This matter is before the Department of Health, Division of Emergency Medical Services (hereinafter "Department"), upon the matters contained in the application for licensure as an Emergency Medical Technician filed by Ronald B. Murley (hereinafter "Respondent"). Specifically, information obtained in conjunction with the application filed by Respondent indicated that in December 1989 he had plead nolo contendere to the offense of driving while intoxicated and, as a result, you were fined and had your motor vehicle license suspended for three (3) months and were required to perform ten (10) hours of community service. A conference was held between the parties on 7 August 1992 and it was agreed as follows:

1. That the Department shall grant the application for licensure filed by Respondent provided, however, Respondent shall serve at least a one (1) year period of probation subject to the terms and conditions set forth in this Consent Agreement.
2. That said probationary period shall commence upon Respondent's employment as an Emergency Medical Technician or affiliation with a service as a volunteer, and Respondent shall notify the Department of said

employment/or EMS affiliation and include the name and address of the employer and/or service.

3. That Respondent shall enter into and continue to adhere to the treatment and counseling program at Directions. Respondent shall present evidence to the Department that he has entered into such a treatment and counseling program at Directions prior to the issuance of his license as an Emergency Medical Technician.
4. That Respondent shall commence and continue such counseling and/or treatment for alcohol abuse as his counselor deems appropriate including, but not limited to, attendance at Alcoholic Anonymous meetings.
5. That Respondent waives confidentiality of his treatment and counseling and will direct Directions and/or other health care professional rendering him treatment and/or counseling to submit to the Department reports every three (3) months with respect to his progress in said program, treatment, and/or counseling including, but not limited to, counseling reports, urine and drug screening reports. That the waiver of confidentiality contained herein is limited to the submission of the reports required under this paragraph.
6. That during the period of probation Respondent shall notify the Department forthwith in the event that he is charged with any crime by any law enforcement agency in any jurisdiction. The Department reserves the right to

take appropriate licensure action should Respondent be charged with a crime in any jurisdiction.

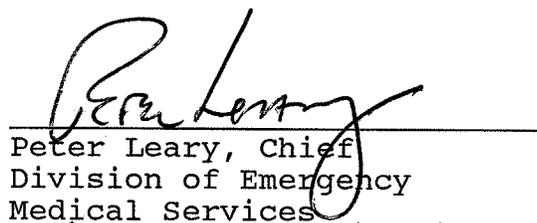

7. That during the period of probation should Respondent fail to comply with the provisions of Chapter 23-4.1 and/or the "Rules and Regulations Relating to Emergency Medical Services," or any of the terms of this Consent Agreement, the Department shall initiate appropriate action with respect to Respondent's licensure status.
8. That during the period of probation, Respondent's employers, including the Chief of the Ambulance Services for which he is employed and/or serves as a volunteer, shall submit to the Department reports every three (3) months relating to Respondent's conduct and performance. That it shall be the responsibility of Respondent to have his employers submit said reports.
9. That during the period of probation should Respondent change employment and/or volunteer service, he shall notify the Department forthwith of said change including the name and address of the new employers and/or service and the reason for the change in employment.
10. That a copy of this Consent Agreement shall be forwarded by the Department to Respondent's current employer(s) and/or volunteer service and all future employer(s) and/or volunteer service during the period of probation.

11. That this Consent Agreement shall obviate the necessity for a hearing on the matters forming the basis for this Consent Agreement.

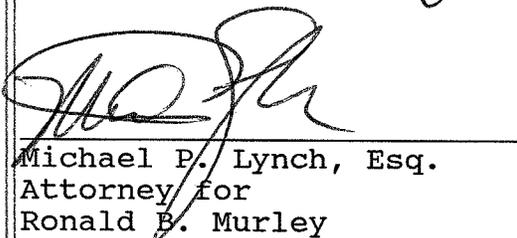

12. That at the expiration of the one (1) year period of probation, Respondent may apply to the Department for an unrestricted license as an Emergency Medical Technician.
