Farmers' Market Checks and Fruit and Vegetable Checks

USDA is an Equal Opportunity Provider

How to use your WIC Farmers' Market Checks and Fruit and Vegetable Checks

FARMERS' MARKET CHECKS

Eligible WIC participants will receive (3) Farmers' Market Checks for the season that can be used from June - October.

You can purchase fresh, unprepared, locally grown fruits and vegetables, and fresh cut cooking herbs.

No change will be given. If your purchase is less than check value only the total amount purchased is entered on the check.

One Farmers' Market check cannot be split between farmers. Use one \$5.00 check for each farmer.

If you wish to purchase unauthorized WIC foods at the farmers' market, two separate transactions must be made.

Farmers' Market checks can ONLY be used toward purchases at Farmers' Markets.

FRUIT AND VEGETABLE CHECKS

You will receive monthly Fruit and Vegetable checks throughout the year based on eligibility.

No change will be given. If your purchase is less than check value, only the amount purchased is entered on the check.

Fruit & vegetable checks may be combined.

Paying the difference is allowed.

If you would like to purchase unauthorized WIC foods at the farmers' market, two separate transactions must be made.

Your fruit & vegetable checks can be used at WIC eligible Farmers' Markets and retail stores.

YOU MUST PRESENT YOUR ID FOLDER AND SIGN EACH CHECK AT THE TIME OF PURCHASE.
