CONSENT ORDER

This matter is before the Department of Health, Division of Emergency Medical Services (hereinafter "Department"), upon the matters contained in the application for licensure as an Emergency Medical Technician filed by Nancy M. Boudreau, (hereinafter "Respondent"). Specifically, information obtained in conjunction with the application filed by Respondent indicated that on 2 February 2000, Respondent was found guilty of the crime of operating a motor vehicle while under the influence of liquor (DWI). Respondent was ordered to serve a two (2) year period of probation and lost her motor vehicle operator's license for a period of forty-five (45) days. Accordingly, it is agreed by the parties as follows:

1. That the Department shall grant the application for licensure filed by Respondent, provided, however, Respondent shall serve at least an eighteen (18) month period of probation subject to the terms and conditions set forth in this Consent Order.
2. That said probationary period shall commence upon execution of the Consent Order and will abate for the duration of any period in which Respondent ceases to be employed and/or performs volunteer services as an Emergency Medical Technician.

3. That Respondent shall submit to an evaluation by Stephen Simonian, M.D. and adhere to any treatment plan recommended by Stephen Simonian, M.D.. Respondent shall present evidence to the Department that she has been evaluated by Stephen Simonian, M.D. prior to the issuance of her license as an Emergency Medical Technician and that he affirms no clinical findings suggesting alcohol or substance abuse.
4. That during the period of probation Respondent shall notify the Department forthwith in the event that she is charged with any crime by any law enforcement agency in any jurisdiction. The Department reserves the right to take appropriate licensure action should Respondent be charged with a crime in any jurisdiction.
5. That during the period of probation should Respondent fail to comply with the provisions of Chapter 23-4.1 and/or the "Rules and Regulations Relating to Emergency Medical Services", or any of the terms of this Consent Order, the Department shall initiate appropriate action with respect to Respondent's licensure status.
6. That during the period of probation, Respondent's employers, including the Chief of the licensed Ambulance Service for which she is employed and/or serves as a volunteer, shall submit to the Department reports every six (6) months relating to Respondent's conduct and performance. That it shall be the responsibility of Respondent to have her employers submit said reports.
7. That during the period of probation should Respondent change employment and/or volunteer service, she shall notify the Department forthwith of said change

including the name and address of the new employers and/or licensed ambulance service and the reason for the change in employment.

8. That a copy of this Consent Order shall be forwarded by the Department to Respondent's current employer(s) and/or volunteer service and all future employer(s) and/or volunteer service during the period of probation.
9. That this Consent Order shall obviate the necessity for a hearing on the matters forming the basis for this Consent Order.
10. That at the expiration of the eighteen (18) month period of probation, Respondent may apply to the Department for a termination of the probation.
