vs. :
BRIAN S. ALLEN :

CONSENT AGREEMENT

This matter is before the Department of Health, Division of Emergency Medical Services (hereinafter "Department"), upon the matters contained in the application for licensure as an Emergency Medical Technician-Cardiac filed by Brian S. Allen (hereinafter "Respondent"). Specifically, information obtained in conjunction with the application filed by Respondent indicated that on 7 June 1994 Respondent did function as an Emergency Medical Technician in the State of Rhode Island without being licensed as same in accordance with the prevailing statutory and regulatory provisions. A conference was held between the parties on 20 July 1994 and it was agreed as follows:

1. That the Department shall grant the application for licensure filed by Respondent effective 7 August 1994, provided, however, Respondent shall serve at least a twenty-four (24) month period of probation subject to the terms and conditions set forth in this Consent Agreement.

2. That said probationary period shall commence upon Respondent's employment and/or performing services as an Emergency Medical Technician with a licensed emergency medical service and will abate for the duration of any period in which Respondent ceases to be employed and/or performs volunteer services as an Emergency Medical Technician.
3. That during the period of probation should Respondent fail to comply with the provisions of Chapter 23-4.1 and/or the "Rules and Regulations Relating to Emergency Medical Services", or any of the terms of this Consent Agreement, the Department shall initiate appropriate action with respect to respondent's licensure status.
4. That during the period of probation, Respondent's employers, including the Chief of the licensed ambulance service for which he is employed and/or serves as a volunteer, shall submit to the Department reports every six (6) months relating to Respondent's conduct and performance. That it shall be the responsibility of Respondent to have his employers submit said reports.
5. That during the period of probation should respondent change employment and/or volunteer service, he shall notify the Department forthwith of said change including the name and address of the new employers and/or licensed ambulance service and the reason for the change in employment.

6. That a copy of this Consent Agreement shall be forwarded by the Department to Respondent's current employer(s) and/or volunteer service and all future employer(s) and/or volunteer service during the period of probation.
7. That this Consent Agreement shall obviate the necessity for a hearing on the matters forming the basis for this Consent Agreement.
8. That at the expiration of the twenty-four (24) month period of probation, Respondent may apply to the Department for an unrestricted license as an Emergency Medical Technician.
