

Temperature Log for Vaccines (Celsius)

Month/Year: _____

Days 1 - 15

Practice Name: _____

SSV Pin: _____

***Instructions:** Place an "X" in the box that corresponds with the temperature. The Too Warm/Too Cold zones represent unacceptable temperature ranges.

If the temperature recorded is in the Too Warm / Too Cold zone: 1. Store the vaccine under proper conditions as quickly as possible, 2. Call the vaccine manufacturer(s) to determine whether the potency of the vaccine(s) has been compromised, 3. Document the action taken on the "Vaccine Storage Troubleshooting Record" and forward a copy to the RIDOH at 401-222-3805 (Fax).
