

Early Intervention

Early Intervention is a program designed to help families support the growth and development of their infants and toddlers who are delayed in their development or have a diagnosed medical condition known to cause developmental delay.

When you call we will:

- Listen to your concerns and answer your questions;
- Evaluate your child at no cost to you;
- Provide you with information about the development of your child and make a plan for next steps.

Parents can call Early Intervention directly.

This program may be good for:

- Parents who have concerns about their child's development. It is for newborns until a child a turns three.
