Pursuant to R.I. Gen. Laws §5-37-5.2, 1956, a notification was received by the Board of Medical Licensure and Discipline ("Board") regarding Daniel Collins, M.D. ("Respondent"). This matter was referred to an Investigating Committee of the board for review and recommendation. The following are findings of fact and conclusions of law:

**FINDINGS OF FACTS AND CONCLUSIONS OF LAW**

1. The Respondent is a physician born 5-31-1945 who has been licensed to practice medicine in Rhode Island since 1973. His primary area of practice is Family Medicine and Urgent Care. His practice, Pawtuxet Valley Urgent Care, is located at 982 Tiogue Avenue, Coventry, RI 02816 (the "Practice").

2. The Board received a complaint from the Rhode Island Board of Pharmacy ("BOP") after a site visit to assess the Respondent’s satisfaction of State and Federal requirements for the dispensing of medications, including controlled substances, to patients of the Practice. The complaint alleged that several violations were apparent during an October 2004 inspection: Failure to maintain a biennial inventory of medications [Title 21, CFR 1304.11 and RIGL 21-28-3.16(b)]; Failure to complete DEA Form 41 for drug destruction [Title 21, CFR 1307.21]; and Failure to maintain accurate records of controlled substances [RIGL 21-28-3.16(a)(4)].

3. The BOP conducted a repeat inspection in November 2005 and at that time concluded that Respondent had failed to adequately address and correct the previously identified deficiencies.

4. Based on the foregoing, the Board concludes that Respondent failed to conform to the minimal standards of acceptable and prevailing medical practice by failing to meet relevant State and Federal requirements for administration and dispensing of medications in violation of § 5-37-5.1(19, 26).
The parties agree as follows:

Respondent admits to the jurisdiction of the Board.

(1) Respondent hereby acknowledges and waives:
   a. **The right to appear personally or by counsel or both before the Board;**
   b. The right to produce witnesses and evidence in his behalf at a hearing;
   c. The right to cross examine witnesses;
   d. The right to have subpoenas issued by the Board;
   e. The right to further procedural steps except for specifically contained herein;
   f. Any and all rights of appeal of this Consent Order;
   g. Any objection to the fact that this Consent Order will be presented to the Board for consideration and review;
   h. Any objection to the fact that it will be necessary for the Board to become acquainted with all evidence pertaining to this matter in order to review adequately this Consent Order;
   i. Any objection to the fact that potential bias against the Respondent may occur as a result of the presentation of this Consent Order.

(2) Acceptance of this Consent Order constitutes an admission by the Respondent that the findings of fact were made by the Board.

(3) This Consent Order shall become part of the public record of this proceeding once it is accepted by all parties.

(4) Failure to comply with this Consent Order, when signed and accepted, shall subject the Respondent to further disciplinary action.

(5) Respondent hereby consents to a sanction of probation for three (3) years to begin with the ratification of this order.

(6) If Respondent continues to administer medications at his Practice, the Practice shall engage a pharmacy which shall provide the Practice with an emergency kit which shall contain medications that the Practice will administer. The pharmacy must agree to file biennial reports with the Board.

(7) Respondent agrees to pay an administrative fee of FIVE HUNDRED ($500.00) DOLLARS within 60 days of ratification of this Order.

Signed this 31st day of July, 2006.

Daniel Coffins, M.D.
Ratified by the Board of Medical Licensure and Discipline at a meeting held on
