Court, on or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. On or about September 29, 2009, your Special Master and UNAP entered into a Consent Order. On or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended and Revised Consent Order"), pursuant to which: (1) this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda.

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care

("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of all other previously interested potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order, your Special Master has engaged in substantial and regular discussions and negotiations with Caritas in an effort to define acceptable terms of a strategic alliance partnership with Caritas. Your Special Master has provided regular updates to this Honorable Court with respect to the status of these discussions and negotiations. Your Special Master is optimistic that a formal agreement between your Special Master and Caritas will be reached and presented to this Honorable Court in the near future.

15. On or about October 30, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Ninth Interim Report and Request for Fees (the "Ninth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth and Ninth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

16. At the conclusion of the Hearing on the Ninth Report, this Honorable Court accepted the Ninth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty

five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

17. Your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health, regarding, among other matters, issues and progress relative to the discussions/negotiations with Caritas.

18. As this Honorable Court is aware, your Special Master has also attended numerous hearings and conferences relating to various pre-mastership medical malpractice proceedings involving Landmark. Recently, this Court entered an Order lifting the stay, subject to certain conditions, for one (1) of the medical malpractice litigations. A co-defendant to that matter filed a Petition for a Writ of Certiorari with our Supreme Court (the "Petition"). The Supreme Court denied the co-defendant's request for a stay and held an internal conference on the matter on October 15, 2009 (the "Conference"). Subsequent to the Conference, the Supreme Court denied the Petition in full. Additionally, on or about December 2, 2009, this Honorable Court held a Hearing relative to Landmark Medical Center's Motion for Court Approval of Proposed Settlement (the "Settlement Motion") with respect to another pre-mastership medical malpractice proceeding involving Landmark. Your Special Master reviewed the proposed settlement documentation and concluded that the proposed settlement was reasonable, well within the policy limit for the year in which the action was brought and in the best interests of Landmark and its creditors. In light of the foregoing, your Special Master recommended that this Court approve the proposed settlement. At the conclusion of the Hearing, this Honorable Court entered an Order approving the Settlement Motion.

19. On or about November 6, 2009, your Special Master filed a Petition to Sell Free and Clear of Liens and Encumbrances (the "Petition"), and set the same down for a hearing before this Honorable Court on or about November 16, 2009. In the Petition, your Special Master sought the authorization of this Honorable Court to sell certain lots of real property located on Eddie Dowling Highway in North Smithfield, Rhode Island adjacent to the so-called "Fogarty Campus". Subsequent to the filing of the Petition, Caritas expressed interest in

including the subject lots as part of its partnership proposal with Landmark. As a result, your Special Master requested that this Honorable Court postpone the hearing indefinitely to allow your Special Master time to further explore this aspect of the transaction with Caritas.

20. On or about November 5, 2009, your Special Master and Banc of America Leasing & Capital, LLC ("BoA") entered into a Consent Order regarding Master Lease and Loan and Security Agreement (the "Lease") entered by and between Landmark Medical Center and Banc of America Leasing & Capital, LLC (as successor by merger to Bal Global Finance, LLC f/k/a Fleet Business Credit, LLC) (the "Consent Order"). Your Special Master entered into the Consent Order with BoA to avoid probable and unnecessary litigation regarding equipment that had a value that substantially exceeded the remaining amount due under the Lease. Further, your Special Master understood that retaining the equipment was essential to patient care and the continued operation of certain medical units that utilized the equipment at Landmark.

21. On or about December 2, 2009, this Honorable Court conducted a conference relative to the Special Master's *Ex Parte* Petition to Hire Legal Counsel necessary to handle certain immigration issues relative to the employment of certain members of the hospital medical staff. At the conclusion of the conference, this Honorable Court entered an Order authorizing your Special Master to retain the law firm of Rodio & Brown, Ltd. ("Rodio") to act as the Special Mastership Estate's legal counsel relative to certain employee immigration issues.

22. In addition to the above, your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

23. To avoid termination and a gap in services and/or supplies, your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts.¹ Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

24. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

25. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

26. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, PwC has an outstanding invoice in the amount of \$11,277.00, for services rendered from August 14, 2009 through October 23, 2009. It is your Special Master's recommendation that this Honorable

¹ As has been previously reported to this Honorable Court, your Special Master recently arranged for the renewal of a number of insurance policies covering Landmark's operations, assets and employees, which were scheduled for termination. Your Special Master was able to renew these policies, with the same coverage limits as the previous year, at a cost savings of approximately Fifty Thousand and 00/100 (\$50,000.00) Dollars from the previous year.

Court authorize him to satisfy the outstanding PwC invoice in full. A copy of the outstanding PwC invoice has been provided to the Court for review.

27. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Ninth Report, your Special Master held a cash balance of \$6,811,869. Since the filing of the Ninth Report, your Special Master has had receipts totaling \$13,863,866 and disbursements totaling \$14,984,591, leaving cash on hand in the sum of \$5,691,145, all as set forth in the attached Schedule of Receipts and Disbursements.²

28. In connection with this Tenth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from October 1, 2009 through November 30, 2009. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$105,000.00. A copy of your Special Master's Tenth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Tenth Interim Report and Request for Fees.

29. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive discussions with Caritas in an effort to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Tenth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a tenth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; (3) the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC;

² Please note that the cash on hand does not include the funds held in escrow relative to: (1) the Rhode Island Hospital License Fee issue (\$3,653,258); (2) the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$622,554); (3) the agreement between the Special Master and Blue Cross and Blue Shield of Rhode Island (\$175,518); and (4) the Bond debt service, interest account, principal account and expense funds (\$239,170).

and (4) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

STATE OF RHODE ISLAND
PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant :

**SPECIAL MASTER'S ELEVENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately fifteen to thirty (15-30) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Originally, your Special Master, members of his administrative team and/or representatives of PwC, maintained a five (5) day-a-week, three (3) to six (6) hour per day,

presence at Landmark. Recently, in an effort to reduce expenses of the Estate, the Special Master has substantially decreased his and his team's daily presence and has relied more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. As has been previously reported to this Court, on or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your

Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise."

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of all other previously interested potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order, your Special Master has engaged in substantial and regular discussions and negotiations with Caritas in an effort to define acceptable terms of a strategic alliance partnership with Caritas. Your Special Master has provided regular updates to this Honorable Court with respect to the status of these discussions and negotiations. Your Special Master is optimistic that a formal agreement between your Special Master and Caritas will be reached and presented to this Honorable Court in the near future.

15. On or about December 15, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Tenth Interim Report and Request for Fees (the "Tenth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth and Tenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

16. At the conclusion of the Hearing on the Tenth Report, this Honorable Court accepted the Tenth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

17. Your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health, regarding, among other matters, cash flow, issues and progress relative to the discussions/negotiations with Caritas.

18. Your Special Master has also spent significant amounts of time addressing and responding to numerous issues surrounding a grievance filed by a member of the hospital's union who had been indefinitely suspended by Landmark. The grievance went to arbitration before the American Arbitration Association on January 5, 2010. Prior to the conclusion of the arbitration the parties were able to conduct a "mediation" which resulted in a mutually acceptable settlement of the grievance. The parties are negotiating the specific terms of the settlement which your Special Master anticipates will be finalized within the next 1-2 weeks.

19. As this Honorable Court is aware, your Special Master has also attended numerous hearings and conferences relating to various pre-mastership medical malpractice proceedings involving Landmark.

20. In addition to the above, your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark

continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

21. To avoid termination and a gap in services and/or supplies, your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts.¹ Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

22. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

23. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In

¹ As has been previously reported to this Honorable Court, your Special Master recently arranged for the renewal of a number of insurance policies covering Landmark's operations, assets and employees, which were scheduled for termination. Your Special Master was able to renew these policies, with the same coverage limits as the previous year, at a cost savings of approximately Fifty Thousand and 00/100 (\$50,000.00) Dollars from the previous year.

addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

24. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, PwC has an outstanding invoice in the amount of \$46,310.00, for services rendered from October 30, 2009 through November 13, 2009. It is your Special Master's recommendation that this Honorable Court authorize him to satisfy the outstanding PwC invoice in full. A copy of the outstanding PwC invoice has been provided to the Court for review.

25. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Tenth Report, your Special Master held a cash balance of \$5,691,145. Since the filing of the Tenth Report, your Special Master has had receipts totaling \$8,394,784 and disbursements totaling \$9,875,011, leaving cash on hand in the sum of \$4,210,918, all as set forth in the attached Schedule of Receipts and Disbursements.²

26. In connection with this Eleventh Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from December 1, 2009 through December 31, 2009. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$50,000.00. A copy of your Special Master's Eleventh Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Eleventh Interim Report and Request for Fees.

27. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive

² Please note that the cash-on-hand does not include the funds held in escrow relative to: (1) the Rhode Island Hospital License Fee issue (\$3,653,258); (2) the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$622,554); (3) the agreement between the Special Master and Blue Cross and Blue Shield of Rhode Island (\$175,518); and (4) the Bond debt service, interest account, principal account and expense funds (\$239,170).

discussions with Caritas in an effort to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Eleventh Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded an eleventh interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; (3) the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and (4) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

By his attorneys,
SHECHTMAN HALPERIN SAVAGE, LLP

Stephen F. Del Sesto, Esq. (#6336)

PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S TWELFTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately fifteen to thirty (15-30) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Originally, your Special Master, members of his administrative team and/or representatives of PwC, maintained a five (5) day-a-week, three (3) to six (6) hour per day,

presence at Landmark. Recently, in an effort to reduce expenses of the Estate, the Special Master has substantially decreased his and his team's daily presence and has relied more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. As has been previously reported to this Court, on or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your

Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise." This issue remains open.

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of all other previously interested potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order and the Eleventh Interim Report, your Special Master continues to engage in substantial and regular discussions and negotiations with Caritas in an effort to define acceptable terms of a strategic alliance partnership with Caritas. Your Special Master continues to provide regular updates to this Honorable Court with respect to the status of these discussions and negotiations. In addition to those regular updates, as the Court is aware, your Special Master has participated in numerous meetings and conferences with the Court, Caritas, the Office of the RI Attorney General and the Office of the RI Department of Health to discuss and communicate the multitude of impact issues involved in negotiating and completing this transaction. As previously reported, your Special Master remains optimistic that a formal agreement between your Special Master and Caritas will be reached and presented to this Honorable Court in the near future.

15. On or about January 19, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Eleventh Interim Report and Request for Fees (the "Eleventh Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth and Eleventh Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

16. At the conclusion of the Hearing on the Eleventh Report, this Honorable Court accepted the Eleventh Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

17. As stated above, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health, regarding, among other matters, cash flow, issues and progress relative to the discussions/negotiations with Caritas.

18. Your Special Master has also spent significant amounts of time addressing and responding to numerous issues surrounding a grievance filed by a member of the hospital's union who had been indefinitely suspended by Landmark. The grievance went to arbitration before the American Arbitration Association on January 5, 2010. Prior to the conclusion of the arbitration the parties were able to conduct a "mediation" which resulted in a mutually acceptable settlement of the grievance. Since the hearing on the Eleventh Report, the parties successfully negotiated the specific terms of the settlement.

19. As this Honorable Court is aware, your Special Master has also attended numerous hearings and conferences relating to various pre-mastership medical malpractice proceedings involving Landmark.

20. In addition to the above, your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

21. To avoid termination and a gap in services and/or supplies, your Special Master has worked diligently to renew and re-negotiate the terms of expiring contracts.¹ Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

22. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised

¹ As has been previously reported to this Honorable Court, your Special Master recently arranged for the renewal of a number of insurance policies covering Landmark's operations, assets and employees, which were scheduled for termination. Your Special Master was able to renew these policies, with the same coverage limits as the previous year, at a cost savings of approximately Fifty Thousand and 00/100 (\$50,000.00) Dollars from the previous year.

by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

23. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

24. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, PwC has an outstanding invoice (Invoice 1031528662-4) in the amount of \$21,143.00, for services rendered from November 20, 2009 through December 25, 2009. It is your Special Master's recommendation that this Honorable Court authorize him to satisfy the outstanding PwC invoice in full. A copy of the outstanding PwC invoice has been provided to the Court for review.

25. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Eleventh Report, your Special Master held a cash balance of \$4,210,918. Since the filing of the Eleventh Report, your Special Master has had receipts totaling \$12,120,648 and disbursements totaling \$12,181,417, leaving cash on hand in the sum of \$4,150,149, all as set forth in the attached Schedule of Receipts and Disbursements.²

26. In connection with this Twelfth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from January 1, 2010 through January 31, 2010. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$50,000.00. A copy of

² Please note that the cash-on-hand does not include the funds held in escrow relative to: (1) the Rhode Island Hospital License Fee issue (\$3,653,258); (2) the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$622,554); (3) the agreement between the Special Master and Blue Cross and Blue Shield of Rhode Island (\$175,518); and (4) the Bond debt service, interest account, principal account and expense funds (\$239,170).

your Special Master's Twelfth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Twelfth Interim Report and Request for Fees.

27. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive discussions with Caritas in an effort to secure a proposal that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Twelfth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded an twelfth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; (3) the Special Master be authorized to satisfy the outstanding administrative expenses accrued by PwC; and (4) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

**JONATHAN N. SAVAGE, ESQ. IN HIS CAPACITY AS
SPECIAL MASTER OF LANDMARK MEDICAL CENTER
AND NOT INDIVIDUALLY**

1	The following Capital Expenditure Schedule ("Expenditure Schedule") represents Steward's current plans to fund projected capital needs over the 2012-2016 time period in connection with the acquisition of LMC and RHRI (the "Proposed Conversion"). The Expenditure Schedule is based on current costs and circumstances, including market conditions, Steward's financial projections as to cost and revenues, demand for services, technology, and applicable state/federal laws and regulations (collectively, referred to as "Base Case Factors"). If there is a material change in the Base Case Factors, Steward reserves the right to amend the Expenditure Schedule to reallocate capital between the line items set forth herein, as well as reallocate portions of the \$55,000,000 of projected expenditures listed herein to fund the capital needs of LMC and RHRI following the Proposed Conversion which may arise over the 2012-2016 time period. Capital expenditures for LMC and RHRI shall be subject to applicable regulatory approvals under law.

Providence, RI 02904

We are providing this letter in connection with your audits of the balance sheets of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island as of December 31, 2009 and 2008, and the related statements of operations, partners' deficit, and cash flows for the years then ended for the purpose of expressing an opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (the "Hospital") in conformity with accounting principles generally accepted in the United States of America. We confirm that we are responsible for the fair presentation in the financial statements of financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of September 14, 2011 the following representations made to you during your audit.

1. The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America.

2. We have made available to you all—
 - a. Financial records and related data.
 - b. Minutes of the meetings of trustees, committees or trustees, or summaries of actions of recent meetings for which minutes have not yet been prepared.
 - c. All fiscal intermediary, and third party payor reports and information.
3. There have been no communications (oral or written) from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations in any jurisdiction (including those related to the Medicare and Medicaid antifraud and abuse statutes), deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.
4. There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements.
5. You have proposed adjusting journal entries (see attached schedule) to our consolidated financial statements that will be posted to the Hospital's accounts. We have approved those adjustments.
6. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.
7. We have no knowledge of any fraud or suspected fraud affecting the Hospital involving
 - a. Management,
 - b. Employees who have significant roles in internal control, or
 - c. Others where the fraud could have a material effect on the financial statements.
8. We have no knowledge of any allegations of fraud or suspected fraud affecting the company received in communications from employees, former employees, regulators, or others.
9. The Hospital has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
10. The following have been properly recorded or disclosed in the financial statements:
 - a. Related party transactions and related accounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements, and guarantees.
 - b. Guarantees, whether written or oral, under which the company is contingently liable.

- c. All accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances.
 - d. Off-balance sheet activities, including accounting policies relating to non-consolidation and revenue recognition. Specifically those off-balance sheet activities in which the Hospital is a sponsor or transferor, the majority owners of the off-balance sheet vehicle are independent third parties who have made and maintained a substantive capital investment in the vehicle, control the vehicle, and have substantive risks and rewards of the assets of the vehicle, including residuals.
 - e. Significant common ownership or management control relationships requiring disclosure.
 - f. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances and lines of credit or similar arrangements.
 - g. Agreements to repurchase assets previously sold, including sales with recourse.
 - h. Changes in accounting principle affecting consistency, other than as described in the notes to the financial statements.
 - i. Assets and/or liabilities under the Hospital's control.
 - j. Rights to the assets held by a recipient organization (unless the recipient organization was explicitly granted variance power) as an interest in the net assets of the recipient organization, a beneficial interest or receivable.
11. There are no estimates that may be subject to a material change in the near term that have not been properly disclosed in the financial statements. We understand that near term means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations existing at the date of the financial statements that make the company vulnerable to the risk of a near-term severe impact that have not been properly disclosed in the financial statements.
12. Adequate consideration has been given to, and appropriate provision made for estimated adjustments to revenue, such as for denied claims and changes to case mix group (CMG) assignments.
13. All peer review organizations, fiscal intermediary, and third party payor reports and information have been made available.
14. Receivables reported in the financial statements represent valid claims against debtors for sales or other charges arising on or before balance sheet date and have been appropriately reduced to their estimated realizable values.

15. In regard to cost reports filed with third parties:

- a. All required Medicare, Medicaid, and similar reports have been properly filed.
- b. Management is responsible for the accuracy and propriety of all cost reports filed.
- c. All costs reflected on such reports are appropriate and allowable under applicable reimbursement rules and regulations and are patient related and properly allocated to applicable payors.
- d. The reimbursement methodologies and principles employed are in accordance with applicable rules and regulations.
- e. Adequate consideration has been given to, and appropriate provision made for, audit adjustments by intermediaries, third party payors, or other regulatory agencies.
- f. All items required to be disclosed, included disputed costs that are being claimed to establish a basis for a subsequent appeal, have been fully disclosed in the cost report.
- g. Recorded third party settlements include differences between filed (and to be filed) cost reports and calculated settlements, which are necessary based on the historical experience or new or ambiguous regulations that may be subject to differing interpretations. While management believes the entity is entitled to all amounts claimed on the cost reports, management also believes the amounts of these differences are appropriate.

16. We have reviewed long lived assets and certain identifiable intangibles to be held and used for impairment whenever events or changes in circumstances have indicated that the carrying amount of assets might not be recoverable and have appropriately recorded the adjustment.

17. Processes are in effect to address notifications where billings to third-party payors do not comply in all material respects with applicable coding guidelines and laws and regulations (including those dealing with Medicare and Medicaid antifraud and abuse), and billings reflect only charges for goods and services that were medically necessary; ordered in writing by a treating physician; properly approved by regulatory bodies, if required, and properly rendered.

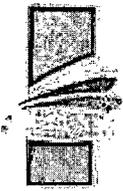

18. There are no:

- a. Violations or possible violations of laws or regulations, such as those related to the Medicare and Medicaid antifraud and abuse statutes, including but not limited to the Medicare and Medicare Anti-Kickback Statutes, Limitation on Certain Physician Referrals (the Stark law), and the False Claims Act, in any jurisdiction, whose effects should be considered for disclosure in the financial statements or as

- a. basis for recording a loss contingency other than those disclosed or accrued in the financial statements.
 - b. Unasserted claims or assessments that our lawyer has advised us are probable of assertion and must be disclosed in accordance with authoritative guidance.
 - c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by authoritative guidance.
19. The following information about financial instruments with off balance sheet risk and financial instruments with concentration of credit risk has been properly disclosed in the financial statements:
- a. Extent, nature, and terms of financial instruments with off balance sheet risk;
 - b. The amount of credit risk of financial instruments with off-balance sheet credit risk and information about the collateral supporting such financial instruments; and
 - c. Significant concentrations of credit risk arising from all financial instruments and information about the collateral supporting such financial instruments.
20. The Hospital is responsible for determining the fair value of financial instruments as required by authoritative guidance. The amounts disclosed represent the Hospital's best estimate of the fair value of financial instruments required to be disclosed under authoritative guidance (and other assets and liabilities, if separately disclosed). The Hospital also has disclosed the methods and significant assumptions used to estimate the fair value of financial instruments.
21. We have no personal knowledge of any officer or trustee of the Hospital, or any other person acting under the direction thereof, having taken any action to fraudulently influence, coerce, manipulate or mislead you during your audit.
22. The Hospital has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral except as made known to you and disclosed in the notes to the financial statements.
23. We have complied with all restrictions on resources (including donor restrictions) and all aspects of contractual and grant agreements that would have a material effect on the financial statements in the event of noncompliance.
24. Management is responsible for compliance with the laws, regulations, donor restrictions, and provisions of contracts and grant agreements applicable to the Hospital. Management has identified and disclosed to you all laws, regulations, donor restriction, and provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts.

25. Note 1 to the financial statements discloses all of the matters of which we are aware that are relevant to the Hospital's ability to continue as a going concern, including significant conditions and events, and managements plans.
26. Provision, when material, has been made for:
- a. Losses to be sustained from inability to fulfill any commitment and provide services.
 - b. Estimated losses to be sustained as a result of retroactive adjustments by third-party payors under reimbursement agreements that are subject to examination, including denied claims, changes to CMG assignments or other classification criteria affecting reimbursement.
 - c. Loss to be sustained as a result of adjustments resulting from review of Medicare or other payor claim data by the payors' reviewers with which the Hospital has agreements.
 - d. Losses to be sustained as a result of purchase commitments for inventory quantities in excess of normal requirements or at prices in excess of prevailing market prices.
 - e. Losses to be sustained as a result of the reduction of excess or obsolete inventories to their estimated net realizable value.
 - f. Audit adjustments by fiscal intermediaries, third party payors, and other regulatory agencies.
27. We are unaware of any violation of all other material provisions of the Internal Revenue Code of 1986, as amended.
28. In regards to the nonattest services performed by you, we have:
- a. Made all management decisions and performed all management functions.
 - b. Designated an individual with suitable skill, knowledge, or experience to oversee the services.
 - c. Evaluated the adequacy and results of the services performed.
 - d. Accepted responsibility for the results of the services.
 - e. Established and maintained internal controls, including monitoring ongoing activities.

Independent Auditors' Report

To Jonathan N. Savage, Esq.
in his capacity as court-appointed Special Master
for Northern Rhode Island Rehab Management Associates, L.P.
d/b/a Rehabilitation Hospital of Rhode Island:

We have audited the accompanying balance sheets of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (the Hospital) as of December 31, 2009 and 2008, and the related statements of operations, partners' deficit, and cash flows for the years then ended. These financial statements are the responsibility of the Hospital's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Hospital as of December 31, 2009 and 2008 and the results of its operations, changes in partners' deficit, and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Hospital will continue as a going concern. As discussed in note 1 to the financial statements, the Hospital has suffered recurring losses from operations and has a partners' deficit that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 1. The financial statements do not include any adjustments other than separation of pre-mastership payables that might result from the outcome of this uncertainty.

Kahn, Litwin, Renza & Co., Ltd.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

(1) Description of Organization

Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (RHRI or the Hospital) is a Delaware Limited Partnership that operates an 82-bed facility, which provides medical rehabilitation and related healthcare services on both an inpatient and outpatient basis.

The Hospital is 50% owned by Landmark Health Systems, Inc. (LHS) and 50% owned by Landmark Medical Center (LMC). Each partner has a one percent (1%) general interest and a forty-nine percent (49%) limited interest in the Partnership, with LMC being the managing general partner.

Liquidity

The Hospital has experienced recurring losses and has an accumulated deficit of approximately \$1,955,100 as of December 31, 2009.

Historically, the Partnership has financed its operating and capital requirements through funds generated from operations, a working capital line of credit, and through inter-company receivables with LMC, from which it purchases administrative and ancillary services. The Hospital had cash and cash equivalents of approximately \$530,800 as of December 31, 2009.

Management's projections indicate continuing losses will result from maintaining current operations for the next twelve months. Management is taking actions to reduce the cash used by operating activities.

On November 14, 2008, the Superior Court of the State of Rhode Island appointed a Special Master to take possession of the property and assets of RHRI and preserve same until further order of the Court. Approximately \$498,600 of payables to vendors were outstanding at the time of Mastership. LMC was also under Special Mastership as of June 26, 2008.

Further, in September 2009 LMC entered into an exclusive negotiating arrangement with the Caritas Christi Healthcare (Caritas Christi). In April 2010, the Superior Court approved a request by the Special Master for LMC and RHRI to enter into a one year Management Advisory Agreement (the Agreement) with Caritas Christi. The Agreement was subsequently terminated and on December 16, 2010 the Superior Court terminated the Exclusivity Provision. No amounts were paid to Caritas Christi under the Agreement

As of September 14, 2011, however, the Hospital continues to operate and to fund operations. The entity has unrestricted cash balances totaling approximately \$1,400,000 at September 14, 2011.

There can be no assurance that actual cash outflows and liquidity needs will not exceed management's projections or that the Hospital will be able to fund operations on a long-term basis in the absence of other sources of cash flow. There can be no assurances that any additional required longer-term financing will be available through additional bank borrowings or long-term debt offerings or, that if such financing is available, that it will be available on terms acceptable to the Hospital.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

These conditions raise substantial doubt about the Hospital's ability to continue as a going concern.

(2) Summary of Significant Accounting Policies

(a) Principles of Accounting and Use of Estimates

The accounts of the Hospital are maintained on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates. The most significant areas that are affected by the use of estimates include valuation of the allowance for contractual adjustments and uncollectible accounts and the valuation of third-party payor settlements.

(b) Cash and Cash Equivalents

The Hospital considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

(c) Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market.

(d) Property and Equipment

Property and equipment are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable asset, ranging from three to twenty years, and is computed on the straight-line method. Amortization of leasehold improvements is calculated using the straight-line method over the shorter of the lease term or estimated lives of the assets.

(e) Long-Lived Assets

In accordance with authoritative guidance, long-lived assets, such as property and equipment, and purchased intangible assets subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset to be tested for possible impairment, the Hospital first compares undiscounted cash flows expected to be generated by the asset to the carrying value of the asset.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques, including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary.

(f) Charity Care and Provision for Uncollectable Patient Accounts

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not intend to pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

As a community provider of healthcare services, the Hospital maintains programs to promote the overall well being of the community which it serves. These services are available to all individuals regardless of their ability to pay for such services. Those unable to pay for the care they receive are eligible to benefit from the Hospital's Financial Hardship/Fee Sponsorship care policy. The amount of charity care provided was approximately \$55,500 and \$60,700 for the years ended December 31, 2009 and 2008, respectively.

The Hospital grants credit without collateral to patients, most of who are local residents and are insured under third-party agreements. Additions to the allowance for doubtful accounts are made by means of a provision for bad debts. Accounts written off as uncollectible are deducted from the allowance and subsequent recoveries are added. The amount of the provision for bad debts is based on management's assessments of historical and expected net collections, business and economic conditions, trends in federal and state governmental healthcare coverage and other collection indicators.

(g) Net Patient Service Revenue

The Hospital has individual agreements with numerous third-party payors that provide reimbursement at amounts different from their established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, and per diem payments.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted if necessary in future periods, as final settlements are determined.

Costs related to Medicaid patients are reimbursed under a prospective cost contract with the Hospital, whereby reimbursement is based on projected costs. Under the prospective cost contract, the Hospital's rate is based on certain budgeted expenditures and budgeted volume negotiated with the Medicaid program. Volume variances from budget are reimbursable to the Hospital or due to Medicaid at marginal cost factors.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

Medicare utilizes a prospective reimbursement system for inpatient services wherein payment is based on the classification of a case into a case-mix group (CMG). Outpatient services related to Medicare beneficiaries are paid based on a prospectively determined reimbursement methodology based on ambulatory payment classification (APC) and fee schedules.

Other payors reimburse the Hospital a per diem rate for most inpatient services. Outpatient services related to other payors' beneficiaries are paid based on an established fee schedule.

(h) Income Taxes

The Hospital is treated as a partnership organized under the laws of the State of Delaware for tax purposes. The Hospital is not a taxpaying entity for federal income tax purposes, and thus, no income tax expense has been recorded in these statements. Partners are required to report on their individual tax returns their proportionate share of the Hospital's income, gains, losses deductions and credits. The Hospital's income tax returns for 2006, 2007 and 2008 are subject to examination by the Internal Revenue Service, generally for three years after they were filed. In 2009, the Hospital adopted authoritative guidance pertaining to uncertain tax positions. Such adoption did not impact the Hospital's financial position or results of operations.

(i) Concentration of Credit Risk

The financial instruments that potentially subject the Hospital to concentrations of credit risk consist principally of cash and cash equivalents. The Hospital maintains its operating accounts in two financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to specified limits. From time to time, the Hospital had bank balances in excess of federally insured limits.

(j) Reclassifications

Certain amounts in the 2008 financial statements have been reclassified to conform to the 2009 financial statement presentation.

(3) Property and Equipment

Major classes of property and equipment are as follows at December 31:

	2009	2008
Leasehold improvements	\$ 273,229	\$ 273,229
Major movable equipment	560,605	544,591
	833,834	817,820
Less accumulated depreciation	(748,481)	(730,058)
	\$ 85,353	\$ 87,762

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

(4) Line of Credit

The Hospital had available \$500,000 under a secured line of credit agreement which was due on demand and collateralized by nongovernmental accounts receivables. The Hospital's line of credit was canceled on July 8, 2008.

(5) Defined Contribution Plan

The Hospital maintains a 401(k) salary deferral plan (the Plan). Employees qualifying under the Plan may make pretax contributions to the Plan, up to statutory limits. The Hospital will match employee contributions at a rate of twenty percent (20%), up to three percent (3%) of the employee's annual salary. In addition, the Hospital was required under union contract to contribute an amount equal to 2% of gross annual salaries for all eligible employees regardless of their participation in the Plan. Contributions made to the Plan by the Hospital were approximately \$21,100 for each of the years ended December 31, 2009 and 2008. RHRI has a payable due to the Plan of approximately \$102,000 related to a discretionary contribution declared in 2007 that has not been remitted to the Plan.

(6) Related-Party Transactions

(a) Purchased Services Agreement

The Hospital has a Purchased Services Agreement (the Agreement) with LMC, which was renewed January 1, 2004 and automatically renews annually on March 1st, unless otherwise terminated, whereby LMC provides dietary, cafeteria, environmental, central services, laundry and linen, pharmacological, EKG, EMG, EEG, reference laboratory, radiological, nuclear medicine, inventory purchasing and control, storeroom, switchboard, management information services, maintenance, repairs, and plant operation, financial and other services, including consulting services, to the Hospital.

The agreement was revised on October 1, 2006 by mutual agreement of the parties with respect to the fees charged, which for stated services are computed under certain formulas (based on LMC's Medicare Cost Report) for each category as provided in the Agreement. Fees for services provided to the Hospital during the years ended December 31, 2009 and 2008 amounted to approximately \$2,096,700 and \$2,042,100, respectively. The Hospital has approximately \$2,949,200 and \$3,060,800 of accrued expenses related to these services and other transactions with LMC included in current liabilities at December 31, 2009 and 2008, respectively. The Hospital also paid LMC approximately \$287,000 and \$379,600, representing its allocated share of expenses for common areas, utilities, and other expenses of the facility paid by LMC for the years ended December 31, 2009 and 2008, respectively.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

(b) Facility Lease

The Hospital had a facility lease with LMC for a facility located in North Smithfield, Rhode Island. The building and related land were sold by LMC during February 2008 (see note 7). Rent expense under this lease amounted to approximately \$40,500 during the year ended December 31, 2008.

(7) Commitments and Contingencies

(a) Contingencies

The Hospital is involved in various malpractice claims and legal proceedings of a nature considered normal to its business. The claims are in various stages and some may ultimately be brought to trial. While it is not feasible to predict or determine the outcome of any of these claims, it is the opinion of management that the liability, if any, to the Hospital in excess of insurance coverage will not have a material adverse effect on the financial position of the Hospital.

(b) Lease Commitments

On February 13, 2008, the building housing the operations of the Hospital and the associated land was sold by LMC to a real estate investment trust in a sale-leaseback transaction. Concurrently, the Hospital entered into a ten-year lease agreement with options to renew the lease for up to 25 additional years with the purchaser of the property. Annual rent began at \$512,000 and escalates 2.5% per year through the expiration of the lease.

In 2002, the Hospital opened a satellite facility in Johnston, Rhode Island and entered into an operating lease with an initial five-year term ending December 2006. Upon expiration, the lease was amended and extended through November 30, 2011. The amended lease requires monthly rental payments of \$7,966.

Rent expense related to these leases was approximately \$628,100 and \$611,700 for the years ended December 31, 2009 and 2008, respectively.

Approximate future minimum lease payments under these leases are as follows:

Year Ending

2010	\$ 632,400
2011	637,900
2012	564,000
2013	578,100
2014	592,600
Thereafter	1,921,300
	<u>\$ 4,926,300</u>

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

(c) Labor Union

At December 31, 2009, the Hospital had 155 employees. Of this total, 67 employees were represented by the Northern Rhode Island United Nurses and Allied Professionals, Local 5067. The current labor agreement expired on June 30, 2008, and the Hospital is currently negotiating a new contract. The Hospital has not experienced any labor stoppages or interruptions in the recent past.

(8) Net Patient Service Revenue and Related Reimbursement

Net patient service revenue was comprised of the following for the years ended December 31:

	2009	2008
Routine services	\$ 9,636,000	\$ 9,880,500
Inpatient ancillary services	10,712,848	10,197,999
Outpatient ancillary services	7,178,207	6,875,733
	27,527,055	26,954,232
Contractual allowances and rate adjustments	(14,656,797)	(13,894,845)
	\$ 12,870,258	\$ 13,059,387

The Hospital maintains agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

(a) Medicare

The Medicare program of the Social Security Administration reimburses non-acute care hospitals under a prospective payment method based on discharges and rehabilitative impairment categories and case-mix groups.

(b) Medicaid

The Medicaid program reimburses the Hospital for services provided to its patients based on a prospectively determined cost based reimbursement system with certain look-back provisions. Inpatient services are reimbursed at one hundred percent (100%) of prospectively determined cost and outpatient services at sixty-four percent (64%) of prospectively determined cost. The Hospital is reimbursed at a tentative rate with final settlement determined after the Hospital's submission of annual cost reports and audits thereof by Medicaid. The annual cost reports filed for the 2006 through 2009 years are open and subject to audit.

(c) Blue Cross

All services rendered to Blue Cross subscribers are reimbursed at prospectively determined negotiated rates per day of hospitalization for inpatient services and per procedure for outpatient services. The prospectively determined rates are not subject to retroactive adjustment.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

(d) Other

The Hospital has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

The Hospital derives a majority of its revenue through provider agreements with the Medicare program of the Social Security Administration, the Rhode Island Medical Assistance Program (Medicaid), Blue Cross/Blue Shield of Rhode Island, and various other health maintenance organizations (HMOs) and commercial insurers. Accordingly, the preceding third parties constitute a majority of the Hospital's patient accounts receivable at December 31, 2009 and 2008 as follows:

	2009	2008
Medicare	30%	26%
Medicaid	7	13
Blue Cross/Blue Shield	14	22
United	18	18
Other payors including self pay, commercial and HMOs	31	21
	100%	100%

Under the terms of various agreements, regulations, and statutes, certain elements of third-party reimbursement are subject to negotiation, audit and/or final determination by the third-party payors. As a result, there is at least a reasonable possibility that the recorded estimates may change. Variances between preliminary estimates of net patient service revenue and final third-party settlements are included in net patient service revenue in the year in which the settlement or change in estimate occurs.

Management continually monitors and evaluates the allowance for doubtful accounts to ensure that receivables are stated at their net realizable value. Management believes that the remaining receivable balances from various payors do not represent any concentration of credit risk to the Hospital.

(9) Supplemental Cash Flow Information

During the years ended December 31, 2009 and 2008, cash paid for interest was \$4,402 and \$7,902, respectively.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

KLR

(10) Subsequent Events

On May 26, 2011, the Hospital and LMC signed an asset purchase agreement (APA) with Steward Medical Holdings Subsidiary Four, Inc. (SMHSF) and Steward Health Care System LLC. The APA was approved by the court on June 8, 2011. In conjunction with the APA, the Hospital and LMC entered into an advisory agreement with SMHSF. Under the terms of the advisory agreement, SMHSF will provide advisory services at no charge to the Medical Center as long as the transactions contemplated in the APA are consummated. Otherwise, a monthly fee of \$35,000 will be charged for each month of service rendered. In addition, the advisory agreement allows for a credit facility to be utilized by the Hospital and LMC to fund working capital needs through the closing of the APA. The Hospital and LMC can borrow up to \$5,000,000 under the terms of the advisory agreement, and as of the date of this report together have borrowed \$1,000,000. Currently the APA is being reviewed by the Rhode Island Department of Health and the Attorney General of the State of Rhode Island.

Management of the Hospital has evaluated subsequent events through September 14, 2011, which is the date these financial statements were available to be issued.

We are providing this letter in connection with your audit of the balance sheets of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island as of December 31, 2008, and the related statements of operations, partners' deficit, and cash flows for the year then ended for the purpose of expressing an opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (the "Hospital") in conformity with accounting principles generally accepted in the United States of America. We confirm that we are responsible for the fair presentation in the financial statements of financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of September 14, 2011 the following representations made to you during your audit.

1. The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America.

2. We have made available to you all—
 - a. Financial records and related data.
 - b. Minutes of the meetings of trustees, committees or trustees, or summaries of actions of recent meetings for which minutes have not yet been prepared.
 - c. All fiscal intermediary, and third party payor reports and information.
3. There have been no communications (oral or written) from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations in any jurisdiction (including those related to the Medicare and Medicaid antifraud and abuse statutes), deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.
4. There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements.
5. You have proposed adjusting journal entries (see attached schedule) to our financial statements that will be posted to the Hospital's accounts. We have approved those adjustments.
6. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.
7. We have no knowledge of any fraud or suspected fraud affecting the Hospital involving
 - a. Management,
 - b. Employees who have significant roles in internal control, or
 - c. Others where the fraud could have a material effect on the financial statements.
8. We have no knowledge of any allegations of fraud or suspected fraud affecting the company received in communications from employees, former employees, regulators, or others.
9. The Hospital has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
10. The following have been properly recorded or disclosed in the financial statements:
 - a. Related party transactions and related accounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements, and guarantees.
 - b. Guarantees, whether written or oral, under which the company is contingently liable.

- c. All accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances.
 - d. Off-balance sheet activities, including accounting policies relating to non-consolidation and revenue recognition. Specifically those off-balance sheet activities in which the Hospital is a sponsor or transferor, the majority owners of the off-balance sheet vehicle are independent third parties who have made and maintained a substantive capital investment in the vehicle, control the vehicle, and have substantive risks and rewards of the assets of the vehicle, including residuals.
 - e. Significant common ownership or management control relationships requiring disclosure.
 - f. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances and lines of credit or similar arrangements.
 - g. Agreements to repurchase assets previously sold, including sales with recourse.
 - h. Changes in accounting principle affecting consistency, other than as described in the notes to the financial statements.
 - i. Assets and/or liabilities under the Hospital's control.
 - j. Rights to the assets held by a recipient organization (unless the recipient organization was explicitly granted variance power) as an interest in the net assets of the recipient organization, a beneficial interest or receivable.
11. There are no estimates that may be subject to a material change in the near term that have not been properly disclosed in the financial statements. We understand that near term means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations existing at the date of the financial statements that make the company vulnerable to the risk of a near-term severe impact that have not been properly disclosed in the financial statements.
12. Adequate consideration has been given to, and appropriate provision made for estimated adjustments to revenue, such as for denied claims and charges to case mix group (CMG) assignments.
13. All peer review organizations, fiscal intermediary, and third party payor reports and information have been made available.
14. Receivables reported in the financial statements represent valid claims against debtors for sales or other charges arising on or before balance sheet date and have been appropriately reduced to their estimated realizable values.

15. In regard to cost reports filed with third parties:

- a. All required Medicare, Medicaid, and similar reports have been properly filed.
- b. Management is responsible for the accurate and propriety of all cost reports filed.
- c. All costs reflected on such reports are appropriate and allowable under applicable reimbursement rules and regulations and are patient related and properly allocated to applicable payors.
- d. The reimbursement methodologies and principles employed are in accordance with applicable rules and regulations.
- e. Adequate consideration has been given to, and appropriate provision made for, audit adjustments by intermediaries, third party payors, or other regulatory agencies.
- f. All items required to be disclosed, included disputed costs that are being claimed to establish a basis for a subsequent appeal, have been fully disclosed in the cost report.
- g. Recorded third party settlements include differences between filed (and to be filed) cost reports and calculated settlements, which are necessary based on the historical experience or new or ambiguous regulations that may be subject to differing interpretations. While management believes the entity is entitled to all amounts claimed on the cost reports, management also believes the amounts of these differences are appropriate.

16. Processes are in effect to address notifications where billings to third-party payors do not comply in all material respects with applicable coding guidelines and laws and regulations (including those dealing with Medicare and Medicaid antifraud and abuse), and billings reflect only charges for goods and services that were medically necessary; ordered in writing by a treating physician; properly approved by regulatory bodies, if required, and properly rendered.

17. There are no:

- a. Violations or possible violations of laws or regulations, such as those related to the Medicare and Medicaid antifraud and abuse statutes, including but not limited to the Medicare and Medicare Anti-Kickback Statutes, Limitation on Certain Physician Referrals (the Stark law), and the False Claims Act, in any jurisdiction, whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency other than those disclosed for accrued in the financial statements.

- b. Unasserted claims or assessments that our lawyer has advised us are probable of assertion and must be disclosed in accordance with authoritative guidance.
 - c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by authoritative guidance.
18. The following information about financial instruments with off balance sheet risk and financial instruments with concentration of credit risk has been properly disclosed in the financial statements:
 - a. Extent, nature, and terms of financial instruments with off balance sheet risk;
 - b. The amount of credit risk of financial instruments with off-balance sheet credit risk and information about the collateral supporting such financial instruments; and
 - c. Significant concentrations of credit risk arising from all financial instruments and information about the collateral supporting such financial instruments.
19. The Hospital is responsible for determining the fair value of financial instruments as required by authoritative guidance. The amounts disclosed represent the Hospital's best estimate of the fair value of financial instruments required to be disclosed under authoritative guidance (and other assets and liabilities, if separately disclosed). The Hospital also has disclosed the methods and significant assumptions used to estimate the fair value of financial instruments.
20. We have no personal knowledge of any officer or trustee of the Hospital, or any other person acting under the discretion thereof, having taken any action to fraudulently influence, coerce, manipulate or mislead you during your audit.
21. The Hospital has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral except as made known to you and disclosed in the notes to the financial statements.
22. We have reviewed long lived assets and certain identifiable intangibles to be held and used for impairment whenever events or changes in circumstances have indicated that the carrying amount of assets might not be recoverable and have appropriately recorded the adjustment.
23. We have complied with all restrictions on resources (including donor restrictions) and all aspects of contractual and grant agreements that would have a material effect on the financial statements in the event of noncompliance.
24. Management is responsible for compliance with the laws, regulations, donor restrictions, and provisions of contracts and grant agreements applicable to the Hospital. Management has identified and disclosed to you all laws, regulations, donor restriction, and provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts.

25. Note 1 to the financial statement discloses all of the matters of which we are aware that are relevant to the Hospital's ability to continue as a going concern, including significant conditions and events, and managements plans.
26. Provision, when material has been made for:
- a. Losses to be sustained from inability to fulfill any commitment and provide services.
 - b. Estimated losses to be sustained as a result of retroactive adjustments by third-party payors under reimbursement agreements that are subject to examination, including denied claims, changes to CMG assignments or other classification criteria affecting reimbursement.
 - c. Loss to be sustained as a result of adjustments resulting from review of Medicare or other payor claim data by the payors' reviewers with which the Hospital has agreements.
 - d. Losses to be sustained as a result of purchase commitments for inventory quantities in excess of normal requirements or at prices in excess of prevailing market prices.
 - e. Losses to be sustained as a result of the reduction of excess or obsolete inventories to their estimated net realizable value.
 - f. Audit adjustments by fiscal intermediaries, third party payors, and other regulatory agencies.
27. We are unaware of any violation of all other material provisions of the Internal Revenue Code of 1986, as amended.
28. In regards to the nonattest services performed by you, we have:
- a. Made all management decisions and performed all management functions.
 - b. Designated an individual with suitable skill, knowledge, or experience to oversee the services.
 - c. Evaluated the adequacy and results of the services performed.
 - d. Accepted responsibility for the results of the services.
 - e. Established and maintained internal controls, including monitoring ongoing activities.

Independent Auditors' Report

To Jonathan N. Savage, Esq.
in his capacity as court-appointed Special Master
for Northern Rhode Island Rehab Management Associates, L.P.
d/b/a Rehabilitation Hospital of Rhode Island:

We have audited the accompanying balance sheet of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (the Hospital) as of December 31, 2008 and the related statements of operations, partners' deficit, and cash flows for the year then ended. These financial statements are the responsibility of the Hospital's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as explained in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In accordance with the terms of our engagement, we have not applied audit procedures necessary to satisfy ourselves about the classifications and amounts comprising the balance sheet at December 31, 2007. The amount of the patient accounts receivable balance at December 31, 2007, and other significant aspects of the balance sheet at that date, including classifications and amounts, materially affect the determination of the results of operations and cash flows for the year ended December 31, 2008.

Because of the matters discussed in the preceding paragraphs, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the results of operations, changes in partners' deficit, and cash flows for the year ended December 31, 2008.

In our opinion, the balance sheet referred to in the first paragraph, with the exception of the accounts receivable balance, presents fairly in all material respects, the financial position of the Hospital as of December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

We have compiled the accompanying balance sheet of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island as of December 31, 2007 and the related statements of operations, partners' deficit, and cash flows for the year then ended in accordance with Statements on Standards for accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

The accompanying financial statements have been prepared assuming that the Hospital will continue as a going concern. As discussed in note 1 to the financial statements, the Hospital has suffered recurring losses from operations and has a partners' deficit that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 1. The financial statements do not include any adjustments other than the separation of pre-mastership payables that might result from the outcome of this uncertainty.

KLR

(1) Description of Organization

Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (RHRI or the Hospital) is a Delaware Limited Partnership that operates an 82-bed facility, which provides medical rehabilitation and related healthcare services on both an inpatient and outpatient basis.

The Hospital is 50% owned by Landmark Health Systems, Inc. (LHS) and 50% owned by Landmark Medical Center (LMC). Each partner has a one percent (1%) general interest and a forty-nine percent (49%) limited interest in the Partnership, with LMC being the managing general partner.

Liquidity

The Hospital has experienced recurring losses and has a partners' deficit of approximately \$1,679,100 as of December 31, 2008.

Historically, the Hospital has financed its operating and capital requirements through funds generated from operations, a working capital line of credit, and through inter-company receivables with LMC, from which it purchases administrative and ancillary services. The Hospital had cash and cash equivalents of approximately \$558,500 as of December 31, 2008.

Management's projections indicate continuing losses will result from current operations for the next twelve four months. Management is taking actions to reduce the cash used by operating activities.

On November 14, 2008, the Superior Court of the State of Rhode Island appointed a Special Master to take possession of the property and assets of RHRI and preserve same until further order of the Court. Approximately \$498,600 of payables to vendors were outstanding at the time of Mastership. LMC was also under Special Mastership as of June 26, 2008.

Further, in September 2009 LMC entered into an exclusive negotiating arrangement with the Caritas Christi Healthcare (Caritas Christi). In April 2010, the Superior Court approved a request by the Special Master for LMC and RHRI to enter into a one year Management Advisory Agreement (the Agreement) with Caritas Christi. The Agreement was subsequently terminated and on December 16, 2010 the Superior Court terminated the Exclusivity Provision. No amounts were paid to Caritas Christi under the Agreement

As of September 14, 2011, however, the Hospital continues to operate and to fund operations. The combined entity has unrestricted cash balances of approximately \$1,400,000 at September 14, 2011.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, L.P.
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

There can be no assurance that actual cash outflows and liquidity needs will not exceed management's projections or that the Hospital will be able to fund operations on a long-term basis in the absence of other sources of cash flow. There can be no assurances that any additional required longer-term financing will be available through additional bank borrowings or long-term debt offerings or, that if such financing is available, that it will be available on terms acceptable to the Hospital.

These conditions raise substantial doubt about the Hospital's ability to continue as a going concern.

(2) Summary of Significant Accounting Policies

(a) Principles of Accounting and Use of Estimates

The accounts of the Hospital are maintained on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most significant areas which are affected by the use of estimates include valuation of the allowance for contractual adjustments and uncollectible accounts and the valuation of third-party payor settlements.

(b) Cash and Cash Equivalents

The Hospital considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

(c) Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market.

(d) Property and Equipment

Property and equipment are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable asset, ranging from three to twenty years, and is computed on the straight-line method. Amortization of leasehold improvements is calculated using the straight-line method over the shorter of the lease term or estimated lives of the assets.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, L.P.
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

(e) Long-Lived Assets

In accordance with FASB Statement No. 144 (SFAS 144), *Accounting for the Impairment or Disposal of Long-Lived Assets*, long-lived assets, such as property and equipment, and purchased intangible assets subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset be tested for possible impairment, the Hospital first compares undiscounted cash flows expected to be generated by the asset to the carrying value of the asset.

If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques, including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary.

(f) Charity Care and Provision for Uncollectible Patient Accounts

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not intend to pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

As a community provider of healthcare services, the Hospital maintains programs to promote the overall well being of the community which it serves. These services are available to all individuals regardless of their ability to pay for such services. Those unable to pay for the care they receive are eligible to benefit from the Hospital's Financial Hardship/Fee Sponsorship care policy. The amount of charity care provided was approximately \$60,700 and \$38,000 for the years ended December 31, 2008 and 2007, respectively.

The Hospital grants credit without collateral to patients, most of whom are local residents and are insured under third-party agreements. Additions to the allowance for doubtful accounts are made by means of a provision for bad debts. Accounts written off as uncollectible are deducted from the allowance and subsequent recoveries are added. The amount of the provision for bad debts is based on management's assessments of historical and expected net collections, business and economic conditions, trends in federal and state governmental healthcare coverage and other collection indicators.

d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

(g) Net Patient Service Revenue

The Hospital has individual agreements with numerous third party payors that provide reimbursement at amounts different from their established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, and per diem payments.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined.

Costs related to Medicaid patients are reimbursed under a prospective cost contract with the Hospital, whereby reimbursement is based on projected costs. Under the prospective cost contract, the Hospital's rate is based on certain budgeted expenditures and budgeted volume negotiated with the Medicaid program. Volume variances from budget are reimbursable to the Hospital or due to Medicaid at marginal cost factors.

Medicare utilizes a prospective reimbursement system for inpatient services wherein payment is based on the classification of a case into a case-mix group (CMG). Outpatient services related to Medicare beneficiaries are paid based on a prospectively determined reimbursement methodology based on ambulatory payment classification (APC) and fee schedules.

Other payors reimburse the Hospital a per diem rate for most inpatient services. Outpatient services related to other payors' beneficiaries are paid based on an established fee schedule.

(h) Income Taxes

The Hospital is treated as a partnership for tax purposes. Accordingly, no provision for federal or state income taxes has been recorded by the Hospital as the income or loss is passed through to the partners and thereby included in each partner's federal and state tax returns.

(i) Recently Issued Accounting Pronouncements

In 2006, FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the enterprise's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, L.P.
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition.

FIN 48 must be applied to all existing tax positions upon its initial adoption. The cumulative effect of applying FIN 48 at adoption, if any, is to be reported as an adjustment to opening equity for the year of adoption. Implementation of FIN 48 will require management to analyze all open tax years, as defined by the statute of limitations, for all major jurisdictions, which includes federal and certain states. Open tax years are those that are open for examination by taxing authorities (i.e., generally the last four tax year-ends and the interim tax period since then). The Hospital has no tax examinations in progress.

In 2008, the FASB issued FASB Staff Position No. 48-3 which permits nonpublic organizations to defer the effective date of FIN 48 until fiscal years beginning after December 15, 2008. Management has elected to defer the application of FIN 48 for the year ending December 31, 2008 and will continue to evaluate uncertain tax positions in accordance with FASB Statement No. 5, *Accounting for Contingencies*.

(j) Concentration of Credit Risk

The financial instruments that potentially subject the Hospital to concentrations of credit risk consist principally of cash and cash equivalents. The Hospital maintains its operating accounts in two financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to specified limits. From time to time, the Hospital had bank balances in excess of federally insured limits.

(3) Property and Equipment

Major classes of property and equipment are as follows at December 31:

	2008	2007
Leasehold improvements	\$ 273,229	\$ 273,229
Major movable equipment	544,591	541,650
	817,820	814,879
Less accumulated depreciation	(730,058)	(696,048)
	\$ 87,762	\$ 118,831

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, L.P.

Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

(4) Line of Credit

The Hospital had available \$500,000 under a secured line of credit agreement which was due on demand and collateralized by nongovernmental accounts receivable. Interest payable on the outstanding balance was 1.5% over the bank's prime rate (7.75% at December 31, 2007). The Hospital's line of credit was canceled on July 8, 2008.

(5) Defined Contribution Plan

The Hospital maintains a 401(k) salary deferral plan (The Plan). Employees qualifying under the Plan may make pretax contributions, up to statutory limits. The Hospital will match employee contributions at a rate of twenty percent (20%), up to three percent (3%) of the employee's annual salary. In addition, the Hospital was required under union contract to contribute an amount equal to 2% of gross annual salaries for all eligible employees regardless of their participation in the Plan. Contributions made to the Plan by RHRI were approximately \$21,100 and \$123,700 for the years ended December 31, 2008 and 2007, respectively. At December 31, 2007, RHRI has a payable due to the Plan of approximately \$102,000 related to a discretionary contribution declared in 2007 that has not been remitted to the Plan.

(6) Related-Party Transactions

(a) Purchased Services Agreement

The Hospital has a Purchased Services Agreement (the Agreement) with LMC, which was renewed January 1, 2004 and automatically renews annually on March 1st, unless otherwise terminated, whereby LMC provides dietary, cafeteria, environmental, central services, laundry and linen, pharmacological, EKG, EMG, EEG, reference laboratory, radiological, nuclear medicine, inventory purchasing and control, storeroom, switchboard, management information services, maintenance, repairs, and plant operation, financial and other services, including consulting services, to the Hospital.

The agreement was revised on October 1, 2006 by mutual agreement of the parties with respect to the fees charged, which for stated services are computed under certain formulas (based on LMC's Medicare Cost Report) for each category as provided in the Agreement. Fees for services provided to the Hospital during the years ended December 31, 2008 and 2007 amounted to approximately \$2,042,100 and \$1,980,400, respectively. The Hospital has approximately \$3,060,800 and \$2,357,600 of accrued expenses related to these services and other transactions with LMC included in current liabilities at December 31, 2008 and 2007, respectively. The Hospital also paid LMC approximately \$379,600 and \$283,200, representing its allocated share of expenses for common areas, utilities, and other expenses of the facility paid by LMC for the years ended December 31, 2008 and 2007, respectively.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, L.P.

Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

(b) Facility Lease

The Hospital had a facility lease with LMC for a facility located in North Smithfield, Rhode Island. The building and related land were sold by LMC during February 2008 (See note 7). Rent expense under this lease amounted to approximately \$40,500 and \$485,400 during the years ended December 31, 2008 and 2007, respectively.

(7) Commitments and Contingencies

(a) Contingencies

The Hospital is involved in various malpractice claims and legal proceedings of a nature considered normal to its business. The claims are in various stages and some may ultimately be brought to trial. While it is not feasible to predict or determine the outcome of any of these claims, it is the opinion of management that the liability, if any, to the Hospital in excess of insurance coverage will not have a material adverse effect on the financial position of the Hospital.

(b) Lease Commitments

On February 13, 2008, the building housing the operations of the Hospital and the associated land was sold by LMC to a real estate investment trust in a sale-leaseback transaction. Concurrently the Hospital entered into a ten-year lease agreement with options to renew the lease for up to 25 additional years with the purchaser of the property. Annual rent begins at \$512,000 and escalates 2.5% per year through the expiration of the lease.

In 2002, the Hospital opened a satellite facility in Johnston, Rhode Island and entered into an operating lease with an initial five-year term ending December 2006. Upon expiration, the lease was amended and extended through November 30, 2011. The amended lease requires monthly rental payments of \$7,966.

Rent expense related to these leases was approximately \$611,700 and \$582,100 for the years ended December 31, 2008 and 2007, respectively.

Approximate future minimum lease payments under these leases are as follows:

<u>Year Ending</u>	
2009	\$ 619,300
2010	632,400
2011	637,900
2012	564,000
2013	578,100
Thereafter	<u>2,513,900</u>
	<u>\$ 5,545,600</u>

d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

(c) Labor Union

At December 31, 2008, the Hospital had 142 employees. Of this total, 63 employees were represented by the Northern Rhode Island United Nurses and Allied Professionals, Local 5067. The current labor agreement expired on June 30, 2008, and the Hospital is currently negotiating a new contract. The Hospital has not experienced any labor stoppages or interruptions in the recent past.

(8) Net Patient Service Revenue and Related Reimbursement

Net patient service revenue was comprised of the following for the years ended December 31:

	2008	2007
Routine services	\$ 9,880,500	\$ 9,041,000
Inpatient ancillary services	10,197,999	9,386,173
Outpatient ancillary services	6,875,733	6,106,270
	26,954,232	24,533,443
Contractual allowances and rate adjustments	(13,894,845)	(10,795,846)
	\$ 13,059,387	\$ 13,737,597

The Hospital maintains agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

(a) Medicare

The Medicare program of the Social Security Administration reimburses nonacute care hospitals under a prospective payment method based on discharges and rehabilitative impairment categories and case-mix groups.

(b) Medicaid

The Medicaid program reimburses the Hospital for services provided to its patients based on a prospectively determined cost based reimbursement system with certain lookback provisions. Inpatient services are reimbursed at one hundred percent (100%) of prospectively determined cost and outpatient services at sixty-four percent (64%) of prospectively determined cost. The Hospital is reimbursed at a tentative rate with final settlement determined after the Hospital's submission of annual cost reports and audits thereof by Medicaid. The annual cost reports filed for the 2006 through the 2008 years are open and subject to audit.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, L.P.
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

(c) Blue Cross

All services rendered to Blue Cross subscribers are reimbursed at prospectively determined negotiated rates per day of hospitalization for inpatient services and per procedure for outpatient services. The prospectively determined rates are not subject to retroactive adjustment.

(d) Other

The Hospital has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

The Hospital derives a majority of its revenue through provider agreements with the Medicare program of the Social Security Administration, the Rhode Island Medical Assistance Program (Medicaid), Blue Cross/Blue Shield of Rhode Island, and various other health maintenance organizations (HMOs) and commercial insurers. Accordingly, the preceding third parties constitute a majority of the Hospital's patient revenue at December 31, 2008 and 2007 as follows:

	2008	2007
Medicare	26%	38%
Medicaid	13	5
Blue Cross/Blue Shield	22	30
United	18	15
Other payors including self pay, commercial, and HMOs	21	12
Total	100%	100%

Under the terms of various agreements, regulations, and statutes, certain elements of third-party reimbursement are subject to negotiation, audit and/or final determination by the third-party payors. As a result, there is at least a reasonable possibility that the recorded estimates may change. Variances between preliminary estimates of net patient service revenue and final third-party settlements are included in net patient service revenue in the year in which the settlement or change in estimate occurs.

Management continually monitors and evaluates the allowance for doubtful accounts to ensure that receivables are stated at their net realizable value. Management believes that the remaining receivable balances from various payors do not represent any concentration of credit risk to the Hospital.

Notes to Financial Statements
Years Ended December 31, 2008 (Audited) and 2007 (Compiled)

KLR

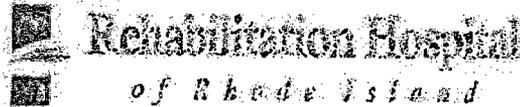

(9) Supplemental Cash Flow Information

During the years ended December 31, 2008 and 2007, cash paid for interest was \$7,902 and \$25,101, respectively.

(10) Subsequent Events

On May 26, 2011, the Hospital and LMC signed an asset purchase agreement (APA) with Steward Medical Holdings Subsidiary Four, Inc. (SMHSF) and Steward Health Care System LLC. The APA was approved by the court on June 8, 2011. In conjunction with the APA, the Hospital and LMC entered into an advisory agreement with SMHSF. Under the terms of the advisory agreement, SMHSF will provide advisory services at no charge to the Medical Center as long as the transactions contemplated in the APA are consummated. Otherwise, a monthly fee of \$35,000 will be charged for each month of service rendered. In addition, the advisory agreement allows for a credit facility to be utilized by the Hospital and LMC to fund working capital needs through the closing of the APA. The Hospital and LMC can borrow up to \$5,000,000 under the terms of the advisory agreement, and as of the date of this report together have borrowed \$1,000,000. Currently the APA is being reviewed by the Rhode Island Department of Health and the Attorney General of the State of Rhode Island.

Management of the Hospital has evaluated subsequent events through September 14, 2011, which is the date these financial statements were available to be issued.

REHABILITATION HOSPITAL OF RHODE ISLAND

116 EDDIE DOWLING HIGHWAY

NORTH SMITHFIELD, RHODE ISLAND 02896

October 20, 2011

Kahn, Litwin, Renza & Co., Ltd.
951 North Main Street
Providence, RI 02904

We are providing this letter in connection with your audits of the balance sheets of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island as of December 31, 2010 and 2009, and the related statements of operations, partners deficit, and cash flows for the years then ended for the purpose of expressing an opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows of Northern Rhode Island Rehab Management Associates, L.P. d/b/a/ Rehabilitation Hospital of Rhode Island (the "Hospital") in conformity with accounting principles generally accepted in the United States of America. We confirm that we are responsible for the fair presentation in the financial statements of financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

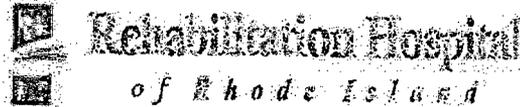

We confirm, to the best of our knowledge and belief, as of October __, 2011 the following representations made to you during your audit.

1. The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America.
2. We have made available to you all—
 - a. Financial records and related data.
 - b. Minutes of the meetings of trustees, committees or trustees, or summaries of actions of recent meetings for which minutes have not yet been prepared.
- c. All fiscal intermediary, and third party payor reports and information.

3. There have been no communications (oral or written) from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations in any jurisdiction (including those related to the Medicare and Medicaid antifraud and abuse statutes), deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the financial statements.
4. There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements.
5. You have proposed adjusting journal entries (see attached schedule) to our financial statements that will be posted to the Hospital's accounts. We have approved those adjustments.
6. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.
7. We have no knowledge of any fraud or suspected fraud affecting the Hospital involving
 - a. Management,
 - b. Employees who have significant roles in internal control, or
 - c. Others where the fraud could have a material effect on the financial statements.
8. We have no knowledge of any allegations of fraud or suspected fraud affecting the Hospital received in communications from employees, former employees, regulators, or others.
9. The Hospital has no plans of intentions that may materially affect the carrying value or classification of assets and liabilities.
10. The following have been properly recorded or disclosed in the financial statements:
 - a. Related party transactions and related accounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements, and guarantees.
 - b. Guarantees, whether written or oral, under which the Hospital is contingently liable.
 - c. All accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances.
 - d. Off-balance sheet activities, including accounting policies relating to non-consolidation and revenue recognition. Specifically those off-balance sheet activities in which the Hospital is a sponsor or transferor, the majority owners of the off-balance sheet vehicle are independent third parties who have made and maintained a substantive capital investment in the vehicle, control the vehicle, and have substantive risks and rewards of the assets of the vehicle, including residuals.
 - e. Significant common ownership or management control relationships requiring disclosure.

- f. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances and lines of credit or similar arrangements.
 - g. Agreements to repurchase assets previously sold, including sales with recourse.
 - h. Changes in accounting principle affecting consistency, other than as described in the notes to the financial statements.
 - i. Assets and/or liabilities under the Hospital's control.
 - j. Rights to the assets held by a recipient organization (unless the recipient organization was explicitly granted variance power) as an interest in the net assets of the recipient organization, a beneficial interest or receivable.
11. There are no estimates that may be subject to a material change in the near term that have not been properly disclosed in the financial statements. We understand that near term means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations existing at the date of the financial statements that make the Hospital vulnerable to the risk of a near-term severe impact that have not been properly disclosed in the financial statements.
 12. Adequate consideration has been given to, and appropriate provision made for estimated adjustments to revenue, such as for denied claims and charges to case mix group (CMG) assignments.
 13. All peer review organizations, fiscal intermediary, and third party payor reports and information have been made available.
 14. Receivables reported in the financial statements represent valid claims against debtors for sales or other charges arising on or before balance sheet date and have been appropriately reduced to their estimated realizable values.
 15. In regard to cost reports filed with third parties:
 - a. All required Medicare, Medicaid, and similar reports have been properly filed.
 - b. Management is responsible for the accurate and propriety of all cost reports filed.
 - c. All costs reflected on such reports are appropriate and allowable under applicable reimbursement rules and regulations and are patient related and properly allocated to applicable payors.
 - d. The reimbursement methodologies and principles employed are in accordance with applicable rules and regulations.
 - e. Adequate consideration has been given to, and appropriate provision made for, audit adjustments by intermediaries, third party payors, or other regulatory agencies.
 - f. All items required to be disclosed, included disputed costs that are being claimed to establish a basis for a subsequent appeal, have been fully disclosed in the cost report.

20. The Hospital is responsible for determining the fair value of financial instruments as required by authoritative guidance. The amounts disclosed represent the Hospital's best estimate of the fair value of financial instruments required to be disclosed under authoritative guidance (and other assets and liabilities, if separately disclosed). The Hospital also has disclosed the methods and significant assumptions used to estimate the fair value of financial instruments.
21. We have no personal knowledge of any officer or trustee of the Hospital, or any other person acting under the discretion thereof, having taken any action to fraudulently influence, coerce, manipulate or mislead you during your audit.
22. The Hospital has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral except as made known to you and disclosed in the notes to the financial statements.
23. We have complied with all restrictions on resources (including donor restrictions) and all aspects of contractual and grant agreements that would have a material effect on the financial statements in the event of noncompliance.
24. Management is responsible for compliance with the laws, regulations, donor restrictions, and provisions of contracts and grant agreements applicable to the Hospital. Management has identified and disclosed to you all laws, regulations, donor restriction, and provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts.
25. Note 1 to the financial statement discloses all of the matters of which we are aware that are relevant to the Hospital's ability to continue as a going concern, including significant conditions and events, and managements plans.
26. Provision, when material has been made for:
 - a. Losses to be sustained from inability to fulfill any commitment and provide services.
 - b. Estimated losses to be sustained as a result of retroactive adjustments by third-party payors under reimbursement agreements that are subject to examination, including denied claims, changes to CMG assignments or other classification criteria affecting reimbursement.
 - c. Loss to be sustained as a result of adjustments resulting from review of Medicare or other payor claim data by the payors' reviewers with which the Hospital has agreements.
 - d. Losses to be sustained as a result of purchase commitments for inventory quantities in excess of normal requirements or at prices in excess of prevailing market prices.
 - e. Losses to be sustained as a result of the reduction of excess or obsolete inventories to their estimated net realizable value.
 - f. Audit adjustments by fiscal intermediaries, third party payors, and other regulatory agencies.
27. We are unaware of any violation of all other material provisions of the Internal Revenue Code of 1986, as amended.

28. In regards to the nonattest services performed by you, we have:
- a. Made all management decisions and performed all management functions.
 - b. Designated an individual with suitable skill, knowledge, or experience to oversee the services.
 - c. Evaluated the adequacy and results of the services performed.
 - d. Accepted responsibility for the results of the services.
 - e. Established and maintained internal controls, including monitoring ongoing activities.
29. Except as disclosed in note 9 to the financial statements no events have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to, or disclosure in, the financial statements.

Very truly yours,

Rehabilitation Hospital of Rhode Island

INDEPENDENT AUDITORS' REPORT

To Jonathan N. Savage, Esq.
in his capacity as court-appointed Special Master
for Northern Rhode Island Rehab Management Associates, L.P.
d/b/a Rehabilitation Hospital of Rhode Island:

We have audited the accompanying balance sheets of Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (the Hospital) as of December 31, 2010 and 2009, and the related statements of operations, partners' deficit, and cash flows for the years then ended. These financial statements are the responsibility of the Hospital's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Hospital as of December 31, 2010 and 2009 and the results of its operations, changes in partners' deficit, and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Hospital will continue as a going concern. As discussed in note 1 to the financial statements, the Hospital has suffered recurring losses from operations and has a partners' deficit that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 1. The financial statements do not include any adjustments other than separation of pre-mastership liabilities that might result from the outcome of this uncertainty.

Kahn, Litwin, Renza & Co., Ltd.

KLR

(1) Description of Organization

Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehabilitation Hospital of Rhode Island (RHRI or the Hospital) is a Delaware Limited Partnership that operates an 82-bed facility, which provides medical rehabilitation and related healthcare services on both an inpatient and outpatient basis.

The Hospital is 50% owned by Landmark Health Systems, Inc. (LHS) and 50% owned by Landmark Medical Center (LMC). Each partner has a one percent (1%) general interest and a forty-nine percent (49%) limited interest in the Partnership, with LMC being the managing general partner.

Liquidity

The Hospital has experienced recurring losses and has an accumulated deficit of approximately \$2,286,000 as of December 31, 2010.

Historically, the Partnership has financed its operating and capital requirements through funds generated from operations, a working capital line of credit, and through inter-company receivables with LMC, from which it purchases administrative and ancillary services. The Hospital had cash and cash equivalents of approximately \$379,800 as of December 31, 2010.

Management's projections indicate continuing losses will result from maintaining current operations for the next twelve months. Management is taking actions to reduce the cash used by operating activities.

On November 14, 2008, the Superior Court of the State of Rhode Island appointed a Special Master to take possession of the property and assets of RHRI and preserve same until further order of the Court. Approximately \$484,800 of payables relate to vendor balances outstanding at the time of Mastership. LMC was also under Special Mastership as of June 26, 2008.

Further, in September 2009 LMC entered into an exclusive negotiating arrangement with the Caritas Christi Healthcare (Caritas Christi). In April 2010, the Superior Court approved a request by the Special Master for LMC and RHRI to enter into a one year Management Advisory Agreement (the Agreement) with Caritas Christi. The Agreement was subsequently terminated and on December 16, 2010 the Superior Court terminated the Exclusivity Provision. No amounts were paid to Caritas Christi under the Agreement

As of October 20, 2011, however, the Hospital continues to operate and to fund operations. The entity has unrestricted cash balances totaling approximately \$337,700 at October 20, 2011.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

There can be no assurance that actual cash outflows and liquidity needs will not exceed management's projections or that the Hospital will be able to fund operations on a long-term basis in the absence of other sources of cash flow. There can be no assurances that any additional required longer-term financing will be available through additional bank borrowings or long-term debt offerings or, that if such financing is available, that it will be available on terms acceptable to the Hospital.

These conditions raise substantial doubt about the Hospital's ability to continue as a going concern.

(2) Summary of Significant Accounting Policies

(a) *Principles of Accounting and Use of Estimates*

The accounts of the Hospital are maintained on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates. The most significant areas that are affected by the use of estimates include valuation of the allowance for contractual adjustments and uncollectible accounts and the valuation of third-party payor settlements.

(b) *Cash and Cash Equivalents*

The Hospital considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

(c) *Inventories*

Inventories are stated at the lower of cost (first-in, first-out) or market.

(d) *Property and Equipment*

Property and equipment are recorded at cost. Depreciation is provided over the estimated useful life of each class of depreciable asset, ranging from three to twenty years, and is computed on the straight-line method. Amortization of leasehold improvements is calculated using the straight-line method over the shorter of the lease term or estimated lives of the assets.

(e) *Long-Lived Assets*

In accordance with authoritative guidance, long-lived assets, such as property and equipment, and purchased intangible assets subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset to be tested for possible impairment, the Hospital first compares undiscounted cash flows expected to be generated by the asset to the carrying value of the asset.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques, including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary.

(f) *Charity Care and Provision for Uncollectable Patient Accounts*

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not intend to pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

As a community provider of healthcare services, the Hospital maintains programs to promote the overall well being of the community which it serves. These services are available to all individuals regardless of their ability to pay for such services. Those unable to pay for the care they receive are eligible to benefit from the Hospital's Financial Hardship/Fee Sponsorship care policy. The amount of charity care provided was approximately \$78,600 and \$55,500 for the years ended December 31, 2010 and 2009, respectively.

The Hospital grants credit without collateral to patients, most of who are local residents and are insured under third-party agreements. Additions to the allowance for doubtful accounts are made by means of a provision for bad debts. Accounts written off as uncollectible are deducted from the allowance and subsequent recoveries are added. The amount of the provision for bad debts is based on management's assessments of historical and expected net collections, business and economic conditions, trends in federal and state governmental healthcare coverage and other collection indicators.

(g) *Net Patient Service Revenue*

The Hospital has individual agreements with numerous third-party payors that provide reimbursement at amounts different from their established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, and per diem payments.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted if necessary in future periods, as final settlements are determined.

Costs related to Medicaid patients are reimbursed under a prospective cost contract with the Hospital, whereby reimbursement is based on projected costs. Under the prospective cost contract, the Hospital's rate is based on certain budgeted expenditures and budgeted volume negotiated with the Medicaid program. Volume variances from budget are reimbursable to the Hospital or due to Medicaid at marginal cost factors.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

Medicare utilizes a prospective reimbursement system for inpatient services wherein payment is based on the classification of a case into a case-mix group (CMG). Outpatient services related to Medicare beneficiaries are paid based on a prospectively determined reimbursement methodology based on ambulatory payment classification (APC) and fee schedules.

Other payors reimburse the Hospital a per diem rate for most inpatient services. Outpatient services related to other payors' beneficiaries are paid based on an established fee schedule.

(h) Income Taxes

The Hospital is treated as a partnership organized under the laws of the State of Delaware for tax purposes. The Hospital is not a taxpaying entity for federal income tax purposes, and thus, no income tax expense has been recorded in these statements. Partners are required to report on their individual tax returns their proportionate share of the Hospital's income, gains, losses deductions and credits. The Hospital's income tax returns for 2007, 2008 and 2009 are subject to examination by the Internal Revenue Service, generally for three years after they were filed. In 2009, the Hospital adopted authoritative guidance pertaining to uncertain tax positions. Such adoption did not impact the Hospital's financial position or results of operations.

(i) Concentration of Credit Risk

The financial instruments that potentially subject the Hospital to concentrations of credit risk consist principally of cash and cash equivalents. The Hospital maintains its operating accounts in two financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to specified limits. From time to time, the Hospital had bank balances in excess of federally insured limits.

(j) Reclassifications

Certain amounts in the 2009 financial statements have been reclassified to conform to the 2010 financial statements presentation.

(3) Property and Equipment

Major classes of property and equipment are as follows at December 31:

	2010	2009
Leasehold improvements	\$ 273,229	\$ 273,229
Major movable equipment	570,404	560,605
	843,633	833,834
Less accumulated depreciation	(766,872)	(748,481)
	\$ 76,761	\$ 85,353

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

(4) Defined Contribution Plan

The Hospital maintains a 401(k) salary deferral plan (the Plan). Employees qualifying under the Plan may make pretax contributions to the Plan, up to statutory limits. The Hospital will match employee contributions at a rate of twenty percent (20%), up to three percent (3%) of the employee's annual salary. In addition, the Hospital is required under union contract to contribute an amount equal to 2% of gross annual salaries for all eligible employees regardless of their participation in the Plan. Contributions made to the Plan by the Hospital were approximately \$21,100 for each of the years ended December 31, 2010 and 2009. RHRI has a payable due to the Plan of approximately \$102,000 related to a discretionary contribution declared in 2007. As of December 31, 2010 the contribution has not been remitted to the Plan and is recorded as other liabilities - pre-mastership.

(5) Related Party Transactions

The Hospital has a Purchased Services Agreement (the Agreement) with LMC, which was renewed January 1, 2004 and automatically renews annually on March 1st, unless otherwise terminated, whereby LMC provides dietary, cafeteria, environmental, central services, laundry and linen, pharmacological, EKG, EMG, EEG, reference laboratory, radiological, nuclear medicine, inventory purchasing and control, storeroom, switchboard, management information services, maintenance, repairs, and plant operation, financial and other services, including consulting services, to the Hospital.

The agreement was revised on October 1, 2006 by mutual agreement of the parties with respect to the fees charged, which for stated services are computed under certain formulas (based on LMC's Medicare Cost Report) for each category as provided in the Agreement. Fees for services provided to the Hospital during the years ended December 31, 2010 and 2009 amount ed to approximately \$2,232,000 and \$2,096,700 respectively. The Hospital has approximately \$2,796,300 and \$2,949,200 of accrued expenses related to these services and other transactions with LMC included in current liabilities at December 31, 2010 and 2009, respectively. The Hospital also paid LMC approximately \$228,900 and \$287,000, representing its allocated share of expenses for common areas, utilities, and other expenses of the facility paid by LMC for the years ended December 31, 2010 and 2009, respectively.

(6) Commitments and Contingencies

(a) Contingencies

The Hospital is involved in various malpractice claims and legal proceedings of a nature considered normal to its business. The claims are in various stages and some may ultimately be brought to trial. While it is not feasible to predict or determine the outcome of any of these claims, it is the opinion of management that the liability, if any, to the Hospital in excess of insurance coverage will not have a material adverse effect on the financial position of the Hospital.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

(b) Lease Commitments

On February 13, 2008, the building housing the operations of the Hospital and the associated land was sold by LMC to a real estate investment trust in a sale-leaseback transaction. Concurrently, the Hospital entered into a ten-year lease agreement with options to renew the lease for up to 25 additional years with the purchaser of the property. Annual rent began at \$512,000 and escalates 2.5% per year through the expiration of the lease. The escalation clause of the lease has been frozen as a result of the Mastership.

In 2002, the Hospital opened a satellite facility in Johnston, Rhode Island and entered into an operating lease with an initial five-year term ending December 2006. Upon expiration, the lease was amended and extended through November 30, 2011. The amended lease required monthly rental payments of \$7,966. The lease was terminated during September 2011.

Rent expense related to these leases was approximately \$632,000 and \$628,100 for the years ended December 31, 2010 and 2009, respectively.

Approximate future minimum lease payments under these leases are as follows:

<u>Year Ending</u>	
2011	\$ 637,900
2012	564,000
2013	578,100
2014	592,600
2015	607,400
Thereafter	<u>1,314,000</u>
	<u>\$ 4,294,000</u>

(c) Labor Union

At December 31, 2010, the Hospital had 159 employees. Of this total, 71 employees were represented by the Northern Rhode Island United Nurses and Allied Professionals, Local 5067. The current labor agreement expired on June 30, 2008, and the Hospital is currently negotiating a new contract. The Hospital has not experienced any labor stoppages or interruptions in the recent past.

Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

(7) Net Patient Service Revenue and Related Reimbursement

Net patient service revenue was comprised of the following for the years ended December 31:

	2010	2009
Routine services	\$ 9,938,775	\$ 9,636,000
Inpatient ancillary services	12,206,761	10,712,848
Outpatient ancillary services	6,931,171	7,178,207
	29,076,707	27,527,055
Contractual allowances and rate adjustments	(15,918,447)	(14,656,797)
	\$ 13,158,260	\$ 12,870,258

The Hospital maintains agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

(a) Medicare

The Medicare program of the Social Security Administration reimburses non-acute care hospitals under a prospective payment method based on discharges and rehabilitative impairment categories and case-mix groups.

(b) Medicaid

The Medicaid program reimburses the Hospital for services provided to its patients based on a prospectively determined cost based reimbursement system with certain look-back provisions. Inpatient services were reimbursed at one hundred percent (100%) of prospectively determined cost and outpatient services at sixty-four percent (64%) of prospectively determined cost through June 30, 2010. Effective July 1, 2010 the Medicaid program changed their payment methodology from a prospectively determined cost based system to a diagnosis related group (DRG) based system. The Hospital is reimbursed at a tentative rate with final settlement determined after the Hospital's submission of annual cost reports and audits thereof by Medicaid. The annual cost reports filed for the 2006 through 2009 years are open and subject to audit.

(c) Blue Cross

All services rendered to Blue Cross subscribers are reimbursed at prospectively determined negotiated rates per day of hospitalization for inpatient services and per procedure for outpatient services. The prospectively determined rates are not subject to retroactive adjustment.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

(d) Other

The Hospital has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

The Hospital derives a majority of its revenue through provider agreements with the Medicare program of the Social Security Administration, the Rhode Island Medical Assistance Program (Medicaid), Blue Cross/Blue Shield of Rhode Island, and various other health maintenance organizations (HMOs) and commercial insurers. Accordingly, the preceding third parties constitute a majority of the Hospital's patient accounts receivable at December 31, 2010 and 2009 as follows:

	2010	2009
Medicare	32%	30%
Medicaid	8	7
Blue Cross/Blue Shield	23	14
United	13	18
Other payors including self pay, commercial and HMOs	24	31
	100%	100%

Under the terms of various agreements, regulations, and statutes, certain elements of third-party reimbursement are subject to negotiation, audit and/or final determination by the third-party payors. As a result, there is at least a reasonable possibility that the recorded estimates may change. Variances between preliminary estimates of net patient service revenue and final third-party settlements are included in net patient service revenue in the year in which the settlement or change in estimate occurs.

Management continually monitors and evaluates the allowance for doubtful accounts to ensure that receivables are stated at their net realizable value. Management believes that the remaining receivable balances from various payors do not represent any concentration of credit risk to the Hospital.

(8) Supplemental Cash Flow Information

During the years ended December 31, 2010 and 2009, cash paid for interest was approximately \$3,300 and \$4,400, respectively.

NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, LP
d/b/a Rehabilitation Hospital of Rhode Island
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

KLR

(9) Subsequent Events

On May 26, 2011, the Hospital and LMC signed an asset purchase agreement (APA) with Steward Medical Holdings Subsidiary Four, Inc. (SMHSF) and Steward Health Care System LLC. The APA was approved by the court on June 8, 2011. In conjunction with the APA, the Hospital and LMC entered into an advisory agreement with SMHSF. Under the terms of the service agreement, SMHSF will provide advisory services at no charge to the Hospital and LMC as long as the transactions contemplated in the APA are consummated. Otherwise, a monthly fee of \$35,000 will be charged for each month of service rendered. In addition, the service agreement allows for a credit facility to be utilized by the Hospital and LMC to fund working capital needs through the closing of the APA. The Hospital and LMC can borrow up to \$5,000,000 under the terms of the service agreement, and as of the date of this report LMC has borrowed \$1,675,000. Currently the APA is being reviewed by the Rhode Island Department of Health and the Attorney General of the State of Rhode Island.

Management of the Hospital has evaluated subsequent events through October 20, 2011, which is the date these financial statements were available to be issued.

WOONSOCKET, RI 02895-0925

September 14, 2011

Kahn, Litwin, Renza & Co., Ltd.
951 North Main Street
Providence, RI 02904

We are providing this letter in connection with your audits of the consolidated balance sheets of Landmark Medical Center and Affiliates as of September 30, 2008 and 2007, and the related consolidated statements of operations, changes in net deficit, and cash flows for the years then ended for the purpose of expressing an opinion as to whether the consolidated financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows of Landmark Medical Center and Affiliates (the "Medical Center") in conformity with accounting principles generally accepted in the United States of America. We confirm that we are responsible for the fair presentation in the financial statements of financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of September 14, 2011 the following representations made to you during your audit.

1. The consolidated financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America.
2. We have made available to you all—
 - a. Financial records and related data.

LMC 01842

- b. Minutes of the meetings of trustees, committees of trustees, or summaries of actions of recent meetings for which minutes have not yet been prepared.
 - c. All fiscal intermediary, and third party payor reports and information.
 3. There have been no communications (oral or written) from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations in any jurisdiction (including those related to the Medicare and Medicaid antifraud and abuse statutes), deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the consolidated financial statements.
 4. There are no material transactions that have not been properly recorded in the accounting records underlying the consolidated financial statements.
 5. You have proposed adjusting journal entries (see attached schedule) to our consolidated financial statements that will be posted to the Medical Center's accounts. We have approved those adjustments.
 6. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.
 7. We have no knowledge of any fraud or suspected fraud affecting the Medical Center involving
 - a. Management,
 - b. Employees who have significant roles in internal control, or
 - c. Others where the fraud could have a material effect on the consolidated financial statements.
 8. We have no knowledge of any allegations of fraud or suspected fraud affecting the company received in communications from employees, former employees, regulators, or others.
 9. The following have been properly recorded or disclosed in the consolidated financial statements:
 - a. Related party transactions and related accounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements, and guarantees.
 - b. Guarantees, whether written or oral, under which the Medical Center is contingently liable.
 - c. All accounting estimates that could be material to the consolidated financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances.

LMC 01843

- d. Off-balance sheet activities, including accounting policies relating to non-consolidation and revenue recognition. Specifically those off-balance sheet activities in which the Medical Center is a sponsor or transferor, the majority owners of the off-balance sheet vehicle are independent third parties who have made and maintained a substantive capital investment in the vehicle, control the vehicle, and have substantive risks and rewards of the assets of the vehicle, including residuals.
 - e. Significant common ownership or management control relationships requiring disclosure.
 - f. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances and lines of credit or similar arrangements.
 - g. Agreements to repurchase assets previously sold, including sales with recourse.
 - h. Changes in accounting principle affecting consistency, other than as described in the notes to the financial statements.
 - i. Assets and/or liabilities under the Medical Center's control.
 - j. Rights to the assets held by a recipient organization (unless the recipient organization was explicitly granted variance power) as an interest in the net assets of the recipient organization, a beneficial interest or receivable.
10. There are no estimates that may be subject to a material change in the near term that have not been properly disclosed in the consolidated financial statements. We understand that near term means the period within one year of the date of the consolidated financial statements. In addition, we have no knowledge of concentrations existing at the date of the consolidated financial statements that make the company vulnerable to the risk of a near-term severe impact that have not been properly disclosed in the consolidated financial statements.
11. Adequate consideration has been given to, and appropriate provision made for estimated adjustments to revenue, such as for denied claims and changes to diagnosis related group (DRG) assignments.
12. We are responsible for making the fair value measurements and disclosures included in the consolidated financial statements, including determining the fair value of investments for which a readily determinable fair value does not exist. As part of fulfilling this responsibility, we have established an accounting and financial reporting process for determining the fair value measurements and disclosures, considered the appropriateness of valuation methods, adequately supported any significant assumptions used, and ensured that the presentation and disclosure of the fair value measurements are in accordance with accounting principles generally accepted in the United States of America. We believe the assumptions and methods used by us, including those used by

specialists engaged by us, are appropriate in the circumstances and the resulting valuations and disclosures are reasonable.

13. All peer review organizations, fiscal intermediary, and third party payor reports and information have been made available.
14. Receivables reported in the consolidated financial statements represent valid claims against debtors for sales or other charges arising on or before balance sheet date and have been appropriately reduced to their estimated realizable values.
15. In regard to cost reports filed with third parties:
 - a. Except as disclosed in the financial statements, all required Medicare, Medicaid, and similar reports have been properly filed.
 - b. Management is responsible for the accuracy and propriety of all cost reports filed.
 - c. All costs reflected on such reports are appropriate and allowable under applicable reimbursement rules and regulations and are patient related and properly allocated to applicable payors.
 - d. The reimbursement methodologies and principles employed are in accordance with applicable rules and regulations.
 - e. Adequate consideration has been given to, and appropriate provision made for, audit adjustments by intermediaries, third party payors, or other regulatory agencies.
 - f. All items required to be disclosed, included disputed costs that are being claimed to establish a basis for a subsequent appeal, have been fully disclosed in the cost report.
 - g. Recorded third party settlements include differences between filed (and to be filed) cost reports and calculated settlements, which are necessary based on the historical experience or new or ambiguous regulations that may be subject to differing interpretations. While management believes the entity is entitled to all amounts claimed on the cost reports, management also believes the amounts of these differences are appropriate.
16. Processes are in effect to address notifications where billings to third-party payors do not comply in all material respects with applicable coding guidelines and laws and regulations (including those dealing with Medicare and Medicaid antifraud and abuse), and billings reflect only charges for goods and services that were medically necessary; ordered in writing by a treating physician; properly approved by regulatory bodies, if required, and properly rendered.

17. There are no:
- a. Violations or possible violations of laws or regulations, such as those related to the Medicare and Medicaid antifraud and abuse statutes, including but not limited to the Medicare and Medicare Anti-Kickback Statutes, Limitation on Certain Physician Referrals (the Stark law), and the False Claims Act, in any jurisdiction, whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency other than those disclosed or accrued in the financial statements.
 - b. Unasserted claims or assessments that our lawyer has advised us are probable of assertion and must be disclosed in accordance with authoritative guidance.
 - c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by authoritative guidance.
 - d. Designations of net assets disclosed to you that were not properly authorized and approved, or reclassifications of net assets that have not been properly reflected in the consolidated financial statements.
18. The following information about financial instruments with off balance sheet risk and financial instruments with concentration of credit risk has been properly disclosed in the consolidated financial statements:
- a. Extent, nature, and terms of financial instruments with off balance sheet risk;
 - b. The amount of credit risk of financial instruments with off-balance sheet credit risk and information about the collateral supporting such financial instruments; and
 - c. Significant concentrations of credit risk arising from all financial instruments and information about the collateral supporting such financial instruments.
19. The Medical Center is responsible for determining the fair value of financial instruments as required by authoritative guidance. The amounts disclosed represent the Medical Center's best estimate of the fair value of financial instruments required to be disclosed under authoritative guidance (and other assets and liabilities, if separately disclosed). The Medical Center also has disclosed the methods and significant assumptions used to estimate the fair value of financial instruments.
20. We have no personal knowledge of any officer or trustee of the Medical Center, or any other person acting under the direction thereof, having taken any action to fraudulently influence, coerce, manipulate or mislead you during your audit.
21. The Medical Center has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral except as made known to you and disclosed in the notes to the consolidated financial statements.

22. We have reviewed long lived assets and certain identifiable intangibles to be held and used for impairment whenever events or changes in circumstances have indicated that the carrying amount of assets might not be recoverable and have appropriately recorded the adjustment.
23. We have complied with all restrictions on resources (including donor restrictions) and all aspects of contractual and grant agreements that would have a material effect on the consolidated financial statements in the event of noncompliance.
24. Management is responsible for compliance with the laws, regulations, donor restrictions, and provisions of contracts and grant agreements applicable to the Medical Center. Management has identified and disclosed to you all laws, regulations, donor restriction, and provisions of contracts and grant agreements that have a direct and material effect on the determination of financial statement amounts.
25. Note 1 to the consolidated financial statement discloses all of the matters of which we are aware that are relevant to the Medical Center's ability to continue as a going concern, including significant conditions and events, and managements plans.
26. The Medical Center has accounted for asset retirement obligations in accordance with authoritative guidance. The Medical Center recognized the obligations when incurred using management's best estimate of fair value. In addition, the asset retirement obligation for the Forgarty unit has been removed as the Medical Center's liability was transferred with the sale.
27. Tax exempt bonds issued have retained their tax exempt status.
28. The Medical Center has adopted the recognition requirements of authoritative guidance, and has recognized the funded status of its defined benefit retirement plan in the consolidated balance sheet.
29. The actuarial assumptions and methods used to measure pension liability and costs for financial accounting purposes are appropriate in the circumstances.
30. Provisions, when material, have been made for:
 - a. Losses to be sustained from inability to fulfill any commitment and provide services.
 - b. Estimated losses to be sustained as a result of retroactive adjustments by third-party payors under reimbursement agreements that are subject to examination, including denied claims, changes to DRG assignments or other classification criteria affecting reimbursement.
 - c. Loss to be sustained as a result of adjustments resulting from review of Medicare or other payor claim data by the payors' reviewers with which the Medical Center has agreements.

- d. Losses to be sustained as a result of purchase commitments for inventory quantities in excess of normal requirements or at prices in excess of prevailing market prices.
 - e. Losses to be sustained as a result of the reduction of excess or obsolete inventories to their estimated net realizable value.
 - f. Audit adjustments by fiscal intermediaries, third party payors, and other regulatory agencies.
31. The Medical Center and its subsidiaries have been recognized as exempt from federal income taxes under Section 501 (a) of the Internal Revenue Code of 1986 as an organization described in Section 501 (c) (3) of the Code, as evidenced by our determination letter. Since the date of our determination letters, no changes have occurred in the organizations or operation of the Medical Center that would affect our tax exempt status. Provision has been made, where material, for any federal, state, or local income, excise, employment, property, sales and use, or other tax liability.
32. We are unaware of any violation of all other material provisions of the Internal Revenue Code of 1986, as amended.
33. The Medical Center has a reasonable basis for allocation of functional expenses.
34. The Medical Center is not subject to the requirements of OMB Circular A-133 or 45 CFR Section 74.26, *Uniform Administrative Requirements for Awards and Sub-awards to Institutions of Higher Education, Medical Centers, Other Nonprofit Organizations, and Commercial Organizations; and Certain Grants and Agreements with States, Local Governments and Indian Tribal Governments*, as it did not expend more than \$500,000 in federal awards during the year ended September 30, 2008 or 2007.
35. We are unaware of any failure to make good faith effort to classify net assets as unrestricted, temporarily restricted or permanently restricted based on our assessment of the donor's intention, as specified in original donor correspondence where available. Where not available, we used other corroborating evidential matter including minutes of the Board, accounting records and financial statements. To the extent that we were unable to review original donor correspondence to determine the amount of the original gift and donor additions, our determination of such amount was based on our best estimate considering the relevant facts and circumstances. Amounts classified as temporarily restricted are subject to donor-imposed purpose or time restrictions which precluded us from expending such amounts or recognizing such amounts as unrestricted as of September 30, 2008. In addition, we believe that classified appreciation and income related to such donations have been recorded in accordance with relevant donor or statutory restrictions.

36. In regards to the nonattest services performed by you, we have:
- a. Made all management decisions and performed all management functions.
 - b. Designated an individual with suitable skill, knowledge, or experience to oversee the services.
 - c. Evaluated the adequacy and results of the services performed.
 - d. Accepted responsibility for the results of the services.
 - e. Established and maintained internal controls, including monitoring ongoing activities.
37. As disclosed in Note 20 in the consolidated financial statements, the Medical Center and the Special Master do not believe the Medical Center is obligated to pay the scheduled pay increases due to the union employees and therefore has not accrued for them in the financial statements. However, in the event the Court were to rule in favor of the union employees, the Medical Center could be obligated to pay up to approximately \$1,350,000, which includes potential retroactive pay increases from October 1, 2008 to January 1, 2009, as well as the additional increases beginning April 1, 2009 through September 14, 2011.
38. As disclosed in Note 20 in the consolidated financial statements, the Medical Center did not make its required contribution of approximately \$2,343,600 to its defined benefit pension plan due on June 15, 2011. The Medical Center filed the required forms with the Pension Benefit Guarantee Corporation (PBGC) within the required 10 day response time. Payment will not be made and termination procedures will be initiated.
39. Except as disclosed in note 20 to the consolidated financial statements no events have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to, or disclosure in, the consolidated financial statements.

Very truly yours,

Landmark Medical Center and Affiliates

 Jonathan N. Savage, Special Master

Independent Auditors' Report

To Jonathan N. Savage, Esq.,
in his capacity as Court-appointed Special Master
for Landmark Medical Center:

We have audited the accompanying consolidated balance sheet of Landmark Medical Center and Affiliates (the Medical Center) as of September 30, 2008, and the related consolidated statements of operations, changes in net deficit, and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Medical Center's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. The financial statements of Landmark Medical Center and Affiliates as of and for the year ended September 30, 2007 were audited by other auditors whose report dated June 12, 2008, on those statements included an explanatory paragraph describing conditions that raised substantial doubt about the Medical Center's ability to continue as a going concern.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Landmark Medical Center and Affiliates as of September 30, 2008, and the results of their operations, changes in net deficit, and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Medical Center will continue as a going concern. As discussed in note 1 to the consolidated financial statements, the Medical Center has suffered recurring losses from operations and has a net asset deficiency that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 1. The consolidated financial statements do not include any adjustments, other than the separation of pre-mastership payables, which might result from the outcome of this uncertainty.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information is presented for the purpose of additional analysis and is not a required part of the basic consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and in our opinion, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(1) Description of Organization

Landmark Medical Center (the Medical Center) is a nonprofit organization providing acute care medical services. It is accredited by the Joint Commission on Accreditation of Hospitals and participates as a provider in Medicare, Medicaid, and third party programs. The Medical Center was created effective September 1, 1988, through the consolidation of The Woonsocket Hospital and the John E. Fogarty Memorial Hospital. Services are provided at the Woonsocket unit in Woonsocket, Rhode Island, and the Fogarty unit in North Smithfield, Rhode Island. Landmark Health Systems, Inc. (LHS) is a nonprofit holding company and is the sole member of the Medical Center.

On June 28, 2005, the Landmark Healthcare Foundation was formed as a 501(c)(3) organization to support the Medical Center in fundraising and philanthropic needs. The Foundation is a wholly owned subsidiary of the Medical Center and is fully consolidated into the Medical Center's financial statements.

The Medical Center owns a 50% financial interest and has certain other rights that provide it with control over a Physician Hospital Organization (PHO). Since the Medical Center exercises control over the PHO, the PHO's financial statements have been consolidated into the Medical Center's financial statements.

Landmark Physician Office Services (LPOS) was formed in June 2006 to operate a physician practice within the geographic service area of the Medical Center. LPOS is a subsidiary of the Medical Center, and its financial statements are consolidated into the Medical Center's financial statements.

The Medical Center owns a 50% financial interest in Rehabilitation Hospital of Rhode Island (RHRI). On June 1, 2000, LHS became the other 50% owner of RHRI. Since the Medical Center also has certain other rights that allow it to exercise control over RHRI, RHRI's financial statements have been consolidated into the Medical Center's financial statements.

All material intercompany accounts and transactions are eliminated in consolidation.

Liquidity

The Medical Center and its affiliates have experienced recurring losses and have an accumulated deficit of approximately \$37,156,000 as of September 30, 2010. In addition, as discussed in note 7, the Medical Center was unable to maintain certain financial covenants required under its Loan and Trust Agreement for the years ended September 30, 2008 and 2007.

Historically, the Medical Center and its affiliates have financed their operations and met their capital requirements through funds generated from operations, the issuance of long-term debt, equipment lines of credit, a working capital line of credit, payor advances, and short-term investments. As of September 30, 2010, the Medical Center had cash and cash equivalents and short-term investments of approximately \$3,800,000 to finance its future operating and capital requirements.

Management's projections indicate continuing losses will result from maintaining current operations for the next twelve months. Management is taking actions to reduce the cash outflow from operations. Management has also sold certain property to generate cash flows for operations. In addition, building housing the operations of the Rehabilitation Hospital of Rhode Island (RHRI) and the associated land was sold on February 13, 2008 to a real estate investment trust in a sale-leaseback transaction (see note 17).

(1) Description of Organization, (Continued)

On June 26, 2008, the Superior Court of the State of Rhode Island appointed a Special Master to take possession of the property and assets of the Medical Center and preserve same until further order of the Court. Approximately \$7,800,000 of payables to vendors were outstanding at the time of Mastership.

On November 14, 2008, the Superior Court of the State of Rhode Island appointed a Special Master to take possession of the property and assets of RHRI and preserve same until further order of the Court. Approximately \$320,000 of payables to vendors were outstanding at the time of Mastership.

As of September 14, 2011, however, the Medical Center continues to operate both the acute and rehabilitation facilities, and to fund operations for both. The combined entity has unrestricted cash balances of approximately \$1,400,000 at September 14, 2011. See note 20 for further discussion on subsequent events.

There can be no assurance that actual cash outflows and liquidity needs will not exceed management's projections or that the Medical Center and RHRI will be able to fund operations on a long-term basis in the absence of other sources of cash flow. There can be no assurances that any additional required longer-term financing will be available through additional bank borrowings or long-term debt offerings or, that if such financing is available, that it will be available on terms acceptable to the Medical Center.

These conditions raise substantial doubt about the Medical Center's ability to continue as a going concern.

(2) Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most significant areas which are affected by the use of estimates include valuation of the allowance for uncollectible accounts, recoverability of long-lived assets, valuation of third-party payor settlements, and valuation of pension obligations.

(b) Cash and Cash Equivalents

The Medical Center considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

(c) Investments

Investments in equity securities and mutual funds with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets.

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(2) Summary of Significant Accounting Policies, (Continued)

(c) Investments, (Continued)

Investment income on proceeds of borrowings that are held by a trustee is reported as other revenue. Investment income and any unrealized losses on Board-designated assets are recorded as non-operating gains. Investment income and any unrealized losses from all other unrestricted assets is recorded as non-operating investment income or as an addition to temporarily restricted net assets when restricted by donor. Realized investment gains of Board-designated assets are recorded as non-operating gains. Realized investment gains and losses of all other unrestricted assets are recorded as non-operating gains or as an addition to temporarily restricted net assets when restricted by donor.

A decline in the market value of an investment security below its cost is recognized through an impairment charge. The impairment charge is included in the deficiency of revenue and gains over expenses in the consolidated statements of operations and a new cost basis is established.

(d) Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market.

(e) Funds Limited as to Use

Funds limited as to use include assets held by trustees under indenture agreements and assets restricted by donors.

(f) Donor Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of operations as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying consolidated financial statements.

(g) Property and Equipment

Property and equipment (including other real estate) is recorded at cost. Capital leases are recorded at their present value at the beginning of the lease term. Donated items are recorded at fair market value at the date of contribution. Depreciation on property and equipment is provided using the straight-line method based upon the estimated useful lives of each asset. Amortization on capital leases is provided using the straight-line method over the lesser of the lease terms or useful lives. These useful lives range from three to eight years for equipment and ten to forty years for buildings.

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(2) Summary of Significant Accounting Policies, (Continued)

(h) Long-Lived Assets

In accordance with FASB Statement No. 144 (SFAS 144), *Accounting for the Impairment or Disposal of Long-Lived Assets*, long-lived assets, such as property, plant, and equipment, and purchased intangible assets subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

If circumstances require a long-lived asset be tested for possible impairment, the Medical Center first compares undiscounted cash flows expected to be generated by the asset to the carrying value of the asset. If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, an impairment is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques, including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary.

(i) Asset Retirement Obligations

The fair value of a liability for legal obligations associated with asset retirements is recognized in the period in which it is incurred, in accordance with SFAS No. 143, *Accounting for Asset Retirement Obligations* (SFAS 143), and Financial Accounting Standards Board (FASB) Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations* (FIN 47), if a reasonable estimate of the fair value of the obligation can be made. When the liability is initially recorded, the cost of the asset retirement obligation is capitalized by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period, and the capitalized cost associated with the retirement obligations is depreciated over the useful life of the related asset.

Upon settlement of the obligation, any difference between the cost to settle the asset retirement obligation and the liability recorded is recognized as a gain or loss in the consolidated statements of operations and changes in unrestricted net assets.

(j) Deferred Financing Costs

Deferred financing costs related to the issuance of bonds were being amortized ratably over the term of the related bond issue. As the Medical Center was in default on the bonds at September 30, 2008, the remaining unamortized financing costs were charged to amortization expense during the year then ended.

(k) Temporarily Restricted Net Assets

Temporarily restricted net assets are those whose use by the Medical Center has been limited by donors to a specific time period or purpose.

(l) Charity Care and Provision for Uncollectible Patient Accounts

The Medical Center provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Medical Center does not intend to pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(2) Summary of Significant Accounting Policies, (Continued)

(l) Charity Care and Provision for Uncollectible Patient Accounts, (Continued)

The Medical Center grants credit without collateral to patients, most of whom are local residents and are insured under third-party agreements. Additions to the allowance for uncollectible accounts are made by means of the provision for uncollectible accounts. Accounts written off as uncollectible are deducted from the allowance and subsequent recoveries are added. The amount of the provision for uncollectible accounts is based upon management's assessments of historical and expected net collections, business and economic conditions, trends in federal and state governmental health care coverage and other collection indicators.

(m) Net Patient Service Revenue

The Medical Center has individual agreements with numerous third party payors that provide reimbursement to the Medical Center at amounts different from their established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, and per diem payments.

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods, as final settlements are determined.

Costs related to Medicaid patients are reimbursed under a prospective cost contract with the Medical Center, whereby reimbursement is based on projected costs. Under the prospective cost contract, the Medical Center's rate is based on certain budgeted expenditures and budgeted volume negotiated with the Medicaid program. Volume variances from budget are reimbursable to the Medical Center or due to Medicaid at marginal cost factors.

Medicare utilizes a prospective reimbursement system for inpatient services wherein payment is based on the classification of a case into a diagnosis-related group (DRG). Outpatient services related to Medicare beneficiaries are paid based on a prospectively determined reimbursement methodology based on ambulatory payment classification (APC) and fee schedules.

Other payors reimburse the Medical Center a per diem rate for most inpatient services. Outpatient services related to other payors' beneficiaries are paid based on an established fee schedule.

(n) Income Taxes

The Medical Center is a not-for-profit organization described under Internal Revenue Code (IRC) Section 501(c)(3) and is generally exempt from federal income taxes under IRC Section 501(a).

RHRI is a Delaware Limited Partnership. Accordingly, no provision for federal or state income taxes has been recorded by RHRI as the income or loss is passed through to the partners and thereby included in each partner's federal and state tax returns.

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(2) Summary of Significant Accounting Policies, (Continued)

(o) Recently Issued Accounting Pronouncements

In 2006, FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes*. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the enterprise's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition.

FIN 48 must be applied to all existing tax positions upon its initial adoption. The cumulative effect of applying FIN 48 at adoption, if any, is to be reported as an adjustment to opening retained earnings for the year of adoption. Implementation of FIN 48 will require management to analyze all open tax years, as defined by the statute of limitations, for all major jurisdictions, which includes federal and certain states. Open tax years are those that are open for examination by taxing authorities (i.e., generally the last four tax year-ends and the interim tax period since then). The Medical Center has no tax examinations in progress.

In 2008, the FASB issued FASB Staff Position No. 48-3 which permits nonpublic organizations to defer the effective date of FIN 48 until fiscal years beginning after December 15, 2008. Management has elected to defer the application of FIN 48 for the year ending September 30, 2008 and will continue to evaluate uncertain tax positions in accordance with FASB Statement No. 5, *Accounting for Contingencies*.

(p) Reclassification

Certain amounts in the 2007 financial statements have been reclassified to conform to the 2008 financial statement presentation.

(3) Charity Care and Community Services

The Medical Center maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges forgone for services and supplies furnished under its charity care policy, the estimated cost of those services and supplies, and equivalent service statistics. The following information measures the level of charity care provided during the years ended September 30:

	2008	2007
Charges forgone, based on established rates	\$ 3,853,900	\$ 4,734,600
Estimated costs and expenses incurred to provide charity care	1,300,000	1,728,000
	34%	36%

The Medical Center also provides numerous other services to the community free of charge. These services include health care screenings, educational programs, support groups, foreign language translation, and social services eligibility assistance.

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(3) Charity Care and Community Services, (Continued)

In addition, the Medical Center subsidizes the cost of treating patients enrolled in public assistance programs where reimbursement is below cost.

(4) Investments

(a) Investments

Investments, stated at fair value, at September 30, 2008 and 2007 include:

	2008	2007
Cash and cash equivalents	\$ 3,668,048	\$ 85,361
Mutual funds	—	5,529,818
Common stock	—	2,336,698
Total investments	\$ 3,668,048	\$ 7,951,877

(b) Funds Limited as to Use

The composition of assets limited as to use at September 30, 2008 and 2007 is set forth in the following table. Investments are stated at fair value.

	2008	2007
Trustee held funds:		
Cash and cash equivalents - current liabilities	\$ 2,240,231	\$ 1,248,107
Cash and cash equivalents - court order	3,577,360	—
Bonds	—	1,466,949
	\$ 5,817,591	\$ 2,715,056
By donors for specific purposes:		
Cash and short-term investments	\$ 42,663	\$ 44,475
	\$ 42,663	\$ 44,475

During 2008, the Superior Court of the State of Rhode Island ordered the Medical Center to escrow \$3,577,360 for payment of the hospital license fee (see note 16).

Investment income and gains from investments, funds limited as to use and cash equivalents are comprised of the following for the years ended September 30, 2008 and 2007:

	2008	2007
Interest and dividend income	\$ 169,958	\$ 139,467
Realized gains on sales of securities	296,788	200,896
Investment income on Board-designated assets	\$ 466,746	\$ 340,363
Net change in unrealized gains	\$ (859,935)	\$ 693,217

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(5) Property and Equipment

Property and equipment is as follows at September 30, 2008 and 2007:

	<u>2008</u>	<u>2007</u>
Land	\$ 127,332	\$ 350,942
Land improvements	1,417,506	1,504,542
Building and improvements	8,004,160	8,703,247
Leasehold improvements	1,803,333	1,803,334
Equipment	31,211,922	29,844,775
Equipment under capital leases	<u>2,781,040</u>	<u>3,713,081</u>
	45,345,293	45,919,921
Less accumulated depreciation and amortization	<u>32,926,969</u>	<u>31,807,942</u>
	12,418,324	14,111,979
Construction in progress	1,270,402	713,370
Less assets held for sale, net	<u>—</u>	<u>772,788</u>
Property and equipment, net	<u>\$ 13,688,726</u>	<u>\$ 14,052,561</u>

The value of the Woonsocket Unit's property and equipment was determined to be impaired as of September 30, 2007 and an impairment loss of \$3,875,000 was recorded in the consolidated statement of operations for the year ended September 30, 2007. A market transaction approach was utilized to determine the impairment loss. This approach: (1) determined the estimated market value of the Woonsocket Unit's total tangible and intangible assets using recent sales of comparable hospitals, (2) adjusted the consolidated balance sheet to remove certain intangible assets not deemed economic assets for purposes of market valuation and add an intangible asset reflecting value of the existing labor workforce based on its replacement cost, then (3) determined the difference between the adjusted balance sheet and estimated total market value, which quantified the impairment loss. On the consolidated balance sheet, the loss was allocated to buildings and improvements within the property and equipment category based on its age and functional obsolescence.

The Medical Center has asset retirement obligations (AROs) totaling approximately \$333,800 which represents its obligation to remediate specific environmental matters in the event the Medical Center were to renovate or demolish certain buildings in the future. The liabilities were originally measured at fair value and subsequently are adjusted for accretion expense and changes in the amount or timing of the estimated cash flows. The corresponding asset retirement costs are capitalized as part of the carrying amount of the related long-lived asset and depreciated over the asset's remaining life. The following table presents the activity for AROs for the years ended September 30, 2008 and 2007:

	<u>2008</u>	<u>2007</u>
Balance at beginning of year	\$ 920,207	\$ 864,044
Reduction due to sale of Fogarty unit	(682,254)	—
Accretion expense	<u>59,812</u>	<u>56,163</u>
Balance at end of year	<u>\$ 297,765</u>	<u>\$ 920,207</u>

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(6) Line of Credit

During the year ended September 30, 2007, the Medical Center had an available \$4,000,000 secured line of credit agreement, which was due on demand and collateralized by investments of the Medical Center, and RHRI had an available \$500,000 secured line of credit agreement, which was due on demand and collateralized by nongovernmental accounts receivable. The Medical Center line of credit was canceled on March 31, 2008 and the RHRI line of credit was canceled on July 8, 2008. The Medical Center, together with RHRI, had borrowed \$2,000,000 against the lines as of September 30, 2007. The interest payable on the outstanding balance for the Medical Center was at the bank's prime rate of 7.75% at September 30, 2007. The interest payable on the outstanding balance for RHRI was 1% over the bank's prime rate.

(7) Long-Term Debt

Long-term debt at September 30, 2008 and 2007 consists of the following:

	<u>2008</u>	<u>2007</u>
Hospital Financing Revenue Bonds, 2005 Series, \$14,125,000 of Serial Bonds payable annually through October 1, 2019 at rates ranging from 3.00% to 5.00%.	\$ 12,525,000	\$ 13,340,000
Secured mortgage payable to bank in varying installments through July 1, 2012 at a rate of 9.35%.	172,160	209,136
Capital lease obligations (note 10)	1,979,470	2,766,446
Other installment obligations	35,629	—
Total long-term debt before bond premium	<u>14,712,259</u>	<u>16,315,582</u>
Unamortized bond premium	—	278,286
Total long-term debt	<u>14,712,259</u>	<u>16,593,868</u>
Less current portion:		
Hospital Financing Revenue Bonds, 2005 Series	12,525,000	13,340,000
Mortgage and other installment obligations	52,566	34,250
Capital lease obligations (note 10)	1,182,655	1,182,053
Total long-term debt, excluding current portion	<u>\$ 952,038</u>	<u>\$ 2,037,565</u>

The aggregate maturities of long-term debt are as follows:

Year ending September 30:	
2009	\$ 13,760,221
2010	629,624
2011	124,337
2012	118,585
2013	79,492
	<u>\$ 14,712,259</u>

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(7) Long-Term Debt, (Continued)

The Loan and Trust Agreement relating to the bonds requires the Medical Center to comply with certain financial and non-financial covenants. The Medical Center was not in compliance with these covenants at September 30, 2008 and 2007 and has not received a waiver from the lender. Because the Medical Center has not obtained a waiver of these covenant defaults, the outstanding balance of the Series 2005 Bonds as of September 30, 2007 and 2008 has been classified as a current liability in the accompanying consolidated financial statements. The bonds were paid in full subsequent to year end (see note 20).

On August 10, 2005, the Medical Center refunded its 1993 Series Bonds at a par value of \$15,210,000 with Series 2005 Hospital Financing Revenue Refunding Bonds with a par value of \$14,125,000 in order to take advantage of interest rate savings. The Series 2005 issue consists of serial bonds maturing October 1 of each year beginning October 1, 2006 and continuing through final maturity October 1, 2019. Bonds maturing on or prior to October 1, 2015 are not subject to optional redemption except under extraordinary circumstances.

Bonds maturing on or after October 1, 2016 are subject to optional redemption beginning on October 1, 2015 at par plus accrued interest to the redemption date, at the option of the Institution. The Series 2005 Bonds are insured by Radian Asset Assurance, Inc. and are secured by a mortgage on the Medical Center's main campus located at 115 Cass Avenue, Woonsocket.

An agreement underlying the bonds requires the Medical Center to maintain certain trustee held funds as follows:

Debt Service Reserve Fund – The debt service reserve fund is composed of Medical Center monies held by the trustee for transfer to the debt service fund to cover any deficiency in the debt service fund.

Debt Service Fund – The Medical Center is required to make quarterly deposits with the trustee sufficient to provide a sinking fund for the payment of principal and interest to bondholders when due.

The balances in such funds are summarized below. The balance of the Debt Service Fund and the Debt Service Reserve Fund at September 30, 2008 is not in compliance with the agreement (see note 20):

	2008	2007
Debt Service Reserve Fund	\$ 1,417,112	\$ —
Current portion of Debt Service Fund	823,119	2,715,056
	\$ 2,240,231	\$ 2,715,056

LANDMARK MEDICAL CENTER AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
Years Ended September 30, 2008 and 2007

KLR

(8) Temporarily Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at September 30, 2008 and 2007:

	2008	2007
Purchase of equipment	\$ 46,671	\$ 5,059
Indigent care	60,448	574,360
Health education	11,235	11,235
Other	728	140
	\$ 119,082	\$ 590,794

During 2007, the Medical Center received approximately \$692,000 in proceeds from the termination of a charitable trust. The proceeds are to be used for the treatment and hospitalization of children who have no parents or whose parents are unable to pay for such treatment and hospitalization. Approximately \$521,000 and \$157,000 was released from restriction for such services during the years ended September 30, 2008 and 2007, respectively. In addition, \$80,830 and \$372,066 were released from restriction for other specified purposes in 2008 and 2007, respectively.

(9) Pension Plans

(a) Defined Benefit Plan

The Medical Center has a defined benefit pension plan (the Plan) covering substantially all of its union employees. The benefits are based on years of service and the employee's compensation. The Medical Center's funding policy for the Plan is to contribute an amount sufficient to satisfy the minimum funding requirements of the Internal Revenue Code. The measurement date for the Plan is September 30.

Effective September 30, 2007 the Medical Center adopted FASB Statement No. 158, *Employer's Accounting for Defined Benefit Pension and other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106 and 132(R)* (SFAS No. 158). SFAS No. 158 required the Medical Center to recognize the funded status, the difference between the fair value of the plan assets and the projected benefit obligation, of its defined benefit pension plan as an asset or liability in its consolidated balance sheet and to recognize the change in that funded status in the year in which the change occurred through changes in unrestricted net assets. The adjustment to unrestricted net assets upon adoption of SFAS No. 158 represents the net unrecognized actuarial losses which were previously netted against the funded status on the consolidated balance sheet pursuant to the provisions of SFAS No. 87 in prior years. This amount will be recognized in future periods as net periodic pension cost as required by SFAS No. 87. As a result of the adoption of the provisions of SFAS No. 158, the Medical Center recognized a decrease in unrestricted net assets of \$3,754,787.

Additional actuarial gains and losses that both arise in subsequent periods and are not recognized as net periodic pension cost in the same period will be recognized as a component of unrestricted net assets. These future actuarial gains and losses will be recognized as a component of net periodic pension cost on the same basis as the amounts recognized in unrestricted net assets at the adoption of SFAS No. 158.
