**IN THE MATTER OF:  
RAZI HASAN, M.D.  
License Number MD 10462  
BMLD Complaint Number C10-164**

**CONSENT ORDER**

Razi Hasan, M.D. (hereinafter "Respondent") is licensed as a physician in Rhode Island. The Board of Medical Licensure and Discipline (hereinafter the "Board") through its investigating committee voted to find unprofessional conduct against Respondent due to a complaint filed by a parent of a minor child patient, and the Board makes the following:

**FINDINGS OF FACT**

1. Respondent is a licensed physician who has been licensed in Rhode Island since November 1, 2000, with a primary specialty of pediatrics and a secondary specialty in neurodevelopmental disabilities. He is currently employed at Sunshine Pediatrics at 790 North Main Street, Providence, Rhode Island. He has hospital privileges at Women and Infants' Hospital. He graduated from Dow Medical College in Pakistan in 1991.
2. In May 2009, Patient A, *alias*, a then-ten year old male, was referred to Respondent by another physician for consultation.

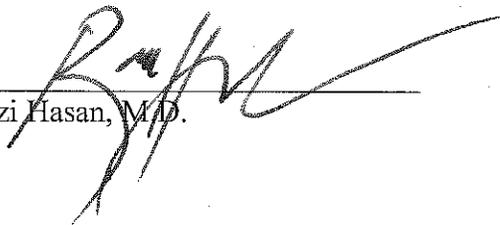

3. On October 16, 2009, Patient A's mother took him to Respondent for a follow-up appointment to check his symptoms and response to prescribed medication. During the visit the patient became uncooperative, and Respondent requested that the mother and her son leave the office. The patient began to act out and the Patient's mother reports that Respondent slapped the child's face, but Respondent asserts that he tapped the child's face. Respondent acknowledges that this type of intervention is never appropriate.
4. At the request of the Board, Respondent agreed to attend a medical professional evaluation course and the report of the results of that course were provided to the Board.
5. Respondent's actions constituted a civil violation of Rhode Island General Laws § 5-37-5.1(19) for failure to conform to the minimal standards of acceptable and prevailing medical practice in Respondent's area of expertise.

**Based on the foregoing, the parties agree as follows:**

1. Respondent admits to the jurisdiction of the Board.
2. Respondent has reviewed this Consent Order and understands that it is subject to final approval of the Board; and this Consent Order is not binding on Respondent until final ratification by the Board.
3. If ratified by the Board, Respondent hereby acknowledges and waives:

- a. The right to appear personally or by counsel or both before the Board;
  - b. The right to produce witnesses and evidence on his behalf at a hearing;
  - c. The right to cross examine witnesses;
  - d. The right to have subpoenas issued by the Board;
  - e. The right to further procedural steps except for those specifically contained herein;
  - f. Any and all rights of appeal of this Consent Order;
  - g. Any objection to the fact that this Consent Order will be presented to the Board for consideration and review.
3. Respondent hereby agrees to this Reprimand by the Board based on the findings above.
  4. Respondent agrees to have a Board-approved monitor perform a monthly quality assurance review of a random sample of ten patient records for a period of one (1) year, and to ensure that a monthly report by this monitor is submitted to the Board in a timely manner.
  5. Respondent agrees to submit to the Board as an administrative fee a check for \$1,000.00 made payable to the Rhode Island General Treasury.

Signed this 10 day of April, 2014.
