**Address of this Store**

General Information:

Your Vendor Application or Re-application Agreement will not be processed if this WIC Price Survey Sheet is not properly completed and returned with the Application Packet.

**WIC FOOD PRICES MUST BE COMPETITIVE and they are your responsibility.**

- Your prices must be (and remain) competitive to qualify or continue as an authorized WIC Vendor. Being a WIC Vendor is voluntary and a privilege.
- Maximum WIC prices for your store are determined by:
  - $\frac{3}{4}$  The prices charged WIC by stores similar to your store(s)
  - $\frac{3}{4}$  The wholesale price of the food item
  - $\frac{3}{4}$  The statewide average cost of WIC items

**Submission of this WIC Price Sheet does not mean that the WIC Program accepts or approves any or all of your price(s).** Some items listed are not currently WIC Allowed Foods.

**How to Fill Out This Form**

- Complete the store identification information on the top of this form.
- Fill in your current selling price for all foods on the WIC Price Sheet available in your store at this time. If a product is currently on sale, please post the "regular" price, not the sale price
- If you have only one price for an item (for example, Welch's White Grape Juice, 12 oz. Concentrate size) enter that price in the "High" column.
- If an item has more than one price, (for example, you have several brands of American cheese with difference prices) enter the lowest price and the highest price.
- If you also have a special price for WIC enter it in the "WIC SPECIAL PRICE" column.
- An authorized store representative must sign and date the last page of this WIC Price Sheet.
- This price list will become part of your WIC Vendor Participation Agreement.
