

Do you have questions about HPV vaccination?

Ask the Experts at a Community Meeting

HPV is a common virus that can lead to cancer in boys and girls.

Rhode Island children are now required to start the HPV vaccine series before 7th grade.

A doctor and staff from the Rhode Island Department of Health will be present at 5 community meetings throughout the state to answer your questions about HPV vaccination, and Rhode Island's vaccination requirement for students.

Community meeting schedule:

Date	City/Town	Time	Location
8/5	Barrington	6:30 p.m. - 8:00 p.m.	Barrington Library 281 County Road
8/6	Providence	6:30 p.m. - 8:00 p.m.	Rhode Island Department of Health 3 Capitol Hill
8/11	Peace Dale	6:30 p.m. - 8:00 p.m.	Peace Dale Library 1057 Kingstown Road
8/12	East Greenwich	6:30 p.m. - 8:00 p.m.	East Greenwich Police Department 176 First Avenue
8/17	Cumberland	6:30 p.m. - 8:00 p.m.	Cumberland Public Library 1464 Diamond Hill Road
