# Where can you be vaccinated against the flu?

## Doctors' offices

Children and adults in Rhode Island can be vaccinated against the flu by their doctors.

## Pharmacies

Adults can be vaccinated against the flu at pharmacies. Some pharmacies also vaccinate children who are 9 years of age and older.

## School and community vaccination clinics

Many school and community clinics are open to children and adults. **There is no out-of-pocket charge for a flu vaccination.** Health insurance is not required. However, people with insurance are asked to bring their insurance cards.

401-222-5960 / RI Relay 711
