

## Nurse-Family Partnership®

**This family visiting program provides free support to first-time moms until their children turn two.**

We will visit you at home or anywhere in your community.

**You can join if you:**

are going to be a first-time mom and are less than 28 weeks pregnant

**This program may be good for:**

- pregnant women who will be parenting for the first time

## What happens during a visit?

During your pregnancy, a trained nurse can answer questions you may have about childbirth and getting ready for your baby. After your baby is born, your nurse will visit you regularly and empower you to meet goals you set for yourself and your family.

“When I was pregnant, I felt I didn’t have anybody to lean on. I was so lucky to have a nurse like her.”

“Nurse-Family Partnership gave me a boost to my confidence and showed me that I could be a good parent to my daughter. I think it was the best thing I could have done.”

### To learn more or sign up:

- Talk to your family visitor, if you have one,
- Text “**baby**” to **444999**, or
- Call
