RELATING TO HEALTH AND SAFETY -- DISTRESSED ESSENTIAL COMMUNITY HOSPITALS

Introduced By: Senators Picard, Tassoni, Connors, and Cote

Date Introduced: February 11, 2010

It is enacted by the General Assembly as follows:

SECTION 1. Title 23 of the General Laws entitled "HEALTH AND SAFETY" is hereby amended by adding thereto the following chapter:

CHAPTER 17.25
DISTRESSED ESSENTIAL COMMUNITY HOSPITALS

23-17.25-1. Legislative findings. – (1) Certain community hospitals act as the sole source of immediate access to hospital care for residents of the areas they serve and are essential to the maintenance of public health and safety;

(2) The diversity of services provided by these essential community hospitals are necessary for the overall health and safety of the community, but result in financial distress for the hospitals that must serve large uninsured or governmentally insured populations;

(3) The distressed essential community hospitals generally report a loss from operations and are in such a position that their liabilities exceed their assets;

(4) Because of the important medical services provided by such hospitals, restoring and ensuring the continued financial viability of these distressed essential community hospitals is necessary for the public health and safety;

(5) Landmark Medical Center, located in Woonsocket, Rhode Island, is a distressed essential community hospital, currently under the supervision of the Rhode Island superior court pursuant to a special mastership;

(6) In fiscal year 2009, Landmark Medical Center provided care for nearly forty thousand (40,000) emergency room patients, seven thousand (7,000) inpatient cases and seventy-five thousand (75,000) outpatient visits, proving that the financial viability of Landmark Medical Center is vital to the public health and safety of the community it serves;

(7) Ensuring the financial viability of Landmark Medical Center will preserve one thousand three hundred (1,300) jobs and benefit the State of Rhode Island;

(8) Landmark Medical Center, or its successor-in-interest, if any, must be permitted a sufficient amount of time to use any funds allocated to it for the purposes of financial assistance to restore its financial viability and ensure its stability in the future; and

(9) To preserve the viability of an essential community hospital, it may be necessary for purposes of certain Medicare classifications to designate such a hospital as a rural hospital.

23-17.25-2. Distressed essential community hospital sales and use tax exemption. –

(a) Notwithstanding any provision of title 44 of the Rhode Island general laws to the contrary, in recognition of Landmark Medical Center's status as a distressed essential community hospital neither Landmark Medical Center or any entity owned or controlled by Landmark Medical Center (hereinafter defined collectively as "LMC"), nor any success-in-interest to LMC (regardless of whether any such successor operates for profit or is subject to federal or state taxation), shall be required to pay or otherwise be financially responsible for any Rhode Island sales and use taxes that might otherwise be due in connection with any purchases, capital improvements, or any other activities conducted by LMC (or its successors-in-interest) pursuant to the health facility licenses maintained by LMC (or its successors-in-interest).

(b) Notwithstanding subsection (a) herein, this "distressed essential community hospital sales and use tax exemption" shall not apply to Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehab Hospital of Rhode Island ("RHRI") nor any successor-in-interest to Northern Rhode Island Rehab Management Associates, L.P. d/b/a Rehab Hospital of Rhode

LMC 00073

Island ("RHRI").

(c) This sales and use tax exemption shall be effective as of the effective date of LMC's conversion to a for-profit entity, in accordance with the provisions of chapter 23-17.14 (Hospital Conversions Act) and shall continue for a period of twelve (12) years.

23-17.25-3. Rural hospital designation. – The State of Rhode Island designates Landmark Medical Center as a rural hospital for purposes of satisfying special payment designations under the Medicare program, if Landmark Medical Center or its successor-in-interest, if any, should choose to seek such special designations.

SECTION 2. This act shall take effect upon passage.

1. Executive Summary

This report evaluates the statewide consequences of closing Landmark Medical Center (LMC) and The Rehabilitation Hospital of Rhode Island (RHRI). These facilities are owned by Landmark Health Systems (LHS). This report refers to these facilities collectively as “the LHS facilities.” or simply “LHS.”

In recent years, LHS has operated under significant financial stress despite praise from various sectors for its efficient operations.¹ This has largely been the result of inadequate reimbursement rates from government and commercial payers. In the latter case, significant payment disparities have been especially unfavorable for Rhode Island’s independent hospitals such as LMC as opposed to hospitals that are members of large hospital groups. (See Section 4 below.) According to Rhode

If LMC was paid at the average statewide rate in 2008 on a service by service basis, its net operating results would have reflected earnings rather than losses. This longstanding payment disparity has resulted in the complete depletion of the hospital’s capital base. See Section 4, below.

Island’s Health Insurance Commissioner, in 2008 LMC was paid at a rate 22% below the state average even when

providing the same services to similarly ill patients.²

This pattern of payment disparity has consistently drained LHS of its capital reserves throughout most of the current decade. This is demonstrated in a recent report issued by the Rhode Island Department of Public Health.³ This report shows that LMC -- which enjoys a capital productivity rate more than twice any other Rhode Island hospital-- has nevertheless suffered the largest capital decline of any hospital in the current decade.

In June 2008, LMC was placed under the protection of the Superior Court of Providence County and a Special Master was appointed to oversee daily

¹ LMC has been audited twice in the past several years by BCBSRI, with positive findings, and has been identified by the RI Department of Health as effectively using limited resources.

management and assess the feasibility of continued operations. The purview of the Special Master was extended to RHRI in November of that year.

While options exist for maintaining these facilities, limited government aid is required to assure success. This aid would constitute one part of a broader, multi-part recovery plan that would ensure the continued operation of LHS.

Such assistance would clearly be in the public interest considering the impact of closing LHS upon the state's health care system and its general economy.

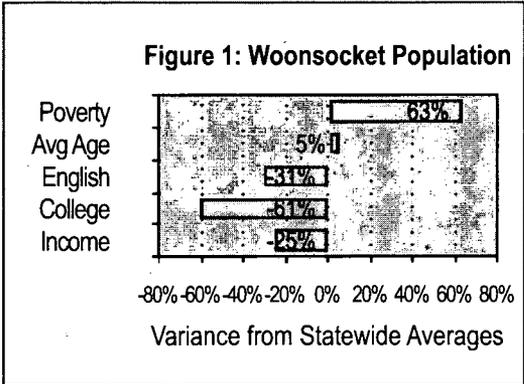

LMC and RHRI provide services that could not readily be replaced or safely absorbed by other area providers without expansion of their facilities and services.

At most, only a third of LMC patients could be safely accommodated at Providence area hospitals without impairing access for other patients. Other hospitals would have to be expanded to reduce overcrowding and allow for more patients. -- See Section 2, below.

Expansion, however, would require time, investment and planning. While awaiting this expansion virtually all patients and physicians across the state would be "competing" for fewer hospital beds. The net result would be overcrowding, treatment delays and care shortages.

Even with expansion of other facilities, access to care would be impaired for the large population of low income and elderly residents of the LHS service area. Many area residents lack ready transportation.

The need to travel greater distances for routine and even emergency care would impose additional costs and complexities upon this population. Industry studies have consistently shown the close relationship between proximity and access to care -- especially among lower income persons.⁴ In the event that LHS facilities were closed, new investments in local services would be required to maintain the health status of

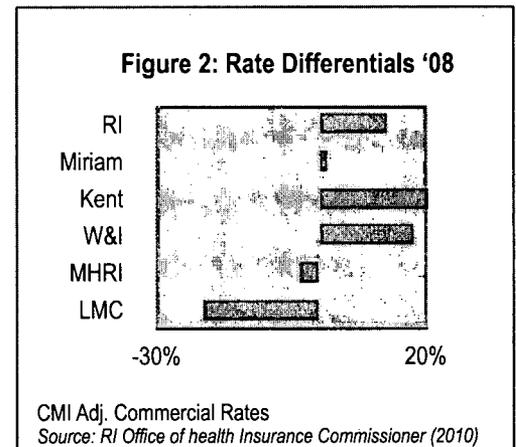

⁴ Examples: 1. Lee, Ward et al; Impact of Geographic Distance on the Use of the Emergency Room; Health Care Management Review: January/March 2007 - Volume 32 - Issue 1; 2. these special populations.

Finally, there would be inevitable consequences for the rescue services provided by local cities and towns. A recent letter from the Woonsocket Fire Chief points out that closure of LMC would more than triple the annual mileage for emergency runs of his department. This, in turn, would raise annual fuel and equipment costs by more than \$160,000 per year. Loss of LMC would, in fact, undermine the entire local network of cities and towns which provide mutual back-up when one member is engaged in a rescue. According to Chief Lataille, the impact of closing LMC would "be incalculable."⁵

Closure of LHS would pose significant consequences for the broader economic health of Rhode Island as well.

Given LHS' low payment rates (Figure 2), treatment costs for its former patient group would be higher at those (larger facilities) most likely to serve as alternate sources of care. Despite higher costs, patients would receive precisely the same services and treatments they would have received at LMC - no different, no more or no less. Payments for these patients would simply increase raising the financial burden on insurers and subscribers without providing any additional benefits in return.

As the state's 31st largest employer, LHS' closure would further challenge the state's already troubled economy. The current record levels of unemployment (the nation's

Health care is one of the few industry sectors in RI that has consistently expanded in recent decades. Health care is expected to supply approximately 25% of the new jobs needed to relieve the recession by 2013. Closure of LHS will significantly limit this expected growth.

third highest) will rise even further. Additional job losses would increase outlays for government programs while further reducing government tax revenues. These

impacts would have a significant net effect. (See table below.) The critical task of balancing the state budget would clearly become more difficult at precisely the time when consumer and business confidence is most needed. The closure of LHS would result in an even longer period of sluggish growth and economic instability in Rhode Island than is already anticipated.⁶

The purpose of this report is to detail the specific consequences of closing LHS and the implications for the government and people of the state. In the sections that follow, we review the contributions of LHS to both the healthcare system and the general economy. We summarize the reasons for its present difficulties and the options for avoiding closure. We also estimate the impact of these closures on the state's budget and financial well being of Rhode Islanders. We demonstrate, as

⁶ Note: The longer the duration of a recessionary period, the greater is its long term damage on an economy. One key measure of duration is the number of months or years required for employment to return to pre-recession levels. In Rhode Island this would be the point at which 2006 employment levels were reestablished. As shown in Section 7 below, present projections indicate the recession will lift by the end of 2013. With the loss of jobs associated with the closure of LMC the duration of the recession will be extended for a year or more.

well, how the closure of these facilities would diminish access to health services and how this would lead to more overcrowding in emergency rooms and significant delays in hospital care - not simply in northern Rhode Island but throughout the state. In summarizing our findings we conclude that the difficulties and costs associated with the closure of LHS would far outweigh the comparatively small but necessary government assistance needed to insure their future operation.

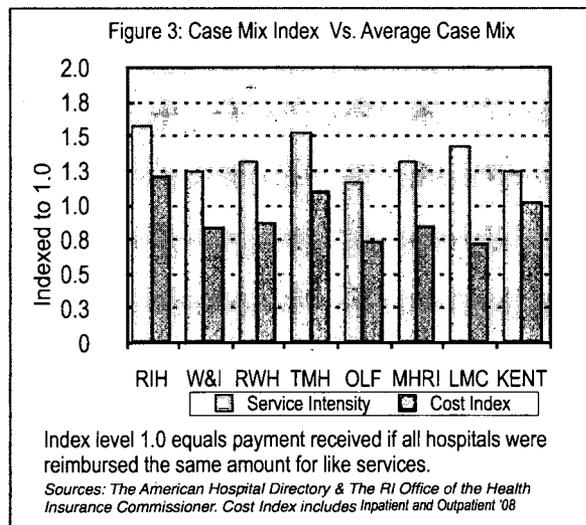

2. The Role of LHS in Providing Health Services

LMC and RHRI are each unique to the markets that they serve.

LMC is the dominant provider of short term acute hospital care in northern Rhode Island. At more than 40,000 emergency visits per year, it operates one of the state's busiest emergency services. More than 25% of LMC emergency room patients arrive by ambulance suffering from life threatening conditions such as acute cardiac disease or stroke. In some instances the care they require is not uniformly available at other area facilities. LMC is, for example, one of only three hospitals in Rhode Island qualified to provide emergency interventional care to patients suffering heart attacks.

In comparison with the seven other hospitals in the Providence vicinity, LMC ranks third in the complexity⁷ of the care it provides. (See Figure 3.) LMC delivers more intensive and clinically complex care than is frequently provided at many other area hospitals. Nevertheless, LMC provides care at a lower cost than other facilities when compared on a patient-to-patient, service-to-service basis. This rare combination of complex care and low cost is important in restraining the growth of health costs in the area.

RHRI, the second of the two LHS facilities, provides post acute rehabilitation services to patients who would otherwise require extended hospital stays because of difficulties in achieving full recovery. RHRI is the only freestanding hospital in Rhode Island approved by Medicare which is exclusively dedicated to providing rehabilitation care to such patients. This rigorous focus, once again, reduces patient lengths of stay in more costly acute settings and improves patient outcomes.

⁷ The blue bar in Figure 3 represents each hospital's case mix index. The red bar represents its average case mix adjusted costs. Case mix adjustment is a process developed by Medicare to measure the relative amount of care provided to different patients in order to determine reimbursement based on the relative value of services provided.

Finally, RHRI is the primary if not the only local program that can provide acute or post-acute rehabilitation to patients who must be weaned from ventilators. Without the availability of these services, the majority of such patients would remain hospitalized at an acute level of care incurring both higher costs and delays in their rehabilitation and recovery.

Like LMC, many of the services provided by RHRI are unique and would be costly to duplicate. Many patients typically served by this facility could not be accommodated by other area providers. Closure of RHRI would require out-of-state placement for a substantial portion of RHRI patients while others would simply remain in suboptimal settings at much higher costs.

Limited Capacity at Most RI Hospitals

Other area acute care hospitals have only limited ability to absorb the current patient load of LMC. This is largely due to the high average operating efficiency of Rhode Island facilities compared to those in other parts of the country. As a result, local hospitals require a lower than average supply of beds despite the fact that state residents (given mean age and other demographic characteristics) have greater than average need for hospitalization. This is demonstrated at right.

Current occupancy levels in Rhode Island are in fact approaching maximum functional capacity --particularly after considering the need to maintain reserve capacity for emergencies.

Emergency hospital admissions must be accommodated on an "on demand" basis. At the same time they are very frequent and occur unpredictably. For this reason, hospitals must routinely operate at average census levels well below their maximum capacities. This is an industry practice that ensures ready availability of emergency care.

Studies show that access to hospital care typically becomes compromised when average daily occupancies exceed eighty percent. At this level patients begin to back up in emergency rooms and the frequency of day-to-day bed shortages increases.⁸

The problem of high utilization is further compounded by differences in the types of care provided by area hospitals. As mentioned above, many of the particular services required by LMC patients are not uniformly available at other area hospitals (e.g., emergency angioplasty or radiation therapy.) LMC treats a relatively high proportion of adult medical surgical patients⁹ compared to many other area facilities. These patients cannot be routinely served on hospital units designed to treat psychiatric, maternity or even pediatric patients. To the extent that an empty bed may be available elsewhere, it may not be the type of bed or service needed.

Table 3 below provides the current operating capacities for those hospitals that represent the closest sources of alternative care for LMC patients. Columns (f) and (g) indicate the current availability of adult medical surgical (AMS) beds only. These figures show that the number of AMS beds routinely available across the region is insufficient on any given day to accommodate the majority of LMC patients *without compromising the ability to care for area emergencies*.

While additional beds and services could be created at other hospitals, this process would require capital investment, planning and time. Area hospitals, moreover, may not be eager to undertake such investments in the face of uncertainty about which facilities would be the most likely to attract LMC patients. A “wait and see” attitude will likely prevail at area facilities in the event that LHS closes. In the meantime most hospitals will experience treatment and capacity shortages as more patients seek access to fewer available beds.

3. The Role of LHS in the Rhode Island Economy

In addition to its importance to the state's system of health services, LHS is also a vital component of the state's economy. This section examines some of the key economic contributions made by these facilities.

- LHS is Rhode Island's 31st largest employer
- LMC & RHRI directly employ more than 1,300 persons annually
- LHS generates almost \$190M in annual economic activity in addition to the salaries it pays. This activity supports a variety of business and other state institutions.
- The economic activity created by LHS supports an additional 1,500 "downstream" jobs within the state. (See Section 6 and Attachment 1.)
- LHS supports the activities of more than 100 physicians and their staffs throughout the state.
- LHS generates more than \$13M in annual state tax revenues. (See Section 8.)

Closure of LHS would impose significant consequences upon the Rhode Island economy. At the current time of increasing unemployment and recession, these effects would be especially burdensome. These consequences are summarized in the list below and further discussed in subsequent sections.

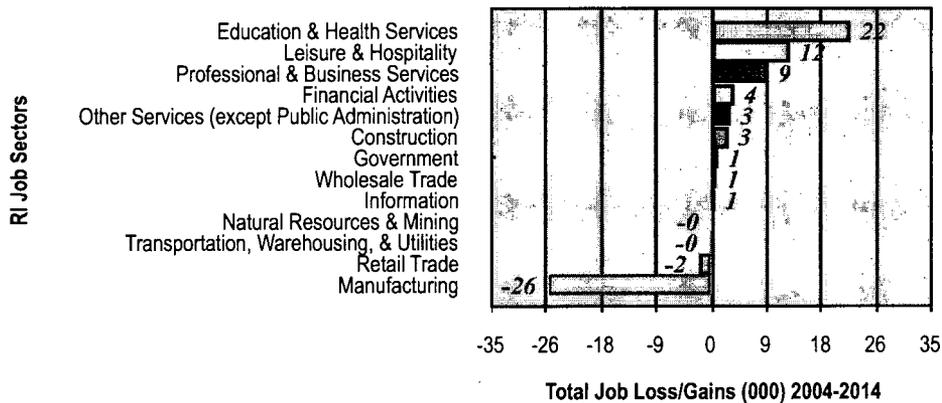

Yet another factor suggests that loss of jobs at LHS will have an exaggerated

- Closure of LHS would result in:
- Loss of more than 2,800 jobs
 - A rise in the current unemployment rate to more than 14%
 - Increased government borrowing to pay additional unemployment benefits
 - An increase in the state's budget imbalance by almost \$50 M (See Section 9.)
 - An increase in Medicaid enrollment and uncompensated care costs
 - Further jeopardy for the state's credit rating and possible increase in debt service costs

impact on the RI economy. This is because the health care sector is one of the most important sectors for future job growth.

While Rhode Island has experienced a net loss of more than 30,000 jobs since the beginning of the recession (end of 2006), health care has actually continued to experience growth -- adding approximately 2,000 new jobs during that same period. In fact health services have been one of the state's most dependable growth sectors for more than a decade. Current projections indicate that health services will create more than 25% of the new jobs needed to relieve the current recession.¹⁰ The fact that job losses at LHS would disturb the continued growth in a sector of the economy which is so critical to growth suggests that the closure of LHS would have a disproportionately large impact on the depth and duration of the current recession.

4. Causes of Financial Difficulties

Like many U.S. Hospitals, LMC and RHRI have been caught in the cross currents of diminishing reimbursement and increasing costs. LHS has been especially vulnerable to negative pricing pressures and has had little opportunity to supplement declining reimbursement in other ways.

One key element of this dilemma is well documented in the recent report on hospital payments issued by the Office of Rhode Island's Health Insurance Commissioner (OHIC).¹¹ This report identifies a statewide pattern of substantially lower reimbursement for independent hospitals (such as LMC) for any given service they might provide. That is, certain hospitals in Rhode Island are paid considerably less than certain other hospitals even when both groups of facilities provide the exact same set of services to similarly ill patients. This differential in payment is, moreover, not fully explained by other issues such as teaching costs, location or charity care.¹² According to the OHIC report, a significant portion of these differences are explained instead by preferential treatment garnered through bargaining power:

“Hospitals affiliated with either of the two systems in Rhode Island are compensated on a case mix adjusted basis at 149 percent of Medicare for Care New England hospitals and 117 percent of Medicare for Lifespan hospitals. In comparison, while unaffiliated hospitals are paid at an average of 97 percent of Medicare.....There is considerable evidence that the hospital systems - particularly Care New England - possess power in particular service markets that gives them negotiating leverage.”¹³

These disparities in payments have been a major factor in undermining the financial foundation of LMC in recent years. In reviewing payments for 2008, for example, the RI Insurance Commissioner concluded that LMC was reimbursed at only 78% of the statewide average for commercially insured patients (on a “service -to-service”, case-mix adjusted basis.) This 22% “penalty” is highly significant. If LMC had been

¹¹ Office of the Rhode Island Health Insurance Commissioner, Variations in Hospital Payments by Insurers in Rhode Island; Providence, RI; 2010

¹² Ibid, See Page #4, Paragraph 4

¹³ Ibid

paid at 100% of average in 2008 (rather than at 78%) the resulting increasing in revenues would have resulted in an annual positive net income for the year instead of the losses that were experienced.¹⁴

The size of this underpayment has serious implications. This is especially true after noting that these payment disparities have spanned several years (and continue today.)¹⁵

In February of this year, The Rhode Island Department of Health published an analysis of changes in capital reserves at Rhode Island Hospital's between 2003 and 2008.¹⁶ As was the case with the OHIC report, The DOH found that, capital reserves at independent hospitals suffered far more in general in recent years than those at hospitals belonging to larger systems. In stating this finding DOH noted that these hospitals were literally facing a "capital crisis."

The inability to accumulate capital impairs a hospital's ability to operate during financially stressful periods and to maintain its plant and facilities on a regular basis. The relationship between the capital depletion of independent hospitals and the pattern of underpayment to these same facilities suggests at least a partial link between the two. It suggests as well that the inequitable bargaining power of the large systems is at least one key factor undermining the stability of the system as a whole.

The financial stability of LMC has been especially impaired by these dynamics. The hospital has seen its net assets drained away by almost \$20 M since 2003. Having been forced into a negative reserve position, LHS has no more reserve capital to sustain itself in the face of inadequate commercial reimbursement and the other challenges it faces.

14 While the OHIC report examines only certain product lines (i.e., just a portion of total payments from BCBSRI and UHPNE,) the process for negotiating rates for these lines is similar or the same as that for all other contractual arrangements with these payers. This estimate above reasonably assumes that similar pricing differentials exist across all products with these insurers.

15 This issue is not new. From 2004-06, LMC continually raised this issue with the major payers and government officials. At the request of Blue Cross Blue Shield of RI, LMC submitted to an operations and financial audit by an outside auditor chosen by Blue Cross. After months of onsite review, this organization found that LMC was efficiently operated and was indeed inadequately reimbursed. Despite these findings little definitive long term action was taken.

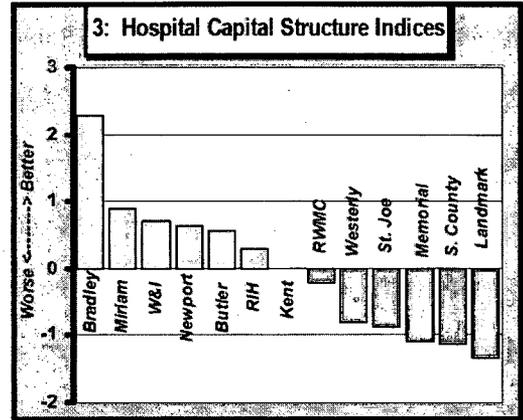

16 Hospital Capital Investment; RI Department of Health; Providence R.I., 2010

It is important to note that disparities in commercial payments, imbalances in payer mix and other factors described above are not phenomena founded in public policy or the result of efforts designed to achieve any publicly adopted health system goals. They are by-products of the current business environment. The public assistance sought by LHS is, on the other hand, designed to counter balance these effects to a small but sufficient degree in order to maintain quality and accessibility of health care and to restrain rising costs. This assistance will make it possible to repair the damage that has occurred over the past several years to the economic foundation of LHS to and preserve valuable assets for the health care system and economy of the state.

While other area hospitals have been similarly affected by commercial payment discrepancies and other negative influences, they have been able to compensate to a degree by drawing upon local charitable support. This has not been an option for LMC. The core communities LMC serves are among the state's poorest -- suffering high poverty rates and long term endemic unemployment. While highly valuing LHS, little opportunity exists for these communities to generate the charitable support necessary to sustain it.

Despite constant cost cutting and the development of highly efficient operations, LHS facilities have functioned for many years upon a dwindling capital base. By the end of 2008, the organization's capital reserve balance was determined to have fallen to a negative \$20M.¹⁷ LHS cannot function indefinitely at this level of reserves.

5. A Viable Alternative

The most promising option for insuring the future of LHS is to join with a larger network of hospitals that could provide recapitalization and create opportunities for expense reduction and long term growth. LHS' negative capital balance however, poses a barrier to this approach. It establishes a formidable threshold beneath which new investment fails to create functional benefits such as facility improvement, program development or future stability.

LHS has explored merging with several possible suitors. In 2009 LHS entered into exclusive court approved negotiations with the Massachusetts based Caritas Christi Network; one of New England's most substantial hospital systems. Caritas Christi is able to invest capital in LHS and could provide other important benefits by incorporating LHS into its existing six hospital network. Accordingly LHS and Caritas have developed a multi-part recovery plan that includes the elements discussed below.

The cornerstone of this plan entails merging with the Caritas Christi Network. Under this arrangement Caritas would invest the \$20M in capital for modernization of facilities and equipment and for making other improvements. It would also provide LHS with the value of its multi-million dollar infrastructure of operational support services for member hospitals. Through these mechanisms, Caritas would help LHS expand base of primary care and specialty staff, create cost reductions through economies of scale and otherwise promote future growth.

Another important element of the recovery plan is for LHS and Caritas to pursue certain changes in LHS' provider agreements with the federal Medicare and other government programs. These changes are expected to result in improved levels of reimbursement for the large portion of LHS patients who utilize these programs.

Finally, this plan includes a request for state assistance. This assistance would consist of subsidy payments over a four year period in the amount of approximately \$5M per year. Payments would terminate after the fourth year resulting in total assistance equivalent to \$20M. Provision of these temporary subsidies would enable LHS to joint with Caritas and begin its recovery as soon as possible. As demonstrated throughout this document, this assistance would be more than justified in light of the value that LHS brings to the health care and economy of Rhode Island.

6. Economic Profile: State of Rhode Island

In order to fully demonstrate the economic consequences of closing LHS, it is necessary to review the local economy and the challenges faced in achieving a speedy recovery from the current recession.

Rhode Island has been especially hard hit by the current nation-wide recession. Since 2007 the state's gross economic output has declined by almost 1% and is estimated to have declined similarly in the past year.¹⁸ As indicated in Table 3, this contraction has affected Rhode Islanders in key ways.

Measure	2006	2009	% Change
Unemployment	5.2%	13%	+130%
Personal Income Growth*	5.2%	0.8%	- 85%
Bankruptcy Rate*	2.59	4.79	+85%

* Per Capita

According to Moody's, two factors in particular will determine the depth of the current recession and the ease of recovery. The first is the ultimate severity of unemployment in RI. How high will it rise? How much time will be required to reduce it to normal levels?

The second factor is the speed and effectiveness with which state government will achieve a balanced budget. This factor plays a key role in creating the confidence needed from businesses, the financial community and consumers to rebuild the state's economy.

Unemployment

Unemployment is both a key result and a key cause of recession. Long standing increases in unemployment create self-reinforcing patterns of economic contraction. As these patterns ripple through the economy they become entrenched within it.

¹⁸ Precip on the Rhode Island Economy; Moody's; 2010

The longer that high unemployment persists, the greater is its effect and the more difficult it becomes to combat.

As Table 4 indicates, the Rhode Island economy lost approximately 30,000 jobs between 2006 and 2009. Another 6-7,000 are presently expected to be lost the current year.¹⁹ Given the current and projected rates of job creation, pre-recession employment levels will not be reached until 2013 at the earliest.

Closure of LHS facilities would measurably increase the additional number of jobs lost this year. It would furthermore delay re-employment for many persons by increasing competition for the finite number of jobs that are created. With few sectors of the economy growing in the near future, the loss of jobs at LMC could not be readily replaced by growth in other industries. Disruption of expected growth within a primary growth sector at a time of especially high unemployment would slow the speed of recovery just as efforts to spur it are getting underway. Table 4 indicates the difference between current job growth projections (Moody's) and revised projections assuming closure of LHS. (See Attachment 1.) Comparison is made between the key years of

2006 (the last pre-recession year) and 2013 (the year currently projected for completion of the recovery.)²⁰

The table shows that recovery level employment will be delayed by a year or more by closure of LHS.

20 The impact on unemployment used for this comparison is the loss of 2,800 jobs in 2010. This estimate is further described in Attachment 1. It is based on the loss of all employment at LHS (approximately 1,300 jobs) and the additional downstream or indirect loss of 1,500 jobs in the broader economy. The estimate of indirect job losses is based on employment conversion tables published by the Institute for Economic Development in Washington, DC. These are industry specific indices are further explained in Attachment 1.

Deficits

The second key factor affecting the speed of recovery is the speed with which deficit spending will be eliminated. While substantial efforts have been taken to close this gap, deficits continue to loom in the years ahead.

FY 2011 - FY 2014 Estimated Deficits
\$ million

	FY 2011	FY 2012	FY 2013	FY 2014

Deficit as Percent of Available Revenues	-5.0%	-11.7%	-13.2%	-14.5%

Source: RIPEC Calculations based on State Budget Documents

Deficit spending, like unemployment, is also a driving cause and a significant effect of recession. The longer it continues, the longer is the persistent threat of higher taxes and / or cutbacks in public services. These threats create uncertainty for individuals as well as the business community. They make growth of existing businesses and attraction of new ones (and therefore reduction of unemployment) more difficult. Deficits also create further increases in government costs as both borrowing and the cost of borrowing rise for government and government dependent borrowers (schools, hospitals and public facilities.)

While Rhode Island deserves praise from the financial community for addressing its deficits head-on, it has nevertheless suffered reduced credit ratings and received criticism for failing to address the underlying structural causes of deficit spending. In a recent public comment on the state's credit worthiness, Moody's specifically cited deficit spending as a key reason for the state's continued negative credit outlook:

“ In the past several years, Rhode Island has balanced its budgets with one-time solutions and increased its short-term borrowings for cash flow purposes. This raises concern regarding the state's likelihood of achieving structural budget balance in the near term, especially given the recently identified budget gaps for fiscal 2010 and forecast for fiscal 2011 as the state's economy remains weak. As a result, the outlook on the state's credit is negative. Future credit reviews will consider the state's resolution of its budget shortfalls, with a focus on solutions that move toward balancing recurring revenues with ongoing expenditures; out

year planning for the fall off in federal stimulus funds; liquidity position; and potential for economic resilience.”²¹

As indicated, closure of LHS will have a direct impact on both the annual revenues and costs of state government --with the net effect of increasing the budget imbalance by approximately \$50M in the next 12 months (see Table 5 below) and affecting future budgets in various ways. The net effect will be an enlargement of the budget gap even as new steps are being taken to reduce it.

²¹ "Moody's Also Confirms Negative Outlook on State's Rating", *Municipal Bonds News*, *Municipal Bonds.com* 1/19/10

7. A Longer and Deeper Recession

The current recession, while clearly national in scope, was felt sooner in Rhode Island and is expected to last longer here than across the nation as a whole. The state faces significant challenges in achieving a strong and lasting recovery. To quote Moody's once again:

“ RI's recovery will lag, and employment will not return to its pre-recession level until 2013. Longer term, the state still has significant problems to work through, including weak demographics, high energy costs, and a poor business-competitiveness profile. As a result, employment and income growth in RI will lag behind the U.S. average for the foreseeable future.”²²

The closure of LHS will increase projected unemployment in RI above 14% in the current year based upon recent projections.²³ Given the presently projected balance between annual job creation and job loss, this increase will delay the re-establishment of pre-recession job levels by one year or more. (See above.)

Closure of LHS facilities would clearly present yet further challenges to state recovery efforts both in terms of unemployment as well as fiscal management. It would likely result in a recessionary period that is both longer and deeper than presently projected.

8. Impact Summary

We have described the various ways in which the closure of LHS will impact the availability of health services and the Rhode Island economy. The ramifications of these impacts have been discussed as well. The following Table provides a summary of specific impacts we have discussed or referenced above as well as a specific estimate for each. The substance of these estimates is provided in greater detail in Attachment 1.

Table 5: Summary of Economic Impacts	
Item	Estimate
Increased Spending	
Increased Unemployment Benefits	\$25.3 M
Increased Medicaid Enrollment	\$5.02 M
Increased Uncompensated Care	\$5.52 M
Total Increased Spending	\$35.84 M
Revenue Reductions	
Decreased Personal Income Taxes	\$3.98 M
Decreases in Sales Tax	\$2.80 M
Decreased TDI Payments	\$1.22 M
Decreased Hospital Licensing Fees	\$5.33 M
Total Revenue Reductions	\$13.33 M
Grand Total	\$49.17 M

9. Conclusion

As this review demonstrates, the closure of LHS would have significant consequences for the availability of health services in most locations in Rhode Island and for the future health of the state's economy as well. Health care would quickly become both less affordable and less accessible while the sluggishness in job growth and economic instability will persist longer than presently expected.

There can be little question that the public would be well served by government measures to facilitate the plan developed by LHS and its prospective partner. **The total amount of assistance required would clearly be far less than the costs and other disruptions that would otherwise result.**

LHS has worked creatively to establish an option that will garner several times again the the value of the public assistance needed to set it in place. This option poses a promising opportunity for LHS and a promising arrangement for the people of Rhode Island.

Landmark Medical Center – Community Benefit Analysis**Executive Summary**

Landmark Medical Center (LMC, Landmark, or the hospital) is an independent, non-profit 214-bed Medicare certified acute care hospital in the State of Rhode Island. LMC, in conjunction with the Rehabilitation Hospital of Rhode Island (RHRI), where LMC has 50 percent interest, comprise Landmark Health Systems, Inc. (LHS). A general overview of the hospital based on FY09 and recently available market data is as follows:

- Operates 123 acute care and 18 psychiatric beds.
- The Hospital employs over 1,000 individuals.
- Provided care for 7,000 inpatient cases, including newborns, and nearly 75,000 outpatient visits.
- Provided emergency room care to nearly 40,000 patients including approximately 11,000 arriving via ambulance.
- Approximately 88% of its inpatient volume comes from six towns in Rhode Island and three towns in Massachusetts, considered its primary service area (PSA).
- It served nearly 33% of the patients admitted for inpatient acute care in its PSA and a significantly higher percentage for the City of Woonsocket.
- Approximately 100 physicians admit patients to LMC.

In June 2008, LHS was placed under mastership and a Special Master was appointed to oversee the hospital's operations. LMC has faced financial distress over the past few years and as a result has been evaluating what direction the hospital should take to continue to serve its constituents in Woonsocket and surrounding towns as a viable, operating acute care hospital. The most likely scenario was to pursue an affiliation, and after evaluating in-state options, the hospital is currently pursuing an out-of-state affiliation. LMC is looking to satisfy the potential affiliate's request for interim relief of approximately \$7 million annually for three years. The relief could take on many forms but has been delineated from the estimated impact of two proposed regulatory payment conditions:

- Maintain current payment levels from Medicaid for three years in comparison to payments under the implementation of the Global Medicaid Waiver, estimated by LMC to be \$2 million annually, requiring approval from the Department of Health and Human Services.
- Waive the Hospital License Fee payments for three years, estimated by LMC to be \$5 million annually, while still receiving the Disproportionate Share (DSH) payments, requiring legislative approval.

In order to assess an aspect of the business rationale for consideration of these terms, PricewaterhouseCoopers was asked to evaluate and provide a summary of the following:

- Model estimates of the direct, indirect and induced impacts of revenue, employment (jobs and income) and business taxes (primarily sales tax) of LMC on the local region (the six LMC PSA towns in Rhode Island) and on Providence County, using the IMPLAN economic model.
- Commentary on the impact to ambulance services.

The discussion of the analyses that follows provide support that if the state agrees to proposed regulatory payment conditions to solidify the affiliate transaction, those conditions could potentially be less costly to the community and to the state than the impact of LMC closing. It appears that the enclosed analysis demonstrates a potential annual impact of \$11M through the loss of business and employee paid taxes, unemployment compensation and increased Medicaid costs.

Economic Impact Assessment

The health care sector plays a major role in the economy of local communities. It does this by keeping local dollars in the community, attracting some external dollars into the community, attracting other business into the community and providing a key component to promoting a healthy workforce in the community. The "industry tested" economic impact model, IMPLAN, was used to estimate the economic impact of Landmark Medical Center on its community, taking into account all these factors.

The IMPLAN model was developed to help estimate the level at which an activity creates "recycled dollars" for a community, using LMC specific input data and economic statistics from the local region and county. For this exercise, the model generated factors, called "multipliers," using 2007 economic data to quantify the economic impact based on 2008 LMC data, which created output of direct, indirect and induced impacts of a hypothetical LMC closure on the community.

- A direct impact results from an increase or decrease in demand for goods and services based directly on the activity modeled (in this case, a hypothetical LMC closure).
- Indirect impacts occur when the activity creates (or reduces) secondary demand for goods and services from businesses in the local community (related to the hospital industry, this could be medical supplies vendors).
- Induced impacts are proportional to employee household income, where goods and services are consumed in the region where the income is generated, in the form of spending, which in turn stimulates other industries through revenue generation and thereby creates jobs in those industries. Reduction in income (i.e. job loss) could result in reduction of consumption of goods and services in those other industries.

The remainder of this assessment will provide additional detail on the following components of estimated economic impact:

- Landmark Medical Center generates a potential total impact of nearly \$189 million in output, or sales and spending.
- This sales and spending activity generates an estimated indirect and induced impact of \$4.0 million in indirect business taxes (primarily sales taxes).
- Landmark Medical Center directly employs over 1,000 individuals - 750 of those in Providence County alone and those 750 potentially creates nearly 540 more indirect and induced jobs for a total of nearly 1,300.
- Landmark Medical Center's employment base represents an estimated potential direct labor impact of over \$44 million and a combined potential direct, indirect and induced labor income impact of approximately \$64 million.

Landmark Medical Center – Community Benefit Analysis

Overall, the results of the IMPLAN analysis estimate that Landmark Medical Center's business and its employees annually create:

- Nearly 1,300 jobs, equating to nearly \$64 million in labor income,
- Generate nearly \$189 million in revenues and
- Nearly \$4.0 million in business taxes to Providence County.
- LMC employees pay nearly \$1.8 million in state taxes, approximately \$1.3 million from employees in Providence County.
- Additionally, the closure of LMC would likely impact the state as unemployment compensation and the level of Medicaid beneficiaries increase.

Two scenarios were modeled, the impact of LMC on:

- Providence County, and
- The six Rhode Island towns in LMC's PSA.

Each scenario factors in the percentage of LMC employees that reside in either area. The table below highlights the economic impacts of each modeled scenario.

While unemployment reached close to 12% in the state, Providence County was close to 13% and Woonsocket reached close to 14% (based on nine months of data for 2009). However, the Health Care & Social Assistance sector comprised 19% of the private sector employment in Rhode Island, which was the largest employment sector in the state. It was only one of two sectors to grow in 2008, with hospitals growing 1.8% and LMC ranking 31st of the largest state employers. Closing LMC could impact these growth trends and contribute further to the unemployment statistics. Given the economic condition of the service area and the state, it may be unlikely that all LMC's employees would find re-employment within the healthcare sector, much less other industry sectors, within the region or potentially even within the state.

Furthermore, the Woonsocket population is estimated to remain stable (slight decline of 0.1% overall by 2014), with the largest decline estimated in the 18-44 age cohort. The overall primary service area is expected to grow by 2.0%, and the secondary service area is expected to grow by 1.8%, indicating that overall demand for healthcare services will continue to exist in the service area. The service area also has a high population of uninsured residents (10% in the PSA) - many of those in Woonsocket (19%).

With the hypothetical closing of LMC, these rates could rise as unemployment increases, which could contribute to increased unemployment compensation (on average, unemployment compensation could approximate upwards of \$13,000 if an employee receives the benefit for the maximum duration) and the cost of uncompensated care and Medicaid to the state (according to Hospital officials, paid claims for LMC employees and their families exceeded \$6.5 million each of the last two years). (For every 250 employees that reach full unemployment compensation, the impact would equate to approximately \$3.2

million. The level of uninsured will impact the hospitals, while the increase in Medicaid beneficiaries would impact the state's Medicaid budget. Although there is no definitive way to estimate which individuals and respective families would qualify and enroll in Medicaid, if one third of the LMC Providence County employees were not re-employed, the potential impact to Medicaid could be upwards of \$2 million cost to the state.

Impact on Ambulance Services

Close to 11,000 rescues were sent to LMC in FY09 with nearly 5,000 serviced by Woonsocket rescue itself (comprised of 17 employees in the Woonsocket Fire Department according to the latest city budget). The current level of staffing and operations of service area rescue departments assumed that LMC would be fully operational and accepting emergency patients. If LMC closes, operational adjustments would likely need to take place to support a shift in transportation routes to other hospitals, which depending on drive times and distances, are further away than LMC is.

Hypothetically, staffing or overtime hours would need to increase to accommodate the change in service area coverage, or, in a worst case situation, rescue staffing or operations would also be cut due to budgetary constraints (which may have already been impacted by the downturn in the economy). However, ambulance services would still need to be covered for LMC's service area. The Woonsocket Fire Chief estimated that the additional operating costs to the Woonsocket's Fire Department alone would be an increase of 33% in fuel costs (\$32,000 annually) and a \$175,000 replacement cost per vehicle every two years instead of six to seven years, due to the increased depreciation from more "wear and tear."

The following table highlights the driving distances to the nearest hospitals from the six Rhode Island PSA towns.

Landmark Medical Center – Community Benefit Analysis**Summary**

LMC is looking to satisfy the potential affiliate's request for interim relief of \$7 million annually for three years which could amount to the state granting two regulatory payment conditions:

- Maintain current payment levels from Medicaid for three years in comparison to payments under the implementation of the Global Medicaid Waiver, estimated by LMC to be \$2 million annually, requiring approval from the Department of Health and Human Services.
- Waive the Hospital License Fee payments for three years, estimated by LMC to be \$5 million annually, while still receiving the Disproportionate Share (DSH) payments, requiring legislative approval.

To assess an aspect of the business rationale for consideration of these conditions, PricewaterhouseCoopers was asked to evaluate and provide a summary of the following:

- Model estimates of the direct, indirect and induced impacts of revenue, employment (jobs and income) and business taxes (primarily sales tax) of LMC on the local region (the six LMC PSA towns in Rhode Island) and on Providence County, using the IMPLAN economic model.
- Commentary on the impact to ambulance services.

What is the hypothetical economic impact of an LMC closure to the state and local community? The output of the IMPLAN economic model indicated that a hypothetical LMC closure could cost the local region. Ranges reflect the six Rhode Island towns in the PSA versus Providence County.

- Nearly 1,000 and 1,300 jobs, respectively,
- Generate \$175 million and \$189 million, respectively, in direct, indirect and imputed revenue,
- Amounting to approximately \$50 million and \$64 million in compensation, respectively,
- Approximately \$2.9 million and \$4.0 million, respectively, in indirect business taxes.
- LMC employees pay nearly \$1.8 million in state taxes, approximately \$1.3 million from employees in Providence County.
- Additionally, the closure of LMC would likely impact the state as unemployment compensation and the level of Medicaid beneficiaries increase.

The analyses provide support that if the state agrees to proposed regulatory payment conditions to solidify the affiliate transaction; those conditions could potentially be less costly to the community and to the state than the impact of LMC closing. Furthermore, it is also uncertain what the impact would be on the overall healthcare system, where LMC provides acute care, psychiatric, rehabilitation and emergency services, and including impact to ambulance services, other hospitals and the health of the service area.

Landmark Medical Center – Community Benefit Analysis

Introduction

Landmark Medical Center (LMC, Landmark or the hospital) is an independent, non-profit 214-bed Medicare certified acute care hospital in the State of Rhode Island. LMC, in conjunction with the Rehabilitation Hospital of Rhode Island (RHRI), where LMC has 50 percent interest, comprise Landmark Health Systems, Inc. (LHS). A general overview of the hospital based on FY09 and recently available market data is as follows:

- Operates 123 acute care and 18 psychiatric beds.
- The Hospital employs over 1,000 individuals.
- Provided care for 7,000 inpatient cases, including newborns, and nearly 75,000 outpatient visits.
- Provided emergency room care to nearly 40,000 patients including approximately 11,000 arriving via ambulance.
- Approximately 88% of its inpatient volume comes from six towns in Rhode Island and three towns in Massachusetts, considered its primary service area (PSA).
- It served nearly 33% of the patients admitted for inpatient acute care in its PSA and a significantly higher percentage for the City of Woonsocket.
- Approximately 100 physicians admit patients to LMC.

In July 2008, LHS was placed under mastership and a Special Master was appointed to oversee the hospital's operations.

The purpose of this document is to assess the value proposition outlining the potential benefits to the State of Rhode Island, its health insurers and LMC's employees and local community of remaining a viable, operational hospital. Community demographic, hospital and state economic profiles were prepared in this paper as part of a foundation to qualitatively define the hypothetical impact of closing LMC. An "industry tested" economic model was used to help quantitatively define the hypothetical economic impact of an LMC closure.

Given the financial condition of LMC, various affiliate options were explored, leading to pursuit of the latest option. The paper will address the community profile of LMC's service area, summarize LMC's current financial and operational situation and highlight the healthcare environment in the state to help answer the question: What is the hypothetical economic impact of an LMC closure to the state and local community?

*Landmark Medical Center – Community Benefit Analysis***Affiliate Pursuits**

Given LMC's operating and financial situation and the healthcare climate in Rhode Island, LMC has encountered difficulties in finding an affiliate solution within the state. Even before LMC entered into mastership, hospital leadership had been involved in various pursuits to create an affiliation that would maintain LMC as a viable and operational hospital. LMC had explored the option of keeping cardiac surgery services as an incentive for an affiliate, but financially, leadership determined that volumes were not sufficient to warrant continuation of the cardiac surgery program, which ended in May 2008. LMC had also felt strongly, and vetted the concept with key constituents, that the community needed an acute care hospital in the service area. Therefore an "emergency room only" or "outpatient only" facility was not pursued as a viable alternative. LMC then explored options to change its Medicare hospital designation for the purposes of changes in reimbursement associated with operating at lower bed capacity. **After review of criteria for designation as a Critical Access Hospital, a Sole Community Hospital or a Medicare Dependent Hospital, LMC did not appear eligible and no longer pursued those designations.**

LMC was unable to find an in-state partner who was fiscally sound, who was interested in an affiliation and who would provide a strategic complement to LMC's services as an acute care hospital. Therefore, LMC is currently pursuing an out of state affiliate that appears to align with its mission and strategy. As part of the due diligence process, the potential affiliate is seeking \$7 million annually in relief for three years. The relief could take on many forms but has been delineated from the estimated impact of two proposed regulatory payment conditions:

- **Maintain current payment levels from Medicaid for three years in comparison to payments under the implementation of the Global Medicaid Waiver, estimated by LMC to be \$2 million annually (Table 4 shows a calculated \$2.2 million impact to LMC), requiring approval from the Department of Health and Human Services.**
- **Allow LMC to forgo Hospital License Fee payments, estimated by LMC to be \$5 million annually, for three years, but still receive Disproportionate Share (DSH) payments (Table 5 shows an estimated FY10 License Fee of \$5.4 million), requiring legislative approval.**

The community profile of LMC's service area, coupled with direct, indirect and induced contributions that LMC continues to make, indicate that the community could be negatively impacted by LMC's closure. The quantitative benefits of LMC are modeled using a recognized modeling methodology called IMPLAN, which provides output estimating the economic impact of an entity on the community. The impact to ambulance services are also discussed, along with potential changes to other hospitals' capacities.

The analyses provide support that even if the state agrees to regulatory payment conditions to solidify the affiliate transaction; those conditions could potentially be less costly to the community and to the state than the impact of LMC closing. Furthermore, it is also uncertain what the impacts would be on the overall healthcare system, where LMC provides acute care, psychiatric, rehabilitation and emergency services, and including impact to ambulance services, other hospitals and the health of the service area.

Landmark Medical Center – Community Benefit Analysis**Impact of Global Medicaid Waiver**

Faced with budget deficits, in January 2009 the State of Rhode Island submitted a proposal to CMS (Centers for Medicare & Medicaid Services) to operate its Medicaid program under a "global cap" for five years through a demonstration project called the Global Medicaid Waiver (CMS approved as Global Section 1115 Waiver). The state will receive \$12.1 billion from the federal government in the form of an annual block grant to operate Medicaid, instead of receiving a traditional federal match (federal matching assistance percentage - FMAP) for dollars spent by the state. In return, while the state assumes the costs that exceed the federal funds, Rhode Island has the flexibility to design benefits and manage the program outside of traditional regulations. The changes are expected to save the state \$67 million.¹ The goals of the Waiver are to "rebalance the long-term care system by replacing institutional level of care criteria with needs-based level of care criteria; better manage care by mandating enrollment in a managed care plan and establishing Healthy Choice Accounts to encourage wellness and prevention behavior; and completing the transition from payor to purchaser through reimbursement changes and enhancing competition for services."^{2 3} According to an external study prepared by the Center on Budget and Policy Priorities, the Medicaid Waiver would "end the federal funding guarantee, restrict state funding and eliminate federal protections for beneficiaries." The study estimated that based on the state's submitted budget, the federal government would end up spending 64% of Rhode Island's Medicaid costs, higher than the existing federal match of 52.5%. The state's Medicaid spending is further capped to a percentage of the state's budget, which could imply that if expenses grow higher than projected, the state would reduce benefits.⁴

The Rhode Island Department of Health provided estimates of the Waiver reimbursement changes by hospital. Inpatient reimbursement changes were modeled to be "breakeven" for the state based on moving reimbursement to All Patient Refined Diagnosis Related Groups (APR-DRGs), and outpatient services were modeled to be reimbursed based on the Ambulatory Payment Classifications (APC) Fee Schedule at 100% of Medicare rates. Based on the simulated inpatient analysis, only seven hospitals (Butler, Kent, Miriam, Rhode Island, Roger Williams, South County and Westerly) will receive an estimated increase in Medicaid inpatient payments, at the "expense" of the other hospitals (resulting in the overall "breakeven" impact). Based on the six-month simulated outpatient analysis, all but two hospitals (Miriam and Roger Williams) are expected to be impacted negatively by the outpatient changes, resulting in an overall decline of 14% in estimated Medicaid outpatient payments.^{5 6}

Disproportionate Share Discussion

Recognizing the declining financial health of the state's hospitals, amended FY09 and FY10 budgets were passed with increased disproportionate share (DSH) and Medicaid upper limit (UPL) funding to hospitals. All hospitals in Rhode Island are required to pay into the DSH fund in the form of a Hospital License Fee, calculated as a percentage of net patient service revenue, and in return those funds are distributed to hospitals based on eligible reimbursable DSH costs. According to calculations provided by the Hospital Association of Rhode Island (HARI), the estimated budget amendments will result in the following payments to LMC:

Economic Impact Analysis

The hospital industry is part of the largest sector of employment for the State of Rhode Island. There have been numerous analyses of the economic impact of hospitals on the community; some of the methodology will be incorporated in this paper to help quantify LMC's contribution to its service area and the state.

Economic Impact Model

An "industry tested" model was used to quantify the economic impact of LMC on the community, based on LMC specific input data and economic statistics from the local region. The specific model used for this study, developed by the Minnesota IMPLAN Group, Inc., is used nationwide for economic impact studies. IMPLAN, which refers to IMPact analysis for PLANning, utilizes a computer program to adapt national input-output tables to county and state tables, thereby allowing for impact estimates to be generated at the local level. The data comes from the system of national accounts for the United States based on data collected by the U.S. Department of Commerce, the U.S. Bureau of Labor Statistics, and other federal and state government agencies. "The IMPLAN database contains county, state, zip code, and federal economic statistics which are specialized by region, not estimated from national averages and can be used to measure the effect on a regional or local economy of a given change or event in the economy's activity."^{7 8}

The IMPLAN model was developed to help estimate the level at which an activity creates "recycled dollars" for a community. For this exercise, the model generated factors, called "multipliers," that created output of direct, indirect and induced impacts of a hypothetical LMC closure on the community.

- A *direct* impact results from an increase or decrease in demand for goods and services based directly on the activity modeled (in this case, a hypothetical LMC closure).
- *Indirect* impacts occur when the activity creates (or reduces) secondary demand for goods and services from businesses in the local community (related to the hospital industry, this could be medical supplies vendors).
- *Induced* impacts are proportional to employee household income, where goods and services are consumed in the region where the income is generated, in the form of spending, which in turn stimulates other industries through revenue generation and thereby creates jobs in those industries. Reduction in income (i.e. job loss) could result in reduction of consumption of goods and services in those other industries.⁹

For LMC's economic model, two scenarios were modeled.

- For the first, the local region was defined as the Rhode Island towns in LMC's primary service area (Woonsocket, Burrillville, Cumberland, Glocester, Lincoln and North Smithfield).
- For the second, the economic impact was modeled for Providence County, where all of the Rhode Island LMC service area towns are located.

The economic activities outlined here will affect the economies of other towns and counties in the state and even in other states, but the focus of this analysis is only the hypothetical impact to the six Rhode Island towns and to Providence County. The model helps quantify the potential economic impact as a result of the change in the region's employment using LMC's specific data.

Landmark Medical Center – Community Benefit Analysis

The IMPLAN model creates factors to extrapolate the hypothetical economic impact of an LMC closure. For example, a 1.5 factor, or "multiplier," could indicate that every one dollar lost in the region could result in another .50 dollars lost, and every one job lost could result in another .50 jobs lost. For the Providence County impact, the model suggests that a hypothetical LMC closure could cost the county close to \$189 million in revenue and sales, approximately 1,300 jobs worth close to \$64 million in compensation and about \$4.0 million in indirect business taxes. The model output suggests that a hypothetical LMC closure could cost the local region (six Rhode Island PSA towns) \$175 million in sales and revenue, 1,000 jobs worth close to \$50 million in compensation, and approximately \$2.9 million in indirect business taxes. The table below summarizes the IMPLAN model outputs.

Assumptions

The most recent data available for IMPLAN is 2007 data. Preset deflators in the model were applied to adjust 2007 data to a 2008 dollar value. The FY08 LMC financial data was used as the model base, shown in the next table, and adjusted for region specific and county modeling. Approximately 58% of LMC's employees, or 600 employees, reside within the six Rhode Island towns, and the remainder was not incorporated, considered "leakage" in terms of household spending within the local community (the induced impact) for the first scenario. About 73% of LMC's employees, or 750 employees, reside within Providence County, and the remainder was considered leakage for the second scenario. The IMPLAN data has built in economic factors specific to the region and county that are correlations between "industry output" generated in the region (defined in this case as patient care revenue) and supplier demand for goods and services (which is the indirect impact). Therefore, all of patient care revenue was modeled to let the dollars flow using the region's specific economic statistics. For the purposes of this exercise, the impacts of two scenarios were evaluated:

1. All LMC employees will leave the county or no longer be employed, i.e. a 100% employment decrease to Providence County
2. All LMC employees will leave the region or no longer be employed, i.e. a 100% employment decrease to the six Rhode Island PSA towns

Output

The IMPLAN model has four outputs from the assumptions: direct, indirect and induced impact on the region, quantified in revenue, employment, employee compensation and indirect business taxes. The results of the model are discussed below.

Impact on the economy in dollars

Scenario 1 models the hypothetical impact of all 750 LMC employees who live in Providence County leave, either through finding jobs outside the county or not being re-employed at all. In addition to the direct economic impact of the county potentially losing all the hospital's patient care revenue of approximately \$119 million, LMC's closure could also cause indirect and induced impacts on the local economy. Indirect impact, which represents the impact caused by the changes in inter-industry activities, could be approximately \$37 million. The direct and indirect impacts could create changes in household consumption demand, i.e. induced impacts, which could result in a negative impact of \$33 million. Therefore, the total economic impact of 100% LMC employee loss to the county could reach \$189 million, as projected by the IMPLAN model.

Scenario 2 models the hypothetical impact of all 600 LMC employees who live in the six Rhode Island PSA towns, leaving the region, either through finding jobs outside the region or not being re-employed at all. In addition to the direct economic impact of the region potentially losing all the hospital's patient care revenue of approximately \$119 million, LMC's potential closure could also create an indirect impact of approximately \$34 million. The induced effect could result in a negative impact of \$22 million. Therefore, the total economic impact of 100% LMC employee loss to the region could reach \$175 million in revenue and sales, as projected by the IMPLAN model.

Some industries will be affected more than others, according to the IMPLAN output. For instance, the economic impact on the real estate industry could be close to \$12 million if all 750 jobs in the county are lost. The table below lists the industries which could experience the largest negative economic impact.

Impact on employment and payroll income

For Scenario 1 where there could be 750 LMC employees leaving the county, the indirect impact to other industries could cost approximately 260 jobs, and the induced impact could be a reduction of approximately 280 jobs. Therefore, the total economic impact to the region could be close to 1,300 jobs lost, as projected by the IMPLAN model. This equated to approximately \$64 million in compensation.

For Scenario 2, if LMC's 600 employee workforce leaves the region, the total impact could be approximately 1,010 jobs, of which, the impacts could be 230 indirect jobs and 180 induced jobs. This equated to \$50 million in compensation.

The next two tables list the industries that would hypothetically face the most negative economic impact in terms of jobs lost and in terms of employee compensation lost.

Impact on indirect business taxes

The IMPLAN model measures the change in sales taxes, excise taxes, property taxes, etc., paid by businesses. For Scenario 1, the county could potentially lose \$4.0 million in indirect business taxes. If LMC loses all the jobs in the PSA Rhode Island towns, the indirect business tax implication could be approximately \$2.9 million. The next table lists by industry the potential direct, indirect and induced indirect business taxes impact of a hypothetical LMC closure on the county or the region.

Ambulance Impact

For LMC, most ambulance rescues arriving to the hospital are handled by town fire departments' rescue groups. Over 11,000 rescues went to LMC in FY09 and the number of rescues increased annually from FY06 and FY09. Forty-seven percent (47%) of the rescues were serviced by Woonsocket Rescue; this volume represented an increase of over 900 people between FY06 and FY09. Thirty-three percent (33%) of rescues were handled by the rescue departments in the surrounding PSA towns.

According to the Woonsocket Fire Chief, 96% of their total FY09 rescues went to LMC. Woonsocket Rescue is comprised of 17 employees in the Woonsocket Fire Department, according to Woonsocket's proposed budget for FY10. These employees represent approximately \$900,000 in salaries (not including extra compensation or benefits), or approximately \$53,000 per employee.

The current level of staffing for Woonsocket Rescue assumed that LMC would be fully operational and accepting emergency patients. While it is unclear what the minimum staffing model is required to service rescues in the area, operational adjustments will need to take place for both Woonsocket Rescue and rescue squads in surrounding towns to support a shift in transportation routes to other hospitals if LMC closes. Hypothetically, staffing or overtime hours would need to increase to accommodate coverage, increasing costs to Woonsocket and neighboring towns and increasing the transportation time to the emergency room if the LMC option was not available. Additionally, it is unclear whether other hospital emergency rooms could accommodate the increased volume from LMC.

Driving distances to the next nearest hospital for the PSA towns in Rhode Island are as follows:

When asked to comment on a hypothetical LMC closure, the Woonsocket Fire Chief stated: "The alternative to a local facility is Providence based, and that would result in significantly extended transport distances and out of service times. These factors would increase the response burden to the surrounding communities to provide mutual aid EMS responses into Woonsocket which would eliminate all EMS coverage in those communities. This situation would create a domino effect, our community would have a delayed response from surrounding units and those communities would need to extend into there mutual aid communities, there by delaying their EMS response. Emergency Medical Service would become Delayed Medical Service; not the model of efficiency for our profession or the needs of the communities involved." He estimated that the additional operating costs to the Woonsocket's Fire Department alone would be an increase of 33% in fuel costs (\$32,000 annually) and a \$175,000 replacement cost per vehicle every two years instead of six to seven years, due to the increased depreciation from more "wear and tear."¹⁰

Landmark Medical Center – Community Benefit Analysis**Discussion of Acute Care Hospital Activity in Rhode Island**

Hypothetically, if LMC does close, a concern is whether the nearest hospitals in Rhode Island even have existing capacity to absorb LMC's volume. Rhode Island Hospital, the hospital with the second largest service area market share (after LMC), had a calculated 82% bed occupancy percentage in FY08. Miriam Hospital, who has seen the largest market share growth in the service area between FY06 and FY08, had a calculated occupancy percentage of 83%. This is based on staffed, operating and available beds, which is less than the number of Medicare certified beds. Putting more beds in operation could require hospitals to ramp up staffing levels. The New York Department of Health estimated that the ideal occupancy levels for hospitals were "80-85% for acute care medical/surgical beds and 65-70% for acute care pediatric beds, according to its report, 'Acute Care Bed Need Methodology Background for the Derivation of 1996 Adult and Pediatric Bed Need'".^{11 12} The table shows the calculated occupancy percentage for each of the area hospitals compared to the state, New England and national rates.

Discussion of Healthcare Insurer Perspectives

Another consideration in analyzing the impact on the community and the state is whether costs to insurers, and consequently residents, could increase as the result of volume going to other hospitals, particularly those in higher wage areas or where costs include expenses associated with training medical residents. The estimated cost per day for general medical and surgical inpatient stays at LMC was \$815, based on the most recent Medicare Cost Report (FY08). On average, the other area hospitals have a cost per day 14% higher than LMC. The overall ratio of cost to charges for the other area hospitals is higher by 24%, and the average hourly wage for the top two competitors is also higher than LMC's by 2% to 3%. The following table shows cost per day, cost to charge ratios and average hourly wage comparisons for area hospitals.

While it is unknown what the payor contracts are for the other hospitals, if negotiated rates at those hospitals are higher than LMC's, the overall costs to the healthcare system in the service area could also be higher with the volume shift. It is also unclear what the shift would mean for LMC's Medicare and Medicaid population, given MS-DRG and APC mixes between hospitals with Medicare and changes to the Medicaid payment methodology in Rhode Island. The payor mix for LMC for fiscal year to date June 2009, based on gross charges, was as follows:

Hospital Profile

Service Area

Landmark's service area is defined as the Primary Service Area (PSA) and Secondary Service Area (SSA) towns where the hospital draws approximately 90% of its inpatient discharges. The PSA is defined as Woonsocket, Burrillville, Cumberland, Glocester, Lincoln and North Smithfield in Rhode Island and Bellingham, Blackstone and Millville in Massachusetts. The SSA is defined as Central Falls, Johnston, North Providence, Scituate and Smithfield in Rhode Island and eight towns along the border in Massachusetts (Attleboro, North Attleboro, Franklin, Plainville, Wrentham, Douglas, Mendon and Uxbridge). A map of the service area is depicted below.

Landmark Medical Center – Community Benefit Analysis**Market Share**

Landmark's service area volume has shifted primarily to other Rhode Island hospitals. LMC's PSA market share, while declining 3.7%, still remains high at 33.3%. Between FY06 and FY08, while LMC lost over 750 discharges in the service area (1.5% decline), the other Rhode Island hospitals collectively increased their inpatient discharges by over 1,300, or 2.8%, the bulk of which went to Miriam Hospital. Table 20 depicts FY08 market share by provider, and Table 21 shows the market share changes from FY06 to FY08 by provider.

Physician Profile

In FY08, nearly 40% of LMC's physician staff was between the ages of 46 to 55 and also accounted for 35% of total admissions. The large prevalence of pulmonary admissions was a function of activity by the hospitalist group comprising of pulmonary/critical care physicians. The table below shows the distribution of FY08 inpatient admissions by specialty and age range.

Financial Snapshot

LMC has experienced deteriorating financial performance over the past few years. As mentioned earlier, LMC petitioned for mastership in July 2008 and a Special Master has been appointed to oversee its operations. In May 2008, faced with declining volumes, LMC ended its cardiac surgery program. The emergency department is affiliated with Harvard Medical Faculty Physicians at Beth Israel Deaconess Medical Center in Massachusetts.

The latest audited financials (FY07) indicated that LMC "will continue as a going concern", and LMC was ranked the "weakest hospital in overall financial performance" for FY08 in a report issued by the Rhode Island Department of Health. The report indicated that LMC's net worth declined 120% in FY08, and the hospital was "technically insolvent (where its liabilities exceeded its assets)" every year between FY04 and FY08.¹³

State Profile

Landscape

Rhode Island was recently the second highest state in the nation for unemployment rates, behind Michigan. "Rhode Island ranks No. 9 in terms of economic distress because of the increase in unemployment, its foreclosure rate and increase in food-stamp participation, according to a national analysis by the Kaiser Family Foundation."¹⁴ According to a report by the Rhode Island Department of Labor and Training, the majority of the state's employment was in the private sector (approximately 87% in 2008) with the Health Care & Social Assistance sector employing the largest portion of private sector workers (19%). Since the end of 2007, when the recession began, only two sectors, private Educational Services and Health Care & Social Assistance, grew jobs; ambulatory and health care services grew .6% and hospitals grew 1.8%. The report projected that Health Care would be one of the first sectors to "rebound" when the recession ends.¹⁵

Not uncommon for other states, in FY08 Rhode Island's 13 non-profit hospitals suffered a decrease in profitability and net worth, primarily due to investment losses in the financial market. These hospitals experienced increased bad debt and uncompensated care and limited access to credit. Hospitals that are part of the two large state healthcare networks (Care New England Health System and Lifespan, which are seeking approval to merge) "fared better" than the independent ones. Care New England is comprised of Butler, Kent and Women & Infants Hospitals, while Lifespan is comprised of Bradley, Miriam, Newport and Rhode Island Hospitals.^{16 17} Market share for the Providence area market, defined as the counties of Bristol, Kent, Newport, Providence and Washington in Rhode Island and Bristol in Massachusetts, is depicted below by key provider.

Landmark Medical Center – Community Benefit Analysis**Competitor Profile**

Based on service area market share, LMC's Rhode Island competitors are defined as the following:¹⁸

Lifespan Health System:

Rhode Island Hospital is the largest inpatient facility in Providence, with 576 beds. It includes the Hasbro Children's Hospital and is the main teaching hospital for Medical School of Brown University. Rhode Island Hospital is the Level 1 trauma center for southeastern New England and operates the largest kidney transplant program in New England.

The Miriam Hospital of Rhode Island is a 247 bed acute care hospital affiliated with Brown Medical School. It is recognized as a leader in cardiovascular care and operates the Women's Cardiac Center as well as a tuberculosis clinic. It is a Center for AIDS Research.

Bradley Hospital is a 60 bed psychiatric hospital for children.

Care New England Health System:

Women & Infants Hospital of Rhode Island operates 197 beds in an acute care setting. It is the primary teaching affiliate in obstetrics, gynecology and newborn pediatrics for Brown Medical School and has been expanding with state-of-the-art facilities for obstetrical patients and neonatal patients. It is also the first hospital-based, all digital facility in the region.

Kent Hospital is a 271 bed acute care hospital affiliated with the University of New England College of Osteopathic Medicine. It provides comprehensive inpatient and outpatient services. It operates a Women's Diagnostic Imaging Center and a Wound Recovery Center as well as provides laboratory and primary-care services at community clinics. Kent Hospital was recently given permission to perform emergency angioplasties to treat heart attacks - only three other Rhode Island hospitals perform this procedure. Kent Hospital is also a part of the Kent PHO with is a non-profit joint venture of Kent Hospital and more than 200 physicians on the hospital's medical staff.

Butler Hospital is a 117 bed psychiatric hospital is a teaching facility for Brown University's department of psychiatry.

Of note - the merger of Lifespan and Care New England is pending regulatory approval.

Independent Hospitals:

Memorial Hospital of Rhode Island is a non-profit community hospital and teaching affiliate of Brown Medical School. It is also affiliated with Dana-Farber/Partners Cancer Center in Boston. In December 2008, Memorial Hospital opened its new state-of-the-art emergency room equipped with a communications system that allows electronic transmission of electrocardiogram data to the department prior to patient arrival. Memorial is also affiliated with about 200 physicians.

Roger Williams Medical Center is a non-profit, community owned teaching hospital for Boston University School of Medicine. It houses a bone-marrow transplant unit and the Center for Stem Cell Biology. It is a 159 bed acute care hospital, which in October 2009, officially received approval to merge with Saint Joseph Health Services of Rhode Island (see below).

Saint Joseph Health Services of Rhode Island is a Catholic-sponsored, non-profit health system comprised of Our Lady of Fatima Hospital and St. Joseph Hospital for Specialty Care. Rehab and

psychiatric programs from Saint Joseph already moved into rented space at Roger Williams and the remaining hospital of 250 beds will be sold. Roger Williams expanded its existing cancer center to include a Chemotherapy Infusion Center, BMT Clinic, Multi-Disciplinary Clinic and Hematology-Oncology Clinic.

Population in Woonsocket (which is part of LMC's PSA) was estimated to have a modest increase of 0.3% between 2000 and 2009 and is projected to lose 0.1% between 2009 and 2014. For the primary and secondary service areas, a larger increase was estimated between 2000 and 2009, 4.5% and 3.8%, respectively. The projections between 2009 and 2014 suggest the populations will continue to increase in

both the primary and secondary service areas by 2.0% and 1.8%, respectively. The female population of childbearing age (15 to 44) are estimated to decrease between 2009 and 2014 for the total service area.

The 2009 uninsured population in the service area is estimated to be nine percent of the total population, which is lower than the state and national uninsured percentages (12% and 16%, respectively). The lower percentages are due in part to towns in Massachusetts being in the service area, a state where there is mandated health insurance coverage. However, the city of Woonsocket has an estimated 19% uninsured rate, driven largely by the 18 to 44 age group (30% uninsured). These figures could be exacerbated with an LMC closure, should it occur, given the displacement of employees and the economic conditions in the community and state. The next two tables show estimated uninsured rates by service area town and by age group.

cause appearing, and the consent of Rhode Island Department of Health (“DOH”), Rhode Island Office of the Attorney General (“DAG”) and the Special Master appearing below, it is hereby

ORDERED, ADJUDGED and DECREED as follows:

1. All prior orders of this Court directing the Special Master to negotiate exclusively with Caritas Christi Health Care (“Caritas Christi”) for the sale of the assets and businesses of LMC and NRIRMA are hereby confirmed to have been terminated and to have been rendered null and void and to be of no further force and effect. Similarly, Section 3.4 of the Management Advisory Agreement between Caritas Christi and Jonathan N. Savage as Court-Appointed Special Master of Landmark Health Center, and Section 3.4 of the Management Advisory Agreement between Caritas Christi and Jonathan N. Savage as Court-Appointed Special Master of Northern Rhode Island Rehab Management Associates, L.P., each requiring the Special Master to negotiate exclusively with Caritas Christi for the sale of the assets and businesses of LMC and NRIRMA are hereby confirmed to have been terminated and to have been rendered null and void and to be of no further force and effect. Accordingly, the Special Master is hereby authorized and directed to market and sell the assets and businesses of LMC and NRIRMA according to the provisions of the within scheduling order.

2. When a potential purchaser and the Special Master execute a Confidentiality and Non-Disclosure Agreement and a HIPPA Agreement, on forms supplied by the Special Master, that potential purchaser shall thereafter be deemed to be a “Qualified Purchaser.” The Special Master shall provide each such Qualified Purchaser, DOH and DAG with a “Due Diligence Package,” in the form of a formatted and prepared USB “stick”/thumb drive

containing any and all reasonable and appropriate due diligence materials. In the event that a Qualified Purchaser reasonably requests and/or the Special Master identifies additional due diligence documentation/information for review, the Special Master shall immediately provide physical or digital copies of such information to all Qualified Purchasers and copies of the same to DOH and DAG. Notwithstanding anything set forth herein to the contrary, the Special Master shall not disclose to Qualified Purchasers Blue Cross & Blue Shield of Rhode Island's ("Blue Cross") reimbursement rates and/or information from which such reimbursement rates can be derived unless (i) the Special Master discloses their identities to Blue Cross, (ii) the Special Master confirms that they are Qualified Purchasers and that they are deemed qualified by his consultant, Joshua Nemzoff, and (iii) the Qualified Purchasers sign confidentiality and non-disclosure agreements acceptable to the Special Master and Blue Cross.

3. By no later than March 25, 2011, Qualified Purchasers of the assets and businesses of LMC and/or NRIRMA may submit bids to the Special Master to purchase the assets (exclusive of cash and accounts receivable) and businesses of LMC and/or NRIRMA. All such bids shall be without condition except for Court approval and any and all required regulatory approvals. Each such bid shall contain, at a minimum, the following terms and information:

- i. The purchase price;
- ii. The experience of the Qualified Purchaser in running healthcare facilities, and, if appropriate, financially-distressed healthcare facilities;
- iii. The capitalization or access to capital of the Qualified Purchaser;

- iv. The minimum amount of capital that the Qualified Purchaser is willing to contractually commit to the successor LMC and/or NRIRMA entity(ies) (exclusive of capital dedicated to the purchase price);
- v. A five-year pro forma cash flow projection of the successor LMC and/or NRIRMA entity(ies);
- vi. The period of time that the Qualified Purchaser is willing to contractually commit not to sell the assets and business or equity interest in LMC if it becomes the successful purchaser; and
- vii. How the Qualified Purchaser intends to meet the healthcare needs of the community currently serviced by LMC including, without limitation, (i) any services that the Qualified Purchaser anticipates terminating, and (ii) the approximate number of employees that the Qualified Purchaser anticipates retaining.

4. On or prior to April 1, 2011, the Special Master shall file with the Court a "Recommendation" disclosing which bid he recommends that the Court approve. In making this Recommendation, the Special Master may consider any and all factors that he deems appropriate, including, without limitation the purchase price. In the Recommendation, the Special Master shall set forth, with specificity, along with a detailed analysis, the reason(s) why he has recommended the bid and Qualified Purchaser being presented to the Court for approval. In addition, the Special Master shall also set forth with specificity, along with a detailed analysis, the reason(s) why all other bids from all other Qualified Purchasers were not recommended for approval. All bids, recommended or not, shall be filed with the Recommendation. Notwithstanding anything set forth in this Order to the contrary, the

Special Master shall not be prohibited from recommending a bid which does not perfectly conform to the requirements of this Order provided that the Special Master demonstrates to the Court's satisfaction that "good cause" exists for accepting a "non-conforming bid." The issue of whether or not "good cause" exists for accepting a "non-conforming bid" shall rest in the sole discretion of the Court; provided however a condition precedent to a Qualified Purchaser's obligation to perform that the Qualified Purchase have additional time to conduct due diligence shall not constitute "good cause."

5. On April 6, 2011 at 9:30 a.m., the Court shall hold a hearing on the Special Master's Recommendation.

6. Within fourteen (14) days from the date upon which the Court approves the Special Master's Recommendation or chooses another winning bidder (i) the Special Master and the winning bidder shall negotiate and execute an asset purchase agreement, and (ii) the Special Master shall file a motion to approve the sale to the winning bidder.

7. Within fourteen (14) days from the date upon which the Special Master files his motion to approve the sale to the winning bidder, the Court shall hold a hearing on said motion.

8. The Special Master shall provide the Court, DOH and DAG status reports on the progress of the bid process at the Court's regularly scheduled bi-weekly public status conferences or at such other dates and times as directed by the Court.

9. The Special Master is hereby authorized and directed to submit the seller's portion of the Hospital Conversion Act application (except those portions which require knowledge as to the identity of the purchaser) to DOH and DAG by no later than March 17, 2011.

10. Any party-in-interest, including without limitation, Blue Cross, may, from time to time, request informal status updates or other information regarding the bid process from the Special Master. In the event that the Special Master refuses to provide such updates or information, that party may seek this Court's approval to obtain the same.

Section 3. Bylaws. Bylaws, rules and regulations or policies for the Medical Staff, setting forth its organization and governance (the "Medical Staff Bylaws"), shall be recommended by the Medical Staff, and such bylaws, rules and regulations or policies must be approved by the Board of Directors before becoming effective. Prior to approving an amendment or restatement to the Medical Staff Bylaws regulations or policies, the Board of Directors shall obtain an advisory opinion from the General Counsel of the sole stockholder's managing member regarding the legal, financial, and quality impact that the amendment or restatement may have on the Corporation.

Section 4. Required Reporting. The Medical Staff Bylaws shall specify that conduct of any individual granted privileges at the Corporation in accordance with the Medical

If appropriate, said report shall be further investigated by a Medical Peer Review Committee. If a determination is made after said investigation that said individual's privileges should be suspended in the best interests of patient care or safety, the Medical Staff Bylaws shall provide that said recommendation will be immediately forwarded to the Executive Committee of the Medical Staff, with a copy to the Board of Directors, and the affected individual will be given notice and a prompt hearing related to his or her suspension. If the Executive Committee endorses the recommendation for suspension stemming from such an investigation, and such recommendation is upheld by the Board of Directors, the Corporation shall notify the appropriate Board of Registration in accordance with applicable statutes or regulations.

Section 5. Medical Peer Review Committee(s). The Medical Staff Bylaws shall require that a Medical Peer Review Committee or committees of the Medical Staff be created which have as their function the responsibilities of a Medical Peer Review Committee set forth in Section 5-37.3-7 of the Rhode Island General Laws and regulations of the Board of Medical Licensure and Discipline.

Section 6. Physicians Under Contract with the Corporation. If a member of the Medical Staff has a contract with, or is a member of an organization which has a contract with the Corporation, the terms of such contract will supersede any terms in the Medical Staff Bylaws solely with respect to the effect of the termination of such contract on his or her Medical Staff membership status and clinical privileges.

(i) the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him/her in connection with such action, suit or proceeding if such person acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his/her conduct was unlawful; and

Directors shall be elected as provided in Section 3 of Article IV of these By-laws. Written ballots shall not be required for voting on any matter unless ordered by the chairman of the meeting.

Section 9. Regular Meetings. Regular meetings of the Board of Directors shall be held on such dates and at such times and places as the Board determines from time to time. Notice of regular meetings need not be given, except as otherwise required by the General Corporation Law.

Section 10. Special Meetings. Notice of any meeting need not be given to any director who shall submit, either before or after the time stated therein, a signed waiver of notice or who shall attend the meeting, other than for the express purpose of objecting at the beginning thereof to the transaction of any business because the meeting is not lawfully called or convened. Notice of an adjourned meeting, including the place, date and time of the new meeting, shall be given to all directors not present at the time of the adjournment, and also to the other directors unless the place, date and time of the new meeting are announced at the meeting at the time at which the adjournment is taken.

Each committee (including the members thereof) shall serve at the pleasure of the stockholders. Each committee shall keep minutes of its meetings and report the same to the Board. The stockholders may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member or members at any meeting of the committee. All applications for appointments and reappointments to the Medical Staff shall be in writing, signed by the applicant, and submitted on a form prescribed by the Medical Staff, reviewed by the Credentialing Committee and approved by the Board of Directors. Completed applications shall be submitted to the President of the Corporation or the President's designee. They shall contain full information concerning the applicant's education, licensure, practice, previous hospital experience, a complete history with regard to licensure and hospital privileges, a criminal

The procedure for appointment and reappointment shall be the procedure described in the Medical Staff Bylaws from time to time.

Section 2. Appointments. All appointments to the Medical Staff shall be made by the Board of Directors for a period not to exceed twenty-four months and shall be upon such conditions and terms as the Board of Directors shall determine in its discretion consistent with the Medical Staff Bylaws. All appointments shall be subject to renewal by the Board of Directors, at the expiration of such term, pursuant to the procedures set forth in the Medical Staff Bylaws. Section 3. Bylaws. Bylaws, rules and regulations or policies for the Medical Staff, setting forth its organization and governance (the "Medical Staff Bylaws"), shall be recommended by the Medical Staff, and such bylaws, rules and regulations or policies must be approved by the Board of Directors before becoming effective. Prior to approving an amendment or restatement to the Medical Staff Bylaws regulations or policies, the Board of Directors shall obtain an advisory opinion from the General Counsel of the sole stockholder's managing member regarding the legal, financial, and quality impact that the amendment or restatement may have on the Corporation.

Section 4. Required Reporting. The Medical Staff Bylaws shall specify that conduct of any individual granted privileges at the Corporation in accordance with the Medical

If appropriate, said report shall be further investigated by a Medical Peer Review Committee. If a determination is made after said investigation that said individual's privileges should be suspended in the best interests of patient care or safety, the Medical Staff Bylaws shall provide that said recommendation will be immediately forwarded to the Executive Committee of the Medical Staff, with a copy to the Board of Directors, and the affected individual will be given notice and a prompt hearing related to his or her suspension. If the Executive Committee endorses the recommendation for suspension stemming from such an investigation, and such recommendation is upheld by the Board of Directors, the Corporation shall notify the appropriate Board of Registration in accordance with applicable statutes or regulations.

Section 5. Medical Peer Review Committee(s). The Medical Staff Bylaws shall require that a Medical Peer Review Committee or committees of the Medical Staff be created which have as their function the responsibilities of a Medical Peer Review Committee set forth in Section 5-37.3-7 of the Rhode Island General Laws and regulations of the Board of Medical Licensure and Discipline.

Section 6. Physicians Under Contract with the Corporation. If a member of the Medical Staff has a contract with, or is a member of an organization which has a contract with the Corporation, the terms of such contract will supersede any terms in the Medical Staff Bylaws solely with respect to the effect of the termination of such contract on his or her Medical Staff membership status and clinical privileges.

Section 2. Statutory Indemnification. Without limiting the generality of Section 1 of this Article VIII, to the fullest extent permitted, and subject to the conditions imposed, by law, and pursuant to Section 145 of the General Corporation Law unless otherwise determined by the Board of Directors:

(i) the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him/her in connection with such action, suit or proceeding if such person acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his/her conduct was unlawful; and

(ii) the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him/her in connection with the defense or settlement of such

action or suit if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, except as otherwise provided by law.

Section 3. Indemnification by Resolution of Stockholders or Directors or Agreement. Without limiting the generality of Section 1 or Section 2 of this Article VIII, to the fullest extent permitted by law, indemnification may be granted, and expenses may be advanced, to the persons described in Section 145 of the General Corporation Law or other provisions of the laws of Delaware relating to indemnification and advancement of expenses, as from time to time may be in effect, by (i) a resolution of stockholders, (ii) a resolution of the Board of Directors, or (iii) an agreement providing for such indemnification and advancement of expenses, provided that no indemnification may be made to or on behalf of any person if a judgment or other final adjudication adverse to the person establishes that such person's acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action so adjudicated, or that such person personally gained in fact a financial profit or other advantage to which such person was not legally entitled.

Section 4. General. It is the intent of this Article VIII to require the Corporation, unless otherwise determined by the Board of Directors, to indemnify the persons referred to herein for judgments, fines, penalties, amounts paid in settlement and expenses (including attorneys' fees), and to advance expenses to such persons, in each and every circumstance in which such indemnification and such advancement of expenses could lawfully be permitted by express provision of by-laws, and the indemnification and expense advancement provided by this Article VIII shall not be limited by the absence of an express recital of such circumstances. The indemnification and advancement of expenses provided by, or granted pursuant to, these By-laws shall not be deemed exclusive of any other rights to which a person seeking indemnification or

advancement of expenses may be entitled, whether as a matter of law, under any provision of the Charter, these By-laws, by agreement, by vote of stockholders or disinterested directors of the Corporation or otherwise, both as to action in his/her official capacity and as to action in another capacity while holding such office.

No person or entity automatically shall be disqualified from participating with the Corporation as a stockholder, director, officer or member of the Medical Staff by reason of any such adverse interest. Any stockholder, director, officer or member of the Medical Staff interested in any corporation or other concern of any kind referred to above with which the Corporation proposes to contract or to transact any business or who has an interest, pecuniary or otherwise, in any such contract or transaction, shall not participate in the vote to authorize any such contract or transaction, but may participate in the discussion thereof.

EXHIBIT 10(i)

LIMITED LIABILITY COMPANY AGREEMENT
OF
STEWARD MEDICAL HOLDINGS LLC

LIMITED LIABILITY COMPANY AGREEMENT dated as of July 16, 2010 (the "Agreement"), by and among STEWARD HEALTH CARE SYSTEM LLC (the "Managing Member") and the persons listed as Members on Schedule I hereto, and such other persons as may hereafter be admitted as a member to the Company in accordance with the provisions hereof (each, a "Member", and with the Managing Member, the "Members").

Preliminary Statement

The Managing Member desires to form a limited liability company under the Delaware Limited Liability Company Act, 6 Del. C. §§ 18-101, et seq., as amended from time to time (the "Delaware Act").

Accordingly, in consideration of the promises made herein, the party hereto hereby agrees as follows:

1. Name. The name of the Company is "Steward Medical Holdings LLC".

2. Purpose.

(a) The Company is organized for the purpose of engaging in any and all activities permitted under applicable law, including, without limitation, engaging in investment, trading or financing activities of all kinds (for its own account or the account of others) and carrying on any business relating thereto or arising therefrom, including entering into any partnership, limited liability company, joint venture or other similar arrangement or owning interests in any entity engaged in any of the foregoing activities.

(b) The Company shall have the power to engage in all actions, proceedings, activities and transactions that the Managing Member may deem necessary or advisable in connection with the foregoing purposes.

3. Term. The term of the Company began on the date the certificate of formation was filed, and shall continue until dissolved as provided in Section 9 hereof.

4. Ownership. Percentage Interests in the Company shall be personal property for all purposes. All property and interests in property, real or personal, owned by the Company shall be deemed owned by the Company as an entity, and no Member, individually, shall have any ownership of such property or interest except by owning units in the Company as a Member. Each of the Members irrevocably waives, during the term of the Company and during any period of its liquidation following any dissolution, any right that it may have to maintain any action for partition with respect to any assets of the Company.

5. Expenses. The Company shall pay all costs and expenses arising from the organization and operations of the Company. The Company shall reimburse the Managing Member and other officers or agents of the Company for reasonable out-of-pocket expenses incurred by them on behalf of the Company.

6. Registered Office; Registered Agent. The registered office of the Company in the State of Delaware is National Corporate Research, Ltd., 615 South DuPont Highway, Dover, Delaware 19901, or such other registered office as may be approved from time to time by the Managing Member. The name and address of the registered agent of the Company for service of process on the Company in the State of Delaware is National Corporate Research, Ltd., 615 South DuPont Highway, Dover, Delaware 19901, or such other registered agent as may be approved from time to time by the Managing Member.

7. Management of the Company.

The business and affairs of the Company shall be managed by the Managing Member, who shall have the power and authority, on behalf of the Company, to take any action of any kind not inconsistent with the provisions of this Agreement and to do anything and everything it deems necessary or appropriate to carry out the business and purposes of the Company, including, but not limited to:

(a) manage and direct the business affairs of the Company, do any and all acts on behalf of the Company and to exercise all rights of the Company with respect to its interest in any other person, corporation, partnership, limited liability company, or other entity, including, without limitation, the voting of securities, exercise of redemption rights, participation in arrangements with creditors, the institution, defense and settlement or compromise of suits and administrative proceedings and other like or similar matters;

(b) acquire, own, lease, sublease, manage, hold, deal in, mortgage, lien, pledge or otherwise grant a security interest in, control or dispose of any interests or rights in real or personal property;

(c) hire employees, consultants, attorneys, accountants, appraisers and other advisers for the Company;

(d) open, trade and otherwise conduct accounts with brokers and dealers;

(e) open, maintain and close bank accounts and draw checks or other orders for the payment of funds;

(f) borrow money or obtain credit from banks, lending institutions or any other person;

(g) assume obligations, incur liabilities, lend money or otherwise use the credit of the Company;

(h) direct the formulation of investment policies and strategies for, and perform all other acts on behalf of, the Company and any entities for which the Company acts as general partner, adviser, manager, managing member, or in other similar capacities, including those activities specified above in clauses (a) and (b);

(i) organize one or more corporations or other entities to hold record title, as nominee for the Company, to securities, funds or other assets of the Company; and

(j) enter into any contracts it deems necessary or advisable to facilitate the business of the Company.

There shall not be a "manager" (within the meaning of the Delaware Act) of the Company. The Managing Member is, to the extent of its rights and powers set forth in this Agreement, an agent of the Company for the purpose of the Company's business, and the actions of the Managing Member taken in accordance with such rights and powers shall bind the Company.

8. Officers.

(a) The Managing Member shall have the power to designate Managing Directors (collectively, the "Officers") of the Company. The Managing Member may also appoint other officers of the Company. The Officers and any other officers of the Company shall be responsible for the day-to-day business, operations and affairs of the Company. Each of the Officers shall have authority to bind the Company through the exercise of such powers subject to, and only to the extent consistent with, the direction of the Managing Member. The Officers and other officers, if any, of the Company shall be appointed and be subject to removal by the Managing Member.

(b) The compensation of all Officers and any other officers of the Company's subsidiaries shall be fixed by the Managing Member; provided, however, that their salaries shall conform to any employment agreement entered into between the Company or a Company subsidiary and such Officer or officer.

(c) Notwithstanding any other provision contained in this Agreement to the contrary, should a delegation of authority be established by the Managing Member, no act shall be taken, sum expended, decision made, obligation incurred or power exercised by any Officer or officer on behalf of the Company other than in accordance with such delegation of authority.

(d) An Officer or an officer may resign at any time by giving written notice to the Managing Member. The resignation of an Officer or an officer shall take effect upon the Managing Member's receipt of written notice of such Officer's or officer's resignation or at such later time as shall be specified in the written notice. Unless otherwise specified in the Officer's or officer's written notice of resignation, the acceptance of the Officer's or officer's resignation shall not be necessary to make it effective. If the Officer or officer also is a Member, the Officer's or officer's resignation as an Officer or officer, as applicable, shall not affect such Officer's or officer's rights as a Member and shall not constitute a withdrawal of such Officer or officer as a Member.

(e) The Managing Member may terminate the employment of and remove any Officer or officer with or without cause.

(f) The Managing Member may elect at any time a new or replacement Officer to fill the vacancy of any Officer position.

9. Dissolution. The Company shall be dissolved and its affairs shall be wound up upon the earlier to occur of: (a) determination by the Managing Member; and (b) the dissolution of the Managing Member.

10. Initial Capital Contributions. The Members have each made a capital contribution to the Company in the amount set forth in the books and records of the Company. The capital account (the "Capital Account") of each Member shall be in an amount equal to such Member's initial capital contribution, adjusted from time to time for additional contributions, withdrawals, allocations of appreciation and depreciation and other appropriate items. The "Percentage Interests" of the Members in the Company are determined for each Member of the Company by dividing the amount of each Member's capital contribution by the aggregate capital contributions of all Members. The sum of the Percentage Interests shall equal one hundred percent (100%).

11. Additional Contributions. No Member shall have any obligation to make additional capital contributions to the Company.

12. Tax Matters. The Managing Member intends that the Company not be treated as an association for Federal income tax purposes. The Company shall maintain a capital account for each Member in accordance with Treasury Regulation Section 1.704-1(b). The Company's taxable income and tax losses shall be allocated pro rata based on Percentage Interests. The Managing Member shall act as the "tax matters partner" within the meaning of Section 6231(a)(7) of the Internal Revenue Code of 1986, as amended.

13. Distributions. Distributions shall be made to the Members at the times and in the aggregate amounts determined by the Managing Member. Notwithstanding the foregoing, distributions made in connection with a sale of all or substantially all the Company's assets or a liquidation of the Company shall be made in accordance with the capital account balances of the Members within the time period set forth in Treasury Regulation Section 1.704-1(b)(2)(ii)(B)(3).

14. Admission of Additional or Substitute Members. The Company may admit substitute or additional members at the Managing Member's discretion, the names of which shall be inscribed on the books and records of the Company from time to time. Any substitute or additional member shall have all the rights and powers, and shall be subject to all of the restrictions and liabilities, of all other Members under this Agreement and applicable law.

15. Withdrawal of Members. Except as provided herein, a Member shall have no right to dissociate, withdraw as a Member or withdraw such Member's capital from the Company without the prior authorization of the Managing Member.

16. Liability of the Members.

(a) Except as otherwise required by Delaware law, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and no Member shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member, whether to the Company, to any of the other Members, to the creditors of the Company or to any other third person. Except as required by the Delaware Act, each Member shall be liable only to make such Member's capital contribution to the Company, if applicable, and the other payments provided for expressly herein.

(b) Under the Delaware Act, a member of a limited liability company may, under certain circumstances, be required to return amounts previously distributed to such member. It is the intent of the Members that no distribution to any Member pursuant to this Agreement shall be deemed to constitute money or other property paid or distributed in violation of the Delaware Act, and the Members agree that each such distribution shall constitute a compromise of the Members within the meaning of Section 18-502(b) of the Delaware Act, and, to the fullest extent permitted by applicable law, the Member receiving such distribution shall not be required to return to any person any such money or property, except as otherwise expressly set forth herein. If, however, any court of competent jurisdiction holds that, notwithstanding the provisions of this Agreement, any Member is obligated to make any such payment, such obligation shall be the obligation of such Member and not of the other Members, and, when funded, shall constitute a capital contribution by such Member.

17. Indemnification.

(a) The Managing Member, the Officers and any other officers of the Company, and their Affiliates (each, an "Indemnitee") shall to the fullest extent permitted or required by the Delaware Act, as amended from time to time, or other applicable law, be exculpated from, and indemnified by, the Company against any liability, loss, damage, penalty, action, claim, judgment, settlement, cost or expense of any kind or nature whatsoever (including all reasonable attorneys' fees, costs and expenses of defense, appeal and settlement of any proceedings instituted against such Indemnitee or the Company and all costs of investigation in connection therewith) that relates to or arises out of, or is alleged to relate to or arise out of, any action or inaction on the part of the Company or such Indemnitee acting on behalf of the Company, provided that an Indemnitee shall be entitled to indemnification hereunder only to the extent that such Indemnitee's conduct did not constitute fraud, willful misconduct, gross negligence or a material breach of this Agreement. The Company shall advance expenses incurred by such Indemnitee upon the receipt by the Company of the signed statement of such Indemnitee agreeing to reimburse the Company for such advance in the event it is ultimately determined that such Indemnitee is not entitled to be indemnified by the Company for such expenses. No Indemnitee shall be liable (a) for the acts, receipts, neglects, defaults or omissions of any other Indemnitee or agent of the Company, (b) for any loss on account of defect of title to any property of the Company, (c) on account of the insufficiency of any security in or upon which any money of the Company shall be invested or (d) for any loss incurred through any bank, broker or other similar person.

(b) The indemnification and advancement of expenses provided by or granted pursuant to this Section 17 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any agreement.

(c) The Company may purchase and maintain insurance on behalf of any person that is or was a Member, Managing Member, director, Officer, officer, employee or agent of the Company, or is or was serving at the request of the Company as a Member, Managing Member, director, Officer, officer, employee or agent of another organization against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not he or she would be entitled to indemnity against such liability under the provisions of this Section 17.

(d) The indemnification and advancement of expenses provided by, or granted pursuant to, this Section 17 shall continue as to a person that has ceased to be a Managing Member, officer, employee or agent and shall inure to the benefit of the executors and administrators of such a person.

18. Books and Records. The books and records of the Company shall reflect all Company transactions and shall be appropriate and adequate for the Company. The books and records of the Company shall include a record of each transfer of participating interests of the Company. All books and records of the Company shall be maintained at any office of the Company or at the Company's principal place of business in the United States, and each Member, and any duly authorized representative, shall have access to them at such office of the Company and the right to inspect and copy them at reasonable times. The Company's books of account shall be kept on an accrual basis or as otherwise provided by the Managing Member and otherwise in accordance with generally accepted accounting principles, consistently applied, except that for income tax purposes such books shall be kept in accordance with applicable tax accounting principles (including the final and temporary regulations of the United States Department of Treasury).

19. Confidentiality. In connection with the formation of the Company and its ongoing business, the Members will receive or have access to confidential proprietary information concerning the Company including, without limitation, valuations, information regarding the Company's investments, financial information, and the like ("Confidential Information"), which is proprietary in nature and non-public. No Member, nor any Affiliate of any Member, shall disclose or cause to be disclosed any Confidential Information to any person nor use any Confidential Information for its own purposes or its own account, except in connection with its investment in the Company and except as otherwise required by any regulatory authority, law or regulation, by legal process or in connection with a tax audit. Notwithstanding the foregoing, each Member (and each employee, representative, or other agent of such Member) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of: (i) the Company; and (ii) any transactions of the Company, and all materials of any kind (including opinions or other tax analyses) that are provided to the Member relating to such tax treatment and tax structure.

20. Notices. Any notice, payment, demand or communication (collectively, a "notice") required or permitted to be given by this Agreement or applicable law shall be in

writing and sent by first class mail, overnight courier, hand delivery or telephone conversation or e-mail; except, unless waived by the recipient, if such notice is made by telephone conversation or e-mail, such telephone conversation or e-mail shall be followed within 48 hours thereof by written notice sent by first class mail, overnight courier or hand delivery. Charges for any notice hereunder shall be prepaid and addressed as follows, or to such other address as such person may from time to time specify by notice to the Members or the Company, as the case may be:

(a) if to the Company, to the Company at the address of its registered office set forth in Section 6; and

(b) if to a Member, c/o Cerberus Capital Management, L.P. 299 Park Avenue, New York, New York 10171.

Unless otherwise indicated herein, any notice shall be deemed to be delivered, given and received for all purposes as of the date delivered, or if sent by first class mail, five days after the date on which the same was deposited in a receptacle, regularly maintained by the United States Postal Service for the deposit of mail, whichever occurs first.

21. Benefits of Agreement. None of the provisions of this Agreement shall be for the benefit of or enforceable by any creditor of the Company or of any Member.

22. No Third-Party Beneficiaries. This Agreement is made solely and specifically among and for the benefit of the Members and their respective successors and assigns, and no other person, unless express provision is made herein to the contrary, shall have any rights, interests or claims hereunder or be entitled to any benefits under or on account of this Agreement as a third-party beneficiary or otherwise.

23. Headings; Scope. The titles of Sections of this Agreement are for convenience of reference only and shall not define or limit any of the provisions of this Agreement. Words such as "herein," "hereby," "hereinafter," "hereof," "hereto" and "hereunder" refer to this Agreement as a whole, unless the context indicates otherwise. This Agreement constitutes the entire understanding of the Members with respect to the subject matter hereof and supersedes all prior understandings and agreements in regard hereto.

24. Construction. Common nouns and pronouns and any variations thereof shall be deemed to refer to masculine, feminine, or neuter, singular or plural, as the identity of the person, persons or other reference in the context requires. Every covenant, term and provision of this Agreement shall be construed simply according to its fair meaning and not strictly for or against any Member. Any reference to the Delaware Act, Delaware code or other statutes, laws, or regulations (including the Treasury Regulations), forms or schedules shall include the amendments, modifications, or replacements thereof. Whenever used herein, "or" shall include both the conjunctive and disjunctive, "any" shall mean "one or more," and "including" shall mean "including without limitation." Unless the context indicates otherwise, "member" or "members" and "limited liability company" or "limited liability companies" shall be substituted in and for references to "partner" or "partners" and "partnership" or "partnerships," respectively, in the Delaware code, regulations and any pronouncements by the Internal Revenue Service.

25. Validity of Agreement; Severability. Every provision of this Agreement is intended to be severable. If any provision hereof is illegal, invalid or unenforceable for any reason whatsoever, such provision will be fully severable; this Agreement shall be construed and enforced as if such illegal, invalid or unenforceable provision were not a part of this Agreement; and the remaining provisions of this Agreement will remain in full force and effect and will not be affected by the invalid or unenforceable provision or by its severance from this Agreement. Further, in lieu of such illegal, invalid, or unenforceable provision, there will be automatically included, as part of this Agreement, a provision as similar in terms to such illegal, invalid or unenforceable provision as may be possible and be legal, valid and enforceable. In the event the Delaware Act or other controlling law is subsequently amended or interpreted in such a way to make any provision of this Agreement that was formerly invalid valid, such provision shall be considered to be valid from the date provided in such interpretation or amendment or in the event the interpretation or amendment does not otherwise provide, from the effective date of such interpretation or amendment.

26. Further Action. Each Member, upon the request of the Managing Member or any other Member, agrees to perform all further acts and execute, acknowledge, or deliver any instruments or documents and to perform such additional acts as may be reasonably necessary, appropriate or desirable to carry out the provisions of this Agreement.

27. Counterpart Execution. This Agreement may be executed in any number of counterparts with the same effect as if the parties hereto had signed the same document.

28. Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, without giving effect to conflicts of law principles of such State.

29. No Implied Waiver. The Members and the Company shall have the right at all times to enforce the provisions of this Agreement in strict accordance with the terms hereof, and no waiver of any provision of this Agreement shall constitute a waiver of any other provision, nor shall any waiver constitute a continuing waiver unless otherwise provided in writing.

30. Press Releases. Each of the Members shall consult with the Managing Member before issuing any press releases or otherwise making any public statements with respect to this Agreement or the transactions contemplated hereby, and no Member shall issue any press release or make any public statement without the prior written consent of the Managing Member, except as may be required by law and then only with such prior consultation with the Managing Member to the extent practicable.

31. Amendments. This Agreement may be amended only by written instrument executed by the Members.

32. Additional Documents. Each Member agrees to perform all further acts and to execute, acknowledge and deliver any documents that may be reasonably necessary to carry out the provisions of this Agreement.

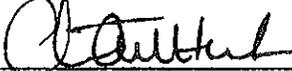

33. Binding Agreement. Notwithstanding any other provision of this Agreement, the Members agree that this Agreement constitutes a legal, valid and binding agreement of the Members, and is enforceable against the Members in accordance with its terms.

IN WITNESS WHEREOF, the undersigned has duly executed this Limited Liability Company Agreement as of the date and year first written above.

for breach of any duty (including fiduciary duties) as a Member by reason of the fact that such Member pursues or acquires such business opportunity for itself, directs such opportunity to another Person, or does not communicate information regarding such opportunity to the Company.

(d) The provisions of this Agreement, to the extent that they restrict or eliminate the duties (including fiduciary duties) and liabilities of a Member otherwise existing at law or in equity, are agreed by the Members to replace such duties and liabilities of such Member.

Such consent or consents shall be filed with the minutes of the proceedings of the Management Board and shall have the same force and effect as a vote of a majority of the members of the Management Board.

(h) Chairman. The Management Board may, if it so determines, elect from among its members a Chairman of the Board and/or a Vice Chairman of the Board. The Chairman of the Board, if any, shall preside at all meetings of the Management Board and of the Members at which he or she shall be present and shall have and may exercise such powers as may, from time to time, be assigned to him or her by the Management Board or as may be provided by Law. Defined terms not defined herein shall have the meaning set forth in the Fourth Amended and Restated Limited Liability Company Agreement of Steward Health Care System LLC, dated June __, 2011, by and among Steward Health Care Holdings LLC ("Holding LLC"), the Persons listed on Schedule I thereto

Issuer:	Steward Health Care System LLC or the Successor Entity (the " <u>Company</u> ").
Registrable Securities:	Any Interests held by the Members, and any securities of the Company issued or issuable directly or indirectly with respect to such Interests, whether by way of dividend, distribution, recapitalization, merger, consolidation, exchange or other reorganization; <u>provided, however</u> , that any such securities shall cease to be Registrable Securities at such time as they (i) have been distributed to the public pursuant to an offering registered under the Securities Act or (ii) may be sold to the public through a broker, dealer or market maker in compliance with Rule 144 under the Securities Act or any similar rule then in force (not subject to volume, holding period or manner-of-sale restrictions).
Demand Registration Rights:	<p>At any time after the date that is six months after the consummation of an Initial Public Offering, the holder of a majority of the Registrable Securities (the "<u>Majority Holders</u>") may request registration of all or a portion of Registrable Securities held by them on either Form S-1 ("<u>Long-Form Registrations</u>") or on Form S-3 ("<u>Short Form Registrations</u>") (such registration, a "<u>Demand Registration</u>"). Upon the exercise of Demand Registration right by the Majority Holders, the other holders of Registrable Securities shall have the right to participate in such registration.</p> <p>The Majority Holders may not make more than two Demand Registrations (whether by Long-Form Registration or Short-Form Registration) in any 12-month period, and at such time as their holdings falls below 20%, the Majority Holders may only make one demand for Long Form Registration in any 12-month period; provided that the Company is not required to effectuate more than three Long Form Registrations in any 12-month period.</p> <p>Where a Demand Registration is an underwritten primary registration and the managing underwriters determine that the number of securities</p>

	<p>proposed to be included in such offering creates an offering that may not be launched in an orderly manner or may not meet an acceptable price range, then priority on what securities are to be offered is as follows: <u>first</u>, the Registrable Securities requested to be included in such registration by any person exercising the Demand Registration right, pro rata among such holders, <u>second</u>, the Registrable Securities requested to be included (other than Registrable Securities requested to be included by the person(s) exercising the Demand Registration Right), pro rata among the respective holders thereof based on the amount of Registrable Securities they own, and <u>third</u>, any other securities requested to be included.</p> <p>In the event a Demand Registration may have a material adverse effect on the Company's ability to engage in (i) a material acquisition or divestiture of its assets, (ii) a merger or reorganization, (iii) a material financing or other material business transaction not entered into in the ordinary course of business; then the Company may postpone for 90 days the filing or effectiveness of a Demand Registration or suspend a Demand Registration already declared effective. The Company can only exercise this right once in any 12-month period.</p>
<p>Piggyback Registration Rights:</p>	<p>All holders of Registrable Securities have piggyback registration rights.</p> <p>If the Company seeks to register any of its securities other than pursuant to a Demand Registration or on a Form S-4 or S-8, then the Company must provide all holders of Registrable Securities with the opportunity to participate in such registration (such participation a "<u>Piggyback Registration</u>"). If the registration is tied to an Initial Public Offering, the managing underwriters must consent to the Piggyback Registration.</p> <p>Where a Piggyback Registration is an underwritten secondary registration, other than a Demand Registration, and the managing underwriters determine that the inclusion of more securities due to the Piggyback creates an offering that may not be launched in an orderly manner or may not meet an acceptable price range, then priority on what securities are to be offered is as follows: <u>first</u>, the securities the Company proposes to sell, <u>second</u>, the Registrable Securities requested to be included, on a pro rata basis among the respective holders on the basis of the amount of Registrable Securities they own, and <u>third</u>, the number of other securities requested to be included.</p>
<p>Holdback</p>	<p>The holders of Registrable Securities are subject to customary</p>

All property and interests in property, real or personal, owned by the Company shall be deemed owned by the Company as an entity, and no Member, individually, shall have any ownership of such property or interest except by owning Membership Interests in the Company as a Member. Each of the Members irrevocably waives, during the term of the Company and during any period of its liquidation following any dissolution, any right that it may have to maintain any action for partition with respect to any assets of the Company.

Section 2.4 Expenses. The Company shall pay all costs and expenses arising from the organization and operations of the Company. The Company shall reimburse the

The name and address of the registered agent of the Company for service of process on the Company in the State of Delaware is National Corporate Research, Ltd., 615 South DuPont Highway, Dover, Delaware 19901, or such other registered agent as may be approved from time to time by vote or written consent of the Members holding a majority of the Membership Interests.

Section 2.6 Fiscal Year. The fiscal year of the Company shall end on September 30 of each year (each, a "Fiscal Year"), or on such other date as determined by the Management Board.

ARTICLE III

MEMBERSHIP INTERESTS AND CAPITAL ACCOUNTS

Section 3.1 Membership Interests.

(a) The Company shall initially have one authorized class of Membership Interests in the form of Common Membership Interests (the "Common Interests"), consisting of 100 Common Interests. The names, addresses and number of Membership Interests of the Members are set forth on Schedule I to be maintained by the Management Board, which shall be amended from time to time by the Management Board to reflect the issuance of additional Membership Interests by the Company to any Member pursuant to this Agreement or the Transfer of any Membership Interests by any Member; provided, however, that the Company and the Management Board shall not be required to recognize any Transfer in violation of the terms of this Agreement and any such Transfer shall be void and of no force or effect.

Section 3.2 Admission of Additional or Substitute Members. The Company may admit substitute or additional Members by vote or written consent of the Members holding a majority of the Membership Interests, the names of which shall be inscribed on the books and records of the Company from time to time. Any substitute or additional member shall have all the rights and powers, and shall be subject to all of the restrictions and liabilities, of all other Members under this Agreement and applicable Law.

Section 3.3 Withdrawal of Members. Except as provided herein, a Member shall have no right to dissociate, withdraw as a Member or withdraw such Member's capital from the Company without the prior authorization of the Management Board.

Section 3.4 Liability of the Members.

(a) Except as otherwise required by Law, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts,

obligations and liabilities of the Company, and no Member shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member, whether to the Company, to any of the other Members, to the creditors of the Company or to any other third person. Except as required by the Act, each Member shall be liable only to make such Member's capital contribution to the Company, if applicable, and the other payments provided for expressly herein.

(b) Under the Act, a member of a limited liability company may, under certain circumstances, be required to return amounts previously distributed to such member. It is the intent of the Members that no Distribution to any Member pursuant to this Agreement shall be deemed to constitute money or other property paid or Distributed in violation of the Act, and the Members agree that each such Distribution shall constitute a compromise of the Members within the meaning of Section 18-502(b) of the Act, and, to the fullest extent permitted by applicable Law, the Members receiving such Distribution shall not be required to return to any Person any such money or property, except as otherwise expressly set forth herein. If, however, any court of competent jurisdiction holds that, notwithstanding the provisions of this Agreement, any Member is obligated to make any such payment, such obligation shall be the obligation of such Member and not of the other Members.

Section 3.5 No Member Fiduciary Duties.

(a) No Member shall, to the maximum extent permitted by the Act and other Law, owe any duties (including fiduciary duties) as a Member to the other Members or to the Company, notwithstanding anything to the contrary existing at law, in equity or otherwise; provided, however, that each Member shall have the duty to act in accordance with the implied contractual covenant of good faith and fair dealing.

(b) Except as otherwise expressly provided in this Agreement or any other contractual arrangements between the Company and one or more Members, any Member may engage in or possess any interest in another business or venture of any nature and description, independently or with others, whether or not such business or venture is competitive with the Company or any of its Subsidiaries, and neither the Company nor any other Member shall have any rights in or to any such independent business or venture or the income or profits derived therefrom, and the doctrine of corporate opportunity or any analogous doctrine shall not apply to the Members and the members, shareholders, partners and Affiliates thereof. The pursuit of any such business or venture shall not be deemed wrongful, improper or a breach of any duty hereunder, at law, in equity or otherwise. Any Member and the members, shareholders, partners and Affiliates thereof shall be able to transact business or enter into agreements with the Company to the fullest extent permissible under the Act, subject to the terms and conditions of this Agreement.

(c) Except as otherwise expressly provided in this Agreement or any other contractual arrangements between the Company and one or more Members, if a Member acquires knowledge, other than solely from or through the Company, of a potential transaction or matter that may be a business opportunity for both such Member and the Company or another Member, such Member shall have no duty to communicate or offer such business opportunity to the Company or any other Member and shall not be liable to the Company or the other Members

for breach of any duty (including fiduciary duties) as a Member by reason of the fact that such Member pursues or acquires such business opportunity for itself, directs such opportunity to another Person, or does not communicate information regarding such opportunity to the Company.

(d) The provisions of this Agreement, to the extent that they restrict or eliminate the duties (including fiduciary duties) and liabilities of a Member otherwise existing at law or in equity, are agreed by the Members to replace such duties and liabilities of such Member.

ARTICLE IV

DISTRIBUTIONS

Section 4.1 Distributions. Distributions shall be made to the Members at the times and in the aggregate amounts determined by the Management Board to the Members in proportion to their Membership Interests.

(c) Notwithstanding anything to the contrary in this Agreement, the Company may not undertake or cause to be undertaken, any of the actions set forth in Exhibit A, without the prior written consent of the Members holding a majority of the Membership Interests.

(d) The names and mailing addresses of the members of the Management Board shall be set forth in the books and records of the Company. The number of members of the Management Board shall be fixed from time to time by vote or written consent of the Members holding a majority of the Membership Interests. The Members holding a majority of the Membership Interests may appoint additional individuals or entities to serve as members of the Management Board.

(e) The status of a member of the Management Board shall terminate if the Management Board member: (1) shall die; (2) shall be adjudicated incompetent; (3) shall voluntarily resign as a Management Board member (which shall require not less than 10 days' prior written notice to the Company); (4) shall be removed by the vote or written consent of the Members holding a majority of the Membership Interests, (5) shall be certified by a physician to be mentally or physically unable to perform his or her duties; (6) shall be declared bankrupt by a court with appropriate jurisdiction, file a petition commencing a voluntary case under any bankruptcy law or make an assignment for the benefit of creditors; (7) shall have a receiver appointed to administer the property or affairs of such Management Board member; or (8) shall otherwise cease to be a Management Board member of the Company under the Act. (f) Meetings. Meetings of the Management Board may be called by the Chairman of the Management Board or by any two other members of the Management Board on at least two Business Days' prior written notice to each member of the Management Board, which notice shall contain the time and place of such meeting. A majority of members of the Management Board shall constitute a quorum for the transaction of business by the Management Board. All actions of the Management Board shall require the affirmative vote of a majority of the members of the Management Board. Decisions made by the Management Board at any meeting, however convened, shall be as valid as though held after due notice if, either before or after the meeting, each and every member of the Management Board signs a written waiver of notice or a consent to the holding of such meeting or written approval of the minutes thereof.

(g) Telephonic Conference; Written Consent. Meetings of the Management Board may be held by telephone conference or similar communications equipment by means of which all persons participating in the meeting can hear each other and participate in the conversation. Any action required or permitted to be taken by the Management Board may be taken without a meeting and without prior notice if a majority of the members of the Management Board shall consent in writing to such action. Such consent or consents shall be filed with the minutes of the proceedings of the Management Board and shall have the same force and effect as a vote of a majority of the members of the Management Board.

(h) Chairman. The Management Board may, if it so determines, elect from among its members a Chairman of the Board and/or a Vice Chairman of the Board. The Chairman of the Board, if any, shall preside at all meetings of the Management Board and of the Members at which he or she shall be present and shall have and may exercise such powers as may, from time to time, be assigned to him or her by the Management Board or as may be provided by Law. In the absence of the Chairman of the Board, the Vice Chairman of the Board, if any, shall preside at all meetings of the Management Board and of the Members at which he or she shall be present and shall have and may exercise such powers as may, from time to time, be assigned to him or her by the Management Board or as may be provided by Law. Specifically, the Management Board is authorized hereunder to change the domicile of the Company and amend the Agreement in connection with any such change of domicile, without the consent of the Members, if it reasonably believes, based on the advice of counsel, that such change in domicile is necessary for tax or regulatory purposes and that such change in domicile will not alter the limited liability of the Members in any material respect. The Management Board agrees to use its reasonable best efforts to structure any change in the domicile of the Company so that no Member suffers any material adverse tax consequences as a result of such re-domiciliation.

(b) Activity of the Management Board. The members of the Management Board shall devote so much of their time to the affairs of the Company as in the judgment of the members of the Management Board the conduct of the Company's business shall reasonably require, and the members of the Management Board shall not be obligated to do or perform any act or thing in connection with the business of the Company not expressly set forth herein. Nothing herein contained in this Agreement shall be deemed to preclude the members of the Management Board from engaging directly or indirectly in any other business or from directly or indirectly purchasing, selling, holding or otherwise dealing with any securities for the account of any such other business, for its own accounts or for other clients. No Member shall, by reason of being a Member of the Company, have any right to participate in any manner in any profits or income earned, derived by or accruing to the members of the Management Board or any of their Affiliates from the conduct of any business other than the business of the Company (to the extent provided herein) or from any transaction in securities effected by the members of the Management Board or any of their Affiliates for any account other than that of the Company.

Section 5.3 Committees of the Management Board.

(a) The Management Board may designate one or more committees to help the Management Board discharge its various responsibilities under this Agreement, each consisting of one or more Members of the Management Board. Each committee (including the members thereof) shall serve at the pleasure of the Management Board and shall keep minutes of its meetings and report the same to the Management Board. The Management Board may designate one or more Members of the Management Board as alternate members of any committee, who may replace any absent or disqualified member or members at any meeting of the committee. Except as limited by Law, each committee, to the extent provided in the

resolution of the Management Board adopting such committee's charter, shall have and may exercise all the powers and authority of the Board in the management of the business and affairs of the Company.

(b) A majority of all the members of a committee shall constitute a quorum for the transaction of business, and the vote of a majority of all the members of a committee present at a meeting at which a quorum is present shall be the act of the committee. Each committee shall adopt whatever other rules of procedure it determines for the conduct of its activities.

The Compensation Committee shall review the compensation of any director, manager, officer or other employee of any Subsidiary of the Company as may be designated by the Compensation Committee from time to time to determine if it has any objection to such compensation. The Compensation Committee shall have and may exercise the powers and authority granted to it by any incentive compensation plan for employees of the Company. Such Officers of the Company shall be responsible for the day to day business, operations and affairs of the Company and shall have authority to bind the Company through the exercise of such powers subject to, and only to the extent consistent with, the direction of the Management Board. The Officer of the Company shall be appointed and be subject to removal by the Management Board.

(b) The compensation of any such Officers and all officers of the Company's Subsidiaries shall be fixed by the Management Board; provided, however, that their salaries shall conform to any employment agreement entered into between the Company or a Subsidiary of the Company and such Officer.

(c) Notwithstanding any other provision contained in this Agreement to the contrary, should a delegation of authority be established by the Management Board, no act shall be taken, sum expended, decision made, obligation incurred or power exercised by any Officer on behalf of the Company other than in accordance with such delegation of authority.

(i) An Officer may resign at any time by giving written notice to the Management Board. The resignation of an Officer shall take effect upon the Management Board's receipt of written notice of such Officer's resignation or at such later time as shall be specified in the written notice. Unless otherwise specified in the Officer's written notice of resignation, the acceptance of the Officer's resignation shall not be necessary to make it effective. If the Officer also is a Member, the Officer's resignation as an Officer shall not affect such Officer's rights as a Member and shall not constitute a withdrawal of such Officer as a Member.

(ii) The Management Board may terminate the employment of and remove any Officer with or without cause.

(iii) The Management Board may elect at any time a new or replacement Officer to fill the vacancy of any Officer position.

Section 5.5 Indemnification.

(a) The Management Board, each Member and the Officers or any other officer of the Company, and their Affiliates (each, an "Indemnitee") shall to the fullest extent permitted or required by the Act, as amended from time to time, or other applicable law, be exculpated from, and indemnified by, the Company against any liability, loss, damage, penalty, action, claim, judgment, settlement, cost or expense of any kind or nature whatsoever (including all reasonable attorneys' fees, costs and expenses of defense, appeal and settlement of any proceedings instituted against such Indemnitee or the Company and all costs of investigation in connection therewith) that relates to or arises out of, or is alleged to relate to or arise out of, any action or inaction on the part of the Company or such Indemnitee acting on behalf of the

The Company shall advance expenses incurred by such Indemnitee upon the receipt by the Company of the signed statement of such Indemnitee agreeing to reimburse the Company for such advance in the event it is ultimately determined that such Indemnitee is not entitled to be indemnified by the Company for such expenses. No Indemnitee shall be liable (a) for the acts, receipts, neglects, defaults or omissions of any other Indemnitee or agent of the Company, (b) for any loss on account of defect of title to any property of the Company, (c) on account of the insufficiency of any security in or upon which any money of the Company shall be invested or (d) for any loss incurred through any bank, broker or other similar person.

(b) The indemnification and advancement of expenses provided by or granted pursuant to this Section 5.5 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any agreement.

Issuer:	Steward Health Care System LLC or the Successor Entity (the " <u>Company</u> ").
Registrable Securities:	Any Interests held by the Members, and any securities of the Company issued or issuable directly or indirectly with respect to such Interests, whether by way of dividend, distribution, recapitalization, merger, consolidation, exchange or other reorganization; <u>provided, however</u> , that any such securities shall cease to be Registrable Securities at such time as they (i) have been distributed to the public pursuant to an offering registered under the Securities Act or (ii) may be sold to the public through a broker, dealer or market maker in compliance with Rule 144 under the Securities Act or any similar rule then in force (not subject to volume, holding period or manner-of-sale restrictions).
Demand Registration Rights:	<p>At any time after the date that is six months after the consummation of an Initial Public Offering, the holder of a majority of the Registrable Securities (the "<u>Majority Holders</u>") may request registration of all or a portion of Registrable Securities held by them on either Form S-1 ("<u>Long-Form Registrations</u>") or on Form S-3 ("<u>Short Form Registrations</u>") (such registration, a "<u>Demand Registration</u>"). Upon the exercise of Demand Registration right by the Majority Holders, the other holders of Registrable Securities shall have the right to participate in such registration.</p> <p>The Majority Holders may not make more than two Demand Registrations (whether by Long-Form Registration or Short-Form Registration) in any 12-month period, and at such time as their holdings falls below 20%, the Majority Holders may only make one demand for Long Form Registration in any 12-month period; provided that the Company is not required to effectuate more than three Long Form Registrations in any 12-month period.</p> <p>Where a Demand Registration is an underwritten primary registration and the managing underwriters determine that the number of securities</p>

The Company can only exercise this right once in any 12-month period.</p>
<p>Piggyback Registration Rights:</p>	<p>All holders of Registrable Securities have piggyback registration rights.</p> <p>If the Company seeks to register any of its securities other than pursuant to a Demand Registration or on a Form S-4 or S-8, then the Company must provide all holders of Registrable Securities with the opportunity to participate in such registration (such participation a "<u>Piggyback Registration</u>"). If the registration is tied to an Initial Public Offering, the managing underwriters must consent to the Piggyback Registration.</p> <p>Where a Piggyback Registration is an underwritten secondary registration, other than a Demand Registration, and the managing underwriters determine that the inclusion of more securities due to the Piggyback creates an offering that may not be launched in an orderly manner or may not meet an acceptable price range, then priority on what securities are to be offered is as follows: <u>first</u>, the securities the Company proposes to sell, <u>second</u>, the Registrable Securities requested to be included, on a pro rata basis among the respective holders on the basis of the amount of Registrable Securities they own, and <u>third</u>, the number of other securities requested to be included.</p>

THIRD AMENDED AND RESTATED
AGREEMENT OF LIMITED PARTNERSHIP
OF
NORTHERN RHODE ISLAND REHAB MANAGEMENT ASSOCIATES, L.P.

THIS THIRD AMENDED AND RESTATED AGREEMENT OF LIMITED PARTNERSHIP ("Agreement") is made and entered into as of June 1, 2000 by and between Landmark Health Systems, Inc., a Rhode Island not-for-profit corporation ("LHS") as general partner and a limited partner and Landmark Medical Center ("LMC"), a Rhode Island not-for-profit corporation as general partner and a limited partner. LHS and LMC in their capacity as general partners hereunder are sometime referred to herein individually as a "General Partner" and together as the "General Partners" and in their capacities as limited partners hereunder are sometimes referred to herein individually as a "Limited Partner" and together as the "Limited Partners." The General Partners and the Limited Partners are sometimes referred to individually as a "Partner" and collectively as the "Partners."

BACKGROUND

WHEREAS, on January 8, 1993, Braintree Rehabilitation Ventures, Inc. ("BRVI") and LMC executed an Agreement of Limited Partnership of Northern Rhode Island Rehab Management Associates, L.P. (the "Partnership Agreement"), as amended by a Restated and Amended Agreement of Limited Partnership of Northern Rhode Island Rehab Management Associates, L.P. as of January 11, 1993, and a Restated and Amended Agreement of Limited Partnership of Northern Rhode Island Rehab Management Associates, L.P. as of June 1, 2000, and a Certificate of Limited Partnership for the Partnership dated January 6, 1993; and

WHEREAS, BRVI desires to redeem its partnership interests in the Partnership;
and

WHEREAS, LHS desires to acquire certain Partnership interests in the Partnership;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in consideration of the mutual agreements set forth in this Agreement and intending to be legally bound, the parties hereto agree as follows:

ARTICLE ONE:
FORMATION OF LIMITED PARTNERSHIP

Section 1.01. Amendment. The parties hereto hereby amend and restate the Partnership Agreement in accordance with the terms hereof under the provisions of the Revised Uniform Limited Partnership Act of the State of Delaware (the "Act") to carry on

the business described in Section 1.04 hereof. All rights, duties and obligations of the Partners in respect of one another and other persons who are not parties to this Agreement shall be as provided in the Act and in this Agreement.

Section 1.02. Name. The name of the Partnership shall be "Northern Rhode Island Rehab Management Associates, L.P." All business of the Partnership shall be conducted in such name and such other assumed, trade or fictitious names as the General Partners shall determine from time to time.

Section 1.03. Term. The term of the Partnership commenced on the date the Certificate of Limited Partnership for the Partnership was filed, and shall continue thereafter for a period of twenty-five (25) years, unless sooner dissolved or extended pursuant to law or any provisions hereof.

Section 1.04. Business. The business of the Partnership shall be to develop, lease, and operate the Rehabilitation Hospital of Rhode Island, a licensed rehabilitation hospital center under Chapter 23-17 of the Rhode Island General Laws (the "Facility"), to provide medical rehabilitation and related health care services on both an outpatient and inpatient basis, to operate or arrange for the operation of the Facility, to perform such acts as are related to the ownership or leasing of the Facility, including the leasing of the Facility from LMC, and the operation of the business of the Facility and to do all such other acts and execute all such agreements and instruments as are incidental to the carrying on of the business of the Partnership during the term of this Agreement. For purposes of this Agreement, the term "Affiliate" has the meaning ascribed to such term in Rule 405 under the Securities Act of 1933.

Section 1.05. Fiscal Year. The fiscal year ("Fiscal Year") of the Partnership shall end on June 30 unless another tax year is required under Section 706(b) of the Code. As used in this Agreement, a Fiscal Year shall include any partial Fiscal Year at the beginning and end of the Partnership term.

Section 1.06. Nature of Each Partner's Interest in the Partnership. The interests of each Partner in the Partnership shall be personal property for all purposes. All property owned by the Partnership, whether real or personal, tangible or intangible, shall be beneficially owned by the Partnership as an entity, and no Partner individually shall have any beneficial ownership of such property, or the right to have any such property partitioned.

Section 1.07. Offices. The principal offices of the Partnership shall be located at 115 Cass Avenue, Woonsocket, Rhode Island 02895 or at such other place as shall be designated by LMC from time to time. The Partnership may maintain such other or additional offices as LMC may from time to time designate.

Section 1.08. Powers of the Partnership. To carry out the purposes of the Partnership as set forth in Section 1.04 above, the Partnership shall have and exercise all powers now or hereafter permitted by the laws of the State of Delaware to be

exercised by limited partnerships formed under the laws of that state, and to do any and all things not prohibited by law in furtherance of the business of the Partnership as fully as natural persons might or could do.

Without limiting the foregoing, the powers of the Partnership shall include the power to: sue and be sued in all courts and participate in all proceedings; hold, purchase, receive, lease or otherwise acquire, own, improve, employ, use and deal in and with real or personal property or any interest therein; sell, convey, lease, exchange, transfer or otherwise dispose of or mortgage or pledge all or any of its property and assets, or any interest therein; wind up and dissolve itself as provided in this Agreement; enter into any contract (including any contracts of guarantee and suretyship with respect to the obligations of the Partnership or of third parties), agreement, undertaking, arrangement, or any joint venture, partnership or association of any kind; incur liabilities, borrow or lend money, issue notes, bonds and other obligations and secure any of its obligations by mortgage, pledge or other encumbrance of all or any of its property, franchises and income; issue additional securities of any type, including interests, rights, options, or warrants; lend money, invest and re-invest its funds, and take, hold and deal with real and personal property as security for the payment of funds so loaned or invested; hire any and all persons as employees, agents, independent contractors, consultants, or otherwise; provide insurance for its benefit on the life of any of its Partners or their partners, officers, directors or employees; guarantee, purchase, take, receive, subscribe for or otherwise acquire, own, hold, use or otherwise employ securities or interests in any general partnership, limited partnership, corporation, joint venture, trust, business trust, limited liability company, cooperative or association; and to take or cause to be taken all actions and to perform all functions necessary or appropriate to conduct the business of the Partnership.

Section 1.09. Partnership Interests.

(a) The Partnership shall have two classes of interests: general and limited.

(b) Any person may be both a General Partner and a Limited Partner and/or hold more than one class of limited Partnership interest at the same time, and, in such event, shall for the purposes of this Agreement be separately entitled to rights afforded a Partner in each of such classes or categories under this Agreement. To the extent that a General Partner contributes to the capital of the Partnership as a Limited Partner or purchases any Limited Partner's interest, it shall be treated in all respects as a Limited Partner as to such interests.

Section 1.10. Limitation on Liability of Partners. Except as otherwise required under the Act or applicable law and except with respect to any obligations to the Partnership expressly incurred in writing, no director, officer, shareholder, partner, employee or agent of any Partner shall have personal liability for the payment of any sums owing by such Partner to the Partnership or any other Partner under the terms of this Agreement, or for the performance of any other covenant or agreement of such Partner contained herein.

Section 1.11. Conflicts of Interest and Transactions with Affiliates.

(a) Any Partner and any Affiliate of any Partner may conduct any business or activity whatsoever without any accountability to the Partnership or any Partner even if such business or activity competes with the business of the Partnership. This Agreement shall not give the Partnership or any Partner any interest in, or right to, any such business or activity or any proceeds, income or profit thereof or therefrom, and no Partner shall be obligated hereunder to offer any business opportunity to the Partnership or any other Partner.

(b) The Partnership may enter into any arrangement, contract, agreement or business venture with any of the Partners or their Affiliates that is permitted under the Act and other applicable law, including, without limitation, leases of the Facility from such Affiliates. Each Partner understands and acknowledges that the conduct of the business of the Partnership will involve business dealings with, and borrowings from, such other businesses or undertakings of the Partners and their Affiliates. It is expressly understood and agreed that the Partnership may borrow funds from any Partner or its Affiliates (either through credit facilities maintained by them or directly from them) on such terms as may be provided for or contemplated by such credit facilities. In the case of direct borrowings from Partners not made from or through a credit facility, then neither Partner nor any of its Affiliates shall make any loans to the Partnership which are not fully and adequately secured or do not bear a market interest rate with accrued interest payable at least annually.

(c) Without in any way limiting the foregoing, each Partner acknowledges that the Partnership has entered into the following arrangements with its Affiliates: (i) arrangements for the management of all or any portion of the business of the Partnership or the Facility; (ii) a lease of the Facility with LMC, as lessor, and the Partnership, as lessee (the "Lease"); and (iii) a purchased service agreement between the Partnership and LMC whereby LMC provides certain ancillary services to the Facility.

ARTICLE TWO:
CAPITAL CONTRIBUTIONS OF PARTNERS

Section 2.01. Initial Capital Contributions. LMC has assigned certain general and limited partnership interests in the Partnership to LHS and, in accordance with the provisions of Section 3.02, LHS shall be credited with a capital account in proportion to the value of the associated capital contributions.

Section 2.02. Additional Capital Contributions and Partner Loans.

(a) The Partnership shall have the right from time to time to call upon the Partners to make contributions to the Partnership as additional capital or loans, as

determined by the Partnership (such determination to be the same for all Partners), in the amount which it has determined is required for the carrying on of the business of the Partnership, and each Partner shall be obligated to contribute or loan such amount in accordance with this Section 2.02. Contributions called by the Governing Board in accordance with Section 6.01 shall be provided by each Partner on a pro rata basis such that the portion of the additional capital or loan called which each Partner will be responsible for contributing or lending to the Partnership (the "Additional Contribution") shall be equal to such Partner's Percentage Interest (as defined in Section 3.01) in the Partnership. The Capital Account (as defined below) of each Partner shall be credited with the amount of any capital contribution made pursuant to this Section 2.02. Each loan made hereunder shall be on the terms set by the Governing Board, and shall bear interest at the rate set forth in, and otherwise comply with, Section 2.04(a).

(b) All calls for the contribution of additional capital or for the making of loans to the Partnership (i) shall be in writing, (ii) shall be given to each Partner, and (iii) shall state the aggregate amount needed by the Partnership, the amount of each Partner's Additional Contribution and whether such Additional Contribution is to be made in the form of additional capital or a loan. Each Partner's Additional Contribution shall be due within fifteen (15) days after the date that notice of the call is given to the Partners.

Section 2.03. Default in Making Additional Contributions. If any Partner (the "Defaulting Partner") shall fail timely to make any Additional Contribution provided for in Section 2.02 in full when due, then the non-defaulting Partner (the "Non-Defaulting Partner") may exercise any or all of the following remedies on behalf of the other Partners by giving written notice to the Defaulting Partner:

(a) Require the Partnership to set-off against any distributions to the Defaulting Partner the amount of the Additional Contribution due the Partnership from the Defaulting Partner.

(b) Borrow on behalf of the Partnership from a lender other than the Defaulting Partner the amount of the Additional Contribution due the Partnership by the Defaulting Partner, in which case the Defaulting Partner shall be liable to the Partnership for the amount of such borrowing, plus all expenses incurred by the Partnership in connection with any such borrowing, including interest on the funds borrowed and attorneys' fees. Upon payment in full of such borrowed amounts within ninety (90) days by the Defaulting Partner, in the case of an Additional Contribution that is a contribution to capital under Section 2.02, the Capital Account of the Defaulting Partner shall be credited with the amount of its Additional Contribution but not with the amount of any such expenses. If such borrowed amounts are not repaid by the Defaulting Partner within ninety (90) days after receipt by the Partnership of such borrowed amounts from the third party lender, the Non-Defaulting Partners may, at any time thereafter and in their sole discretion, assume liability for or make payment in full to the lender of such borrowed amounts, whereupon the Capital Accounts of the Non-Defaulting Partners shall be credited with the borrowed amount, and the

Non-Defaulting Partners' Percentage Interests shall be increased and the Defaulting Partner's Percentage Interest shall be decreased in accordance with Section 3.01.

(c) Arrange for the Non-Defaulting Partners to lend the Partnership an amount equal to the Defaulting Partner's Additional Contribution, in which case the Defaulting Partner shall be liable to the Partnership and the Partnership shall be liable to the Non-Defaulting Partners for the amount of such borrowing, plus all expenses incurred by the Partnership in connection with any such borrowing, including interest on the funds borrowed and attorneys' fees. If the amounts loaned by the Non-Defaulting Partners are not paid by the Defaulting Partner within ninety (90) days after receipt of such loaned amounts by the Partnership, the Non-Defaulting Partners may, at any time thereafter and in their sole discretion, convert such loan and expenses to a capital contribution by the Non-Defaulting Partners, whereupon the Defaulting Partner shall have no further obligation to the Partnership or the Non-Defaulting Partners to pay such amounts, and the Capital Accounts of the Non-Defaulting Partners shall be credited with such amounts, and the Non-Defaulting Partners' Percentage Interests shall be increased and the Defaulting Partner's Percentage Interest shall be decreased in accordance with Section 3.01.

(d) Dissolve and liquidate the Partnership as provided in this Agreement in such event.

The failure or delay on the part of the Non-Defaulting Partner in exercising any remedy set forth above shall not act as a waiver thereof. The single or partial exercise of any such remedy shall not preclude any other or further exercise thereof or the exercise of any other remedy hereunder.

Section 2.04. Partner Loans. (a) Loans, other than loans made pursuant to Section 2.05, made to the Partnership by the Partners shall be due and payable upon the terms set by the General Partner for such loans, with interest equal to the greater of (i) the floating rate of interest announced from time to time as being the prime interest rate of Fleet National Bank, a national banking association, plus one and one-half (1-1/2%) percent, or (ii) the applicable Federal short-term rate as defined in section 1274(d) (1) of the Code, as each such rate may be adjusted from time to time. Partner loans shall be made on such terms and conditions as are acceptable to and approved by the Partnership's third party lenders; provided, that neither LMC nor any of its Affiliates shall make any loans to the Partnership which are not fully and adequately secured or do not bear a market interest rate with accrued interest payable at least annually.

(b) A loan account shall be established and maintained for any Partner making a loan to the Partnership either pursuant to Section 2.02 or this Section 2.04.

(c) After payment of (i) current and past-due debt service on liabilities of the Partnership other than the loans from Partners and (ii) all operating expenses of the Partnership, the Partnership shall pay the current and past-due debt service on any

outstanding Partner loans (pro rata among such loans, paying all past-due interest first pro rata, then all past-due principal pro rata, then all current interest pro rata, and then all current principal pro rata) before distributing any amount to any Partner by way of capital or profits.

Section 2.05. Third Party Loans. It is expected that the Partnership will from time to time arrange for loans to the Partnership from third parties for working capital and such other purposes as may be necessary or reasonably incidental to the business of the Partnership. Such loans may be provided to the Partnership by lenders directly or indirectly through Affiliates of the Partners. Each Partner agrees that such loans may be secured by mortgages, pledges, assignments or other encumbrances of the Partnership's assets or by contracts of guaranty and suretyship evidencing the Partnership's repayment obligations. The Partnership may guaranty loans to the Partnership or to Affiliates of the Partners (with such guarantees limited in amount to the amount of such loans advanced to the Partnership).

Section 2.06. No Third Party Beneficiaries. The right of the Partnership to require contributions of additional capital or the making of loans to the Partnership under the terms of this Agreement does not confer any rights or benefits to or upon any person who is not a party to this Agreement.

Section 2.07. Capital Contributions and Loans Generally. Except to the extent otherwise expressly provided in this Agreement or by law:

- (a) no Partner may withdraw any part of its capital from the Partnership;
- (b) loans by a Partner to the Partnership shall not be considered a contribution of capital (except upon the conversion of loans pursuant to Section 2.03(c)), shall not increase the Capital Account of the lending Partner, and shall not result in the adjustment of any Partner's Percentage Interest in the Partnership, and the repayment of such loans by the Partnership shall not decrease the Capital Account of the Partner making the loans;
- (c) no interest shall be paid on any initial or additional capital contributed to the Partnership by any Partner; and
- (d) under any circumstances requiring a return of all or any portion of a capital contribution, no Partner shall have the right to receive property other than cash.

ARTICLE THREE: CAPITAL ACCOUNTS

Section 3.01. Percentage Interests. (a) The respective fractional ownership interests (the "Percentage Interests") of each Partner in the Partnership from time to time shall be the percentage that such Partner's capital contribution(s) to the

Partnership bears to the aggregate capital contributions to the Partnership at the time of determination, including, in each case, any Additional Contributions made to the Partnership that are contributions to capital under Section 2.02. Accordingly, upon LMC's assignment to LHS of certain partnership interests in the Partnership, the Percentage Interests of the Partners shall be as follows:

(i) LHS, on account of its general partnership interest, one percent (1%)

(ii) LMC, on account of its general partnership interest, one percent (1%)

(iii) LHS, on account of its limited partnership interest, forty-nine percent (49%) and

(iv) LMC, on account of its limited partnership interest, forty-nine percent (49%).

(b) Upon admission of any additional Partners to the Partnership, their respective Percentage Interests shall be established by agreement among the Partners, with an appropriate reduction in the Percentage Interest of any Partner selling a portion of its interest.

(c) The Partnership may deem all capital contributions made in connection with the same event to have been made at the same time solely for purposes of computing Percentage Interests, so as to avoid unintended temporary shifts in Percentage Interests. The provision of this Section 3.01 shall not give any Partner any interest in any amount credited to the Capital Account (as defined below) of any other Partner.

(d) Each Partner's Percentage Interest shall constitute its interest in Partnership profits for purposes of determining such Partner's share of non-recourse liabilities of the Partnership under Treas. Reg. §1.752-3(a)(3).

Section 3.02. Establishment and Maintenance of Capital Accounts.

(a) General Rule. A capital account ("Capital Account") shall be established for each Partner in the amount of such Partner's initial capital contribution. Each Partner's Capital Account shall be determined and maintained in accordance with the rules of Treas. Reg. §1.704-1(b)(2)(iv). Pursuant to those rules, a Partner's Capital Account shall be increased by:

(i) the amount of any additional capital contributed by such Partner to the Partnership;

(ii) the fair market value, on the date of contribution, of property (other than money) contributed by such Partner to the Partnership (net of liability incurred by such contributed property that the Partnership either assumes or to which it takes subject); and

(iii) allocations of Partnership income and gain (or items thereof), including income and gain exempt from tax;

and shall be decreased by:

(iv) the amount of money distributed to such Partner by the Partnership (except as payments of principal and interest on any loans);

(v) as provided in Section 10.07(b), the fair market value of property (other than money) distributed to such Partner by the Partnership (net of liabilities secured by such distributed property that the Partner assumes or subject to which it takes the property);

(vi) such Partner's allocable, if applicable, share of expenditures of the Partnership not deductible in computing its taxable income and not properly capitalized for Federal income tax purposes; and

(vii) allocations of Partnership loss and deduction (or items thereof), but excluding items described in (vi) above.

(b) Transferees. As provided in Treas. Reg. §1.704-1(b)(2)(iv)(1), the Capital Account of any transferee Partner who has acquired all or a portion of the interest of a Partner in the Partnership shall succeed to the Capital Account relating to the interest transferred and the transferor Partner's Capital Account relating to such transferor Partner's interest shall be reduced by such transferred portion.

Section 3.03. Distribution Upon Liquidation in Accordance with Capital Accounts. Upon liquidation of the Partnership, liquidating distributions shall in all cases be made in accordance with the positive Capital Account balances of the Partners, as determined after taking into account all Capital Account adjustments for the Partnership taxable year during which such liquidation occurs (other than those made pursuant to this Section), by the end of such taxable year or, if later, within ninety (90) days after the date of such liquidation, except as permitted by Treas. Reg. §1.704-1(b)(2)(ii)(b). It is the Partners' understanding and intent that distributions pursuant to this Section 3.03 will be made in proportion to the Partner's respective Percentage Interests.

ARTICLE FOUR:
DISTRIBUTIONS

Section 4.01. Cash Flow Distributions. (a) Within one hundred twenty (120) days after the last day of each Fiscal Year of the Partnership (or at such other times as all of the Partners shall determine), the Partnership shall distribute the Cash Flow, if positive, of the Partnership for the preceding Fiscal Year (or other period determined by all of the Partners) to the Partners in accordance with their respective Percentage Interests in the Partnership.

(b) For purposes of this Agreement, "Cash Flow" for any time period means the amount of all cash receipts of the Partnership derived from all sources (including releases from reserves) other than from capital contributions and from proceeds of liquidation of Partnership assets under Article Ten, less (i) all cash expenditures of the Partnership during such period, including without limitation expenditures for accounting and legal fees, principal and interest payments due and currently payable in respect of loans made or arranged by the Partnership, including Partner loans, payments to third party payors, lease payments, management fees paid to LMC, payments to LMC under the Purchased Services Agreement, taxes and other assessments, all governmental and quasi-governmental charges payable by the Partnership, and expenses incurred by the Partnership, and (ii) the amount, if any, which the Partnership determines is necessary or appropriate for working capital or other reserves.

Section 4.02. In-Kind Distributions. If any assets of the Partnership are distributed to the Partners in kind, such assets shall be valued on the basis of the fair market value thereof on the date of distribution. Without requiring that any such appraisals be made, the Partners agree that the valuation of any asset on the basis of the determination of its fair market value by an independent appraiser shall be deemed to be a reasonable value for such asset.

ARTICLE FIVE:
TAX ALLOCATIONS

Section 5.01. General Rules of Allocation.

(a) Except as otherwise provided in this Section 5.01, all income, gain, loss, deduction and credit of the Partnership for each taxable year shall be allocated for Federal income tax purposes among the Partners in proportion to their Percentage Interests.

(b) Partnership allocations under this Section 5.01 shall comply with applicable provisions of Internal Revenue Code Section 704(b) and Treas. Regs. §§1.704-1 and -2 thereunder, including the "qualified income offset" provision of Treas. Reg. §1.704-1(b)(2)(ii)(d) and the "minimum gain chargeback" requirement of Treas. Reg. §1.704-2(f).

(c) No Partner shall be allocated any item of loss or deduction to the extent such allocation would create or increase a negative balance in such Partner's Capital Account that exceeds the sum of (i) such Partner's obligation to restore a deficit balance in its Capital Account and (ii) such Partner's share of partnership minimum gain, as defined in Treas. Reg. §1.704-2(g)(1), after taking into account all allocations and distributions for the taxable year and all distributions that, as of the end of the year, are reasonably expected to be made to such Partner in subsequent years and exceed the net amount of income or gain reasonably expected to be allocated to it in those years.

(d) If a Partner lends money to the Partnership or guarantees a loan to the Partnership, then except as provided under Section 2.03 (c), the loan shall be treated as nonrecourse to the other Partners, and, accordingly, deductions and losses attributable to such loan shall be allocated to such Partner in accordance with Treas. Reg. §1.704-2(i) (1), and any corresponding chargeback of partner nonrecourse debt minimum gain, as defined in Treas. Reg. §1.704-2(i) (4), shall be allocated to such Partner in accordance with such provision.

(e) In the event of any change in the Percentage Interests of the Partners, items of income, gain, loss and deduction shall thereafter be specially allocated among the Partners so as to place their Capital Accounts in proportion to their Percentage Interests as quickly as possible, subject to the requirements of subsections (b), (c) and (d) of this Section 5.01.

(f) In the event of any change in applicable Federal income tax law, or interpretations thereof, regarding partnership allocations, the Partnership may modify the allocation provisions of this section in such manner as shall be consistent with an opinion of counsel to the Partnership to comply with Federal income tax law and to preserve the economics of this partnership arrangement.

ARTICLE SIX: GOVERNING BOARD

Section 6.01. Governing Board. The Partnership shall be governed by a committee of the Partnership (the "Governing Board") consisting of six (6) members, three to be appointed by LMC and three to be appointed by LHS. Each member of the Governing Board, including the Chairman, shall have one (1) vote with respect to any matter put to a vote of the Governing Board at a meeting at which there is a quorum of members.

The Governing Board shall oversee the Partnership's business and affairs and shall have full and complete power, authority and discretion, acting by majority vote to take such action for and on behalf of the Partnership, and in its name, as the Partners

deem necessary or appropriate to carry out the purposes for which the Partnership was formed.

Section 6.02. Meetings of the Governing Board. (a) The Governing Board shall have regular meetings at such times and locations as it shall determine, but not less frequently than quarterly. Special meetings of the Governing Board may be called at any time by a member upon not less than twenty-four (24) hours prior notice to members with respect to conference telephone meetings, and not less than five (5) days prior written notice in all other cases. Such notice shall specify the business to be conducted at the meeting. The attendance of a member at a meeting of the Governing Board shall constitute a waiver of notice of such meeting except where a member attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not properly called or convened. The presence of a majority of the members of the Governing Board shall constitute a "quorum" and shall be required for the transaction of business by the Governing Board with respect to any matter. All Governing Board actions shall only be taken at a properly called meeting at which a quorum is present and all such actions shall be reflected in minutes which shall be signed by the Chairman and furnished to the members within five (5) days after the date of a Governing Board meeting.

(b) Each Governing Board member has the right to vote on each matter submitted to it for his consent of approval. Action of the Governing Board may be taken at a properly called or convened meeting of the Governing Board or without a meeting of the Governing Board if all of the Governing Board members consent thereto in a writing signed by each Governing Board member. Unanimous written consents pursuant to this Section 6.02(b) shall be furnished to each Partner within ten (10) days after execution and shall be filed with the minutes of the proceedings of the Governing Board.

(c) A Governing Board member may authorize another member to act for him as his proxy at any meeting of the Governing Board. Every proxy shall be in writing and filed with the Governing Board prior to or at the meeting.

(d) The failure of a Governing Board member to respond, within the response period set forth in the request in question (which response period shall be not less than five (5) business days nor more than thirty (30) days from the date on which the member in question is deemed to have received such request pursuant to Section 12.02 below), either in the affirmative or the negative to any request he receives relating to a proposed act in respect of which such member is entitled to vote pursuant to this Agreement shall conclusively be deemed for all purposes to be a vote by such member in favor of the act proposed.

Section 6.03. No Authority of Limited Partners to Act. No Limited Partner shall have the power to sign for or to bind the Partnership.

ARTICLE SEVEN:
BANK ACCOUNTS; BOOKS OF ACCOUNT; REPORTS

Section 7.01. Bank Accounts. All funds of the Partnership shall be deposited in accounts at banks selected by the Partnership. Withdrawals from any such bank account or accounts shall be made in the Partnership's name upon such signature or signatures as all of the Partners shall from time to time designate. Funds in any such account shall not be commingled with the funds of any Partner. The Partnership shall send to any Partner who so requests a copy of the Partnership's most current bank statement promptly after its receipt by the Partnership.

Section 7.02. Books and Records of Account. All books and records of account for the Partnership, which shall reflect a full and accurate record of each transaction of the Partnership, shall be kept at the principal offices of the Partnership.

Section 7.03. Financial Statements and Reports.

(a) The Partnership shall cause to be prepared, at the Partnership's expense, all financial and other reports required under applicable laws and shall cause copies of all such reports required under applicable laws to be furnished to each Partner to the extent required by such laws.

(b) The Partnership shall furnish to each Partner, at the Partnership's expense, one hundred twenty (120) days after the close of each fiscal year (i) a cash flow statement for such period showing in reasonable detail the computation of Cash Flow for such period and its distribution, (ii) a balance sheet of the Partnership as of the close of such period, (iii) a statement of income and expenses of the Partnership for such period, and (iv) such information from the Partnership's annual information return as is necessary for the Partners to prepare their Federal, state and local income tax returns. The annual financial statements of the Partnership shall be prepared in accordance with generally accepted accounting principles.

Section 7.04. Inspections.

(a) The books and records of the Partnership and all other Partnership documents (including an executed counterpart of this Agreement and all amendments and supplements hereto) shall at all times be kept at the principal offices of the Partnership with copies thereof at the Facility, and may be inspected and photocopied upon reasonable notice during normal business hours by any Partner at such Partner's sole expense.

(b) Each Partner shall have the right and privilege at any time, at its own cost and expense, to inspect any properties or assets of the Partnership.

ARTICLE EIGHT:
TRANSFER OF PARTNERSHIP INTERESTS

Section 8.01. General Transfer Provisions and Restrictions.

(a) No Partner may sell, convey, assign, transfer, pledge, hypothecate or otherwise encumber or dispose of (any such event, a "Transfer," and the taking of any such action, to "Transfer") all or any portion of, or right in or to, its interest in the Partnership, without the consent of the other Partner(s), which consent may be withheld in the sole and absolute discretion of such other Partner(s).

(b) All Transfers shall be by instrument in form and substance satisfactory to the Partnership. Any Transfer in violation of this Agreement shall be null and void and shall not operate to vest any rights in any transferee. Every transferee of any interest in the Partnership who wishes to participate in the Partnership as a Partner shall execute a counterpart of this Agreement accepting and adopting all of the terms and provisions of this Agreement, as the same may have been amended. The transferor shall execute and acknowledge all such instruments, in form and substance satisfactory to the Partnership as may be necessary or desirable to effectuate such Transfer or purchase.

(c) In no event shall the Partnership dissolve or terminate upon the admission of any Partner to the Partnership or upon any permitted Transfer of a Partnership interest by any Partner. Each Partner hereby waives its right to dissolve, liquidate or terminate the Partnership in such event.

Section 8.02. Right of First Refusal.

(a) With respect to transfers not permitted by Section 8.01, instead of consenting or refusing to consent to a transfer of a Partner's Interest, each Partner whose consent is required may elect to exercise a right of first refusal with respect thereto as hereinafter provided. In the event that a Partner shall desire to sell its interest in the Partnership to and shall have received a bona fide offer to purchase its interest in the Partnership from a third party, such Partner (hereinafter, the "Selling Partner") shall first offer to sell its interest in the Partnership to the other Partner (hereinafter, the "Remaining Partner") upon the same and conditions as contained in such third party offer by giving written notice thereof to the Remaining Partner. The Remaining Partner, upon such notification, shall, within ninety (90) days of receipt of such notice, either (i) notify the Selling Partner of its election to purchase upon terms and conditions no less favorable than those contained in the notice of proposed assignment or transfer the share of the Selling Partner's interest in the Partnership specified in such election notice, at a purchase price equal to the product of (A) the purchase price named in the bona fide third party offer and (B) the percentage of the Selling Partner's interest in the Partnership that such Remaining Partner desires to purchase, or (ii) grant its approval to such proposed assignment or transfer, or (iii) withhold its approval to such proposed assignment or transfer, which right shall be in its sole and absolute discretion. In the event more than one (1) Remaining Partner elects

to purchase the Selling Partner's interest, such interest shall be divided proportionately between the Remaining Partners exercising their right to purchase the offered interest.

(b) Upon the bankruptcy of LMC or LHS, the non-bankrupt General Partner shall have the option (but shall have no obligation) upon the giving of written notice to the representative of the bankrupt Partner to purchase the Partnership interest of such Partner. If the non-bankrupt General Partner gives such written notice indicating its desire to purchase, then within ninety (90) days from the date of such notice, the bankrupt Partner, or its representative, as the case may be, shall sell to the other General Partner and the other General Partner shall purchase all of the Partnership interest owned by such bankrupt Partner.

(c) If the Governing Board determines, in good faith, that any existing or proposed federal or state law, regulation, rule, court, or administrative decision, applicable or potentially applicable to the Partnership or its business or to any Partner (the "Legal Provisions") could reasonably be interpreted to render it illegal for a Partner to refer patients to the Facility or any other facility operated by the Partnership or to provide services or recommend that any person obtain services from or at the Facility or such other facility or otherwise through the Partnership, the Governing Board shall (i) modify and amend the terms of this Agreement as it deems necessary or appropriate to make such terms consistent with any such Legal Provisions or with any other requirements of law, or (ii) if it is not reasonably practicable to amend this Agreement without altering the rights of the Partners, at its sole election, notify the Partners, and within sixty (60) days of such notice, the parties agree that the Partnership shall be dissolved and unwound as described in Article 10 below.

(d) (i) The purchase or sale price of any Partnership interest under Section 8.02 (a) shall be an amount equal to the amount specified in the bona fide offer. The purchase or sale price of any Partnership interest purchased pursuant to Section 8.02(b) above shall be an amount equal to the fair market value of the Partnership interest being purchased as determined by an independent appraiser appointed by the Partnership, which appraiser shall have experience in valuing interests similar to the Partnership interests being purchased.

(ii) Payment for any Partnership interest purchased pursuant to Section 8.02(a) above shall be made on the same terms as contained in the bona fide offer and for any purchase under Section 8.02 (b) above in cash at the closing for such purchase.

(e) Closing for the purchase of any Partnership interest purchased under this Section 8.02 shall occur at a time and place reasonably acceptable to both the seller and the purchaser of such Partnership interest. If no time and place are agreed upon, the closing shall be held at the Partnership's principal office at 10:00 a.m. on the thirtieth business day after the expiration of the applicable notice period provided for in Section 8.02(a) or (b), as applicable.

(f) At the closing for the purchase of any Partnership interest under this Section 8.02, the seller of such Partnership interest shall represent and warrant to the purchaser that such Partnership interest is held by the seller free and clear of any lien, pledge, security interest or other encumbrance whatsoever (except for encumbrances under this Agreement or in respect of Partnership borrowings) and that the purchaser of such Partnership interest is acquiring good title to the Partnership interest, free and clear of all such liens, encumbrances and other objections or exceptions.

(g) The seller of any Partnership interest under this Section 8.02 shall also take, or cause to be taken, all such actions and shall execute and deliver, or cause to be executed and delivered, all such documents, writings, certificates, filings and other materials as reasonably may be necessary to transfer such Partnership interest in accordance with all applicable federal and state laws, including without limitation, federal securities and tax laws.

(h) With respect to any Partnership interest purchased under this Section 8.02, the payment of the purchase price shall be deemed conclusively to be in complete liquidation and satisfaction of all the rights and interest of such Partner, or his estate or representative, as the case may be, and all persons claiming by, through, or under such Partner or such Partner's estate or representative in and in respect of the Partnership, including, without limitation, any Partnership interest, and rights in specific Partnership property, and any rights against the Partnership and (insofar as the affairs of the Partnership are concerned) against the Partners.

Section 8.03. Waiver of Partition. No Partner shall, either directly or indirectly take any action to require partition or appraisal of the Partnership or of any of its assets or properties or cause the sale of any Partnership property, and notwithstanding any provisions of applicable law to the contrary, each Partner (and its or his legal representatives, successors or assigns) hereby irrevocably waives any and all right to maintain any action for partition or to compel any sale with respect to its or his Partnership interest, or with respect to any assets or properties of the Partnership, except as expressly provided in this Agreement.

Section 8.04. Expenses. All expenses of the Partnership and of the Partners occasioned by a transfer of a Partner's interest permitted under Section 8.01 shall be borne by the Partner effecting such transfer. Each Partner shall bear its own expenses with respect to a transfer of a Partner's interest permitted under Section 8.02 and the expenses of the Partnership occasioned by such transfer shall be borne by the Partner effecting the transfer.

Section 8.05. Transfers Upon Foreclosure of Pledged Interests. Notwithstanding the provisions contained in Section 8.01, any Partnership interest in the Partnership may be transferred, subject to the right of first refusal contained in Section 8.02, pursuant to a foreclosure by or assignment for the benefit of a creditor of a Partner or Affiliate of a Partner to whom such Partner or Affiliate has pledged its Partnership interest in accordance with Sections 2.05 or 8.01. Any such transfer to a

creditor transferee shall not cause the Partnership to be dissolved, and each Limited Partner hereby grants to any creditor transferee a proxy to vote to reconstitute the Partnership and continue its business in the event that any such transfer would otherwise result in a termination or dissolution of the Partnership.

Section 8.06. Allocations With Respect to Transferor's Interest. Upon the permitted assignment by a Partner of all or any part of its Partnership interest, each item of Partnership income (or loss) and deduction allocable to the interest shall be pro rated (as to the transferred interest) between transferor and transferee on the basis of the number of days in the taxable year of the Partnership preceding (and including) and succeeding the date as of which the assignment is executed. Gain or loss from the sale or other taxable disposition of a Partnership capital asset shall be allocated to the persons who were Partners at the time such gain or loss was recognized by the Partnership.

Section 8.07. Section 754 Election. Upon the timely written request of any Partner, the Partnership shall elect, pursuant to section 754 of the Code, to adjust the basis of Partnership property as provided in sections 734(b) and 743(b) of the Code. The Partnership shall be responsible for determining the adjustments required or permitted by said sections of the Code, provided that, in the case of any adjustment required or permitted under section 743(b) of the Code, the transferee Partner or Partners shall be solely responsible for determining the adjustments required thereunder unless such Partner or Partners provide the Partnership with all the information necessary for the Partnership to determine the adjustments. If any adjustments to the basis of Partnership property are made pursuant to section 732(d), 734(b) or 743(b), the Capital Accounts of the Partners shall be adjusted as specified in Treas. Reg. §1.704-1(b)(2)(iv)(m).

ARTICLE NINE:
ADMISSION OF NEW PARTNERS

Section 9.01. Procedure.

(a) New Partners may be admitted to the Partnership as a result of the transfer of Partners' interests pursuant to Article Eight or with the majority vote of the Governing Board pursuant to Section 6.01 hereof. Each new Partner shall be admitted pursuant to this Section 9.01. The Percentage Interest of any such new Partner shall be as fixed in accordance with Section 3.01(b) above, with an appropriate reduction in the Percentage Interest of the Selling Partner to the extent a portion of its interest is sold. Each new Partner shall sign a supplement to this Agreement at the time such new Partner is admitted confirming the admission of the new Partner as a Partner hereunder.

(b) In connection with the admission of any new Partner to the Partnership, the Partnership may amend this Agreement to reflect the rights and obligations of such

new Partner, including without limitation his or its obligations to contribute to the capital of the Partnership, rights to distributions, or rights to approve or consent to Partnership actions.

ARTICLE TEN:
DISSOLUTION AND LIQUIDATION OF THE PARTNERSHIP

Section 10.01. Events of Dissolution. The occurrence of any of the following events shall constitute an event of dissolution of the Partnership (such event, an "Event of Dissolution"):

(i) The vote of all of the Partners to dissolve, liquidate and wind up the affairs of the Partnership; or

(ii) The expiration of the term provided in Article One hereof, unless extended by all of the Partners; or

(iii) The acquisition by a single entity of all of the Partnership interests; or

(iv) The issuance of a decree of dissolution by a court of competent jurisdiction pursuant to Section 7-802 of the Act; or

(v) the sale or other disposition of all or substantially all of the assets of the Partnership unless such sale or other disposition involves any deferred payment of the consideration for such sale or disposition, in which case the Partnership shall not dissolve until the last day of the calendar year during which the Partnership shall receive the balance of such deferred payment.

Section 10.02. Continuation of the Business of the Partnership After Certain Events of Dissolution. Subsequent to any Event of Dissolution under Section 10.01, the business of the Partnership may be continued only if all Partners agree in writing to reconstitute the Partnership and continue its business.

Section 10.03. Effect of Dissolution. Upon the occurrence of an Event of Dissolution, the Partnership shall not terminate but shall, unless its business is continued pursuant to Section 10.02 above, continue solely for the purposes of winding up its business and liquidating in accordance with this Article Ten all of the assets owned by the Partnership (until all such assets have been sold or liquidated) and collecting the proceeds from such sales and all receivables of the Partnership until the same have been written off as uncollectible, at which time the Partnership shall be wound up. Unless the business of the Partnership is continued as provided in Section 10.02 above, after the occurrence of an Event of Dissolution the Partnership shall engage in no further business other than that necessary for the Partnership to operate

on an interim basis and for the Partnership to collect its receivables, liquidate its assets and pay or discharge its liabilities in accordance with this Article Ten.

Section 10.04. Sale of Assets by Liquidator. Unless the business of the Partnership is continued as provided in Section 10.02, upon dissolution of the Partnership, a liquidator ("Liquidator"), appointed by the vote of a majority in Percentage Interest of the Partners, shall proceed to wind up the affairs of the Partnership and distribute its assets in accordance with the remaining Sections of this Article Ten.

Section 10.05. Liquidation of Assets. The Liquidator shall promptly obtain an appraisal of the assets of the Partnership by an independent appraiser. All of the assets of the Partnership other than cash, shall be offered (either as an entirety or on an asset-by-asset basis) promptly for sale, upon such terms as the Liquidator shall determine using the above appraisal as a guide. The Partners and their Affiliates shall have the right to negotiate or bid on an arm's length basis for any or all of the assets and leasehold interests being offered for sale from and after such date as is ninety (90) days after the Partnership terminates, but not before such date. The decision to accept or reject an offer to acquire assets or leasehold interests of the Partnership shall be subject to Governing Board approval as set forth in Section 6.01.

Section 10.06. Time Limitations on Liquidating Distributions. Nothing in this Article Ten shall be construed to extend the time period prescribed under Section 3.03 of this Agreement for making liquidating distributions of the Partnership's assets. In the event the Liquidator deems it impractical to make distributions of the liquidating proceeds to the Partners within such time period, the Liquidator may make any arrangement that is considered for Federal income tax purposes to effectuate liquidating distributions of all of the Partnership's assets to the Partners within the time period prescribed in such Treas. Reg. §1.704-1(b)(2)(ii)(b) and that will permit the sale of the non-cash assets considered so distributed in a manner that gives effect, to the extent possible, to the intent of the preceding provisions of this Article Ten.

Section 10.07. Liquidation.

(a) After liquidation of the Partnership, the assets of the Partnership shall be distributed or applied in the following order of priority (using cash or cash equivalents first):

(i) to pay all creditors of the Partnership who are not Partners and to pay all the expenses of liquidation;

(ii) to the creation of any reserves which the Liquidator deems reasonably necessary to meet any contingent or unforeseen liabilities or obligations of the Partnership arising out of or in connection with the Partnership;

(iii) to repay any Partner's loans pro rata among such loans, paying all past-due interest first pro rata, then all past-due principal pro rata, then all current interest pro rata, and then all current principal pro rata; and

(iv) to the Partners in accordance with Section 3.03.

(b) The assets of the Partnership shall be liquidated as promptly as possible so as to permit distributions in cash, but such liquidation shall be made in an orderly manner so as to avoid undue losses attendant upon liquidation. In the event that in the Liquidator's opinion complete liquidation of the assets of the Partnership within a reasonable period of time proves impractical, assets of the Partnership other than cash may be distributed to the Partners in kind but, without limitation, only after all cash and cash equivalents received by the Partnership in a liquidating sale pursuant to this Section 10.07 have first been distributed. Any asset distributed in kind pursuant to this Section 10.07(b) shall be distributed to the Partners in accordance with their then positive Capital Accounts as determined after (A) reduction for distributions of cash and cash equivalents made pursuant to this Section 10.07, and (B) adjustment to reflect the manner in which the unrealized income, gain, loss and deduction inherent in such property would be allocated among the Partners (pursuant to Article Five) if there were a taxable disposition of such property for its fair market value on the date of distribution.

(c) Each Partner shall be furnished with a statement prepared by the Partnership's accountants, which shall set forth the assets and liabilities of the Partnership as of the date of complete liquidation, and the capital account of each Partner prior to any distribution in liquidation.

(d) Dissolution shall be effective on the date of the event giving rise to the dissolution, but the Partnership shall not terminate until the assets thereof have been distributed in accordance with the provisions of this Article Ten.

ARTICLE ELEVEN: REPRESENTATIONS AND WARRANTIES

If any provision of this Agreement or the application thereof to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Agreement and the application of such provision to other persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

Section 12.05. Binding Effect, Assignment, Entire Agreement. Except as otherwise provided herein, this Agreement shall inure to the benefit of and be binding upon the respective heirs, legal representatives and assigns of each Partner; provided, further, that LMC and LHS shall each have the express right to assign their rights to, and perform their obligations under this Agreement through a wholly-owned subsidiary. Except as otherwise provided in the other agreements between the parties and their Affiliates described or referenced herein, this Agreement constitutes the entire agreement of the parties with respect to the Partnership and the business of the Partnership, and supersedes any and all prior agreements and understandings or representations, whether oral or written, by or among the parties with respect thereto.

Any such statement may be relied upon by third parties.

Section 12.09. Reliance on Authority of Person Signing Agreement.

(iv) be entitled to rely upon the authority of any general partner, joint venturer, trustee, or president or vice president, as the case may be, of any such entity the same as if such Person were the person originally signing this Agreement on behalf of such entity.

Section 12.10. Governing Law. This Agreement shall be governed by, and shall be performed, enforced and construed in accordance with the laws of the State of Delaware (other than its rules of conflicts of laws) including without limitation, the Act.

BYLAWS
OF
LANDMARK MEDICAL CENTER

PREAMBLE

On or about May 2008, the Board of Trustees of Landmark Medical Center and Landmark Health Systems voted to petition the Rhode Island Superior Court to place Landmark Medical Center into Special Mastership, a form of receivership. Subsequently, on or about June 26, 2008, the Rhode Island Superior Court appointed Jonathan N. Savage, Esq. as Temporary Special Master for Landmark Medical Center, and Permanent Special Master on July 24, 2008. This action by the Rhode Island Superior Court relieved the Landmark Medical Center Board of Trustees of all responsibility for Landmark Medical Center and vested all power and decision making in the Special Master. All Board Committees except the Improving Organizational Performance Committee (IOPC) were eliminated.

The Special Master retained the Executive Leadership team including the President, Chief Nursing Officer and Chief Financial Officer to oversee and run the day to day operations of the Medical Center, ensuring that quality and patient safety were maintained.

On or about September 12, 2008, after receiving majority vote of the Landmark Health Systems Board, the Special Master petitioned the Rhode Island Superior Court to place Landmark Health Systems in Special Mastership. On September 12, 2008, the Superior Court appointed Jonathan N. Savage as the Temporary Special Master for Landmark Health Systems, and subsequently on October 23, 2008, Permanent Special Master.

Prior to the inception of the Special Mastership proceedings all of the responsibilities as set forth in these By-Laws originally vested in either the Board of Trustees or Members. As a result of the Rhode Island Superior Court's appointment of a Special Master and in accordance with the terms of the Orders entered by the Rhode Island Superior Court in these Special Mastership proceedings, the Special Master is vested with any and all similar authority and responsibilities. All required meetings of the Board of Trustees have been indefinitely suspended. Alternatively, the President and Special Master meet on a weekly basis to ensure appropriate decisions are timely made on all hospital matters including medical staff credentialing, quality and patient safety issues.

ARTICLE I

MEMBERSHIP

Landmark Health Systems, Inc. shall be the sole Member (the "Member") of the Corporation. Whenever action by the Member is required hereunder, such action shall be taken

by majority vote of those present at any meeting of the Board of Trustees of the Member at which a quorum is present.

ARTICLE II

ANNUAL MEETINGS

The Annual Meeting of the Member of Corporation for the purposes of electing Trustees and for the transaction of such other business as may legally come before the meeting shall be held at the registered office of the Corporation during January of each year.

ARTICLE III

SPECIAL MEETINGS

Special meetings of the Corporation may be called at any time by vote of the Board of Trustees, upon the call of the Chairman, the Chief Executive Officer, or the President, or upon the request of the Member of the Corporation.

ARTICLE IV

NOTICE

Notice of the time and place of all meetings of the Corporation shall be given personally or by mail to each Trustee of the Member at least three days prior to the meeting.

ARTICLE V

BOARD OF TRUSTEES

The Board of Trustees shall have, and may exercise, all of the powers of the Corporation, except such as are conferred by law, the Articles of Incorporation or these Bylaws, upon the

Member. In this regard, all general and administrative powers of the Corporation, including, without limiting the generality of the foregoing, the power to purchase, sell, pledge and mortgage the property of the Corporation, and the power to borrow money, shall be vested in the Board of Trustees, which shall have charge, control and management of the property, affairs and funds of the Corporation. The Trustees shall develop, approve and periodically review the overall mission, role and strategic plan for the Corporation and the Corporation's annual, short-term and long-term operating and capital budgets and revisions thereto. The Trustees shall oversee the Corporation's patient safety related activities and shall approve and oversee a plan for assessing and improving the quality of care, which shall be reviewed annually. The Trustees shall approve all Bylaws and Rules and Regulations of the Medical Staff.

The Board of Trustees shall consist of not more than twenty-one (21) "elected" Trustees and three "ex-officio" Trustees. Additionally, one or more non-voting Honorary Trustees and a voting *Chair Emeritus* may be elected from time to time. The *Chair Emeritus* may be elected to the Board of Trustees in recognition of outstanding and dedicated service as Chairman to and in support of the Corporation and of his or her personal efforts in advancing the charitable purposes and functions of the Corporation over an extended period of time. A *Chair Emeritus* shall be elected from time to time, and may be removed, in the sole discretion of the Board of Trustees.

The immediate Past President, Vice-President and President of the Medical Staff shall serve as ex officio voting Trustees during their respective terms in such offices, or in the case of the Immediate Past President, for so long as he is in fact the Immediate Past President.

The Trustees, other than the ex-officio Trustees, shall be divided into three (3) classes: the first such class to be elected to a term ending on the date of the annual meeting of the Member of the Corporation to be held in January 2002; the second class to be elected to a term

ending on the date of the annual meeting of the Member of the Corporation to be held in January 2003; and the third class to be elected to a term ending on the date of the annual meeting of the Member of the Corporation to be held in January 2004. Thereafter, Trustees shall be elected to terms of from one (1) to three (3) years. A Trustee may be elected to three (3) consecutive terms, after which an interval of at least one (1) year must elapse, before he/she may be elected again as a Trustee.

The Member of the Corporation shall consider experience in such areas as management, accounting, finance, or law in nominating or electing persons to the Board of Trustees.

Within three months of taking office, each new member of the Board shall participate in an orientation program designed to expose the new member to the basic information necessary to effectively discharge his or her duties as a Trustee. The orientation program shall include, at a minimum, the following elements: (a) an overview of the responsibilities of a Trustee; (b) a review of the schedule of meetings of the Board of Trustees; (c) an overview of these Bylaws; (d) a review of the roster of members of the Board of Trustees; (e) an overview of the Hospital's organizational chart; (f) an overview of patients' rights; (g) an overview of the structure of the Medical Staff and its Bylaws, Rules and Regulations; (h) an overview of the Hospital's quality improvement program(s); (i) a review of the Hospital's compliance program and code of ethical behavior; and (j) conflict of interest disclosure requirements.

If the number of Trustees at any time shall be increased by amendment of these Bylaws at either the annual or a special meeting of the Corporation, the additional Trustees provided for by such amendment (other than the Immediate Past President, Vice President and the President of the Medical Staff) shall be elected at the annual or special meeting of the Corporation at which

such amendment shall have been adopted or at any subsequent annual or special meeting of the Corporation.

Trustees (other than Honorary Trustees and the *Chair Emeritus*, if any) shall remain in office until resignation, removal or their successors have been chosen and qualified to act. Honorary Trustees shall be elected for life but shall have no vote. Subject to Article VI of these Bylaws, the Board of Trustees shall have the responsibility for determining the policies which shall control the operation of the Corporation. There shall be an annual evaluation of the effectiveness of the oversight and direction of the Board of Trustees in improving organization performance and patient safety, in relation to the Corporation's vision, mission and goals. Any trustee may be removed either for or without cause at any regular, special, or annual meeting of the Board, by a majority of the full Board. The Board at any meeting may fill any vacancy occurring in any office and in the Board of Trustees for the unexpired term of such vacancy. A majority of its number shall constitute a quorum for the transaction of business, and all questions shall be determined by a majority of those voting thereon. Any action required or permitted to be taken at a meeting of the Board of Trustees or a committee thereof may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by all of the trustees or all members of such committee entitled to vote thereon, as the case may be, with the same force and effect as an affirmative vote at a meeting duly called. Trustees may participate in and hold a meeting of the Board or of the Executive Committee of the Board of Trustees by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other. Participation in such a meeting shall constitute presence in person at the meeting, except where a person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is

not lawfully called or convened. The Board of Trustees shall cause a fair record of all its doings to be kept, which shall be open to the inspection of the Member of the Corporation at any time; and at each Annual Meeting, the Member shall make a written report upon the general state of the Corporation, including a statement of the number of patients admitted and discharged during the year, and an account of the receipts and expenditures of each of the several interests and departments of the Hospital. The Member shall have the power to adopt any measure which it may deem expedient for encouraging subscriptions, donations and bequests to the Corporation.

ARTICLE VI

RESERVED POWERS OF MEMBER

Notwithstanding any provision of these Bylaws to the contrary, any of the following corporate actions shall require the concurrent approval of the Member:

- (a) Approval of any annual or long-term programmatic, operating, or capital budget;
- (b) Adoption of a plan of or authorization of a petition for dissolution of the Corporation;
- (c) Execution of any contract or engagement in any transaction not provided for in an approved annual, short-term or long-term programmatic, operating, or capital budget where the amount of additional funds involved exceeds \$1,000,000 or such greater amount as may be determined from time to time by the Member;
- (d) Execution of any contract or engagement in any transaction providing for the sale or other disposition of all or substantially all of the Corporation's assets;
- (e) Adoption or authorization of a plan or agreement of merger, consolidation, or affiliation of the Corporation with another Corporation or organization;

- (f) Execution of any real estate contract or engagement in any transaction providing for the sale, mortgage, encumbrance, conveyancing, development, disposition, or acquisition of real estate;
- (g) Execution of any debt instrument, note, pledge, or guaranty with a term in excess of one (1) year, or in an amount exceeding \$100,000 or such greater amount as may be determined from time to time by the Member;
- (h) Engagement of a President; or
- (i) Engagement of a Chief Executive Officer.

ARTICLE VII

MEETINGS

The Board of Trustees shall meet at least five (5) times each year at such time and place as the Trustees may determine and shall hold a further meeting immediately following the Annual Meeting of the Corporation. Special meetings may be held at any time upon due notice at the call of the Chairman of the Board of Trustees (the "Chairman"), the Chief Executive Officer, or the President, or upon the request in writing of at least three (3) Trustees. Notice of the time and place of meeting of all regular and special meetings of the Board of Trustees shall be forwarded to each Trustee by mail, postage pre-paid, at least two (2) full days prior to the time of each meeting. At any meeting of the Board of Trustees, a majority of Trustees then in office shall constitute a quorum.

ARTICLE VIII

ATTENDANCE

Any Trustee who fails to attend three (3) consecutive meetings of the Board of Trustees or three (3) consecutive meetings of any committee to which he is appointed may be subject to

disciplinary action by the Board of Trustees, including, without limitation, removal from the Board; provided, however, that if any Trustee submits written justification for any absence, such failure to attend shall be disregarded for the purposes of this provision.

ARTICLE IX

Subsequent to the Annual Meeting of the Corporation but prior to the first meeting of the Board of Trustees held after the Annual Meeting of the Corporation, the Chairman shall appoint committees and, except for the Joint Conference Committee, shall designate which member shall act as chairman of each such committee. Such committees so appointed shall be authorized to act pending ratification by the Board of Trustees at the first meeting of the Board of Trustees held after the Annual Meeting of the Corporation, unless some other time is stipulated herein. The President of the Corporation, the Chief Executive Officer, and the Chairman, Vice-Chairman and President of the Member, shall serve as ex officio voting members of all committees, except for the Joint Conference Committee, each for the time being by virtue of their respective offices; provided, however, that such ex officio members may be required to absent themselves from all or part of any meeting wherein such matters as audit results, institutional performance or their own individual performance or compensation are to be the subject of discussion and potential action. The committees to be appointed shall include at least the following: Finance, Personnel, Joint Conference, and an Improving Organizational Performance Council (IOPC).

Any committee member may be removed at any time by a vote of the Board of Trustees. Vacancies in their membership may be filled, and additions thereto may be made at any time by appointment of the Chairman.

Section 7. Executive Committee. The Board of Trustees shall also have an Executive Committee consisting of the officers of the Corporation, the ex officio members specified in Section 1 of this Article X, and the Immediate Past President of the Medical Staff. Subject to Article VI of these Bylaws, the Executive Committee shall have the power to transact all regular business of the Hospital during the period between the meetings of the Board of Trustees.

Meetings of the Executive Committee may be held upon the call of the Chairman, the Chief Executive Officer, or President.

Section 8. Other Committees. The Board of Trustees may also, at any time, appoint such other committees as it deems advisable, and may, at any meeting, accept any resignation, fill any vacancy and appoint any other officer or officers, with such duties as it may prescribe.

In making appointments, the Trustees shall consider the fitness of the applicants for the special services which they will be called upon to perform, and shall seek to secure the best service available, without feeling themselves bound by any custom or practice.

ARTICLE XI

THE MEDICAL STAFF

(a) The Board of Trustees shall appoint a Medical Staff composed of physicians and other medical professionals who are licensed to practice in the State of Rhode Island and shall see to it that they are organized into a responsible administrative unit. The Medical Staff, with the knowledge and approval of the Trustees, shall adopt such Bylaws and Rules and Regulations for self-government of their practice in the Hospital as the Board of Trustees deems to be in the best interest of patients in the Hospital. The Medical Staff Bylaws and Rules and Regulations shall not conflict with these Bylaws. The Board of Trustees shall not have the authority to modify unilaterally the Medical Staff Bylaws and/or Rules and Regulations of the Medical Staff except under the following circumstances: The Board of Trustees has made a written request to the Medical Staff, transmitted with a written explanation of the request to the President of the Medical Staff, for a specific change to the Medical Staff Bylaws and/or Rules and Regulations of the Medical Staff which the Board of Trustees has deemed to be in the best interest of the

Hospital and/or its patients and the Medical Staff fails to make the requested change within three (3) months. In the case of the individual patient, the physician duly appointed to the Medical Staff shall have full authority and responsibility for the care of that patient subject only to such limitations as the Board of Trustees may formally impose and subject to the Bylaws, Rules and Regulations of the Medical Staff adopted by the Staff and approved by the Board of Trustees.

(b) All applications for appointment to the Medical Staff and requests for clinical privileges shall be in writing and addressed to the President.

(c) All appointments to the Medical Staff and grants of clinical privileges shall be for not more than two years, and renewable at the sole option of the Board of Trustees.

(d) The Board of Trustees shall hold each attending physician accountable for abiding by the Code of Ethics of the American Medical Association and "The Principles of Financial Regulations in the Professional Care of the Patient" of the American College of Surgeons.

(e) The Medical Staff shall organize one (1) or more committees and/or delegate responsibilities to existing committees, which shall administer an internal risk management program and peer review program in accordance with the provisions of Section 23-17-24 and 23-17-25 of the Rhode Island General Laws, as amended from time to time.

(f) Without limiting the generality of the foregoing paragraph (e), the Medical Staff shall be responsible for making recommendations to the Board of Trustees concerning, among other things, Medical Staff appointments and reappointments, the granting, curtailment, suspension and/or revocation of clinical privileges, the structure of the Medical Staff, the mechanism used to review credentials and to delineate individual clinical privileges, the participation of the Medical Staff in organized performance-improvement activities, the mechanism by which Medical Staff membership and clinical privileges may be terminated, and

the mechanism for fair-hearing procedures. Procedures for appointment and reappointment to the Medical Staff and the granting, curtailment, suspension and/or revocations of clinical privileges (including the right of the affected practitioner to a hearing and an appellate review) shall be in accordance with the Bylaws, Rules and Regulations of the Medical Staff, as amended from time to time, which provisions are deemed to be incorporated as part of these Bylaws. As provided in the Bylaws of the Medical Staff, whenever the Board of Trustees does not concur in a recommendation of the Medical Staff relative to clinical privileges, there shall be review of the recommendation by the Joint Conference Committee before a final decision is reached by the Board of Trustees.

(g) Notwithstanding anything to the contrary contained in the preceding paragraph, all contracts entered into between the Hospital and physicians and/or other medical professionals serving in medicoadministrative positions shall provide that if any such physician or other medical professional is terminated for reasons other than professional competence, he shall immediately forfeit his Medical Staff membership and all privileges attendant thereto.

ARTICLE XII

CONFLICT OF INTEREST

Any contract or other transaction between the Corporation and one or more of its trustees, officers, or members of committees of the Corporation or between the Corporation and any other corporation, firm or association in which one or more of its trustees, officers or members of committees of the Corporation are officers or trustees or have a financial interest shall be voidable unless (1) the material facts as to the interest or relationship are disclosed or are known to the Board of Trustees or committee and the Board of Trustees or committee authorizes,

approves, or ratifies the contract or transaction by the affirmative votes of a majority of the disinterested trustees or members of the committee, even though they are less than a quorum, or (2) the material facts of the interest or relationship are disclosed or known to, and the contract or other transaction is specially authorized, approved, or ratified by, the Board of Trustees. The Board of Trustees may adopt and may amend from time to time conflicts of interest policies to be applicable to the Corporation and the Affiliates.

ARTICLE XIII

INDEMNIFICATION

Section 1. Trustee Liability. A trustee of the Corporation shall not be personally liable to the Corporation, its members or any other person for monetary damages for breach of duty of care or other duty as a trustee, regardless of when such breach may have occurred, except for liability: (i) for any breach of his or her duty of loyalty to the Corporation or its members; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; or (iii) for any transaction or arrangement from which the trustee derived an improper personal benefit. Any repeal or modification of the provisions of this Article shall be prospective only, and shall not adversely affect any limitation on the personal liability of a trustee of the Corporation with respect to any act or omission occurring prior to the effective date of such repeal or modification. If Rhode Island law hereafter is amended to authorize the further elimination or limitation of the liability of trustees, then the liability of a trustee of the Corporation, in addition to the limitation on personal liability provided herein, shall be limited to the fullest extent permitted by the amended Rhode Island law.

Section 2. Indemnification. In the event that any person who was or is a party to or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, seeks indemnification from the Corporation against expenses, including attorneys' fees (and in the case of actions other than those by or in the right of the Corporation, judgments, fines and amounts paid in settlement), actually and reasonably incurred by him or her in connection with such action, suit, or proceeding by reason of the fact that such person is or was a trustee, officer, employee, director, or agent of the Corporation, or is or was serving at the request of the Corporation as a trustee, officer, employee, director, or agent of another corporation, domestic or foreign, nonprofit or for-profit, partnership, joint venture, trust, or other enterprise, then, unless such indemnification is ordered by a court, the Corporation shall determine, or cause to be determined, in the manner provided under Rhode Island law whether or not indemnification is proper under the circumstances because the person claiming such indemnification has met the applicable standards of conduct set forth in Rhode Island law; and, to the extent it is so determined that such indemnification is proper, the person claiming such indemnification shall be indemnified by the Corporation to the fullest extent now or hereafter permitted by Rhode Island law.

Section 3. Indemnification Not Exclusive of Other Rights. The indemnification provided in Section 2 above shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under the Articles of Incorporation or Bylaws, or any agreement, vote of members or disinterested trustees, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a trustee, officer, employee, director, or agent, and shall inure to the benefit of the heirs, executors, and administrators of such a person.

Section 4. Insurance. To the extent permitted by Rhode Island law, the Corporation may purchase and maintain insurance on behalf of any person who is or was a trustee, officer, employee, director, or agent of the Corporation, or is or was serving at the request of the Corporation as a trustee, officer, employee, director, or agent of another corporation, domestic or foreign, nonprofit or for profit, partnership, joint venture, trust or other enterprise, or employee benefit plan, against any liability asserted against such person described herein arising out of such person's status, whether or not the Corporation would have the power to indemnify such person against liability under Rhode Island law.

OF

LANDMARK HEALTH SYSTEMS, INC

Incorporated under the laws of the State of Rhode Island

ARTICLE ONE

Name, Location, and Offices

- 1.1 **Name.** The name of this Corporation shall be "LANDMARK HEALTH SYSTEMS, INC."
- 1.2 **Registered Office and Agent.** The Corporation shall maintain a registered office in the State of Rhode Island, and shall have a registered agent with an address at such registered office.
- 1.3 **Principal Office.** The principal office of the Corporation shall be located in the State of Rhode Island. The Corporation may have other offices at such place or places, within or outside the State of Rhode Island, as the Board of Trustees may determine from time to time or the affairs of the Corporation may require or make desirable.

ARTICLE TWO

Purposes and Governing Instruments

- 2.1 **Powers.** The Corporation shall have all the powers enumerated in and granted by the "Rhode Island Nonprofit Corporation Act," as amended from time to time, R. I. Gen. Laws § 7-6-1 *et. seq.* or successor provisions (the "Act"); provided, however, the Corporation shall exercise its powers only in furtherance of its tax-exempt purposes as set forth in its Articles of Incorporation, as amended (the "Articles of Incorporation") and which are exclusively charitable within the meaning of section 501(c)(3) of the Internal Revenue Code.
- 2.2 **Nonprofit Corporation.** The Corporation shall be organized and operated as a nonprofit corporation under Section 7-6-4 of the Act. In furtherance of such purposes, the Corporation shall have full power and authority under the Act to implement the tax-exempt purposes of the Corporation as set forth in the Articles of Incorporation. The Corporation is not organized for profit and no part of the net earnings or capital of the Corporation shall inure to the benefit of or be distributable to any member, trustee, director or officer of the Corporation or any other private person or individual, except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered to and for it and to make payments and distributions in furtherance of the purposes set forth in the Articles of Incorporation. Upon the dissolution of the

Corporation, the Board of Trustees shall, after paying or making provision for the payment of all liabilities of the Corporation, dispose of all of the assets of the Corporation exclusively for the purposes of the Corporation in such manner or to such organization or organizations organized and operated exclusively for charitable and scientific purposes as shall at the time qualify, as an exempt organization or organizations under Section 501(c)(3) of the Internal Revenue Code, as the Board of Trustees shall determine. Any of such assets not so disposed of shall be disposed of by the Superior Court of the county in which the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE THREE Board of Trustees

3.1 Authority and Responsibility of the Board of Trustees.

- (a) Except as otherwise provided by law, the Articles of Incorporation or these Bylaws, the affairs of the Corporation shall be managed by the Board of Trustees of the Corporation, which shall have, and may exercise, all the powers of the Corporation.
- (b) The principal functions of the Board of Trustees shall be to: (i) oversee the management and investment of the Corporation's funds; (ii) coordinate the services offered by Landmark Medical Center and the Rehabilitation Hospital of Rhode Island (the "Affiliates") pursuant to the organizational documents of such organizations; (iii) identify, encourage and sponsor new ventures which might generate revenues for, or reduce costs of, the Affiliates or otherwise benefit the communities served by the Affiliates; (iv) review and coordinate proposed actions of the boards of trustees of the Affiliates as may be referred to pursuant to the organizational documents of such organizations; (v) elect the trustees of Landmark Medical Center; and (vi) take such other action and steps as may be necessary to maintain the long-range financial strength and viability of the Affiliates.
- (c) The Board of Trustees may adopt such rules and regulations for the conduct of its business and the business of the Corporation as shall be deemed advisable, and may, in the execution of the powers granted, delegate certain of its authority and responsibility to specific committees, as described in Articles Eight and Nine hereof.

3.2 Regular Board of Trustees. The regular Board of Trustees of the Corporation shall consist of no less than five (5) nor more than twenty five (25) members, residing in or near, or otherwise closely identified with or committed to, northern Rhode Island and the surrounding region. For so long as Landmark Medical Center is licensed as a "hospital" under Rhode Island law, the President of the medical staff of Landmark Medical Center

(the "Medical Staff") shall be an *ex officio* trustee with voting power so long as he or she shall serve as President of the Medical Staff. A majority of the members of the Board of Trustees shall be independent community members. Less than one-half (1/2) of the members of the Board of Trustees, including the *ex officio* member, shall consist of persons who are practicing physicians affiliated with, or officers, department heads and other employees of the Corporation or the Affiliates.

- 3.3 Manner of Election.** The regular trustees of the Corporation shall be elected at the annual meeting of the Board of Trustees of the Corporation by a vote of the trustees as provided in Article Four of these Bylaws.
- 3.4 Terms of Office.** The trustees, other than the *ex officio* trustee, are divided into three classes; the first such class to be elected to a term ending on the date of the annual meeting of the trustees held in January, 2002, the second class to be elected to a term ending on the date of the annual meeting of the trustees in January, 2003, and the third class to be elected to a term ending on the date of the annual meeting of the trustees in January, 2004. Thereafter, directors shall be elected to three year terms.
- 3.5 Nominations.** The Nominating Committee, acting in accordance with Section 9.2 of these Bylaws, shall present to the Board of Trustees at least seven (7) days before the meeting at which trustees are to be elected one nomination for each seat on the Board of Trustees which is vacant or about to expire. Additional nominations may be made from the floor at any meeting at which trustees are being elected, provided that the consent of the nominee to his or her election has been obtained in advance.
- 3.6 Attendance and Removal.** Members of the Board of Trustees will be expected to attend all meetings, and shall be required to attend at least seventy-five percent (75%) of all annual, regular, and special meetings (excluding for this purpose telephone meetings described in Section 4.9 hereof) and of the meetings of any committee of the Board of Trustees of which such trustee is a member held each year unless excused by the chairman. Failure to attend the required number of meetings or failure to attend three (3) consecutive meetings of the Board of Trustees without excuse acceptable to the chairman shall constitute specific grounds for the removal of a member of the Board of Trustees. Any trustee, including an *ex officio* trustee, may be removed either for or without cause at any regular, special, or annual meeting of the Board, by a majority of the full Board. A removed trustee's successor may be elected at the same meeting to serve the unexpired term without following the nomination process set forth in Section 3.5 hereof.
- 3.7 Vacancies.** Vacancies shall be filled by the Board of Trustees at the next annual meeting or any special meeting of the Board called for such purpose. A trustee elected to fill a vacancy will serve for the unexpired term of his or her predecessor in office. Upon the removal of the President of the Medical Staff as an *ex officio* member of the Board of Trustees, and although such removal shall have no impact on the continuing status of such person as the President of the Medical Staff under the bylaws of the Medical Staff, the Medical Staff shall have the right exercisable in its sole discretion to elect a different President of the Medical Staff, who, upon such person's election as President of the

Medical Staff, shall become an *ex officio* member with voting power of the Board of Trustees pursuant to Section 3.2 hereof.

- 3.8 **Compensation.** Trustees shall not be compensated for service as trustees, but may be reimbursed for reasonable expenses incurred for or on behalf of the Corporation. Subject to the provisions of Article Eleven hereof, trustees may, however, receive reasonable compensation for other services rendered to, and in furtherance of the purposes and functions of, the Corporation.

ARTICLE FOUR **Meetings of the Board of Trustees**

- 4.1 **Place of Meetings.** Meetings of the Board of Trustees will be held at such place, within or outside the State of Rhode Island, as will be fixed by the Board and stated in the notice thereof.
- 4.2 **Annual Meetings.** An annual meeting of the Board of Trustees shall be held during January in each year at such place, date and time as the Board of Trustees shall determine. At the annual meeting, the Board of Trustees shall elect trustees and officers of the Corporation, shall appoint members of the various committees of trustees described in Articles Eight and Nine hereof and shall transact such other business as may properly come before the meeting. In the event of the failure of the Board of Trustees to hold an annual meeting at any time or for any cause, any and all business which might have been transacted at such meeting may be transacted by consent vote in accordance with Section 4.8 of these Bylaws or at the next succeeding meeting, whether special or regular.
- 4.3 **Regular Meetings.** Regular meetings of the Board of Trustees may be held at such times and places as the Board of Trustees may prescribe. There shall be at least four (4) meetings of the Board of Trustees each year, including the annual and the regular meetings.
- 4.4 **Special Meetings.** Special meetings of the Board of Trustees may be called by or at the request of the chairman, the President, or not less than a majority of the trustees.
- 4.5 **Notice of Meetings.** Unless waived, notice of the time and place of each annual and regular meeting shall be given by the secretary not less than five (5) nor more than twenty (20) days before such meeting. Notice of the time, place and purpose of any special meeting shall be given at the direction of the chairman, the President or by the secretary at least seventy-two (72) hours before such meeting.
- 4.6 **Quorum.** A majority, but in no event fewer than five, of the trustees then in office shall be necessary to constitute a quorum for the transaction of business.
- 4.7 **Vote Required for Action.** Except as otherwise provided in these Bylaws or by the Act, the act of a majority of trustees present at a properly convened meeting at which a quorum is present at the time shall be the act of the Board of Trustees.

- 4.8 Action Without a Meeting.** Any action required or permitted to be taken at a meeting of the Board of Trustees or a committee thereof may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by all of the trustees or all members of such committee entitled to vote thereon, as the case may be, with the same force and effect as an affirmative vote at a meeting duly called.
- 4.9 Telephone and Similar Meetings.** Trustees may participate in and hold a meeting of the Board or of the Executive Committee of the Board of Trustees by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other. Participation in such a meeting shall constitute presence in person at the meeting, except where a person participates in the meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.
- 4.10 Adjournments.** A meeting of the Board of Trustees, whether or not a quorum is present, may be adjourned by a majority of the trustees present to reconvene at a specific time and place. If the adjournment is for thirty (30) days or less, it shall not be necessary to give notice of the reconvened meeting and of the business to be transacted in a manner other than by announcement at the meeting which was adjourned. At any such reconvened meeting at which a quorum is present, any business may be transacted which could have been transacted at the meeting which was adjourned.

ARTICLE FIVE Notice and Waiver

- 5.1 Procedure.** Whenever the Act, the Articles of Incorporation or these Bylaws require notice to be given to any trustee, the notice shall be given in accordance with this Section 5.1. Notice may be communicated in person, by telephone, electronic mail or other form of wire or wireless communication and such notice shall be effective when communicated, or notice may be delivered by mail or private carrier addressed to such person at his or her address as it appears on the records of the Corporation, with postage or delivery charges prepaid, and such notice will be deemed delivered at the time it is deposited in the mail or delivered to the delivery service.
- 5.2 Waiver.** A trustee may waive any notice before or after the date and time stated in the notice. The waiver must be in writing, signed by the trustee entitled to the notice, and delivered to the Corporation for inclusion in the minutes or filing with the corporate records; provided, however, that a trustee's attendance at a meeting shall constitute waiver of notice of such meeting unless the trustee at the beginning of the meeting (or promptly upon his or her arrival) objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

ARTICLE SIX Board of Advisors

- 6.1 Appointment.** The Board of Advisors shall consist of those persons who were members of Woonsocket Community Health, Inc. or of Fogarty Health Systems, Inc. as of August 31, 1988. Except as otherwise provided in these Bylaws, the Chairman shall appoint the Chairman of each committee with Board-delegated powers pursuant to this Section 8.1. Each such committee shall also keep regular minutes of its proceedings and report to the Board of Trustees when required. The Board of Trustees may, by resolution passed by a majority of the trustees in office, at any time change the members of, fill vacancies in, limit, expand or alter the authority of, and discharge any committee, whether constituted under Section 8.1 or 8.2 hereof.
- 8.2 **Non-Board Delegated Power Committees of Trustees.** The Board of Trustees, after consultation with the chairman, may designate such other committees, sub-committees, or task forces as may be necessary or desirable and which are not in conflict with any other provisions of these Bylaws. The duties of any such committees shall be prescribed by the Board of Trustees upon their designation, and the chairman of the Corporation shall appoint the members of the committee and a chairman of the committee from among its members. Any action by each such committee shall be reported to the Board of Trustees at its meeting next succeeding such action and shall be subject to control, revision, and alteration by the Board. Except for the Executive Committee and any other

committees to which such authority is expressly delegated pursuant to Section 8.1 hereof, the committees of the Board of Trustees described in these Bylaws are not intended to have and shall not have the authority of the Board of Trustees under the Act. Rather, any action of such committees shall be subject to the approval of the Board of Trustees.

- 8.3 Term of Appointment, Removal.** Subsequent to the annual meeting of the Board of Trustees but prior to the first meeting of the Board of Trustees held after said annual meeting, the Chairman shall formally appoint the members of the Executive Committee and the other Standing Committees and all other committees, whether constituted under Section 8.1 or 8.2 hereof. Such committees so appointed shall be authorized to act pending ratification by the Board of Trustees at the first meeting of the Board of Trustees held after its annual meeting, unless some other time is stipulated herein. Each member of a committee shall hold office for one (1) year or until his or her successor is appointed, or until his or her earlier death, resignation, removal or disqualification, unless the committee shall be sooner terminated. Any member of a committee, including any *ex officio* member may be removed either for or without cause at any meeting of the Board of Trustees, by the affirmative vote of no fewer than two-thirds (2/3) of all the trustees then holding office and eligible to vote on such matter. A removed committee member's successor may be elected at the same meeting to serve the unexpired term of the removed committee member.
- 8.4 Vacancies.** Vacancies in the membership of any committee may be filled by appointments made in the same manner as provided in the case of the original appointments.
- 8.5. Quorum.** Unless otherwise provided in these Bylaws or in the resolution of the Board of Trustees designating a committee, a majority of the whole committee shall constitute a quorum, and the act of a majority of members present at a lawfully called and convened meeting at which a quorum is present shall be the act of the committee. Notwithstanding the foregoing, in the case of the Executive Committee, as provided in Section 9.1, only the act of a majority of all the members shall be the act of the Executive Committee.
- 8.6 Rules.** Each committee may adopt rules for its own government, so long as such rules are not inconsistent with these Bylaws or with rules adopted by the Board of Trustees.

ARTICLE NINE Executive and Standing Committees

- 9.1 Executive Committee.** The Board of Trustees shall have an Executive Committee whose members shall consist of the chairman, vice-chairman, president, secretary and treasurer of the Corporation, the President of Landmark Medical Center, and, for so long as Landmark Medical Center is licensed as a "hospital" under Rhode Island law, the President of the Medical Staff of Landmark Medical Center, each of whom shall serve *ex officio* with a right to vote at meetings of the Executive Committee. The chairman of the Corporation shall be the chairman of the Executive Committee. Between meetings of the Board of Trustees, the Executive Committee shall have and exercise all of the authority

of the Board of Trustees in the management of the affairs of the Corporation except as such delegation of Board of Trustees powers may be limited by the Act. However, nothing herein shall operate to relieve the Board of Trustees, or any individual trustee, of any responsibility imposed upon it or him or her by law. All actions taken and business transacted by the Executive Committee between meetings of the Board of Trustees shall be reported to the Board of Trustees at the meeting of the Board of Trustees next succeeding any such action or business.

- 9.2 Nominating Committee.** The Chairman shall appoint a Nominating Committee consisting of not more than five (5) trustees of the Corporation or of the Affiliates. The Nominating Committee shall solicit suggestions from the trustees of the Corporation and of the Affiliates for those trusteeships to be appointed pursuant to Section 3.3 and such other offices which are vacant or about to expire, including those of the Affiliates. The Nominating Committee then shall nominate candidates for service as trustees and officers of the Corporation as provided in these Bylaws and for service as trustees and officers of the Affiliates and report such nominations to the members of the Board of Trustees at least seven (7) days before the meeting at which such new trustees and/or officers are to be elected.

ARTICLE TEN Distributions and Disbursements

- 10.1 Distributions and Disbursements.** Subject to the Act and Section 2.1 hereof, the Board of Trustees, shall from time to time (a) determine all distributions to be made from funds of the Corporation (including funds held by trustees, custodians, or agents of the Corporation) pursuant to provisions of the Articles of Incorporation, these Bylaws, and the donors' directions if and to the extent applicable as provided herein; (b) make, or authorize and direct the respective trustees, custodians, or agents having custody of funds of the Corporation to make payments to organizations or persons to whom payments are to be made, in such amounts and at such times and with such accompanying restrictions, if any, as it deems necessary to assure use for the charitable purposes and in the manner intended; and (c) determine all disbursements to be made for administrative expenses incurred by the Corporation and direct the respective trustees, custodians, or agents having custody of funds of the Corporation as to payments thereof and funds to be charged.

ARTICLE ELEVEN
Conflicts of Interest

- 11.1 Conflict of Interest Policy.** Any contract or other transaction between the Corporation and one or more of its trustees, officers, or members of committees of the Corporation or between the Corporation and any other corporation, firm or association in which one or more of its trustees, officers or members of committees of the Corporation are officers or trustees or have a financial interest shall be voidable unless (1) the material facts as to the interest or relationship are disclosed or are known to the Board of Trustees or committee and the Board of Trustees or committee authorizes, approves, or ratifies the contract or transaction by the affirmative votes of a majority of the disinterested trustees or members of the committee, even though they are less than a quorum, or (2) the material facts of the interest or relationship are disclosed or known to, and the contract or other transaction is specially authorized, approved, or ratified by, the Board of Trustees. The Board of Trustees may adopt and may amend from time to time conflicts of interest policies to be applicable to the Corporation and the Affiliates.

ARTICLE TWELVE
Contracts, Checks, Deposits, and Funds

- 12.1 Contracts.** The Board of Trustees may authorize any officer or officers, agent or agents of the Corporation, in addition to the officers so authorized by these Bylaws, to enter into any contract or execute and deliver any instrument in the name and on behalf of the Corporation. Such authority must be in writing and may be general or confined to specific instances.
- 12.2 Checks, Drafts, Notes, Etc.** All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation shall be signed by such officer or officers, agent or agents, of the Corporation and in such other manner as may from time to time be determined by resolution of the Board of Trustees.
- 12.3 Deposits.** All funds of the Corporation shall be deposited in a timely manner to the credit of the Corporation in such banks, trust companies or other depositories as the Board of Trustees may select.
- 12.4 Gifts.** The Board of Trustees may accept on behalf of the Corporation, or agree to accept on such terms as the Board of Trustees may determine, any contribution, gift, bequest, or devise for the general purpose or for any special purpose of the Corporation.

ARTICLE THIRTEEN
Liability and Indemnification of Trustees and Officers

- 13.1 Trustee Liability.** A trustee of the Corporation shall not be personally liable to the Corporation, its members or any other person for monetary damages for breach of duty of care or other duty as a trustee, regardless of when such breach may have occurred, except for liability: (i) for any breach of his or her duty of loyalty to the Corporation or its

members; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; or (iii) for any transaction or arrangement from which the trustee derived an improper personal benefit. Any repeal or modification of the provisions of this Article shall be prospective only, and shall not adversely affect any limitation on the personal liability of a trustee of the Corporation with respect to any act or omission occurring prior to the effective date of such repeal or modification. If Rhode Island law hereafter is amended to authorize the further elimination or limitation of the liability of trustees, then the liability of a trustee of the Corporation, in addition to the limitation on personal liability provided herein, shall be limited to the fullest extent permitted by the amended Rhode Island law.

- 13.2 Indemnification.** In the event that any person who was or is a party to or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, seeks indemnification from the Corporation against expenses, including attorneys' fees (and in the case of actions other than those by or in the right of the Corporation, judgments, fines and amounts paid in settlement), actually and reasonably incurred by him or her in connection with such action, suit, or proceeding by reason of the fact that such person is or was a trustee, officer, employee, director, or agent of the Corporation, or is or was serving at the request of the Corporation as a trustee, officer, employee, director, or agent of another corporation, domestic or foreign, nonprofit or for profit, partnership, joint venture, trust, or other enterprise, then, unless such indemnification is ordered by a court, the Corporation shall determine, or cause to be determined, in the manner provided under Rhode Island law whether or not indemnification is proper under the circumstances because the person claiming such indemnification has met the applicable standards of conduct set forth in Rhode Island law; and, to the extent it is so determined that such indemnification is proper, the person claiming such indemnification shall be indemnified by the Corporation to the fullest extent now or hereafter permitted by Rhode Island law.
- 13.3 Indemnification Not Exclusive of Other Rights.** The indemnification provided in Section 13.2 above shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under the Articles of Incorporation or Bylaws, or any agreement, vote of members or disinterested trustees, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a trustee, officer, employee, director, or agent, and shall inure to the benefit of the heirs, executors, and administrators of such a person.
- 13.4 Insurance.** To the extent permitted by Rhode Island law, the Corporation may purchase and maintain insurance on behalf of any person who is or was a trustee, officer, employee, director, or agent of the Corporation, or is or was serving at the request of the Corporation as a trustee, officer, employee, director, or agent of another corporation, domestic or foreign, nonprofit or for profit, partnership, joint venture, trust or other enterprise, or employee benefit plan, against any liability asserted against such person described herein arising out of such person's status, whether or not the Corporation would have the power to indemnify such person against liability under Rhode Island law.

ARTICLE FOURTEEN
Financial and Other Reports

- 14.1 Independent Auditor.** For so long as the Board of Trustees determines that such an audit is required or appropriate, the independent auditor appointed by the Board of Trustees shall prepare for the Corporation, at such time as the Board of Trustees may determine, but at least annually, a financial statement, including a statement of assets and liabilities, and a statement of income, expenses, and distributions, and a list of projects and/or organizations to or for which funds were used or distributed for charitable purposes, and such additional reports or information as may be ordered from time to time by the Board of Trustees. Such independent auditor shall also prepare such financial data as may be necessary for returns or reports required by federal or state government to be filed by the Corporation. The auditor's charges and expenses shall be proper expenses of the Corporation. Copies of all audits, statements, reports and data delivered by the auditor to the Board of Trustees shall be made available or furnished to each trustee.
- 14.2 Written Reports.** The Board of Trustees shall at least annually make available a written report of the Corporation's financial condition, activities, and distributions to representative persons and organizations in the communities served by the Corporation as will, in the opinion of the Board of Trustees, reasonably inform the interested public of the operations of the Corporation. The Board of Trustees shall take such other appropriate actions as it may deem necessary or desirable to make the Corporation and its purposes and functions known to the people of northern Rhode Island and the surrounding region and to comply with any Rhode Island law with respect to annual reporting of the Corporation's activities.

ARTICLE FIFTEEN

- 15.7 Table of Contents: Headings.** The table of contents and headings contained in these Bylaws are for reference purposes only and shall not affect in any way the meaning or interpretation of these Bylaws.
- 15.8 Relation to Articles of Incorporation.** These Bylaws are subject to, and governed by, the Articles of Incorporation.

ARTICLE SIXTEEN Amendments

- 16.1 Power to Amend Bylaws.** Except as otherwise provided in these Bylaws, the Board of Trustees shall have the power to alter, amend, or repeal these Bylaws or adopt new Bylaws.
- 16.2 Conditions.** Action by the Board of Trustees with respect to these Bylaws shall be taken by the affirmative vote of a majority of all trustees then holding office, provided that at least five (5) days prior written notice is given of the intention to alter, amend, or repeal these Bylaws.

cause appearing, and the consent of Rhode Island Department of Health (“DOH”), Rhode Island Office of the Attorney General (“DAG”) and the Special Master appearing below, it is hereby

ORDERED, ADJUDGED and DECREED as follows:

1. All prior orders of this Court directing the Special Master to negotiate exclusively with Caritas Christi Health Care (“Caritas Christi”) for the sale of the assets and businesses of LMC and NRIRMA are hereby confirmed to have been terminated and to have been rendered null and void and to be of no further force and effect. Similarly, Section 3.4 of the Management Advisory Agreement between Caritas Christi and Jonathan N. Savage as Court-Appointed Special Master of Landmark Health Center, and Section 3.4 of the Management Advisory Agreement between Caritas Christi and Jonathan N. Savage as Court-Appointed Special Master of Northern Rhode Island Rehab Management Associates, L.P., each requiring the Special Master to negotiate exclusively with Caritas Christi for the sale of the assets and businesses of LMC and NRIRMA are hereby confirmed to have been terminated and to have been rendered null and void and to be of no further force and effect. Accordingly, the Special Master is hereby authorized and directed to market and sell the assets and businesses of LMC and NRIRMA according to the provisions of the within scheduling order.

2. When a potential purchaser and the Special Master execute a Confidentiality and Non-Disclosure Agreement and a HIPPA Agreement, on forms supplied by the Special Master, that potential purchaser shall thereafter be deemed to be a “Qualified Purchaser.” The Special Master shall provide each such Qualified Purchaser, DOH and DAG with a “Due Diligence Package,” in the form of a formatted and prepared USB “stick”/thumb drive

containing any and all reasonable and appropriate due diligence materials. In the event that a Qualified Purchaser reasonably requests and/or the Special Master identifies additional due diligence documentation/information for review, the Special Master shall immediately provide physical or digital copies of such information to all Qualified Purchasers and copies of the same to DOH and DAG. Notwithstanding anything set forth herein to the contrary, the Special Master shall not disclose to Qualified Purchasers Blue Cross & Blue Shield of Rhode Island's ("Blue Cross") reimbursement rates and/or information from which such reimbursement rates can be derived unless (i) the Special Master discloses their identities to Blue Cross, (ii) the Special Master confirms that they are Qualified Purchasers and that they are deemed qualified by his consultant, Joshua Nemzoff, and (iii) the Qualified Purchasers sign confidentiality and non-disclosure agreements acceptable to the Special Master and Blue Cross.

3. By no later than March 25, 2011, Qualified Purchasers of the assets and businesses of LMC and/or NRIRMA may submit bids to the Special Master to purchase the assets (exclusive of cash and accounts receivable) and businesses of LMC and/or NRIRMA. All such bids shall be without condition except for Court approval and any and all required regulatory approvals. Each such bid shall contain, at a minimum, the following terms and information:

- i. The purchase price;
- ii. The experience of the Qualified Purchaser in running healthcare facilities, and, if appropriate, financially-distressed healthcare facilities;
- iii. The capitalization or access to capital of the Qualified Purchaser;

- iv. The minimum amount of capital that the Qualified Purchaser is willing to contractually commit to the successor LMC and/or NRIRMA entity(ies) (exclusive of capital dedicated to the purchase price);
- v. A five-year pro forma cash flow projection of the successor LMC and/or NRIRMA entity(ies);
- vi. The period of time that the Qualified Purchaser is willing to contractually commit not to sell the assets and business or equity interest in LMC if it becomes the successful purchaser; and
- vii. How the Qualified Purchaser intends to meet the healthcare needs of the community currently serviced by LMC including, without limitation, (i) any services that the Qualified Purchaser anticipates terminating, and (ii) the approximate number of employees that the Qualified Purchaser anticipates retaining.

4. On or prior to April 1, 2011, the Special Master shall file with the Court a "Recommendation" disclosing which bid he recommends that the Court approve. In making this Recommendation, the Special Master may consider any and all factors that he deems appropriate, including, without limitation the purchase price. In the Recommendation, the Special Master shall set forth, with specificity, along with a detailed analysis, the reason(s) why he has recommended the bid and Qualified Purchaser being presented to the Court for approval. In addition, the Special Master shall also set forth with specificity, along with a detailed analysis, the reason(s) why all other bids from all other Qualified Purchasers were not recommended for approval. All bids, recommended or not, shall be filed with the Recommendation. Notwithstanding anything set forth in this Order to the contrary, the

Special Master shall not be prohibited from recommending a bid which does not perfectly conform to the requirements of this Order provided that the Special Master demonstrates to the Court's satisfaction that "good cause" exists for accepting a "non-conforming bid." The issue of whether or not "good cause" exists for accepting a "non-conforming bid" shall rest in the sole discretion of the Court; provided however a condition precedent to a Qualified Purchaser's obligation to perform that the Qualified Purchase have additional time to conduct due diligence shall not constitute "good cause."

5. On April 6, 2011 at 9:30 a.m., the Court shall hold a hearing on the Special Master's Recommendation.

6. Within fourteen (14) days from the date upon which the Court approves the Special Master's Recommendation or chooses another winning bidder (i) the Special Master and the winning bidder shall negotiate and execute an asset purchase agreement, and (ii) the Special Master shall file a motion to approve the sale to the winning bidder.

7. Within fourteen (14) days from the date upon which the Special Master files his motion to approve the sale to the winning bidder, the Court shall hold a hearing on said motion.

8. The Special Master shall provide the Court, DOH and DAG status reports on the progress of the bid process at the Court's regularly scheduled bi-weekly public status conferences or at such other dates and times as directed by the Court.

9. The Special Master is hereby authorized and directed to submit the seller's portion of the Hospital Conversion Act application (except those portions which require knowledge as to the identity of the purchaser) to DOH and DAG by no later than March 17, 2011.

10. Any party-in-interest, including without limitation, Blue Cross, may, from time to time, request informal status updates or other information regarding the bid process from the Special Master. In the event that the Special Master refuses to provide such updates or information, that party may seek this Court's approval to obtain the same.

SCHEDULING ORDER

This matter came before the Providence County Superior Court Business Calendar by way of Status Conference on March 23, 2011, upon an oral motion made by the Special Master to amend the Scheduling Order entered on or about February 14, 2011 (the 'February 14 Scheduling Order). ("LMC") and Northern Rhode Island Rehab Management Associates, L.P. ("NRIRMA"). Counsel to United Nurses & Allied Professionals represented that his client needed the additional time in order to prudently review proposed changes to its collective bargaining agreements requested by several of the prospective purchasers. DOH and DAG did not object to the Special Master's motion provided that there would be no

5. On Thursday, April 14, 2011 and Friday, April 15, 2011, commencing each day at 9:30 am, the Court will conduct hearings relative to the bids submitted on March 30, 2011. Subject to the Court's discretion and amendment, at that hearing, among other things which will be identified more specifically in the Bid Hearing Instructions to be provided by the Special Master, each bidder will be requested to make a statement regarding their bid and any other information they deem is appropriate regarding their entity and/or their bid. Each bidder will have a senior financial/operational representative available to respond to questions from the Court, creditors and other interested parties regarding each party's respective bid. In addition, the Special Master shall make available appropriate representatives from Pricewaterhouse-Cooper

and Nemzoff & Company, LLC for comments on the bids and examination by the Court, creditors and other interested parties;

6. If the Court-approved bidder has already negotiated an asset purchase agreement with the Special Master that is acceptable to the Court then (a) within seven (7) days from the date upon which the Court enters an order approving a bid, the Special Master and the winning bidder shall finalize such asset purchase agreement and related sale documents, including, without limitation (to the extent appropriate) the schedules and exhibits thereto (the "Sale Documents"), and (b) on or before the eighth (8th) day the Special Master shall file a motion seeking the Court's approval of the finalized Sale Documents and cause the same to be published on the Special Master's website for viewing by any and all interested parties.

The Honorable Michael A. Silverstein
Providence County Superior Court
250 Benefit Street
Providence, RI 02903

Dear Judge Silverstein:

Pursuant to the Court's direction, HealthSouth Corporation ("HealthSouth") enhances its bid proposal as set forth in Mr. George Carlis' March 30, 2011 letter to Special Master Jonathan N. Savage, a copy of which is enclosed (the "Bid Proposal").

Consistent with the testimony of Messrs. George Carlis and Peter Mantegazza regarding paragraph 6 in the Bid Proposal ("Commitment to Business") HealthSouth is prepared to commit contractually not to sell the assets and business in the 82-bed inpatient rehabilitation hospital owned by NRIRMA ("RHRI") for a period of at least five years after closing, if it is the successful purchaser. With respect to paragraph 7 ("Meeting Community Healthcare Needs and Employee Retention"), it is HealthSouth's expectation to increase the census at RHRI resulting in increased FTEs (consistent with the increase in census after HealthSouth's acquisitions of the Vineland, Desert Canyon, Sugar Land, and Ft. Smith inpatient rehabilitation hospitals, respectively, as testified to by Mr. Mantegazza and set forth at page 30 of HealthSouth's Handout). Lastly, with respect to Item 7(b) in the Summary of Bids, HealthSouth does not anticipate terminating any services currently provided at RHRI. All other provisions of the March 30, 2011 bid proposal are incorporated by reference.

As Messrs. Carlis and Mantegazza testified, HealthSouth is the leading provider of inpatient rehabilitation services in the country and it is the only bidder that has experience in owning and operating *freestanding*, inpatient rehabilitation hospitals. HealthSouth is committed to providing high-quality healthcare in an innovative, yet cost-effective, manner, resulting in a profitable business model. HealthSouth has the resources to ensure the continued viability of RHRI to provide quality, cost-effective services, which we believe is not only a benefit to the patients serviced by the hospital, but also a benefit to the entire Rhode Island healthcare system.

While we understand that there has been discussion of a contractual commitment not to sell the assets and business or equity interest in Landmark Medical Center ("LMC"), to the extent such a restriction is under consideration with respect to RHRI, we do not believe there should be such a restriction. None of the other bidders has HealthSouth's experience owning and operating *freestanding*, inpatient rehabilitation hospitals. If HealthSouth is not the successful bidder for RHRI and both LMC and RHRI are awarded to one bidder, then it may be that once the

successful bidder begins operations of the two hospitals, the bidder may determine that it is in the best interest of RHRI and the community it serves to have the benefit of the expertise and experience of HealthSouth. Accordingly, we respectfully request that if HealthSouth is not the successful bidder for RHRI, then the successful bidder not be restricted from (i) having future discussions and entering into a contractual relationship with HealthSouth regarding the ownership and/or operation of RHRI, or (ii) conveying to HealthSouth all or a portion of RHRI.

Lastly, enclosed is the completed bid summary form circulated by Mr. Nemzoff. If the Court has any questions, I will be present in court at 1:00 p.m.

Sincerely,

PATRICIA K. ROCHA

Re: Acquisition of Assets of Northern Rhode Island Rehab Management Associates, L.P.
("NRIRMA")

Dear Mr. Savage:

Based solely on our review of select information provided in the Due Diligence Package in connection with the proposed acquisition of the eighty-two (82) bed inpatient rehabilitation hospital owned by NRIRMA ("RHRI"), as well as certain additional information provided and an onsite tour of RHRI, HealthSouth Corporation ("HealthSouth") is submitting this non-binding bid proposal in accordance with the guidelines set forth in the Scheduling Order entered by the Superior Court of the State of Rhode Island, Providence, S.C. on February 14, 2011, as amended March 24, 2011 (the "Scheduling Order"). HealthSouth is interested only in RHRI and is submitting this non-binding bid proposal solely with respect to RHRI. HealthSouth is not interested in the assets of the acute care hospital owned and operated by Landmark Medical Center.

1. **Purchase Price.** HealthSouth is prepared to offer a cash purchase price of \$5,000,000 payable at the time of closing for the acquisition by HealthSouth or an entity to be formed by HealthSouth of the business and assets (exclusive of cash and accounts receivable) of RHRI, free and clear of all liens, liabilities, claims or other encumbrances. In addition to the other conditions expressly set forth herein, this offer is subject to: (i) HealthSouth's satisfactory completion of its due diligence review of the business and assets of RHRI, including, without limitation, conducting a comprehensive physical inspection of the premises and equipment, reviewing and analyzing payor relationships and reimbursement issues and purchased service arrangements, assessment of the advisability and/or ability to transfer third party payor agreements, medical records review, confirmation of RHRI's compliance with all applicable rules and regulations (including qualification as an inpatient rehabilitation hospital); (ii) negotiating revisions to the lease agreement with Medistar Rhode Island, LLC to the satisfaction of HealthSouth; (iii) negotiating revisions to all applicable collective bargaining agreements to the satisfaction of HealthSouth; (iv) to the extent deemed necessary by HealthSouth after its review and analysis of the purchased services agreements, negotiating revisions to the purchased services arrangements to the satisfaction of HealthSouth; and (v) obtaining all requisite governmental and regulatory approvals.

2. **Experience.** HealthSouth is the nation's largest provider of inpatient rehabilitative healthcare services in terms of revenues, number of hospitals, and patients treated and discharged. As of December 31, 2010, HealthSouth, through its subsidiaries and affiliates, operated 97 inpatient rehabilitation hospitals, six freestanding LTCHs, 32 outpatient rehabilitation satellite clinics (operated by our hospitals, including one joint venture satellite), and 25 licensed, hospital-based home health agencies. In addition, HealthSouth manages four inpatient rehabilitation units through management contracts. HealthSouth's national network

of inpatient hospitals stretches across 26 states and Puerto Rico. HealthSouth inpatient rehabilitation hospitals offer specialized rehabilitative care across a wide array of diagnoses and deliver comprehensive, high-quality, cost-effective patient care services. The majority of patients served experience significant physical disabilities due to medical conditions, such as strokes, hip fractures, head injuries, spinal cord injuries, and neurological disorders that are generally non-discretionary in nature and require rehabilitative healthcare services in an inpatient setting. HealthSouth's team of highly skilled nurses and physical, occupational, and speech therapists working with its physician partners utilize the latest in technology and clinical protocols with the objective of returning patients to home and work. Patient care is provided by nursing and therapy staff as directed by physician orders. Internal case managers monitor each patient's progress and provide documentation of patient status, achievement of goals, discharge planning, and functional outcomes. HealthSouth's inpatient rehabilitation hospitals provide a comprehensive interdisciplinary clinical approach to treatment that leads to what it believes is a higher level of care and superior outcomes. Unlike many of HealthSouth's competitors that may offer inpatient rehabilitation as one of many secondary services, inpatient rehabilitation is HealthSouth's core business.

HealthSouth's rehabilitation hospitals comply with local, state, and federal regulations as well as the accreditation standards of the Joint Commission. In addition to the required standards, many HealthSouth hospitals have earned disease-specific certifications from the Joint Commission. The Joint Commission's Disease-Specific Care Certification Program launched in 2002 and is designed to evaluate clinical programs across the continuum of care. In 2010, 37 Disease-Specific Certifications were earned by 30 HealthSouth hospitals from The Joint Commission in stroke rehabilitation, brain injury, heart failure, cardiac rehabilitation, spine injury, diabetes, and amputee rehabilitation. As of December 31, 2010, 53 of HealthSouth's hospitals (55% of its inpatient rehabilitation hospitals) had a Disease-Specific Certification from the Joint Commission, and more were in the process of application. In fact, at the end of 2010, 84% of all hospitals with a Disease-Specific Certification in stroke rehabilitation by the Joint Commission were HealthSouth hospitals. No inpatient rehabilitation program in the State of Rhode Island has received a Disease Specific Certification from the Joint Commission. Founded in 1951, the Joint Commission seeks to continuously improve the safety and quality of care provided to the public through the provision of health care accreditation and related services that support performance improvement in health care organizations. An independent, not-for-profit organization, the Joint Commission is the nation's oldest and largest standards-setting and accrediting body in health care. For more information on the Joint Commission and its certification programs, visit www.jointcommission.org.

3. Access to Capital. HealthSouth has adequate liquidity to fund the Purchase Price. As recently disclosed at the end of the fourth fiscal quarter (December 31, 2010), HealthSouth had \$48.4 million of unrestricted cash on hand and additional funds available under its revolving credit facility. HealthSouth is a public company listed on the New York Stock Exchange. Copies of HealthSouth's United States Securities and Exchange Commission ("SEC") filings are available at <http://SEC.gov> or through the HealthSouth Corporation website at <http://www.healthsouth.com>.

4. Minimum Capital Investment. After discussions with the Special Master, it was determined that it would be premature for HealthSouth to invest significant time or incur significant expense to conduct thorough due diligence investigations. However, should HealthSouth be the successful bidder for RHRI, HealthSouth is prepared to complete its due diligence, and take all other actions reasonably required by it to satisfy the other pre-closing conditions referenced above, on an expedited basis. However, subject to the completion and results of due diligence, HealthSouth estimates that it will invest approximately \$4,900,000 to equip, revitalize and renovate RHRI. The exact amount, timing and use of the invested funds cannot be known until HealthSouth completes its physical inspection of the hospital and its operations. Upon completion of that inspection, HealthSouth is willing to provide more details about the amount, timing and use of that capital investment.

5. Five-Year Pro Forma Cash Flow Projection. HealthSouth will complete and provide its five-year pro forma cash flow projection to the Special Master upon completion of its due diligence.

6. Commitment to Business. HealthSouth is prepared to commit contractually not to sell the assets and business in RHRI for a period of at least three years after closing if it is the successful purchaser.

7. Meeting Community Healthcare Needs and Employee Retention. Through its highly skilled clinical staff, HealthSouth is committed to provide outstanding rehabilitative care to the patients served by its hospitals. HealthSouth's size helps provide inpatient rehabilitative healthcare services on a cost-effective basis through the utilization of proven staffing models and certain supply chain efficiencies. HealthSouth hospitals provide a broad base of clinical experience from which they have developed clinical best practices and protocols. These clinical best practices and protocols help ensure the delivery of consistently high-quality rehabilitative healthcare services and to reduce inefficiencies and improve performance across a wide spectrum of operational areas. HealthSouth views the retention of employees as critical to the success of RHRI. HealthSouth would expect to retain a sufficient number of RHRI employees to maintain staffing levels consistent with HealthSouth's other rehabilitation hospitals, as well as state and federal regulations, subject to successful completion of HealthSouth's employment process, including a criminal background investigation, drug screening, review of performance history and completion of its due diligence regarding the employees.

8. Costs and Expenses. Each of HealthSouth and the Special Master would be responsible for their own costs and expenses (including fees for attorneys, accountants and business advisors) in connection with the transaction.

9. Contacts. The primary HealthSouth contacts are George Carlis, Vice President of Development, telephone number 205-968-6294 (w), and email address george.carlis@healthsouth.com, and Leesa Booth, Associate General Counsel, telephone number 205-970-5578 (w), and email address leesa.booth@healthsouth.com.

10. Additional Information. HealthSouth's principal executive offices are located at 3660 Grandview Parkway, Suite 200, Birmingham, Alabama 35243, and its website address is www.healthsouth.com. Many of the SEC filings are available through the website, and any materials filed with or furnished to the SEC may be obtained directly from that agency.

This letter is not intended to create or constitute any legally binding obligation, liability or commitment by HealthSouth. There will be no legally binding agreement between us unless and until a definitive asset purchase agreement is executed. This letter will expire and the bid proposal herein will be withdrawn if not accepted by the Special Master and approved by the Court in writing by no later than April 6, 2011. Re: Landmark Medical Center and Rehabilitation Hospital of Rhode Island
(collectively, "Landmark")

Dear Judge Silverstein:

On behalf of Transition Healthcare Company, LLC and Falcon Investors, LLC (collectively, "Transition"), please find below Transition's improved bid for the purchase of all or substantially all of the assets of Landmark. Transition has reformatted its bid to include the purchase of Net Working Capital to be consistent with Mr. Nemzoff's use of Net Working Capital in his analysis of the bidders. As noted below, Transition's purchase of Net Working Capital includes assumption of the hospital trade payables and assumption of Landmark's PTO liability.

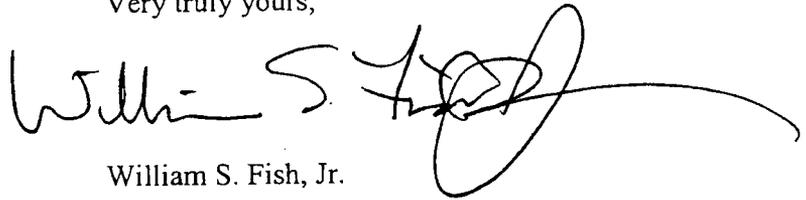

On April 13, 2011, Transition submitted a summary of its bid to the Special Master. The following reflects further improvements to Transition's bid. A complete, more detailed summary of these improvements is attached hereto as Exhibit A. These improvements are:

1. **\$2,500,000 Line of Credit.** Subject to certain conditions, Transition is willing to provide a line of credit up to \$2,500,000 to Landmark during the interim management period.
2. **Increase in Purchase Price.** Transition will purchase Landmark's Net Working Capital, including accounts receivable and cash, as of January 31, 2011 for a purchase price equal to \$7,550,850, to be updated as of the closing date and subject to post closing adjustments. By increasing the purchase price by this amount, Transition expects and intends that the Receivership Estate would be administratively solvent after the closing.

3. **Blue Cross Blue Shield**. Transition shall negotiate with Blue Cross Blue Shield and the Special Master regarding (a) its proposed managed care contract and (b) all existing controversies involving Blue Cross Blue Shield and Landmark during the 14 day period following its selection as winning bidder.
4. **Agreement with City of Woonsocket**. Transition shall have 60 days following the execution of the Asset Purchase Agreement to satisfy or waive this condition to reach an agreement with the City of Woonsocket.

For your reference attached hereto as Exhibit B is a complete summary of Transition's bid. Finally, we have attached as Exhibit C the completed grid that summarizes the Transition bid.

Very truly yours,

A handwritten signature in black ink, appearing to read "William S. Fish, Jr.", with a large, sweeping flourish extending to the right.

William S. Fish, Jr.

Exhibit A
Summary of Bid Improvements

1. **\$2,500,000 Line of Credit.** Transition is willing to provide a line of credit up to \$2,500,000 to Landmark during the period following Transition and Landmark entering into an Asset Purchase Agreement and Management Agreement and the earlier of (a) the closing of the transactions contemplated under the Asset Purchase Agreement or (b) the termination of the Asset Purchase Agreement and the Management Agreement. The line of credit shall be secured by a lien on all of Landmark's accounts receivable and all other personal property assets and shall be granted super-priority status over all other lien holders. Upon closing of the Transition-Landmark transaction, any amounts so advanced shall reduce the purchase price payable to Landmark. As a condition to extending such credit, Landmark shall covenant and agree that it shall not use any funds to pay pre-petition claims prior to closing.
2. **Increase in Purchase Price.** Transition will purchase Landmark's Net Working Capital, including accounts receivable and cash, as of January 31, 2011 for a purchase price equal to \$7,550,850, to be updated as of the closing date and subject to post closing adjustments. By increasing the purchase price by this amount, Transition expects and intends that the Receivership Estate would be administratively solvent after the closing.
3. **Blue Cross Blue Shield.** During the 14 day period following the Court selecting Transition as the winning bidder, Transition expects to negotiate a mutually acceptable Asset Purchase Agreement and Management Agreement with Landmark. During that timeframe, Transition also shall negotiate with Blue Cross Blue Shield and the Special Master regarding (a) its proposed managed care contract and (b) all existing controversies involving Blue Cross Blue Shield and Landmark. In the case of satisfactory resolution of these issues, Transition's Asset Purchase Agreement will not contain a condition to close involving Blue Cross Blue Shield. In the event that these issues are not satisfactorily resolved during the 14 day time period, Transition will not execute the Asset Purchase Agreement and will cease its involvement in the proposed transaction.
4. **Agreement with City of Woonsocket.** Transition shall have 60 days following the execution of the Asset Purchase Agreement to satisfy or waive this condition to reach agreement with the City of Woonsocket.

Exhibit B
Summary of Transition's Bid

- Total Investment in Landmark Health System over 5 years. Transition's total investment in Landmark over the next five years consists of the following: (a) \$36,000,000 (which amount shall be updated as of the closing date and subject to post closing adjustments and which amount includes assumption of hospital trade payables currently estimated to be \$4,000,000 and assumption of Landmark's PTO liability currently estimated at \$3,200,000) in working capital and capital expenditures plus (b) Transition's commitment to charity care (as set forth in more detail below) estimated at approximately \$25,000,000 plus (c) the cost of employing approximately the current number of Landmark's FTEs as against the cost savings of other bidders' workforce reductions estimated at over \$30,000,000 plus (d) up to \$3,500,000 to be used to purchase tail insurance.
- Purchase price equal to (a) approximately \$7,550,850, subject to post closing adjustments (which includes assumption of hospital trade payables currently estimated at \$4,000,000 and assumption of Landmark's PTO liability currently estimated at \$3,200,000) plus (b) \$10,000,000 in working capital (less any amounts paid under subsection (a) above) plus (c) up to \$3,500,000 to be used to purchase tail insurance, in form and substance acceptable to Transition, in its sole and absolute discretion.
- \$26,000,000 committed for capital expenditures for the 5 year period following closing.
- \$10,000,000 committed for working capital (a portion of which will be used to fund the purchase of Net Working Capital, subject to post closing adjustments).
- Offers to substantially all of the employees and assumption of Landmark's PTO liability (estimated to be equal to approximately \$3,200,000).
- \$2,500,000 line of credit available to Landmark during the interim management period.
- Agreement reached with the Union, not a condition to closing.
- Commitment to maintain charity care levels substantially similar to Landmark's for at least a 5 year period following closing (estimated cost of this commitment equal to approximately \$25,000,000).
- Commitment not to sell substantially all of the assets of Landmark or equity interests in Landmark for a 5 year period following closing (excluding financing transactions (e.g., a sale-leaseback) and Transition's ability to enter into any collaboration or relationship with any person, in whatever form, including, without limitation with CharterCARE, in each case subject to all necessary regulatory approvals).

- \$1,000,000 deposit placed in escrow with Transition's counsel, to be held pursuant to an escrow agreement mutually acceptable to Transition and the Special Master.
- Outside Closing Date is eight months from the date of signing the Asset Purchase Agreement or such other date as the parties agree in writing, provided, however, at Transition's election, such date shall be extended to a date that in 10 business days after the date on which all items specified in Section 8.2 (regulatory approvals) have been received and any and all applicable waiting period have expired.
- Transition's conditions to close do not contain a "due diligence" condition.
- Upon consummation of the transaction, Transition shall pay the fee due Nemzoff & Company, LLC, subject to verification as to the amount due.
- If Landmark terminates the Asset Purchase Agreement due to Transition's uncured breach, its exclusive remedy for the breach will be the retention of the deposit (\$1,000,000).
- In the event the Asset Purchase Agreement is terminated for any other reason (i.e., not due to an uncured breach by Transition), the deposit shall be returned to Transition and, in the case of an uncured breach of the Asset Purchase Agreement by Landmark, Transition may elect to either terminate the Agreement and exercise rights and remedies available to it or specifically enforce the terms of the Asset Purchase Agreement.
- Transition has agreed to pay all transfer and recording taxes and fees relating to recording of the deeds.

PETITION FOR THE APPOINTMENT OF A SPECIAL MASTER

Plaintiff respectfully represents that:

1. Defendant, Landmark Medical Center ("LMC"), is a Rhode Island non-profit corporation having an office at 115 Cass Avenue, Woonsocket, Rhode Island.
2. Plaintiff is the chief executive officer and a trustee of LMC.
3. LMC is the sole community hospital serving Woonsocket and the surrounding communities of Northern Rhode Island.
4. LMC is the third busiest emergency department in the state providing for health care services to uninsured and underinsured patients, totaling, at cost, over \$8.5 million annually in uncompensated care.
5. Despite continued documented efforts over the past three years to partner with stronger institutions, to improve insurance reimbursements and to reduce costs, LMC has experienced a level of financial distress that is unique among Rhode Island hospitals and is the only Rhode Island hospital in a negative net asset position.
6. Consequently, Plaintiff believes that there is a risk of corporate assets being wasted or lost.
7. In the opinion of the Plaintiff, it is necessary that LMC continues to operate. If LMC closes, the quality and accessibility of hospital care in Northern Rhode Island will be significantly and adversely affected and nearly 1,100 jobs will be lost for an already disadvantaged area.

LMC 00511

8. In the opinion of the Plaintiff, it is urgent and advisable that a Special Master be appointed immediately to take charge of the affairs, current operations, assets, estate, effects and property of LMC to preserve the same for the interest of all creditors, patients, employees, and other parties in interest.
9. Given the complexity of the issues and non-routine nature of this matter, Plaintiff respectfully requests the appointment of a Special Master, subject in all respects to this Honorable Court's approval.
10. This Petition is made in good faith for the protection of the business of LMC and for the benefit of its patients, employees and creditors, and the appointment of a Special Master is most desirable to protect the *status quo* of LMC.
11. This Petition is filed to seek relief as prayed by virtue of and pursuant to this Court's equity powers and pursuant to its powers as authorized by the laws and statutes of the State of Rhode Island.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

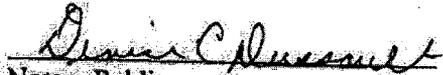

WHEREFORE, Plaintiff respectfully prays that this Honorable Court appoint a Special Master forthwith to continue to operate LMC and take charge of the assets, current operations, affairs, estate, effects and property of LMC, and to have such relief as this Court shall deem proper.

Mr. Jonathan N. Savage
Special Master
Landmark Medical Center
115 Cass Avenue
Woonsocket, RI 02895

Dear Mr. Savage,

This letter confirms that PricewaterhouseCoopers LLP ("we" or "us" or "PwC") is pleased to be engaged to provide the services described below to the Special Master ("you") on behalf of Landmark Medical Center ("LMC", "Hospital").

Our Understanding of your Needs

Landmark Medical Center, a not-for-profit hospital located in Woonsocket, Rhode Island, has faced increasing financial losses, ending FY2007 with a reported \$7 million deficit. The Hospital has recently sought a merger with Memorial Hospital, another not-for-profit hospital in Rhode Island. As part of that process, the Hospital filed a waiver with the Legislature to expedite the Hospital Conversion Act, which was not approved. The Superior Court has since appointed a Special Master to oversee LMC's operations.

PricewaterhouseCoopers was engaged in March of 2007 by LMC's Board of Trustees as a result of LMC's violation of bond covenant related to Debt Service Coverage (DSCR) for the fiscal year ended 9/30/06, which required LMC to engage an external consultant to report on the status of the organization and its corrective actions. PwC issued a Management Consultant Report on May 28, 2007 that outlined the Hospital's operating gap, the quantified initiatives, other issues under development and commentary on the relative adequacy of the initiatives to close the operating gap.

The Special Master is looking to evaluate the status of corrective actions and initiatives proposed by PwC in the Report and understand other potential opportunities for operational and financial improvement. We will advise and assist the Special Master in connection with the foregoing and with any affiliation or merger transaction that Landmark Medical Center may enter into.

Scope of Our Services

You are engaging us to provide the following services (the "Services"):

PricewaterhouseCoopers will assist the Special Master with evaluating the current state of the Hospital's operations, including the evaluation of the leadership structure and processes and the status of corrective actions/initiatives that were recommended by PwC in a Management Consultant Report dated May 28, 2007. PwC will conduct an assessment of various aspects of the Hospital's operations with the objective of identifying opportunities for performance improvement (i.e. revenue and/or cash enhancement, cost reduction, improved efficiency, etc.). PwC will also participate in the development of an affiliation or acquisition strategy that will include but not be limited to the articulation of goals, establishment of priorities, vetting of various approaches, communication with the key stakeholders and establishment of timelines.

1. **Operations Assessment** - PwC will evaluate the processes with which LMC delivers patient care and performs other core activities. The following represents descriptions of selected approaches to be utilized for this area of the engagement:
 - ⇒ Operations - PwC will benchmark staffing levels (FTEs by department) and volume statistics (e.g. patient days, ED visits) against comparable industry levels and identify potential areas for improvement. Once identified, PwC will interview management and staff, review the physical layout where services are provided and specific operational information (staffing plans, roles, responsibilities, hours of operation, etc.) to gain an understanding of the operations. PwC will then propose changes such as service reconfigurations, alternative approaches to staffing, etc. in order to improve the overall efficiency with which services are provided.
 - ⇒ Programs - PwC will review an analysis of product line profitability from both a service and payor perspective and evaluate the pros and cons of specific programs and services. Discussions will be held with Management and recommendations will be developed, as applicable, for the expansion, elimination or adjustments to those programs or services with the objective of improving the overall financial performance of LMC. Adjustments may incorporate performance improvement analyses around inpatient length-of-stay, outsourcing of services, etc.

Finally, proposed recommendations will be reviewed with department management and LMC leadership and will be accompanied by outlines for key implementation steps to facilitate the changes and ultimate realization of the efficiencies. Each recommendation will also include quantification, where applicable, of the estimated improvement and the associated timing and will be presented to the Special Master for consideration.
2. **Physician Support** - PricewaterhouseCoopers will compile a summary of financial and operational performance on all physician-specific activities (i.e. volume statistics, revenues, salaries, benefits, stipends, income guarantees, support, etc.), and associated statistical information (both office activity and hospital admissions, as applicable). In addition, all related physician contracts will be reviewed, summarized and evaluated with respect to term, conditions for bonus and termination of contract, expiration, escalation clauses, etc. Finally, operational issues including the structure of the physician practices, practice administration, contract maintenance, billing, etc. will be analyzed. The financial, statistical and operational information will form the basis for recommendations to the Special Master related to opportunities to reduce overall physician costs and/or adjust roles of specific physicians to optimize the value of LMC's investment in physician services.
3. **Non-labor Spending** - PwC will review materials management processes with respect to personnel, contract maintenance, utilization of optimal pricing, opportunities for standardization, etc. The review will include data analysis as well as interviews with various departmental leadership (Materials Management, OR, Cath Lab, etc.). Based on the data analysis and information gathered during interviews, PwC will develop recommendations around any opportunities identified to reduce non-labor costs in the related areas of the operation. PwC will also review and evaluate any pursuits currently identified by LMC and validate or challenge the opportunities. Resulting recommendations and / or evaluation of existing pursuits will be presented to the Special Master for consideration.
4. **Revenue Cycle** - PwC will evaluate various components of the revenue cycle in an effort to identify opportunities to improve the overall revenue realization of both services provided, services billed and cash collected. Among the areas that will be evaluated are inpatient and outpatient coding, clinical documentation, physician billing and collection, and other components of the revenue cycle. PwC will utilize a combination of data analysis, medical records reviews and interviews with departmental and Hospital management. Based on the data analysis and information gathered during interviews, PwC will develop recommendations around any opportunities identified to improve revenue realization including estimated quantification of opportunities, outlines of implementation steps and estimated timing to realize benefits. In addition, PwC will also review and evaluate any pursuits currently

identified by LMC and validate or challenge the opportunities. Resulting recommendations and / or evaluation of existing pursuits will be presented to the Special Master for consideration.

5. **Institutional Profile** - PricewaterhouseCoopers will assist in the update of an institutional profile. This profile will incorporate an outline of service offerings, data analysis around LMC's market and competitors on a service-specific level, inpatient and outpatient utilization trends from a service area perspective, etc. This information will be utilized both internally as education material and will also be utilized to facilitate discussions with other facilities with which LMC may want to consider affiliation options.
6. **Affiliation Process** - As LMC enters into discussions with potential affiliation or merger partners, PwC will provide advice and counsel in connection with the potential transaction.

Deliverables

We expect to provide you with the following deliverables:

Deliverables resulting from this engagement will include, for each of the areas described under the Scope of Our Services section:

- For those pursuits currently underway for which PwC is reviewing and validating and/or challenging the opportunity, a summary will be provided for each pursuit including an outline of existing information and PwC's observations and recommendations associated with the individual pursuit along with recommended alternatives, where applicable.

PETITION FOR THE APPOINTMENT OF A SPECIAL MASTER

Plaintiff respectfully represents that:

1. Defendant, Northern Rhode Island Rehab Management Associates, Limited Partnership, ("NRIRMA"), is a foreign limited partnership which does business as Rehabilitation Hospital of Rhode Island at 116 Eddie Dowling Highway, North Smithfield, Rhode Island.
2. Plaintiff, Richard R. Charest, is the Chief Executive Officer of NRIRMA.
3. Landmark Medical Center ("LMC") and Landmark Health Systems, Inc. ("LHS") are the general partners and sole limited partners of NRIRMA.
4. LMC and LHS are currently themselves the respective subjects of court-supervised special masterships.
5. The operations of NRIRMA are such an integral part of the existing special mastership proceedings that, for the good of NRIRMA, its operations, and the preservation of its assets, a special master should also be appointed for NRIRMA.
6. Plaintiff believes that there is a risk of NRIRMA's corporate assets being wasted or lost if it is not also made subject to a court-supervised process.
7. In the opinion of the Plaintiff, it is necessary that NRIRMA continues to operate. If NRIRMA closes, the quality and accessibility of hospital care in Northern Rhode Island will

be significantly and adversely affected and jobs will be lost for an already disadvantaged area.

8. In the opinion of the Plaintiff, it is urgent and advisable that a Special Master be appointed immediately to take charge of the affairs, current operations, assets, estate, effects and property of NRIRMA to preserve the same for the interest of all creditors and other parties in interest.
9. Given the complexity of the issues and non-routine nature of this matter, Plaintiff respectfully requests the appointment of a Special Master, subject in all respects to this Honorable Court's approval.
10. This Petition is made in good faith for the protection of the business of NRIRMA and for the benefit of its creditors, and the appointment of a Special Master is most desirable to protect the *status quo* of LHS.
11. This Petition is filed to seek relief as prayed by virtue of and pursuant to this Court's equity powers and pursuant to its powers as authorized by the laws and statutes of the State of Rhode Island.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

WHEREFORE, Plaintiff respectfully prays that this Honorable Court appoint a Special Master forthwith to continue to operate NRIRMA and take charge of the assets, current operations, affairs, estate, effects and property of NRIRMA, and to have such relief as this Court shall deem proper.

I: EXECUTIVE SUMMARY

From 2008 to 2009, the financial 'health' of RI's hospitals improved overall, but some independent providers remained severely compromised. Statewide net income grew from \$3.5m to \$7.8m, even as investment losses increased. Financial leverage and debt capacity weakened slightly, but liquidity strengthened. In all, six of the nine financial measures improved from 2008 levels. Network hospitals (Care New England, and Lifespan) fared much better than the independent facilities in all financial domains (i.e., profitability, capitalization and liquidity). In 2009, Roger Williams and St. Joseph were approved to affiliate under Charter-CARE Health Partners (in 2010), St. Joseph became technically insolvent (with a -\$7.3m net worth), and Landmark Medical Center remained under control of a court appointed Special Master (i.e., in receivership).

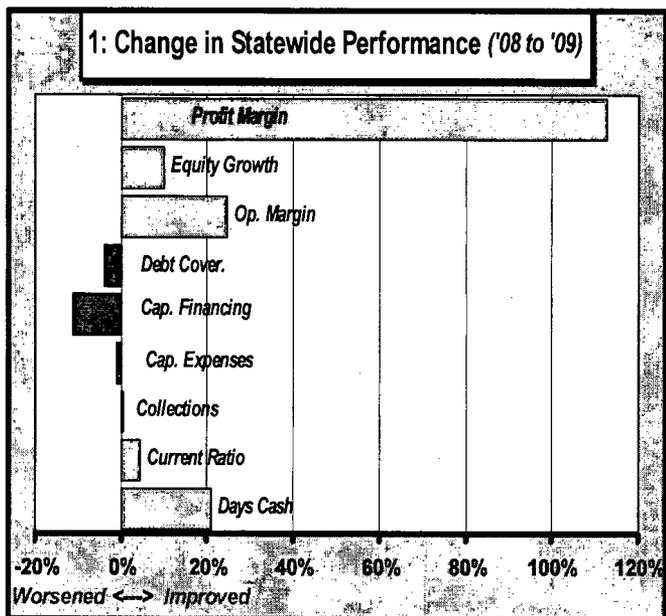

the Gross State Product (in 2008). Because of the hospitals' importance to healthcare delivery, their impact on the economy, and the large public investment they represent, the RI Department of Health (RI-DOH) monitors their performance annually. This enables the RI-DOH to uncover fiscal problems and to inform healthcare policy.

This (11th edition) report uses audited data to compare the performance of RI hospitals to others in the Northeast (NE), and to a benchmark of the top 10% of facilities in the region. The individual hospitals are also evaluated against each other based on their performance on nine measures over three years. Lastly, comparative data on the hospital networks (Care New England, and Lifespan) and independent facilities are presented.

In 2008 (the most recent year for comparable data), RI's hospitals' financial 'health' was relatively poor. Statewide, local hospitals were collectively less profitable than those in the NE (0.1% vs. 0.9%), and they lost more value (-12% vs. -6%). RI hospitals carried less debt than their regional peers (47% vs. 61%), but their borrowing capacity was weaker (2.1 vs. 2.7). Local hospital liquidity was less compromised, however, with similar collections (45 vs. 46 days), and cash reserves (25 days each).

In 2009, statewide hospital financial performance strengthened. Six of the nine measures improved, while the remaining three measures worsened slightly (Chart 1). From 2008 to 2009, RI's *profit margin* improved from 0.1% to 0.2%, as did the *operating margin* (0.7% to 0.8%). The *change in net worth* continued to post declines with some moderation (-12% to -11%). Financial leverage increased unfavorably (47% to 52%), debt capacity weakened (2.1 to 2.0), and *capital expenses* increased slightly (4.4% to 4.5%). Overall liquidity improved, as the *current ratio* strengthened (1.35 to 1.42), the *collections period* held steady (at 45 days), and *days cash* increased (25 to 31 days).

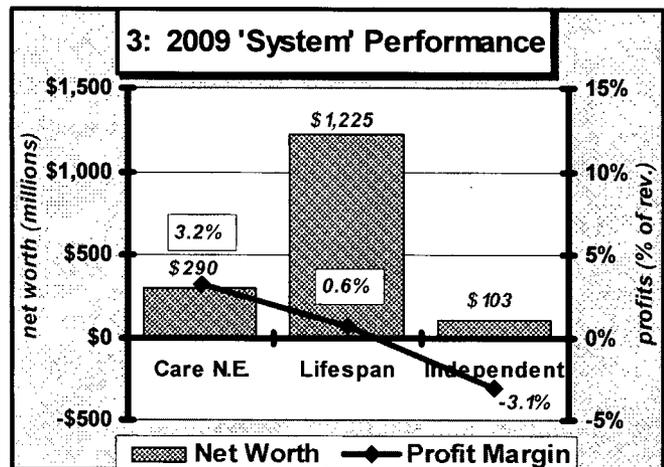

Chart 2 ranks the overall financial performance of the 13 hospitals, by aggregating the nine measures (over three years) into a composite index (see Appendix A: Methodology & Data).

Women & Infants (#1), Bradley (#2), and Butler (#3) were the strongest hospitals in the state, while Landmark (#13), South County (#12), and Memorial (#11) were the weakest, respectively. Landmark (#13) is currently under control of a court appointed Special Master (i.e., in receivership), and St. Joseph (#10) is technically insolvent with a net worth of -\$7.3m. All of the six top-ranked hospitals were Care New England or Lifespan network affiliates, and, with the exception of Kent (ranked #8), all of the six bottom-ranked hospitals were independent facilities.

Chart 3 compares two metrics of financial strength for the hospital networks and the inde-

pendents (i.e., net worth and profit margin). In 2009, there were wide differences in 'system' profitability. Care N.E. led with a margin of 3.2%, followed by Lifespan (0.6%), and the independents (-3.1%).

Net worth values also reflected the weakness of the independent facilities. Lifespan, with four member hospitals, had a combined net worth over \$1.2b, while Care New England (with three hospitals) had a net worth of \$290m. The six independent facilities, however, had a combined net worth of only \$103m.

To put this into perspective, Lifespan's 2009 market share (based on patient revenue) was 48%, yet it held 76% of all hospital wealth in the state (i.e., net worth). Care New England's market share was 23%, and its net worth percentage was 18%, and the independents captured 29% of the market while controlling only 6% of statewide hospital wealth.

II: INTRODUCTION

The Health of RI's Hospitals (2009) is the 11th edition to analyze the state's hospital industry. It compares their financial performance over time (2007-2009), to regional (Northeastern) values, and to the best performing decile of hospitals in the region (i.e., the top 10% of hospitals in the Northeast).

In addition, the report ranks the individual hospitals in three financial domains (i.e., profitability, capitalization, and liquidity), and a composite index ranks the overall financial 'health' of each provider. Lastly, the two hospital networks (Care New England, and Lifespan), and independent facilities are compared.

The following should be considered when interpreting the findings in this report:

- The analysis examines financial operations only. It does not include information on clinical quality or patient satisfaction, both of which are additional aspects of overall performance.
- Statewide (and regional) comparisons are an aggregate of all hospitals domiciled in RI or the Northeast. As such, they express generalities of overall performance and may not reflect the performance of each individual hospital. For example, RI's 2008 *change in net worth* value was worse (i.e., lower) than the regional value (-12% vs. -6%), but Bradley and Women & Infants each performed better than this comparable (i.e., at -4% and +2%, respectively).
- Appendix A provides the raw hospital data, the formulas for the individual measures, and the hospital ranking methodology. Comparable regional values and benchmarks referenced in the text (through 2008, the most recent year for these data) came from the *Almanac of Hospital Financial & Operating Indicators (2009 & 2010 editions, Ingenix, Inc; www.ingenix.com)*.
- The benchmarks are the best performing decile of hospitals in the Northeast. (i.e., the regional 90th percentile values). For those measures in which lower values are preferred (i.e., *capital financing, capital expenses, and collections period*), the benchmarks are the Northeastern 10th percentile values.
- The Northeast (regional) comparables are the median (50th percentile) values of the hospitals in those nine states (i.e., Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont).
- The individual hospital analyses measure each hospital's performance against all the hospitals in the state, not to any regional or national peer groups. A hospital's index value is the number of standard deviations that hospital differs from the mean (i.e., the average) for all RI hospitals, with desired trends always for higher values.
- The ranking of hospitals uses a similar methodology employed in six previous editions, and a rationale is provided for each methodological decision. In addition, three years' data are included in the analysis to remove any normal variations associated with evaluating only a single year.
- For each measure, a weighted average of the three years' values (i.e., 22% of the 2007 value, 33% of the 2008 value, and 45% of the 2009 value) is provided to gauge individual hospital performance. Therefore, a hospital's most recent performance (in 2009) is considered more important than how it operated in prior years.
- In the text, standard financial nomenclature is used (i.e., 'm' represents millions, and 'b' represents billions).

III: PROFITABILITY

Profitability measures examine the generation of net income and net worth. Profitability is key to any hospital's long-term survival (for-profit and non-profit alike). Hospitals that are consistently unprofitable will have insufficient funds to meet current requirements, to replace aging plants or to invest in new technologies. Three profitability measures are examined: *profit margin*, *change in net worth*, and *operating margin*.

A. The profit margin (aka *total margin*) is the overall return from hospital operations and non-operations alike, and reflects what hospitals make from the revenue they take in (Table 2). The *profit margin* includes all realized gains and losses for the year, and is a primary measure of profitability. All organizations, regardless of tax-status, need to generate net income in order to remain viable, so higher values are preferred.

In 2008, RI profitability fell absolutely and relatively, to end 87% below the NE value (0.1% vs. 0.9%). The statewide value was also far below the benchmark (0.1% vs. 6.6%), with no RI facility among the best-performing hospitals in the region.

In 2009, statewide profitability improved from 0.1% to 0.2% (+113%). This was due to an increase in operating income (\$20.6m to \$26.8m), even as non-operating income fell -\$2m.

In 2009, four hospitals' margins improved while nine hospitals' margins worsened. Categorically, Care N.E. was the most profitable group (3.2%), followed by Lifespan at 0.6%. The independents lost a combined -3.1%, with all six facilities losing money.

B. The change in net worth measures the yearly change in the hospital's net assets (i.e., net worth or equity), or the percentage by which the wealth of the facility is growing or shrinking annually (Table 3). Healthy organizations are expected to increase in value over time, and any loss in equity is undesirable so higher values are preferred.

In 2008, statewide wealth fell dramatically from +15% to -12%, and ended 86% below the NE comparable (-12% vs. -6%). The RI value was also short of the benchmark (-12% vs. +12%), with no RI facility among the best-performing hospitals in the region.

In 2009, the statewide change in net worth improved slightly (from -12% to -11%), but still lost value. This was primarily due to excessive increases in pension liabilities (\$111m to \$316m), and debt (\$576m to \$654m), and not to shrinking investments (\$1,571m to \$1,575m).

In 2009, eight hospitals' values improved while five hospitals' values worsened. Categorically, Care N.E. performed best, with the smallest loss in equity (-3%), followed by Lifespan at -7%. The independents lost a combined -45%, with all six facilities losing net worth.

Technically, a hospital is considered insolvent (i.e., its liabilities exceed its assets) when its net worth is negative. Landmark had a negative net worth each year (in June 2008, the court appointed a Special Master to oversee all operations, i.e., it was placed into receivership), and St. Joseph's net worth became negative in 2009 (-\$7.3m).

C. The operating margin is the profitability of patient services and other ancillary operating activities (e.g., research, rental space, gift shops, parking and cafeteria; Table 4). As with all the profitability measures, higher values are preferred.

In 2008, statewide operating profitability increased from 0.6% to 0.7%, ending 54% above the NE value (0.7% vs. 0.4%). That year the RI value was short of the benchmark (0.7% vs. 8.3%), with no RI facility among the best-performing hospitals in the region.

In 2009, statewide operating profitability improved from 0.7% to 0.8% (+25%). This was primarily due to a moderate increase in personnel expenses (+4%) versus a +5% increase in revenue.

In 2009, four hospitals' operating margins improved while nine hospitals' margins worsened. Categorically, Care N.E. had the highest operating margin (2.4%), followed by Lifespan at 2.1%. The independents lost a combined -2.7%, with all six facilities posting losses.

D. Profitability Summary: Chart 4 aggregates the information in Tables 2, 3 and 4 (i.e., three years' of data for three measures) to rank the overall profitability of the hospitals.

The top-ranked hospitals for overall profitability were Bradley (#1), W&I (#2), and RIH (#3), respectively. Five of the six best-performing hospitals were network affiliates (i.e., Care N.E. or Lifespan). The bottom-ranked hospitals were Landmark (#13), South County (#12), and St. Joseph (#11), respectively. Five of the six worst-performing hospitals were independent facilities.

IV: CAPITALIZATION

Capitalization measures indicate the prominence of debt in financing the hospital's plant and equipment, the burden of the capital-related expenses, and the ability to incur additional borrowings. These metrics are closely monitored by creditors and bond-rating agencies and may ultimately determine the amount of financing available for future capital projects. Three capitalization measures are presented: *debt service coverage*, *capital financing*, and *capital expenses*.

A. Debt service coverage compares the available cash-flow to the principal and interest obligation on the borrowings (Table 5). Mortgage lenders use this measure to examine the security of the debt, because it examines both a source (numerator) and a use of funds (denominator). Higher values are, therefore, preferred.

In 2008, RI's *debt service coverage* fell from 3.5 to 2.1, to end 24% below the NE comparable (2.1 vs. 2.7). The statewide value was also far below the benchmark (2.1 vs. 6.2), and Miriam was the only RI facility to approach the best-performing hospitals in the region.

In 2009, RI's *debt service coverage* declined slightly (-4%), from 2.1 to 2.0. This was caused by the growth in statewide debt service (+13%) outpacing the growth in cash-flow (+8%) that year.

In 2009, six hospitals' values improved while seven hospitals' values worsened. Categorically, Care N.E. performed best (6.5), followed by Lifespan at 3.0. As a group, the independents were generally unable to repay their debt from operating cash-flow (0.4).

B. Capital financing (aka *fixed asset financing*) measures the percentage of the hospital's physical plant financed with debt (Table 6). Lower values are preferred as they indicate less financial leverage (i.e., less reliance on borrowing) and a greater ability to incur additional debt (all else being equal).

In 2008, RI's financial leverage decreased from 49% to 47%, to end 23% favorably below the NE comparable (47% vs. 61%). The statewide value, however, was above the benchmark (47% vs. 20%), and Bradley was the only RI facility among this best-performing group.

In 2009, the statewide *capital financing* unfavorably increased 11% (47% to 52%). This was due

to debt increasing faster than the fixed assets it was financing (+14% vs. +3%, respectively).

In 2009, nine hospitals' values improved (i.e., lowered), while four hospitals' values worsened. Categorically, Care N.E. performed best, with the lowest leverage (37%), followed by Lifespan at 52%. The independents had the highest financial leverage, with a combined value of 68%. Landmark's 2009 value exceeded 100% (i.e., 110%), indicating that it owed more than the assets it purchased were worth.

C. Capital expenses presents the burden of a hospital's capital-related expenses relative to its total expenses (Table 7). Capital is expensed through depreciation of the acquisition costs of the assets acquired and the interest expense on the associated debt. Capital expenses are considered fixed-costs in that they are long-lived and do not vary with volume, so lower values are preferred.

In 2008, RI's capital expenses decreased from 4.5% to 4.4%, to end 22% favorably below the NE value (4.4% vs. 5.7%). That year the RI value was 17% above the benchmark (4.4% vs. 3.8%), however, Bradley, Landmark, and Memorial were among the best-performing hospitals in the region.

In 2009, statewide capital expenses increased slightly, from 4.4% to 4.5%. This was due to increasingly expensive new debt driving interest expenses up +18%, while total expenses increased only 4%.

In 2009, nine hospitals' capital expenses improved while four hospitals' values worsened. Categorically, Care N.E. had the best (i.e., lowest) capital expenses (3.6%), followed by Lifespan at 4.6%. The independents had the highest combined value of 5.0%.

E. Capitalization Summary: Chart 5 aggregates the information in Tables 5, 6 and 7 (i.e., three years' of data for three measures) to rank the overall capitalization of the hospitals.

The top-ranked hospitals for overall capitalization were Bradley (#1), W&I (#2), and Miriam (#3), respectively. All of the six best-performing hospitals were network affiliates (i.e., Care N.E. or Lifespan). The bottom-ranked hospitals were South County (#13), Landmark (#12), and Westerly (#11), respectively. Five of the six worst-performing hospitals were independent facilities.

V: LIQUIDITY

Liquidity measures examine the ability of a hospital to meet its short-term obligations (i.e., to pay its bills). Most organizations experience a financial crisis because of liquidity problems, and deterioration in these measures may presage future insolvency. Three liquidity measures are examined: *collections period*, *current ratio*, and *days cash*.

A. The collections period (aka *days in patient accounts receivable*) measures the average time (in days) receivables are outstanding (Table 8). Patient care is the primary source of hospital revenue (e.g., 90% in 2009), so prompt collection of these bills is critical. Increases in this measure can create cash-flow problems, so lower values are preferred.

In 2008, RI's collections improved from 47 to 45 days, and ended essentially equivalent to the NE comparable, but 30% unfavorably above the benchmark value (45 vs. 35). That year, Butler and Landmark were among the best-performing hospitals in the region.

In 2009, statewide collections held steady at 45 days. That year, eight hospitals' values improved while five hospitals' values worsened. Categorically, Care N.E. had the best (i.e., lowest) *collections period* (43), followed by the independents (45), and Lifespan (46).

B. The current ratio evaluates the amount of liquid assets available to pay off each dollar in obligations coming due within the year (Table 9). The *current ratio* measures the hospital's working capital (i.e., current assets less current liabilities), with values greater than '1.00' indicating positive working capital amounts. Higher values are, therefore, preferred.

In 2008, statewide working capital decreased from 1.42 to 1.35, to end 13% below the NE value (1.35 vs. 1.55). That year the RI value was also 53% below the benchmark (1.35 vs. 2.89), and no local hospital was in this best-performing group.

In 2009, the statewide value increased 5%, from 1.35 to 1.42. This was due to the very favorable 26% growth in cash and short-term investments (\$202m to \$255m) driving a 10% increase in current assets, while the offsetting current liabilities only increased 5%.

In 2009, nine hospitals' *current ratios* improved while four hospitals' values worsened. Categori- cally, Lifespan had the highest working capital (1.67), followed by Care N.E. at 1.41. The inde- pendents had the lowest combined value (1.12), and the two hospitals with negative working capi- tal (Landmark and Westerly), were independent facilities.

C. Days cash (aka *days cash on hand*) measures how many days of average (cash) ex- penses the hospital retains in cash and short-term securities (Table 10). It is a more stringent gauge of liquidity than the *current ratio*, because it in- cludes only cash assets (or securities readily con- vertible to cash without a loss in value), in the numerator.

Higher values on this measure are preferred, but those values shouldn't be 'excessive.' Hospitals must strike a balance between retaining enough cash (and near-cash) for operations, but not so much as to affect profitability (i.e., the return on short-term investments is generally less than that of monies invested longer, so there is an oppor- tunity cost in maintaining large cash surpluses).

In 2008, RI's cash balance weakened from 31 to 25 days, but ended essentially equivalent to the Northeastern comparable (25 days each). That

year however, the statewide value was 72% be- low the benchmark (25 vs. 89), and South County was the only local hospital in this best-performing group.

In 2009, the statewide value increased 21%, from 25 to 31. This was due to the previously refer- enced 26% growth in cash and short-term invest- ments (\$202m to \$255m) versus the more modest 5% increase in cash expenses (\$2.91b to \$3.04b).

In 2009, seven hospitals' *days cash* values im- proved while six hospitals' values worsened. Categori- cally, Care N.E. had the highest value (32), followed by Lifespan (31), and the inde- pendents (28).

E. Liquidity Summary: Chart 6 aggregates the information in Tables 8, 9 and 10 (i.e., three years' of data for three measures) to rank the overall liquidity of the hospitals.

The top-ranked hospitals for overall liquidity were Butler (#1), S. County (#2), and W&I (#3), respec- tively. Five of the six best-performing hospitals were network affiliates (i.e., Care N.E. or Lifespan). The bottom-ranked hospitals were Memorial (#13), Kent (#12), and Westerly (#11), respectively. Four of the six worst-performing hospitals were independent facilities.

VI: INDIVIDUAL HOSPITALS

To rank the overall financial performance of RI's 13 hospitals, a weighted average for each of the three indices (i.e., profitability, capitalization and liquidity) was calculated, and then standardized to arrive at a single composite index (see Appendix A: Methodology & Data). Again, higher values on all indices are preferred.

A. Bradley:

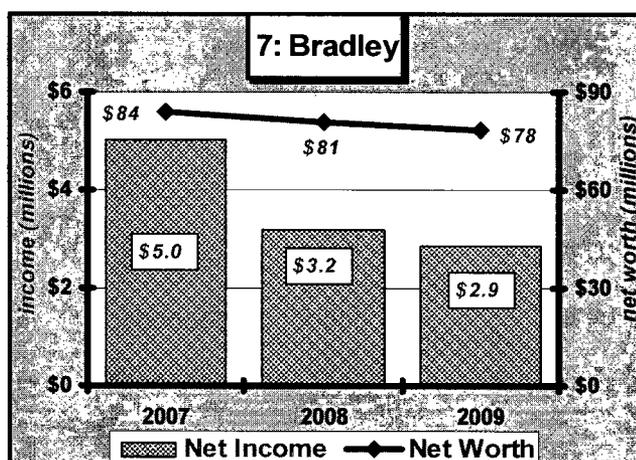

Emma Pendleton Bradley Hospital is a 60 bed non-profit psychiatric hospital for children and adolescents. Bradley is a teaching affiliate of the Medical School of Brown University, and a controlled affiliate of the Lifespan Corporation.

Bradley ranked #2 (of 13) in overall financial performance (Note: there was little appreciable difference between the index values for #2 ranked Bradley (1.36) and #3 ranked Butler (1.32)). Bradley had a RI market share of 1.9% (based on 2009 patient revenue).

In 2009, Bradley's net income fell from \$3.2m to \$2.9m, primarily from increases in its capital expenses. However, the percent composition data reflect a very strong hospital. Bradley's investments were healthy (55% vs. 49% statewide), its pension liability was moderate (5% vs. 9%), and its net worth was the 2nd highest in the state (68% vs. 47%). Bradley had the lowest bad debt of any hospital (1% vs. 5%), and superior net income (4.7% vs. 0.2%). The hospital's operations were highly labor-intensive (73% vs. 58%), consistent with its role as a behavioral health provider.

The following data reference the three years' weighted averages used in the ranking of the hospitals, and not the values specific to 2009.

Bradley ranked #1 in overall **profitability** (1.53 index value). It had the highest operating and bottom-line margins (5.8% and 5.9%, respectively and ranked #1). The hospital also posted the 2nd largest gain in net worth (+8%, ranked #2).

Bradley ranked #1 in **capitalization** (1.34 index value). It had the lowest financial leverage (27%, ranked #1), and the 2nd highest debt capacity (6.7, ranked #2). Consistent with its low financial leverage, Bradley's *capital expenses* were very reasonable (3.2%, ranked #3).

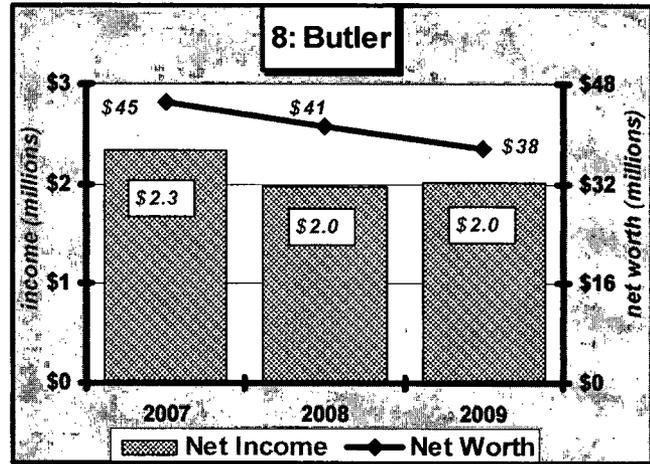

Bradley ranked #9 in **liquidity** (-0.26 index value). Its working capital was the strongest in the state (2.29, ranked #1), but its cash position was weaker (24 days, ranked #6). The hospital was also very slow to collect its receivables (69 days, ranked #12).

B. Butler:

Butler Hospital & affiliate (Duncan Lodge, LLC), is a 117 bed non-profit psychiatric hospital for adolescents and adults. Butler is a teaching affiliate of the Medical School of Brown University, and a controlled affiliate of the Care New England Health System.

Butler ranked #3 (of 13) in overall financial performance (Note: there was little appreciable difference between the index values for #2 ranked Bradley (1.36), and #3 ranked Butler (1.32)). Butler had a RI market share of 2.0% (based on 2009 patient revenue).

In 2009, Butler's net income essentially held steady (\$2.0m), and the percent composition data reflect a healthy hospital. Its investments were strong (56% vs. 49% statewide), debt was moderate (14% vs. 19%), and equity was favorable (51% vs. 47%). On the operating side, Butler's other operating revenue was the highest in the state (35% vs. 10%), 'other' expenses were modest (20% vs. 32%), and net income was strong

Butler ranked #4 in overall profitability (0.80 index value). It's operating and bottom-line margins both ranked #4 (2.5% and 2.6%, respectively), and the hospital ranked #5 in change in net worth (-3%).

Butler ranked #5 in capitalization (0.54 index value). It had average financial leverage (46%, ranked #6), but its capital expenses were high (4.6%, ranked #10). Butler's debt capacity was better than average (5.4, ranked #4).

Butler ranked #1 in liquidity (1.88 index value). Its working capital was strong (1.86, ranked #3), and its cash balances were the 2nd highest in the state (76 days, ranked #2). Butler also had the shortest collections period of any hospital (29 days, ranked #1).

C. Kent:

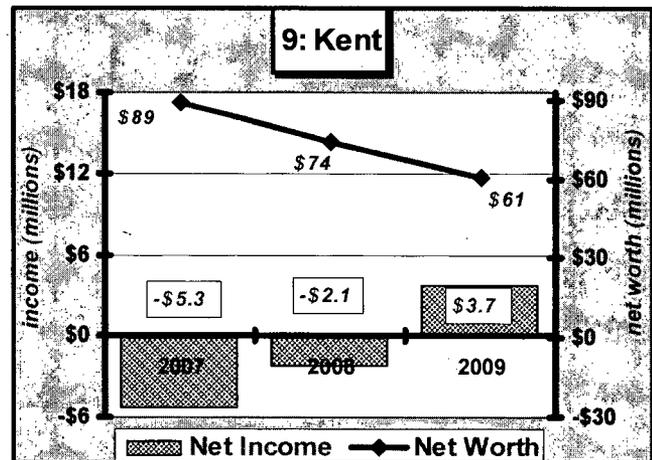

Kent County Memorial Hospital & affiliates (Kent Hospital Foundation, Kent Ancillary Services, LLC, and Toll Gate Indemnity, Ltd.), collectively known as the hospital or Kent, includes a 359 bed non-profit, general acute-care hospital (with ancillary support organizations). Kent is a teaching affiliate of the University of New England College of Osteopathic Medicine, and a controlled affiliate of the Care New England Health System.

Kent ranked #8 (of 13) in overall financial performance (Note: there was little appreciable difference between the index values for #6 ranked Newport (-0.03), #7 ranked Roger Williams (-0.05), and #8 ranked Kent (-0.06)). Kent had a RI market share of 9.6% (based on 2009 patient revenue).

In 2009, Kent's net income increased from -\$2.1m to \$3.7m, primarily from gains in non-operating income (with capital expenses and bad debt also contributing to the improvement to lesser de-

grees). The percent composition data, however, reflect Kent's weaker finances. Its investments were low (33% vs. 49% statewide), receivables were high (19% vs. 10%), as was the pension liability (13% vs. 9%). Consequently, Kent's equity was poor (36% vs. 47%). The hospital's other operating revenue was nominal (3% vs. 10%), but non-operating income was the 2nd highest in the state (0.9% vs. -0.6%) resulting in favorable net income (1.3% vs. 0.2%).

The following data reference the three years' weighted averages used in the ranking of the hospitals, and not the values specific to 2009.

Kent ranked #7 in overall **profitability** (0.15 index value). Its bottom-line profitability was weak (-0.2%, ranked #8), as was its *operating margin* (-0.6%, ranked #7). The hospital's growth in net worth was also below average (-12%, ranked #8).

Kent ranked #4 in **capitalization** (0.58 index value). It had favorable financial leverage (32%, ranked #2), and moderate debt capacity (2.7, ranked #7). The hospital's capital expense burden was lower than average (3.7%, ranked #4).

Kent ranked #12 in **liquidity** (-1.15 index value). It had negative working capital (0.91, ranked #11), and the lowest cash reserves of any hospital (1 day, ranked #13). Kent also took fairly long to collect its receivables (44 days, ranked #8).

D. Landmark:

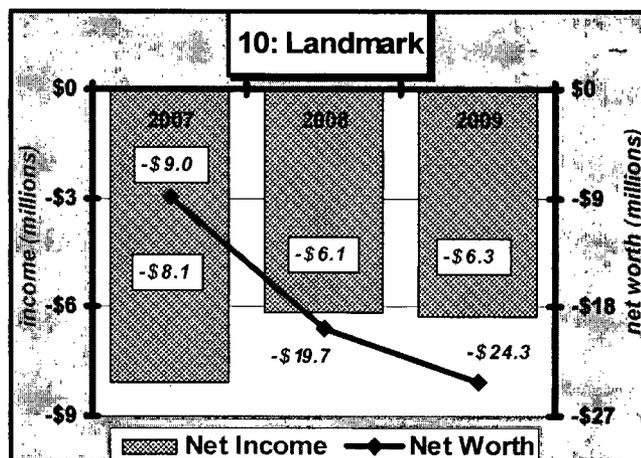

Landmark Health Systems, Inc. (LHS), is a non-profit holding company and the sole corporate member of the following affiliates: 50% interest in the Rehabilitation Hospital of RI, and Landmark Medical Center & affiliates (Landmark Healthcare Foundation, 50% interest in a Physician Hospital Organization, and the other 50% interest in the Rehabilitation Hospital of Rhode Island). LHS, collectively known as the hospital or Landmark, includes Landmark Medical Center, an independent 214 bed non-profit general acute-care hospital and Rehabilitation Hospital of RI, an 82 bed for-profit inpatient rehabilitation center organized as a limited partnership. LHS is currently under court control with a Special Master overseeing all operations (i.e., in receivership).

Landmark ranked #13 (of 13) in overall financial performance (-1.63 index value), with a 2009 market share of 3.9% (based on patient revenue).

In 2009, Landmark's net worth declined \$4.6m (from -\$19.7m to -\$24.3m). This was caused pri-

marily by the increase in its current liabilities, with investment losses and pension liabilities contributing to lesser degrees. That year, Landmark's net income fell from -\$6.1m to -\$6.3m with bad debt and 'other' expenses causal factors. The percent composition data reflect a very troubled hospital with most financial categories out of balance. Every liability category was excessively high, investments were weak (22% vs. 49% statewide), and equity was non-existent (-60% vs. 47%). On the operating side, Landmark's bad debt was the highest in the state (11% vs. 5%), and its 'other' expenses were excessive (42% vs. 32%), yielding poor net income results (-5.2% vs. 0.2%).

The following data reference the three years' weighted averages used in the ranking of the hospitals, and not the values specific to 2009.

Landmark ranked #13 (lowest) in overall profitability (-1.71 index value). It had the 2nd weakest bottom-line margin (-5.1%, ranked #12), and operating profitability (-5.5%, ranked #12). Landmark's change in net worth (-109%) was also the lowest in the state (ranked #13) and the hospital was technically insolvent each year (i.e., negative net worth).

Landmark ranked #12 in capitalization (-1.06 index value). It had the highest financial leverage (113%, ranked #13), but very favorable capital expenses (2.5%, ranked #1). The hospital's debt capacity was also the lowest in the state (-0.02, ranked #13), because of its negative cash-flow.

Landmark ranked #10 in liquidity (-0.56 index value). It had negative working capital (0.60, ranked #13), but a better cash position (23 days, ranked #7). Landmark managed its receivables well (32 days, ranked #2).

SHS, collectively known as the hospital or Memorial, includes Memorial Hospital of Rhode Island, an independent 294 bed non-profit general acute-care teaching affiliate of the Medical School of Brown University (and ancillary support organizations).

In 2009, Memorial's net worth lost \$26.7m (-43%) in value, primarily from the \$23.6m increase in its unfunded pension liability. That year, the hospital improved its bottom-line (-\$13.4m to -\$4.0m) by increasing non-operating income, and constrain-

ing personnel costs, however, it still lost money. The percent composition data reflect the hospital's weak finances. Memorial's receivables were high (31% vs. 10% statewide), its pension liability was the 2nd greatest in the state (30% vs. 9%), investments were weak (37% vs. 49%), and equity was poor (29% vs. 47%). On the operating side, the hospital's other operating revenue was low (4% vs. 10%), payroll was excessive, notwithstanding the reduction in 2009 (63% vs. 58%), and income was lacking (-2.2% vs. 0.2%).

The following data reference the three years' weighted averages used in the ranking of the hospitals, and not the values specific to 2009.

Memorial ranked #10 in overall profitability (-0.60 index value). Its profit margin was weak (-2.9%, ranked #11), as was its operating profitability (also -2.9%, ranked #10). The hospital had the 3rd largest loss in net worth (-26%, ranked #11).

Memorial ranked #7 in capitalization (0.00 index value). It had average financial leverage (47%, ranked #7), and its capital expenses were the 2nd lowest in the state (3.1%, ranked #2). The hospital's debt capacity, however, was compromised (0.2, ranked #12).

Memorial ranked #13 (lowest) in liquidity (-1.86 index value). Its working capital was average (1.40, ranked #9), but its cash position was nominal (8 days, ranked #12). Memorial had the slowest collections of any hospital (82 days, ranked #13).

F. Miriam:

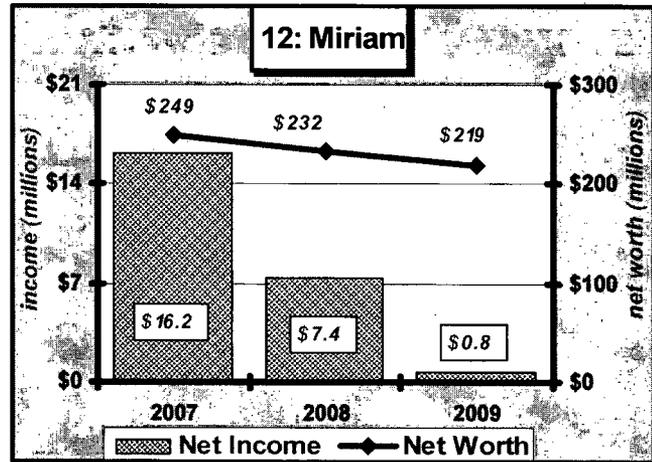

The Miriam Hospital is a 247 bed non-profit general acute-care teaching affiliate of the Medical School of Brown University, and a controlled affiliate of the Lifespan Corporation.

Miriam ranked #4 (of 13) in overall financial performance (Note: there was little appreciable difference between the index values for #4 ranked Miriam (0.67), and #5 ranked RI Hospital (0.66)). Miriam had a RI market share of 11.7% (based on 2009 patient revenue).

In 2009, Miriam's net income fell from \$7.4m to \$0.8m, primarily from excessive spending in 'other' expenses and losses in non-operating income. The percent composition data, however, reflect a stronger hospital than the net income alone would suggest. Miriam's pension liability was favorable (5% vs. 9% statewide), and its net worth was far superior (62% vs. 47%). The hospital's personnel expenses were the lowest in the state (48% vs. 58%), but these were offset by higher 'other' ex-

The following data reference the three years' weighted averages used in the ranking of the hospitals, and not the values specific to 2009.

Miriam ranked #5 in overall profitability (0.63 index value). It ranked #5 in both bottom-line profitability (1.9%), and operating margin (1.6%). The hospital also ranked #3 in change in net worth (0%).

Miriam ranked #3 in capitalization (0.86 index value). It had low financial leverage (39%, ranked #4), and reasonable capital costs (3.8%, ranked #5). The hospital had a very favorable debt capacity (5.5, ranked #3).

Miriam ranked #7 in liquidity (-0.15 index value). Its cash balance was low (16 days, ranked #10), but its working capital was slightly stronger (1.42, ranked #8). The hospital ranked #7 in managing its receivables (39 days).

hospital's erratic finances. Newport's Balance Sheet was strong, with considerable investments (70% vs. 49% statewide), low debt (8% vs. 19%), low pension liability (4% vs. 9%), and the highest equity in the state (83% vs. 47%). The hospital's operations, however, were compromised in 2009. Excessive capital expenses (8% vs. 4%), and the largest non-operating income loss (-4.0% vs. -0.6%) resulted in the 2nd lowest net income in the state (-8.2% vs. 0.2%).

RWMC and St. Joseph Health Services are affiliating under CharterCARE Health Partners in 2010.

Roger Williams (RWMC) ranked #7 (out of 13) in overall financial performance (Note: there was little appreciable difference between the index values for #6 ranked Newport (-0.03), #7 ranked Roger Williams (-0.05), and #8 ranked Kent (-0.06)). RWMC had a RI market share of 6.0% (based on 2009 patient revenue).

In 2009, Roger Williams' net income fell from \$0.6m to -\$1.3m, primarily from excessive spending for 'other' expenses (and from losses in non-operating income to a lesser degree). The percent composition data reflect the hospital's fairly weak finances. Investments were low (39% vs. 49% statewide), current obligations were excessive (33% vs. 14%), and debt was high (24% vs. 19%), resulting in low equity (34% vs. 47%). In 2009, S. County's net worth fell \$23.4m (-44%), primarily from the increase in its unfunded pension liability (with 'other' and current liabilities contributing to the reduction to lesser extents). That year the hospital's net income also fell from -\$10.3m to -\$11.4m, because of capital spending and, to a lesser extent, spending on 'other' expenses. The percent composition data reflect the

hospital's weak finances. Investments were low (38% vs. 49% statewide), debt was the highest in the state (46% vs. 19%), and equity was poor (23% vs. 47%). On the operating side, the hospital's capital expenses were excessive (13% vs. 4%), and non-operating revenue was lacking (-3.8% vs. -0.6%), contributing to the lowest net income in the state (-9.7% vs. 0.2%).

The following data reference the three years' weighted averages used in the ranking of the hospitals, and not the values specific to 2009.

S. County ranked #12 in overall profitability (-1.50 index value). Its bottom-line and operating profitability were the lowest of all hospitals (-8.5% and -6.8%, respectively, both ranked #13). The hospital also posted poor equity results (-24%, ranked #10).

S. County ranked #13 (lowest) in capitalization (-2.56 index value). It had the 2nd highest financial leverage (105%, ranked #12), and by far, the highest capital expenses of any provider (10.9%, ranked #13). The hospital's debt capacity was also very weak (0.3, ranked #11).

S. County ranked #2 in liquidity (1.72 index value). It had significant working capital (1.90, ranked #2), and considerable cash reserves (87 days, ranked #1). The hospital's collections period, however, was only average (39 days, ranked #6).

St. Joseph Health Services of RI (including Our Lady of Fatima Ancillary Services, and the St. Joseph Health Services Foundation, Inc.) collectively known as the hospital or St. Joseph, includes a 386 bed non-profit general acute-care hospital (and other ancillary support organizations). St. Joseph and Roger Williams Medical Center are affiliating under CharterCARE Health Partners in 2010.

St. Joseph ranked #10 (of 13) in overall financial performance (-0.81 index value), with a RI market share of 6.1% (based on 2009 patient revenue). Regardless of St. Joseph's overall rank, it became technically insolvent in 2009 (-\$7.3m net worth). This is problematic and may require significant changes beyond simply becoming part of CharterCARE to correct.

In 2009, St. Joseph's net worth fell from \$10.9m to -\$7.3m, primarily from the increase in its unfunded pension liability. That year St. Joseph improved its bottom-line (-\$9.2m to -\$3.3m) by con-

Its receivables were considerable (21% vs. 10% statewide), its pension liability was the highest in the state (52% vs. 9%), its investments were meager (26% vs. 49%), and it had negative equity (-7% vs. 47%). Consistent with its recent loss in value, the hospital's change in net worth was the 2nd lowest in the state (-101%, ranked #12).

St. Joseph ranked #8 in capitalization (-0.18 index value) over the past three years. It had high financial leverage (54%, ranked #10), and low debt capacity (0.7, ranked #10). The hospital's capital expenses, however, were average (4.0%, ranked #7).

In 2009, Westerly's net income fell from \$0.5m to -\$0.7, because of excess spending on 'other' expenses and increases in bad debt. The percent composition data reflect the hospital's fragile finances. Its investments were modest (40% vs. 49% statewide), debt was high (26% vs. 19%), as was the pension liability (20% vs. 9%). Consequently, Westerly's equity was weak (38% vs. 47%). On the operations side, the hospital's other operating revenue was lacking (2% vs. 10%), capital expenses were high (7% vs. 4%), as was bad debt (8% vs. 5%), resulting in weak net income (-0.8% vs. 0.2%).

The following data reference the three years' weighted averages used in the ranking of the hospitals, and not the values specific to 2009.

Westerly ranked #9 in overall **profitability** (-0.15 index value). Its operating profitability was below average (-2.7%, ranked #8), as was its bottom-line margin (-0.7%, ranked #9). The hospital also posted an unfavorable decline in net worth (-16%, ranked #9).

Westerly ranked #11 in **capitalization** (-0.56 index value). It had higher than average financial leverage (48%, ranked #8), and considerable *capital expenses* (6.8%, ranked #11). The hospital's debt capacity was only fair (1.5, ranked #9).

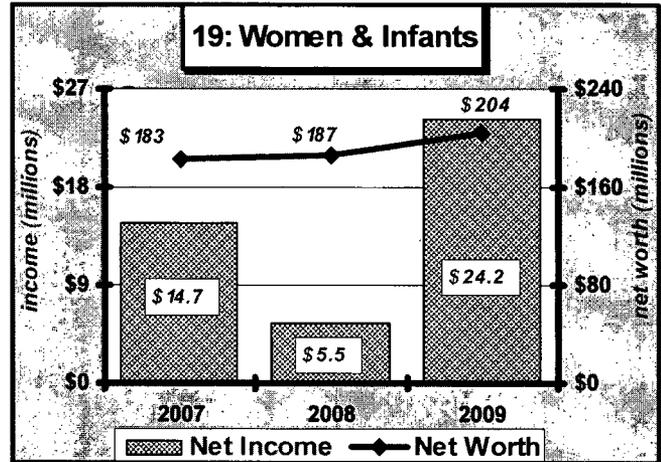

Westerly ranked #11 in **liquidity** (-0.75 index value). It had negative working capital (0.80, ranked #12), and its cash reserves were meager (14 days, ranked #11). The hospital, however, effectively managed its receivables (37 days, ranked #4).

APPENDIX A: Methodology & Data

For each facility, nine measures over three years were calculated (raw data and formulas are in the Tables below), and grouped into three financial categories: **profitability** (the generation of net income and wealth), **capitalization** (financial leverage and debt capacity), and **liquidity** (the ability to meet current obligations). Statewide values were then compared to the corresponding Northeastern (i.e., Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont) median values to evaluate hospital performance locally. Statewide values were also benchmarked to the best-performing quintile (i.e., 'top' 10%) of hospitals in the Northeast.

Three criteria were used in selecting the nine individual measures. First, they had to be derived from Audited Financial Statements, considered the 'gold-standard' for financial data. Second, comparable benchmarks had to be available, and third, they had to be widely used both within and outside the industry as key indicators of financial performance. Each measure had to provide the maximum amount of utility. For example, *times interest earned* and *debt service coverage* are two (out of 10⁺) capitalization measures. They roughly quantify the same thing (i.e., debt capacity and repayment ability) albeit with some important differences. *Debt service coverage* considers the entire debt obligation (i.e., interest plus principal) and all available cash (i.e., cash-flow rather than accounting income) whereas *times interest earned* does not. In addition, *debt service coverage* is a primary capitalization measure used by bond rating agencies to assess hospital creditworthiness. Therefore, for these reasons it was chosen over *times interest earned* for inclusion here.

Individual hospital performance was assessed by developing three indices corresponding to the three financial domains (i.e., profitability, capitalization, and liquidity). The individual measures were first standardized (i.e., ((individual hospital value – mean of all hospitals' values) / standard deviation of all hospitals' values)), a weighted average for all measures (and all three years) in each category was calculated, and these weighted averages were again standardized to yield an index value. Higher index values always indicate superior performance. To interpret any of the indices, one concludes that the index value is so many standard deviations from the state mean (i.e., the average for all the hospitals). For example, South County's capitalization index is -2.56, or over 2 standard deviations below the state average. In a 'normal' distribution, approximately 67% of the population is within +/-1 standard deviation, and 95% is within +/-2 standard deviations (of the mean). This puts South County at the bottom of the state in this category, and examination of all other hospital capitalization indices bears this out. In those cases where the desired trend for an individual measure is for lower values (i.e., *capital financing*, *capital expenses*, and *collection's period*), the inverse of the standardized values were taken (to preserve larger comparative values as the desired trend). Relative weights given to yearly performance were 22% for 2007, 33% for 2008, and 45% for 2009. Therefore, and logically, a hospital's most recent performance is considered more important than how it operated in prior years. Lastly, weights given to the three individual measures in each category (i.e., profitability, capitalization, and liquidity) were 33.33% (i.e., each measure was weighted equal in importance).

To calculate an overall financial performance index, the indices in the three categories were weighted 45% for **profitability**, 30% for **capitalization**, and 25% for **liquidity**. Those weighted averages were then standardized to arrive at a single overall performance index for each hospital, with higher values preferred. **Profitability** was rated most important (45%) because all other measures pale in comparison. Hospitals that consistently lose money and value will not survive. It doesn't matter how low the debt burden, or how strong the liquidity, an unprofitable hospital is fated for failure. **Capitalization** was rated second in importance (30%) because it reflects non-recourse, long-term investment in assets that essentially determine how well a hospital can compete in the marketplace. Not only must the hospital facility be efficient and attractive, but current technologies must also be made available to patients. **Liquidity** was rated last important (25%), because it deals with current (under one year) obligations, none of which are likely to severely compromise the hospital in the long-term. Further, liquidity may be improved through the reallocation of assets into current positions.

Capitalized terms used herein but not defined herein shall have the meanings assigned to them in the APA.

C. The Owners desire to obtain Company's services, and Company agrees to provide the hereinafter defined Consultant, as well as an additional number of the Company's employees

as necessary to provide the management and other services described herein, upon the terms and conditions set forth herein.

Agreement

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and incorporating the recitals set forth above, the Owners and Company agree as follows:

ARTICLE I
DIVISION OF AUTHORITY AND RESPONSIBILITY

1.1 Authority and Responsibility of the Special Master. The Special Master shall retain all authority granted him pursuant to those certain court orders of the Superior Court of Rhode Island in Providence County (the "Court"). The Special Master shall also retain such other authority as shall not have been specifically delegated by him to Company as an independent contractor pursuant to the terms of this Agreement. The Owners shall exercise ultimate authority, supervision, direction, and control over the business, policies, operation, and assets of the Facilities, and shall retain the ultimate authority and responsibility regarding the powers, duties, and responsibilities vested in the Special Master by applicable law and regulations. Nothing in this Agreement is intended to alter, weaken, displace or modify the responsibility of the Owners for the Facilities' direction and control. The Owners shall retain the full responsibility for quality of care at the Facilities, for compliance by the Facilities with all applicable federal, state and local laws, including, without limitation, compliance with federal and state laws relating to "fraud and abuse" by the Facilities and other healthcare providers and compliance with the federal Stark law, 42 U.S.C. § 1395nn et seq., as amended. Notwithstanding anything to the contrary in this Agreement, the Owners do not transfer to the Company under this Agreement the ability to do the following: (a) hire or fire the chief executive officer of the Facilities; (b) fire or reduce the work hours of any of the employees of the Facilities; (c) maintain and control the books and records of the Facilities; (d) dispose of assets and incur liabilities on behalf of the Facilities; or (e) adopt and enforce policies regarding operation of the Facilities. The Owners do not, in any way, delegate to Company any of the powers, duties and responsibilities vested in the Owners by law or by the charter and bylaws of Facilities, except as expressly set forth herein. Therefore, neither Company, its direct or indirect

subsidiaries, affiliates, agents, employees, members, officers, directors or direct or indirect parents, shall have any liability or responsibility for any of the foregoing or any matters arising directly or indirectly therefrom.

1.1.1 Compliance. The Owners shall retain the full responsibility for operation of and compliance by the Facilities with the Facilities' compliance programs.

1.1.2 Special Master Representation. The Special Master shall represent the Owners in matters pertaining to the interpretation of this Agreement; provided, that in any situation in which, pursuant to the terms hereof, the Special Master or one or more of the Owners shall be required or permitted to take any action, to give any approval, or to receive any report, Company shall be entitled to rely upon the written statement of the Special Master under this Agreement, to the effect that any such action or approval has been taken or given. Whenever any action shall be subject to the approval of the Special Master, the Special Master shall provide its decision to Company in a timely fashion after receiving written notification of the proposed action.

1.1.3 Medical Staff; Medical and Professional Matters. The Facilities' medical staffs shall be organized and shall function according to their medical staff bylaws and the laws and regulations of the State of Rhode Island, as they may be amended from time to time. Company shall consult with the medical staff and the Special Master, as may from time to time be appropriate, with respect to issues relevant to the medical staff. All matters requiring professional medical judgment shall remain the responsibility of the Facilities' medical staff, nurses, and allied health professionals. Company, its employees, and contractors shall have no responsibility, control over, or liability whatsoever for such medical judgments. The organized medical staff of the Facilities shall have responsibility for the quality of the professional services provided by individuals with clinical privileges at the Facilities, as set forth in the bylaws of the Facilities' medical staff. These matters shall include, without limitation, the evaluation of clinical competence, the supervision of clinical performance, the provision of clinical

training and the control of the composition, qualifications and responsibilities of the Facilities' medical staff. The Facilities and their organized medical staff shall retain such roles and responsibilities as are necessary to meet the accreditation requirements of the Joint Commission and any other accrediting body which has accredited the activities of the Facilities.

1.2 Authority and Responsibility of Company. Any powers not specifically delegated or granted by the Owners to Company will remain with the Owners. Subject to Article I, the Owners authorize Company, on the Owners' behalf, to exercise reasonable business judgment in the discharge of its duties hereunder, including oversight, supervision, and effective management of the day-to-day business operations of the Facilities through the Consultant. Except as otherwise noted herein, and in particular Section 1.2.5, all duties of Company hereunder shall be exercised through the Consultant. Specifically, Company, through the Consultant, shall have responsibility and commensurate authority, subject to the terms of this Agreement, the direction and prior approval of the Owners, and the capital and operating budgets approved by the Special Master as hereinafter provided, for the following activities:

1.2.1 Personnel Administration. Company shall be responsible for overseeing the recruitment, hiring, promotion, and disciplining of the Facilities' employees (including employed physicians) in accordance with the approved policies of the Facilities; provided, however, that Company's supervisory and management authority shall not extend to any aspect of such employees' professional medical judgment or medical actions. All recruitment contracts/fees, proposed hires and proposed promotions shall be subject to the prior written consent of the Special Master, which consent may be given or withheld in the sole and absolute discretion of the Special Master. Notwithstanding the foregoing, in no event shall the Company terminate the employment of or reduce the working hours or benefits of any of the Facilities' employees without the prior written consent of the Special Master, which consent may be given or withheld in the sole and absolute discretion of the Special Master. However, the Special Master and Owners hereby agree to effect a reduction in force of the Facilities' employees prior to the Closing of the transaction pursuant to the APA, as recommended by

the Company in its advisory capacity and not as a co-or joint employer of any such employee, as more particularly described on Exhibit A, attached hereto and incorporated herein by reference. The Owners shall be responsible for the payment of any benefits or amounts owed to such employees related to such reduction in force; provided however, that Owners may utilize the Company's Credit Facility to provide up to two million dollars of severance to such employees.

1.2.2 Accounting and Financial Records.

- A. Accounting Procedures. Company shall oversee the current accounting procedures and controls of Owners and the current systems for the preparation and safekeeping of records and books of account relating to the business and financial affairs of the Owners, and suggest implementation of such changes as Company deems advisable.
- B. Collection of Accounts. Company shall oversee the issuance of bills for services and materials furnished by the Owners to third party payors (including governmental payors) and the collection of accounts and monies owed to the Owners. Notwithstanding the foregoing, the Owners shall retain responsibility and authority for submitting and preparing such bills to all payors and any and all liability related thereto.
- C. Cost Reports. The preparation of the Facilities' annual cost reports shall remain the sole responsibility of the Owners. The Company, shall if requested by the Special Master, recommend a third party to assist the Owners with such reports; provided, however, the Owners shall retain responsibility and authority for submission of such cost reports. The cost reports shall be reviewed and approved by the Owners. Upon approval by the Special Master, the cost reports for each Facility shall be signed by such Facility's CEO at the direction of, and acting for, the Special Master and shall be filed on behalf of, and in the name of, such Facility. The Company shall have no responsibility or liability related to the filing of

such cost reports with the appropriate governmental agencies; the Owners shall retain all liability related thereto.

D. Payment of Accounts. Subject to the provisions of Section 1.2.2E below, Company shall oversee the payment of payroll trade accounts, amounts due on short- and long-term indebtedness, and all other obligations of the Facilities occurring in the ordinary course after the Effective Date (as hereinafter defined); provided, however, that Company's responsibility under this paragraph shall be limited to the exercise of reasonable diligence and care to apply the funds collected in the operation of the Facilities to its obligations in a timely and prudent manner. The Owners shall retain sole responsibility for retaining an accounting, auditing and/or actuarial firm to prepare and, if required by applicable law or regulation, timely file the Owners' financial statements with applicable governing authorities and timely file the Owner's federal and state income, payroll, property and other tax returns. Company shall have full access to Owners' accounting firm and Owners shall advise such firm to cooperate fully with Company and provide all information Company may reasonably request.

E. Creditors. The Special Master shall maintain the sole and absolute control over, and shall have sole responsibility for, all existing liabilities, indebtedness and obligations of the Special Master, the Owners and/or the Facilities and which are in existence on the Effective Date or which arise from circumstances existing or events occurring prior to the Effective Date. Furthermore, the Special Master shall be solely responsible for the payment, discharge and performance of all liabilities, indebtedness and obligations that relate to the Owners whether existing on the Effective Date or arising thereafter, in accordance with this Section 1.2.2.E. By executing this Agreement and providing services hereunder, the Company is not assuming any liability or obligation of the Owners and will not pay, discharge, perform or otherwise be liable for any liabilities, indebtedness or obligations that relate to the Facilities whether existing on the date

hereof or arising hereafter. Subject to the terms and provisions of the APA, all such liabilities and obligations shall be retained by and remain obligations and liabilities of the Owners. Without limiting the generality of the foregoing, the Owners shall be responsible for the negotiation, payment and/or compromise of any prior taxes, charges, fees, levies or other assessments imposed by any federal, state or local taxing authority, incurred, or attributed to the Facilities, including, but not limited to, income, excise, property, ad valorem, sales, transfer, franchise, payroll, withholding, social security or other taxes, including any interest, penalties or additions attributable thereto, as well as to any payments to the Medicare and Medicaid programs, and other applicable federal or state benefit programs.

- F. Accounts Receivable. By executing this Agreement and providing services hereunder, Company shall not acquire any ownership, and this Agreement shall not be interpreted or construed to grant the Company any ownership, of the accounts receivable or any of the proceeds therefrom, and, subject to the terms and provisions of the APA, such accounts receivable and any proceeds therefrom, whenever generated, shall be the sole and exclusive property of the Owners.

1.2.3 Purchases, Contracts, and Leases.

- A. Contracts for Services. Subject to any applicable legal and regulatory requirements, and applicable requirements of the Special Mastership, Company may negotiate, enter into, terminate, and administer on behalf of the Facilities and in the name of the Facilities, such contracts as are necessary for the operation of the Facilities and for maintenance and repair of the physical plant of the Facilities; provided, however, that Company shall not execute the following types of contracts without the specific prior approval of the Special Master, which consent may be given or withheld in the sole and absolute discretion of the Special Master:

1. Collective bargaining contracts;
2. Contracts for the sale, purchase or lease of real estate;
3. Physician contracts and guarantees (including, but not limited to, recruitment agreements, etc.);
4. Separation Agreements;
5. Settlement Agreements; and
6. Employment Agreements.

B. Purchasing Agreements. To the extent practicable, Company shall offer the Facilities access to purchasing agreements in which Company may from time to time participate. The Facilities shall utilize the purchasing agreements for all products and services available through such agreements unless a request for deviation has been submitted to Company in writing setting forth the basis for such request, and such request is approved by Company, which approval shall not be unreasonably withheld or delayed. The Owners acknowledge that the overall commitment and utilization of the purchasing agreements by the Facilities will affect Company's ability to maximize savings to the Facilities. The Owners further acknowledge that as part of an agreement to furnish goods or services to the Facilities, Company, acting as a group purchasing organization as defined in 42 C.F.R. §§1001.952(j) (commonly known as the "group purchasing organization safe harbor" to the Anti-Kickback law), may receive payment from the vendor thereof in connection with certain products that are purchased, licensed or leased by the Facilities.

1.2.4 Management Support Services. Company shall review, monitor, and recommend management improvements or changes in the following areas of the Facilities' operations:

- (1) Administration;

- (2) Nursing;
- (3) Labor Management;
- (4) Regulatory compliance;
- (5) Joint Commission or state survey preparedness;
- (6) Financial operations;
- (7) Business office;
- (8) Materials Management and Purchasing; and
- (9) Other Facilities Departments (as deemed appropriate by the Consultant).

1.2.5 Communications.

A. Company Oversight. Company shall assign an officer of Company (who shall be at the vice president level or higher) who shall:

1. provide supervision of, and coordinate support for, the Consultant;
2. coordinate the provision of services by the Company as appropriate to the needs of the Facilities; and
3. attend, from time to time, meetings of the Special Master, medical staff and any other major policy and/or strategy sessions.

B. Press Release. Any release to the public of information concerning this Agreement or the Facilities will be made only in the form and manner approved by the parties hereto. Each party shall furnish the other with drafts of all such releases prior to their publication or dissemination. Notwithstanding the foregoing, the Company acknowledges and agrees that, after notice and discussion with Company regarding such filings, the Special Master may file pleadings, petitions and reports with the Court, and that such documents, once filed, become public records.

1.2.6 Maintenance of Licensure and Certification. The Consultant shall direct the Facilities' efforts to maintain its licenses and certifications in good standing.

1.2.7 Provision of Information. Subject to those certain Confidentiality and Non-Disclosure and HIPAA Business Associate Agreements to which Owners and Company are a party (the "Confidentiality Agreements"), true and accurate copies of which are attached hereto as Exhibit B and incorporated herein by reference and to confidentiality requirements under any federal or state law or regulation or as the Special Master and/or the Court may require, Company shall be given complete access to the Special Master, his records, offices and facilities, in order that it may carry out its obligations hereunder. Without limiting the foregoing, the Special Master shall provide to Company, true, correct and accurate copies of all historical and current financial, statistical and patient service information, data, materials, books, records and reports necessary or desirable for Company to review all cost reports and financial statements prepared by the Special Master or his designee.

1.3 Good Faith. Although the parties recognize and acknowledge that Company is not able to, and does not, guarantee any particular results under this Agreement, Company agrees to act in good faith and use commercially reasonable efforts in performing all of its obligations under this Agreement.

1.4 Independent Contractors. In performing their duties hereunder, the parties shall be and shall act as independent contractors, and neither party is or will act as a partner, agent, employee of, or in joint venture with, the other party. Neither party will have the authority to bind the other party, contractually or otherwise, except as specifically authorized in this Agreement. The Special Master and Company specifically disclaim any fiduciary or confidential relationship, whether stated or implied by law. Company shall not, by entering into and performing under this Agreement, incur any liability for any of the existing obligations, liabilities or debts of Facilities and/or Owners, and Company shall not, by acting hereunder assume or become liable for any of the future obligations, debts or liabilities of the Facilities and/or the Owners.

ARTICLE II
EMPLOYEES

2.1 Owners. All operating and service personnel as necessary for the proper operation and maintenance of the Facilities shall be employees of the Owners. Notwithstanding the fact that Company may have authority under this Agreement to direct or supervise certain non-medical aspects of the Owners' employees, each of the Owners' employees shall remain the responsibility of the Owners. Each of the Owners' employees shall be on the Owners' payroll and shall continue to receive employee benefits in accordance with the Owners' policies. Prior to the Closing of the transaction pursuant to the APA, the Owners shall effectuate a reduction in force for such number of employees with certain identified job descriptions as recommended by the Company in its advisory capacity and not as a co-or joint employer of any such employee, as described on Exhibit A. The Owners shall be responsible for the payment of any benefits or amounts owed to such employees related to such reduction in force; provided however, that Owners may utilize the Company's Credit Facility to provide up to two million dollars of severance to such employees. Notwithstanding anything herein, none of the Owners' employees shall have any claim under this Agreement, or otherwise, against Company for vacation pay, sick leave, employment insurance, worker's compensation, disability benefits or employee benefits of any kind.

2.2 Company Provided Personnel.

2.2.1 Company Personnel at the Facilities. In furtherance of its obligations under this Agreement during the term hereof, Company shall place at LMC an employee or agent of the Company to act as the primary contact between Owners' management team and the Company (the "Consultant"). At the time of placement at LMC, and throughout the term of this Agreement, the Consultant shall be subject to all policies and procedures of Company and shall be paid by Company.

2.2.2 Intentionally Omitted.

ARTICLE III

It shall be the Owners' sole responsibility to keep and maintain its operating licenses under the laws of the state in which it is located and to ensure that all the Facilities' services comply with all pertinent provisions of federal, state, and local statutes, rules, and regulations.

3.2 Provider Relations. The Owners shall conduct all of its relationships with providers, including its medical staff, in full compliance with all applicable laws.

ARTICLE IV
COMPENSATION

As part of the purchase price paid pursuant to the APA, the parties have agreed that the Owners shall pay no compensation or expenses to Company for the services provided under this Agreement in the event the transactions contemplated by the APA are consummated. The parties agree that they have negotiated this provision as part of an arms-length transaction to purchase substantially all of the Assets of Owners. In the event the APA is terminated for any reason other than an uncured breach of the APA by Company, Owners agree to pay a monthly management fee of \$35,000 for each month Company provided services hereunder, within thirty (30) days of Owners' receipt of an invoice from Company.

ARTICLE V
TERM OF AGREEMENT

5.1 Subject to prior termination under Article VI, the initial term of this Agreement shall commence on the day the Award Order is entered (the "Effective Date") and terminate on the earlier to occur of (i) the Closing of the transaction pursuant to the APA or (ii) the termination of the APA.

- (1) if the Owners shall default in the performance of any material covenant, agreement, term, or provision of this Agreement to be kept, observed, or performed by the Owners, and such default shall not be cured for a period of thirty (30) days after Special Master receives written notice from the Company describing in detail the specific default. Notwithstanding the foregoing, if the default, although curable, cannot be cured within such thirty (30) day period, the Company shall not terminate this Agreement as long as the Owners commence such cure within said thirty (30) day period and diligently prosecutes such cure to completion within fifteen (15) additional days unless otherwise mutually agreed by the parties;

- (4) if the Owners engage in any activity that violates federal or state law or in billing or coding documentation activities that Company in good faith believes are improper or illegal, and the Facilities refuse to correct, in such manner as deemed acceptable and satisfactory to the Company, such improper billing or coding within ten (10) days after receiving written notice from Company specifying the problem, or alternatively, the Owners do not demonstrate to the Company's reasonable satisfaction that such billing or coding documentation activities are not violative of federal or state law within such ten (10) day period;
- (5) if the APA is terminated by the Special Master, except due to Company's breach; or

- (6) if the Court orders that an amendment be made to this Agreement and such amendment is not agreed upon by Company (it being understood that Company's agreement to any such amendment is required by the terms of Section 16.1).

6.2 For Cause Termination by Owners. The Special Master shall have Cause for termination of this Agreement:

- (1) if the Company shall default in the performance of any material covenant, agreement, term, or provision of this Agreement to be kept, observed, or performed by the Company, and such default shall not be cured for a period of thirty (30) days after the Company receives written notice from the Special Master and/or the Owners describing in detail the specific default. - (2) if the Owners determine in good faith that the Consultant and/or the Company is acting, in connection with the course of conducting Consultant's and/or Company's duties hereunder, in violation of any and all applicable laws, ordinances or regulations, and Company fails to cure such actions within ten (10) days after receiving written notice from Owners specifying the problems, or alternatively, the Company does not demonstrate to the Owners that such conduct is in compliance with all applicable laws, ordinances or regulations within such ten (10) day period.

6.3 Other Termination. In addition to the reasons for termination set forth in Sections 6.1 and 6.2 above, this Agreement shall automatically terminate upon the earliest to occur of (a) the termination of the APA, (b) the mutual written agreement of the parties, or (c) the consummation of the transactions contemplated by the APA.

In performing their respective duties hereunder, Company and the Owners shall, and the Owners shall cause the Facilities to, conduct themselves in full accordance with all applicable state, federal, and local laws and regulations, including, but not limited to, the federal physician self-referred law (commonly known as the "Stark II Law", 42 U.S.C. § 1395nn et. seq.) and the anti-fraud and abuse provisions of the Social Security Act (42 U.S.C. 1320a-7 et. seq.). Nothing in this Agreement shall require either party to arrange for or to send patients to the other party or to the other party's affiliated facilities or providers. The parties acknowledge and agree that Company shall not be responsible for coding and shall not code any bills or claims for services provided at the Facilities, and that Owners are solely responsible for coding all bills and/or claims for services, and for the accuracy, completion and reliability of all of such bills and/or claims.

9.2 Ownership of Information. Company retains all ownership and other rights in all systems, manuals, materials, and other information, in whatever form, provided by Company in the performance of its obligations hereunder (collectively, the "Company Materials"); and nothing contained in this Agreement shall be construed as a license or transfer of such information either during the term of this Agreement or thereafter. Upon the termination or expiration of this Agreement, Company shall have the right to retain all such information, and the Facilities shall upon request promptly deliver to Company all such information in its possession. Notwithstanding the foregoing, the obligation to return shall not apply to manuals, practices, systems or the like to be used in the operation of the Facilities and developed by one or more of the Owners or its agents or employees based upon Company Materials.

9.3 Effect of Invalidity. Should any part of this Agreement, for any reason, be declared invalid or unenforceable, such decision shall not affect the validity or enforceability of any remaining portion, which remaining portion shall remain in force and effect as if this Agreement had been executed with the invalid portion thereof eliminated and shall be construed in such manner as may be reasonably necessary to ensure that the Agreement continues to substantially reflect the agreement of the parties.

9.4 Intentionally Omitted

9.5 Applicable Law. The laws of the State of Rhode Island shall govern this Agreement and any dispute, claim, or counterclaim arising out of or relating thereto, whether in contract or tort or otherwise, even if the State of Rhode Island's choice of law rules would require that the laws of another forum apply. The parties agree that they shall submit themselves, for the resolution of any and all disputes hereunder, to the jurisdiction of the state and federal courts of the State of Rhode Island.

9.6 Intentionally Omitted.

9.7 Headings/Recitals. The headings to the various paragraphs of this Agreement and the recitals have been inserted for convenience of reference only and shall not modify, define, limit or expand the expressed provisions of this Agreement.

9.8 Legal Proceedings. If Company is notified of a legal proceeding against any of the Owners or Facilities, Company shall notify the Special Master and/or POS, as appropriate, and shall coordinate legal matters and proceedings with the Special Master. Company acknowledges and agrees that the Special Master shall control the direction of the defense of the litigation, and shall make any and all decisions required in connection with such defense. With respect to actions relating to the Owners brought against both the Owners and Company or Company alone, the Owners shall, at Company's request, defend Company except that Company shall reimburse the Owners' legal fees in defending Company, but only in instances where the cause of action relates to circumstances in which the Company is required to indemnify the Owners as provided in Article VIII.

9.9 APA Controls. In the event of a conflict between this Agreement and the terms of the APA, the APA shall control.

ARTICLE XVII
COMPANY FINANCING

17.1 Company shall, upon 10 days prior written notice from Owners and the satisfaction of certain other conditions set forth below, make available to Owners a credit facility to fund the working capital needs of Owners in the event that Company and Owners mutually determine that such credit facility is reasonably necessary to continue the operations of Owners in the ordinary course of business (the "Credit Facility"). Owners may, in the event that the aggregate cash balance of all Owners' deposit and investment accounts ("Owner Balances") shall be less than \$500,000, request loans under the Credit Facility in an amount equal to Owners' immediate working capital needs as mutually agreed by Owners and Company (collectively, the "Loans"). The aggregate of all Loans under the Credit Facility shall at no time exceed \$5,000,000. In the event that the Owner Balances shall at any time exceed the dollar amount which is equal to \$500,000 plus the amount necessary to cover Owners' weekly payroll obligation (collectively, the "Cash Needs Amount", which Cash Needs Amount as of the date of this Agreement is approximately \$1,500,000), Owners shall immediately remit the difference between the Owner Balances and the Cash Needs Amount to Company as a prepayment under the Credit Facility. The Credit Facility shall be secured by a second priority security interest (subject only to the security interest granted to Steward Health Care System LLC as successor-in-interest to Caritas Christi) in certain collateral of Owners, including without limitation Accounts (as defined in the applicable UCC) and a second mortgage on Sellers' Owned Real Property, upon terms and conditions to be mutually agreed. Company's obligations under this Section 17.1 shall be conditioned upon (i) the execution and delivery of a loan agreement, promissory note, security agreement, mortgage and any other documentation requested by Company in relation to the Credit Facility, the terms of which shall be mutually agreed (the "Credit Facility Documents"), (ii) Company's receipt of (a) lender's title insurance covering Sellers' Owned Real Property in an amount equal to the fair market value of such real property

(or such other amount as shall be reasonably specified by Company) as well as a current ALTA survey thereof, any consents or estoppels reasonably deemed necessary or advisable by Company in connection with such mortgage, each of the foregoing in form and substance reasonably satisfactory to Company, and, if requested by Company, the delivery to Company of a legal opinion relating to such mortgage described above, which opinion shall be in form and substance, and from counsel, reasonably satisfactory to Company, and (iii) Owners' execution and delivery of, and performance under, the Credit Facility Documents in and of itself shall not constitute a default under the APA, give rise to a termination event under the APA or otherwise create a Material Adverse Effect upon the Sellers under the APA.

TRACO's limits of liability under the primary insurance policies are \$2.5 million each claim for professional liability and \$2.5 million each claim for general liability with an annual aggregate retention of \$5 million each for profession and general liability. The limits of liability for the individual insureds of the participating hospitals for professional liability are \$1 million each claim and \$3 million in the aggregate each year.

Effective November 1, 2004, the Company also issued a physician's primary medical professional liability policy with limits of \$1 million per claim and \$3 million annual aggregate per physician to Steward Medical Group (SMG), a physician group practice associated with Steward Health Care. On October 1, 2009 the company increased the limits of the physician's primary medical professional liability policy to \$2 million per claim and \$6 million annual aggregate per physician. In addition to insuring members of SMG, the program includes coverage for some physicians who are not members of SMG but who purchased professional liability through SMG's prior commercial insurance program or who are members of Steward Health Care's affiliated IPAs.

TRACO participates in two layers of excess liability coverage above the policy limits on its primary policies. TRACO's limits of liability under the first layer are \$25 million each claim/\$25 million annual aggregate in excess of the primary policies' limits relative to medical professional and hospital professional liability, and \$25 million each claim/\$25 million annual aggregate in excess of the primary policies' limits relative to general liability including personal injury and advertising injury. Under the second layer, TRACO's limits of liability are \$25 million each claim/\$25 million annual aggregate, relative to medical professional and hospital professional liability, and \$25 million each claim/\$25 million annual aggregate relative to general liability on claims exceeding the limits of the first layer. The company reinsures 100% of the excess liability coverage, subject to the same limits of liability as the excess coverage.

The Company had obtained reinsurance support for the CPN program from Lexington Insurance Company, which assumed a 50% quota share reinsurance position up to an aggregate limit of \$16 million. This was not renewed October 1, 2009.

The reinsurance policies are coterminous with TRACO's financial year. Policy administration fees are paid to the shareholder of the Company.

As of our last audit the captive held \$51.2M in total assets with \$43.5M in cash and investments and \$7.5M in due from reinsurance. The loss reserves totaled \$34.5M inclusive of \$7.5M in reserves related to reinsurance contracts.

As of our most recent quarterly financials (3/31/11) the captive held \$59.3M in total assets with \$48.6M in cash and investments and \$7.2M in due from reinsurance. The loss reserves totaled \$42.1M inclusive of \$7.2M in reserves related to reinsurance contracts.

1.7 Determination of Net Working Capital; Adjustments. (a) For purposes of determining the amount of cash or otherwise immediately available funds to be delivered at the Closing in accordance with and subject to the limitations set forth in Section 1.6, such determination shall be made on or prior to the Closing Date using the Interim Balance Sheet. The specific calculations made to determine such amount shall be set forth on a schedule delivered by the Special Master to Buyer, along with supporting documentation and a copy of the Interim Balance Sheet, not less than ten (10) business days prior to the Closing. The Interim Balance Sheet shall be in a form reasonably acceptable to Buyer.

(b) Within one hundred fifty (150) days after the Closing, Buyer shall prepare, or cause to be prepared, and deliver to the Special Master a consolidated balance sheet of the operations with respect to the Business as of the Closing Date (excluding any Excluded Assets and excluding any Liabilities that are not Assumed Liabilities) (the "Closing Balance Sheet"). The Closing Balance Sheet will be used to determine any final adjustments to the Purchase Price (the "Post-Closing Adjustments") relating to the Net Working Capital. The Purchase Price shall be (i) increased by the amount by which the Net Working Capital on the Closing Balance Sheet exceeds the Net Working Capital calculated from the greater of (A) the Interim Balance Sheet or (B) the Net Working Capital Floor, plus the amount of any Interim Excess Payment (the "Closing Date Excess"); provided, however, in no event shall Buyer be required to pay in total more than the Net Working Capital Cap plus twenty percent (20%) of any Closing Date Excess; or (ii) decreased by the amount by which the Net Working Capital calculated from the Closing Balance Sheet is less than the Net Working Capital calculated from the Interim Balance Sheet, plus the amount of any Interim Excess Payment; provided, however, in no event shall the Special Master receive less than the Net Working Capital Floor for the Net Working Capital. Schedule 1.7(b) is attached hereto for illustrative purposes.

(c) In addition to the delivery of the Closing Balance Sheet, Buyer shall deliver within one hundred fifty (150) days after the Closing a schedule to the Special Master detailing any Post-Closing Adjustments and setting forth the differences between the Purchase Price, as adjusted, and the amount of cash or otherwise immediately available funds paid by Buyer on the Closing Date.

(d) Should the Special Master dispute the Post-Closing Adjustments proposed by Buyer, including without limitation the value of Inventories or the accuracy of the Closing Balance Sheet, the Special Master shall promptly (and in no event later than thirty (30) days after receipt of the Closing Balance Sheet and the schedule of Post-Closing Adjustments) advise Buyer in writing of the disputed item(s) (the "Disputed Items"). If within forty-five (45) days after delivery of the Closing Balance Sheet, Buyer and the Special Master are unable to agree upon the amount of the Post-Closing Adjustments, the Special Master shall select and engage an independent third party accountant (the "Accountant") to review only the Disputed Items on the Closing Balance Sheet and the proposed Post-Closing Adjustments related to the Disputed Items and determine the amount thereof, such determinations to be made as soon as practicable. In making such review and determinations, the Accountant shall utilize the terms and provisions of this Agreement and, where not inconsistent with this Agreement, GAAP, consistently applied. The average of the determination by the Accountant and Buyer shall be binding on the Special Master and Buyer; provided, however, if the higher valuation exceeds the lower valuation by more than ten percent (10%) of the lower valuation, the Buyer and the Accountant shall choose another competent third party accountant who shall determine the actual value of the Disputed Items and such determination shall be binding on the parties. The Special Master shall bear the costs and expenses of the Accountant selected by the Special Master, and the parties shall share equally the costs and expenses of the accountant selected by the Buyer and the Accountant.

(e) Within thirty-five (35) days after the Special Master's receipt of the Closing Balance Sheet and the required schedule of Post-Closing Adjustments (or, if the Special Master disputes the Post-Closing Adjustments, within ten (10) days of the resolution or determination of the adjustment in accordance with Section 1.7(d)) and subject to the Net

Working Capital Cap and Net Working Capital Floor described in Section 1.7(b), (i) the Special Master shall pay Buyer in cash or in other immediately available funds the amount by which the amount of cash or otherwise immediately available funds paid by Buyer on the Closing Date exceeds the Purchase Price, as adjusted, or (ii) Buyer shall pay the Special Master in cash or in other immediately available funds the amount by which the amount paid by Buyer on the Closing Date is less than the Purchase Price, as adjusted.

(g) Each of the parties hereto shall reasonably cooperate and reasonably assist the other parties hereto and, if applicable, the applicable accountants in the preparation and review of the Closing Balance Sheet and schedule of Post-Closing Adjustments. Without limiting the generality of the foregoing, upon request (i) the Special Master shall make available during business hours (and after having received reasonable prior notice) Sellers' and the Landmark Entities' books, records, work papers and personnel related to the Business and (ii) Buyer shall make available during business hours (and after having received reasonable prior notice) its personnel and any records, books, or work papers acquired from Sellers in connection with the Business.

1.8 Taxes. Each Seller or Landmark Entity shall pay all Taxes, if any, applicable to such Seller or Landmark Entity, but not including any transfer taxes, fees or similar assessments resulting from the sale of the Assets pursuant hereto. Buyer shall pay (i) all Taxes, if any, applicable to Buyer; and (ii) all transfer taxes, fees or similar assessments resulting from the sale of the Assets pursuant hereto.

1.9 Tax Obligations. To the extent necessary to transfer Assets to Buyer free and clear of Liens and Liabilities, each of the Sellers and Landmark Entities shall be responsible for and shall pay or credit against the Purchase Price any Taxes arising or resulting from or in connection with its ownership and/or operation of the Assets for taxable periods (i) ending before the Effective Time or (ii) for those portions of a taxable period that begins prior to, but ends after the Effective Time. To the extent the Sellers or Landmark Entities paid Taxes with respect to the Assets prior to the Effective Time, for a taxable period that ends after the Effective Time, such Taxes shall be apportioned between the applicable Seller or Landmark Entity and the Buyer based upon (i) the number of days of such taxable period included in any tax period (or portion thereof) ending immediately before the Effective Time (the "Pre-Closing Tax Period") and (ii) the number of days of such taxable period included in any tax period (or portion thereof) beginning as of the Effective Time (the "Post-Closing Tax Period"). Buyer shall be responsible for and shall pay all Taxes in connection with the ownership of the Assets for taxable periods or portions thereof beginning as of the Effective Time.

1.10 Cooperation With Respect to Taxes.

(a) The party which has the primary obligation to do so under applicable law shall file any Tax Return that is required to be filed with respect to Taxes and shall pay the Taxes shown on such Tax Return and notify the other party in writing of such other party's share of the

Taxes for which it is responsible pursuant to this Agreement, if any, and the method in which such Taxes and share of Taxes were calculated. The party receiving the notice shall reimburse the paying party for the share of Taxes so paid within ten (10) calendar days after receipt of such notice.

(b) The parties to this Agreement shall reasonably cooperate, including without limitation during times of audit by taxing authorities and in preparation of Tax Returns, to avoid payment of duplicate or inappropriate Taxes, and each party shall furnish, at the reasonable request of the other, proof of payment of any such Taxes or any other documentation that is a prerequisite to avoiding payment of a duplicate or inappropriate Tax. Such cooperation shall include, without limitation, furnishing information regarding prior years' Tax Returns and related work papers, rulings and determinations by any tax authority.

1.11 Prorations and Utilities. Buyer, on the one hand, and the Sellers, on the other hand, shall prorate as of the Effective Time, current lease payments under the Assumed Leases, charges against the Real Property, power and utility charges and all other income and expenses which are normally prorated upon the sale of a going concern. As to power and utility charges, such amounts shall be prorated as of the Effective Time among the parties on the basis of an estimate of the amounts in accordance with GAAP and mutually agreed upon by Buyer and the Sellers. Any obligations described above that are not known at least three (3) business days prior to the Closing Date shall be similarly apportioned, subject to the above, and paid by the responsible party as soon as practicable after the Closing.

reasonable discretion. If Buyer chooses not to terminate this Agreement the schedules shall be accepted (the "Original Schedules").

13.8 Confidentiality. It is understood by the parties that any information provided by another party (the "Providing Party") concerning such Providing Party, obtained directly or indirectly, from the Providing Party in connection with transactions contemplated by this Agreement ("Confidential Information"), and the documents and instruments delivered to, a receiving party (the "Receiving Party") or its shareholders, members, managers, directors, Affiliates, officers, employees or agents of Receiving Party (collectively, "Agents") are of a confidential and proprietary nature. To the extent permitted by law, the Receiving Party agrees that it will and will use its reasonable best efforts to cause its Agents to maintain the confidentiality of all such information, documents or instruments acquired by or delivered to the Receiving Party and its Agents in connection with the negotiation of this Agreement or in compliance with the terms, conditions and covenants hereof and only to disclose such information, documents and instruments to such duly authorized persons as are necessary to effect the transactions contemplated hereby. Each party for itself and its Agents recognizes that any breach of this Section would result in irreparable harm to the Providing Party and the Providing Party's respective officers and Affiliates and that therefore either the Providing Party, or any of the Providing Party's respective officers and Affiliates shall be entitled to an injunction to prohibit any such breach by the Receiving Party and the Receiving Party's Agents in addition to all of their other legal and equitable remedies. Nothing in this Section shall prohibit the use of such Confidential Information, documents or information for such governmental filings as are required by law or governmental regulations or the disclosure of such Confidential Information if such disclosure is compelled by judicial or administrative process or, in the opinion of a party's counsel, other requirements of law. Notwithstanding anything contained herein, the parties acknowledge and understand that this Agreement and all Schedules thereto will be filed by the Special Master with the Court and will, at that time, become a matter of public record and will be the subject of public hearings. It is further understood and agreed that any such filings or hearings and any public discussions or releases regarding any such filings or hearings shall not constitute or be interpreted as a violation of this Section 13.8.

13.11 Tax Allocation. The parties agree that the allocation of the Purchase Price as determined by mutual agreement of the parties within 150 days after the Closing shall be used by them for all federal and state income tax purposes, and shall be set forth in a statement prepared in accordance with Section 1060 of the Code, which statement shall be prepared in a manner generally consistent with the form of Internal Revenue Service Form 8594. 13.17 Consented Assignment. Anything contained herein to the contrary notwithstanding, this Agreement shall not constitute an agreement to assign any claim, right, contract, license, lease, commitment, sales order or purchase order if an attempted assignment thereof without the consent of another party thereto would constitute a breach thereof or in any material way affect the rights of Sellers thereunder, unless such consent is obtained. If such consent is not obtained, or if an attempted assignment would be ineffective or would materially affect Sellers' rights thereunder so that Buyer would not in fact receive all such rights, Sellers shall cooperate in any reasonable arrangement designed to provide for Buyer the benefit under any such claims, rights, contracts, licenses, leases, commitments, sales orders or purchase orders, including, without limitation, enforcement, at no out-of-pocket cost to Sellers, of any and all rights of Sellers against the other party or parties thereto arising out of the breach or cancellation by such other party or otherwise.

13.18 Survival. All statements made by the parties hereto herein or in the Schedules or in any other financial statement, document, instrument, certificate, Exhibit or list delivered to each other hereunder by or on behalf of the parties hereto shall be deemed representations and warranties of the parties hereto regardless of any investigation made by or on behalf of Buyer. Furthermore, the representations, warranties, covenants and agreements made by the parties herein shall survive the Closing but shall expire nine (9) months after the Closing Date, (collectively, the "Survival Period"). Notwithstanding the foregoing, this Section 13.18 shall not provide third parties any benefit or longer period of time in which to assert a claim beyond that which is provided by the relevant statute of limitations.

13.19 Misdirected Payments, etc. In the event of a determination by any governmental or third-party payor that payments to Sellers, the Landmark Entities or the Hospital resulted in an overpayment or other determination that funds previously paid by any program or plan to Sellers, the Landmark Entities or the Hospital must be repaid, Sellers shall be responsible for repayment of said monies (or defense of such actions) if such overpayment or other repayment determination was for services rendered prior to the Effective Time and Buyer shall be responsible for repayment of said moneys (or defense of such actions) if such overpayment determined was for services rendered after the Effective Time.

13.20 No Third-Party Beneficiaries. The terms and provisions of this Agreement are intended solely for the benefit of Buyer and Sellers and their respective permitted successors or assigns, and it is not the intention of the parties to confer, and this Agreement shall not confer, third party beneficiary rights upon any other person.

As between or among the parties, no oral statements or prior written material not specifically included herein shall be of any force and effect; the parties specifically acknowledge that in entering into and executing this Agreement, the parties rely solely upon the representations and agreements contained in this Agreement and no others. No terms, conditions, warranties, or representations, other than those contained herein and no amendments or modifications hereto, shall be binding unless made in writing and signed by the party to be charged.

13.22 Counterparts. This Agreement may be executed in multiple originals or counterparts, each and all of which shall be deemed an original and all of which together shall constitute but one and the same instrument.

Purpose: It is important as a matter of public trust and for the well-being of the organization that persons who occupy positions of responsibility with the Rehabilitation Hospital of Rhode Island (RHRI) not use their positions for personal gain or compromise the interests of the organization as a result of a conflict of interest. RHRI has therefore adopted this policy to specify its requirements regarding conflicts of interest and to establish a mechanism for disclosure and resolution of conflicts and potential conflicts.

Policy: It is the policy of RHRI that Designated Persons, as defined in this policy, must disclose conflicts and potential conflicts and refrain from engaging in conduct or maintaining interests that conflict with the interests of RHRI

Designated Persons Responsibilities Under this Policy:

It shall be the responsibility of all Designated Persons to disclose situations that may potentially give rise to a conflict of interest. Designated Persons must update or complete a new conflict of interest disclosure statement if situations occur, resulting in a conflict that has not been previously disclosed. Administration:

This policy shall be administered as follows:

- Each Designated Person shall be required to provide Landmark with an initial disclosure statement and, if required, thereafter an annual statement attesting: (i) that the Designated Person has read and is familiar with the policy, and (ii) that neither the Designated Person nor, to the best of the Designated Person's knowledge, any family member, has in the past, is presently or plans to, engage in any activity which contravenes this policy.

EXHIBIT 16(a)

Conflict of Interest: System Leaders

Policy Number: Compliance 09-07

Policy Date: September 2009

Policy Statement

Steward Health Care System ("System") leaders must take official actions in good faith, in the best interest of the organization, and free from influence by their own or their family's personal interests.

The purpose of this Conflict of Interest Policy is to inform System leaders of their obligations to disclose relevant outside interests to the Compliance Department and to other leaders; and to prohibit them from making any decisions or from participating in any deliberative process which could impact or appear to impact those interests.

Applicability

This policy applies to all individuals with a leadership role in Steward Health Care System ("System Leaders").

For purposes of this policy, System Leaders include members of the governing boards of any System entity; System senior managers down to and including Vice Presidents; Department Chairs; Medical Staff Presidents; and any other individual so designated in writing by the System Chief Executive Officer, General Counsel or Chief Compliance Officer.

Procedure

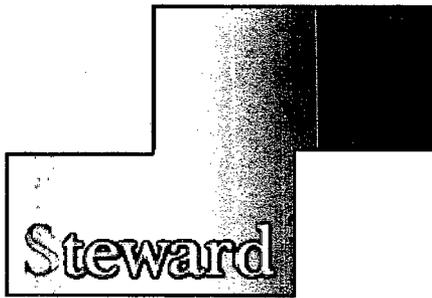

1. All System Leaders must disclose their own outside interests and the outside interests of their immediate family members on a form maintained by the Compliance Department, at least once annually and within 3 business days of any material change.
2. Any System Leader whose outside interests are determined to be inherently incompatible with his or her position at Steward Health Care System will be given 60 days to either divest the interest or resign his or her position. The determination of "inherent incompatibility" will be made by the Chairman of the applicable governing board; the System Chief Executive Officer; or by the President or Executive Director of the applicable entity, as appropriate; with guidance from the Chief Compliance Officer or designee.
3. System Leaders may not make any administrative decisions or take any official actions that impact or appear to impact their own outside interests. System Leaders who discover that their job responsibilities might include the need to make such a decision or to take such

an action must immediately inform their supervisor and the Chief Compliance Officer, and decline further participation in the matter.

4. Whenever System Leaders are considering whether a Steward entity should enter into an arrangement which may affect another System Leaders' outside interest, the affected System Leader shall decline to participate in the deliberations, citing his or her outside interest.
5. System Leaders may, after due diligence and consideration of all viable alternatives, determine that a Steward entity will enter into an arrangement affecting another System Leader's outside interest only if:
 - a. the affected System Leader is not part of the deliberation process;
 - b. the proposed arrangement is in the best interest of System;
 - c. there is no equally or more advantageous alternative; and
 - d. the System Leaders document in writing the facts and analysis leading to this determination.
6. Individuals who violate this Policy will be subject to appropriate disciplinary action, up to and including the termination of employment or other position within the System.

PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant. :

SPECIAL MASTER'S THIRTEENTH INTERIM REPORT
AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately fifteen to thirty (15-30) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. Originally, your Special Master, members of his administrative team and/or representatives of PwC, maintained a five (5) day-a-week, three (3) to six (6) hour per day,

presence at Landmark. As has been previously reported, sensitive to the expenses associated with the administration of the Estate your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. As has been previously reported to this Court, on or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your

Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise." This issue remains open.

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of all other previously interested potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order, your Special Master continues to engage in substantial and regular discussions and negotiations with Caritas in an effort to refine acceptable terms of a strategic alliance partnership with Caritas. Your Special Master continues to provide regular updates to this Honorable Court with respect to the status of these discussions and negotiations. In addition to those regular updates, as the Court is aware, your Special Master has participated in numerous meetings and conferences with the Court, Caritas, the Office of the RI Attorney General and the Office of the RI Department of Health to discuss and communicate the multitude of impact issues involved in negotiating and completing this transaction.

15. As the Court is aware, your Special Master's efforts have resulted in the negotiation of a one (1) year Management Advisory Agreement, subject to this Court's approval, between Caritas and the Special Master. Under the proposed Management Advisory Agreement, Caritas, within the Mastership proceeding and with this Court's and the Special Master's

oversight, will advise and provide consultation services to Landmark regarding the day-to-day operations of Landmark. During the term of the Management Advisory Agreement the Special Master and Caritas will continue to work to finalize the terms of the acquisition agreement that they have been negotiating since the entry of the Caritas Order. Copies of the Management Advisory Agreement and the Special Master's Petition to Confirm & Ratify Execution of the Management Advisory Agreement were filed with the Court and provided to all counsel of record.

16. On or about March 5, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Twelfth Interim Report and Request for Fees (the "Twelfth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh and Twelfth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

17. At the conclusion of the Hearing on the Twelfth Report, this Honorable Court accepted the Twelfth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

18. On or about March 26, 2010, the Court held hearings on Transition Healthcare's "Motion for Scheduling Order", the Special Master's "Petition to Confirm & Ratify Execution of the Management Advisory Agreement", the Rhode Island Attorney General's "Motion for Continuance" and related responses/objections from other interested parties.¹ Following lengthy

¹ The Transition Healthcare Motion and the Special Master's Petition were continued from the original scheduled hearing date of March 24, 2010.

discussions and presentations to the Court by numerous interested parties regarding each of the pleadings, the Court continued the hearings until 2:00 p.m. on April 14, 2010.

19. As stated above, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health, regarding, among other matters, cash flow, issues and progress relative to the discussions/negotiations with Caritas.

20. In addition to the above, your Special Master continues to attend numerous hearings and conferences relating to various pre-mastership medical malpractice proceedings involving Landmark. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

21. To avoid termination and a gap in services and/or supplies, your Special Master worked diligently to renew and re-negotiate the terms of expiring contracts.² Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

² As has been previously reported to this Honorable Court, your Special Master recently arranged for the renewal of a number of insurance policies covering Landmark's operations, assets and employees, which were scheduled for termination. Your Special Master was able to renew these policies, with the same coverage limits as the previous year, at a cost savings of approximately Fifty Thousand and 00/100 (\$50,000.00) Dollars from the previous year.

22. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

23. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

24. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

25. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Twelfth Report, your Special Master held a cash balance of \$4,150,149. Since the filing of the Twelfth Report, your Special Master has had receipts totaling \$12,727,073 and disbursements totaling \$12,377,676, leaving cash on hand in the sum of \$4,499,546, all as set forth in the attached **Schedule of Receipts and Disbursements**.³

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant :

**SPECIAL MASTER'S FOURTEENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately fifteen to thirty (15-30) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. As has been previously reported, sensitive to the expenses associated with the administration of the Estate, your Special Master has significantly reduced his daily presence at

Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. As has been previously reported to this Court, on or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise." This issue remains open.

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of all other previously interested potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order, your Special Master continues to engage in substantial and regular discussions and negotiations with Caritas in an effort to refine acceptable terms of a strategic alliance partnership with Caritas. Your Special Master continues to provide regular updates to this Honorable Court with respect to the status of these discussions and negotiations. In addition to those regular updates, as the Court is aware, your Special Master has participated in numerous meetings and conferences with the Court, Caritas, the Office of the RI Attorney General and the Office of the RI Department of Health to discuss and communicate the multitude of impact issues involved in negotiating and completing this transaction.

15. As the Court is aware, your Special Master's efforts have resulted in the negotiation of a one (1) year Management Advisory Agreement, subject to this Court's approval, between Caritas and the Special Master. Under the proposed Management Advisory Agreement, Caritas, within the Mastership proceeding and with this Court's and the Special Master's oversight, will advise and provide consultation services to Landmark regarding the day-to-day operations of Landmark. During the term of the Management Advisory Agreement the Special Master and Caritas will continue to work to finalize the terms of the acquisition agreement that

they have been negotiating since the entry of the Caritas Order. Copies of the Management Advisory Agreement and the Special Master's Petition to Confirm & Ratify Execution of the Management Advisory Agreement were filed with the Court and provided to all counsel of record.

16. On or about June 22, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Thirteenth Interim Report and Request for Fees (the "Thirteenth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth and Thirteenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

17. At the conclusion of the Hearing on the Thirteenth Report, this Honorable Court accepted the Thirteenth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court has approved all fees as submitted to the Court, but has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports (the "Reserve Funds").

18. On or about March 26, 2010, the Court held hearings on Transition Healthcare's "Motion for Scheduling Order", the Special Master's "Petition to Confirm & Ratify Execution of the Management Advisory Agreement" (the "MAA Petition"), the Rhode Island Attorney General's "Motion for Continuance" and related responses/objections from other interested parties.¹ Following lengthy discussions and presentations to the Court by numerous interested parties regarding each of the pleadings, the Court continued the hearings until 2:00 p.m. on April 14, 2010.

¹The Transition Healthcare Motion and the Special Master's Petition were continued from the original scheduled hearing date of March 24, 2010.

19. Beginning on April 14, 2010, and for the next several days thereafter, the Court conducted numerous conferences, hearings and evidentiary hearings in connection with the MAA Petition. The MAA Petition was opposed by Transition Healthcare Company, LLC ("Transition") and Falcon Investors, LLC ("Falcon") and Radian Asset Assurance ("Radian"). Among the many issues raised during that series of day-long hearings, two (2) central issues raised to this Court: (a) should the Court deny the MAA Petition and vacate its September 2009 Order directing the Special Master to negotiate exclusively with Caritas Christi and direct the Special Master to open due diligence and "bidding" to Transition/Falcon and others and (b) to what extent, if any, should the Court consider the "public interest" in making that decision.

20. The several days of conferences and hearings were followed by the submission of multiple memorandum and supplemental memorandum on the issues from Transition/Falcon, Radian, Blue Cross Blue Shield of RI, US Bank and Trust, RI Health & Educational Building Corp, the RI Attorney General, the RI Department of Health, UNAAP and the Special Master. After consideration of the arguments and discussion of counsel, the testimony of the Special Master and the principal of Transition/Falcon, comments by community leaders and Landmark Medical Center employee unions and voluminous pages of memorandum filed by the various interested parties, the Court granted the MAA Petition with certain conditions. Among those conditions, this honorable Court arranged for bi-monthly conferences where the Special Master and/or Caritas would provide a status report on the progress under the MAA and their negotiations of a Purchase & Sale. In connection with the Purchase & Sale, the Court directed that an appropriate Purchase & Sale be submitted to the Court on or before July 24, 2010.

21. At the conclusion of the conferences and hearings regarding the MAA Petition, Radian and the Special Master engaged in substantial discussions regarding the possible settlement of the approximate \$12 million dollar Radian secured claim (the "Radian Claim"). During those discussions it was acknowledged that a settlement of the Radian Claim would also have significant impact on the claims and issues of US Bank and Trust and RI Health & Educational Building Corp and a potential impact on Blue Cross Blue Shield of RI. As a result, those parties significantly participated in the settlement discussions. At the conclusion of those lengthy negotiations and with the cooperation and assistance of all parties, the Special Master

and Radian agreed to terms of a settlement of the Radian Claim for \$5.4 million. However, in addition to this Court's approval, in order to effectuate that settlement the Special Master was required to obtain private loans totaling \$3.6 million dollars and settle the hospital license fee issue pending before the Court. Following much discussion, the Special Master was able to obtain acceptable lending terms and commitments from Caritas Christi (\$2 million) and CRB Holdings, LLC (\$1.6 million). Further, the Special Master with the cooperation of the RI Department of Health successfully negotiated a settlement of the license fee issue. On or about May 24, 2010, this Court entered Orders granting the Special Master's request to compromise and settle the Radian Claim, enter into post-petition financing with Caritas Christi and CRB Holdings, LLC and settle the Hospital License Fee issue for approximately \$1.8 million. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. 29. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). The sum of the Special Master's fees and expenses incurred through the identified time period total \$201,856.50. A copy of your Special

Master's Fourteenth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Fourteenth Interim Report and Request for Fees.

33. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive discussions with Caritas in an effort to negotiate an appropriate APA that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Fourteenth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a fourteenth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant :

SPECIAL MASTER'S FIFTEENTH INTERIM REPORT
AND REQUEST FOR FEES

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately fifteen to thirty (15-30) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Mater has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. As has been previously reported, sensitive to the expenses associated with the administration of the Estate, your Special Master has significantly reduced his daily presence at

Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise." This issue remains open.

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of all other previously interested potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order, your Special Master continues to engage in substantial and regular discussions and negotiations with Caritas in an effort to refine acceptable terms of a strategic alliance partnership with Caritas. Your Special Master continues to provide regular updates to this Honorable Court with respect to the status of these discussions and negotiations. In addition to those regular updates, as the Court is aware, your Special Master has participated in numerous meetings and conferences with the Court, Caritas, the Office of the RI Attorney General and the Office of the RI Department of Health to discuss and communicate the multitude of impact issues involved in negotiating and completing this transaction.

15. As the Court is aware, your Special Master's efforts resulted in the negotiation of a one (1) year Management Advisory Agreement between Caritas and the Special Master which was approved by this Court on or about May 24, 2010. Under the Management Advisory Agreement, Caritas, within the Mastership proceeding and with this Court's and the Special Master's oversight, will advise and provide consultation services to Landmark regarding the day-to-day operations of Landmark. To date, the advisory services provided to the Special Master have saved Landmark substantial sums in annual operating costs. In addition, the Special Master

and Caritas continue to work to finalize the terms of the acquisition agreement that they have been negotiating since the entry of the Caritas Order.

16. On or about July 23, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Fourteenth Interim Report and Request for Fees (the "Fourteenth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth and Fourteenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

17. At the conclusion of the Hearing on the Fourteenth Report, this Honorable Court accepted the Fourteenth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees subject to the following:

a. The Special Master was directed to provide additional detail for those entries identified by the Rhode Island Attorney General and totaling \$9,022.00 (the "Entries") to the Court and the Attorney General;

b. The Special Master is permitted to seek to have the fees associated with the Entries reimbursed in connection with the Fifteenth Interim Report or at a subsequent report;

c. The Special Master is hereby directed to pay himself an amount equal to ninety (90%) percent of the Fees less the Entries; and,

d. The balance of the Fees less the Entries representing ten (10%) percent of the Fees less the Entries was ordered to be held in reserve along with those previously designated reserve fees until further order of the Court.

18. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Fourteenth Report, has approved all of the Special Master's fees associated with the Fourteenth Report. Also, as indicated previously, the Court has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five

(25%) percent of each of the Special Master's first four (4) Interim Reports and ten percent (10%) of the Fourteenth Report (the "Reserve Funds").

19. On or about June 9, 2010, RI PET Services, LLC ("RIPET") filed a Motion to Compel Enforcement of an Operating Agreement of which Landmark is a one percent (1%) member. The Court held a conference on the matter and the parties have meet to discuss possible resolution. On or about July 15, 2010, the Court conducted an initial status conference on this issue. At the conclusion of the status conference the Court held a formal hearing on the issue where the Court listened to arguments from RIPET and the Special Master and general information regarding the Certificate of Need ("CoN") process from DoH. On or about July 23, 2010, the Court advised RIPET, the Special Master and all other interested parties that the Court was going to defer its decision on the issue and would advise counsel as to when the Court would issue a ruling on the issue. Your Special Master has since been advised that the DoH is considering scheduling formal hearings on the Landmark PET CoN for the early to middle portion of September 2010.

20. On or about July 21, 2010, this honorable Court held a hearing on the Special Master's "Emergency Motion for Extension of Deadline to File Executed Asset Purchase Agreement in Connection with Management Advisory Agreement and Order Entered May 25, 2010" (the "Motion"). In the Motion the Special Master requested that the Court extend the deadline to file an executed Asset Purchase Agreement ("APA") from July 24, 2010 for an indefinite period of time in order to permit the Special Master and Caritas to address and resolve at least two (2) critical, threshold issues that Caritas indicated it would need resolved before it would execute an APA. The Court held a hearing and considered correspondence to the Court from DoH and oral arguments and comments from the Special Master, the AG, DoH and Blue Cross Blue Shield of RI ("BCBS"). At the conclusion of the hearing, the Court continued the matter until August 10, 2010, and entered an Order requiring the Special Master to prepare and/or produce certain financial and related data to the AG, DoH and, to a more limited extent, BCBS (the "Extension Order"). On or before August 4, 2010, the Special Master forwarded essentially all the information required under the Extension Order.

21. On or about August 10, 2010, the Court held a hearing on the continued Motion. After consideration of the discussion and arguments of the Special Master, the AG, the DoH and counsel to BCBS the Court ordered the following:

a. that the Special Master and Caritas execute an Asset Purchase Agreement ("APA") on or before August 27, 2010; and

b. that the contingencies to the APA be drafted in an objective way so that an unrelated third party can easily determine whether or not the condition has been met; and

c. that any and all contingencies to the APA, excluding those related to regulatory approval, be satisfied or waived on or before September 27, 2010; and

d. that the Special Master, no later than close of business Friday, August 13, is directed to provide a full and detailed plan as to how a due diligence data room would be set up, including the cost and methodology for said data room.

22. As required by the Court, the Special Master filed a Detailed Plan Regarding Implementation of Due Diligence Virtual Data Room. Copies of the Data Room Plan were also provided to the AG, DoH and BCBS.

23. The Special Master continues to work with Caritas towards finalizing an acceptable APA. In addition, your Special Master continues to meet regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health, regarding, among other matters, cash flow, issues and progress relative to the discussions/negotiations with Caritas. Your Special Master and, when requested to be in attendance, Caritas Christi has participated in the bi-monthly status conferences required by the Court providing progress and detail of Caritas Christi's assistance under the MAA and the Special Master and Caritas Christi's negotiation of an acceptable P&S.

24. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has

participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

25. To avoid termination and a gap in services and/or supplies, your Special Master worked diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

26. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

27. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

28. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

29. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Fourteenth Report, your Special Master held a cash balance of \$3,775,496. Since the filing of the Fourteenth Report, your Special Master has had receipts totaling \$17,326,382 and disbursements totaling \$16,106,247, leaving cash on hand in the sum of \$4,995,631, all as set forth in the attached Schedule of Receipts and Disbursements.¹

30. In connection with this Fifteenth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from May 1, 2010 through May 31, 2010. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$141,534.00. A copy of your Special Master's Fifteenth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Fifteenth Interim Report and Request for Fees. Your Special Master is also seeking reimbursement of the approximate \$9,022 deferred from the hearing on the Fourteenth Interim Report pending the Special Master's submission of more detail regarding those time entries identified by the AG.

31. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive discussions with Caritas in an effort to negotiate an appropriate APA that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made

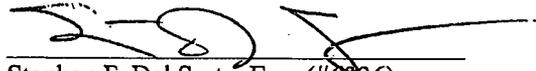

¹ Please note that the cash-on-hand does not include the funds held in escrow relative to: (1) the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$623,972) and (2) the agreement between the Special Master and Blue Cross and Blue Shield of Rhode Island (\$176,786).

against pre-mastership employee and patient debts, as of the filing of this Fifteenth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a fifteenth interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

Respectfully submitted,

PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S SIXTEENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents
Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately fifteen to thirty (15-30) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care

experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. As has been previously reported, sensitive to the expenses associated with the administration of the Estate, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise." This issue remains open.

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's ability to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: ~~(1) granted the Emergency Petition; (2) authorized your Special Master to enter into and entertain exclusive negotiations with Caritas to the exclusion of any and all other potential partners of~~

Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order and as described with more particularity in paragraph 19 herein, the Special Master has successfully negotiated an Asset Purchase Agreement with Caritas (the "APA") and on or about August 27, 2010 your Special Master filed that APA with the Court. Since the filing of the APA certain interested parties identified issues to the Special Master which prompted your Special Master to, in essence, "reopen" negotiations with Caritas regarding provisions of the APA. Your Special Master continues to provide regular updates to this Honorable Court with respect to the status of these discussions and negotiations. In addition to those regular updates, as the Court is aware, your Special Master has participated in numerous meetings, conferences and discussions with the Court, Caritas, the Office of the RI Attorney General and/or the Office of the RI Department of Health to discuss and communicate the multitude of impact issues involved in negotiating and completing this transaction.

15. As the Court is aware, your Special Master negotiated and this Court approved on or about May 24, 2010 the execution of a one (1) year Management Advisory Agreement between Caritas and the Special Master ("MAA"). Under the MAA, Caritas, within the Mastership proceeding and with this Court's and the Special Master's oversight, has advised and provided consultation services to Landmark regarding the day-to-day operations of Landmark. Caritas has developed and shared with the Special Master an operations model developed as a result of Caritas's review and evaluation of Landmark's books, records and operations which, once fully implemented, is expected to result in substantial annual cost savings to Landmark. The Special Master, the Landmark administrative team and the Special Master's team have commenced implementation of that model. Beyond the development of that model, to date, the advisory services provided to the Special Master by Caritas under the MAA have already saved Landmark substantial sums in annual operating costs.

16. On or about August 27, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Fifteenth Interim Report and Request for Fees (the "Fifteenth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, and Fifteenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

17. At the conclusion of the Hearing on the Fifteenth Report, this Honorable Court accepted the Fifteenth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's request for fees subject to the following:

a. The Special Master was directed to provide additional detail for those entries identified by the Rhode Island Attorney General and totaling \$6,244.50 (the "Entries") to the Court and the Attorney General;

b. The Special Master is hereby directed to pay himself an amount equal to ninety (90%) percent of the Fees less the Entries; and,

c. The balance of the Fees less the Entries representing ten (10%) percent of the Fees less the Entries was ordered to be held in reserve along with those previously designated reserve fees until further order of the Court.

18. In accordance with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Fifteenth Report, has approved all of the Special Master's fees associated with the Fifteenth Report. Also, as indicated previously, the Court has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports and ten percent (10%) of the Fourteenth and Fifteenth Reports (the "Reserve Funds").

19. Also on or about August 27, 2010, as stated above, in compliance with this Court's Order entered on or about August 10, 2010, your Special Master filed an APA executed by the Special Master and Caritas with the Court, which the Court Ordered to be held under seal. The ~~Attorney General, the DoH, Blue Cross Blue Shield of RI ("BCBS"), and counsel to the Union of Nurses and Allied Professionals ("UNAP")~~ requested that the Court provide them with an

opportunity for review and comment on the APA. In accordance with those requests, the Special Master provided the Attorney General, the DoH, BCBS, and UNAP with copies of the APA to afford them with such opportunity. Following a thorough review, the Attorney General, the DoH, BCBS, and UNAP provided the Special Master with comment and suggestion regarding sections of the APA. The Special Master believed that the aforementioned concerns were appropriate and, with the Court's consent and approval, brought these issues to the attention of Caritas. The Special Master continues to address these concerns with Caritas and fully expects that a revised APA, which substantially satisfies the issues raised by the Attorney General, the DoH, BCBS, and UNAP, will be filed with court in the coming weeks.

20. Further, on or about August 27, 2010, after numerous discussions with RI PET Services, LLC ("RIPET") and Caritas, the Special Master contacted the DoH to withdraw Landmark Medical Center's Certificate of Need Application to provide PET/CT services (the "CoN") at its facilities. As a result of the withdrawal of the CoN, counsel to RIPET has entered a withdrawal of appearance with this Court and it is the Special Master's opinion and belief that the issues previously addressed to this Court by RIPET regarding the CoN have been resolved and rendered moot.

21. On or about September 27, 2010, your Special Master filed a Motion Requesting Amendment of Order Entered August 17, 2010 (the "Motion"). Specifically, the Special Master requested that the that this Court amend paragraph 4 of the Order entered August 17, 2010 which sets a deadline of the close of business on September 27, 2010 for the waiver or satisfaction of non-regulatory conditions set forth in the Asset Purchase Agreement executed by and between the Special Master and Caritas on or about August 27, 2010. On or about October 8, 2010, the Court held a hearing on the Motion. After consideration of the Motion, the Objection of BCBS, the Response of the Attorney General and argument and discussion presented to the Court by the Special Master, the Attorney General, the DoH and BCBS, the Court entered an Order granting the Special Master's Motion and docketed a hearing on the Special Master's Petition to Approve the Asset Purchase Agreement for November 1, 2010.

22. As this Court is aware, the Special Master's Petition to Approve the Asset Purchase Agreement has been scheduled for hearing on November 1, 2010 and in accordance with this Court's Order entered on or about October 8, 2010, the revised APA will be filed with the Court and notice of at least fourteen (14) days will be given to all counsel of record, parties in interest and Landmark's

creditors known to the Special Master. In connection with the hearing on the Special Master's Petition to Approve the Asset Purchase Agreement, the Special Master will also seek an Order approving the Asset Purchase Agreement.

23. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health, regarding, among other matters, cash flow, issues and progress relative to the discussions/negotiations with Caritas. Your Special Master and, when requested to be in attendance, Caritas Christi have participated in the semi-monthly status conferences required by the Court providing progress and detail of Caritas Christi's assistance under the MAA and the Special Master and Caritas Christi's negotiation of an acceptable APA.

24. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

~~25. To avoid termination and a gap in services and/or supplies, your Special Master worked diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.~~

26. Recently your Special Master also arranged for the renewal of a number of ~~insurance policies covering Landmark's operations, assets and employees which were scheduled~~

for termination on September 30, 2010. With the assistance of Keough & Kirby Associates, Inc., your Special Master was able to obtain renewals for all terminating policies with the same coverage limits at a cost savings of approximately \$180,000.00 from the previous year.

27. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 15-30 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

28. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

29. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

30. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Fifteenth Report, your Special Master held a cash balance of \$4,995,631. Since the filing of the Fifteenth Report, your Special Master has had receipts totaling \$15,258,193 and disbursements totaling \$7,653,685, leaving cash on hand in the sum of \$3,624,338, all as set forth in the attached Schedule of Receipts and Disbursements.¹

¹Please note that the cash on hand does not include the funds held in escrow relative to: (1) the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$623,972) and (2) the agreement between the Special Master and Blue-Cross and Blue-Shield of Rhode Island (\$176,786).

31. In connection with this Sixteenth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from June 1, 2010 through July 31, 2010. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$125,000.00. A copy of your Special Master's Sixteenth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Sixteenth Interim Report and Request for Fees.

32. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive discussions with Caritas in an effort to negotiate an appropriate APA that can be presented to this Court for consideration.

PROVIDENCE, S.C.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer
and Trustee,
Plaintiff

vs.

P.B. No: 08-4371

Landmark Medical Center,
Defendant

**SPECIAL MASTER'S SEVENTEENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");

- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of the Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care

experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. As has been previously reported, sensitive to the expenses associated with the administration of the Estate, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise."

This issue remains open.

13. As this Honorable Court is aware, on September 24, 2009, your Special Master attended a Hearing before this Honorable Court on the Special Master's Emergency Petition for Instructions (the "Emergency Petition"), seeking this Honorable Court's instruction regarding your Special Master's request for authorization to conduct exclusive negotiations with Caritas Christi Health Care ("Caritas") with respect to a potential strategic partnership between Landmark and Caritas. At the conclusion of the Hearing on the Emergency Petition, this Honorable Court entered an Order, which: (1) granted the Emergency Petition; (2) authorized your Special Master to, within his discretion, entertain exclusive negotiations with Caritas to the exclusion of any and all other

potential partners of Landmark; (3) directed your Special Master to continue to provide updates to this Court and to the applicable State of Rhode Island agencies and officials regarding the substance and status of those exclusive negotiations; and (4) directed that your Special Master provide this Court with an update as to the status of the exclusive negotiations with Caritas six (6) weeks from the date of the entry of the Caritas Order (as defined below), or at any other time that this Court deems necessary and appropriate (the "Caritas Order").

14. Since the entry of the Caritas Order and as described with more particularity in paragraph 16 herein, the Special Master had successfully negotiated an Asset Purchase Agreement with Caritas (the "APA") and on or about August 27, 2010 your Special Master filed that APA with the Court. Since the filing of that APA certain interested parties identified issues to the Special Master which prompted your Special Master to, in essence, "reopen" negotiations with Caritas regarding provisions of the APA. Your Special Master continues to provide regular updates to this Honorable Court with respect to the status of these discussions and negotiations. In addition to those regular updates, as the Court is aware, your Special Master has participated in numerous meetings, conferences and discussions with the Court, Caritas, the Office of the RI Attorney General and/or the Office of the RI Department of Health to discuss and communicate the multitude of impact issues involved in negotiating and completing this transaction.

15. As the Court is aware, your Special Master negotiated and this Court approved on or about May 24, 2010 the execution of a one (1) year Management Advisory Agreement between Caritas and the Special Master ("MAA"). Under the MAA, Caritas, within the Mastership proceeding and with this Court's and the Special Master's oversight, has advised and provided consultation services to Landmark regarding the day-to-day operations of Landmark. Caritas has developed and shared with the Special Master an operations model developed as a result of Caritas's review and evaluation of Landmark's books, records and operations which, once fully implemented, is expected to result in substantial annual cost savings to Landmark. The Special Master, the Landmark administrative team and the Special Master's team have commenced implementation of that model. Beyond the development of that model, to date, the advisory services provided to the Special Master by Caritas under the MAA have already saved Landmark substantial sums in annual operating costs.

16. On or about August 27, 2010, as stated above, in compliance with this Court's Order entered on or about August 10, 2010, your Special Master filed an APA executed by the Special Master and Caritas with the Court, which the Court Ordered to be held under seal. The Attorney General, the DoH, Blue Cross Blue Shield of RI ("BCBS"), and counsel to the Union of Nurses and Allied Professionals ("UNAP") requested that the Court provide them with an opportunity for review and comment on the APA. In accordance with those requests, the Special Master provided the Attorney General, the DoH, BCBS, and UNAP with copies of the APA to afford them with such opportunity. Following a thorough review, the Attorney General, the DoH, BCBS, and UNAP provided the Special Master with comment and suggestion regarding sections of the APA. The Special Master believed that the aforementioned concerns were appropriate and, with the Court's consent and approval, brought these issues to the attention of Caritas. It is important to note that neither the DoH nor Attorney General provided any comment or proposed revision to the business terms of the APA. Rather, all comments to the APA by the DoH and/or Attorney General were solely related to issues and/or language which could be construed or interpreted as limiting the DoH's and/or Attorney General's statutory review and regulatory obligations regarding this proposed transaction under Rhode Island law.

17. On or about October 22, 2010, your Special Master and BCBS entered into a Fifth Amendment to the Hospital Participation Agreement (the "Fifth Amendment") entered into between BCBS and LMC. The effect of the Fifth Amendment is to extend the LMC/BCBS Participation Agreement though April 30, 2011. The Special Master and BCBS are currently negotiating the terms of an Order ratifying the Special Master's execution of the Fifth Amendment and expect to have a form of Order to present to this Court on or before the hearing date on this 17th Interim Report.

18. On or about November 15, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Sixteenth Interim Report and Request for Fees (the "Sixteenth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, and Sixteenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

19. At the conclusion of the Hearing on the Sixteenth Report, this Honorable Court accepted the Sixteenth Report and approved, confirmed and ratified all the acts, doings and

disbursements of the Special Master as of that date. The Special Master's Request for Fees accrued during the period of June 1, 2010 through July 31, 2010, in the amount of \$122,067.25 (the "Fees") was approved. In addition, in accordance with a Consent Order agreed to by the Office of the Rhode Island Attorney General and the Special Master filed contemporaneously with the Sixteenth Report regarding the Attorney General's request for further clarification of certain time entries set forth in the invoices associated with the Special Master's Fourteenth and Fifteenth Interim Reports (the "Entries"), the Special Master was authorized to pay himself fifty percent (50%) of the fees associated with those Entries, specifically \$4,511.00 and \$3,122.25, in connection with the Fourteenth and Fifteenth Interim Reports, respectively. The sum of the Fees and the Entries totaled \$129,700.50 (the "Total Approved Fee") which the Special Master was directed to disburse as follows:

- a. The Special Master was directed to pay himself an amount equal to \$114,700.50 of the Total Approved Fee;
- b. The balance of the Total Approved Fee in the amount of \$15,000.00, shall be added to and held in reserve along with those previously designated reserve fees until further order of the Court.

20. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Sixteenth Report, approved all of the Special Master's fees associated with the Sixteenth Report. Also, as indicated previously, the Court has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports and ten percent (10%) of the Fourteenth and Fifteenth Reports and \$15,000.00 associated with the Sixteenth Report (the "Reserve Funds"). The total amount of the Reserve Funds currently totals \$140,209.28.

21. As this Court is aware, Landmark's continued operation during this Mastership proceeding would not be possible without the dedication and hard work of the approximate 1,200 employees of Landmark. During the administration of this Mastership, there have been numerous instances where that dedication and hard work have been shown and recently your Special Master was made aware of another such example. Your Special Master is pleased to advise the Court that during the past year, Landmark has been identified as one of the only Rhode Island hospitals that has

shown an increase in the total number of inpatient cases (not including newborns) ("Inpatient Cases"). The total number of Landmark Inpatient Cases for fiscal year 2010 increased four percent (4%) over its fiscal year 2009 Inpatient Cases. The fact that this increase has occurred during this difficult period in Landmark's history and during this country's severely difficult economic climate over the past few years makes the increase that much more impressive and the staff of Landmark should be commended for their commitment and efforts.

22. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or the Rhode Island Attorney General's Office and the Rhode Island Department of Health, regarding, among other matters, cash flow, issues and progress relative to the discussions/negotiations regarding the APA. Your Special Master and, when requested to be in attendance, Caritas Christi have participated in the semi-monthly status conferences required by the Court providing progress and detail of the Special Master's negotiation of an acceptable revised APA.

23. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

24. To avoid termination and a gap in services and/or supplies, your Special Master worked diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

25. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 10-20 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

26. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

27. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

28. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Sixteenth Report, your Special Master held a cash balance of \$3,624,338. Since the filing of the Sixteenth Report, your Special Master has had receipts totaling **\$15,843,553** and disbursements totaling **\$16,217,208**, leaving cash on hand in the sum of **\$3,250,683**, all as set forth in the attached **Schedule of Receipts and Disbursements**.¹

29. In connection with this Seventeenth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from August 1, 2010 through September, 2010. The sum of the Special Master's fees and

¹ Please note that the cash-on-hand does not include the funds held in escrow relative to: (1) the Rehabilitation Hospital of Rhode Island building and Medistar Agreement (\$623,972) and (2) the agreement between the Special Master and Blue Cross and Blue Shield of Rhode Island (\$176,786).

expenses incurred through the identified time period total approximately \$93,628.50. A copy of your Special Master's Seventeenth Interim fee invoice will be presented under separate cover to the Court for review in advance of the hearing on this Seventeenth Interim Report and Request for Fees.

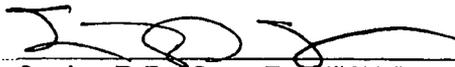

30. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations. In addition, your Special Master will continue his exclusive discussions with Caritas in an effort to negotiate an appropriate APA that can be presented to this Court for consideration.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Sixteenth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded a Sixteenth Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.

SUPERIOR COURT

Gary J. Gaube, Chief Executive Officer :
and Trustee, :
Plaintiff :

vs. :

P.B. No: 08-4371

Landmark Medical Center, :
Defendant :

**SPECIAL MASTER'S EIGHTEENTH INTERIM REPORT
AND REQUEST FOR FEES**

To the Honorable Superior Court for the County of Providence, respectfully represents Jonathan N. Savage, Esquire (the "Special Master"), as follows:

1. On or about June 26, 2008, your Special Master was appointed the Temporary Special Master of Defendant Landmark Medical Center ("Landmark"), thereafter duly qualified and subsequently acted as such Temporary Special Master under surety bond ordered by this Court in the amount of One Million and 00/100 (\$1,000,000.00) Dollars.

2. Subsequent to your Special Master's appointment and qualification as aforesaid, your Special Master took possession of Landmark's assets that were located at 115 Cass Avenue, Woonsocket, Rhode Island, where Landmark operates as a not-for-profit, community hospital (the "Main Hospital"). In addition to the Main Hospital, your Special Master took possession of and arranged for the preservation of Landmark's operations and assets conducted and located at numerous facilities. These related facilities are located at the following locations:

- a. 196 Cass Avenue, Woonsocket, Rhode Island (the "Business Office");
- b. 186 Cass Avenue, Woonsocket, Rhode Island (the "Heart Center");
- c. 206 Cass Avenue, Woonsocket, Rhode Island (the "Vacant Suite");
- d. 219 Cass Avenue, Woonsocket, Rhode Island (the "Medical Office Bldg");
- e. 20 Cumberland Hill Road, Woonsocket, Rhode Island (the "Drawing Station"); and
- f. 115 Cass Avenue, Suite 2, Woonsocket, Rhode Island (the "Oncology Practice").

3. Your Special Master arranged for continued insurance over Landmark's assets, operations and its employees, and arranged for security over Landmark's tangible assets and for protection of Landmark's financial books and records.

4. Your Special Master has communicated with over 2,800 creditors and other parties in interest relative to the aforescribed matters. Your Special Master continues to field approximately ten to twenty (10-20) calls per week and the exchange of written correspondence to and from numerous creditors, vendors and parties in interest. In addition, as had been previously reported to this Honorable Court, your Special Master has activated a dedicated electronic mail address (landmarkmaster@shslawfirm.com) (the "Email"). The Email has provided a direct and confidential means for creditors, employees, community members and other interested parties to ask questions, raise various issues and concerns and/or provide personal insight, commentary and suggestions. The Special Master has received and responded to hundreds of electronic mail inquiries sent to the Email. The information and input provided from all means of communication with parties interested and affected by this matter has been invaluable to the Special Master's oversight of Landmark.

5. With this Court's approval, your Special Master retained the services of Mr. Leo DeRouin, Jr., CPA, of Strategic Alliances, Ltd., to assist in his review of the books and records of Landmark, cash flow analysis and projections as well as Landmark's business operations.

6. Your Special Master, in accordance with the Order of this Honorable Court, forwarded Notice to all of Landmark's creditors known to the Special Master as to the initiation of the within proceeding and gave notice to said creditors of the Hearing on the Appointment of a Permanent Special Master.

7. On or about July 17, 2008, your Special Master attended said Hearing before this Honorable Court. After providing a status report to the Court, the Court continued the Hearing for one (1) week to allow it additional time to "interview" the various potential national health care experts that the Court was considering to assist the Special Master with his oversight of Landmark's operations.

8. On or about July 24, 2008, your Special Master attended the continued Hearing on the Appointment of Permanent Special Master. At the conclusion of the Hearing, the Court appointed your Special Master as the Permanent Special Master, thereafter duly qualified by posting

surety bond in the amount of One Million and 00/100 (\$1,000,000.00) Dollars, and has since that date acted as Permanent Special Master over Defendant. In addition, the Court advised that it was concluding negotiations with its choice of a national health care expert who would function as an advisor to the Court and the Special Master, but did not want to identify that party until such negotiations were completed.

9. On or about July 25, 2008, this Honorable Court entered an Order appointing your Special Master as the Permanent Special Master and designating Pricewaterhouse Coopers, LLP ("PwC") as the health care expert charged with assisting this Court and the Special Master with, among other things, the oversight of Landmark. In accordance with the terms of that Order, on or about August 6, 2008, your Special Master forwarded notice of the appointment of Permanent Special Master and Proof of Claim forms to all creditors and interested parties known to the Special Master. The bar date for filing a claim expired on November 24, 2008. The Special Master has received and reviewed over 250 claims and supporting documentation.

10. Since his appointment as Permanent Special Master, at the request of various creditors and interested parties, as well as at the direction of this Court, your Special Master, with the assistance of Strategic Alliances, Ltd., has prepared and circulated weekly cash reports to all counsel of record who have requested the same.

11. As has been previously reported, sensitive to the expenses associated with the administration of the Estate, your Special Master has significantly reduced his daily presence at Landmark and continues to rely more heavily on the Landmark executive staff to address typical, day-to-day operational issues. During those times when the Special Master is present on the Landmark campus, he and/or his team have continued to meet with members of the medical staff, physician staff, department directors, administration and business staff to discuss and/or resolve the numerous issues that arise during operations.

12. On or about August 31, 2009, your Special Master filed an Emergency Motion to Stay or Enjoin Arbitration Proceedings, which requested that this Honorable Court enter an Order staying or enjoining certain arbitration proceedings that had been initiated against the Special Master by the Northern Rhode Island United Nurses & Allied Professionals, Local 5056 (the "UNAP"), which were pending before the American Arbitration Association (the "AAA") and scheduled for Hearing (the "Emergency Motion"). On or about September 9, 2009, this Honorable Court held a

Hearing relative to the Emergency Motion, subsequent to which, the Special Master and UNAP agreed to enter into a Consent Order. The terms of the Consent Order were negotiated and said Consent Order was entered by this Court on or about September 29, 2009. Subsequent to the entry of the Consent Order, on or about November 19, 2009, your Special Master and UNAP entered into an Amended and Revised Consent Order (the "Amended Consent Order"), pursuant to which: (1) it was agreed that this Honorable Court, and not the AAA, will render a decision on UNAP's claim; (2) it was acknowledged that the parties had submitted an Agreed Statement of Facts on the Claim on October 2, 2009; (3) it was acknowledged that on November 18, 2009, the parties had submitted initial written memoranda setting forth their respective arguments as to how this Court should treat UNAP's claim (the "Initial Memoranda"); and (4) it was agreed that on or before December 11, 2009, your Special Master, UNAP, or any other interested party, may submit reply memoranda responding to the Initial Memoranda. Subsequent to the entry of the Amended Consent Order, by agreement of the parties and the consent of this Court, it was agreed that the deadline for which reply memoranda could be submitted in response to the Initial Memoranda would be extended until December 18, 2009. On or about December 18, 2009, your Special Master filed a "Reply Memorandum of Special Master in Opposition to UNAP's Claim for Payment of 2% Pay Raise." This issue remains open.

13. On or about December 16, 2010, your Special Master attended a Hearing before this Honorable Court on the Special Master's Seventeenth Interim Report and Request for Fees (the "Seventeenth Report"). Copies of the Special Master's First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, and Seventeenth Interim Reports (the "Interim Reports") have been filed with the Court and the Special Master relies on the information set forth in the Interim Reports and by reference incorporates each herein.

14. At the conclusion of the Hearing on the Seventeenth Report, this Honorable Court accepted the Seventeenth Report and approved, confirmed and ratified all the acts, doings and disbursements of the Special Master as of that date and approved the Special Master's Request for Fees, in the amount of \$93,328.50 (the "Fees"), subject to the following:

- a. The Special Master was directed to pay himself an amount equal to eighty percent (80%) of the Fees, specifically \$74,662.80;

b. The balance of the Fees in the amount of \$18,665.70, representing twenty percent (20%) of the Fees, was ordered to be held in reserve along with those previously designated reserve fees totaling \$140,209.28.

15. Consistent with the previous Orders entered by this Honorable Court relative to the Interim Reports, this Court, subject to the conditions and restrictions set forth in the Order approving the Seventeenth Report, approved all of the Special Master's Fees associated with the Seventeenth Report. Also, as indicated previously, the Court has directed the Special Master to continue to hold a reserve in an amount equal to approximately twenty (20%) to twenty five (25%) percent of each of the Special Master's first four (4) Interim Reports, ten percent (10%) of the Fourteenth and Fifteenth Reports, \$15,000.00 associated with the Sixteenth Report and twenty percent (20%) of the Seventeenth Report (the "Reserve Funds"). The total amount of the Reserve Funds currently totals \$158,874.98.

16. In or about December 2010, despite the good faith efforts of the Special Master and Caritas Christi Health Care ("Caritas") to negotiate a mutually acceptable asset purchase agreement and consummate a transaction for the acquisition of Landmark, it became evident that a transaction with Caritas would not occur. As a result and as more particularly described in paragraphs twenty one through twenty two (21-22) herein, the Special Master sought and this Court confirmed that the Management Advisory Agreement entered into between Caritas and your Special Master was no longer in full force and effect, that the exclusivity period with Caritas had concluded and the Special Master was authorized to re-commence marketing efforts targeted at other qualified prospective purchasers.

17. Following the breakdown in negotiations with Caritas, your Special Master consulted with Pricewaterhouse Coopers ("PwC"), the Court-appointed health care expert charged with assisting the Court and the Special Master with the oversight of Landmark, to determine the best strategy to proceed with the marketing of the business and assets of Landmark to qualified prospective purchasers. PwC suggested that the Special Master engage a hospital acquisition advisor and identified Nemzoff & Company, LLC, specifically Mr. Joshua Nemzoff ("Mr. Nemzoff") as one of the nation's top hospital acquisition advisors based upon Mr. Nemzoff's extensive knowledge and experience in hospital merger and acquisition services. After reviewing Mr. Nemzoff's credentials and meeting with Mr. Nemzoff, along with the Rhode Island Attorney General's Office (the

“Attorney General”) and Rhode Island Department of Health (the “DoH”), your Special Master engaged Mr. Nemzoff to, among other things, market the availability of Landmark’s assets and identify potential qualified bidders. To avoid any delay in identifying potential qualified bidders, your Special Master negotiated and executed an engagement letter, which among other things, outlined Mr. Nemzoff’s background in hospital merger and acquisition, the services to be provided and a proposed fee arrangement. Since the execution of the engagement letter, Mr. Nemzoff has identified approximately fourteen (14) potential bidders and qualified five (5) of those fourteen (14). On or about February 14, 2011, your Special Master filed a Petition to Hire Hospital Acquisition Advisor which requests that the Court enter an Order *nunc pro tunc* authorizing your Special Master to retain Nemzoff & Company, LLC to act as the hospital acquisition advisor. The Hearing on the Special Master’s Petition to Hire Hospital Acquisition Advisors is currently scheduled for March 7, 2011.

18. One of the potential bidders identified and qualified by Mr. Nemzoff was RegionalCare Hospital Partners, Inc. (“RCHP”). Almost immediately upon communicating the opportunity to purchase Landmark’s assets and business to RCHP, RCHP’s executive management, including its CEO Mr. Martin Rash, arranged to conduct a visit of Landmark’s facilities and informational meetings with the Special Master, Landmark’s executive staff and union representatives. This initial meeting was quickly followed-up with a second meeting. During the second visit with the Special Master, RCHP indicated its desire to pursue this opportunity more thoroughly and communicated general terms of an offer that it would be willing to present. Following that second visit and within one week’s time, the Special Master and RCHP negotiated terms of a non-binding Letter of Intent and Term Sheet (collectively the “LOI”) that would provide a blue print for an eventual asset purchase agreement between the parties. On or about February 15, 2011, subject to Court approval of the eventual asset purchase agreement, the Special Master and RCHP executed the LOI.

19. As stated above, in addition to RCHP, Mr. Nemzoff has identified other potential bidders. Many of those potential bidders have conducted or have scheduled visits of Landmark’s facilities and informational meetings with the Special Master and Landmark’s executive staff. Your Special Master and Landmark’s executive staff continue to accommodate the due diligence and meeting requests of all potential bidders.

20. In or about January 2011, your Special Master and Blue Cross & Blue Shield of Rhode Island ("BCBS") entered into a Sixth Amendment to the Hospital Participation Agreement (the "Sixth Amendment") entered into between BCBS and Landmark. The effect of the Sixth Amendment was to extend the Landmark/BCBS Participation Agreement though May 31, 2011. Subsequently, on or about February 24, 2011, your Special Master and BCBS entered into a Seventh Amendment to the Hospital Participation Agreement (the "Seventh Amendment") entered into between BCBS and Landmark. The effect of the Seventh Amendment is to extend the Landmark/BCBS Participation Agreement though July 31, 2011.

21. On or about January 25, 2011, your Special Master filed the Collective Motion of Rhode Island Department of Health, Rhode Island Office of the Attorney General and the Special Master (i) to Confirm Extinguishment of Management Services Agreements and Prior "Exclusivity Order," (ii) to Issue a Scheduling Order Setting Dates for Bidders to Submit Bids to Purchase Assets of Landmark Medical Center and Northern Rhode Island Rehab Management Associates, L.P., and (iii) to Issue a Scheduling Order to the Special Master to Submit Seller's Portion of Hospital Conversion Act Application to Regulators (the "Collective Motion"). Also on or about January 25, 2011, this Honorable Court entered an Order docketing the Collective Motion for Hearing on February 2, 2011 and authorizing notice for the Hearing on a shortened period of no less than seven (7) days. On or about February 2, 2011, this Honorable Court continued the Hearing relative to the Collective motion until February 9, 2011.

22. On or about February 9, 2011, this Honorable Court conducted the continued Hearing relative to the Collective Motion. Following the Hearing, on or about February 14, 2011, this Honorable Court entered an Order which (a) confirmed that the Management Advisory Agreement and the exclusivity period with Caritas had concluded and that the Special Master may negotiate with any potential purchasers of the assets and businesses of Landmark, (b) directed all potential purchasers qualified by Mr. Nemzoff for the purchase of the assets and business of Landmark to submit a bid to the Special Master no later than March 25, 2011, (c) directed the Special Master to file a Recommendation with the Court on or prior to April 1, 2011 disclosing which bid he recommends the Court approve, (d) scheduled a Hearing relative the Special Master's Recommendation for April 6, 2011 at 9:30 a.m., (e) directed the Special Master and the winning bidder to negotiate and execute an asset purchase agreement and for the Special to File a Motion to Approve Sale with the Court within fourteen (14) days from the date upon which the Court approves

the Special Master's Recommendation or chooses another winning bidder, (f) directed that a Hearing relative to the Special Master's Motion to Approve Sale occur within fourteen (14) days of the Special Master's filing of the same, (g) directed the Special Master to provide the Court, DoH, and Attorney General status reports of the bid process at the Court's regularly scheduled bi-weekly public status conferences or at such other dates and times as directed by the Court, (h) authorized and directed the Special Master to submit the seller's portion of the Hospital Conversion Act application (except those portions which require knowledge as to the identity of the purchaser) to the DoH and the Attorney General no later than March 17, 2011, and (i) authorized any party-in-interest to request informal status updates or other information regarding the bid process from the Special Master.

23. Also on or about February 9, 2011, your Special Master presented the Court with an *Ex Parte* Petition for Instructions (the "Petition") in which your Special Master requested authority to enter into a proposed Third Party Administration Agreement whereby Beacon Mutual Insurance Company ("Beacon") would continue to provide third party administration services to Landmark with respect to a certain worker's compensation claim for an injury allegedly occurring on November 17, 1998, while Landmark was self-insured. Following a chambers conference relative to the same, the Court entered an Order granting the Special Master's Petition and authorized the Special Master to enter the proposed Third Party Administration Agreement with Beacon.

24. Your Special Master continues to meet and/or engage in discussions regularly with this Honorable Court and/or Attorney General and the DoH, regarding, among other matters, cash flow issues and progress relative to the sale of the assets and business of Landmark. In addition, your Special Master has participated in the semi-monthly status conferences required by the Court providing progress and detail of the Special Master's efforts regarding the sale of the business and assets of Landmark. Further, your Special Master has provided the Court and other interested parties with weekly cash reports and cash projection reports.

25. Your Special Master and/or members of his team have also continued to attend/conduct regular meetings/discussions with State of Rhode Island agencies and officials and have continued to meet/communicate regularly with union officials and outsourced services representatives. In an effort to assure the community that Landmark continues to provide a high level of medical care and services during this Mastership proceeding, your Special Master has participated in various media interviews and has published various patient testimonials in the Providence Journal, the Woonsocket Call and the Valley Breeze. In addition, your Special Master

has communicated regularly with PwC representatives and regularly meets and/or participates in conferences with this Court.

26. To avoid termination and a gap in services and/or supplies, your Special Master worked diligently to renew and re-negotiate the terms of expiring contracts. Furthermore, your Special Master has negotiated the terms of many new contracts with vendors and third party medical service providers who maintain or provide oversight of various critical hospital services and activities to ensure the continued and uninterrupted operations of Landmark. Your Special Master also continues to recruit and fill various Landmark positions in order to maintain appropriate staffing levels at Landmark across all three of its shifts.

27. As had been regularly reported, one of the most time consuming and critical tasks that require daily attention from your Special Master or his team is related to Landmark vendors. While the majority of the 10-20 weekly phone calls received by the Special Master continue to come from current vendors of Landmark, the Special Master is happy to report that due to his efforts, the efforts of Mr. Leo DeRouin from Strategic Alliances, Ltd., and the exhaustive efforts of the Landmark finance, accounting and purchasing departments, the issues and concerns raised by critical vendors have substantially decreased and most calls now concern the continued maintenance regarding those vendors and accounts.

28. The pre-mastership accounts payable showing on the books and records of Landmark is approximately \$7,800,000 (to date, the amount of general, unsecured claims, as filed but not approved, total approximately \$7,300,000). During your Special Master's operations of Landmark, the Special Master has accrued outstanding business debts, on terms. In addition, your Special Master incurs an average weekly payroll of approximately \$850,000 with an additional \$100,000 paid on a bi-weekly basis.

29. Since the engagement of PwC, it has submitted regular invoices representing its fees and costs associated with its services provided to your Special Master. Currently, there are no outstanding invoices for PwC.

30. Your Special Master has been able to remain relatively current with respect to all appropriate administrative expenses. In connection with the administration of the within proceeding, as of the filing of the Seventeenth Report, your Special Master held a cash balance of \$3,250,683.

Since the filing of the Seventeenth Report, your Special Master has had receipts totaling \$21,047,259 and disbursements totaling \$21,928,310, leaving cash on hand in the sum of \$2,369,632, all as set forth in the attached Schedule of Receipts and Disbursements.¹

31. In connection with this Eighteenth Interim Report and Request for Fees, your Special Master is requesting that the Court authorize him to pay himself his fees and expenses incurred from October 1, 2010 through November 30, 2010. The sum of the Special Master's fees and expenses incurred through the identified time period total approximately \$75,000.00. A copy of your Special Master's Eighteenth Interim fee invoice will be presented under separate cover to the Court for review in advance of the Hearing on this Eighteenth Interim Report and Request for Fees.

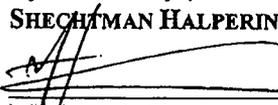

32. In light of the above, your Special Master recommends that he be authorized to continue Landmark's operations.

WHEREFORE, your Special Master prays that: (1) all of his acts, doings and disbursements as Temporary and Permanent Special Master, including all disbursements made against pre-mastership employee and patient debts, as of the filing of this Eighteenth Interim Report be approved, confirmed and ratified; (2) the Special Master be awarded an Eighteenth Interim allowance for his services as Temporary and Permanent Special Master herein, plus his expenses; and, (3) that this proceeding remain open pending final resolution of all the issues identified herein.
