RELIEF OF SANCTION OF REPRIMAND

Name: BRENDA CORNELIO
License Type: Nursing Assistant
License Number: NA31319
Complaint #: C12-978

The Nursing Assistant Advisory Board (Board) considered this licensee's request to relieve a sanction of a reprimand that was placed on her Nursing Assistant License #NA31319. The ratified sanction, dated January 31, 2013 stipulates that this licensee must work in a supervised environment and is prohibited from providing home care.

After careful review and evaluation, the Board unanimously recommended that her Nursing Assistant license, #NA31319, be relieved of the sanction. The board concluded that Ms. Cornelio has satisfied the Board that her conduct when working as a Certified Nursing Assistant is and shall continue to be in adherence to RIGL§ 23-17.9 et seq. and the Rules and Regulations promulgated thereunder.
